

## Over The County

Genesee News: About the best sample of "strongarm" work we have seen in many a day is the glass front of the Dicus' drug store. Last Friday evening when Sam Lange got ready to go home he went to his big Chalmers car, which was standing in front of the Dicus drug store, got the crank, the battery being low, and gave it a twist. Bing! and it was all Sam could do to get out of the way of the machine, it seemed to be in such a hurry, and the first thing Sam knew the blooming thing had its nose sticking through one of the plate glass windows of the drug store. It happened to be in gear when he cranked it—and Sam "didn't know it was loaded."

Troy News: The council is planning to begin pumping water from the well into the mains about September 1, when the sprinkling season will be over, and the water from the reservoir will be used for street sprinkling only. With the opening of the school year it is necessary to supply good drinking water to students or run a chance of sickness, and good water must be on hand in plenty for the visitors at the fair. By pumping it into the mains early the movement of the water through the mains should cleanse them enough to avoid any possible contamination remaining from the water that was condemned during the summer.

Deary Press: In time it is going to be found that the clay deposits in the Deary section are the best of all. Some competent judges know already that they are, and it is only a question of time until this great resource of the Upper Potlatch country will be developed. Fine pottery can and will be made from the clays, a fact which has been shown by numerous scientific tests. The return to normalcy will bring with it the establishment of a clay products industry here, without doubt.

Julietta Record: According to reports coming in from the harvest fields on the ridges about Julietta, fine yields are being secured. A 25-acre tract of Red Russian on the Wm. Heimgartner place, is said to have yielded close to 60 bushels to the acre, and John Glenn had a 20-acre tract that threshed out better than 60 bushels. Julius Giese's crop is reported averaging 55 bushels. Frant Hoisington's crop went about 50 bushels to the acre. Louie Ogden, of Potlatch ridge, threshed out 527 sacks of spring Sonora Club from 42 acres and from 110 acres of Jenkins Club 1164 sacks, which is averaging 137 pounds to the sack. The Sonora has not been hauled yet but it will weigh heavier than the Jenkins club. This, Mr. Ogden considers, is pretty good owing to the fact that this is the third crop off of 55 acres and the second crop off the 55 acres of the 110 acres of Jenkins club.

Star-Mirror: Report from the equalization board was received by the county assessor, E. J. Gemmill, Monday morning. On account of certain counties hereby mentioned returning low assessments for which they were publicly published, there has had to be some raise in agricultural and irrigated lands in this county. This raise amounts to 15 per cent. The report in part follows:

Following the policy established two years ago the state board of equalization again reduced the tax levy for state purposes fixing it at 5.57 mills as against 7.50 for 1919 and 6.50 for 1920. This levy will raise approximately \$2,777,000 to meet state expense. It takes care of the ad valorem levy the legislature called for together with second third and fourth state highway redemption bonds general interest and sinking fund, public building and sinking fund. The levy is the lowest the state has enjoyed for some years.

Approximately \$4,500,000 more than the equalized valuation of 1920, or approximately \$500,000,000

## Larceny Charge Dismissed

Mrs. Edith Bleck, accused by her husband, Henry Bleck of Southwick, of taking from his safe \$250 in currency, 5 shares of stock in the Kendrick Rochdale Co., valued at \$100 a share, was haled before Judge Hattabaugh in the Justice court at Lewiston last Friday, and charged with grand larceny.

Mr. Bleck on discovering his loss notified Sheriff Welker in Lewiston. A complaint was sworn out against the woman and she was taken to Lewiston by Deputy Sheriff Bover, where she was placed under \$1,000 bond, but not being able to furnish them was given into the custody of the sheriff.

The following morning the case was dismissed by the Judge. The defendant demurred to the complaint, and the demurrer was sustained by the Judge, on the grounds that a man cannot prosecute his wife for grand larceny.

Tannahill and Leeper were attorneys for the defendant and Deputy Prosecuting Attorney, Ewing W. Stephens appeared for the state.

## Order Your Picnic Acid

County Agent Fletcher was in Kendrick and vicinity Wednesday taking orders for picnic acid, getting certified seed wheat and looking after weed eradication experiments.

Mr. Fletcher stated that anyone in Latah county who wishes to get picnic acid for blowing stumps should communicate with him at once as arrangements are almost completed for a carload of the explosive for this county. The shipment, however, will have to be delivered at Deary as the bulk of the carload will be used in that section of the county. Anyone from the Cedar Creek country might make arrangements to have a shipment brought over from Deary by auto truck.

The picnic acid costs 12 cents a pound, freight paid to Deary. The Government charges 6 cents and freight is approximately 5 cents and 1 cent allowed for incidental costs. Six cents a pound is due with the order and the remaining half of the payment due at time of delivery. The carload of explosive represents a shipment of 12 tons. A large part of this amount has already been ordered by people who have logged-off land in the Deary and Potlatch communities. If you are interested in securing any of this explosive, communicate with Mr. Fletcher at Moscow, immediately.

was the increase authorized by the board. The increase over the reported valuation of the state was estimated at \$10,000,000.

Increases in the valuation made by the board were made in agricultural and irrigated lands, residences and city, or county improvements. The increase in percentage on these in the various counties follow:

Agricultural and irrigated lands—Bear Lake, Benewah, Lincoln and Madison, 10 percent; Franklin, Fremont, Kootenai and Latah, 15 percent; Cassia and Twin Falls, 20 percent; Gooding and Minidoka, 40 percent.

Business lots and business blocks—Cassia, Canyon and Oneida, 10 percent; Caribou, Jerome and Franklin, 15 percent; Twin Falls, 20 percent; Madison, 25 percent; Gooding and Minidoka, 40 percent. Residence and city or county improvements—Cassia, Canyon and Oneida, 10 percent; Caribou, Jerome and Franklin, 15 percent; Twin Falls, 20 percent; Madison, 25 percent; Gooding and Minidoka, 40 percent.

The total valuation of the Northern Pacific railroad in Idaho as reported by the assessors was reduced \$135,560 to the assessed valuation of \$11,273,380. A reduction of \$28,000 was also made in the valuation of the Eastern Railway Power company, bringing the taxable valuation down to \$190,240. The Washington, Idaho & Montana road was given a decrease of \$46,000, bringing their figures down to \$552,480.

## Dr. Moser Injured

Dr. Moser had quite a serious auto accident according to the following report from Culldesac:

Dr. J. T. Moser, of Lewiston, is suffering from severe bruises and cuts about the face which he received when his car, in which he was returning to Lewiston, went through the railing on a bridge about one half mile north of here and dropped nine feet to the creek bed about eight o'clock Monday night.

Dr. Moser had brought to Culldesac his daughter, Mrs. G. S. Porter, and children, who had been visiting in Lewiston. He was returning, about 8 o'clock in the evening when the accident happened. It is not known what caused his car to swerve through the railing. Mr. Standage, who lives near the bridge, heard the crash accompanying the accident, and called town for help. Dr. Moser was brought here, and his wounds, which were found not to be serious, were dressed.

The report states that the car was badly smashed.

## Linden Items

Everyone is glad to hear the hum of the threshing machine these days.

Mrs. Sylvia Jenks is visiting friends and relatives on the ridge.

Miss Effie Shelby of Moscow spent a few days at the L. Alexander home.

The doctor was called for Gertrude Keeler last week. She was seriously ill but we are glad to state she is improving at this writing.

Miss Leah Smith is home after an absence of several months, most of which time was spent in the hospital at Moscow. After leaving the hospital she visited at the H. E. Faires home in Colfax, formerly of this place. From there she visited at the Cyrus Roberts home on American ridge returning home Sunday afternoon. The Messrs. Cyrus and Harold Roberts and Miss Helen came with her.

Mr. Cyrus Roberts called on Mr. Andrew Sunberg Sunday evening. They are old friends of thirty years standing.

John Carr is slowly improving at this writing.

Mrs. Kunes is visiting friends on the ridge.

Mr. D. McPhee and Miss Celia, were out from the Meadows several days last week.

Mrs. A. W. Longfellow and Mrs. Alba Longfellow visited at the Smith home Sunday afternoon.

Mrs. Sylvia Jenks, Mrs. Lou Alexander and children, Miss Effie Shelby, Mrs. D. McPhee and Fay Pippinger visited at the Smith home Tuesday afternoon.

## Big Bear Ridge

Miss Callie Bowers of Avon spent the first of the week with Mrs. Chas. Bowers.

Mrs. Tom Van Moulton and children of Genesee were recent visitors with her parents, Mr. and Mrs. W. M. Blendon.

John Halseth of Kendrick spent his vacation last week at the home of his brother, Ed.

T. H. Rognstad was a recent visitor here.

Preaching services at the Lutheran church Sunday, Aug. 28 at 3:30 p. m.

Gabriel Forest has purchased a new Dodge car.

Mr. Grondahl of Moscow was demonstrating the Cleveland car on the ridge Wednesday.

Miss Vanchie Newman has returned home from Culldesac, where she has spent several months.

Mrs. Emma Gladden has returned home from Clarkston, and is quite ill at the home of her daughter, Mrs. Ira Altig, near Deary.

While carrying part of a sack of wheat from the warehouse to his home Tuesday, John Halseth dislocated his shoulder. He doesn't know just how it happened and didn't know that the dislocation had occurred until he consulted Dr. Kelley the following morning. He is now carrying his arm in a sling and will have to be out of the store for a while.

## Clean-up Drive

The United States Government is instituting in the near future, a great Clean-up Drive among ex-service men, to carry out the following purposes:

"To advise all ex-service persons of their rights under the War Risk Insurance Act; to assist disabled ex-service persons in securing compensation, medical treatment and hospital care; to inform and assist all claimants regarding the procedure necessary in filing a claim for compensation and to assist those whose claims are pending, in securing final action where additional evidence is necessary to connect their disability with the service, or other data required by the Bureau of War Risk Insurance and to provide for immediate physical examination where necessary and promptly furnish hospitalization for urgent cases."

The drive will be carried out by the Government, the American Legion and the Red Cross, working together. It is expected that ex-service men and the general public will join in co-operating to get every claim before the clean-up squad when it arrives in their locality. It is the plan of the Department to send a squad consisting of a Medical Examiner, a Compensation and Insurance Claim Examiner and a secretary through the State to meet ex-service men who have any claim against the Government. Accompanying this squad will be a representative of the American Legion and the Red Cross. Mr. Frederick Erb of Weiser, Idaho has been appointed to represent the Legion on the clean-up drive. Claims will be settled by the squad as presented, and immediate action had from the Department at Washington. All Red Tape will be cut out. Every ex-service man and woman in the State, who has any claim against the Government can get it adjusted now. All disabled men will be re-examined and re-classified by the examiner upon application. Emergency treatment in hospitals will be granted when necessary. All examinations, advice and assistance will be free. Unsatisfactory adjustments of claims for compensation and insurance will be re-examined and changed if it is found that injustice has been done.

This work is of the utmost importance to ex-service men. I call upon every Legion Post in the State to do its utmost to further the work as outlined. Let every member take an active interest in seeing that every ex-service man with a claim gets in touch with the squad when it reaches their vicinity.

I also ask that newspapers give this matter the utmost publicity and that every civic organization lend its aid in every manner possible.

Further information will be sent out at once, and the public will be fully advised as to the itinerary of the squad.

We do not want any "hang over grouches" against the Government, so help out in this work.

ROBERT D. LEEPER, Commander of the Department of Idaho, American Legion.

## Completing Fine Barn

C. F. Byrne is finishing the construction of one of the finest barns in the Potlatch country. The dimensions of the structure are 36 by 50. It is located on the Byrne farm near Leland. A round roof is the outstanding feature of the new building. It affords an immense amount of mow room as there are no braces under this type of roof. The barn is practically completed except for painting and some of the interior work.

It is believed that the game laws in this section are being generally observed. Unconfirmed reports however, state there are a few who are not observing the law and are shooting grouse or pheasants before the season opens. This is a risky business and not very sportsmanlike.

## L. G. Peterson Married

Star-Mirror: A very pretty wedding was solemnized Saturday evening at the home of the bride's parents, Mr. and Mrs. Homer Sparks, when their daughter, Miss Edith Sparks became the bride of L. G. Peterson, the Rev. J. Orrin Gould officiated, using the beautiful and impressive ring ceremony. The bride wore a beautiful, white dress of crepe de chine and carried a bouquet of pink roses. After the ceremony a delicious supper was served. The dining room was decorated in pink and pink sweetpeas. Mr. Peterson is a graduate of the university of Idaho and is serving his second term as deputy sheriff under sheriff Woody. The bride is employed in the county auditor's office, and was for some time stenographer at the university.

They will make their home at 1010 South Harrison street on returning home from a trip to Spokane and the lakes.

## Lewis Family Reunion

Mrs. S. P. Callison returned the first of the week from Coeur d'Alene where she was present at a family reunion at the home of her parents, Mr. and Mrs. M. B. Lewis.

The reunion was held Sunday, which was the first time the members of the family had been together for a period of twenty years. Mrs. Fred Braden and daughter went from here Saturday to be present at the reunion.

Those present were Mr. and Mrs. M. B. Lewis, Mr. and Mrs. R. E. Lewis and daughter of Webster City Iowa; Mr. and Mrs. G. M. Lewis, Mrs. S. P. Callison, Mrs. Fred Braden and daughter.

Mrs. Callison stated that her brother, Guy Lewis has been quite ill for the past two weeks but is improving.

## Will Preach Here Sunday

Rey. J. W. Hoyt, Sunday school missionary for the Walla Walla Presbytery, will preach at the Presbyterian church Sunday, both morning and evening, according to announcements received from him Thursday. Everybody is cordially invited to attend the services.

## Haul Lumber Soon

Gus Farrington of Cedar Creek stated this week that he expected to start lumber hauling from his mill soon. He sawed over 200,000 feet this year and will market it through Kendrick as usual. He expects to install a planer at his sawmill and will sell surfaced lumber locally.

## Leland Items

This week will complete the threshing in this vicinity. A number of machines have already "pulled in."

Mrs. Julia Fleshman and children will leave for Kansas next Monday to visit Mrs. Fleshman's folks. They expect to be gone one year.

Mr. and Mrs. Yenni will bring their little son, Wayne, home this week from the hospital, where he has been for almost a month with a severe case of typhoid.

Mr. and Mrs. R. M. Smith and children visited the McGhee family over Sunday.

Mr. and Mrs. Albert Kuykendall, who have resided here since their marriage, three years ago, moved to Kendrick, Tuesday.

The show Tuesday evening is reported as being a "bum affair."

Miss Carrie LeBaron was in Leland Sunday visiting friends.

Mrs. Fox of Julietta visited over Sunday with her sisters, Mrs. Craig and Mrs. Black.

The upper warehouse of the Kendrick Rochdale Co. was wired this week for electric lights, so that it would be possible to work a night shift during the grain hauling season.

## Death of Walter Daggett

News was received here yesterday morning of the death of Walter E. Daggett, which occurred at Billingham, Wash., August 13. No particulars regarding his death have been received. The secretary of the Scottish Rite body at Lewiston received the message announcing the sad news, Wednesday evening. The following account taken from the Lewiston Tribune will be of interest to the many friends of Walter Daggett in this section:

On August 15th a news dispatch out from Seattle told of the mysterious disappearance of Mr. Daggett. He had a few days before that time purchased a cigar store at 1015 Third avenue, and after owning the business a day or so disposed of it. That was the last heard of Mr. Daggett alive by his family and his closest associates in Lewiston.

When it was known that Mr. Daggett was evidently ill, a representative of the Masonic lodges of Lewiston was sent to Seattle to try and locate him, being assisted by Masons of Seattle. Their search was unavailing, however. In Billingham at the time the death of Mr. Daggett was made known, Clyde Calvert was in that city, as a representative of the Masonic lodge, and arrangements were made to ship the body to Kendrick, for burial at Southwick, the family's former home.

Walter E. Daggett was well known all over the state and throughout eastern Washington. He was a resident of Southwick and of this city for many years. At one time Mr. Daggett conducted a general merchandise store at Southwick, disposing of this to remove to Lewiston. He was active in republican politics, and served Nez Perce county as assessor, deputy auditor under William Gifford, state land selector under Ben Bush and deputy sheriff under Porter Shafer. When Mr. Shafer's term expired Mr. Daggett was employed with the government for a brief period and then went to Seattle to engage in business, his stay in that city being of short duration, according to advices.

The deceased was a man of sterling qualities and with his pleasing personality attached to himself many staunch friends. The positions of trust he held were filled unflinchingly and with that business acumen that counts so much on the part of a servant to the people. He was active in Masonic circles and gave great attention to affairs connected with the Scottish Rite lodges. He was a member of the blue lodge of Masonry at Kendrick. Surviving are Mrs. Daggett, Miss Adeline Daggett and Walter Daggett, Jr., a daughter and son, and another daughter, Mrs. Charles Lasker, of Portland.

The body will be shipped to Kendrick from Spokane today and the funeral will be held at Southwick Saturday.

## Birthday Party

Last Sunday evening the N. B. Long home was the scene of a very pleasant surprise party, given in honor of Mrs. Long by her children. It was a birthday party and a happy one as all the members of the family were present, as well as a number of old friends of the family. Mrs. Long received a number of birthday presents which will serve as mementos of the happy occasion. At a late hour dainty refreshments were served to the following members and friends of the family: Mr. and Mrs. N. B. Long, Mr. and Mrs. H. P. Hull, Mr. and Mrs. Cecil Emmett, John Damarell, Miss Anna, Beulah, Tom and Marvin Long, Mrs. Davis, Mr. and Mrs. Jody Long and children, Mr. and Mrs. Edgar Long and son, Roy, and Helen Emmett.

The 39th annual Grand Lodge of Independent Order of Odd Fellows will meet at Lewiston, October 17. The meeting will extend over a period of four days.

**Kendrick Gazette**

Ralph B. Knepper, Publisher

Entered as second-class matter 1892 at Kendrick, Idaho, under the Act of Congress of March, 1879.

Subscription \$1.50 a year.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

A knock is as good as a boost, but if you have any knocks to send this paper, just substitute a dollar and a half instead.

"That's the guy I'm laying for," says the little red hen to the farmer. The farmer gets it from all sides.

The following paragraph was published in a Kansas paper: "Man from Idaho shipped in a car load of sheep. Struck an off market. After freight, yardage was deducted, and instead of having a check coming to him he owed several dollars. He replied to his statement of account with 'Haven't any money, can send more sheep.'"

"Kendrick has registered a kick in their local sheet alleging that the cubs will have to defeat them before they can claim the championship. This is all poppycock, and considering that Kendrick is a heavier and older team is most uncalled for. They have not met Imbler because Imbler refused to play a team that was not in their class. Kendrick had players from 18 to 24 years old. The Cubs have the championship rightfully and justly won. Enough said."

The above little composition is pure bunk and was evidently written by someone who is not at all familiar with the subject in hand. Probably it emanated from the pen of "Speaking Leaf" the pert paragrapher of Moscow's little daily. If so, we'll agree, "enough said."

It is to be hoped that more interest will center around the school this year than in any previous school term. It is too often the case that school matters are left entirely with the members of the board of trustees and to the teachers. If the school work is carried on smoothly and in a satisfactory manner, the patrons of the district take it as a matter of course. But if there is any friction, then the board is to blame or the teachers are at fault. The average citizen feels no individual responsibility toward the school but exercises the right to criticize the efforts of the board and teachers whenever they do not measure up to his ideal.

In the average town probably a large percent of the citizens could not name the members of the school board or give the list of teachers and the grades which they teach. Yet the school is one of the most important institutions of the community. Its management, financial condition and general welfare should be of the most vital interest to everyone.

It would be interesting to learn how many patrons of this district visited any of the classes either in the grades or high school last year. The showing would no doubt be very small indeed. And there is no reason to believe that there is a greater lack of interest here than in

the average school district. The coming school year can be made the best in the history of Kendrick school district if the patrons will co-operate with the members of the board and the teachers.

The 1st locomotive operated upon an American railroad, the DeWitt Clinton, after 76 years of inactivity, was recently "fired up" with cord wood hauled a train of 3 tiny coaches filled with young men and women, dressed in the fashions of 1831, along the Hudson river front of the New York Central. The pioneer engine weighs only 4 tons, looks like a small tractor beside a modern locomotive. With its coaches it will be shipped to Chicago for an exhibition illustrating the growth of railroading. The locomotive which will pull it weighs about 17 times the weight of the entire DeWitt Clinton train.

**METHODIST CHURCH.**

**Southwick News**

The Fred Lyons family spent the day with Dr. Baker and family, Tuesday. Mr. and Mrs. A. J. Anderson of Lewiston spent the first of

the week with the James Smith family, and from there went to their ranch near Cavendish.

The Charlie Hayward family, the Fred Lyons family and Alice Baker, drove to Clearwater Sunday, where they spent the day.

John Galloway and family, Mr. and Mrs. Dean Baker and Jesse Henderson, spent Sunday with James Smith and family.

Revival meetings are being held at the U. B. church. Everybody come.

**Works Railroad Miracle**

About six months ago Henry Ford bought a railroad which had been showing a consistent deficit and proceeded to reorganize it according to his own ideas of efficiency. Wages have been raised above the union scale, rates have been lowered, and will be lowered still further, and all records for quantity transportation over the line have been broken and the deficit has been turned into an operating profit of \$500,000. From an average despairing railway system, clamoring with the others for higher schedules and lower wages to stave off the bankruptcy that stared it in the face, Mr. Ford has transformed the Detroit, Toledo & Ironton into a prosperous concern, several times more useful to the country than it was before he touched it.

With this example in mind the taxpayer may be justified in wondering whether it was the "inefficiency of labor," of which the roads have so loudly complained, or the inefficiency of management that has brought them to the verge of insolvency. Perhaps the railroads need financial aid from the government less than they need five or six Henry Fords to run them intelligently.—New York World.

## FROM POLE BY WIRELESS PLAN

Capt. Roald Amundsen Hopes to  
Talk With World While  
Locked in Ice.

### WILL DRIFT PAST THE POLE

Believes Ocean Current Running  
Northeasterly From Cape Serdze  
Will Carry Him Past Pole and  
Into Atlantic Ocean.

Seattle, Wash.—From the remotest, most inaccessible spot on earth—the north pole—a wireless message will be flashed to the civilized world, if the plans of Capt. Roald Amundsen, discoverer of the south pole and famous arctic explorer, are carried out.

Captain Amundsen's schooner, "Maud," on which he hoped to drift past the pole with the ice floes, was disabled by a broken propeller off Cape Siberia, after he had spent two years in pushing around the eastward arctic passage from Norway. The explorer left his vessel and crew to await a break in the ice and proceeded to Nome, later coming to Seattle on a recent ship.

Will Install Wireless on Ship. The "Maud" has no wireless apparatus, but Captain Amundsen expects to install one when the craft is brought here some time this summer to be repaired and refitted. Captain Amundsen explained that his party had been cut off from communication with other human beings for two years, with but one break—his trip out to Nome last year.

"The war was in its most critical period when we left the world," he recalled, "and for months we speculated in vain on the course of events. It was December, 1919, more than a year after the signing of the armistice, that we met a Russian trader who told us what had happened. Then I determined we would carry wireless."

To Sail Next Summer. Captain Amundsen said he would spend the next year in the United States, probably most of it around Seattle, and would sail from this port next summer.

The last voyage tended only to confirm his previous theories about magnetic properties of the polar basin, the explorer affirmed. He expressed faith in his belief that an ocean current running northeasterly from Cape Serdze would carry him past the pole and eventually into the Atlantic ocean.

"It will take three years—perhaps longer," he predicted.

Captain Amundsen said that an important part of his equipment consisted of books, hundreds of them. "I read mostly fiction," he said.

The "Maud's" crew includes Dr. H. V. Sverdrup, a scientist; Oscar Wisting, G. Olonkin and seven natives. They left Norway in 1918 and remained buried in the ice 19 months.

### MEANT TOE FOR FISH BAIT

Man Adrift in Boat Off Nantucket, Mass., Was Going to Cut It Off When Rescued.

Rockland, Me.—After being adrift 12 days in a disabled motorboat, A. B. Tunning of Nantucket, Mass., was rescued by fishermen off the Island of Methun, 20 miles from here. He was much exhausted and nearly starved.

Tunning left Nantucket on July 13 to go to Plymouth in his motorboat to see the Pilgrim pageant. The engine became disabled off Nantucket and the 42-foot boat drifted to sea in a fog. The man had no nourishment except a little fruit, which he ate early that day, and no fresh water except that caught during occasional showers.

### LAY SLAYING TO GERMANS

Mexican Police Think General Kloss Killed for Telling War Secrets.

Mexico City.—The recent assassination in front of his home here of Gen. Maximiliano Kloss is now believed by the police to have been the work of a German, sent to Mexico to avenge the publication by Kloss of alleged German military secrets.

Kloss recently published a book on asphyxiating gas and it is said that a group in Germany decreed his death as the result.

General Kloss, during the Carranza regime, was head of the artillery department and had seen much active service.

### Returns to Wife Left Alone for 36 Years

Lem Wab, for 33 years an interpreter in New York city for the Canadian Pacific railroad, has left for China to spend the remaining days of his life with his wife, whom he left 36 years ago. He is seventy-two years old and has been pensioned by the railroad. Lem's position has been inherited by his son.

Other Brunswick Phonograph Factories—Muskegon, Mich.; Chicago, Ill.; Knoxville, Tenn.; Toronto, Canada

**The secret of such high-quality in the Brunswick Phonograph**

The Brunswick is a 100 per cent Brunswick product, not assembled. Parts are not bought here and there. Cabinets are not picked up from different builders.

Brunswick controls every process, every detail. From the raw wood to the final finishing, Brunswick decides the standards.

This accounts for the all-round goodness of The Brunswick—the freedom from flaws, the everlasting uniformity.

Brunswick is not dependent on fluctuating conditions outside. And need not make compromises. This is not a new policy. But it has been one of the old-time ideals of the House of Brunswick.

Since 1845 Brunswick has been building to meet the highest standards—no woodcrafting organization in the world is more famous.

In every Brunswick Phonograph we include the Brunswick idea of high quality. No instrument goes out without complete inspection.

### SUMMONS

In the Justice Court, Kendrick Precinct, Latah County, Idaho, H. P. Hull, Justice of the Peace,

N. B. Long & Sons, Plaintiffs,

vs.  
E. C. Young, defendant.

The State of Idaho sends greetings, to E. C. Young, the above named defendant.

You are hereby notified that a complaint has been filed against you in the Justice Court, Kendrick, Precinct, Latah County, Idaho, by the above named plaintiffs, of the nature and in general terms as follows:

To collect on a bill of goods, wares and merchandise sold and delivered to defendant between November 1st, 1920 and December 1st, 1920, to the amount of Fifty-seven dollars and thirty-eight cents (\$57.38), together with interest and costs of this action.

And you are hereby directed to appear and answer said complaint within twenty days of the service of this summons, if served within the county of Latah, State of Idaho, and within forty days if served elsewhere, and you are further notified that unless you so appear and answer said complaint within the time herein specified the plaintiffs will take judgment against you as prayed in said complaint.

Witness my hand this 12th day of August, A. D. 1921

H. P. Hull, Justice of the Peace, Kendrick Precinct, Latah County, Idaho. 33-5t

### Cured of Stomach Trouble and Constipation

Rachel Cribbley of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets" she says "that I procured a bottle of them at our drug store to try. A few days treatment convinced me that they were just what I needed. I continued their use for several weeks and they cured me."—Adv.

The Auctioneer

### J. F. Papineau Licensed Auctioneer

I make a specialty of Farm and Livestock Sales and can furnish the best of references. I always try to give both buyer and seller a square deal. Church and charity work gladly done free. Call me at my expense or make dates at Kendrick Gazette office or at either bank.

Phone: Farmers 91X1 or Main 45

R. F. D. 5, Moscow, Idaho.

### Strangled by a Pear.

Niagara Falls, N. Y.—Three-year-old Rose Bevilacqua died of strangulation in Memorial hospital. A piece of a pear she was eating became lodged in her throat. Physicians worked for hours to dislodge the obstruction, but were unsuccessful.

### Cured of Bowel Trouble

A child of Floyd Osborn, Notary Public of Dungannon, Va. was taken with bowel trouble. Mr. Osborn gave it Chamberlain's Colic and Diarrhoea, Remedy and it quickly recovered. In speaking of this remedy he says, "It is the best ever used."—Adv.

Notice To Parents And  
Guardians

You will please take notice  
that section 993-997, Article  
XVII, and section 1017-1019  
1020 and 75 1-2 of the 1921  
School Laws provide as fol-  
lows:

Children to Attend School

Section 752. In all districts of  
this State all parents, guardians,  
and other persons having care of  
children shall instruct them or  
cause them to be instructed in read-  
ing, writing, spelling, English  
grammar, geography and arithmetic.  
In such districts every parent,  
guardian, or other person having  
charge of any child between the  
ages of eight (8) and eighteen (18)  
years, shall send such child to a  
public, private or parochial school  
for the entire school year during  
which the public schools are in  
session in such district: Provided,  
however, That this chapter shall  
not apply to children over fifteen  
(15) years of age where such child  
shall have completed the eighth (8)  
grade or may be eligible to enter  
any high school in such district, or  
where its help is necessary for its  
own use or its parents' support or  
where for good cause shown it  
would be for the best interest of  
such child to be relieved from the  
provisions of this chapter, Provided  
further, That if a reputable physi-  
cian within the district shall certify  
in writing that the child's bodily or  
mental condition does not permit  
its attendance at school, such child  
shall be exempt during such period  
of disability from the requirements  
of this chapter. It shall be the  
duty of the superintendent of the  
school district, if there be such  
superintendent, and if not, then the  
county superintendent of schools to  
hear and determine all applications  
of children desiring, for any of the  
causes mentioned here, to be ex-  
empted from the provisions of this  
chapter, and if upon such applica-  
tion such superintendent hearing  
the same shall be of the opinion  
that such child for any reason is  
entitled to be exempted as afore-  
said, then such superintendent shall  
issue a written permit to such child,  
stating therein his reason for such  
exemption. An appeal may be taken  
from the decision of such super-  
intendent so passing upon such ap-  
plication to the probate court of the  
county in which such district lies,  
upon such child making such applica-  
tion and filing the same with the  
clerk or judge of said court, within  
ten days after its refusal by such  
superintendent, for which no fee to  
exceed the sum of One Dollar  
(\$1.00) shall be charged and the  
decision of the probate court shall  
be final. An application for re-  
lease from the provisions of this  
chapter shall not be renewed often-  
er than once in three months.

Juvenile Disorderly Person Defined

Section 1019. Every child within  
the provisions of this chapter who  
does not attend school, as provided  
in the preceding section, or who is  
in attendance at any public, private  
or parochial school, and is vicious,  
incorrigible or immoral in conduct  
or who is an habitual truant from  
school or who habitually wanders  
about the street and public places,  
during school hours without law-  
ful occupation or employment, or  
who habitually wanders about the  
streets in the night time, having no  
employment or lawful occupation,  
shall be deemed a juvenile disorderly  
person, and be subject to the  
provisions of this chapter.

Same: Complaint: Hearing and Commit-  
ment

Section 1020. When a child shall  
be a juvenile disorderly person  
within the meaning of this chapter,  
the truant officer, or any school  
teacher, or other reputable person  
may make complaint in the Probate  
Court of the county in which such  
child resides. The Probate Court  
shall hear and determine such com-  
plaint and if it is determined that  
such child is a juvenile disorderly  
person within the meaning of this  
chapter, he or she shall be commit-  
ted to a children's home, if eligible,  
or to the Idaho Industrial Training  
School, or to some other training  
school, taking into account the  
years of the child with reference to  
the institution selected. Any child  
committed to a children's home, on  
its being shown to the judge of said  
Court that it is incorrigible and  
vicious, may be transferred to the  
Industrial School or other proper  
institution. No child committed to  
any reformatory shall be detained  
beyond his majority, and may be  
discharged sooner or paroled by the  
trustees or board of control under  
rules and restrictions applicable to  
other inmates. Any order of com-  
mitment may be suspended by the  
judge of the Probate court during  
such time as the child may regular-  
ly attend school and properly con-  
duct itself. The expense of the  
transportation of the child to the  
juvenile reformatory shall be paid

by the county from which the child  
is committed.

Encouraging Delinquency a Misde-  
meanor

Section 1017. In all cases where  
any child shall be a delinquent  
child, a juvenile delinquent person,  
or a juvenile disorderly person, as  
defined by this act, the parent or  
parents, legal guardian, or person  
having custody of such child, or  
any person responsible for, or by an  
act encouraging, causing or con-  
tributing to the delinquency of  
such child shall be guilty of misde-  
meanor, and upon trial and con-  
viction thereof shall be fined in a  
sum not to exceed three hundred  
dollars (\$300) or imprisonment in  
the county jail for a period of not  
exceeding six months or shall suffer  
both fine and imprisonment the  
court may impose conditions upon  
any person found guilty under this  
act, and so long as such person  
shall comply therewith to the sat-  
isfaction of the court, the sentence  
imposed may be suspended.

School Trustees to Report Delinquents

Section 1022. It shall be the duty  
of the board of trustees of each  
school district to report to the  
county superintendent all cases of  
truancy, delinquency, and incorrigi-  
bility which arises within their re-  
spective districts, and such county  
school superintendent shall immedi-  
ately report such cases to the judge  
of the Probate Court.

Census List

Section 993. It shall be the duty  
of the clerk of the board of school  
trustees of each district, on or be-  
fore the third Monday in Septem-  
ber, to furnish or cause to be fur-  
nished to the head teacher of the  
schools in his district a list of all  
the children in the school district  
between the ages of eight (8) and  
eighteen (18) years, said list to be  
taken from the report of the  
school's census marshal for the  
current year.

Duty of Teachers

Section 994. It shall be the  
duty of the head teacher of each  
district to check or cause to be  
checked the enrollment of the school  
against the report furnished by the  
clerk as aforesaid and to report to  
the county superintendent all pupils  
not in attendance who are within  
the ages of eight (8) and sixteen  
(16) and who have no release from  
school.

Absentees to be Reported

Sec. 995. At the beginning of each  
month thereafter it shall be the  
duty of such head teacher to report  
to the county superintendent, the  
names of all children between eight  
(8) and sixteen (16) not bearing  
releases who have failed to attend  
school during the preceding month.  
It shall be the duty of the county  
superintendent to refuse to coun-  
tersign the teachers' warrants until  
such reports are made as herein  
provided: Provided, That dis-  
tricts having a superintendent of  
schools shall not report to the coun-  
ty superintendent but shall proceed  
through their district superinten-  
dent in the same manner as herein  
provided for county superinten-  
dents.

Duty of County Superintendent

Section 996. Upon the receipt  
of such report the County Superin-  
tendent shall promptly give to the  
probation officer the names of all  
pupils who do not bear releases  
from school issued by proper au-  
thority.

Duty of Probation Officers

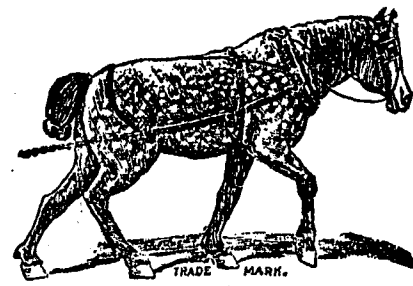

Section 997. The Probation offi-  
cer shall serve due notice upon the  
parents and guardians to place such  
children in school. If said children  
are not placed within school within  
a reasonable time and are not en-  
titled to bear a release, then the  
child and the parents or guardian  
shall be proceeded against as pro-  
vided in the laws for the correction  
of delinquent children. It shall be  
the duty of the probation officer to  
prefer such complaints. 32-4t

Pricks Tire Dirt Bubble;  
Explosion Blinds Farmer

Lancaster, Wis.—Hobart Doll,  
farmer, residing in Beetown,  
near here, was seriously hurt  
and probably will be permanent-  
ly blind as the result of the  
explosion of an automobile tire.  
Doll is said to have scratched  
a dirt bubble on the tire, and  
the explosion followed, shoot-  
ing dirt and sand directly into  
his eyes at 70 pounds pressure.

Chamberlain's Colic and Diarrhoea  
Remedy.

This is unquestionably one of the  
most successful medicines in use for  
bowel complaints. A few doses of  
it will cure an ordinary attack of  
diarrhoea. It has been used in nine  
epidemics of dysentery with perfect  
success. It can always be depended  
upon to give prompt relief in cases  
of colic and cholera morbus. When  
reduced with water and sweetened  
it is pleasant to take. Every family  
should keep this remedy at hand.  
—Adv.

## The Kendrick Hardware Co.

### Plant Pests Cause Loss

If all the wheat now destroyed annually by pests could be saved and made into flour the United

States Department of Agriculture says it would add approximately 29,463,700 barrels to the yearly output of the Nation. The annual production of wheat in this country

for the four-year period 1916 to 1919, inclusive, was 783,849,500 bushels. The annual loss from disease during this period was 147,318,500 bushels.

While it is not possible entirely to eliminate wheat diseases, it is possible to reduce the toll much below what it has been in recent years, says the department. One branch of the work of the office of cereal investigations in the Bureau of Plant Industry is to work out the preventive and control measures for the disease of all cereal crops. Another branch of the work of this office, which is of equal importance in increasing production of cereal crops, is the development and introduction of superior varieties of grain which produce higher yields in localities where they are especially well adapted, or which have disease-resistant qualities. This work is carried on in co-operation with the various state experiment stations, and in many cases has made profitable farming possible in sections in which agriculture was hazardous previous to the introduction of new crops or varieties particularly well suited to local conditions.

## The New Edison

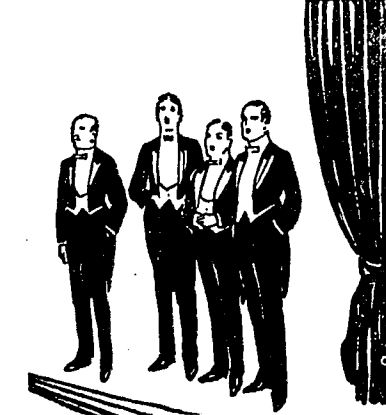

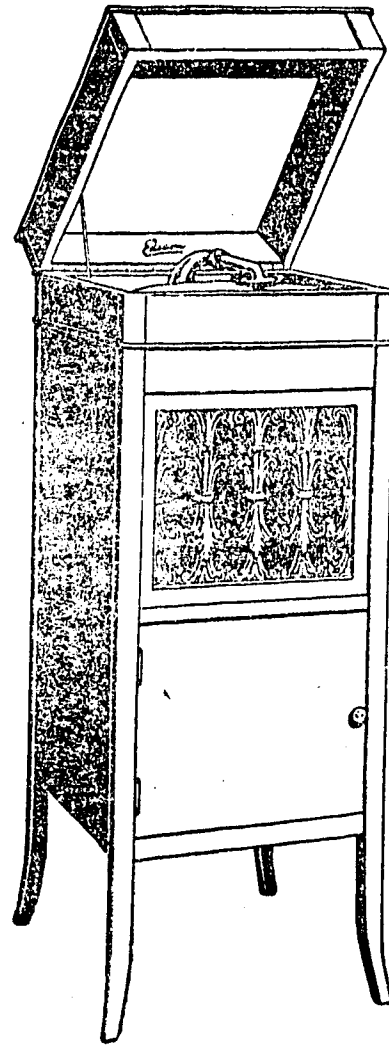

"The Phonograph with a Soul"

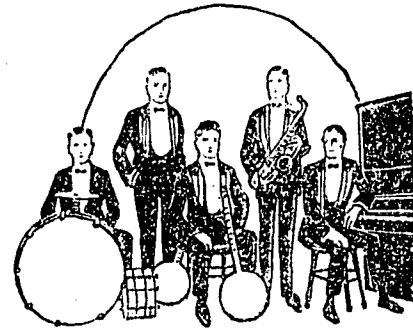

Solos on the New Edison cannot be distinguished from the living artist's own voice. A wonderful collection of solo re-creations now in stock.

When you hear a band record being played on the New Edison, you hear the actual true tone of the band instrument. You can't get this same result with an ordinary "talking machine."

Only on the New Edison can you hear a male quartet in all its natural voice quality. Mr. Edison defies any "talking machine" manufacturer to make a like test, that will actually stand comparison.

You can distinguish each and every orchestra instrument by its natural tone on the New Edison, but same cannot be said of any other phonograph. Several hundred orchestra re-creations now in stock, each of them will prove the above statement.

Price \$167.50 delivered to your home

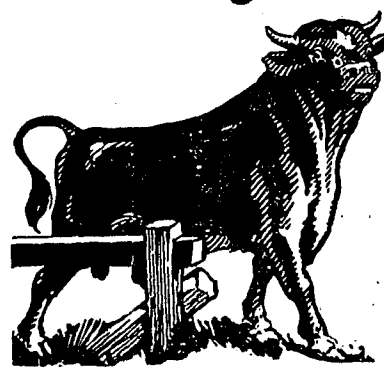

Why buy an imitation of the real thing when you can get a New Edison for the same price.

The New Edison plays all other makes of phonograph records better than the machine they were designed to be played on.

At your suggestion we will prove this statement either in your own home or in our music room. We are always glad to demonstrate.

## News Items of Local Interest

Fred Crocker was a Lewiston visitor last Saturday.

Josie Cramer of Potlatch, Idaho, spent the week end in Kendrick with friends.

W. C. Brooks of Lewiston visited Sunday with his daughter, Mrs. E. W. Lutz.

Ernest Clem is now driving a new Transport truck, which he recently purchased. He is freighting for Zieman Bros. at Southwick. His son, George, has been hauling wheat with the old truck.

Herman Wilken, storekeeper of Cameron, went to Spokane, Monday, on business.

John Brown, local postmaster, was in Moscow the first of the week on business.

Miss Ruby Turner of Oakesdale, Wash., has been engaged to teach the Pine Creek school for the ensuing year. She will begin her school work September 5.

A big chicken dinner and dance will be held at Leland tonight, (Friday) at the I. O. O. F. hall. The committee in charge has engaged the services of a three-piece orchestra for the occasion.

Lester Crocker drove to Lewiston Saturday for a brief visit.

Mr. McGregor of Troy arrived Monday to visit his daughter, Mrs. R. D. Newton. He recently underwent a severe operation at Spokane but is getting along very nicely at this time.

N. R. Shepherd, auctioneer and real estate dealer of Troy, was transacting business in Kendrick Monday.

Attorney A. H. Oversmith and Deputy Auditor Harry Thatcher, both of Moscow were Kendrick visitors Tuesday.

I. D. Bradshaw who has a nice little farm near the mouth of Pine creek, lost several hogs recently. He has been feeding cooked beans to his hogs during the hot weather and believes that this caused their death. A. G. Wilson says that in Scotland he has seen thousands of tons of bean meal fed to hogs but it is never fed during the hot summer months. E. E. McDowell is feeding cooked beans to 90 head of hogs but he feeds them sparingly and mixes large proportions of grain. So far he has had no losses.

James Wilcox of Melrose is visiting Warney May on American ridge this week.

Announcements were received here this week of the marriage of Miss Mary Jamieson of Monmouth, Illinois, to Mr. Ross Chappell. Mr. Chappell is well known here, having taught in the Kendrick high school several years ago. He and his bride will make their home at Lincoln, Nebraska.

Mrs. H. N. Roberts of Lewiston arrived Tuesday to visit friends here.

Miss Esther Hood left yesterday for Sitka, Alaska, where she will teach the coming school term. Her mother will remain here a short time and then expects to make her home with one of her sons. She will spend the week end with her son at Stites.

N. B. Long and Dean Wright took a carload of cattle to Spokane Thursday.

Mr. and Mrs. W. S. Baird of Spokane arrived last week to visit Mrs. Baird's parents, Mr. and Mrs. Henry Hill.

Harry Thompson, who rents the Jake Berriman farm near Southwick, lost 250 sacks of wheat last Saturday, when the straw stack near the wheat pile caught fire. The loss was covered by insurance.

The ladies aid of the Methodist church had a very successful ice cream social in the park last Saturday evening. They were completely "sold out" before the evening was over. About \$18 was taken in from the sale of the cream.

Grace Ella Gant, who has spent the past month with Mr. and Mrs. William Bleck, went to Fairfield, Washington, Tuesday, to visit her grandmother.

J. F. Imbler, who is working at the barber shop for William Rogers, went to Spokane the first of the week to visit a few days with his wife who is recovering from an operation for the removal of her tonsils. Mr. Imbler made the trip to Spokane in his car.

Ed Wegner of Big Bear ridge sold 60 cords of wood to the Kendrick school district for \$7.90 a cord. The wood will be delivered early this fall.

R. D. Newton returned Wednesday morning from a business trip to Lewiston.

Prof. A. J. Daniels arrived from Pomeroy Wednesday to make arrangements for moving his family here and to get ready for the opening of school.

Seven carloads of wheat were loaded here Monday ready for shipment.

Mr. and Mrs. A. C. Deeter went to Lewiston Wednesday afternoon for the purpose of purchasing a new Dodge car.

Jim Holt went to Clarkston Tuesday to visit relatives for a few days. From there he may go to Portland for his health.

Miss Gertrude Hunt returned Wednesday afternoon from a visit with friends at Lewiston.

A fellow wanted to buy a nickle's worth of hair tonic from Bob Newton. Bob asked him what he was going to do with so small a quantity. "I want to put it on the hair spring of my watch," the customer replied.

According to figures furnished by County Auditor Estes the bonded indebtedness of all cities, villages, school districts and highway districts in Latah county is \$1,078,076.

Members of the Okoke Kloutenman Club and their husbands enjoyed a picnic lunch at Cold Springs Wednesday evening.

According to the records of the clerk's office in Troy last week there were only eleven dogs in that town. About a year ago, after a dog eradication campaign, put on by some unknown party, the canine population of Kendrick dwindled to two. Now the dog census shows an alarming increase, and Kendrick could probably match Troy three to one.

E. E. McDowell is having his farm home wired for electric lights

this week. A small transformer is installed on the Kendrick-Julietta line and this is connected with the wiring in the house, so that the McDowell home will have the same service that the people in town are getting. Later on Mr. McDowell expects to install motors to do some of the lighter work around the farm.

Mrs. Kate McGough of Spokane arrived Thursday to visit her niece, Mrs. Leo Raaberg.

W. L. Bagley, formerly of Crescent, arrived Wednesday from Pomeroy to transact business here. Mr. Bagley is in the grocery business at Pomeroy. He says that business conditions there are very good.

The American Legion boys are making great preparations for the harvest dance to be given at the Fraternal Temple, Friday night, September 2. They are planning on a record-breaking crowd.

Mrs. M. V. Thomas returned Thursday from a visit with relatives at Clarkston.

Considerable uneasiness was felt here by the friends of the Carlson family Wednesday evening, when news was received of the destruction of the Drigible ZR-2. Arthur Carlson, brother of A. K. and George Carlson of this place was an officer of the airship and first reports indicated that he was among the missing. Later developments practically assure the belief that he was not on board when the accident occurred, as his name did not appear among the casualties.

E. W. Lutz was in Moscow Thursday on business.

H. C. Stapleton of Troy, was in Kendrick Tuesday in the interest of the Kevin Sweet Grass Oil Co.

The Kendrick Kids will play the Moscow Cubs at Moscow, Sunday afternoon.

## Long Lived Implements Cost Little

Its Their Use-- The Money They Make-- That Counts

In your farm equipment, you have some implements that you have been using for many years. Have you ever stopped to consider how little those implements have cost you?

Only a Very Small Sum Per Year!

Just a Few Cents Per Acre!

Think of how small the cost has been in comparison with the valuable service those implements have given! If, when you bought them, you had paid THREE TIMES what you did, the cost per acre would still be very small, and the net profits they have made you would still be large.

We can furnish you with good, profitable implements today that cost you only a few cents per acre of work.

These implements are so cheap, when you consider what they will do for you over a long period of years, that you can't afford to put off buying any implement you need.
