Not Registering Fast

Voters in Deary precinct are not registering very fast, some 50 having enrolled to date. There must be upward of 400 voters in the precinct. To vote in the primaries August 3, registration must close by the night of July 23, as the books must be sent to the county clerk July 24. This official is required under the new law to make up the check lists. After the primary the books will again be opened for registration for the general election.—Deary Press.

Accidents

The increasing number of motor car accidents and casualties deserve the immediate attention of public officers. This is not a brief for the creation of new supervisory federal board or division, but it is written with the hope that the local officials in each and every community will appreciate their responsibility for it is they alone who have the power to curb the increase in reckless driving on the public highways.

In 1925 there were 22,500 fatal accidents in the United States, an increase of ten per cent over the total in 1924. In 1924 motor vehicle death rate per one hundred thousand increased five per cent over 1923. Death of children under 15 years increased from 6,000 in 1924 to 6,300 in 1925. Wholly apart from the economic loss through the death of men, women and children by motor accidents, we cannot ignore the sorrow, grief and the hardship which these deaths impose on the members of the afflicted families, seems in danger of becoming disease. It demands that local highway officials check it.—Genesee News.

A Narrow Escape

Troy has at least two lucky boys in the persons of Kenneth Spencer and Leonard Christie. Last Tuesday while driving Bob Olson's Ford truck, they lost control of the wheel and attempted to climb the steep incline just across the street from the Christian church. At this juncture "Old Henry" balked and flopped over on his back. The two lads were imprisoned in the cab underneath, but both came out smiling, seemingly none the worse for the catastrophe. The truck was upright and started off without a whimper and the boys were soon busily engaged in hauling coal as before.—Troy News.

Must Pay Court Fees

Norman P. Vollmer must pay Esther Vollmer of Coeur d'Alene \$350 attorney's fees and \$100 expenses for prosecuting the appeal in the supreme court, according to the decision passed down by Judge Edgar C. Steele of the district court here Tuesday.

The court decreed also that the plaintiff must pay \$150 per month during that period of pendency of the appeal to the supreme court. The court declined to enter an injunction enjoining the plaintiff and his attorneys from proceeding in the cause.

The action for the payment of attorney fees to Mrs. Vollmer was brought by Judge James F. Ailshie, her attorney, in the district court June 23. In the hearing O. C. Moore of Spokane said that in view of the fact that his client had nothing of value, that the fees of \$5000 which were excessive and should be reduced. His mental condition, the attorney declared, is such that he is unable to make a living.—Star-Mirror.

The Kendrick ladies who still refuse to bob their hair are about in the same class with this sign that hangs over a bridge near a small town in Missouri: "\$5 fine for riding or driving over this bridge faster than a walk."

LOSES LIFE IN AUTO ACCIDENT SATURDAY

Local Physician Crushed Between Two Cars.

One of the most distressing accidents which has affected this community for years occurred near Cambridge, Idaho, when Dr. Wm. T. Seeley, local physician, received injuries which resulted in his death. The accident occurred at 9 o'clock last Saturday night and death followed shortly after 9 o'clock Sunday morning.

Dr. and Mrs. Seeley were on their vacation and were on their way home after visiting Mrs. Seeley's parents at Ontario, Ore. A short distance out of Cambridge they stopped to change tires. After making the change the Doctor was replacing the spare tire on the carrier at the rear of his car when a Ford truck, driven by a man from Cambridge, ran into him at a high rate of speed. He was crushed between the two cars and received terrible injuries. Both legs were broken, one in three places, one hand broken, an ear almost severed and his abdomen badly crushed.

He was rushed to Cambridge where first aid was rendered by Dr. Whitman and was then taken to the hospital at Ontario Ore. reaching there at 3:30 o'clock Sunday morning. He was conscious until his death six hours later.

The driver of the truck that struck Dr. Seeley stated that lights from a car coming in the opposite direction, blinded him so that he did not see the Doctor's car until he crashed into it. The tail light on Dr. Seeley's car was in the center of the tire carrier, so that it was evidently not visible to the truck driver while the Doctor was replacing his spare tire. Mrs. Seeley was standing but a few feet from her husband when the accident happened.

The body of Dr. Seeley was taken to Lewiston on the train and from there was brought to Kendrick in the Brower-Wann funeral car. Tuesday morning, the funeral taking place at 11 o'clock at the Presbyterian church. Rev. E. A. Rein of Cameron conducted a beautiful service. The church was filled to its capacity with the friends of this departed citizen, who was held in such high regard in the community.

Special music was furnished by a male quartet consisting of Lester Hill, N. E. Walker, R. H. Ramey and Thos. McDowell. Mr. and Mrs. Ramey sang a duet.

The pall bearers were G. W. McKeever, E. T. Long, G. F. Walker, R. D. Newton, W. Guthrie and E. H. Emery.

After the church service the body was taken to Moscow for burial where the Elk's Lodge of which Dr. Seeley was a member, conducted a brief but impressive service at the grave. Interment was made in the Elk's plot of the Moscow cemetery.

Relatives present at the funeral were his widow, son Paul and wife of Minneapolis; a daughter, Mildred of Seattle; a brother, L. Seeley and his wife, son and daughter, all of Spokane; a niece, Miss Maud Seeley of Hinsdale, Mont. Absent relatives are two sisters, Mrs. DeWitt Parker of Pomeroy, Iowa; Mrs. Frank Mallory of Glass Lake, Mich.; a brother, Chas. Seeley of Hinsdale, Mont.

Dr. Seeley's sudden death has brought sorrow to the entire community. He was a man who made friends readily because of his generous disposition and pleasing manner. He had always led an active life and his death brought to an end a career full of service to humanity. His brother stated that the Doctor's three years in Kendrick were the happiest years of his life; that he delighted in the rough, mountain country and took pleasure in the long drives which the duties of his profession made necessary.

Dr. Seeley practiced for a number of years in Idaho, locating in Elk River for a time. From there he went to New Meadows, Idaho, then to Leland

FAMOUS ARTIST INSTRUCTS

William de Leftwich Dodge, famous mural artist, in his studio at the Sesqui-Centennial International Exposition grounds in Philadelphia, where the 150th anniversary of signing the Declaration of Independence will be celebrated from June, to December, of this year, giving instructions to a group of young artists who are creating the "Rainbow City." Mr. Dodge is the color expert for the exposition, and every bit of color work done must be approved by him.

Charge Liquor Violation

Kenneth May of Kendrick and a companion giving his name as Fines Noel, were arrested Thursday evening last week by Federal Prohibition Officer, James F. Rice and Deputy Sheriff Cal Martin. The arrest took place near the Clearwater bridge just outside of Lewiston. The men were charged with possession and transportation of intoxicating liquor. They were arraigned before United States Commissioner Eugene O'Neill and, waiving preliminary hearing were bound over to the district court under bonds of \$500 each. Kenneth May furnished bonds Tuesday.

It is said the men passed thru Kendrick on their way to Lewiston and when Kenneth May arrived home he found a warrant for his arrest for speeding, awaiting him here. He appeared before Judge Hull and paid a fine of \$6.00, which amount included costs.

Indian Nearly Drowns

Simon Smith, a Kooskia Indian came near to death by drowning Monday evening when he attempted to swim his horse, which he was riding, across the Middlefork at the ferry. It is thought he was under the influence of liquor and in some way was thrown from the horse. Clarence Newland the ferryman, went out in a boat and got Simon into it, but he seemed to like the water better and proceeded to jump into it again. Clarence finally succeeded in rescuing him after the Indian had gone below the surface twice and then was willing to stay in the boat in safety. The horse was drowned and its body floated down stream a mile or so, finally lodging on a sandbar.—Kamiah Progress.

He Refused to Answer

Aunt Jinny, a Carolina negress, was a great advocate of the rod as a help in child-rearing. As a result of an unmerciful beating which she gave her youngest and "ornierest," she was brought into court one day by outraged neighbors.

The judge, after giving her a severe lecture, asked if she had anything to say. "Just one thing, Judge," she replied. "I want to ax you one question. Was you ever the parent of a perfectly wuthless culled child?"—Ex.

and had made his home in Kendrick for the past three years. He had a splendid practice here and covered a large territory thru-out the Potlatch country. His untimely death is a great loss to the community.

Death of Percy Bowers

Percy Bowers, who made his home with his sister, Mrs. Bolen, at Lewiston, died last Friday afternoon after a lingering illness. He was 55 years of age and is survived by a number of relatives in this community. Funeral services were conducted at 2 o'clock Sunday afternoon from the Brower-Wann chapel by the Rev. L. C. McEwen of the Presbyterian church. Interment was made in the Kendrick cemetery.

The Cavendish Celebration

A crowd estimated at 1500 people attended the Cavendish celebration July 5. The celebration was a success from every standpoint and everyone reports a fine time. The big grove at Cavendish is an ideal place to celebrate and is always popular with the people of this community. Everything was conducted in an orderly manner and the committee in charge should receive due credit.

Council Fixes Budget

The town council met last Tuesday evening and transacted the usual business. They passed the ordinance fixing the budget for the fiscal year. It required a 10 mill levy for general revenue purposes and a special 5 mill levy to cover expenses for the ensuing year. A levy of 15 mills is the lowest of any in the county except that Kendrick got by last year with 10 mills, which hardly covers general running expenses for the average year.

Arm Broken

Charles Crocker met with a painful accident Wednesday evening while riding his motor cycle. He applied his brake while slowing down to pass a car. He had almost stopped when the front wheel struck a big stone, causing him to fall and break his arm. He was taken to Lewiston where the fracture was reduced.

Stereopticon Pictures Sunday

Next Sunday evening at the town park will be shown a large number of stereopticon pictures which Rev. W. W. Bell has brought with him from Burma. This collection contains pictures of native life, travel and gives a general idea of the country and people. They are colored and will prove interesting to young and old. Most of the pictures are from Rev. Bell's own camera, which fact will add interest to the service. The public is cordially invited to see them.

Women's Vacation Camp

The First Women's Vacation Camp for Northern Idaho will be held at Upper Twin Lakes in Kootenai County on August 4th, 5th and 6th. The exact location for this camp is the Lake Park Homes conducted by Mr. Wayne Robbins.

The purpose of this camp is to give the women of the ten northern counties of Idaho, who have been doing extension work, an opportunity to meet together for education, recreation and inspiration.

The mornings will be devoted to programs emphasizing the various interests of women and the afternoons will be spent in recreation and handiwork. Mrs. Decker of Coeur d'Alene has consented to teach the making of pine needle trays. Among the speakers who will make the program interesting and profitable will be:

The Right Reverend Harold Hennessey Dean of All Saints Cathedral of Spokane, who will talk Wednesday evening;

Dean E. J. Iddings of the College of Agriculture at Moscow, who will be on the program for Thursday evening;

Mrs. A. F. Shirley, R. N. of Lewiston, who will give work on health in the home;

Mrs. E. E. Teape of Spirit Lake, who will have an exhibit of the wild flowers of Idaho and will give an interesting discussion of them;

Mr. E. R. Bennett, Field Horticulturist of the Extension Division, who will discuss landscape art and the home;

Mr. Guy Calhoun of Coeur d'Alene, who will give a demonstration on the finishing of furniture and the use of stencils and transfers in its decoration.

In addition to these features, the program will include community singing, games, boating, swimming, and bonfires on the beach.

The cost of this camp will be \$1.00 per day each for the three days which will include the use of a cabin, a bed and stove and cooking utensils. Each woman should bring her own bedding, dishes and food. Each cabin will accommodate about six women. Reservations should be made to Miss Verna Johannesen, Extension Division, at Moscow, Idaho, by July 20th, if possible, in order to make definite assignment of cabins.

KENDRICK WON

Troy, July 3.—"Dad" Barnum and his Beanpickers from Kendrick upset the dope can in the Troy tournament and knocked the much-touted Uniontown-Colton consolidation into the creek to the tune of 12 to 9, in a slugfest, the like of which is seldom seen around Troy. Stevens, Sartain, Pounds and Bishop of Kendrick pounded the pill unmercifully in the pinches and ruined three Uniontown pitchers.

The crack Uniontown hurler, Reineau, started but he didn't get very far with the Beanpickers, who seemed to be on a batting rampage. When he was finally sent to the showers in the fourth the count was 7 to 2 in favor of Kendrick and it looked like the valley club had the game in a sack. But in the next two innings Uniontown's men awakened up to the fact that they were in arrears and with Trigvvi, of W.S.C., doing mound work for Kendrick, somewhat wild, the hill club raced across six runs, overhauling the Beanpickers.

But Kleutch, who had relieved Reineau, got into trouble with the big stickers from Kendrick and had to retire in the seventh in favor of Jacobs, and the Beanpickers cracked him up for enough scores to win by a comfortable margin.

Sartain, Lewiston hurler, relieved Trigvvi in the seventh and he sat down hard on Uniontown and pitched shutout ball. Uniontown never getting another chance to score. Eichner, second sacker, and Trigvvi, on first, pulled some wonderful stops during the latter part of the game to break up Uniontown rallies.

There was a big crowd on hand, estimated at 4,000. All of

Genesee, Kendrick and Uniontown was present, with Genesee siding in with Kendrick and rooting for the Beanpickers.

Kendrick by its victory took \$400 of the \$800 purse offered, the two losing teams, Uniontown and Genesee, getting \$200 each.

They had been married three months and having their first quarrel, which shows that they were a remarkable couple.

"Evidently," she said icily, "you regret that you have married me. The step is not irrevocable, however. If you care to be released from your bonds—"

"Naw!" he interrupted impatiently, "I'm no ninety-day recruit. I enlisted for the term of the war."

She couldn't think of any report, so she maintained a scornful silence.— Commercial News.

Mountain Flying Best in Winter, Say Pilots

Cheyenne, Wyo.—Air mail pilots who daily skirt over the Rocky mountains have ideas that clash with the popular idea of good flying weather. They prefer to ride ahead of a strong wind to the fair, warm weather of summertime.

The mail birdman is not unlike his fellow worker on the ground. He wants to finish his job as quickly as possible and a strong wind at his back speeds him to his destination.

The best flying times of the Rocky mountain division of the transcontinental air mail route have been made in the winter, air mail field officials report.

Tractor Cultivator a Success

W. F. Behrens of Leland stated recently that the tractor bean cultivator which he invented and constructed in his shop on the farm, is proving to be a big success. He uses it in connection with his Cletrac tractor to cultivate the beans on his own farm. Mr. Behrens aspires to become the mechanical farmer of the Potlatch and is fast approaching the stage where he will conduct his farm without horses.

Mr. Behrens stated that with his new cultivator he can culti-

vate as many acres of beans in 10 hours as 8 men and 8 teams could do, and can do a better job.

In addition to the Cultivator he has invented a bean cutter which is pushed ahead of the tractor and a side delivery rake hitched behind the tractor, so that the cutting and raking may be done in one operation. 27-1

\$200 Money Order Frees Two Held by Moslems

Teheran, Persia.—A \$200 money order, sent from Philadelphia, has ransomed two Armenian women who have been held as Moslem serfs for the last ten years. They are Mrs. Margaret Hovesepian, forty years old, and her daughter, Angela, seventeen. Mr. Hovesepian formerly lived in Persia, but is now a resident of Philadelphia. He lost all trace of his wife and daughter in a deportation ten years ago, and gave them up for dead. Recently he learned through the Near East Relief that they were captives of Named Pasha, a notorious Persian bandit, who demanded \$200 for their ransom.

The money was forthcoming at once, and mother and daughter were freed a fortnight ago. They are now on their way to America, and will arrive in Philadelphia early in June. Their case is said to be one of the most interesting of more than 25,000 which have been handled by the missing persons bureau of the Near East Relief.

Julietta News

It is reported that the cherry shipments from Juliatta this season will total 20 carloads against 8 carloads last year, and that returns received through the Cherry Growers Association from the first cherries shipped were \$2.65 for a 15 pound box or 17 cents a pound, gross. Of course expense of picking, packing, freight, etc. is to be deducted from this price.

Arnold Behrens, cashier of the Bank of Juliatta, was transacting business in Kendrick, Wednesday morning.

Some of the melon growers of Juliatta report having cantaloupes on their vines as large as teacups, and they estimate the first ripening date at about July 20. But it will be about August 1 when watermelons and cantaloupes in commercial quantities will be ready to put on the market from Juliatta. Statement is made that an acreage of between 60 and 75 acres of melons will be grown at Juliatta this season.

There was a general exodus of people here during the celebration period, starting Friday and lasting until Monday evening. Troy and Cavendish drew their fair quota from this locality but many of the people drove to the woods and fishing streams for a safe and sane celebration.

The present outlook for a heavy crop of tomatoes this season is most favorable. Local tomatoes will be ripe at Juliatta before August 1. About the usual acreage is in tomatoes—a quantity sufficient to keep the cannery running for a long season.

A Daring Adventure

What is probably the most daring adventure into an unknown region since Columbus put out from the shores of Spain has been recored by a motion picture camera. This was the Amundsen-Ellsworth Expedition, their attempt to fly over the North Pole by airplane. An authentic log was kept with the camera. This outstanding thriller is being shown at the New Kendrick Theater, tonight and Saturday. In connection with this will be shown "HE Who Gets Slapped", an exceedingly fine picture that takes its place among the immortal works of the film art. 28-1
