KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, JUNE 9, 1922

NUMBER 23

## WOODY FIRST TO FILE FOR OFFICE

### Four Incumbents at Court House Filed.

Star-Mirror: With the filings of four candidates for county offices in the hands of the county auditor there are indications that the political pot will soon begin to simmer. So far the filings are all by republicans, and all are incumbents in the offices for which they will be candidates.

John L. Woody, who is serving his second term as sheriff, was the first to file his declaration of candidacy. Harry Thatcher, present county auditor filed for the nomination to succeed himself, as did also John Nisbet, who is serving his third term as prosecuting attorney. Tuesday morning E. J. Gemmill, county assessor for the past four years, filed his declaration of candidacy for that office.

Inasmuch as under the present election laws, candidates for all nominations for county offices must file their declarations of candidacy with the county auditor during the month of June, it is expected that there will shortly be a deluge of filings. While all the county offices are now held by republicans, it is certain that the democrats will contest for practically all the offices, if not all. So far as indications point, however, there will be no filings by any third organization.

It is understood that other incumbents at the court house will be candidates to succeed themselves.

### Remodeling Warehouse

Juliaetta Record: The old Farmers warehouse near the cannery is being torn down and the lumber will be used in enlarging the main warehouse building at the depot. The main building will be remodeled so as to square it up and when completed the warehouse will be 260 feet long and 50 feet wide and will be much more conveniently arranged for handling grain than in its present condition. This change has been contemplated for some time and will be a great improvement. It is expected that the work will be completed in 30 days. In the removal of the old warehouse building near the cannery that site as far as warehouse purposes are concerned will be abandoned and all the warehouse facilities of the Farmer's Union Warehouse Co., will be located near the depot which will make things much more convenient.

### Moscow Store Burned

The stock of the Moscow Union Warehouse Co., a co-operative store, was entirely destroyed by fire early Tuesday morning. The stock was valued at \$45,000 and but \$22,000 insurance was carried. The origin of the fire is unknown. The company will put up a big tent and restock at once. A new brick building will be erected to take the place of the burned structure.

### Rebekahs Elect Officers

At a regular meeting of the Rebekah Lodge, Tuesday night, the following officers were elected: Mrs. Housley, Noble Grand; Mrs. Effie Kite, Vice Grand; Mrs. Pearl Long, Recording Secretary; Thos. Sturdevant, Financial Secretary; Mrs. Minnie McDowell, Treasurer.

### Sheep To Summer Range

The first installment of sheep for the summer ranges in the Bovill section has arrived at Moscow and consisted of 38 cars from Touchet, Wash., and Castle Rock, Ore., owned by Ross Howard of Stanfield, Ore. Sheepmen are described as optimistic in regard to the outlook for this branch of the livestock industry.

## "Happiness" to Be Found at Chautauqua

Hartley Manners' Play "Happiness" Will Make Its First Western Appearance on the Second Night of the Chautauqua

Hartley Manners' intensely interesting play, "Happiness," is to be produced at Chautauqua with a splendid cast of actors by the Elias Day Players of Chicago. The cast was selected and the production has been coached and staged by Mr. Elias Day, veteran actor-producer and dramatic recitallist, whose name is a familiar one in Eastern professional circles. The play will be produced with the exacting attention to every detail which characterized the original production in New York City. Mr. Day has secured a cast of unusually talented actors. The coming presentation will mark the premier of "Happiness" in the West. It was originally written for Laurette Taylor and enjoyed a long successful run in leading theaters in New York and Chicago. "Happiness" will be given on the second night and will unquestionably be one of the longest-remembered features of the Chautauqua.

## KENDRICK DEFEATS LAPWAI INDIANS

### Took Game Last Sunday by Narrow Margin.

Kendrick took another ball game last Sunday afternoon by defeating the Lapwai Indians by a score of 8 to 7. It was a good game until the first of the ninth inning, when numerous errors allowed 4 runs for the visitors.

Lawrence started the game in the box for Lapwai but was hit hard and replaced by Jimmy White, who held the locals down to 4 runs during the rest of the game. Nine hits were made off of visitors' pitchers.

Cook pitched for Kendrick, striking out 12 men and allowed 7 hits and a walk. His fielding was also one of the features of the game, as he can cover a greater part of the infield alone, if necessary. He deserves much of the credit of winning the game.

Claud Stanton, who played right field, carried off the batting honors with 3 clean hits, while Forest secured 2 two-base hits and Walter Thomas a home run. Frank Boyd hit hard for three bases in the third inning.

Pete and Phil Types, Charlie and Jimmy White, all old time ball players, were on the Lapwai team.

The next game will be with Johnson, Wash., Sunday, at Kendrick.

## ELECT OFFICERS FOR CHAUTAUQUA

### Guarantors Met at City Hall Wednesday Evening.

The 1922 Kendrick Chautauqua organization was formed Wednesday evening at the city hall and all committees appointed so that immediate action might be had in getting the preliminary work ready for the opening day, Tuesday, June 20.

The first business of the meeting was the election of a president, which position was filled by the unanimous election of Theo Hanson. N. E. Walker was then elected vice president, his brother, G. F. Walker, secretary and E. W. Lutz, treasurer. The newly elected officers appointed committees as follows:

Advertising, Ralph B. Knepper, A. V. Dunkle and John Dammarell. Junior Chautauqua, Mrs. McCrea. Grounds, John Kite, Tom Long and Frank Chamberlain. Tickets, Wm. Rogers, George Leith and Frank Ellis.

The committees have already begun work in their various departments and there is every reason to believe that, with the co-operation of the other guarantors of the chautauqua and a liberal response on the part of the public in general, this season's chautauqua will be a success from every standpoint.

### Osborn-Laney

Star-Mirror: A very pretty wedding was solemnized Tuesday afternoon at 4 o'clock at the home of Mr. and Mrs. C. L. Williamson, 404 College avenue, when Miss Nettie Osborn of Kendrick, became the bride of H. G. Laney of Pullman, Rev. Aug. N. Nilson of the Nazarene church officiating. Mrs. Mary Haynes of Spokane, mother of the groom, and Mrs. T. Hunchbach and daughter, Lillie, were present. Mrs. Williamson served a delicious wedding dinner. The young couple will reside in Pullman.

### Cherries Good Price

Quotations on this season's cherries are being offered at Yakima. Royal Annes are quoted at 7 cents per pound to growers and sour cherries at five cents. Prices have not developed in regard to Bings and Lamberts.

### The Country Store

G. G. Oldfield of the New Kendrick, has secured the services of Si Hopkins, who will put on "The Country Store" here tonight (Friday). This is the first time that the Country Store has ever been featured in Kendrick and a great deal of interest has already been displayed on the part of the public. The stock of goods of the Country Store has been placed in the window of the Kendrick Hardware Company's store and it makes a most imposing appearance, particularly when the fact is considered that the entire stock is to be given away at the show this evening. It was impossible to get Si here on any other night except Friday as he is in great demand.

### Poisoning Ground Hogs

In recent years ground hogs have increased very rapidly in the canyons of the southeast part of Latah County and especially the smaller canyons tributary to the Potlatch river. A number of complaints were made to County Agent O. S. Fletcher that these pests were destroying large patches of alfalfa on the edges of the canyons. In response to these complaints, the County Agent has conducted field experiments to determine the best method of poisoning these pests. The methods tried were recommended by W. E. Crouch, State rodent control expert. After field tests, County Agent Fletcher recommends the following formula for use in Latah County:

Dissolve 1 ounce of strychnine sulphate and 1/2 ounce of saccharine in 1 gallon of boiling water. Allow to cool and then sprinkle over 15 pounds of fresh, green alfalfa tops. The alfalfa should be well moistened with the poison solution. This bait should be distributed immediately after it is prepared. The best plan is to mix only a small amount of bait at a time and put it out frequently. Place in small piles along trails and other places frequented by the ground hogs.

### CAUTION

In distributing poisoned alfalfa tops, great care should be taken to guard stock. The poisoned bait should either be placed in rocky places that cannot be reached by stock, or should be picked up after the rock chunks have had a chance to get as much as they will eat.

### Working Through U. of I.

Deary Press: Earning one's way through the University of Idaho seems to be quite the fashion. Investigation has shown that from the opening of the school year until January 1, 139 students earned an average of \$25.25 a month. It took them an average of 17 hours a week. They worked at all kinds of employment.

The University will give all help possible to the job seeker. Taking everything into consideration, including board and room, laundry, clothes, books, membership in societies, subscriptions, a small health fee and so on, it is figured that \$50 or \$60 a month will put one thru a school year. Some students spend much less.

### Farm Bureau Picnic Late

On account of chautauqua and other entertainments scheduled for June, the Executive Committee of the Latah County Farm Bureau has found it necessary to postpone the annual farm bureau picnic from June to July. The exact date of holding the picnic and other information in regard to it will be given out later. The Latah County Farm Bureau picnic is always a big event for farmers and those in charge want to hold it on a date when all who desire to do so can attend.

### I. O. O. F. Will Build

Troy News: The Odd Fellows at their meeting this week authorized the trustees to buy the lots on Main street, now being used as a playground or known as the Tennis Court, upon which they will erect their new temple. We understand the building will be a two story structure with a hall below and the Lodge rooms on the upper floor. Plans are now under way as to the construction of the building.

### Removed 20 Tonsils

Dr. Crampton, assisted by Dr. Braddock, both of Lewiston, performed 10 operations for the removal of tonsils at the home of Dr. and Mrs. Kelley, Wednesday afternoon. The operations were all entirely successful. Those who underwent the operation are: Artylee and Orabelle Hollada, Robert and Keith Dammarell, Irene and Daniel Gentry, Muriel Crocker, Jane McConnel, Eloise Kelley and John Halseth.

## WILL HOLD WEED CONTROL MEETINGS

### Under Direction of Latah Farm Bureau

C. B. Ahlson, Idaho State Seed Commissioner and Field Agronomist of the extension division of the University of Idaho, will be in Latah County on Monday, Tuesday and Wednesday, June 12, 13 and 14, to work with O. S. Fletcher, county agricultural agent, and the people of Latah County in their weed control work. During the time that Mr. Ahlson is in the county excursions will be held in three communities. The schedule for these excursions, with the places of gathering, is as follows:

Harvard community—O. C. Butterfield farm, Monday, June 12, 1:30 p. m.

Big Bear Ridge community—Steele School house, Tuesday, June 13, 1:30 p. m.

Cedar Creek community—A. Alexander's farm, Wednesday, June 14, 1:30 p. m.

Each excursion will start from the appointed place promptly on time.

The committee in which excursions will be held, decided upon these meetings as a part of their work on the weed control project for 1922. On these excursions, the noxious weeds of the various communities will be studied and control methods discussed. Everyone on the excursion will be made familiar with the noxious weeds of the county so that all may be able to identify them. In case some of the especially noxious weeds are not growing in the community, specimens will be taken to the meetings, so that all may come to know these weeds and there by be enabled to keep them from getting a start in the community.

Farmers in the community where excursions are to be held are urged to attend the meeting in their community and lend support to this important project. Interested farmers in other communities are invited to attend the excursions in the community nearest to them.

### Baseball Sunday

Manager Wilcox has scheduled a game for Sunday with the Johnson, Wash. team. Johnson has a fast aggregation and has been putting up some stiff games this season. The game will be called at 2:30.

### American Legion Notes

Boise: Certificates of appreciation signed by National and State officers of the Legion have been issued to Weiser, Richfield, St. Maries, Parma, Nampa, Downey, Gooding and Arco. These certificates are to be presented to the above named cities for reporting 100 per cent success in the recent unemployment drive.

Nampa: A Legion baseball tournament is the latest possibility for entertainment of visitors to the Department Convention. It is planned to hold a series of twilight games between teams representing the Legion posts of the third district.

Arco: The American Legion post here has become actively engaged in Americanism work. Each Sunday one of the local churches extends an invitation to the post to use its sermon hour for a lecture of this character. Commander C. A. Bottolfson made the first address last Sunday to the parents class of the L. D. S. Church.

St. Maries: The second club house for the Legion in Idaho as just been dedicated by the local post. Marshall Koch, Gearralismo of the Allied Armies, poured the first cement and National Commander MacNider, the second. The first Legion club house is located at Hazelton.

Seattle: The 13th District Veterans Bureau has announced that they have set aside June 12-17 as Insurance Week. An attempt will be made to get every ex-service man to reinsure his government insurance.

### Indians Spear Salmon

After a long delay the chinook salmon have at last put in an appearance at Prosser on their annual rush to the spawning grounds. Hundreds of Indians gathered to spear fish under the arrangement with the state and federal authorities by which the aborigines are permitted to take salmon for winter food.

### New Editor at Culesac

The Culesac Enterprise changed hands last week, Don Phillips having taken over the management of the paper. From the general improvement noted in his first issue the new editor will give Culesac a paper that will be a credit to the town. The former publisher, R. B. Cummings, has located in other fields.

### Linden News

Mrs. Silvia Jenks arrived from Lewiston, Monday, to visit her daughter Mrs. Lou Alexander and family.

Mr. Sadler is painting and papering the interior of the store building which makes a marked improvement.

F. C. Lyons delivered a 340 pound dressed porker to Bert Shave at Long Meadow last week.

H. J. Starr is treating his house to a coat of paint.

Mrs. Hattie Alexander spent several days last week at Clem Israel's.

Mrs. I. E. Foster and Arthur Foster, Mrs. Bud Harris and children spent Friday with Mrs. Earl Langdon.

Dr. Van Wert was on the ridge Monday to see Jim Garner's horses and again Thursday to see Earl Langdon's horses. Mr. Garner has lost three head and Mr. Matson a

good horse, of mountain fever.

Mrs. Hattie Alexander and Miss Eva Smith went to Lewiston, Saturday, to attend the Normal school program of commencement week. Miss Anna Smith is a member of the graduating class.

Gus Farrington had a break down in his sawmill, Thursday, and had to go to Lewiston for repairs.

C. P. Israel and Frank Starr went fishing at Long Meadow, Wednesday, returning Thursday, with the limit.

Grandma Keeler went to Kendrick Saturday, to visit at the home of her son, Charles.

### NOTICE TO CREDITORS

Estate of John P. Alexander Deceased.

Notice is hereby given by the undersigned, administratrix of the estate of John P. Alexander deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within 10 months after the first publication of this notice, to-wit, May 12, 1922, administratrix at the home of the administratrix at Linden, Idaho, the same being the place for the transaction of the business of said estate, in Latah County, State of Idaho.

Hattie M. Alexander, Administratrix of the Estate of John P. Alexander Deceased. Dated May 2nd, 1922.

H. R. Smith, Attorney for Administratrix, Moscow, Idaho. 19-5p

### The Home of the Soul

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—Adv.

When Five Cents Looked Large. Among the day's pathetic figures is the local storekeeper who, locked in a telephone booth by a holdup man, didn't have a nickel to phone for the police.—Buffalo Express.

### Kendrick Gazette

Ralph B. Knepper, Publisher

Entered as second-class matter 1892 at Kendrick, Idaho, under the Act of Congress of March, 1879.

Subscription \$1.50 a year.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

The splendid crowds and rapt attention at the showing of the feature at the New Kendrick theater last Friday and Saturday nights, were a fairly good indication that the class of pictures selected by Mr. Oldfield is what the public wants. There are good books and bad books; there are also good movies and bad movies. Mr. Oldfield's ideas seem to run along the line of eliminating the bad ones and showing nothing but the good.

Sometimes we think the world is going to the dogs because women smoke; but when you stop to think, for every one who smokes, there are probably a thousand who don't.

The cost to the government of supplying 5 varieties of flower or vegetable seeds to 13 million persons in the United States will be \$360,000 this year. Several years ago the department of agriculture ceased putting in an estimate for distribution, but congress has always supplied the difference. This year the appropriation was passed by 1 vote in the Senate, a vote that cost the taxpayers just \$360,000.

"About the first thing we would do," announces the meanest man in the world, acridly, "if we were a minister, would be to take out the first five or six rows of news and move the pupil closer to the congregation."

Even the sane and sane motorist takes his life in his hands most every time he ventures upon the public highways. He is in imminent danger many times of being hurled into the ditch by a collision with a speed maniac who hasn't sense enough to slow down to 90 miles an hour when he passes. It's a hard pill to swallow to have to turn your bus clear off of the highway in order to give the entire road to some reckless demon, but it is better than to turn your remains over to the undertaker.

It is less than two weeks until the Kendrick chautauqua will appear. The Ellison-White Co. promises a better program than ever before and judging from the program submitted, it will be very good. The only way to make the chautauqua a success is for everyone to boost for it and "talk it up". While it is called the "Kendrick chautauqua", it is in reality the Potlatch chautauqua, as many of the guarantors are prominent farmers of the Potlatch country. Fifty-six men signed the contract to bring this series of five days of entertainment features. None of them have anything to gain in a financial way by having the chautauqua here, but they believe it was a good thing for the community and are backing its appearance with their money. If everyone takes an interest, buys a season ticket and attends as many numbers as possible, it will be a success from every standpoint. It isn't customary for Potlatchers to fall down on anything.

The proper spirit to show toward the chautauqua committee is to buy season tickets at the first opportunity. Remember, that only season ticket sales apply on the guarantee, so if you want to boost the chautauqua, buy season tickets.

Ford's probable candidacy for the presidency apparently explains the reason why he has given so much prominence to his name on the millions of little tin road signs that have for so many years been buzzing around over the country.

It's a safe bet there won't be many bootleggers taking a vacation between this time and the Fourth of July—too busy.

Efficiency. It is a convenience when making preserves, after they are put away in a closet, to make a list of what you have and fasten it on the closet door with a pencil attached; then when you take a jar out cross it off.

"Red Tape." Red tape, in colloquial English, of official formality or obstruction, is a phrase which owes its origin to the red tape which at least for two centuries has been used by lawyers and public officials for tying up documents, etc.—Chicago Journal.

### PROFITABLE TO RAISE DUCKS

Fowls Mature Rapidly and Are Ready for Market at Ten or Eleven Weeks of Age.

One of the best sources of profit in poultry raising, particularly where market poultry is concerned, is in the raising of ducks. They mature very rapidly and are generally ready for market at ten or eleven weeks of age, if intended for market purposes. For breeders they bring good prices if matured and held over until the breeding season.

### IMPROVING SOIL AT LITTLE COST

Sweet Clover Is Admirably Adapted Where Decreased Corn Acreage is Advisable.

### CROP MAY BE SEEDED ALONE

Fair Yield of Excellent Hay May Be Cut if Conditions Warrant—Farmer Must Judge for Himself What Crop to Grow.

(Prepared by the United States Department of Agriculture.)

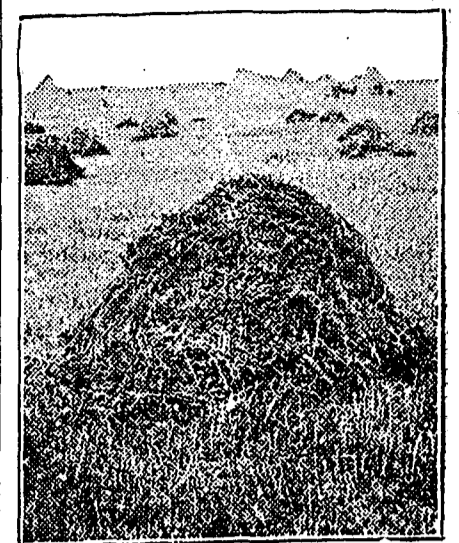

Where a reduction of corn acreage seems advisable and the land has lime enough, sweet clover will lend itself admirably to soil improvement at low cost. While the usual way of seeding is on winter grain or with spring grain, the United States Department of Agriculture advises that it may well be seeded alone on land that is now without a crop. Such land should be harrowed as early as possible and the seed harrowed in, or where the land dries slowly the seed may be scattered directly on the ground as the frost is coming out. There is no need to plow, and so practically the whole expense will consist of the cost of the seed which at present is low. Scarified seed should be used.

### Small Cost of Seed.

The price of white sweet clover seed is today considerably less than half that of red clover. If the seed is on the ground early the plants will keep ahead of the weeds and, by September or October, a fair crop of excellent hay can be cut if conditions warrant the expense of cutting. The hay will have practically the same value as alfalfa or red clover hay. In the spring of next year the new growth can be turned under for corn if that crop is desired, or the field can be used for pasture.

Sweet clover is one of the best pasture plants known. If pastured heavily enough it will keep green and

growing up through the summer when most grass pasture dries up. It must

Curing Sweet Clover Hay in Cuck.

be kept closely pastured, however, since otherwise it quickly grows tall, blooms and becomes woody. If the field is left in sweet clover during 1923 it can be plowed that fall for grain or go into corn in 1924.

### Do Not Improve Soil.

During the past few years large crops of small grain and of corn have been grown, but these have not always proved profitable, and, of course, have not helped to improve the land. The question of what to do under these circumstances is important. If cash returns are necessary the land not put into corn may be planted to soy beans. This crop will require as much labor as corn, however. Where the greatest possible economy in operation is to be combined with soil improvement the farmer will have to turn to grass or clover.

Every farmer must judge for himself whether to grow corn, whether to substitute soy beans or some other crop, or whether to rest the land and derive little or no income from it for one season. The above suggestion is offered by the Department of Agriculture as one way to improve the land while resting it, and to do this with the minimum of expense and labor.

### BEST MACHINE FOR BLASTING

Where There Are but Few Stumps to Remove Device Firing Ten Caps Is Satisfactory.

Electric blasting machines, are small portable dynamos, so arranged that an electric current is generated by pushing down a rack bar, which extends through the top of the machine. They are made in several sizes, some firing up to 3 electric blasting caps, other sizes firing up to 10, 30, 60, and even more. For the farmer with but a few stumps to blast, the United States Department of Agriculture has found the size that fires 10 caps will be large enough to meet all needs, but the size that fires 30 caps is more generally used than any other in agricultural work.

Blasting machines, as well as all other necessary blasting equipment, can generally be obtained from local dealers in explosives, usually hardware stores, or they may be had by writing directly to any manufacturer of explosives. These machines seldom get out of order, but they should be kept in a dry place and should not be thrown about or handled roughly.

### Wealth That Works

Money saved and deposited in a bank is wealth that works. Wealth that works is capital. Unlike brain and muscle, it does not wear out or deteriorate. It grows and improves.

The only gain from labor is what is saved. Labor, therefore, makes wealth and when wealth works it is capital.

Capital at work pays wages, which, when saved, creates more capital. Labor is the producer when labor saves.

Savings bring independence. A savings bank is a public servant.

### CIRCLES HELP FARM INCOME

Excellent Example of Way in Which Home Demonstration Workers Are Aiding Farmers.

(Prepared by the United States Department of Agriculture.)

Home demonstration workers realize that before substantial improvements can be made in rural home life there must be more cash income with which to install conveniences, correct defects, beautify the surroundings, or improve clothing. On most farms the production and selling of eggs and poultry offer the best immediate possibilities for increasing the income. The home demonstration agents of the United States Department of Agriculture and the state agricultural colleges, therefore have turned their attention to giving help in this field whenever there seemed to be need of it.

The poultry project at Orchard Gardens community, Dakota County, Minn., is an excellent example of the way in which home demonstration work thus meets a real want. The home demonstration agent helped to interest people in poultry raising as a source of income, which would mean income during the winter as well as during the summer.

The poultry project was started by the poultry specialist. During the project the members formed a poultry association. The first work of the association was to pool their orders for feed, thus saving a considerable sum. The second step of the association was to organize an egg circle to make plans for the marketing of the eggs. The egg circle was formed and by-laws adopted, making provision for a guaranty that their product would be of excellent

Flock of Laying Hens in Good Health.

quality. Each member was furnished with a stamp with the name of the egg circle and a number identifying the eggs. In case a bad egg was shipped, it could be traced to the owner.

Through the home demonstration agent a market for the eggs was found with the Women's Community Council of Minneapolis, the office of the Minneapolis home demonstration agent being used as the distributing center. The production from the egg circle soon outgrew this form of marketing and the president of the Orchard Gardens Poultry association then secured a market for the eggs through one of the high-class markets in eggs and butter in Minneapolis.

### GROW CUCUMBERS ON FENCES

Plants Require Considerable Space, and for That Reason Are Not Suitable for Small Garden.

Two to five hills of cucumbers usually will produce enough for the ordinary family. Cucumbers require considerable space, and for that reason

they may not fit into the scheme of small gardens. It is possible, however, to plant the cucumbers along a fence or near a building and train the vines on a support of wire or strings so that they will not encumber the ground or occupy the space required by other crops. In making the hills or the row in which the seeds are planted, a small amount of well-decayed manure should be mixed with the soil. A little fertilizer also helps, but it should be used carefully to prevent injury.—United States Department of Agriculture.

### PROPER EGGS FOR HATCHING

California College Institutes New Project for Improvement of Poultry Flocks.

For the improvement of poultry by careful selection of breeding stock, the poultry department of the division of extension work of the California College of Agriculture has instituted a new project with the hatcherymen of Alameda county. Previous to this time, the assertions of the egg dealer were the only guide to those who bought eggs for hatching and dealt in baby chicks, as to the quality of the eggs they were getting. There was opportunity for frequent abuse or confidence in the business.

Under the present plan about 20,000 birds have been inspected by poultry experts, and those which have met the requirements decided upon for weight, egg production, size and shape of eggs, and other points, have been accepted as eligible for the production of eggs for hatching. Hatcherymen have agreed to use no eggs except those from tested flocks.

### EXERCISE CARE IN CULLING

One is Liable to Discard as Many Good Layers as Poor Ones Late in Winter.

Be careful about culling birds. You are liable to get rid of as many good ones as poor ones. As long as you've fed them all during the winter, it would be safer to feed them another few weeks, when any old bird will produce eggs; then do your culling in the summer, from June to September.

### LICE ARE QUITE INJURIOUS

Parasites Have Been Known to Destroy Dozens of Turkeys in Short Period of Time.

Experienced turkey breeders agree that lice are the most dangerous to adult turkeys during the fall and winter. They have been known to destroy dozens of birds in a few weeks. The usual reason given is that the turkeys are unable to find dust baths at this season with which to fight the pest in their own way, and consequently, the lice get an unusual foothold.

### The World-Wise Vicar.

A cantankerous person told the vicar whom he had come to see on some local matter that he was an atheist. "But surely," said the vicar, "you consider the Ten Commandments, broadly speaking, to be an excellent rule of life?" "No, I do not," replied the man almost savagely. The vicar rang his bell. "John," said he to his servant, "show this man to the door and keep your eye on him until he is beyond the reach of my hat and coat in the hall."—London Post.

### The Hope of Eternity.

Transiency is stamped on all our possessions, occupations and delights. We have the hunger for eternity in our souls, the thought of eternity in our hearts, the destination for eternity written on our inmost being, and the need to ally ourselves with eternity proclaimed by the most short-lived trifles of time. Either these things will be the blessing or the curse of our lives. Which do you mean that they shall be for you?—Alexander Maclaren.

**THE FAMILY DOCTOR**

By **DR. H. A. PATTISON**

SOME wag has said that the definition of a friend is "one who knows all about you, and likes you just the same." The family doctor, the general practitioner as he is technically known, is that sort of friend. Do not all of us know families who have been treated by the same doctor for years, and to whom their doctor is counselor, friend and confidant as well as medical advisor? Or people who were brought into the world by the same man who brought their children into the world and whose affection for their physician is as firm as the rock of Gibraltar?

With the H. C. L. soaring steadily, and with the increasing tendency towards specialization, more and more ambitious young men are leaving the field of general practice to become specialists, but the good, old-fashioned family doctor is an institution we can ill afford to lose. It was a gratifying surprise to me not long ago, to hear a young, successful physician say: "I have no ambition at all to become a specialist in any line. My sole ambition is to be a good family doctor—one whom people consult about everything from an inflamed appendix to the momentous question, 'Shall I change from my winter to summer underwear?' I love that work and it is the thing I wish to do."

In his capacity of family physician, the general practitioner gains an intimate knowledge of the family history of his patients—personal, social, occupational. We consult him for a new ailment, and he remembers that five years ago we had an illness which might have some bearing on the new trouble. He recalls that one of our parents is subject to periodic breakdown, and when we exhibit signs of nerves or overstrain, he issues a warning that will spare us the same suffering. This knowledge of family tendencies and personal idiosyncracies frequently makes it possible for the family doctor to "spot the trouble" where a casually consulted specialist would fail. And personal idiosyncracies play a very important part in the physical condition of men and women.

Because of the continual, intimate contact with the lives of men and women who confide and trust in him, and his knowledge of circumstances regarding which the average outsider is wholly ignorant, the family doctor becomes tolerant, broad in his sympathies and mellow of heart. Doubtless, many of you have known the experience of going to the doctor, worried, harassed, your minds in chaos, and leaving his office reassured, smiling and self-confident, your burdens having magically shrunk into nothingness.

One sometimes hears criticism of the high fees which doctors are charging nowadays. These critics forget that the cost of living has increased for the doctor just as much as it has for them. As a matter of fact, the family doctor rarely becomes commercialized; if anything, his fees are too small, and frequently he is not paid what he does charge.

Just a word about the family doctor in the country. Many people are inclined to look rather skeptically upon the country doctor, considering him less competent than his city confrere. Last week, I was discussing with a professor of surgery and with the dean of the medical school of one of our universities, the relative abilities of city and country practitioners. Both men had been in army service in France and they agreed that so far as actual treatment of sickness is concerned, the country doctor made a better showing in the base hospitals than did the city doctor. Country doctors have frequently made great contributions to medical science. For example, Dr. Ephraim McDowell, a country doctor in Kentucky performed the first ovariectomy in this country. The operation was performed in his own office and it is said that a mob stood outside threatening the doctor's life if the patient died. Fortunately for this courageous man the operation was successful. One of the greatest contributions to medical science was the discovery in 1882 of the specific cause of consumption, the tuberculosis bacillus, by Robert Koch, a country doctor in Germany.

A good family doctor not only understands human nature and human disease and its treatment; he also knows his own limitations. When, therefore, trouble develops which he cannot positively diagnose or treat, he calls in a consulting specialist. These men have made a special study of the obscure, rare and difficult maladies, and it is to them the competent general practitioner turns when he himself is in doubt.

**ESSENTIALS OF INCUBATORS**

Chief Point, Whether Small or Large Machine Is Used, Is to Have Air Fresh.

(Prepared by the United States Department of Agriculture.)

Incubators are operated successfully in a great variety of places. Small machines generally are set in a room or the cellar of the house. A special cellar or incubator house should be provided where the incubator equipment is extensive or where mammoth machines are used. The chief points are to have a room which is not subject to great variations in temperature and which is well ventilated, so that the air is fresh and pure, according to Farmers' Bulletin 1106, Incubation of Hens' Eggs, issued by the United States Department of Agriculture.

If built above ground the walls of the incubator house should be double and the entire building well insulated. Incubators may be operated in buildings with single walls, especially in mild climates, but a well-insulated room is preferable. Good results in hatching are secured in incubator cellars and in incubator rooms which are entirely above the ground level.

The incubator room or cellar should be large enough to allow the attendant to work around the machines conveniently. Many incubator cellars are

provided with some system of ventilation in addition to the windows, while in others the ventilation is controlled entirely by the latter method. Muslin screens on the windows provide good ventilation without draft and at the same time keep the direct rays of the sun from the machines. Many incubator cellars have cement floors, which are easier than dirt floors to keep clean and neat.

**GREEN FOOD FOR FOWLS.**

It is very easy to have a few flats in the basement to raise green food for the chickens before it is time for the early spring grass on the vacant lot. Oats, wheat, rye, barley, corn or other greens may easily enough be produced in quick succession. By planting a few days apart, a stand of the green food two or three inches in height may be had. By using judgment, a fresh flat of green food may be had for the poultry every few days. After the green tops have been devoured replant, set in a reasonably light place and have another crop within a few days.

**MAKING SUCCESS OF GARDEN**

Soils Must Be Deep, Mellow and Friable and in Crumbly State When Plowed or Hoed.

The success of a garden is largely due to the manner in which the soil has been prepared. The soil must be deep, mellow and friable, so that it will be in a crumbly state when plowed or hoed. That is, the minute particles of the soil must be granular, each maintaining its form and consistency. When such soil is wet, each portion is enveloped by a film of water which is retained for some time. The plant food is thus dissolved and this water-laden plant food is taken by the roots of the plants.

**BAKED BONES FOR POULTRY**

Furnish Mineral Matter Which is of Great Importance—Pound into Small Crumbs.

Heavy bones of all kinds may be put in shape for chicken feed by baking until brittle, and then rolling or pounding into small crumbs. These baked bones furnish mineral matter which is of great importance in nutrition. Green bone is probably the best source of mineral matter, but green bone is not always at hand, and bones for baking are more or less abundant on every farm.

**Aromatic Vinegar.**  
Aromatic vinegar is a solution of the volatile oils of cinnamon, cloves, lavender, juniper, peppermint, lemon and rosemary in alcohol, vinegar and water. It is used as a cooling lotion in headaches and fevers.

**Ben Franklin's Parents.**  
Benjamin Franklin's father, Josiah Franklin, emigrated to America from England about 1686. His mother, a second wife, was the daughter of Peter Folger, a leading settler, noted for his philanthropy and tolerance.

**The heart of the home.**

The heart of the home is the kitchen, and the enjoyment of the home life largely depends on the good things that come out of the kitchen.

To own a Majestic is the ambition of every housewife who realizes what this supreme quality range would mean to her in better baking and lighter work.

To have a Majestic Range in her kitchen is the hope of every woman who knows how beautiful it is in design and appearance, and how sanitary it is in finish.

Majestic means economy in the kitchen, as well as better baking and less work. Food is saved, because the Majestic's perfectly built oven always bakes right. Fuel is saved, because the cold-rieveted construction is absolutely heat-tight—permanently so. Repairs are saved, because the Majestic frame of malleable iron is unbreakable, and its body of charcoal iron by actual test resists rust 300% greater than steel.

The Majestic is made in only one quality—the best—but there are many styles and sizes. Come, make your choice of the Majestic range for your kitchen.

### KENDRICK LODGE NO. 26. A. F. & A. M.

Meets every second and last Thursday of the month  
E. W. Lutz, W. M.  
M. B. McConnell, Secretary.

### A. H. OVERSMITH

Attorney-at-Law  
Urquhart Building Third Street  
Moscow, Idaho.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.  
F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, 7c.  
Hall's Family Pills for constipation.

### Whooping Cough

This is a very dangerous disease, particularly to children under five years of age, but when no paregoric, codeine or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take.—Adv.

### Softening Hard Putty.

Putty that has become hardened by exposure, as around window glass, may be softened and removed by the use of the following mixture: Shake 8 pounds quicklime in water and add one pound pearlsh, making the whole about the consistency of paint. Apply to the putty on both sides of the glass and let it remain for about 12 hours. It should then be possible to lift the glass out without trouble.

### Leland Items

Remember the picnic next week, Thursday, June 15. A program and speaking by Rev. McKee, District Sunday school superintendent, all in the forenoon, and a ball game and sports of different kinds in the afternoon.

If you don't want to cook a lunch to bring, the Missionary Ladies will serve ice cream, cake, sandwiches, pie, coffee and lemonade and you can buy your dinner reasonably and at the same time help a good cause. The picnic will be held in the grove up the creek, one half mile above Leland.

×Mrs. Herman Koepf came home from the hospital, Monday, where she had undergone a serious operation. She is feeling fine considering what she has gone through.

×Mrs. Ann Larson of Cameron entertained the Leland Missionary Society, Thursday. The attendance was not as large as usual because of the busy season, but those who were fortunate enough to have a way to go, had a very enjoyable day. Mrs. Larson served a lovely dinner at noon to twenty.

×James Winegardner drove to Moscow, Wednesday, accompanied by his father and R. M. Smith.

×Miss Verlie Webster who has made her home with her aunt, Mrs. Chas. Proff, in Montana, for the last two years, is visiting here during her school vacation.

×Mrs. R. M. Smith visited Mrs. Woodward, Wednesday.

×The Arthur Locke family visited relatives in Southwick Sunday.

×Mrs. Julia Flesham entertained at dinner, Sunday, Mr. and Mrs. Frank Flesham, Mr. and Mrs. Ed Flesham and children, and Mr. and Mrs. Yenni and son, Wayne.

×Mr. and Mrs. Dick Winegardner and two daughters of Crescent visited the former's parents, here, over Sunday.

×The McVicker family visited Mrs. Stoneburner at Cameron, Sunday.

×Mrs. Fox and children of Juliaetta are visiting, Mrs. C. Craig, this week.

Fishing seems to be the order of the day around Leland.

The returns from the 8th grade examinations were received last week. The entire class passed. Names of those graduating: Claude Hall, Leha Webster, Ernest McVicker, Helen Eichner, August Hartung.

×Miss Boyd spent Tuesday night with Miss Edyth Winegardner.

### Cameron News

A surprise party was given on Miss Hannah Hartung, Sunday afternoon. Miss Hartung having returned from Spokane, Saturday evening. The afternoon was spent in playing games. At 5:30 a delicious lunch was served consisting of ham sandwiches, cake and ice cream.

×Mr. and Mrs. Tom Dougherty of Southwick visited with Mr. and Mrs. Carl Hartung, Sunday.

×Miss Laura and Minnie Blum were the dinner guests of Miss Wanda Brunstiek, Sunday.

×Wilbert Brunstiek returned from Kendrick, Tuesday after spending a week with friends and relatives.

×Miss Woller had the misfortune to sprain her ankle, Sunday evening, while getting out of a car.

Don't forget the play "Deacon Dubbs", to be given Tuesday evening, June 13th, at the Herman Meyer's ranch.

×Mr. and Mrs. Blum and son, Gus, and Otto Siffow, motored to Genesee, Sunday. From there Gus and Otto went to Lewiston.

×Andrew Entman, returned from Lewiston, Saturday, after having taken treatment for several days.

×Mrs. Aug. O. Wegner is able to be out again after a severe attack of quinsy.

×Miss Elsie and Albert Wegner spent Monday with the Blum family.

Potatoes 2c a pound at Woller's. 23-1t

### Texas Ridge

Al McKee on Lapwai, was a caller on the ridge, Monday.

×Van Ogden was a Moscow visitor last week.

×Mrs. Viola Baker visited Mrs. James Pierce, Sunday.

×Mrs. Texas Bogar and little daughter returned to Post Falls, Wash., after a few week's visit on the ridge.

×Melville Anderson has gone to Clarkia to work.

×Mrs. L. K. Dahlgren was a caller at the Weber home one day last week.

×Mr. McGraw is much better at this writing, after a siege of pneumonia.

×Leonard Miller has accepted a position as salesman in the Deary Hardware.

×Miss Olson of Deary was a week end visitor at the Miller home, a guest of Miss Winnie.

×Carl Drury and family were Sunday dinner guests at the Harry Bak-

er home.

A large crowd attended the dance at Andrew Abrams' place last Saturday night.

×Mr. and Mrs. Orvill Miller of Priest River, Wash., are visiting Mrs. Miller's parents, Mr. and Mrs. L. K. Dahlgren.

×Mr. Benson bought a grain binder of Bennett Anderson.

×Mary Beyer departed Friday for St. Maries.

×Mrs. May Drury is ill at this writing.

×Mrs. Owen Hammond and children and Mrs. Walter Pierce and daughter of Clarkston, are visiting relatives on the ridge.

×Mrs. Bennett Anderson called on Mrs. James Pierce, Monday.

×Albert Pierce had the misfortune to get the third finger of his right hand cut off below the first joint, in a potatoe planter. He was taken to Bovill and the injury attended to by Dr. Gibson.

×Horace Comstock was a business caller on the ridge, Tuesday.

×Bean and spud planting has been in full blast.

### Chamberlain's Colic and Diarrhoea Remedy

Every family should keep this preparation at hand during the hot of the summer months. It is almost sure to be needed, and when that time comes, is worth many times its cost. Buy it now.—Adv.

### Summons

In the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah.

Continental Oil Company, a corporation, Plaintiff,

—vs—

J. C. Lawrence and Jessie M. Lawrence, his wife, Greenville Holbrook and N. J. Holbrook, his wife, Jacob H. Bellinger and Hannah A. Bellinger, his wife, Gilbert E. Potter and Mary E. Potter, his wife, P. W. Lawrence and Katie Lawrence, his wife, H. S. Hollingsworth and Josephine Hollingsworth, his wife, George W. Sutherland and Mary E. Sutherland, his wife, Geo W. Sutherland, Trustee, George W. Sutherland, Trustee, F. H. Sutherland, J. M. Howe, Frank H. Sutherland, Wm. P. Nichols, Wm. Laird and Eurette Laird, his wife, M. S. Freeman, E. H. Ritchie, E. H. Ritchie, Geo. H. Moody, Kendrick Electric Light and Power Company, Limited, a corporation, First National Bank of Kendrick, a corporation, Mrs. R. Saux and W. E. Timberlake, co-partners doing business under the firm name and style of Mrs. R. Saux & Co., Spokane & Palouse R. R. Co., a corporation, Arthur E. Clarke, Annie E. Vollmer Kroutinger, Norma Sallie Vollmer Hopkins, executors of the last Will and Testament of John P. Vollmer, deceased, and also trustees under said Will, Sallie Elizabeth Harbour Vollmer, Mrs. John M. Bonner, Mrs. Arthur E. Clarke, Norma Sallie Vollmer Hopkins and Ralston Vollmer, devisees and beneficiaries under the last Will and Testament of John P. Vollmer, deceased, the Northern Pacific Railway Company, a corporation, Village of Kendrick, a body politic, and all unknown owners of and unknown claimants to the following described real estate situated in Latah County, State of Idaho, to-wit: Lots 7, 8, 9, and 10 in Block 8 in the Town of Kendrick as per recorded plat thereof; also all that portion of Railroad Street in the said Village of Kendrick as shown by the recorded plat thereof, lying and being between Lots 8 and 10 in Block 8 in the Village of Kendrick, and the Right of Way of the Northern Pacific Railway Company, defendants.

The State of Idaho Sends Greeting, To the above named defendants:

You are hereby notified that a complaint has been filed against you in the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah, by the above named plaintiff, the nature of the above entitled cause of action in general terms is as follows: To require the above named defendants and each of them to appear in said action and set forth any right, title or interest that they, or either of them, may have in the above described real estate, and to quiet the title of said real estate in the name of the plaintiff.

And you are hereby directed to appear and answer the said complaint within twenty days of the service of this summons, if served within said Judicial District, and within forty days if served elsewhere. And you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

Witness my hand and seal of said District Court, this 3rd day of June, 1922.

(Seal of Court Affixed)

Harry A. Thatcher,  
Clerk of said District Court,  
By Adrian Nelson, Deputy Clerk.

A. H. Oversmith, Attorney for plaintiff, Residence and P. O. Address, Moscow, Idaho. 23-6t

### NOTICE OF CONTEST

Department of the Interior, United States Land office, Lewiston, Idaho. June 5, 1922.

To Frank V Thompson of Southwick, Idaho, Contestee: You are hereby notified that Donald M. McCrea who gives Kendrick, Idaho, as his post-office address, did on May 4, 1922, regularly file in this office his duly corroborated application to contest and secure the cancellation of your Second Homestead Entry No. 07572 Serial No. 07572 made March 1, 1920, for Lots 1 and 2, and E 1/2 NW 1/4, Section 30, Township 39 North, Range 1 East, Boise Meridian, and as grounds for his contest he alleges that you have abandoned said land since March 1, 1920; and that your failure to cultivate or reside upon said land was not due to your employment in the military or naval service of the United States, or as a member of any organization for offense or defense authorized by Congress.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be cancelled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to these allegations of contest, together with due proof that you have served a copy of your answer on the said contestant either in person or by registered mail.

You should state in your answer the name of the post-office to which you desire future notices to be sent to you.

Hugh E. O'Donnell, Register.  
Ernest L. Parker, Receiver.

Date of first publication June 9, 1922.

Date of second publication June 16, 1922.

Date of third publication June 23, 1922.

Date of fourth publication June 30, 1922.

### NOTICE OF CONTEST

Department of the interior, United States Land Office, Lewiston, Idaho. June 5, 1922.

To Lorenzo Dow Cochran of Lewiston, Idaho, Contestee: You are hereby notified that Walter M. McCrea, who gives Kendrick, Idaho as his post-office address, did on May 4, 1922, regularly file in this office his duly corroborated application to contest and secure the cancellation of your Second Homestead Entry No. 07239, Serial No. 07239 made May 17, 1919 for Lot 7, SE 1/4 SW 1/4, and S 1/2 SE 1/4, Section 19, Township 39 North, Range 1 East, Boise, Meridian, and as grounds for his contest he alleges that you are guilty of non residence on said land since May 17, 1919; and that the failure to cultivate or reside upon said land was not due to your employment in the military or naval service of the United States or as a member of any organization for offense or defense authorized by Congress.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be cancelled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to these allegations of contest, together with due proof that you have served a copy of your answer on the said contestant either in person or by registered mail.

You should state in your answer the name of the post office to which you desire future notices to be sent to you.

Hugh E. O'Donnell, Register.  
Ernest L. Parker, Receiver.

Date of first publication June 9, 1922.

Date of second publication June 16, 1922.

Date of third publication June 23, 1922.

Date of fourth publication June 30, 1922.

## GLEANINGS

Mrs. Betsy Olson and brother, Gust Friedman, accompanied by Miss Helen Friedman, left this week for Comfrey, Minnesota. Mrs. Olson expects to make her home there with her brother.

There have been delays that have prevented the Continental Oil Company from putting in the oil station by the first of June as announced by their representative a few weeks ago. In this issue of the Gazette is the summons for publication to quiet title to their lots in Kendrick. It is reported that as soon as the title has been made satisfactory, work will be started to install the tanks and to construct the warehouse.

Ben Callison and son, Norla, left Thursday morning for the North Fork country after some big trout. They left here with a hack and team. S. P. Callison and C. B. Green expect to leave this morning by auto and will drive as far as they can and continue the rest of the trip with Ben and Norla.

The Epworth League is making arrangements to put in a tennis court between the Midget Gate and the Farmers Bank. The court will be for the use of the League members.

Mrs. Charles Owens and brother, James Gyde, of Wallace, visited the first of the week at the home of Mr. and Mrs. A. V. Dunkle.

Holbrook and Emmett shipped a carload of hogs from Kendrick Tuesday of this week. They have been averaging from one to two carloads of stock a week this spring.

Mr. and Mrs. Arnold Petrick and little daughter of Seattle are visiting at the home of Mr. Petrick's parents. Arnold is working on the cable car line in Seattle and has a vacation of 15 days.

Leonard Sturdevant went to Spokane on business the first of the week.

Mrs. A. V. Dunkle was a Moscow visitor Tuesday.

Mrs. M. F. Roush returned to her home in Spokane, Tuesday afternoon, after spending a week at the home of Mr. and Mrs. Charles Chandler.

Mrs. Stewart Compton underwent an operation at her home in Orofino, Sunday morning. She is reported to be getting along very nicely.

Theo Riley purchased a new Chevrolet car from Roberts Bros. of the Kendrick Auto Co., the first of the week. It is a 1922 Model.

Leslie Roberts was in Orofino on business the first of the week.

George Wilken and Bill Mielke of Cameron received delivery of a Rumley oil pull tractor, Thursday of this week. They expect to use it in their threshing operations this summer.

Don and Walt McCrea arrived Wednesday evening from their homestead in the Three Bear country for a brief visit with home folks.

Ernestine Callison, daughter of B. E. Callison of American ridge, graduated from the eighth grade of the Ursuline Academy at Moscow, Monday. There were eleven graduates in the class.

Miss Clara Bailey left the first of the week for Cheney to enter summer school. She will receive her life certificate from the normal this summer.

Carrie Bunger was a Lewiston visitor, Wednesday.

Walter Thomas of Kendrick and Gus Zieman of Southwick attended the meeting of the Interstate Credit association at Lewiston, Monday. Jody Long of this place was elected third vice-president of the association.

Governor D. W. Davis was in Moscow Tuesday evening to attend the last day of the commencement exercises of the University of Idaho.

Attorney and Mrs. A. H. Over-smith of Moscow left the first of the week for an extended visit in the East.

Wm. Meyer returned Tuesday from a visit over the week end at his homestead in the Three Bear country.

Herman Wilken was an arrival from Lewiston on the afternoon train, Wednesday.

Mrs. Metcalf arrived from Lewiston Wednesday afternoon to visit at the home of Mr. and Mrs. A. G. Wilson.

Jim Holt returned last Friday after an extended visit with relatives in Missouri.

Mr. and Mrs. E. W. Lutz and children and Miss Dorothy Stanton went to Hayden Lake, Monday, to spend the week. Mr. Lutz will attend the bankers' convention before returning home.

Mrs. Fred Crocker contracted a severe case of poison oak this week, in one of her hands. It has been very painful and caused her hand to become badly swollen.

T. Y. Ellis has put a perfectly good new cart on his U. S. mail transfer service, to replace the old one which

proved to be a very poor affair as he has only used it or the past twenty years and it is about ready to all to pieces. He is having new gears, brake bands and clutch put in the old one, which, after being thoroughly overhauled and rebuilt, will be used as an emergency wagon to haul catalogue advertising matter to the postoffice.

A. Wilmot left last Saturday morning with an automobile party over the North and south highway to attend a meeting of the Northwest Electric Light Association, which meets in Boise this week.

"Stiddy there, lion; take it aisy," quavered the Irish zoo attendant in his most soothing and ingratiating tones, as the transfer of a wild beast from one cage to another was being effected. "What's the idea?" queried a comrade. "Calling that hyena a lion?" "Have ye no tact. Can't ye see 'tis flatterin' him I am?"

"A movie star sends her husband a weekly check for a million kisses," notes the Hopkins Journal, and adds sourly: "We'd hate to be in his shoes if the cashier eats onions."

Ben Callison of American ridge is now driving a Buick Six, which he purchased at Moscow the first of the week.

A. E. Wilcox visited his ranch in the Orofino country a short time last week.

Jimmy West, son of T. B. West of Lewiston, was in Kendrick a short time Thursday visiting friends. He and his brother, Herchel, have been working in a print shop at Sedro-Wooley, Wash., for the past 7 months. Herchel is foreman of the shop.

Mrs. Thomas Blevins and daughter arrived Wednesday from Oakesdale to make their home in the Betsy Olson residence. Mr. Blevins is local section boss.

Mrs. C. G. Compton went to Orofino, Wednesday, to visit her daughter-in-law, Mrs. Stewart Compton.

### Awarded School Contract

Myers & Erickson construction company of Lewiston was awarded the contract of constructing a two-story addition to the Troy high school building. The bid of the Lewiston company was \$18,534.34, which was considerably lower than any other bid received. The plumbing contract was awarded to Charles Hahn of Lewiston.

Class rooms will be constructed on the second floor of the addition while the lower part will be converted into a gymnasium. It is hoped to complete the structure before the opening of the fall term.

### Children's Day Program

A special children's day program will be given at the Methodist church Sunday evening. Everybody is cordially invited to attend. There will be no morning service in Kendrick as Rev. Pickering will hold service on American ridge.

### Autos Collide

William May, accompanied by Rufus May and his family, had a collision with another car, driven by a man from Genesee, Wednesday, between Juliaetta and Genesee. Neither car was being driven at a very high rate of speed or serious injuries to the occupants of both cars might have resulted. At it was, one of Rufus May's boys suffered a scalp wound about two inches long, and several other occupants of the car were slightly bruised. Both cars were also somewhat damaged.

### Big Bear Ridge Picnic

The Big Bear Ridge Booster Club Picnic will be held in the grove 1/2 mile east of the Steele school house, Friday, June 23. A program will be held in the morning, consisting of speaking, music, etc. The noon hour will be devoted to the usual picnic lunch, after which there will be athletic sports and a ball game. Immediately after the ball game a dance will be held in Community Hall during the afternoon and evening. Everybody is cordially invited to attend the picnic which is free to all.

### Big Bear Ridge

Miss Bertina Forest returned home Saturday, having spent several months in Spokane.

Mr. and Mrs. T. H. Rognstad, Louie, Joseph, Mises Agnes and Amy Rognstad, Dr. and Mrs. Fite and daughters of Clarkston, were Sunday guests at the A. N. Rogn-

stad home.

Mr. and Mrs. Horace Comstock and children spent last week at Troy.

Miss Wilma Fairfield is slowly recovering from the injuries received in the automobile accident.

Miss Helen Slind was the week end guest of Miss Neva Nelson.

Otto Gladden and Rhineheart Hecht autoed to Spokane last week.

L. M. McGraw of Texas ridge has been quite ill, but is somewhat improved.

Preaching services at the Lutheran church, Sunday, June 11th at 10:30 a. m.

Rev. P. Hesby completed a five weeks term of Parochial school at the Lutheran church, Tuesday.

Dr. and Mrs. A. Otteraaen and Mrs. A. W. Ahl of Kendrick were visitors at the A. Hooker home Monday.

Jack Ferris returned home from near Lewiston, Thursday.

Bean planting is being rushed this week. A large number of acres is planted on the ridge this year.

A most interesting and instructive address on "Extension Service for Women", was given by Miss Ada B. Irwin, home demonstration agent of the extension division of the University of Idaho, Thursday afternoon. Those interested will have an opportunity to join classes in which sewing, millinery and various very practical things will be taught. Further details and dates will be announced later.

The Ladies Aid will serve ice cream, cake and coffee at Taney school house, Saturday evening, June 17. You are cordially invited. Come and bring your friends.

Freedom Based on the Bible. It is impossible to enslave, mentally or socially, a Bible-reading people. The principles of the Bible are the groundwork of human freedom.—Horace Greeley.

### "KING SPRUCE"

Not only the talents but the courage of every actor in "King Spruce" was given through test throughout the gripping picturization of Holman Day's big story of the Maine woods. Though Mitchell Lewis, the star, gets plenty of opportunity for a hero's work, the palm for bravery goes to Mignon Anderson, who in one of the big scenes is seen rushing into the woods with a torch and causing one of the most spectacular forest fires ever staged for the screen.—Ad.

### Why Suffer from Rheumatism?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.—Adv.

### Recommends Chamberlain's Tablets

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minoa, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.—Adv.

### HE'S A LUCKY FELLOW

Who draws the FREE SILK SHIRT at
