Buy Dairy Herd

Star-Mirror: N. Williamson, local breeder of pure bred dairy cattle, closed a deal Monday for the purchase of the pure bred Holstein herd of 30 cows on the North Slope dairy farm, four miles south of Palouse, from C. E. Christopher. These are all six gallon cows or better, Mr. Williamson states, and are fresh or coming fresh. The cows will be brought to Ennis Fallen farm Tuesday, and will be available for farmers wishing to start dairy herds or add to their present herds.

Mr. Williamson states that he bought these cattle in order to give a further impetus to dairying and stockraising in the Moscow district and also to make more milk available for the Purity Creamery, in which he is heavily interested. The creamery is churning an average of about one and one-half barrels of butter per day, and this could be greatly increased, Mr. Williamson states, if the cream was available.

There has been a substantial increase in the number of dairy cows in the Moscow district the past spring, several carloads having been shipped in from Oregon and Washington and other states, and the sentiment of the farmer seems to be in favor of combining stock raising and dairying with other lines of farming.

Freak Duck is No More

Genesee News: Mrs. Mary Herman is mourning the loss of a duckling that promised to receive the attention of many of the curious of this mundane sphere—but, alas! the duckling is no more. It seems that the duckling had come into the world with a couple of extra legs and feet and an extra tail-piece and the little fellow was thriving nicely when a playful pup belonging to the family got too familiar with the said duckling and loved the thing to death. Thus endeth the sad story of a young life that might have interested the curious, at least.

Ray Whitted Seriously Hurt

Juliaetta Record: Word has been received that Ray Whitted, who was working on the railroad near Orofino, was the victim of a serious accident last Monday, in which his leg was broken below the knee and the bones crushed nearly to the foot. He was taken to the company's hospital at Missoula, Mont.

Later—it has been learned that his injuries consist of a broken shoulder and a piece of bone eight inches long torn from his leg. His condition became so bad that he had to be removed from the train and operated on at Spokane. His wife is with him. Mr. Whitted is a son-in-law of Mr. and Mrs. F. D. White of this place. Up till today (Thursday) noon no word had been received as to the operation. The accident was the result of one of the big steam shovels used in the highway work falling on Mr. Whitted.

"Deacon Dubbs", Saturday

The married people of Cameron will put on the comedy, "Deacon Dubbs" at the Herman Meyer place, tomorrow night (Saturday). A big tent has been put up for the show, which is wired for electric lights, and a large stage erected at the rear of the tent. Seating capacity has been arranged to accommodate a large crowd.

This is the second play to be given by the Cameron people recently. The first play was held, June 7, by the Luther League. The weather was very unfavorable, but in spite of this fact, there was a good attendance. The performance will be repeated the latter part of this month, when it is hoped the weather will be more favorable.

There will be a small admission charge to the entertainment tomorrow night. Everybody is most cordially invited.

I. O. O. F. Convention

The district convention of Idaho Odd Fellows and Rebekahs, District No. 18, was held at Moscow Tuesday of this week.

District officers were elected by both orders for the coming year. The Oddfellows elected the following to serve the coming term: Clarence Larson of Troy, president; Jerminie Christie of Troy, secretary; W. H. Laws of Moscow, first vice-president; J. F. Spencer of Troy, second vice-president, and Columbus Clark of Juliaetta, treasurer.

Rebekah officers elected were: Mrs. Firth Larsen of Troy, chairman; Mrs. W. F. Morgareidge of Moscow, secretary; Mrs. Etta Rector of Juliaetta, first vice-chairman; Mrs. Ruth Perkins of Genesee, second vice-chairman; Mrs. Jerminie Christie of Troy treasurer.

American Legion Notes

July 1st has been designated by state headquarters of the American Legion as Membership Day, as part of a nationwide campaign on that day. To carry on the Legion's comprehensive program for the relief of service men during the summer, State Commander Leeper urges a united effort and an all-inclusive membership. By midnight of July 1st, Commander Leeper has requested, each post in the state shall have increased its membership by at least 25 per cent.

State headquarters has been advised that the Republican state convention of Indiana declares in its platform "we acknowledge our indebtedness and gratitude to the veterans of all wars" and "we favor Federal adjusted compensation for World War veterans."

Rifle teams are being organized in several posts of the Idaho Department. Army rifles and a generous supply of ammunition may be received for this purpose through the National Rifle Association.

Word comes to the Idaho department from the far east that fifteen ex-soldiers have formed a post of the American Legion exactly on a spot in Harpoot, Asia Minor, where they say, Adam and Eve first kept house. The Unit is called the Garden of Eden Post. American Legionnaires in Turkey now number 216.

Smith-Powers

Miss Mabel Smith, daughter of Dr. and Mrs. D. Smith of Southwick, was married to Mr. Donald Edward Powers, son of Mr. and Mrs. A. E. Powers of Mabton, Wash. The ceremony was performed at the home of Rev. Crocker, Christian minister of Moscow, on Thursday, June 15, in the presence of Miss Viola McAllister, cousin of the bride, and W. M. Smith, the bride's brother. After their honeymoon they will be at home, July 1, at Mabton, Wash.

Mrs. Powers, who is a most charming young lady, has lived a greater part of her life at Southwick. She is a graduate of the Southwick high school and has taught successfully at Orofino and Ferdinand. Mr. Powers is a prominent young farmer of the Mabton section.

Will Make Coast Trip

Mr. and Mrs. George Davidson and family and Mr. and Mrs. Byard Davidson and family of Colton, Wash., left Wednesday for an automobile tour covering some of the principal coast cities. They will drive to Seattle and Portland and return over the Columbia Highway. They carry a camp equipment, so are independent of hotels and restaurants and can stop where they please.

The Idaho license tags for 1923 will be made at St. Paul at a cost of 11.8 cents a pair. They will have a silver background and gold letters which will be very appropriate for a mining state. The contract calls for 60,000 pairs.

Male Quartet Feature of the Garner Organization

The Singing of the Male Quartet Which Is Included in the Company of Jubilee Singers on the Last Day Will Be Musical Feature of Chautauqua

Professor George R. Garner, who heads the Garner Jubilee Company and male quartet, is the possessor of a wonderful tenor voice and is generally considered to be one of the finest colored vocalists in all America. He has gathered together a group of distinguished colored vocalists, all of whom are either college or conservatory graduates. His organization has attracted attention in the large musical journals of the country. The Musical News of Chicago recently had this to say: "The Garner organization has established a secure place in the world of music and entertainment that is unparalleled in the annals of music. It is the leader in its line. Mr. Garner's singing at the Ziegfeld Theater Saturday thrilled the large audience that gathered to hear this sterling artist."

The male quartet is said to be one of the finest in the country and their rendition of the old plantation songs and Southern melodies is superb. You will be surprised at the large repertoire of the Garners, for it includes many standard and operatic selections.

Threatened Her Life

Tribune: The case of the State of Idaho vs. Henry Bleck, alleged to have threatened the life of his wife, Edith Bleck, was tried in Judge I. C. Hattabaugh's court Wednesday and Bleck was placed under \$3,000 bonds to keep the peace for a period of six months.

Complaint was filed by his wife alleging that Bleck struck her and bruised her, threw a wrench at her head, and threatened that if he could get her in the barn he would knock her head off. When Bleck was arraigned last Monday he resented the charges and asked for investigation, which was set for Wednesday morning.

Lawyers Clay McNamee and J. L. Harn defended Bleck, and Prosecuting Attorney Leo McCarty represented the state. The trial lasted the entire day. Thirteen witnesses were examined, after which the court was of the opinion that the defendant was guilty and ordered that he be placed under bonds to keep the peace.

Mr. and Mrs. Bleck were married seven years ago and have one child. They have been in court at different times for numerous difficulties for the last four years. Recently they have not lived together, the last trouble arising when Mrs. Bleck went to the Bleck ranch near Leland. They have a divorce suit pending.

Kendrick 9, Johnson 0

Last Sunday afternoon the local baseball boys shut out the Johnson team, the final score reading 9 to 0. The Johnson team evidently had an off day, as frequent errors on their part and hard hitting for Kendrick ran up the score in a more or less lopsided manner. While Kendrick made 6 errors, they were scattered and did little damage, except to make Lewis, the local pitcher, work a little harder.

Walter Thomas started the swat fest with a three base hit to left field. Later in the game he got a single and one for two bases. Lewis landed on two for three bases each. Only three hits were made by the Johnson team, all singles, while the locals took 10. The feature of the game was a sensational catch back of second by Perryman.

Battery for Kendrick: Herres and Lewis; for Johnson: Davis and Korter. Dr. Veon umpired and gave perfect satisfaction—even to the bleachers.

White-Roberts

Miss Grace White, daughter of Mr. and Mrs. F. D. White of Juliaetta, was married Tuesday of last week, to Mr. Leslie Roberts of Kendrick. The wedding took place at the home of the bride's sister at Orofino, and came as a complete surprise to the friends and families of the young couple. Probate Judge Snyder performed the ceremony.

Mr. and Mrs. Roberts have rented the D. K. White residence in Kendrick where they will make their home. Mr. Roberts is in the garage business here, being associated with his brother in the Kendrick Auto Co.

Wednesday evening of this week a large crowd of friends of the happy couple assembled at their home and gave them an old fashioned charivari.

Rochdale Company Met

The Kendrick Rochdale Co. held its regular annual meeting at the local office last Saturday, at which time the regular routine of business was transacted. The affairs of the company were found to be in excellent condition. Theo Hanson, manager of the company was unanimously re-elected to serve another year which is ample proof that his work in the past has been eminently satisfactory.

Cloudburst at Juliaetta

Friday afternoon about 3 o'clock, a cloudburst and hail storm visited Juliaetta and did considerable damage to growing crops, to the roads and buried 70 feet of railroad track under three feet of dirt and rocks. Trains were held up for a day until the track could be cleared.

Many gardens were completely buried under soil that washed from the hillsides. Watermelon, tomato and potato patches in a number of places were ruined.

Considerable damage was also reported on Fix ridge and American ridge. Damage was also done to the Brady gulch road, which was closed for a day until the debris could be removed.

J. W. Parkhurst and Eugene Nagele, of Moscow, were in Kendrick Tuesday afternoon, in the interest of the Moscow American Legion post, distributing advertising for the 4th of July celebration to be held there.

Improve Genesee Highways

The famous piece of road between Genesee and the Lewiston grade, known as the "missing link," is being graded and put in shape preparatory to receiving a heavy coat of gravel, thereby making it in the permanent road class says the Genesee News.

The road along the railroad between Genesee and Leon is also receiving its share of attention and is being put in first class shape. This piece of road has always received its share of attention, but will be in better shape in the future than ever before.

The road leading from just below the Ingel school house south is also in good condition and it is understood will receive a coat of gravel before it is entirely finished, which will make a splendid road to the south from Genesee. The farmers of that section, who have had the road graded, are to be complimented on their enterprise.

The Rimrock Highway district is surfacing two miles of their highway between the Gage and Fish ranches. They will also surface a mile and an eighth of road in the Theo. Schlueter district.

Other sections of road are receiving attention and, taken all in all, the Genesee section will have as good roads as can be found anywhere in a like community ere tall rolls around.

Death of Edward Ameling

Edward Ameling, one of the best known farmers of the Potlatch country, died at his home on American ridge, Saturday morning at six o'clock. While he had been ill for over a week, his death was very unexpected as his illness was not thought to be of a serious nature. Funeral services were held on American ridge Monday afternoon in the presence of an immense crowd of his friends and neighbors, Rev. Rein of Cameron, having charge of the service.

Ed Ameling was a man of sterling character. His life had many milestones of kindly deeds that will be cherished by his host of warm friends. His death cast a shadow of sadness over the community as his genial, kindly manner had endeared him to all who were associated with him. A sketch of his life will be published in the Gazette next week.

Born to Mr. and Mrs. Ira Bolon, Sunday, June 11, a daughter.

Lightning Killed Horse

Harry Langdon and his little son of American ridge had a narrow escape from death last Friday afternoon during the thunderstorm. They were in the barn taking care of the horses when a bolt of lightning struck the building, followed a 6x6 timber at the front of a stall, knocked Mr. Longdon, his son and two horses down. When Mr. Langdon regained consciousness he was lying at the rear of the stall. His son was screaming from fright and two of the horses were lying in a heap, apparently dead.

Mr. Langdon carried the boy to the house and after learning that he was not injured, returned to the barn where he found one horse dead, the other still in a "shell shocked" condition. The big timber at the front of the stall had broken in two like a match. Although the barn was full of smoke, there wasn't a sign of fire anywhere. The timber that had been broken by the bolt wasn't scorched in any way, nevertheless the building was full of blue smoke.

Mr. Langdon escaped death by a margin of probably five seconds, as he had just tied the horse in the stall and was walking away from it when the lightning struck. Had he been standing at the horses head a few seconds later, he would have certainly been killed.

Game Warden Makes Report

The first annual report ever to be published by the state game department was issued Tuesday by Otto M. Jones state game warden at Boise. The law requires the publishing of a biennial report but in his introductory statement Mr. Jones says that the department feels the sportsmen of the state are entitled to all possible information.

The report shows that the gross receipts of the department for 1921 were \$163,536.16 and that \$147,455.60 of this was from the sale of licenses. The department had a balance January 1, 1921 of \$50,873.68 so that for the year the total money available was \$214,409.84. Disbursements for the year totaled \$168,507.25, so that, beginning the first of this year, the department had a balance of \$45,902.09. In the classification of disbursements, the report shows that \$85,003.21 was paid in salaries. Transportation of persons cost the department \$24,334.42 in 1921. Fines collected amounted to \$12,153.84.

During the year the fisheries section of the bureau handled 13,603, 120 fish of all kinds. About four and one-half million of these were eastern brook trout and 4,747,500 were rainbow trout. The fisheries section also handled more than two million yellow perch.

Lavina Amelia Lantry

Lavina Amelia Lantry, daughter of H. P. Hull passed away June 10, 1922, while on a visit with her husband at Colville, Wash. Her sudden death was a great shock to her family and friends.

Mrs. Lantry was born at Warrensburg, Missouri, Nov. 22, 1866. She was taken ill Friday evening and lived but a few hours afterward. Funeral services were held at Spokane and her remains brought to Kendrick for burial beside the grave of her mother. A short service was held at the grave Wednesday afternoon.

B. F. Lantry is assistant superintendent of the Great Northern Railroad. He and his wife lived in Kendrick many years ago, when the Northern Pacific railroad was being built through here. He was a telegraph operator at that time.

Mrs. Lantry is survived by her father, husband, one son, Harry, two daughters and five grandchildren, her grandmother, one brother, Charles, and a sister, Mrs. Maud White.

Mr. Lantry and son, two daughters, a nephew and sister, Mrs. White, were present at the burial service here.

The Home of the Soul

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—Adv.

Deary Press: Nobody has undertaken to figure out the benefit the rains of the past two days have been to the crops. Anywhere from a million dollars up, on a rough guess, will catch it. The rain started Thursday with considerable thunder and lightning, but apparently the precipitation was over a limited area. The ridges report plenty of good, wet rains—a little overdone in spot; but very helpful to the crops. Pete Olson, coming from Troy Thursday evening after the heavy rain here, said there was none there.

Election Information

The following facts pertaining to the approaching primary and general election, published in a recent issue of the Tribune, should be familiar to all citizens of Idaho:

Terms of legislators begin Dec. 1, following the election; terms of state officials begin on the first Monday of January succeeding their election. The date for the year 1923 is January 1; legislative sessions convene on the first Monday after the first day of January succeeding the election. The date the 1923 session will convene is January 8.

The following are the convention and election dates for the year 1922: The primary election will be held on the first Tuesday of August, that is August 1, 1922.

The county conventions will be held on the third Tuesday of Aug., that is August 15, 1922.

The state central committee will organize on the fourth Tuesday of August, that is, August 22, 1922.

The state conventions will convene on the fourth Tuesday of August, that is, August 22, 1922.

The general election will be held on Tuesday succeeding the first Monday of November, that is, November 7, 1922.

The state board of canvassers meet August 16, 1922, to canvass the vote of district judges.

Theo Hanson went to Spokane, Wednesday, on a business trip. He expects to return tonight.

Miss Josephine Winters of Spokane arrived Sunday to visit her aunt, Mrs. William Rogers. From here she will get to her home in Minnesota.

The members of the Sunshine Club entertained their husbands at a picnic supper in the park, Wednesday evening. The table was bountifully filled with good things to eat and very prettily decorated with roses and syringa. There were about thirty people at the table who most thoroughly enjoyed the affair.

Albert Moskop of Spokane was called East on account of the critical illness of his father. Mr. Moskop was proprietor of the drug store here a number of years ago.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c. P. J. CHENEY & CO., Toledo, O.

POULTRY CACKLES

LESSEN BROODINESS OF HENS

Every Ambitious and Enthusiastic Poultryman Tries to Restrict Its Development.

(Prepared by the United States Department of Agriculture.)

Broody hens, like wayward children, are a great discredit to their parents and a source of annoyance to all who have to do with them. That is why one of the greatest concerns of every ambitious and enthusiastic poultryman is to restrict the appearance and development of broodiness in his flock. The United States Department of Agriculture has found that broodiness can be reduced very markedly by careful, rigid and persistent selection.

At the Massachusetts experiment station, where a detailed experimental study of broodiness has been made, it

The Early Hatched Pullet is the One That Begins to Lay Early in the Fall.

was ascertained that previous to the practice of selection the average hen in the flock was broody 3.88 times a year. After painstaking selection was practiced for five years, this tendency to broodiness was reduced so that the average egg producer in the flock developed broodiness only 0.36 times a year. A study of the correlations between broodiness and egg production shows that pullets that are very broody tend to lay relatively few eggs between their broody periods.

There is no one dominant cause of broodiness among poultry. Genetically, there occur four distinct types of nonbroodiness and one of broodiness. It is believed that birds showing only a slight tendency to broodiness belong in the same class as the nonbroody fowls, as each has about the same proportion of broody offspring. The determination of broodiness is complicated by the fact that birds that are not broody during the pullet year may become broody during their second or third laying season.

CHAUTAUQUA

POULTRY NOTES

Feed a dry mash.

A fat hen is not a good layer.

Feed grain once or twice a day.

Feed table scraps and kitchen waste.

Brooder lamps should be cleaned every day.

Powder the chicks occasionally during the first eight weeks.

The flock with shelter from storms and with clean surroundings has the best protection against disease.

You Are Choosing Today

between spending a little for paint now
or spending heavily for repairs later

YOU can't escape the choice. Either your buildings are well protected by paint or they are rotting and will require repairing or rebuilding within a few years.

Check the costs. Find out how much more it will cost to repair or rebuild your property than it will to protect it with paint. Rotting buildings are a waste and an extravagance.

When you paint use the best paint. It costs less in the long run. It spreads more easily—saves labor cost. It covers more surface per gallon than "cheap" paint.

But most important, the best paint serves you five or more years longer than "cheap" paint.

We have been making the best paints for 73 years. They are scientific in formula and preparation. They meet the weather conditions in the West.

They contain the finest materials—PIONEER WHITE LEAD, pure linseed oil, pure zinc, and pure colors—combined scientifically in exact proportions with long-time skill.

Mrs. S. H. Fry arrived from Moscow Saturday for a few days visit with her son and family.

Nora Veach and Jim King of Lewiston spent a few days the first of the week at the home of her uncle, C. E. Fonburg.

Miss Anna Smith, having just graduated from the normal returned home Saturday with her sister, Eva, who attended the commencement exercises. They were accompanied home by Mrs. Olive Hopkins, teacher of history, and Miss Eva Peterson, also a graduate of the Normal.

Arley Allen spent Sunday at the Kibburg home at Burnt ridge.

Mr. and Mrs. Frank Farrington returned from Lewiston, Sunday. Mr. Farrington had the cancer removed from his lip and it is healing nicely.

U. S. Chaney was on the ridge Monday, demonstrating the New automatic sewing machine. Mr. Chaney is making headquarters at Southwick and expects to canvas all the surrounding country.

Travelers over the Kendrick road greatly appreciate the recent work done, which has put the road in fine condition.

Big Bear Ridge

Remember the date of the Booster Club picnic, to be held in the grove a quarter of a mile east of the Steele school house, Friday, June 23rd. The program will be given in the morning. Bring your picnic dinner which will be spread on a long table, and enjoyed in the usual social manner. The afternoon will be devoted to athletic sports, while a dance will be held in the hall in the evening.

This event is always a reunion of friends and pioneer settlers of the ridge. Surely you will not miss it. Everybody is cordially invited.

Rev. G. A. Morton of Kendrick will hold union services at the Steele school house, Sunday, June 18th, at 11 a. m. Everybody welcome.

Misses Agnes and Opal Jones have gone to Lewiston to enter the State Normal.

Miss Claribel Ingle came up from Clarkston Saturday for a visit with home folks. Miss Evelyn Tesch and Miss Brown accompanied her home for a visit.

The Taney school regretted to hear that Miss Lacey had accepted a position to teach near Mohler as she was urged to return to Taney in the fall.

N. E. Ware has improved the appearance of his home by treating it to a coat of paint.

Mr. and Mrs. Lester McGraw

spent Friday at the Roy McCay home in Moscow.

Ole Lien returned home from Spokane, Monday, and states that Mrs. Lien is recovering nicely from her operation.

The Lutheran Ladies' Aid will serve ice cream, cake and coffee at the Taney school house, Saturday evening, June 17th. Come and bring your friends.

Gabriel Forest and sister, Miss Bertina, and Miss Emma Nelson were Pullman visitors Sunday.

Mrs. N. E. Ware returned home from Orofino last week. Her daughter, Mrs. Stuart Compton is recovering nicely from her recent illness.

GLEANINGS

Miss Dirks of Lewiston was in Kendrick last Saturday visiting friends.

J. B. Helpman arrived last Saturday from Portland for a brief visit with his daughter, Mrs. Frank Boyd. From here he returned to his home in Northport, Wash.

The Callison-Green fishing party returned from the North Fork the first of the week with glowing accounts of the splendid fishing there. They got the limit.

Prof. L. A. Daniel left Tuesday for Pullman where he will attend summer school. He is working for a Master's degree.

Miss Winifred Mellison returned to her home at Everett, Wash., after visiting here with her sister, Mrs. W. M. McCrea.

Rev. and Mrs. Howard W. Mort of Oakesdale, Wash., visited at the home of Mr. and Mrs. Joe Gardner last Saturday. From here they went to Lewiston where Rev. Mort assisted with the Sunday services at the Methodist church of that place.

Miss Virginia Dermott of Moscow spent the week end at the home of Mr. and Mrs. W. M. McCrea.

Dr. Ted Watts and son arrived Tuesday afternoon from Seattle to attend the funeral of Ed Ameling, who was an uncle of Dr. Watts. He also visited at the home of his brother, Will.

Mitch Blackburn and family of the Cavendish section visited at the home of Mr. and Mrs. C. C. Blackburn the first of the week.

Considerable damage was done to the Walter Housley place, just outside of the town limits at the lower end of town, by the heavy rains last week. Much of his garden was completely destroyed, as soil was washed down Brady gulch and was swept over the flat around the house, completely covering the plants.

The Kendrick ball team will play Juliaetta here the first day of chautauqua, Tuesday of next week. Each team has won a game, so there is an unusual amount of interest in the big event next week.

Mr. and Mrs. A. R. Shumaker of Pullman spent the week end at the home of Mr. and Mrs. G. G. Oldfield. They drove down in their car and Monday morning when they started home they burned out a connecting rod, on the American ridge grade. They brought the car back to Kendrick and returned home on the train in the afternoon.

Pete Stump of Southwick was a Lewiston visitor the first of the week.

A number of farmers in the Potlatch country had to replant their beans this week, on account of the heavy rains, which washed the ground in many places as deep as it was plowed. One bench rancher on Little Bear ridge had his well completely filled up with soil and rocks that had been washed from the hillsides.

In writing up a meeting of the Kiwanis club of Pullman, the Herald says: "One of the features of the program was a number of southern negro poems and stories by George Washington Jones, versatile negro, whom investigation proved to be none other than 'Bob' Shumaker of the Liberty Theater." From the above write-up the readers of the Gazette will be informed of the fact that Bob is still up to his old tricks.

G. W. Fleshman of Potlatch ridge is becoming an enthusiastic poultry man. Some time ago he bought 200 day-old chicks from Hanson of Oregon. They are now six weeks old and he has 175 left of the original 200. He says the roosters have already begun to crow and he has a barnyard chorus every morning. His chicks are from 300 egg producers, so he is planning to make a killing with eggs next fall.

Arthur Wegner, son of Carl Wegner of Kendrick, returned from dental school at Portland, Tuesday afternoon. He will spend the summer in the Potlatch.

It will help the local ticket committee if you buy your chautauqua season ticket now. The ticket will cost just as much next week as it does now, so there is nothing gained by putting it off. If you buy a season ticket and attend only half of the entertainments you are ahead of the game.

A young Kendrick wife, who has all kinds of confidence in the sobriety of her husband, is wondering. When he took off his shoes one night, tip-toed quietly into their bedroom at an early hour to avoid waking her, he tried three different times to pick up a square of moonlight on the rug, then stepped over it.

There must be a good auto mechanic in Kendrick. Byard Davidson, who lives not far from Pullman, brought his Buick car here to have it overhauled.

The Kendrick ball team will go to Lapwai, Sunday, for a game with the Indians.

W. A. McGhee of Summit, Idaho,

was in Kendrick, Wednesday, transacting business.

Jesse Hoffman of Leland has filed as a republican candidate for the office of county commissioner of the third district, Nez Perce county. Leroy J. Southwick has also filed as a candidate to succeed himself, having held the office for the past 8 years. He is now chairman of the board of commissioners.

Summer school at the University of Idaho and Lewiston Normal began Monday of this week, with large enrollments at both institutions.

Miss Edith Compton arrived Tuesday evening from Boise, (where she taught school during the past year), for a short visit with her parents here. She left Thursday morning for Portland where she will join a party of girl friends from Boise and from there they will leave for Los Angeles, California. She will spend six week at normal school at Berkeley, Cal.

Mrs. N. C. Thomas and son, Othar, left Wednesday for Moscow to visit at the home of Oscar Thomas.

Miss Marie Webb of Reubens is a guest of Mrs. F. E. Erickson.

Frank Byrne imported a fine Poland China male hog last week from the Funk herd at Cottonwood. Mr. Byrne is getting some fine registered Poland China stock on his farm on the Potlatch and has been improving his herd every year.

Harry M. Driscoll of Troy was transacting business in Kendrick, Wednesday afternoon.

It was announced Wednesday that effective immediately the Northern Pacific will give a daily freight service between Lewiston and Spokane, excepting Sundays, in place of the tri-weekly service now followed. This schedule is similar to the one placed in operation last year and will probably last during fruit shipping season, being adopted particularly for the benefit of the growers and shippers of fruits and vegetables.

The local banks closed Thursday in observance of Pioneer Day, which is, according to the statutes, a legal holiday.

N. Williamson and son of Moscow were transacting business in Kendrick, Thursday morning.

Herbert Helms of Oakesdale, California, arrived Thursday morning for a visit at the home of Mr. and Mrs. H. P. Hull. Mr. Helms clerked in Hull's Department Store about 17 years ago. He married a daughter of Mrs. S. B. Crow shortly before leaving Kendrick.

Trip To The Coast

Mr. and Mrs. G. M. Lewis of Coeur d'Alene arrived Tuesday evening for a short visit with Mr. Lewis' sister, Mrs. S. P. Callison. They were finishing a very pleasant auto tour of coast points, having visited Seattle, Tacoma, Portland and other places of interest. They left Coeur d'Alene June 4 and on reaching Kendrick had covered 1100 miles. They reported the roads to be very good with a few exceptions where detours were necessary.

Recommends Chamberlain's Tablets

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minoa, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.—Adv.
