A new modern No. 8 Telsmith rock crusher consigned to Highway District No. 3, arrived here Wednesday from the Road Builders' Equipment Company of Portland, Ore. The company will set the machine up and put it in operation. The quarry site was purchased recently from P. L. Dalberg as also was the right of way for the state road through Mr. Dalberg's farm.—Deary Press.

The cherry harvest in our section is over. Only six carloads were shipped out. The extreme cold weather last fall caused a loss of about 50 per cent and late rains caught the Bings just as they were ripening, causing them to crack, thus reducing the marketable quantity. The Lamberts and Royal Annes made a fair crop and were in good condition.

Returns have been received for the first carload shipped, and it netted the growers a better price than last year. The other cars should make better returns as the cherries were in better condition.—Juliaetta Record.

Troy went "over the top" in fine style in the American Legion Endowment Fund drive Wednesday. Troy's quota for this drive was \$75, but when the final count was made, it was found that Troy had more than doubled the quota, \$161 being raised. Those in charge of the drive went at it with the determination that this community would not be outdone in raising the required amount, with the result that the quota was more than doubled. Those in charge are to be commended for the success of the drive. K. T. Myklebust is chairman of this community with the following in charge of the drive: H. H. Campbell, J. H. Felton, Austin Kelham, Chas. Allen, John Pickard and Clarence Johnson.—Troy News.

Word came from Boville last week that thieves had entered the W. I. & M. depot at that place early the other morning and carried off the safe, placing it on a railroad speeder and taking it down the track a ways, where it was dynamited, the statement being made that the company lost some \$19 in cash.

What's this country coming to? Next thing one knows they will be carting away the whole building they wish to rob, taking it to some convenient place for the job. There's one thing sure, there will never be any danger of a robber working on a country newspaper strong box, for they would be wasting their time, so why should we worry.—Genesee News.

Latah county roads and highways will be given \$48,454.50 out of receipts from vehicle licenses up to July 1, according to a tabulation announced by E. J. Gemill, county assessor. The licenses were collected from the following number of vehicles:

Automobiles, 2913; truck, 238; motorcycles, 19; trailers, 2; dealers automobiles, 17; chauffeurs' licenses, 21; license transfers, 75. This shows a notable gain over the same months of last year, said the assessor, although a tabulation of figures is not available.—Star-Mirror.

The street flags which were ordered by local business houses to decorate the town for the Fourth, were delayed in shipping and did not get here until the day after the celebration. The flags are 3 by 5 feet and the staff 12 feet long.

Analyze Water Potlatch Creek

Doubtful if it is Safe to Swim During Hot Months

The town council received a report on the Bacteriological and chemical study of Potlatch creek near Kendrick and Juliaetta, prepared by Ray F. Neidig, chemist and Wm. M. Gibbs, bacteriologist, both of the agricultural experiment station at the University of Idaho. The report was made as the result of a complaint made by the Village of Juliaetta about a year ago. The complaint stated that the Kendrick sewer emptying into Potlatch creek contaminated the water so that it made it dangerous for the residents of Juliaetta to swim in the creek.

The report above mentioned covered a survey of the creek from 7 miles above Kendrick to the Village of Juliaetta at four different periods of the year, July, August, October and February.

The chemical analysis of the water showed that it is contaminated before it reaches Kendrick and that by the time it reaches Juliaetta it is as free from bacteria as it is above Kendrick. The action of the sunlight as the water flows over the shallow places, as well as the filtration as it flows over the rocks and sand, is said to purify the water long before it reaches Juliaetta.

The report states that the water, either above or below Kendrick, is not fit for drinking purposes and that there might be some risk in swimming in the creek either above or below Kendrick or Juliaetta, as water that is not fit for drinking purposes is not safe for swimming.

McClelland-McAntire

The home of Mr. and Mrs. Carl Kinzer, 824 Fourth street, Sunday, was a scene of a beautiful wedding, when Burt McClelland of Anad, Montana, and Miss Wilma McClelland, of Southwick, were united in marriage by Rev. Geo. F. Calvert, of the United Brethren church of Clarkston, says the Tribune.

This estimable young couple are well known in the Southwick vicinity where they have spent most of their lives. At the present time Mr. McClelland is farming in Garfield county, Montana, where the young couple will make their home.

Roy Entman and Minnie Blum motored to Genesee last Friday returning the same day. Laura Blum and Paul Hewett accompanied them home to spend the Fourth at Kendrick.

Old story: "How many cigars do you smoke a day?" was asked of a smoker. "About 15." "Do you know if you saved that money that goes up in vile cigar smoke you could own the best building in town?" "Do you smoke?" "No." "Do you own the best building in town?" "No." "Well, I do," said the smoker.

Kendrick Celebration Grand Success

Happy Crowd Had Enjoyable Day Here Last Saturday, Attendance Being Very Large

The celebration here last Saturday was up to the usual standard, which is a round-about way of stating that it was an entire success in every way. A crowd estimated at 5,000 people attended and spent a happy day here. The weather was perfect and the program of the day was carried out on schedule.

The parade, under the direction of A. Wimot, was a creditable affair. It started on scheduled time, which is worthy of note. The band led the procession with thirty-five musicians. It was their first attempt to play on the march, but they got away with it in fine shape. The \$15 prize for the best sustained entry was won by the ladies clown band. The Kendrick Garage carried away the \$10 prize for the best industrial float with a Ford, recently overhauled and equipped with numerous unique accessories. The \$10 prize for the best decorated automobile was awarded to Frank Ellis. The \$5 prize for the most attractive horse and rider was given to Mr. Sparber, who is a veteran of the Civil War. The \$3 prize for the best general entry was carried away by N. B. Long & Sons.

The program of the park was a pleasing feature of the day's entries. Seats were provided under the shade of the park trees for those who wished to listen to the program. The address of Congressman Burton L. French attracted a large crowd who showed intense interest throughout his speech. Mr. French complimented the Kendrick band most highly and said that many towns of 3,000 people or more would be proud of such an organization.

Congressman French reminded the audience that today marks the 149th Anniversary of the Declaration of Independence, and that it is an occasion for the striking of balances, as it were, touching the affairs of government to see whether or not our experience is worthwhile, whether or not radical changes should be made, and to what purposes the people generally can address themselves for the insurance of that which is best in government.

Mr. French cited the unsettled condition of the world today in the leading countries apart from the United States. "Mexico is just emerging from a ten-year period of unrest and revolution. The Central American countries have not been free from revolutionary upheaval. Every paper that comes is scanned carefully for the latest news of what has occurred in Peking, or Shanghai or Canton. In Europe the political situation is tense; Spain and France, with their colonies, Great Britain in her apprehension of what the day may bring forth in Egypt, France and Germany touching what may be in the minds of the people across the boundary line, and Russia, torn and distraught and with a population said to be diminished by nearly 50 per cent in comparison with six or eight years ago.

Contrast that with the United States. We, too, have but recently emerged from a great war, and conditions are not what they ought to be, but there is no political upheaval; there is no famine; there is nothing that threatens overthrow of government. In a large way our people and our country are prosperous; their look is forward, and they justify the establishment

The members of the "Okoke Klotchman club have kept track of their bridge scores since early last winter with the understanding that the six lowest were to entertain the high six at a dinner party. The dinner took place at the Lewis Clark Hotel last Sunday evening at Lewiston and was a delightful affair. It was also made an occasion in honor of the McConnell family, Mr. McConnell leaving that evening for Tekoa.

High Prices Are Not Justified

E. W. Eaves Comments On the Wheat Market

Talk about high prices for wheat at this time is unjustified by actual conditions according to E. W. Eaves president of the Vollmer-Clearwater company and one of the best advised grain men in the United States, says the Tribune. Holding out the prospects of \$2 wheat for the Pacific northwest at this time, is without justification, he says, but by that Mr. Eaves does not mean that wheat will be particularly low, but probably \$1.25 which is considered a good price year after year and well above the average.

"Pacific coast wheat is subject to a 40 per cent freight rate differential in shipping east if we were on a purely domestic basis" Mr. Eaves explains. "It has been a long time since we have had to ship wheat east and if we were on a domestic basis and had to ship wheat it would mean that the Chicago market would have to be around \$2.40, or \$1 more than it is now, to give us anything like \$2 wheat.

"We will have probably a 50,000,000 bushel surplus in the Pacific northwest this year and this must be marketed either in the east with a 40 cent freight difference facing us, or directly in competition with Canadian wheat for England or the orient. October wheat in Canada at the present time is only \$1.30 per bushel, the Winnipeg exchange showing that quotation yesterday. The price is about the same at Vancouver, and if we are up against that competition this year, it does not look much like \$2 wheat.

"If Canada markets its large surpluses at \$1.30 it means our coast exporters will have to pay a like price on the coast, and that would mean about \$1.10 wheat here. The market can be expected to fluctuate and may be higher than that. It all depends on the Canadian and the United States spring crops. If they should fail or the yield be materially cut, then the prices would advance. But at the present time, the conditions for spring grain are good, both in the Dakotas and in Canada.

"Europe has a fine crop this year and will naturally consume its own crops before taking any of the Canadian or U. S. wheat. This condition is apt to make the export trade slow at the start. The only justification that I can find for hoping for \$2 wheat is the failure of the spring crops, and at the present time the opposite is indicated.

"The earlier deliveries will probably bring about 10 cents more than the later crops. At the present time, just when the old crop is being cleaned up and new wheat is beginning to come on, wheat is worth just what the dealers can get out of it. There has been a spread of about 15 cents between old and new wheat, and it is hard to predict just what it will be worth.

"I still believe wheat will be a good price this year. Any price from \$1 to 1.25 or more, is a good price. But I really don't believe farmers should build up hopes of getting \$2 for their crops under present conditions. When they hear of Canadian spring crop failure or a failure of the U. S. spring crop, then they might have some of such a price. The Canadian acreage is much larger than usual. Our own crop on the Pacific coast is heavy this year, and to the fact that the fall crop was a failure and the shortest known, can we attri-

In closing we might remark that everyone is again invited to celebrate with Kendrick July 4, 1927.

SAME OLD THING

Doolittle was unquestionably the kindest-hearted man in town. Also the laziest.

"Dearie," he told his wife, "when I pass away I shall leave everything to you."

"That's what you've been doing ever since we married," she snapped back.—American Legion Weekly.

Writes About Eastern Trip

H. P. Hull Tells of Travels Since Leaving Kendrick

The following interesting letter was received from H. P. Hull. It will be of interest to his friends in this locality:

"We have been having a great time. Thinking perhaps that you would like to hear about our journey. Our first stop after leaving Kendrick was Spokane, where we visited a few days with relatives and friends.

Our next stop was at Sandpoint where we found several old time friends, formerly Kendrick people, Mr. and Mrs. D. J. Howlands, Mr. and Mrs. Hines, Mr. and Mrs. Harry Hupp. We were royally entertained there and taken about the country.

Going through Dakota and Wyoming we passed through severe thunder and hail storms. We had cool weather until we reached Kansas City where it was uncomfortably warm for a couple of days. There we visited with my son, grand and great grand children. The second day there our daughter, Mrs. A. C. White and son, Roger, came, having driven through from New Mexico in their car. While here we attended the Christian Science Church of which our grandson is first reader. The services were new to us but very impressive.

Our next stop was at Newark, New York, at our nephew's home. The next day we went to Ithaca and brought back my sister. While there we visited the Eastern Star chapter. The next stop was at Oxford, N. Y., where I was born. I visited the cemetery where my parents and sister are buried. Also while here we visited the Eastern Star chapter. I found only one or two of those I knew as a boy but many of their children and grandchildren. From there we went to New York City visiting a niece, and seeing the city and a few old friends, among them U. S. Military telegrapher, who was in the service during the civil war.

Then we left for Lewiston, Maine, to visit at the home of Mrs. Fisher, Mrs. Hull's sister. Meeting with nice, cool weather. We have been taking in this part of Maine. Yesterday we went to the beach and had a "Shore Dinner". I wish I could describe the dinner but words failed me—hot lobster stew, stewed clams, clam broth, fried clams and plain lobster, etc. I have eaten a good many dinners but never before one like this.

We went fishing the other night with good success. We are going fishing in the ocean to-night and hope to bring back fish, clams and lobsters.

We expect to leave here the 20th of this month, on our way home. We will make several stops among them Kansas City, Ellsworth, Kansas and Denver, Colorado.

Your Sincerely,
H. P. Hull.

Albert Glenn Injured

Albert Glenn, son of Mr. and Mrs. John Glenn of the Fairview community, was quite badly injured here last Saturday afternoon. He attempted to jump on a light truck driven by Leland Houck, while it was moving. He missed his step and fell under the truck, one wheel passing over his body. He sustained two broken ribs and a fractured collar bone and was quite badly bruised. He was taken to Dr. Seeley's office where he received medical treatment at once. It is reported that he is getting along very well.

F. Byron Smith and family of Peck celebrated in Kendrick July 4 and also spent Sunday here.

"I hate the good prices we now have and will probably enjoy during the marketing season."

The state of Idaho sends greeting to ASA OVERBY, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Second Judicial District of the state of Idaho, in and for the County of Latah, by the above named plaintiff, of the nature in general terms as follows:

To secure a decree of divorce from the above named defendant on the grounds of desertion alleged to have taken place between during the fall of the year 1910 and on the ground of nonsupport alleged to have been commenced on or about the month of November, 1910, and both of which said acts are alleged to have continued without interruption up to and including the date hereof.

And you are hereby directed to appear and answer the said complaint within 20 days of the service of this summons, if served within said Judicial District, and within forty days if served elsewhere. And you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

Witness my hand and seal of the District Court of the Second Judicial District of the State of Idaho, in and for Latah County, this 29th day of June A. D. 1925.

Abe Shapira was telling Muskovitch about his brother, Isaac, who had been absent for a year or so. "Undt he goes by Chicago undt opens a wholesale chawelry store undt the feerst year he makes forty thousand dollars. Ain't is so Perlman?" "Mid some eggceptions, chass. It was not Chicago, it was Cincinnati. It was not the whole-sale chawelry, it was the retail. It was not forty thousand, it was four. He didn't make it; he lost it."—Idaho Pioneer. 28-1t

Which Costs More To Have Hail Insurance and not need it, or To Need Hail Insurance and not have it?

You cannot prevent hail, but you can protect yourself against loss by a Home Insurance Company policy, whose policies mean absolute protection, with prompt and just settlements of all losses.

Give to your crop this year the same care and protection against a loss by hail that you give in working your ground and preparing it to produce a crop. It is good business.

Let us write you up today.

THE FARMERS BANK
Kendrick, Idaho

GLEANINGS

Halvor Nelson of Farmington, Wash., was looking after business interests in this vicinity the first of the week. He recently underwent quite a serious operation at a Spokane hospital but is practically recovered now. He was at the hospital for five weeks.

By taking the game from Greer last Saturday, Kendrick's record for the season is 10 games won and 2 lost. Not so bad, is it?

M. B. McConnell left Sunday afternoon for Tekoa where he started work Monday morning as cashier of the Citizens State Bank. "Mac" was extremely popular here so his departure was witnessed with regret. Mrs. McConnell and Jane will remain here for some time.

Those who won prizes of vanity cases in the grab box put on by L. S. LaHatt, local Jeweler, July 4, were Norris Proconier and Miss Miller.

Mrs. R. Murphy visited relatives in Moscow Thursday of this week.

Mr. and Mrs. Frank Ellis are leaving today in their car for a week's vacation.

Herman Schupfer originated a clever idea for an electric fan for the New Kendrick Theater. He fastened three Ford fans to a frame, all of them in alignment. The fans were then operated by a belt from a small electric motor. This improvised fan was used at the theater last Saturday during the celebration and kept the air moving so that it was quite comfortable in the building.

Mrs. A. O. Strauch was called to the Big Bend country last week by the death of her brother. Mr. and Mrs. Strauch drove to her brother's ranch in their car.

The Star-Mirror at Moscow states that a Kendrick man by the name of Paul Johnson was arrested here for drinking whisky in a public place. The man was arrested by county officers July 4, but so far as we have been able to learn he is not a Kendrick man, but hails from Moscow. We gladly make the correction as we do not wish to usurp any publicity that rightfully belongs to the county seat town.

The fact that none of the Latah county banks failed during the period of depression recently passed is worthy of note. There are 12 banks in the county and all are apparently in a healthy condition—especially the two Kendrick banks.

A. Wilomt, Mr. and Mrs. A. O. Strauch left yesterday morning for Shelby, Montana, where Mr. Wilomt has oil interests. They made the trip in Mr. Strauch's car.

Mrs. Lee Sten of Moscow, visited with her daughters, Mrs. R. Murphy and Mrs. C. S. Westendahl a few days last week.

Mr. and Mrs. Orphie Hupp of Valleyford, Wash., drove to Kendrick last week to attend the celebration.

Mrs. Joday Long attended the program at the park here last Saturday morning. This is the first time she has been able to come down town for several years. Mr. and Mrs. Oldfield brought her down in their sedan and she had an opportunity to meet many of her friends, who were delighted indeed to see her gaining strength so rapidly.

Kester Dammarell is now officially assistant cashier of the Farmers Bank. He received his appointment Wednesday.

BIG BEAR RIDGE

Miss Rena Morey returned to Spokane, Sunday, having spent the fourth with her parents, Mr. and Mrs. O. V. Morey. Her sister, Miss Ida, accompanied her for a visit in Spokane.

Mr. Hunter of Peck is spending a few days with his daughter, Mrs. Wade Keene.

Mr. and Mrs. Dewitt Penland and children of Orofino were week end visitors at the A. Kleth home.

Mrs. Rilla Arnett returned to Lewiston, Monday, having visited her parents, Mr. and Mrs. Rufus May.

Miss Agnes Jones is spending the week with friends in Spokane.

The Hamilton family of Peck were week end guests at the A. W. Jones home.

Mrs. Stuart Compton and children of Orofino are spending the week with her mother, Mrs. N. E. Ware.

Mrs. Einar Bruseth and son, Master Oliver, returned to their home in Spokane, Tuesday, having visited at the home of her parents, Mr. and Mrs. Ole Lien.

Mrs. C. C. Belknap, daughter, Miss Irene, and son, Meldon came down from Farmington, Wash., to spend the 4th and to visit her sisters, Mrs. J. M. Bramblett and Mrs. Newt Heath. The Belknap family were former residents of the ridge.

Mr. and Mrs. Gabriel Forest and Miss Bertina Forest were Troy visitors, Monday.

Mrs. Carrie Hooker, who has been seriously ill for the past two months is somewhat improved.

Clifton Elliott and Ivan Whitcomb were Lewiston visitors the first of the week.

Ed and Emert Lien returned to the mines at Murray, Idaho, Monday, having spent the 4th at home.

A large crowd camped at Atwater Lake during the 4th.

N. E. Ware writes from Stayton, Oregon, that his brother, Tom, is still seriously ill.

A delegation from the Lutheran church are planning on motoring to Moscow, Sunday morning to attend the Norse-American centennial to be held there.

CRESCENT CLIPPINGS

There was a picnic in LePole Canyon the 4th of July; 36 attended and had an enjoyable time.

Mike Forest and family, I. T. Kimbley and family, F. Rieche and daughter, Lena, Mr. and Mrs. James Kyle and Ed Brown were visitors at the Andrew Dorendorf home, Sunday.

Mrs. Bryan Trail and children left for their home near Lewiston, last week.

Mrs. Wells of Southwick and Mr. and Mrs. H. Pogue were visitors at the Frank Souders home, Saturday.

Word has been received that Mr.

Jake Petersen of Elk River and Miss Nina Hunt of Crescent were married at Couer d' Alene, July 4th.

Free Barbecue at Moscow

The Moscow chamber of commerce will furnish a huge free barbecue for the annual field day of the College of Agriculture of the University of Idaho, which will be held on the campus July 17. All farmers and other persons interested in the agricultural experiment work now under way have been invited to visit the university at that time.

Following the barbecue at noon, a short speaking program will be offered. The remainder of the afternoon will be spent in visiting the beef and dairy cattle herds, the poultry plant and the field experiments in crop and soil. A large part of the time will be given over to visiting the crops and soils experiments. These experiments deal with the testing of varieties of wheat, oats, barley, peas, and forage crops, crop rotation and breeding crop plants.

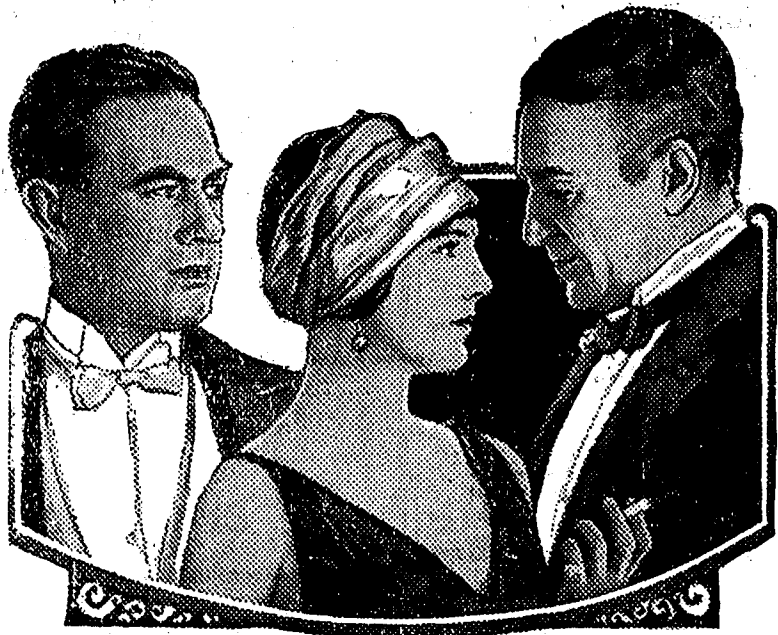

Round and Long "S"

T. C. Hansard, in his book called "Typographia" (printed in London, 1825), says: "The introduction of the round 's' instead of the long is an improvement in the art of printing, for which we are indebted to the ingenious Mr. Bell, who introduced them in his edition of the British Theatre, published 1791-1802."

Tonight and Saturday

Wives! Here's the Drama of Your Own Life!

Has a wife a right to a say in her husband's business? The husband in this picture says "No!" But when he faces ruin and bitter poverty. There's a "silent partner" in every home—the wife. Every wife should bring her husband to see this picture.
