An exchange says the culture the world needs most is agriculture.

A prominent politician recently said that women vote as intelligently as men. But we'll say that if they don't vote more intelligently than men, they ought to be ashamed of themselves.

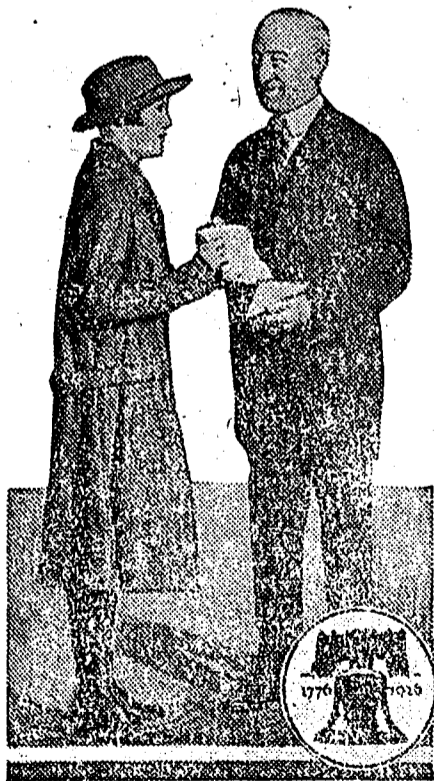

Arthur Brisbane gets \$5,000 a week for the stuff he writes. He says he can't save much on that. Most "writers" could save \$4,450 a week on that income and still live "high".

C. C. Van Arsdol, civil engineer of Lewiston, is expected here soon to start the survey for a new grade on Bear ridge. The local highway commissioners will leave the matter of choosing the most feasible location for the grade to Mr. Van Arsdol, who is considered one of the most competent location engineers in the northwest. After the location has been established and an estimate of the approximate cost secured, a bond election will be called for the purpose of giving the voters of this district an opportunity to say whether they really are willing to build good roads in this district. The election will include the construction of the Bear ridge road and improving and surfacing the Brady gulch grade on American ridge. It will cost money to handle this road building program but it is useless to talk road building unless there is a willingness to stand behind the cost of construction.

This week the Kendrick Commercial Club sent two men and a truck to Bovill to have 20 cans of trout transported and planted in Potlatch creek. The expense of this work was born by the club. It is generally understood, purely from heresy, that there is a deputy state game warden residing in Latah county. He gets a nice, fat salary—for doing what? Why doesn't he plant these fish for the game department, or see that the fish are planted? We don't believe that a chronicle of the activities of the deputy game warden in this county for the past two years, would make much of a showing when stacked up against the amount of money that has been paid for the job.

A newspaper headline says that prohibition may be an issue in the coming campaign. It won't be much of an issue in Idaho. It is hard to find self-respecting men in this state who would consent to run on a wet ticket.

1ST AMERICAN YOUTH ENTRY

Edith May Adams, eighteen-year-old Barrington, N. J., girl, presenting her entry blank to Mayor Kendrick in his office at City Hall, Philadelphia. The American Youth and Teacher Award was established as a tribute to American youth and teachers by the Board of Directors of the Sesqui-Centennial International Exposition, through which the people of the United States and the world at large will celebrate the 150th anniversary of the Declaration of American Independence. The exposition will run from June 1 to December 1. Miss Adams' entry blank cited her for heroism displayed recently when she remained inside a burning building helping doctors render first aid to injured firemen. She is a candidate for the Golden Eagle, the highest gift within the hands of the

Girl Scouts. Each state will elect a girl and boy and one teacher to represent them and the successful candidates will be the guest of the Sesqui officials from June 28 to July 5 at the exposition. This will also include a trip to Washington where they will be received by President Coolidge and presented with medals.

"So This is Marriage" is a Real Film Sensation.

An astonishing and history-making film is promised in "So This is Marriage" which will be shown at the New Kendrick Theater, tonight and Saturday. It is not only a shrewd study of married life as lived today, but also shows that similar conditions confronted young couples in the times of the ancients. A marvelously beautiful interlude is used to illustrate this part of the story, dealing with the old Biblical tale of King David and Bath-Sheba. This section has been photographed in natural colors.

In Boston Keep Going

Persons who visit Boston are often perplexed by its maze of streets. A visitor was complaining to a resident that he was constantly getting lost. "Never mind," said the Bostonian. "Just keep on going straight ahead and you will always come out where you went in."—Exchange.

Remarkable Remarks

I have read many bad books, but none of them ever harmed me. I have heard much bad conversation, but it never harmed me, most of it proved a warning. If I fall into a sewer, you may be sure I will scramble out as soon as possible. So will anyone.—E. W. Howe.

Want To Buy or Sell

Mr. and Mrs. Ben Presnal motored to Spokane a week ago to visit her mother, Mrs. Rozelle. They were accompanied by Mrs. Presnal's brother, H. Smith, who remained in Spokane.

Mr. and Mrs. R. M. Wright spent Wednesday and Thursday with their daughter, Mrs. Geo. Christensen of Crescent.

Joe Thornton, wife and son, left last Thursday for Oregon, to visit for sometime with their two sons.

Word was received last Thursday of the death of James King of Marshfield, Oregon. James was the six-year-old son of Mr. and Mrs. Claud King, formerly of this place. The parents have the sympathy of their many friends around Southwick in the loss of their little son.

Mr. and Mrs. Frank Wilmot and Mr. and Mrs. Milton Benjamin spent Sunday with Mr. and Mrs. Elton McCoy.

Miss Joy Bell was an overnight guest of Mrs. Edwin Wetmore, Saturday night.

Leslie Triplett and family attended the ball game at Peek, Sunday.

Mr. and Mrs. Ralph Roberts of Oregon have been visiting the last week with friends around Southwick.

Mr. and Mrs. Clarence Whiting arrived Saturday evening from Oregon where they have been for the past nine months. As they slipped away from their friends when they left, they were charivariated at home of her parents.

Mr. and Mrs. Ralph Wright, shortly after their arrival. They expect to leave in a few days for Potlatch where he has employment.

Mr. and Mrs. Hoppe and Mr. and Mrs. James McFadden visited with relatives in Potlatch, Sunday.

Mr. and Mrs. Murray Benjamin visited with her parents, Mr. and Mrs. Wm. McClelland, over Sunday.

The United Brethren Sunday school will observe children's day by having a program and picnic in the timber east of town, Sunday.

Sunday guests at the home of Ben McCoy were Mrs. J. E. Wells, Austin McCoy and family and Mrs. Locke of Leland.

Wm. Henderson and wife spent Sunday at the home of her brother, Vester Whiting.

Miss Minnie Bunger, Nellie Henderson and Nadine McCoy were the guests of Pearl Cowger, Sunday.

Miss Pearl Cowger left Monday for Fred Weyen's where she will assist Mrs. Weyen with her work during hay harvest.

Mr. and Mrs. Wm. Berriman spent Sunday with his son, Jake and family of Cameron.

Mr. and Mrs. Fred Whiting and family spent Saturday night and Sunday with Mr. and Mrs. Raymond Blankenship of Bedrock.

Nearly all the farmers of Southwick and vicinity are busy planting beans and a good many will begin cutting alfalfa hay this week.

Miss Erlin Stump came home from Lewiston, Sunday, where she has been attending school.

Mrs. Mary Stump went to Mohler, Sunday, to visit her daughter, Mrs. Hans Lougeteig.

Mrs. Robert Farris left Friday for Spokane for a week's visit with her son, Delbert and wife.

"The Ten Commandments"

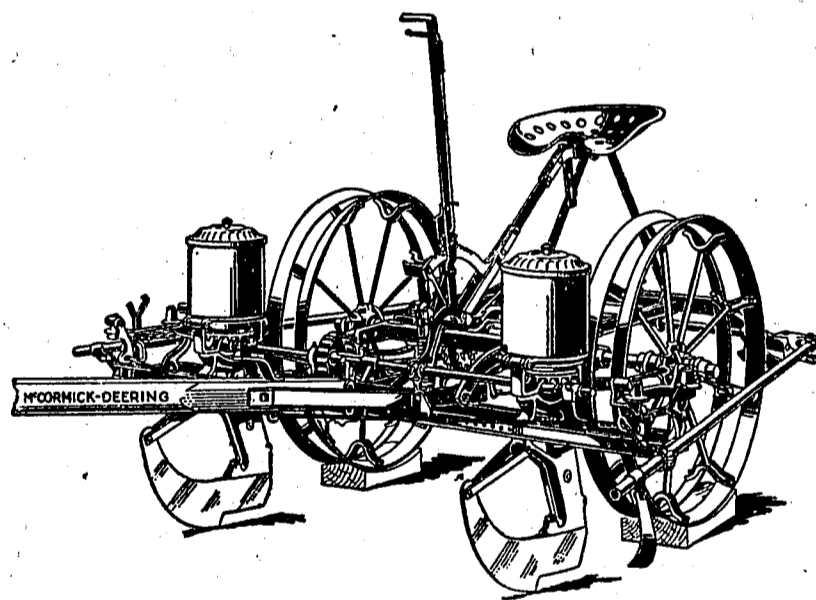

Here Next Week.

Through special arrangement with the Paramount Film Corporation, the New Kendrick Theater will show "The Ten Commandments" here next Friday and Saturday, June 18th and 19th. This is the biggest motion picture play ever made and without doubt the greatest masterpiece of the motion picture industry.

It is praised by leaders of every religious organization, the United States and Canada, as being one of the finest productions ever brought to the screen.

A large section of this picture is in colors and is said to be a marvelous piece of photography.

The Farmer Can't Stand Much More Help Like He Has Been Getting

Congress say they are helping the Farmer. They are in Washington ON salary. He is home trying to pay it. Farmers have had more advice and less relief than a wayward son. If advice sold for 10c a column, Farmers would be richer than Bootleggers. And when they get all through advising, there is just one thing will help the Farmers. That is eliminate some of the middlemen and let the two ends meet. The Consumer and the Producer are two men in America that have never even seen each other. Cut out the middle and tie the two ends together. When a steer starts from the feed pen to the table, there is about 10c to take a bite out of him, before he reaches the family that pay for him. Who wears the best clothes or drives the best car, the fellow who raises a bushel of wheat, or the working fellow who goes up to buy a sack of flour? Why neither one of them. The ones in between these two have their private Tailor and "Straight Eights." The Government just told Agriculture, "You are in a hole." They didn't offer to pull them out, but they did say, "We will get down in there with you." I want to tell you right here, I don't know what would have happened to the poor farmer if it had not been for his old friend, "Bull" Durham. It's the only thing he has been absolutely able to rely on. And I want him to know that myself and "Bull" Durham are with him right to the poor house door.

Harden Pork by Proper Feeding

Animals Fed Peanuts or Other Oily Material Do Not Tend to Softness.

After five years of work, the animal industry department at North Carolina State college feels that it is now in a position to say that pigs fed peanuts or other oily feeds may be hardened so that the carcasses will grade hard.

Hardened for Market.
In the report of the agricultural experiment station, the live stock workers show that in three separate trials during the last two years pigs weighing 125 pounds and 63 pounds each, fed 255 pounds and 200 pounds of peanuts for 56 days, have been killed out hard at a marketable weight.

These pigs, comprising a total of 16 in the tests, made average gains of 75 and 72 pounds each on peanuts. The peanuts were then followed by the proper amount of hardening feeds. The pigs then killed hard. The workers state that for each pound of peanut oil consumed in the peanuts fed, it is necessary to give two and a quarter pounds of hardening feed to make the hog kill out hard.

It was also found that when hardening feeds are given following the softening feeds, harder bodies were produced than when the hardening feeds were fed in equal amounts, and at the same time that the peanuts were given. This is explained partially by the more rapid laying on of fat after the hog reaches 130 to 150 pounds in weight. Growth has then decreased and the more rapid depositing of fat begun.

Influence of Size.
The workers found also that the size of the hog when killed influenced the hardness of the body. A tendency to softness occurred in those hogs killed at 150 pounds or below, even when fed under the most favorable conditions and with the best feeds.

In the tests made, brewer's rice, which is rich in starch, was used as the hardening feed. According to the animal industry workers, it is felt that the fundamentals in soft pork research have now been solved.

Keep Poultry Feed Bill at a Reasonable Level

The food buyer who knows the make-up of all kinds of feeding stuff can save many dollars by taking advantage of every chance the market affords. The price of a food is often no guide to its value. Poor crops often make certain grains advance in price out of all proportion to other grains and mill products. On the other hand a food which is very plentiful for the time, or a refuse food too little known to meet with ready sale may be bought at a great bargain. By comparing the nutrients the feeder will get a very fair idea of relative food values. The per cents of protein, carbohydrates and fats are of course of main importance. The potential energy or fuel value is also a good general indicator of the nutriment present. Refuse or second-class products suitable for poultry can be bought

LAMINEX DOORS.
Will not shrink, swell or warp

Wet plaster can't warp Laminex!

SOONER or later you will be building or remodeling—then the door question will come up.
You will want a door that does not warp.

Three thousand leading architects and contractors declared recently: "The most frequent cause of warping is hanging doors in new buildings near damp plaster. Even the most careful workmen may hang doors too soon after a building is plastered."

Here is a new, scientific wooden door that will not shrink, swell or warp. Each Laminex door bears a guarantee label. Costs very little more than an ordinary wooden door. Ask us about it.

very cheap in large cities, and the poultryman who knows the values of these substances can keep his feed bill at a reasonable level even when standard grain feeds are scarce and high.

Bermuda Grass Is Fairly Good in Some Parts

Bermuda grass is a fairly good pasture in some sections. The seed of this grass usually gives a very low germination and the method of starting a stand by sowing the seed is very expensive. A sure and more economical method is to plant the Bermuda roots. The roots are secured by plowing up an old stand of Bermuda, dragging out the roots with a harrow, and running them through some machine like an ensilage cutter that will chop them up into small pieces. These pieces are then sown broadcast on prepared land or are planted in rows.

GLEANINGS

Mitch Blackburn from the Cavendish section was transacting business in Kendrick the first of the week. He stated that Cavendish is planning to put on a celebration for July Fourth.

Charles Cummings of American ridge has some early beans this season. They were far enough along last Saturday to be cultivated. Mr. Cummings usually takes a chance on early planting and as a rule has very good crops.

Otto Schupfer was transacting business in Moscow Tuesday of this week.

Harold Thomas went to Lenore, Tuesday, where he delivered an International Combine to Frank Vaughan. This is the only combine in that section of country.

A number of Kendrick people attended the rodeo near Colton, Wash., last Sunday afternoon. This is an annual event in that locality. One of the champion riders at the last Pendleton roundup took part in the events Sunday. The Leith, Watts, Geo. Davidson and Knepper families attended from here and the Bob Spencer, Byard Davidson, Oldfield and Bechtol families, former Kendrick people, were also present.

Mr. and Mrs. L. J. Herres and daughter, Eleanor, Mr. and Mrs. Peter Herres drove to Lewiston last Saturday evening for a brief visit.

Walter and Ed Wegger, formerly of Bear ridge, were visiting friends in this locality over the week end. They now live in Portland, Oregon.

There were three Kendrick young people in the senior class at the U. of I. this commencement, as follows: Rex Pickering, Don McCrea and Gladys Woody.

Miss Joy Bell and Mrs. W. W. Bell and children, Helen and Willis, visited friends in Moscow, Tuesday and Wednesday of this week.

Ben Cummings hauled a big crippled Yuba tractor from over in the Deary country to Kendrick the first of the week. He trailed it behind the Kendrick Highway District tractor and is giving it a general overhauling. The machine was taken in by a tractor company, represented by B. F. Rowe, on a trade in for a new machine, somewhere in the Deary locality.

Mr. and Mrs. James Emmett left last Saturday morning for Yellowstone Park. They will go by way of south Idaho. They are making the trip in their new car and have a complete camp outfit with them.

M. O. Raby returned last Friday from Spokane where he recently underwent an operation for the removal of a goiter. He is already apparently much improved in health.

The Gus Birehmer family have moved from their Moscow residence to their farm on Texas ridge for the summer.

Homer Bell, having completed his contract at the local post office, has returned to Moscow and is engaged in work on the new dormitory at the U. of I.

Mr. and Mrs. John L. Woody of American ridge were Moscow visitors the first of the week.

Mr. and Mrs. Frank Ellis were transacting business in Lewiston Tuesday of this week.

Mrs. W. B. Deobald and two children returned Monday from Minnesota where they visited relatives.

Mrs. W. A. Perryman and daughter, Thelma, drove to Lewiston, Tuesday of this week.

A. K. Carlson was transacting business in Moscow the first of the week.

County Commissioner G. F. Walker was transacting business in Moscow, Tuesday.

Frank Crocker and family drove to Elk River last Sunday to spend the day. Mr. Crocker says there were so many fishermen along the creek that it was hard to find room to throw in a line. Parking space was also pretty well taken up. Fishing in the streams in this locality is practically a thing of the past.

Miss Rilla Davidson was a Spokane passenger last Monday. She visited her brother at Colton, Tuesday.

Mr. and Mrs. A. K. Carlson went to Spokane, Tuesday, where Mr. Carlson will attend the hardware dealers' convention.

A number of Kendrick people drove to the home of Mr. and Mrs. John Kite on American ridge last Sunday to spend the afternoon, taking with them well filled baskets for a big dinner there in the evening. The crowd spent a very enjoyable day. The Ramey, MacPherson, Gunther, Ed Long and Daubenberg families were in the group.

Mrs. Geo. W. McKeever enjoyed a visit with her mother, Mrs. Sloane of Avon, last week.

Miss Georgia Bell has completed this year's work at the U. of I. and will soon be home in Kendrick for the summer.

Miss Edith Dammarell has secured a position in the Kamiah schools where she will have charge of the primary department. She is specializing at the Lewiston Normal in primary work. Miss Winifred Davidson will teach in the Lapwai schools where she will have charge of the 7th and 8th grades.

Mr. and Mrs. A. O. Strauch, C. G. Compton and Mr. Henley of Pomeroy, Wash., left yesterday morning for Big Island on a fishing trip.

Rev. W. W. Bell gave a stereopticon lecture in Moscow M. E. church last Sunday evening. He spoke at the Rotary Club dinner on Monday evening and presented the lecture on Burma for the Presbyterian Ladies' Missionary Society Tuesday afternoon. On Wednesday, he and Clarence Bell left Moscow for the Y. M. C. A. conference at Seabeck, Wash., where Mr. Bell is on the faculty during the eight days of conference.

Mrs. Van Pelt and daughter, Mrs. Albert Schultz of Seattle, arrived Wednesday to visit old friends and acquaintances in this vicinity.

Born to Mr. and Mrs. Philip Asplund of near Deary, yesterday morning, a son.

Today the count of votes for the Spokane Chronicle subscription contest will be completed.

Everyone is hoping that John and Kester Dammarell will get in on one of the big prizes as they and their wives have worked hard during the contest.

Julius Giese of Fix ridge stated recently that renewed interest has been shown on the part of the farmers of his community in the raising of more farm horses. He believes there will soon be rather a serious shortage of horses for farm use unless more colts are raised. He says the tractor has its place on the farm but there will always be use for a few head of horses.

Bean planting has been in full swing in this locality for the past week or ten days. In spite of the dry weather, those who planted deep report a fine stand, the recent warm weather causing the beans to make a rapid growth. Some growers are still waiting for a rain before planting. A rain at this time would be most acceptable from the standpoint of the bean and grain farmers.

Heavy shipments of wheat have been leaving Kendrick the past two weeks or more. There is now but a small percentage of last year's crop held in the local warehouses. A fairly large supply of beans is still on hand.

A big crowd greeted the minstrel show here last Wednesday evening, the theater being practically filled. Nothing like a circus or minstrel show to draw the crowd.

Mr. and Mrs. Ira Havens and children of American ridge visited relatives in Moscow one day last week.

Mrs. John Dammarell accompanied her parents, Tuesday, for a brief visit in Spokane.

A picture that will hit home in every home; a drama that will startle you with its realistic intimacy; a story of laughs and thrills. It is worth its weight in gold as it carried home a wonderful lesson.
See the big Biblical sequence that tells the story of King David and Bath-Sheba, showing that the ancients had domestic troubles equal to modern times... This section of the picture has been produced in natural colors and is truly a beautiful piece of photography.

Show starts Saturday Night immediately after Band Concert, which will be held from 7:30 to 8:30.
