Clipped From The Columns of Neighboring Papers.

Judge E. C. Steele of the second judicial district court today ordered dismissed, with prejudice to the plaintiff, the case of Wallace O'Keefe against George H. Moody, in which damages of \$10,000 were sought for alleged slander. The complaint alleged that Mr. Moody, manager of the Northwest Marble Works at Moscow, made slanderous statements about a certain monument erected by O'Keefe over the grave of Dr. Blake.—Star-Mirror.

Pete and John Olson, who were arrested here for drunkenness the fore part of the week, pleaded guilty Tuesday in the probate court and were sentenced to 40 days each in the county jail.—Deary Press.

The Juliaetta Cannery closed for the season Tuesday, the out-put of the cannery having all been shipped out. Lloyd Anderson, who is in charge of the plant, stated that four carloads of canned goods have been shipped and everything considered the season's run has been very good and a market for the entire output has been found.—Juliaetta Record.

State Wide Work

Through the agency of the University of Idaho agricultural experiment station agricultural investigation work in Idaho has become truly state-wide, as shown in the biennial report of Dean E. J. Iddings, director, as submitted to President A. H. Upham. The Idaho station with limited funds and a small force has had work in progress at sixteen widely separated points in the state. Although the home station is at Moscow, in attempting to make the work of the greatest possible service to the state as a whole, many of the investigations have been carried on in the field, either at sub-station farms or at temporary field stations.

The report shows carefully organized experimental studies and field investigations as follows:

Experiment with the leaf-roller near Post Falls; peat soil studies on the Pritchard farm near Eagle; spraying experiments in the Lewiston orchards; studies of tomato and vegetable production under irrigation and the investigation of tomato blight near Lewiston; orchard fertilization tests at Hayden Lake; investigation of leaf-roll and mosaic of potatoes at Parma; dusting experiments for the control of alfalfa weevil and co-operative studies with the United States department of agriculture on the elmworm at Parma; investigation of the methods of control of the false wire worm at Rexburg; experiments with potato diseases at St. Anthony; potato disease studies at Ashton; alfalfa weevil investigations at Rupert; life history studies of the clover aphid and orchard insect experiments at Twin Falls.

In addition, members of the experiment station staff have established co-operative agreements with the various county agents of the state thus providing an advantageous method for testing laboratory results on a larger scale in the field.

The whole Idaho experiment station program is aimed at securing new facts and developing new methods that will assist in the permanence and prosperity of the state's agriculture.

There are four sub-stations in addition to the university home station; at Aberdeen, 80 acres; at Caldwell, 320 acres; the High Altitude substation at Felt, 200 acres, and at Sandpoint, 170 acres.—Star-Mirror.

Tom Thumb Wedding

A "Tom Thumb Wedding" is to be given by the smaller children of the local schools, assisted by a number of still smaller children of Kendrick at the New Kendrick Theater, Friday night at 8 o'clock.

New Barber Shop

O. J. Gentry went to Spokane Tuesday morning to order his supplies for a barber shop which he will install in the room formerly occupied by the millinery store, next to the Kendrick State Bank. Mr. Gentry has had several years experience in the barber business and expects to be ready for business by the first of the week.

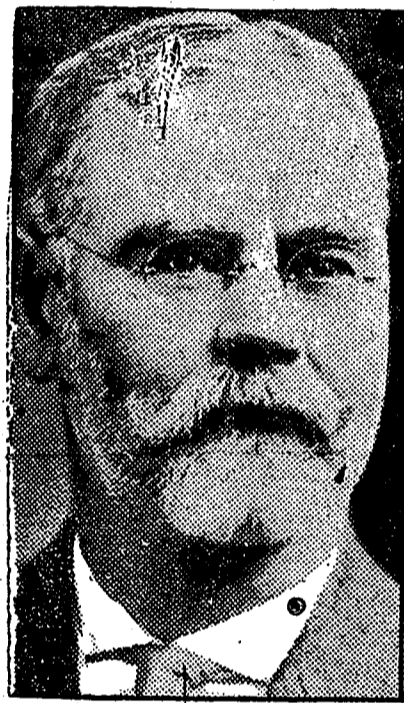

Congressman Mann

Washington D. C.—Representative James R. Mann of Illinois died at his home here tonight after a brief illness.

Mr. Mann who has served for a quarter of a century as a member of the house, was stricken a week ago. Pneumonia developed, his condition became desperate and the end came at 11:15 o'clock. He was 66 years old.

James Robert Mann of Chicago, Ill. won his way to a place as one of the leading members of the United States House of Representatives, of power in Republican party councils and of much influence in shaping the governmental affairs of this country by solid, honest hard work.

Mann always was a modest, individual. A very few lines in the Congressional Directory told the

story of his life as related by himself.

He was born Oct. 20 1856, on a farm near Bloomington, Ill.

It was as a farmer that he grew up. Graduated from the University of Illinois in 1876, he went back to agricultural life once more, but he was a student of law, too, and in 1881 he was admitted to the bar and hung out his shingle in Chicago where he remained, when politics gave him time, a legal practitioner thenceforward.

He first held office as a member of the school board of Hyde Park, the Chicago suburb where he had his home. Later he was attorney for the same municipality.

When Hyde Park was merged in the greater city, his ward sent him to the Chicago city council.

In 1897 he went to Congress and there he staid, never missing a term.

Fellowship Dinner

The Home Economics Department of the local high school served dinner to a number of men interested in forming a Study, Discussion and Social Service Class, last night at 7 p. m., in the basement of the Presbyterian church. A most appetizing dinner was served in an efficient manner by the young ladies and much credit is due them and their director, Miss Whitney.

Road Meeting at Lewiston

The Kendrick Highway Commissioners, together with Messrs. Campbell & Barr, contractors, met Monday with the Latah County commissioners in Moscow, in regard to the proposed road work from the Kendrick Highway district line to Juliaetta. It was decided to meet with the Lewiston Chamber of Commerce and the Nez Perce County commissioners at their weekly chamber luncheon next Tuesday, in Lewiston, when definite action will probably be taken upon letting the contract for the highway work.

Now Comes The Annual Touch

Accidentally Shot

Mrs. F. P. Easterbrook of Leland was accidentally shot, Wednesday morning, by her 18-year-old son, who was examining a .38 caliber rifle which he had recently purchased. The bullet struck her just above the ankle, shattering the bones quite badly. She was taken to a Lewiston hospital on the afternoon train, for treatment.

Leland Gets Road Money

Monday forenoon the board of highway commissioners of the Potlatch highway district, both the members of the old and newly elected boards, waited upon the Nez Perce county commissioners in regard to that district's portion of the \$400,000 county bond issue, which is \$12,000. Until this time some disagreement arose when the question was brought up, this being over the manner in which the money was to be spent. Yesterday, however, matters were straightened out to the satisfaction of the highway district commissioners and to the board.

Under the agreement reached yesterday the district will use the money for the construction of the Pine Creek road from Leland to about Fir Bluff, a distance of about six miles. This work will serve to connect up a rich section with the Lewis-Clark highway, and give an excellent outlet to a large country. Five thousand dollars of the money allowed the Potlatch highway district is from the Lewiston highway district fund, the commissioners making the transfer with the approval of all concerned. The \$12,000 will not be sufficient for the construction of the road for the entire distance, and it is expected that funds will be raised in and labor donated from the Leland section.

The delegation from Leland were: R. B. Parks, Charles Hill, Herman Koepf, J. M. Woodward, Fred Mielke, Archie May and Carl Hartung.

Juliaetta Oddfellows Elect

The local lodge of I. O. O. F. elected the following officers for the ensuing term at their regular meeting Monday night: J. C. Bulen, N. G.; Leland S. Irwin, V. G.; S. T. Rector, secy.; Amos Nigh, W. L. Fields and C. S. Biddison, trustees. The new officers will be installed the first regular meeting night in January.

Monroe-Jones

Earl Jones of Kendrick and Miss Hazel Monroe of Orofino were united in marriage at the court house at Lewiston, Wednesday, December 6th, by Probate Judge Woelffen.

A Fine Poultry House

The following article was clipped from the Lewiston Tribune:

"On Warner avenue between Twelfth and Thirteenth streets, a poultry house for 500 fowls has been built by L. A. Grinolds, it being of the open-front type. He also keeps White Leghorns, which are now laying fifty per cent. He expects not only to increase his flock in the present house but intends to build another house of similar size, thus giving a total capacity of about 1,000 fowls. The size built, 20 by 120 feet gives, he claims, four square feet of floor space for each of 500 fowls. By means of wooden shutters he closes the lower half of the open front at night, this coming above the roosting level. The feed boxes are on shelved platforms thus leaving the entire floor space for scratching. The cost was about \$500 for material alone."

Thomas Gets Limit

J. W. Thomas returned Monday from Kendrick, Idaho, where he spent a week hunting Chinese pheasants with his brother, M. V. Thomas, who is president of the Kendrick State bank. Mr. Thomas reported birds scarce but that they managed to get their limit.

The Messrs. Thomas left Thursday morning for Spokane to bring home four mounted heads of animals, trophies of big game hunts which they annually take into the Idaho mountains at the head of Clearwater river. J. W. Thomas has one deer head and one elk head. M. V. Thomas has two elk heads to his credit.—Clarkston Republic.

New Auto Licenses Due

Automobile owners are now able to get their 1923 license plates, and those who do not display the new plates after January 1st will be liable to arrest. People who have special numbers were supposed to have their applications for renewal on file by December 1st to insure keeping their old numbers.

Home on Furlough

Alvin Riley, son of Mr. and Mrs. Theodore Riley, arrived Monday afternoon for a visit with his folks. Alvin is with the U. S. Navy and has been until recently located at New York but now at Los Angeles, California. He has been in the navy for the past four years. After spending several days here he will go to Spokane to visit his brother before returning to Los Angeles.

30 Days And \$100

The two criminal cases set for the November term of court in the second judicial district court for Latah county were disposed of today at the opening of the term. George Riggins entered a plea of guilty to possession of intoxicating liquor and Judge Steele imposed a fine of \$100 and sentenced the defendant to 30 days imprisonment in the county jail.

The case of the State of Idaho versus W. A. Reece, charged with possession of intoxicating liquor, was continued until the next term of court on the motion of attorney for Reece.

72 Hours to San Diego

The following letter was received from C. B. Kinzer, who left about the first of November for San Diego, California:

"We had quite a nice trip to San Diego, outside of the rain and snow. We were in the rain most of the way, especially through Oregon, and in southern Oregon we ran into snow on Mt. Shasta, but at that we made the trip in 71 1/2 hours or about 7 days running time. The weather was not very good in California until we reached San Diego, where we found it nice and warm.

"We had no car trouble to speak of, except a flat tire. The distance, including side trips, was 1768 miles, and we made it at a cost of \$27.75, which covers our entire expense, including gas, oil and camp expense. We arrived in San Diego on November 9th."

To Regulate Dances

The Village Council met Tuesday night of this week in regular session. After the routine work was disposed of, the members of the local school board together with the school superintendent appeared before the board with a petition for the regulation of the attendance of boys and girls under sixteen at dances, and also for regulating and controlling of said dances with permits and licenses. The attorney for the Village of Kendrick, G. G. Pickett was in attendance.

Buys Clarkston Paper

Leslie R. Kuehl has purchased the Clarkston Republic from A. J. Garver who has conducted that paper since July, 1920. Mr. Kuehl will conduct the business under the name of the Republic Printing & Publishing Co. and will do a general printing and publishing business. The first edition under the new management was published last week and is a very creditable sheet, and one that the Clarkston people may well feel proud of.

NEWS NOTES FROM KENDRICK SCHOOLS

Events of Interest to School Patrons.

Those with an average above 90 per cent in the 5th grade are: Howard Dammarell and Mattie Reid. There were none in the sixth grade this month having an average of above 90 per cent.

The following pupils of the 5th and 6th grades were neither absent nor tardy during the last six weeks: Mattie Reid, Max Oldfield, Wilford Nowling, Charles Cox and Mae Freytag.

A very great interest is being shown in the Midget Basket Ball team organized last week by the children of the fourth, fifth and sixth grades. They are to practice three times a week after school and will play inter-class games.

Pupils of the 1st and 2nd grades having a perfect attendance record for the past month are as follows: Chester Fowler, Roy Long, Doris Crocker, Opal Reece, Nettie Mae McDowell, Hazel Sparber, Everett Bramblet and Ralph Blevins. We hope every child will try to do his part in this perfect attendance contest which is being carried on between the two grades. The second grade won the contest for last month.

Don't forget the Tom Thumb Wedding to be given by the school children (tonight) Friday, Dec. 8th, under the direction of Miss Brown, from Kansas City. There are about sixty girls and forty boys taking part and we assure you that the children will furnish amusements sufficient to keep up the interest to the highest pitch by their quaint antics while impersonating the "grown ups". It will be "100 laughs in 100 minutes."

Radio Program Enjoyed

Mr. Herman Schupfer, the telephone man of Kendrick, came to Asotin last Friday with his radio outfit, on invitation of Mr. Carlile, the telephone man of Asotin, for the purpose of trying out the instrument, to see if, situated as Asotin is, the programs of the broadcasting stations of the country could be had here with any degree of success. Mr. Schupfer gave a demonstration in the school building Saturday evening before and after the basket ball games, and again on Monday and Tuesday evenings, from the telephone office—connecting up with many of the patrons of the Asotin line, so the radio programs were heard by those patrons in their homes over the telephone. The programs broadcasted by the Oregonian of Portland, and the Times of Los Angeles, California were very good and exceptionally clear. Mr. Schupfer is not an agent for the plant he has, but came to Asotin on invitation from Mr. Carlile, to have a brief visit as well as some amusement which he derives from these radio concerts.—Asotin Sentinel.

Drove From California

Frank Chamberlain and sister, Mrs. Alice Gibson, left Kendrick November 11, for Chico, California. While there Frank purchased a Chevrolet car which he drove back. Mrs. Gibson also drove her Dodge car to Kendrick from Chico. They left there on November 24, and arrived in Kendrick last Saturday, taking 8 days to make the trip. Frank stated that it took them two days to make 56 miles between Antelope and Fossil, Oregon, due to the almost impassable roads between those two towns. The mud was so deep and sticky that it packed between the wheels and the fenders until the wheels were blocked and the cars had to be pulled out by a team.

The last day of the trip they drove from Pendleton to Kendrick. Just this side of Lewiston Frank got in a hurry to get home and jumped into a ditch, climbed a bull pine tree and broke the windshield but outside of that no other damage was done.

Miss Hazel Stewart, who is teaching at Bovill this year, spent Saturday and Sunday at the home of Mr. and Mrs. Walter Thomas.

THE GAME AS PLAYED IN CANYON CO.

Judge Rice resides at Caldwell. Judge Rice has been on the supreme bench six years and was a candidate for re-election. He is popular in his home town and his home county. He is held in high esteem. And this is what Canyon county did on election day. It gave Rice, its distinguished citizen 2562 votes, Lee the republican candidate, 1981 votes and Hall the progressive candidate, 4105 votes. The Caldwell Tribune says: "And Mr. Hall, who swept the county, was only admitted to practice law before the court to which he aspired last summer. Today he is a grocer on a small scale in Twin Falls and not a very good grocer at that."

Canyon county turned down its jurist and voted 1543 votes in favor of the "small grocer" whom they did not know, never had seen and from a community, far remote from theirs. Surely the "people do rule" much on the plan that "the sun do move."—Pend d'Oreille Review.

LELAND NEWS (Too late for last week)

Harry Thompson, who farmed the Anna Oylear farm last season, has sold his lease, stock and machinery to Kendrick. Galley, 3-5 Herman Koepf and will soon leave for Walla Walla, where they plan to make their home.

Claude Hodges, of Dutton, Montana, is visiting relatives here.

The Virgil Fleshman family were dinner guests Sunday, at the T. Daugherty home.

Miss Jessie Lotspeach, who has spent some time here visiting her sister, Mrs. Ed Fleshman, Sr., left Saturday for Spokane to visit her brothers.

Miss Thelma Oylear, who is attending school a Palouse, spent Thanksgiving with home folks.

Mr. and Mrs. Yenni, Mrs. McCall and sons and Miss Edna Fleshman were dinner guests at the parsonage Sunday.

LELAND SCHOOL NOTES

Those of the high school room that were neither tardy nor absent for the last month were: Eva Slater, Herbert Gaudzward, Edwin Easterbrooks, Ruth Easterbrooks, Donald Gaudzward and Homer Parks.

Irene Davis, Josephine Fleshman and Marie De Winters of the fourth grade were among the 46 in the county who passed the test given by the county superintendent.

Vera Peters has been absent this week, caused by a relapse of tonsillitis. Mrs. Dean and pupils of the primary room gave a Thanksgiving program Wednesday afternoon. The high school and intermediate rooms were invited. There were many outside visitors there and all considered it a very interesting program.

The children who were neither tardy nor absent during the past month are: Georgie, Mildred and Jennie Fleshman, Minnie and Ivan Craig, Lillian De Winter, Helen Slater, Herman and August Koepf and Claud Gephart.

Mrs. Julia Fleshman and her sister, Jesse Lotspeck visited the intermediate room Friday afternoon. The entertainment was for the primary room also. Zella McVicker gave the Gettysburg Address. Everyone reported that it was an exceptionally nice program. After the program the children ciphered.

The Thanksgiving offering from this school was: Primary room \$3.55, Intermediate room \$4.40 and the high school room \$2.05.

NOTICE

To Property Owners in Local Improvement District No. 2, of the Village of Kendrick, Idaho.

Notice is hereby given that the owner or owners of any piece, tract, lot or parcel of land or property liable for assessment for the construction of the paving, storm sewers, grading and filling under provisions of Ordinances Numbered 178 and 180 of the Village of Kendrick, Idaho, in Local Improvement District No. 2, of the said Village of Kendrick, Idaho, as designated and

established by said ordinances, may redeem his, or her or their property from special assessment by paying the entire amount thereof, charged against said property or lands.

Time for such payment to begin on the 8th day of December A. D. 1922, and the time for such payment to be closed shall be at the hour of five o'clock p. m. on the 24th day January A. D. 1923. That after said 24th day of January A. D. 1923, at the hour five o'clock p. m., such and any owner or owners may redeem their property from such special assessment by paying all of the installments of the assessments which have been levied on the unpaid installments, and unlevied installments, with interest on all such installments at the rate of seven per cent per annum from the date of the issuance of the bonds to the time of maturity of the last installment.

That the assessment rolls for such special assessment are now on file in the office of Treasurer of the Village of Kendrick, Idaho, at Kendrick, Idaho, and that all payments may be made to the Treasurer of said Village of Kendrick, Idaho, to whom such assessment roll has been certified and delivered, and such assessment rolls are subject to the inspection of all persons.

Dated this 6th day of December A. D. 1922.

Ralph B. Knepper,
Clerk of the Village of Kendrick, Idaho.

"I HAVE ALL THE INSURANCE I NEED"

Many men who think they have all the Life Insurance they need are in reality inadequately covered. Like the ostrich in the storm they are unconsciously very much exposed.

Have you ever figured out what income your present insurance would produce for your family if invested at 6%? For instance, \$5,000 of insurance would yield only \$300 a year—less than \$1 a day.

C. A. PICKERING Pastor METHODIST CHURCH.

The people of Kendrick are being especially favored these days by hearing some very fine sermons. Mr. Johnston who spoke for us Thursday and Sunday evenings has consented to preach Saturday eve at 7:30 and will hold Sunday services at 11 A. M. and at 2:30 P. M. and will assist in the service that the Epworth League is conducting in the evening. Brother Johnston is nationally known as "the boy evangelist of Kansas". Don't miss hearing him.

There will be no Epworth League service Sunday eve as the League will have charge of the service at the regular preaching hour. The program will consist of a history of the League by Miss Bulah Long; Talk on "The pledge" by Mr. Everett Fraser; and "What the League should stand for." by Miss Newkirk.

Mr. Johnston will then give a short talk followed by the signing of the pledge by League members.

Our Sunday School has started work on a fine Christmas program. More later.

Prayer services at 7:30 P. M. Thursday.

The special Epworth Herald service Sunday evening resulted in the procuring of ten subscriptions for that paper. Miss Bulah Long had charge of this meeting.

The CHRISTMAS STORE

Just think, only 13 shopping days before Christmas. Your shopping can be very easily done this year at our store. We are not issuing a catalogue as we did last year as we feel that nearly all have either been here, or heard of the wonderful Christmas selection we had last year. This year it is just again as big, includes gifts both useful and ornamental for all the family.

We have toys, dolls, ivory sets, hair receivers, powder puffs, combs, stationery, games, books for big folks, books for little folks; house slippers for daddy, mother and sister; Men's ties, suspenders, garters, arm bands, sterling silver belt buckles, gold filled cuff links, military brushes, handkerchiefs, wool socks, ladies' and childrens' fancy handkerchiefs, bath towel sets, wool hose, garters. Our china is the most exquisite that has ever been shown, beautiful hand painted plates, cut glass goblets, water sets, flower baskets, candy jars, vases, sugar and creamers, tumblers. Dishes, cups, saucers and plates. Community silver, berry spoons, meat forks, salad forks, coffee spoons, tea spoons, knives and forks. Christmas tree decorations, Xmas boxes all sizes 5c and 10c. A beautiful assortment of Xmas cards, crepe paper all colors. Baskets of artificial flowers.

Our Toy assortment we feel very little is left out. Here's where you can make a little boy and girl very happy, including a complete line of mechanical toys, childrens' pianos and talking dolls. Our candies are fresh from the factory. Mixed nuts are fine.

Our grocery stock lacks nothing to make your Xmas dinner taste better than ever.

Best of all remember the 18th, Monday evening, the Community Christmas Tree. We expect to make this the largest tree we can find, to decorate with all its Christmas glitters and spangles. Bring the children, Santa Claus will be here.

We know we can make your Christmas shopping a pleasure, instead of a bore, this year. Yes, we're at

SOFT JOBS

HERE'S something that you probably have thought about many a time. William Meath, of the Canadian government employment service, says he has plenty of jobs waiting for men to fill them, but most of the applicants are unwilling to tackle really hard manual labor. Even able-bodied unmarried men shake their heads at offers of employment on harbor work and in the logging crews.

In varying degrees we have the same situation on our side of the border. There seems to be something about our civilization that tends to soften men and make them averse to "heavy work."

Maybe it's because we are getting accustomed to having machines do the more difficult jobs that formerly had to be handled by muscle and grit.

Maybe, too, we've gotten in the habit of passing the heaviest work to the immigrants who for years flowed to our shores.

Tony and Ivan fitted in naturally as ditch diggers and railroad section hands. The native-born American decided that it was "out of my line," and looked about for a white-collar job.

There is a growing national tendency to "pass the buck" when it comes to hard work.

Farmers can make interesting comparisons of the work they get out of a hired hand, today compared with years ago.

Hard work never killed any one, as the old saying goes, but a lot of folks seem to have their doubts.

Life Lines

THE world knows, of course, that the barnyard can't speak. At least, not so we'll understand. But, what do you say, that we translate the squeak that they chatter in animal land.

Ah! I am in luck—that's the chat of the duck. And ne'er have I eaten so much. The treatment of late, that I've had has been great. Was I sighted? Far be it from such! I've wallowed around in cornmeal and the like. They'd toss out the grub and I'd kill it. But, say, does it pay? No! On Thanksgiving Day, I'll be wallowing 'round in a skillet.

I've feasted and fed and it ne'er can be said that my owners have held back on grub. They've watched me grow fat. Now I realize that I've been playing the part of the duck. For, only today, just a few feet away, my owners are sharpening knives. So I've feasted, you see, so their feast upon me, could be the real feast of their lives.

What wonderful pickin'—so sayeth the chicken, as scraps come, saying his way. They've fed me on corn since the day I was born, but look what I'm getting today.

Good bits from the table. I'll eat while I'm able. For when you come right down to facts. The things I get now seem to tell me, somehow, that the next thing I'll get is the ax.

My walk's getting jerky—this comes from the turkey, who struts with a step that is proud. They won't let me stop till I've filled up my crop. No limit to food I'm allowed.

I stuff and I stuff and eat more than enough. But, shucks, as old Barnum once said. There's really naught in it; one's born every minute, and shortly they'll stuff me with bread.

TAKING DESPERATE CHANCES

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to with-

stand each succeeding attack and paves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?

RATS ARE GREAT ANNOYANCE

Best Time to Take Precautions Against Rodents is in Building of Poultry House.

Rats are often a source of much annoyance and loss in the poultry yard. Perhaps the best time to take proper precautions is in the building of a new poultry house, through the use of cement and fine mesh wire net-

ting under the floor and around the bottom of the side walls to make it rat proof.

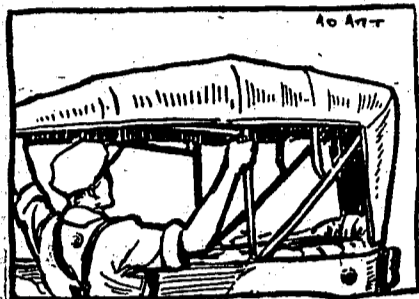

The next best thing is to have the poultry house or houses erected by themselves at a little distance from the other farm buildings, and so constructed as to make it hard for the rats to find lodgment there. In this case the rats will have to travel some little distance before entering and therefore run more risk of being caught by the family dog or cat.
