Clerk of the district court, Thos. D. Barton.

Prosecuting attorney, John L. Phillips.

County assessor, James L. Armstrong.

County coroner, Dr. J. M. Lyle.

County surveyor, Fred Erskine.

John O. Carr

John O. Carr was born December 30, 1868 at Baraboo, Wisconsin. He came to Linden, Idaho, in 1891, where he has since made his home. He was married to Mrs. Susan Kirchknopf, November 5, 1916. Being one of the oldest pioneers in the community he was well known throughout the whole Potlatch country. He will always be remembered as an honest, hardworking, accommodating neighbor.

Three times during his residence at Linden he has had the sad misfortune of losing his mind, the last attack occurring June 21st, death resulting, June 28th at Orofino.

He leaves to mourn his absence his wife, Mrs. Carr, five step-children, Mrs. Henry Lacer, Mrs. Elmer Hudson, Joe, Toney and John Kirchknopf; brother, James Carr of Lucile, Idaho; four sisters, Mrs. Hattie Shepherd of Winona, Minn; Mrs. Gertrude Peller of Merrimac, Wisconsin; Etta Thoron at Weston, Oregon; Mrs. Jessie Baker of Lucile, Idaho, besides other relatives and a large circle of friends.

Funeral services were held in the Gold Hill church, Sunday, July 2, at 11 o'clock. Interment was made in the Linden cemetery.

Outside relatives in attendance at the funeral were: James Carr of Lucile, Idaho; a stepson, Joseph Kirchknopf of Spokane, Wash; Mr. and Mrs. Ed Patterson of Weston, Oregon, the latter his niece; and a nephew, Willie Cable, of Weston, Oregon.

Vacation Bible School

Don't forget the D. V. B. S. beginning July 10, in the Presbyterian church. The churches of Kendrick are all set to give the children two of the happiest weeks of their lives. A continual round of instruction and pleasure, most pleasing and valuable subjects, presented in the most interesting way by the best of instructors. There will be music, supervised play, Bible stories, character talks, toy-making, sewing, hammock weaving, photography, picnics, games and everything to delight the hearts of the boys and girls.

Buys Car For Daughter

Star-Mirror: Mr. A. Hooker, a prosperous rancher on the Big Bear Ridge, presented his daughter, Miss Johanna, with a new 1922 Buick touring car Wednesday. The car was delivered to Miss Hooker Friday by Mr. Hedge of the Hugo Motor company, Buick dealers.

Boy Fell From Truck

Tribune: The 3-year-old boy who dropped from an auto truck while it was descending the Lewiston Hill highway about 10:30 o'clock Monday night, was found Tuesday morning at 5 o'clock clinging to a wire fence along the side of the roadway. The boy was crying aloud when picked up and was badly scared over his night's experience.

The boy was found by Mr. and Mrs. Chamberlain of Clarkston, who were driving to the celebration at Genesee. When the first sound from the boy was heard Mr. Chamberlain thought it was campers but Mrs. Chamberlain thought it best to investigate resulting in finding the boy. A taxicab driver met the Chamberlain car and asked if they had seen the lost boy and at that time he was in the Chamberlain car. The little fellow was then turned over to the taxi operator and restored to his parents. He was not in the least injured.

The first word of the happening reached the sheriff's office and that of the chief of police as soon as the parents of the boy and their three other children arrived at the municipal camping grounds when he was first missed. Sheriff Welker, Police Officers Card and Harris and Fireman Howard Roberts upon being informed of the affair immediately arranged to journey over the hill. The ascent was made very slowly and the officers peered to every part of the roadway and into the canyons. Coming back the searchers walked for almost the entire distance, and not a trace of the boy could be found. It is presumed that during the first two trips by the officers he was asleep.

Officer Harris made three trips to the top of the hill, on one of which he went four miles beyond the summit. The word had been passed along among those traveling the road at that hour of the night and morning to keep a sharp lookout for the lost child and report to Lewiston if found.

The parents of the boy were traveling from a point about two miles out of Spokane, they informed the officers. The name of the father was given as A. R. Scole. It seems the little fellow was resting on top of a tarpaulin covering the contents of the truck when he fell to the road way. The distance from the resting place to the ground was estimated at about six feet, and how the boy escaped injury is remarkable.

Needed in Idaho

A Louisville man tells of an incident during the sessions held in his city of a Sunday school convention, with delegates from all the states.

In answer to the roll call of the states, reports were verbally given by the various state chairmen. When Texas was called, a big man stepped into the aisle and in stentorian tones exclaimed:

"We represent the imperial state of Texas. The first white woman born in Texas is still living—she has now a population of over 3,000,000."

Whereupon a voice from the gallery cried out in clarion tones:

"Send that woman to Idaho—we need her."—Ex.

Orofino 8, Kendrick 4

The baseball game played between Orofino and Kendrick at Cavendish, July 4, was won by the former by a score of 8 to 4. Three times during the game Kendrick had three men on bases but failed to score. On account of rough grounds both teams made frequent errors. Rocky and Forest were the battery for Kendrick.

E. E. Bechtol Harry Stanton and Ted Deobald spent several days the first of the week at the Bungalow, which is about 35 miles beyond Pierce City. They report fishing to be fairly good, but like all places that can be reached by automobile, not as good as it might be.

On the Road of Good Intentions

Monday

Voters Must Register

Those who wish to vote at the primary election this year must register. It makes no difference whether you voted at the primary election two years ago or not, if you want to vote August 1, you must register on or before Saturday, July 29. Mrs. W. M. McCrea has charge of the registration books at the Farmers Hardware. Registration has been very light to date, but it is expected that from now until the books close on the 29th, there will be practically the usual number registered.

Big Bear Ridge

John and Ed Galloway have purchased a new Chevrolet car.

Mr. J. J. Shind entertained the Lutheran Ladies' Aid, Monday afternoon.

Mrs. Harold Steel of Enterprise, Oregon was visiting Miss Johanna Hooker last week.

Miss Doris Olson returned to her home in Spokane, Saturday, having visited Miss Bertina Forest.

Mrs. Rufus May returned home from a Lewiston hospital, Thursday. She is recovering nicely, having undergone an operation for appendicitis. Mr. and Mrs. D. Stevens and children, Mr. and Mrs. John Nelson and daughters of Farmington, Wash., spent Sunday with friends here.

Ingvald Aas of American ridge spent Sunday with relatives here.

A large crowd from here autoed to Cavendish or Moscow to celebrate the fourth, while a number enjoyed picnic dinners at Atwater Lake or at some nearby grove.

Roy Thayer and Rhinehart Hecht have returned home from Lewiston.

Mrs. Rachel Reid returned to her home in Oregon, having visited at the home of her son, Wallace.

(Omitted last week.)

Mr. and Mrs. A. N. Rogstad and children spent the week end at the T. H. Rogstad home in Clarkston.

Mr. and Mrs. Halvor Lien were Lewiston visitors the first of the week.

W. L. Hedge of Moscow, A. Hooker and daughter, Miss Johanna, and Mrs. A. W. Ahl of Kendrick motored to Spokane, Monday, returning Tuesday.

Miss Claribel Ingle has gone to Berkeley, California to spend the summer.

Campers Return

Dr. Kelly and Floyd Walker returned from their trip to the Red River Hot Springs country, Wednesday. They left the springs early Wednesday morning and arrived in Kendrick at 10 o'clock the same night. It required almost continuous driving for 18 hours to cover the distance of 168 miles as the roads were very rough in places.

Mrs. Walker and Mrs. Kelly were left very comfortably situated in camp at the springs where they will remain for several weeks.

Fishing was good in Red River but will be better later as the water is still quite high. The party saw elk and deer at the springs soon after they arrived there. The men folks expect to return after a few weeks and bring their wives home.

Fire at Juliaetta

On the evening of July 3 two distinct fires caught in the dwelling owned by William Beard of Juliaetta and occupied by Charles Noble and family. Both fires are supposed to have been started by sky rockets. Mr. Noble had just succeeded in putting out the first fire when the roof was seen to be ablaze. A fire alarm was turned in and the flames were soon extinguished. The house was insured. A new roof will be necessary.

Cavendish Celebration

Kendrick was well represented at the Cavendish celebration, July 4, as a greater part of those who celebrated out of town, headed for Cavendish. It was estimated there were approximately 2,000 people there. The ball game, bucking contest, wrestling match and bowery dance were the principal amusement features.

Sam Kingsberry arrived the first of the week from the Big Bend country where he is farming 2,000 acres of land. Mr. Kingsberry farmed for several years on American ridge and is well known in this section. He is looking for a location here as he says the Potlatch country suits him better than any. His sentiments are to the effect that when there is a short crop in the Potlatch, the crop is short most everywhere else.

Idaho Legion News

Boise— Hundreds of ex-service men in all parts of Idaho will trek to Nampa next month, when the Fourth Annual Convention of the American Legion, Idaho Department, will convene there on July 27th and continue for three days. Reports reaching state headquarters indicate an unusually large attendance.

Hanford MacNider, National Commander of the American Legion, has definitely accepted the invitation of the Idaho Department to attend the convention. He will arrive in Nampa on July 26 and will attend the opening session. Arrangements have been completed for him to address the convention and also to give a public address.

General John J. Pershing may also attend the convention. He will be in Montana a few days before the convention opens, a fact which has encouraged Nampa Legionnaires to hope that he may be induced to visit their city at the time of the convention. An invitation for him to do so has been extended to him through the War Department.

Business men of Nampa have pledged \$1,000 to the Nampa Legion post with which to provide entertainment for the ex-service men who will be guests of the city for the three days. A baseball tournament between teams of the Western Idaho League, a boxing and wrestling carnival, a monster banquet for all delegates and visitors, a big dance, and many other attractive features are being planned for Convention week.

The last night of the convention will be turned over to Les Societe des 40 Hommes et 8 Cheaux, the "playground of the American Legion." This organization will stage a promenade, a banquet and initiation of candidates from all parts of the state.

Soon Begin State Highway

Deary Press: The highway commissioners are now negotiating for the right of way for that portion of the Moscow-Bovill state highway lying between Deary and Helmer, at which point the road will connect with the construction by the Bovill district. Except for surfacing, the road will, when this strip is completed, be finished from Deary to Bovill. At the latter point it will intersect the state highway running from Elk River north, which is now under construction.

The commissioners have made a number of trips over the ground, and have decided to follow the survey, which parallels the railroad for practically the entire distance. As soon as the right of way can be secured it is expected that construction work will be started.

Meteor Passed Over Genesee

Genesee News: Thursday evening last, about 10 o'clock, a huge fire ball traveling at a terrific speed, passed over Genesee and was witnessed by several Genesee citizens. At first it was thought to be fireworks, but as it approached nearer, its size and varied colors denoted something greater than the handiwork of man. It barely missed the brow of the hill as it traveled over toward Lewiston. Reports later, state that it finally landed near Lake Waha, where many visitors from Lewiston and Clarkston went to view it.

Kendrick 5, Orofino 4

Kendrick defeated Orofino here Sunday in rather a slow game of baseball, by a score of 5 to 4. On account of the extremely hot weather neither team had much "pep" and as a result the game was rather lacking in interesting features. Numerous errors were recorded against both teams.

Shepherd pitched for Kendrick and struck out 17 men. In the last inning Orofino had two men on bases and nobody down. Perryman made an unassisted double and the next man up fanned.

Latah County Candidates

Following is the list of candidates who have filed, and the office for which they have filed in Latah County:

Sheriff—Republican, John L. Woody, O. W. Beardsley, Edward H. McConnell; democrat, James J. Keane.

Hen is of Age

Julietta Record: Walter Clark brought to town today (Thurs.) with a number of other chickens which he sold to Wm. Fields of the Julietta Meat Market, a hen which he claimed was 21 years old. The hen raised by him and he states that she was an excellent layer for 19 years or up till two years ago, since which time she ceased to be profitable to her owner. She is a mixed breed and has a deformed bill and despite her age looks like she would live several years yet provided she does not lose her head along with her companions who are headed for the Spokane market. In outward appearance she looked some what tough, plainly showing that she is no spring chicken. This fact, however, may not be an indication of the hen's food qualities. Anyway Mr. Clark says he is certain that anyone with an iron jaw and a good set of molars can dispose of her with no great difficulty.

Carlson For Assessor

George Carlson of the firm of the Carlson Hardware Co., of this place, last week filed as a candidate for the nomination for assessor of Latah county, on the democratic ticket. Mr. Carlson is in every way qualified for the office. His business training and experience have been such that his ability to handle the affairs of the office are beyond question. He is well and most favorably known in this part of the country and will pull a heavy vote in the general election next fall. Kendrick is glad to furnish a man as a candidate for county office that has the splendid reputation for honesty and efficiency as has Mr. Carlson.

Death of A. Emtman

Word reached here Monday of the death of Andrew Emtman, who for many years conducted a store and was postmaster at Cameron. His death occurred at a Moscow hospital, following an illness of several months. The deceased was a member of both the Odd Fellow and Masonic lodges, as well as a member of the Shrine at Lewiston. He was a man of retiring disposition but was held in high esteem in this community where he had many friends. Funeral services were held at Spokane where members of the family have their home.

Leland Items

Quite a number of the Leland people celebrated at Cavendish the 4th.

Mr. Bennett, who was hurt in a runaway sometime ago, is staying at James McVicker's and being treated by Dr. Seely. He was quite sick last week and it was feared he was hurt internally, but he is doing nicely now.

A trained nurse was called last week for Mrs. Herman Koopp and we are glad to report that Mrs. Koopp is improving nicely at present and hope to soon see her out again.

Little Robert Smith was quite painfully, but not seriously, burned in the eye with a fire cracker the 4th.

The Hansen family, who moved here a month ago from Cavendish, are moving to Palouse, Wash.

Miss Laura Thornton and William Dawson were united in marriage last week.

There was quite a little excitement Wednesday afternoon, when Mrs. Hund's wood house was reported on fire. Most of the villagers ran with pails but when they reached the place the fire had been extinguished by the neighbors, with little damage other than a good sized whole burned through. It was thought to have caught from fire crackers which the children had been firing shortly before.

The baptizing which was to have been next Sunday afternoon in the creek at Juliaetta will be postponed until Sunday, July 16, on account of some applicants who could not be here Sunday.

Linden News

Miss Joycie Hunt, who is attending summer school at the Lewiston State Normal, came home Saturday to spend the 4th.

Dr. and Mrs. John Risley and family motored from Palouse, Saturday, for a few days visit at the Smith home.

Haying holds full sway on the ridge these days. Crops, look fine but every farmer is wishing for a good rain.

Mr. and Mrs. James Langdon of Juliaetta attended the funeral Sunday, and visited at the Allen home.

We wish to thank the neighbors and friends for their kindness during our recent bereavement and for the beautiful floral offerings.

Why Suffer from Rheumatism?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.—Adv.

DAIRY FACTS

SAFE MILK SUPPLY INSURED

Suggested That Two or More Small Towns Hire Inspector and Maintain Laboratory.

(Prepared by the United States Department of Agriculture.)

Milk inspection is of prime necessity. In most of the larger cities laboratories are maintained where bacteria counts and chemical analyses are frequently made on samples collected from retail delivery wagons, stores, and restaurants. But the small cities and towns that cannot afford the expense of a tester and laboratory find it hard to give proper supervision to their milk supplies.

The United States Department of Agriculture suggests that a practical

Cleanliness is Essential to the Production of Milk of Low Bacterial Count.

way for such cities and towns to insure a safe milk supply is through the co-operation of two or more adjacent towns in hiring a milk inspector and maintaining a laboratory. The cost of supervising such a plan may be prorated among the different towns on the basis of population without the expense being burdensome to any one of them. State and federal authorities are always willing to co-operate in work of this sort.

This plan of town co-operation in milk and dairy inspection has been carried out in different parts of the country, probably the most conspicuous example being the group of towns in northern New Jersey known as "The Oranges." In these towns the plan has been in use for a number of years with results that have been very satisfactory to all concerned.

1001 THRILLS

The Home of the Soul

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—Adv.

Get Cow Into Shape.
In order to get the cow into the best physical shape for the calving time, it is advisable to feed her some linseed oil, a quart of the raw product per dose, as this will clean out her digestive tract.

Value of Boarder Cow.
Saving \$55 or \$60 worth of feed for a boarder cow added to what she'll bring as dressed meat means maybe a hundred dollars in the pocket, which isn't a bad price for a cow that's no good anyhow.

Whooping Cough

This is a very dangerous disease, particularly to children under five years of age, but when no paregoric, codeine or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take.—Adv.

DAIRY HINTS

SECRETS OF DAIRY SUCCESS

Two Big Things Are Proper Care and Feed, Says Specialist of Oklahoma College.

"Two great secrets in dairying which have been the reason for the success of thousands of dairymen are proper feeding of cows and proper care of cows," says A. C. Baer, head of the Dairy Husbandry department of Oklahoma Agricultural and Mechanical college.

"Thousands of cows would be profitable and good cows if they were given a chance; if they were properly fed, housed, and cared for.

"Good feeding means to give cows enough feed to produce milk and the right kind of feed to produce milk. Most of the feed for cows ought to be grown on Oklahoma farms. Alfalfa hay is the best dairy cow feed which can be grown. Corn and sorghums, such as kafir and darso, can be grown for the silo. Ensilage on a dairy farm or any farm where dairy cows are kept provides succulent feed and is indispensable.

"Most of the grain for cow feeding can be grown on the average Oklahoma farm. A good grain mixture for milk cows is as follows: 4 parts ground oats, 3 parts bran or alfalfa meal, 3 parts ground kafir, 1 part cottonseed meal.

"A dairy cow needs about one pound of grain for three or four pounds of milk produced. Dairy cows should be fed grain individually according to the amount of milk for growth if immature, and at times to produce gain in weight.

"Dairy cattle will respond to good care. Every Oklahoma farm where cows are kept should have at least a good shed to protect the cows from bad weather and cold winds. A blanket in very cold weather will pay for itself in a very short time. Every dairy cow should be cleaned and brushed regularly. It helps to keep her in better health."
