

## COMMUNITY NEWS FROM SOUTHWICK

### Holmes-Roberts Married by Rev. Berreman

Tuesday, March 20, at high noon, Miss Ella Holmes of Gifford, Idaho, became the bride of Cecil S. Roberts of American ridge. The ceremony was performed by Rev. Berreman of Southwick at the home of Mrs. Martha Thornton, grandmother of the bride. The bride was attended by her sister, Miss Alma Holmes, while Mr. Harold Roberts, brother of the groom acted as best man.

The bride wore a white organdie dress over rose and the bridesmaid was dressed in rose organdie. The house was decorated in rose and white. At twelve thirty an elaborate luncheon was served to the immediate family and relatives of the bride and groom. The happy couple were the recipients of many beautiful and useful presents.

Mrs. Roberts was formerly a Southwick girl and has many friends at that place. Mr. Roberts is one of the progressive young farmers of American ridge where they will reside. They will be at home to their many friends after April first. They have the well wishes and congratulations of their wide circle of friends.

Leslie Triplett returned from Lewiston, Wednesday of last week.

Rev. Clark and Miss Vera Fuller were dinner guests at the Wm. Jones home Wednesday.

County Agent W. W. Skuse arrived Wednesday March 14 and distributed squirrel poison to the farmers, Thursday morning, going to Leland in the afternoon.

Mr. and Mrs. Matt Kazda returned from Jefferson, Oregon, Wednesday of last week.

Wm. Lawrence was a Kendrick visitor Tuesday of last week.

Edna Jones is on the sick list again this time she is suffering with appendicitis.

Gordon Harris returned from Lewiston, last Thursday, were he has been looking after business interests.

Miss Fuller left for her home in St. Maries, Friday. She is treasurer of Benewah County.

Mrs. G. H. Ziemann will entertain the Ladies' Aid, March 29. This is purely a social affair and all the ladies in the community are invited to be present.

Walter Bateman is very sick again.

The Rudolph Kazda family spent the day in Kendrick, Saturday.

Miss Iva Mustoe came up from Asotin and spent the week end with relatives here.

Rev. Clarke left Monday for Elberton, Wash., where he will conduct revival meetings. While here he made many friends and his pleasant smile will surely be missed.

The Community Club will meet this evening, March 23. These meetings were discontinued while revival meetings were being held. Now they will be continued at the usual dates. Everybody welcome.

Andrew Hugdale of Sildex, Mont., arrived here Wednesday of last week and was a guest at the A. Mustoe home. He stopped off here on his way to California where he will attend an electrical school.

Wenzlaf Nedvedek and Mr. and Mrs. Will Wright were week end guests at the Cuddy home.

Harry Smith and small son, Waldg, of Leland were Southwick visitors, Saturday.

L. J. Southwick went to Lewiston, Monday to attend a meeting there that evening, in regard to the business of building the bridges across the Clearwater river. He returned Tuesday.

Mrs. Claude Hogal left for Orofino, Monday.

Mr. and Mrs. John Holmes and daughter, Miss Ella, of Summit and Virgil Roberts of American ridge arrived Sunday to visit at the Grandma Thornton home.

Mr. and Mrs. Ben McCoy, Mrs. Locke, Mr. and Mrs. Claude King and Mrs. Floyd Russell were dinner guests at J. R. Kings.

H. A. Russell went to Leland Monday to move Mrs. Russell home. She has been sending little Miss Helen to school there this winter.

A community dinner was served again Sunday in the Ladies' Aid room.

Mr. and Mrs. John Stalnaker and Wenzlaf Nedvedek were taken into

### Re-Stock Carlson Hardware

A. K. Carlson was in Kendrick the first of the week from Nez Perce. He stated to the writer that as soon as the roads were in shape for transportation by trucks, he would begin moving his \$15,000 stock of Hardware from Nez Perce to Kendrick. He has leased the building in Kendrick which the Carlson Hardware Co, formerly occupied while in business here. He now has a large stock of implements in his warehouses behind the store building and also has some hardware stock stored here.

In speaking of conditions here Mr. Carlson said that he believed the Potlatch country had the best prospects of a quick recovery from the recent business depression of any other agricultural district of the state. He has the utmost confidence in the future of this section and is coming back to stay. The many friends of the Carlson family are very glad to hear of their decision to return and make their home here.

A. K. stated that he expected his brother, George, would be associated in business with him as before, which is also good news for Kendrick folks, as George is a "good man for the town."

### St. Patrick's Party

The ladies and girls of Big Bear ridge gave a St. Patrick's party at Community Hall, last Saturday evening. It proved to be a real jolly good time and the large crowd present spent the evening with games for both old and young. Special games for the little folks were a pleasing feature.

The hall was appropriately decorated in green and white streamers and evergreens and presented a festive appearance.

Refreshments consisting of green punch, Shamrock cookies, pickles and sandwiches were served.

The M. E. church, Sunday afternoon.

Grandma Bunger of Kendrick is staying with Mrs. J. T. Harris this week.

Mr. and Mrs. Harold Whitingger and children ate Sunday dinner with the Ralph Wright family. After the recent dust storms this is often heard on the phone, Hello! Hello! Is this you? Yes, this is me. What are you doing? Me? Why I'm washing windows, what are you doing? Oh, I'm washing windows.

Mr. Hadly and Jim Crutchfield of Orofino were on the hill repairing the Snyder telephone lines that the wind damaged, Friday.

While in Lewiston last week Gordon Harris bought a grocery business back of the court house on 13th street, from Mr. Jackson. He finished the inventory of the stock and took the business over Tuesday of last week. His family expect to join him in Lewiston about April first.

Willis Berriman, who has spent the winter here with S. A. Douglas, was called home to Camas, Wash., Tuesday, on account of the serious illness of his father, Ole Berriman.

A binder that George Hayward had bought at the Harris sale was burned when the Harris barn burned last Thursday.

Church Notice—The Revival meetings at the M. E. church which have been conducted by the Evangelist, Rev. D. L. Clarke, came to a close last Sunday evening. The meetings from the beginning were well attended and on the closing evening the house would not seat the congregation. During the continuance of the revival, which was truly a union meeting, about 80 people confessed Christ. Several have joined the church and all departments have been strengthened.

At the close of the meetings a unanimous vote of thanks was given Rev. Clarke and also a standing invitation to come back again.

Alfred Case of Clarkston visited his sister, Miss Margarite Case, at the Homer Betts home, from Friday evening till Monday. He brought his radio with him and temporarily installed it. The neighbors and school children gathered there Saturday and Sunday nights to listen in.

### French Soldiering in the Ruhr Looks Like Hard Work

SINCE the French invaded Germany's coal region, the Ruhr, the native workmen have nearly all struck. So, as they came after coal, the French soldiers are taking their own. A detail is shown "requisitioning" a carload of fuel. It isn't called "confiscation," though it looks like much the same thing.

### LATAH COUNTY NEWS PARAGRAPHS

#### Clipped From The Columns of Neighboring Papers.

Julietta Record, Frank Snyder who was given a permit to trap the beaver which has been doing damage in the city park and near the Leland place above town, has captured two of the animals, one a young one and the other full grown. They are very hard to trap, Mr. Snyder, says and manage to spring the traps frequently without getting caught. He has had a number of traps set lately but so far has only been able to capture two of the animals, though he has found the traps sprung a number of times.

Deary Press: Cecil Brown, the nineteen year old son of Mrs. Jack Irwin, had a somewhat thrilling adventure with a full grown cougar at Camp 10 last Wednesday evening. He and Mr. Irwin were alone at the camp and Cecil had gone to the spring, some distance from the cook house to get a bucket of water. He ran squarely upon the cougar at the spring and in a second both he and the big cat were engaged in a "hand to hand fight," the cougar clawing with all its might and Cecil defending himself as best he could. He called for Mr. Irwin to come to his rescue and the cougar took fright and beat it into the woods. Cecil made his way back to the cook house bleeding and weak and just about all in. His hands were badly scratched up by the cougar's sharp claws. It is probable that a cougar hunt will be organized. There seems to be several of them in that vicinity.

### The Oldfields Entertain

Wednesday evening Mr. and Mrs. G. G. Oldfield entertained the Okoke Klotzman Club and husbands at a jolly St. Patrick's party. When the guests were assembled they were presented with Coleen and Paddy caps to wear throughout the evening.

Partners for bridge were found by matching dainty St. Patrick score cards. After several hours of bridge the guests were each given a sealed envelope containing Irish stories, which were heartily enjoyed.

In true Irish fashion the honor prize, a book of Hoyle, was awarded to the lowest score and the highest score received a green Paddy pig filled with candy beans.

A dainty two-course luncheon was served at midnight, the color scheme of green and white being carried out in the refreshments and decorations.

R. E. James, former harness maker of Kendrick, died at Wallace, Idaho, March 13, 1923. He was well known here and will be remembered by the older residents of the community.

### NEWS NOTES FROM KENDRICK SCHOOLS

#### Events of Interest to School Patrons.

The date has been set for the faculty play "You'd Be Surprised," to be given by the faculty, assisted by the Thomas brothers, and Mr. A. V. Dunkle. It will be given on April 14, at the New Kendrick Theater. The purpose of the play is to raise funds which the teachers have advanced to pay for school supplies and equipment that the district was unable to supply.

A high school baseball team has been organized, under the direction of Mr. Strauch. Although the team has not been altogether picked, Harley Perryman has been appointed captain. We are assured of an interesting team and several good games.

A committee of the parents met with the teachers Monday afternoon, for the purpose of proposing a way to help the students raise 25c apiece toward the graveling of the school play grounds. The school will raise approximately one-half of the funds for the cost of the work. The remainder will be raised by a committee who will solicit from the business men of the town, especially those who do not have children in school.

Charts have been made for the Commercial Geography class, showing the coal and iron distribution in the United States.

The 7th grade language class made several interesting booklets this week on the history of Idaho.

The 7th grade are anxiously waiting for their half holiday since they have raised their part of the money subscribed for the graveling of the play grounds.

Monday and Tuesday of this week, the Thorndike McCall Reading Scale was given to the lower grades, having been given to the upper grades some time ago. These tests show that the school is slightly below standard, with the exception of the 4th grade, and that it will take a great deal of time and work to bring them up to the required standard.

Those averaging above 95 per cent in the 6th grade geography tests this week are: Robert Dammarell, Elbert Long, Bennie Westendahl, George Atchison.

Leading in the Curtis Arithmetic tests are Wiford Nowling and Mae Freytag.

The doctor coughed gravely: "I am sorry to tell you," he said, looking down at the man in bed, "that there is no doubt you are suffering from small pox." The patient turned on his pillow and looked at his wife. "Julia," he said in a faint voice, "if any of my creditors call, tell them I am at last in a position to give them something."

### Fire in Harness Shop

Last Friday morning, shortly before 8 o'clock, fire was discovered in the rear end of the Kendrick Harness Shop. By the time the general alarm had been given from "mouth to mouth" the flames had gained considerable headway. The fire hose was brought into service in very short order but the stock of harness, collars, etc. was badly damaged by the smoke and intense heat. The sewing machine in the rear was practically ruined by the heat. Mr. Walker is at a loss to know, with any degree of certainty, what occasioned the fire.

Mr. Walker stated this week that he expected to get the shop ready again for business as soon as possible. The sewing machine, which is an important part of his working equipment, is a leased machine and to get another one from the East would require considerable time. However, he may be able to obtain a very good machine in Portland or Seattle, and in that case there would be little delay in putting the shop in working order.

### Village Dads Nominated

The town caucus held at the hall Tuesday evening was a most harmonious affair. There were seventeen citizens present and the following candidates were nominated to serve as Village Trustees for the ensuing term: M. O. Raby, E. T. Long, A. V. Dunkle, E. A. Deobald and R. D. Newton. Mr. Raby and Mr. Long have served the town faithfully for the past two years as members of the council.

The three retiring members of the Board, who will give up their places at the first meeting in May, are N. E. Walker, T. H. Sturdevant and Wm. Rogers. None of the three would serve another term. Mr. Walker served 7 years on the board, three terms as chairman, and his service to the town would be hard to estimate in dollars and cents. The town at least owes him a big debt of gratitude for his splendid service.

The regular town election will be held April 24.

### Do Hens Pay?

L. A. Grinolds, or rather, "Jake," is having good luck with his flock of White Leghorn chickens on his orchard tract near Lewiston. He kept account to the cent of all expenses and receipts since purchasing 1,000 baby chicks last spring. His feed bill to September 1, 1922 was \$216. He sold 107 culls, receiving for them \$56.75; 323 roosters for \$147.56. His receipts from eggs to the 18th of this month were \$777.25. Feed from September 1 was \$317.12; cost of baby chick, \$160. Total cost of stock and feed, \$693.12. Total receipts to March 18, \$981.56. He now has 300 fine hens, the value of which should be added to his receipts column. Jake believes his chickens will net \$1,000 by September 1, 1923. He is now planning to build a 3,000 egg incubator for use next year.

### Welcome Newlyweds

A few of the neighbors and relatives met at the home of Mr. and Mrs. Cyrus Roberts, Wednesday evening to serenade Mr. and Mrs. Cecil Roberts. A very enjoyable evening was spent playing games and listening to music, after which treats and dainty refreshments were served. Those present were Mr. and Mrs. Francis Roberts, of Myrtle, Mrs. Paul Manley, Mamie and Ernest Roberts, Mr. and Mrs. Watts and little son, Joe; Miss Rilla Davidson and Mr. and Mrs. C. Dougharty.

We are glad to welcome this fine young bride to our community and all join in wishing them a long and happy wedded life.—A guest.

A very enjoyable dinner was given in the Methodist church basement by the members of the Sunshine Club last Saturday evening.

## TEST THE POWER OF REASONING

### Article by a Kendrick High School Girl

The power of reasoning in arithmetic is given only to those who are interested and who develop their talent along that line. There is a vast deal of difference between reasoning in arithmetic, and the plain juggling of figures. It does not take reasoning to add a column of figures, or to divide, multiply and subtract; a certain rule is learned and followed, and thus the problem is worked. But to reason out a problem is a much different matter; it takes a great deal of drilling to develop reasoning power. Take, for instance, the following example: "A freight train left Spokane for Portland at 4 p. m. A passenger train left on the same track at 7 p. m. It traveled at the rate of 50 miles an hour. At what time of day will it overtake the freight train if the freight train stops after it has gone 70 miles? Unless an older person is a practiced mathematician, it is going to take a little time and reasoning to answer the problem. What then of the younger child, say in the fourth or fifth grade?

A great deal of time and stress is being put on "Reasoning" in the grades of the Kendrick school. The pupils are showing a vast amount of interest in the work, much to the encouragement of their instructors. The work was started in the school by what is known as a standardized reasoning test. This test was made up of twelve different reasoning problems. Each student was requested to solve as many problems as he could in the 15 minutes, the time allotted, and to work them in order as numbered. In this way it was judged about how many problems a pupil could do in a certain period of time.

Since the first test, a number of reasoning tests have been given and it has been found that the Kendrick school, as a whole, is below standard; however, owing to the interest now shown, the results of the tests are much better of late.

In these reasoning tests, the student is expected to work a number of problems according to the grade he is in. For instance, a child in the fourth grade, while he may use the same problems, will not be expected to work nearly as many of them as a child in the seventh or eighth. The problems given are not so difficult to solve but what a child in a lower grade can do at least a number of them, with a little reasoning. By studying the different grades, the instructors have found that younger children try harder and use their reasoning power much more than the older children. They do not think or are for methods while the older ones work by method, and do not try so hard to further develop their reasoning.

Following is a list of the students in order, who made the highest score in their classes in the last test given: 4th grade, Billy Wilmot, Murriel Crocker, Josephine Strauch, 5th grade, Max Oldfield, Howard Dammarell, Leora Aiken. 6th grade, Elbert Long, Lois Johnson, Hugh McDowell. 7th grade, Shirley Clem, Pearl Johnson, Myrri Onstott. 8th grade Arthur Wayland, Victor Gentry, Elsie Morey.

A great amount of effort is being put into this work, to get the different grades up to, and above the standard before the close of the year. If as much interest is shown during the next few weeks as has been shown up to this time, it is more than likely that this can be done; however, it will mean time and work both on the part of the pupils and of the instructors.—N. G. A.

Claud Craig was in town Wednesday, the first time for three months. He has been laid up all winter with a severe attack of rheumatism. His friends are glad to see him around again.

Mr. and Mrs. DeWinter entertained Mrs. Dean at dinner, Sunday.

Rev. Hall filled the pulpit at Troy, Sunday, in the absence of the pastor, Rev. Hughes, who is holding a series of meetings at Milton, Oregon. Mr. Corkill supplied the pulpit here morning and evening, giving very interesting talks at both services.

Miss Thelma Oylear returned to her school work, Sunday, after a week's absence on account of sickness.

Mrs. Amel Peters and children visited the former's parents, Sunday.

The Virgil Flesman family and Mrs. Philip Daugherty and children were dinner guests of Mr. and Mrs. Harrison Daugherty, Sunday.

The Vester Whiting family have moved to the McCall property in the east end of town.

Leonard Davis and daughter spent several days in Lewiston last week.

On St. Patrick's Day Mrs. Keopp met with a number of the Willing Workers at the home of Mrs. Julia Flesman to start them in fancy work. At noon Mrs. Flesman served a delicious dinner. Mrs. Keopp is superintendent of the Willing Worker's class and is delighted with the work they are doing, much of which would do credit to older and more experienced workers. In the near future they plan to give an entertainment and have a "Fish Pond" and dispose of their work.

### LELAND SCHOOL NOTES

This is examination week for the upper grades and the high school.

Ruth Easterbrook has been absent a few days on account of illness.

The intermediate room is planning to have a Weime roast and party at the home of their teacher, Mrs. Muhlitz, Friday evening.

The sectional division of the spelling contest will be held Friday afternoon at the school house. Leland, Cameron, Welker, Fairview and Stony Point are to be the contestants.

Edith and Alice Thornton have quit school. They have moved to the Fairview district and will attend school there.

Every band member can help very much indeed to keep up the good spirit now prevailing, by being on hand promptly at the hour set for rehearsal. Last Monday night there was a good attendance for practice, considering the bad weather that prevailed. The band boys are feeling extremely optimistic these days. They are making splendid progress.

In order to raise money for surfacing the school ground with crushed rock, the pupils of the local school were asked to bring 25c each, the money to be earned by them if possible. It was a pleasing demonstration the way the young folks took hold of the proposition. For several days this week they have been rustling odd jobs around town and prospects now indicate that most of the grades will raise their quotas. The idea of raising the money in this way was a very good one, if for no other reason than that it created such enthusiasm among the young folks, and gave them an interest in improving the school property.

5 billion cigarets a years are smoked by Americans, or 460 a year for each man, woman and child. A little arithmetic shows that the national cigaret bill is around 500 million dollars a year, out of which Uncle Sam in the last fiscal year collected over 270 million dollars in taxes. Quite a bit of money to go up in smoke.

### "MAN TO MAN"

C'mon, see the West, young man. It certainly is in "Man to Man," the Universal-Jewel production at the New Kendrick theater, tonight and Saturday. The broad sweeps of unfenced grazing kingdoms of Arizona and California furnished the background against which Harry Carey and a strong cast of players were photographed in the action of a virile story. A stampede of five thousand head of cattle gives enough thrill to the spectators to prove that Stuart Patton, the director, hasn't lost his pep since he directed "Conflict," Priscilla Dean's amazing Universal-Jewel.

Opposite the star in "Man-to-Man" Lillian Rich shows what two years in pictures can do to a young musical star. She is a real "trouper" by this time, and her work gets the meaning of the role satisfactorily across.

Harold Goodwin and Willis Robards have sympathetic roles in the Arizona locale of the story, while May Girard is the youngster the hero brings from Tiva-Tiva in the South Seas to his Arizona ranch. Alfred Allen and Charles LeMoine handle the heavy roles with commendable spirit. The plot of Jackson Gregory's novel furnished a suitable vehicle for Carey's talent, the central role giving the star full opportunity for that "human" sort of characterization for which he has become famous. 12-11

### For Heavy Yields

Selecting, curing, and testing seed corn will do more toward producing a better and bigger corn crop than anything else. By careful selection the farmer improves his corn and is able to produce larger, heavier and better ears. By properly curing seed corn he insures himself against seed of low vitality; and by a germination test he avoids sterile ears and plants only seed that will give the most profitable returns.—R. A. Moore, Wisconsin College of Agriculture.

The buying of pullets in the fall is preferable in most cases to buying day-old chicks or to hatching chicks in the spring, says the United States Department of Agriculture. Usually little space is available for raising chicks, and, moreover, few city dwellers have had experience enough to warrant the undertaking. Hatching and raising chicks requires broody hens, or the buying of incubators and brooders, and such an investment is too large for the average small flock.

His "Graven Image." It is quite true that some people adhere so strictly to their own reading of Biblical laws that they refuse to have their photographs taken. These very particular people insist that Exodus 20:4—"Thou shalt not make unto thee any graven image, or any likeness of anything"—forbids the taking of photographs or the painting of portraits.

### The Pneumonia Month

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.

## GLEANINGS

Mr. and Mrs. Henry Baker and baby returned last week to their home at Lucile, Idaho. Mrs. Baker has been visiting her parents, Mr. and Mrs. Fred Crocker for the past two months. Mr. Baker was in a Boise hospital for two months this winter where he underwent an operation for the removal of a piece of shrapnel from an old wound in his hip, which he suffered while in the service in France. The piece of steel was imbedded in the bone, so it was not thought advisable to remove it. The operation was a useless one and caused Mr. Baker to be laid up for two months.

Wilbur Boyd arrived Tuesday to visit his brother, Frank. He recently returned from California, making the trip overland in his car. At Walla Walla he stopped to see his brother, Billy, who is in a government hospital there with a bad case of tuberculosis.

A. V. Dunkle is enjoying a visit with his father who arrived on the morning train, Tuesday, from Lewiston.

L. A. Grinolds drove up from Lewiston Monday in his truck for a short visit.

Raleigh Hughes, who sold his farming equipment at public auction, Tuesday, will move to St. Maries where he has purchased the St. Maries Cold Storage Co. He will take possession of the business April 1. Raleigh has been farming the Alber place on Bear ridge for the past 4 years.

Ingvald Aas of American ridge was a Moscow visitor the first of the week.

S. P. Callison returned Tuesday morning from the Clearwater with a big catch of trout. He and C. B. Green of Moscow went to the North Fork of the river at the Durcas place last Friday and report a good trip and all the fish they wanted. The trout Mr. Callison brought home were of very uniform size and about the length of a 15 pound fish basket.

Ernest Bolon of Lewiston was visiting friends here the first of the week.

Dora May of American ridge went to Moscow Sunday to visit her mother at the hospital.

Mrs. Walter Thomas returned last Saturday from a visit with her parents at Lewiston.

Walter McCrea, who is attending the U. of I., spent the week end here with his parents.

Billy Wilmot entertained 12 of his friends last Sunday at a party in honor of his 9th birthday. Miss Booth served dainty refreshments to the young people, after they had spent two hilarious hours.

One of Genesee's gay young Beau Brummel's who has allowed the hair to grow rather far down in front of his ears, went into one of the local general merchandise stores the other day and said: "I would like to see the nicest thing you have in silk hose." Whereupon the man behind the counter replied: "Young man, you will have to call later; the nicest thing we have in silk hose has just gone out to lunch."—News.

Otis Stone of Lewiston was a Kendrick visitor, Sunday.

Mr. and Mrs. W. C. Brooks of Lewiston spent Sunday at the home of their daughter, Mrs. E. W. Lutz.

Ernest Roberts of American ridge returned Monday morning from a trip to Lewiston.

A. K. Carlson of Nez Perce was looking after business interests here the first of the week.

Mrs. Frank May of American ridge, who underwent an operation at a Spokane hospital some time ago, was moved to a Moscow hospital the first of the week so as to be nearer home. She is recovering very well from her operation.

Frank Bencoter of American ridge returned Saturday from a visit at Clarkston.

Al McKee of Lapwai was transacting business in Kendrick, Saturday.

Don Miller spent the week end in Kendrick at the Frank Crocker home.

There is a preacher in Kansas who should have his salary raised for making the following announcement from his pulpit: "Brethren, the janitor and I will hold our regular prayer meeting next Wednesday evening as usual."—Ex.

Campbell & Barr expect to start their rock crushers April 1. They will finish surfacing the mile of road east of Kendrick and it is than expected that the road will be finished below town toward Juliaetta as far as the Kendrick Highway District line.

The U. of I. baseball team will establish training quarters at Lewiston for a week during the spring vacation.

At the meeting of the Good Fellowship Club, to be held next Tuesday, Dr. Rothwell will give a talk on cancer and Dr. Otteraaen will talk on bacteriology. This promises

to be an interesting meeting so preparations are being made for a full attendance.

Manager Wilcox requests that ladies bring baskets or cake to the baseball benefit dance to be held March 30. These will be sold at auction and the proceeds turned into the baseball treasury.

Friend—How far will your car run on a gallon of gasoline?

Mr. Chuggin—Well if the tires would hold up that far—the transmission work all right—the radiator didn't leak too bad and nothing serious go wrong with the motor—she might make fifteen miles.—Ex.

Rev. Wm. T. Russell will preach at the Presbyterian church Sunday morning at 11 o'clock. Theme: "The Atonement." The membership and friends are especially invited. Business of importance for consideration.

Rehearsals have been carried on for the past two months for the faculty play to be given at the New Kendrick theater, April 14. This promises to be one of the best plays ever given in Kendrick. The members of the cast are all artists in their various parts and the play itself will also be enjoyed immensely. We venture the assertion that it will be a top notch home talent play.

Mrs. E. G. Dirks of Lewiston is visiting her daughter, Mrs. Walter Thomas.

Mr. and Mrs. W. Fairfield of Bear ridge returned from Lewiston, Thursday morning.

### Pioneer Day

James J. Keane, vice-president for Latah County of the Pioneer's Society of North Idaho, has issued a call for a meeting of all Latah County citizens, who are eligible to become members of the society, the meeting to be held at the Court House in Moscow, Idaho, Saturday March 24th, at 1 o'clock p. m.

This organization is doing a great work in preserving for future generations the splendid history of Idaho's early days, by bringing together the living men and women of pioneer days, and the collection and preservation of materials and writings historically important to our state.

Who may be members:  
1. All white citizens of the United States of America, who have resided continuously in Idaho for a period of thirty years or more.  
2. All persons who have rendered a distinct service to the state, because of valuable materials collected or writings on subjects connected with the history of Idaho.

3. Any person may become an honorary member, who has held a Territorial or State office in Idaho. Latah County should have a very large membership in this society and can do much good work if the organization is completed and all its members become active. Let this be done at once. Attend the meeting.

"It ain't the easiest thing a man can do, Existing in a country, when its new, etc."

### Organize Boy Scouts

Rev. F. Douglas Hawley will be in Kendrick, Friday the 23rd, (tonight), to organize a boy scout troupe. He wishes to meet all the scout boys at the M. E. church at four o'clock, and in the evening at 7:30 he requests all who are interested in the movement to spend an hour in a discussion of the work. All the people of the community are expected to get behind it and help make it a success. This is to be in no way a denominational affair.

### Linden News

Mr. and Mrs. R. C. Winegardner and children, Mr. and Mrs. Lou Alexander and children were Sunday visitors at the Weyen home.

Bill and Bob Fry spent Sunday with Dan and Raymond Lyon.

Frank Starr, who has been working at Elk River the past few weeks, has returned home.

A farmers meeting, under the supervision of O. S. Fletcher, county agent, of Moscow, was held Friday afternoon at the hall with a good attendance.

The Gold Hill school held their spelling contest, Friday afternoon. The fifth grades made an average of 93 per cent on 150 words spelled. The highest grade made by any class in school. Dan Lyons won first place in the first section and Emerson Carmin in the second. The judges were Mrs. Arthur Bohn, Mrs. Hattie Alexander and Miss Carrie Allen.

Mrs. F. C. Lyons, Mrs. C. H.

Fry, Mrs. Addie Alexander and Eva Smith visited school Friday afternoon.

Guy and Frank Foster, who are going to school at Kendrick, spent the week end with their parents.

Frank Abrams is in from Long Meadow for the week.

Those who attended the St. Patrick social at Cedar Ridge school house, Saturday evening, reported a good time.

Mrs. Mehee and son, Cleve, returned from Spokane. Mrs. McPhee's eyes are slowly improving.

### Cameron News

Gus Blum, Otto Sillow and George Wilken were Lewiston visitors, Sunday.

Henry Brammer and family, Carl Keopp and family and W. Brammer were dinner guests at the Kein home, Monday.

Cameron was hit by the big wind and dust storm Friday afternoon. It became so dark at 3 o'clock that lights were needed.

George Larson and Otto Schoeffler returned home from their work, Saturday.

The weather is turning quite "springy" and the sign is, the roads are all being dragged so the cars will soon be buzzing around.

Walter Keopp and Bobby Rein, have been on the sick list but are on the road to recovery.

It is good to see Walter Hartung around again after his long seige of illness.

The men have been working on the 29 line and will soon have it completed. There will be a good line running direct to Kendrick from Cameron with about seven members, which ought to insure good service.

Mr. Boemeke and daughter, Ruth, were Sunday evening guests of the Blum family.

Mrs. Chas. Weber visited with Mrs. Orville Miller, Tuesday.

Mrs. James Baker has gone to Bovill for a few days' visit with her daughters.

Silage is Well Suited for All Kinds of Farm Animals, Especially for Dairy Cows.

Silage is well suited for feeding to all live stock. Dairy cows need it perhaps more than other classes of animals, because the succulence it supplies is very necessary for large milk production. It is a cheap and economical feed for beef cattle, from breeding cow to fattening steer. Sheep like it, and it is well suited to their needs. Even horses and mules may be fed limited quantities of good silage with good results.

### STAMPEDE!

What if 5,000 terror-stricken steers were plunging down Main street and you stood in the middle of the street unable to escape? Suppose the person dearest to you in all the world were there? What would you do? What could you do? Would you be a Hero?

It's a time like this that proves a man's mettle, whatever may be his morals, his manners or his reputation.

Steve Packard was such a man. Despite a jail record, a degrading past and the world against him, he won the love of the most wonderful girl in the West. If you like a thrill, a heart-throb and enjoy human nature, see Harry Carey as Steve Packard in "Man-to-Man" at the New Kendrick, tonight and Saturday. 12-11.
