Items of Interest Taken From Neighboring Papers

Last Sunday afternoon a number of taxpayers, mostly farmers, held a meeting in Deary and took steps towards organizing a Taxpayers League. Temporary officers were chosen as follows: Chairman, Wm. Smith; secretary, Densmore Stevens. In the absence of specific information concerning certain matters to be investigated, after some discussion the meeting adjourned until such information can be obtained and another meeting for permanent organization is called by the temporary chairman.

One of the matters to be investigated is the levy for forest fire protection which is said to appear on some of the tax statements. This tax, it appears, became delinquent last fall and a penalty has been added. Those who have talked to us say they had no notification of the levy and knew nothing about it until they received their regular tax statement.—Deary Press.

Columbus Clark and wife departed last week for California. Mrs. Clark has been suffering with rheumatism for the past several months and it was decided to try a change of climate to see if her health would not be benefited.—Juliaetta Record.

It is estimated by those in a position to know that there is still about 60 per cent of the local wheat crop in the hands of the farmers, the statement being made that practically all of the grain that has been sold has been shipped out. This indicates that some, at least, are going to hold for higher prices, which have been freely predicted for after the first of the year. Here's hoping that they get all they are holding for—and then some.—Genesee News.

Home grown watermelons for Christmas dinner is just a little out of the ordinary, even in the Palouse country. But watermelon, red and juicy, was served on at least one table last Friday. C. Bumgarner, who lives a mile northeast of Moscow, and who grew a patch of good melons this season, placed one large melon in his cellar, just before the frosts came, late in the fall, and thought he would see if it could be kept until Christmas. The melon, when cut, was found to be in perfect condition and tasted just as good as a ripe melon does in the summer time.—Star-Mirror.

Weak Defense

General William Mitchell said at a dinner in New York: "Our air service is in a bad way, and its defenders put up as bad a defense as the tramp's." "A very dirty tramp was charged with chasing a lunch-joint attendant all round the lunch-joint with a knife." "What time was it when I chased ye?" the tramp demanded of his accuser. "Eight o'clock in the morning," said the lunch-joint man. "There, gents," said the tramp, running his dirty hand through his disheveled crop of whiskers. "That lets me out all right. That shows ye what a liar he is. At eight o'clock every mornin', winter and summer, I takes me bawth."—Ex.

Arthur Jones left Wednesday afternoon for Kansas City where he expects to take a course in automobile mechanics.

A. Wilmot sent a kodak picture to a friend in Kendrick that shows him enjoying the California climate under the shade of a banana tree. He might be picking roses in Kendrick now, if he hadn't gone to California for the winter.

Morss Locates at Lewiston

N. R. Morss, at one time the resident auctioneer of the Potlatch, called up from Lewiston the first of the week and stated that he had located there. He arrived recently from Bozeman, Montana, where he has made his home for the past two years. He has a wife and daughter who are expected to join him in Lewiston in about two weeks. N. R. says he hasn't taken a drink since he left this country five years ago. In this age of rapid changes we are prepared to believe anything.

Death of M. B. Lewis

M. B. Lewis of Coeur d'Alene, who for a number of years made his home in Kendrick, died at the home of his son, Guy, at Coeur d'Alene, Monday night after a lingering illness. He had reached the age of 78 years.

Funeral services were held from the Mooney chapel at Coeur d'Alene, Thursday, the Rev. Fred H. Thompson of the Baptist church officiating. The Masonic lodge had charge of the service at the grave.

He is survived by his widow, a daughter, Mrs. Jessie Callison of this place; two sons, Guy of Coeur d'Alene and Ray of Webster City, Iowa, and a sister, Mrs. Wm. Hallen in Illinois.

Mr. Lewis had a wide acquaintance in this community and had made many friends by his kindly ways. He was an active member of the Masonic lodge, retaining his membership here although he had been a resident of Coeur d'Alene the past five years.

His daughter, Mrs. Callison, left here Thursday of last week so that she might be with her parents for Christmas.

LELAND ITEMS

Prof. Calvert and family visited in Juliaetta, Thursday, and attended the Christmas exercises at the U. B. Church.

Rev. Taber was called to Orofino to hold the burial service of Grandma Richardson, who is known to some in this community. Grandma Richardson is a pioneer of that section of the country and her going has left aching hearts to many. She leaves three sons and two daughters. She has made her home with her daughter at Gilbert, since the death of her husband five years ago.

A surprise party was given on Bonnie Craig at her home on Tuesday evening. The occasion being her birthday. About 40 guests were present and everyone enjoyed a most pleasant evening. Bonnie received many beautiful gifts as she is one of our most popular young women.

Miss Fay Jones is visiting at the home of her aunt, Mrs. Claud Craig.

The Epworth League gave a business and social affair in the downstairs of the I.O.O.F. hall on Wednesday evening. After the business was transacted the evening was spent playing games until refreshments were served, after which they closed.

Mrs. C. J. Taber enjoyed a brief visit from her brother, Richard Southwick of Missoula, Mont. He stopped on the way back to the university, after the holidays.

Miss Helen Eichers is home for the holidays from Pomeroy.

Mr. and Mrs. Koopp entertained last Monday noon. Those present were: Bertha Kuykendall and daughter, Miss Helen Eichers, Mr. and Mrs. Henry Bernstein and children, Mr. and Mrs. Ed Fleshaman and family.

Prof. Calvert enjoyed a visit with his mother from Tuesday until Friday.

Will Install Officers

Neighbors of Woodcraft will initiate two candidates and have two applications for membership for the meeting to be held January 13. There will be installation of officers the same night.

Arrival of the New Year

KENDRICK NEWS 20 YEARS AGO

Taken From Copy of Gazette
Published in 1905

In our account of the hunting trip of Messrs. Walker, Woody and Thomas we failed to mention Mr. Thomas' two brothers who were in the party and also erred in stating that six deer were secured when the number brought in was ten with three bear besides.

Splendid sleighing is the verdict not only on the hill tops but in the canyon and as a result everyone is enthusiastic for parties and such like. Good sleighing is something not often seen in our town.

The mayor has received a certificate of the silver medal won by Kendrick at the St. Louis Exposition for display of dried prunes. The medal is now being struck and will soon be in the town's possession.

Rumors of an opera house and all for Kendrick are now in the air, though just what will materialize it is impossible for us to state just now.

Frank Steunenberg, former governor of Idaho, was killed at 6:40 o'clock Saturday evening at his home in the suburbs of Caldwell, by the explosion of a dynamite bomb at his gate which exploded just as he was passing through. The governor was killed at the west gate leading to the back door of his home. It is apparent that the assassin knew his habits, since a stranger would have supposed he would go in at the front gate; but it was his habit to use the other.

Pullet Just Misses 300 Mark

24-51, a single Comb White Leghorn pullet hatched April 17, 1924, finished a 365-day record November 30 with only 2 eggs separating her from the 300 egg class. 24-51 is the highest producing bird ever bred and raised at the University Poultry farm. She is of the Archie Larson strain and is out of a 284-egg hen, C212. More hens have produced over 250 eggs at the University Farm during the past year than in the last five years taken together.

PROPERTY VALUES SHOW INCREASE

Latah County Personal Property
Worth \$2,173,562

Personal property in Latah county has an assessed valuation of \$2,173,562, according to figures given out by Harry Thatcher, county auditor, says the Star-Mirror. This is a slight increase over last year's list which totaled \$2,018,988.

This includes improvements on lands, cattle, sheep, horses, mules, hogs, machinery, vehicles and a huge list of miscellaneous property.

Improvements on lands amounts to \$687,000. This includes government or state lands, railroad right-of-way, and land not otherwise classified.

Listed under the heading of cattle there are 1242 yearlings valued at \$12,353; 497 two-year-olds assessed at \$8,171. One thousand fifty-seven stock cattle are valued at \$25,090, while 53 bulls are worth \$1975. Milch cows are valued at \$109,435, there being 3121 of them in the county.

There are 2616 work horses valued at \$111,649 while 134 work mules are assessed at \$5,515 and 78 two-year-old horses and 20 two-year-old mules are valued at \$2,265 and \$602 respectively. One hundred and thirty-one colts are worth \$2331 and 18 yearling mules \$320. 4 stallions are valued at \$900 and 1013 stock stallions at \$25,340.

The report further includes 1945 hogs valued at \$12,010; 812 sheep, \$5,684 and 40 goats, \$280. There are 3222 migratory sheep in the county which are assessed at \$5,638.

Machinery is valued at \$125,378; personal property, not otherwise classified, \$1,598,427, vehicles, \$15,950; tools and implements, etc., \$81,250; harness, robes, \$16,530 and household goods, \$12,110, bringing the total value to \$2,173,562.

Legion Dance Tonight

The annual New Year's dance will be held at the Fraternal Temple tonight. Chase's orchestra of Lewiston will furnish music for the occasion. Eye-body is extended a cordial invitation to attend.

Forest-Dorendorf

Mary J. Forest, daughter of Mr. and Mrs. Mike Forest of Crescent, was married at Lewiston, Monday, to Mr. William J. Dorendorf, also of Crescent. The ceremony was performed by Probate Judge, Charles A. Woelflen. The young couple will make their home in the Crescent community where the groom is engaged in farming.

Albert W. Allen

Albert W. Allen, one of the pioneer residents of American ridge, passed away last Sunday. Funeral services were held at the Short chapel Tuesday morning and interment was made in the Moscow cemetery. The funeral service was conducted by Rev. Jones of the Methodist church.

Mr. Allen was born in Beaverdam, Wisconsin, January 26, 1859. When he was a young man he moved to Iowa, where he was united in marriage to Miss Mary McFarland on August 18, 1886. In 1900 the family moved west and homesteaded on American ridge where he had since resided. He was the father of five children, one of whom died in infancy. The widow, Mrs. Mary Allen, and four children, survive. The children are: O. W. Allen of Lewiston, and Charles E. Allen, Mrs. Carrie Emmett and Thomas Allen of Troy. He is also survived by four grandchildren.

Missionary Birthday Banquet

On Monday evening, Dec. 28, at 6:30 in Epworth hall, the Junior Leaguer's entertained their parents at a birthday dinner party. Invitations had been given in little red sacks, which were to hold as many pennies as they were years old.

The guests were greeted by a committee of Juniors and escorted to the beautifully decorated tables representing the 12 months of the year. At the close of the dinner, songs, stunts and after-dinner speeches relating "former birthday occasions" were enjoyed by all. The entire company then assembled in the auditorium. The platform was beautifully decorated with a Christmas tree, stars suspended from the lights, artificial snow on the evergreen boughs and the Bethlehem scene, all of which formed a background for the presentation of the story of the "Birthday of Christ" in pageant form. The announcement to the shepherd was given by Georgia Bell, who was dressed in white. Next was the shepherds visit to the "Christ Child". Mary and Joseph were represented by Margaret and George Schultz. Then came the visit of the wise men, presenting their gifts, followed by a processional of the entire congregation, each one depositing his little red bag of birthday money to be used for a scholarship for a boy in a Christian day school in Rangoon, Burma, under the supervision of William Bell. — Mrs. C. D. Bell.

Build Marble Plant Road

The construction of a one-half mile link in the Clearwater highway district will be commenced this week by the Idaho Marble company on a contract with the commissioners of the district, says the Tribune. The cross-sectioning of the road, preparatory to the construction work, was commenced Tuesday by engineers from the office of County Surveyor W. P. Hughes.

The estimate of the district for the one-half mile road is \$1,500 and the marble company has agreed to complete the road for that amount and will add the amount necessary to complete the job in the event the figures set by the district are too low for a completed highway. The Idaho Marble company is especially interested in the construction of the one-half mile link because of it being the outlet for the products of the big milling plant of the marble company.

WEEK'S EVENTS FROM SOUTHWICK

Written For Gazette by Special
Correspondent

Electric Lights Useful in Production of Eggs

Electric lights have been successfully used for years in hen houses to prolong the hen's working day and to increase the egg yield. A further application of electricity to the egg industry has recently been developed with extraordinary results, according to reports of the British Illuminating Engineering society.

Two groups of 12 pullets each, of the same age and breeding, were segregated for 16 weeks. During this time they were all fed on identical rations. The first flock was kept under ordinary conditions and produced 124 eggs during the test period. The second flock was treated for 10 minutes daily with ultra-violet rays and produced 497 eggs.

At the end of the 16 weeks conditions were reversed, whereupon the output of the first group, which began to receive the violet-ray treatment, increased rapidly, and that of the second flock, no longer receiving it, decreased. At the end of the second 16-week period the egg production of the two groups had been approximately reversed. The same results were observed in similar tests at the Wisconsin experiment station.

Experiments in Wisconsin also indicate that the ultra-violet rays may have a profound effect in stimulating the growth of young chicks.

Happy

New Year

We used to hear the old saying: "Be decent if you would be respected." Now, it is: "Be good or we will pass a law to make you be good."

The No-Tobacco league has asked Vice President Dawes to make a New Year's resolution to quit using tobacco. Eliminating the Dawes' pipe would remove much of the Vice President's "atmosphere", which is hardly fair as it helps to keep him in the public eye.

A magazine writer devotes about three hundred words to a description of the qualifications that go in the making of an ideal wife, the "only type of girl he will ever marry." He neglects, however, to relate just what the girl is to receive in exchange for the million virtues.

Good Winter Production

Obtained by Right Feed

Too many poultrymen rely almost wholly on grain feeds during the winter. Green food, beef scraps, milk by-products and mineral matter are too often omitted altogether or fed too infrequently and sparingly. Oyster shell, prepared grit and charcoal, ready for the fowls at all times, provide mineral matter. Cabbage, beets, mangles and sprouted oats make excellent green foods; hung an inch higher than the head compels needed winter exercise. Any fresh vegetables, even raw potatoes, are a whole lot better than nothing of the kind at all.

For animal food, beef scraps serve the purpose splendidly. Milk by-products, when low priced, are used with excellent results and probably with greater returns, comparatively, than when fed to farm animals.

The more the birds eat, the more they lay, if the rations are properly compounded and fed skillfully.

Good winter production means unquestioned success. Now is the time to house comfortably and feed skillfully.—A. C. Smith, Chief of Poultry Division, University Farm.

Green Feed Essential

Notice how nice the yolks of the eggs you are using appear. Did you obtain eggs with nice, rich, strong orange-color yolks last winter? If so there were plenty of green foods furnished the hens. If the yolks were pale, watery, pale kind, it is certain that your hens failed to have green material. During the summer months plow up some of the yards about the sheds and plant rye and oats. The rye will always be accessible when the snow is off the ground.

GLEANINGS

Miss Beulah Long went to Spokane, Thursday afternoon, to spend the week end with friends.

The Kendrick town team is scheduled to play the Troy team tonight at Troy. This will be the third game of basketball between these two teams, each winning one game to date.

Mrs. N. B. Long went to Pullman yesterday afternoon to visit relatives.

Charles Jessup of Juliaetta spent Christmas day at the home of Mr. and Mrs. Wm. Watts.

Roy Humphrey left Saturday morning for Paseo, Wash., to visit friends for a few days.

Claud Stanton came over from Elk River to spend Christmas at home, returning Sunday morning.

Lloyd Kuykendall returned to Coeur d'Alene last Saturday. He and his family spent Christmas with Mrs. Kuykendall's parents, Mr. and Mrs. Herman Koopp. Mrs. Kuykendall expects to remain here for a visit and will then return home.

Mrs. Herman Busse and little daughter, Bernhardine, arrived Sunday from Kuna, Idaho, to visit at the home of Mrs. Busse's father, Geo. E. Knepper.

Jack Bechtel of Lewiston arrived Saturday to visit his parents, Mr. and Mrs. S. A. Bechtel.

Mr. and Mrs. Silvie Cook returned Monday morning from Agaña where they visited Mrs. Cook's mother, Mrs. Dean Wright.

One Bismarck was a passenger on the Monday morning train for Moscow where he is spending the winter.

George Davidson went to Moscow Tuesday on business.

Rosa Hoffman of Koskia arrived yesterday morning to transact business.

Mr. Benschoter returned yesterday morning from a visit to relatives in Lewiston.

E. W. Lutz arrived Tuesday morning from Lewiston to attend a director's meeting of the Kendrick State Bank.

Mrs. Ira Havens and daughter of American ridge spent the week end at the home of Mrs. Haven's parents, Mr. and Mrs. Lafayette Keene at Moscow.

In looking over the subscription books of the Gazette we find that N. Brooke has taken the paper for 25 years. During these years he has kept his subscription paid in advance.

Mr. and Mrs. Herb Sloeum have moved from the Jack Bailey ranch on Texas ridge, to their own place near Deary.

Mr. and Mrs. A. R. Shumaker of Pullman visited Sunday at the home of Mr. and Mrs. Jody Long.

Mr. and Mrs. Walter Thomas of Lewiston drove up Sunday for a visit with relatives and friends here.

J. C. Bibb of Lewiston spent Christmas day at the home of his daughter, Mrs. J. G. Gardner.

Julius Petrick received word recently that Mr. and Mrs. U. S. G. Evans of Auburn, Wash., have another boy in the family, born December 22. They now have four boys. Mr. and Mrs. Paul Petrick of Seattle also have another boy, born the first part of December.

G. R. Kerns was a Pullman visitor the first of the week.

Mrs. Wallace Emmett of Bear ridge returned Wednesday from Spokane where she recently underwent a major operation. She is recovering as rapidly as could be expected.

A petition is being circulated by the citizens of Juliaetta this week asking the village board of that place to purchase 1,000 yards of crushed rock from E. M. Booth, for a top coat on the main street of the town. This would put the street in good shape for travel. It is said that practically all of the taxpayers within the town limits have signed the petition.

Word was received here this week that Mrs. Gilbert Riley passed away in Spokane last week. The funeral was held there Sunday. Gilbert Riley is a son of Mr. and Mrs. Theo.

Riley, former Kendrick residents.

Mrs. Procunier of Troy visited the first of the week at the home of Mr. and Mrs. N. E. Walker.

Mrs. Frank Benschoter and son, Walter, went to Moscow, Tuesday morning to attend the funeral of the late Albert W. Allen.

The many friends of Rev. Bell's family will be pleased to hear that they received word the first of this week that their son, William Bell and family are to sail for America, from Rangoon, Burma, March 23, landing in Kendrick about the middle of June. Mrs. Bell's health is so impaired they will probably remain in America more than a year.

According to the Deary Press the light plant at Deary has been leased to Fred Hecht by the village board. Mr. Hecht agrees to furnish street lights for the town and hall for the use of the plant.

Judge Edgar C. Steele has fixed the dates for the terms of district court in Latah county for 1926, to be held in Moscow, January 18, May 3 and October 11.

Frank Crocker has two black walnut gun stocks, made in the rough, which he cut from a locally grown walnut tree. The wood has a beautiful grain and will make fine gun stocks. Mr. Crocker is an expert gunsmith and does most of the gun repairing in the Potlatch country. He restocked a rifle for E. E. McDowell last week. It looked like a factory job.

It is estimated that sixty per cent of the wheat crop of the Potlatch country is still held by the farmers. Although the price went to rather an attractive figure the first of the week, but few sold. Many bean growers still have their crops and are holding for higher prices, although a much larger per centage of beans have been sold than wheat.

The local I.O.O.F. lodge will initiate two candidates at the regular meeting tomorrow night.

Harry Driscoll of Troy was transacting business in Kendrick yesterday morning.

A family reunion was held at the J. B. Helpman home Christmas day. It was the first time for five years that all members of the family were together. Mr. and Mrs. Gregory Eaves and Mr. and Mrs. Hugh Helpman

L. J. Herres was able to be up last Sunday, the first time for 10 weeks. He is improving quite rapidly at this time.

Miss Cordelia Emmett, who is teaching at Edmonds, Wash., spent her Christmas vacation here with home folks. Wallace Emmett and sons were also guests at the James Emmett home Christmas day.

Mr. and Mrs. Frank Boyd were present from Lewiston. Mr. and Mrs. Frank Boyd were present from Kendrick.

M. J. Westover of Clarkston was looking after property interests in this community yesterday.

Mr. and Mrs. Herman Wilken of Gifford were Kendrick visitors yesterday. Herman expects to enter the railway mail service in the near future.

New Years, 1926

By EDWARD RETICKER in CHICAGO AMERICAN

NEW YEAR'S. And so we close this book to start anew. No sighs, Nor cast behind a look—The Book is You.

Shut it up and start again, And know each day's account Records the tiniest amount By which we grow as men.

Mind not the blots. The stain Fades with the lesson learned. Our souls are something earned Through sorrow, grief and pain.

Record the smiles, the Song Of Life we know as Love That lifts our course above The paths of human wrong.

Record it All, and know No Fate shall hold us pen. We are not pawns, but men, And choose the ways we go.

New Year's gain must close the book as Time rolls by and keep Me unashamed to look—The Book is I.

Posthumous Fame

The fame of Heinrich Kleist sprang up after his untimely death at the age of thirty-four years. His work won meager recognition during his life, and he was in actual want when he killed himself in 1811!

Climbed the Fence

A stock speculator, back from his vacation, said that while in the country he narrowly escaped being cornered in a very lively bull movement.—Boston Transcript.

Where Great Radio Inventions Were First Produced

ALL the leading authorities in Radio know of the famous Thompson laboratories, for during the past 16 years over 116 different types of Radio apparatus have been designed and manufactured by Thompson; many of the important problems of Radio were solved by Thompson Engineers.

Many of the intricate devices used by sailors on the seas, soldiers on the field of battle, and operators in the aeroplanes and submarines, came out of the Thompson Plant. The Radio direction finder, the sonic depth finder, the light-weight aeroplane transmitter, etc., etc., pay tribute to Thompson renown.

This bulwark of scientific and research Radio experience stands back of Thompson products today. It's your assurance that in design, manufacture and performance, Thompson Radio will meet your critical expectations.

THE CONCERT GRAND A 6-Tube Neutrodyne Model S-70

Six tubes to satisfy those who want the maximum in distance, selectivity, and volume. Seldom used at full power, but when occasion requires, it will fill a ballroom or concert hall. By moving a simple plug it operates either on 4 or 5 tubes. Due to especially designed transformers, the Thompson Concert Grand exceeds ordinary requirements. It supplies maximum volume without distortion! The handsome two-tone mahogany cabinet has a special compartment for all dry batteries. Operates on either dry or storage battery tubes with inside or outside aerial. List price \$180.

The Thompson Speaker with special cone diaphragm and seven other features lists at \$25.
