Sheriff Shares \$500 Reward

Sheriff Charlie Summerfield is the proud possessor of a check for \$125 as one-fourth of the reward offered for the apprehension of Frank (Jack) Owens, alleged murderer of Thomas Dorey, editor of the Cowlitz County News at Kelso, Wash., in the summer of 1925.

A second citizen of Latah county, Mrs. Rosetta Smith of Genesee, sharing in the \$500 reward, as well as two St. Louis detectives who apprehended Owens.

"When Owens left Kelso after the murder he came to Latah county where he stayed for a time with a woman, with whom he had formerly lived nearly five years. It was through Mrs. Smith that relationship with this woman was traced. Owens later left for St. Louis where apprehension was made last summer. A second man suspected of murdering Dorey is still at large," Sheriff Summerfield said.—Star-Mirror.

Girl Has Thrilling Experience

A full grown, ravenously hungry she cougar springing from the roadside brush to the neck of the pony she was riding to school Thursday morning, supplied Laura Hamm with a thrill that she'll remember just about all her days. It is not the least marvelous that this story can be written without more harrowing details.

Laura, who is 12 years old, is the daughter of Mr. and Mrs. James A. Hamm, and attends school at Stanford, riding back and forth on her pony. For warmth on this particular morning she had a blanket draped across in front and wrapped around her lower limbs. She was studying her morning lesson from an open book as the pony jogged along when, in a woody district between her home and Mr. Hinman's place, the cougar leaped upon the pony's withers. At this untoward onslaught the pony went wild with fright and bolted, and with it went the cougar, which had got its claws tangled in the blanket. Laura had fallen from the pony and her limbs were bleeding from numerous scratches. Her lunch pail boke open and while she was picking it up two young cougars emerged from the brush and came toward her, and she abandoned the lunch to them and went on up the road. Meeting the pony, which had somehow got rid of the cougar, she mounted and rode on to school.

Examination of the spot showed plenty of tracks, but the cougars have not been found.

We are informed that Laird, the Coed d'Alene cougar hunter, has been asked to come to Stanford.—Deary Press.

Will Hold Up Tarvia Job

Owing to the very bad weather the contractors for the spreading of the mile of tarvia road surfacing, beginning at the north city limits, have decided not to undertake the spreading of the remainder of the surfacing after having found it impossible to continue the work with satisfactory results. Some 4,000 feet of the mile contracted for was put on.

The tarvia not used has been placed in large tanks where it will remain until spring.—Genesee News.

Left For California

A. Wilmot and son, Billy and Herman Schupfer left Monday for California where they expect to spend six weeks or more. Otto Schupfer will have charge of the electrical end of the Potlatch Electric Company's business during their absence. Eben Adams is in charge of the business office.

Will Invoice Power Line

A. Wilmot, who owns the Potlatch Electric Co., stated this week that he was having the power line between Moscow and Kendrick invoiced at this time and that when the invoice has been completed members of the state utilities commission will go over his plant and make any necessary adjustment of rates. He expects to have this work completed in the near future.

250 Hunters in Selway Country

Roderick Richards came in last Saturday from near the Selway falls, where he was stationed during the big game season as a deputy game warden to check up on hunters going in and coming out. All hunters who went into the upper Selway country had to check with him and on coming out he checked them up again on their game. He reports that 154 deer were taken out, 103 mule deer and 51 white tails; there were also 67 elk, 23 mountain goats, 2 cougar, 2 coyote and 6 bear, a total of 254 animals. He says that there were not as many hunters as last season, due partially, no doubt, to the condition of the weather and roads. Many parties went through the Lochsa, Elk City and other gateways, so that the total of all is hard to compile.—Kamiah Progress.

Beulah Long Married

Miss Beulah Mae Long, youngest daughter of Mr. and Mrs. N. B. Long, was married at Spokane Wednesday of last week, to Mr. Everett Key. Their marriage came as a complete surprise to the many friends of the bride here.

Mrs. Key is a graduate of the Kendrick high school and the Cheney normal. She is teaching her second year in the primary grades in Juliaetta where she has been very successful. It is understood that she will give up her school work at the mid term.

Mr. Key was formerly a resident of Cheney but is now employed in the postoffice department in Spokane.

Mr. and Mrs. Key will make their home in Spokane as soon as Mrs. Key has finished her school term the first of the year.

Hope Chest Contest

With but practically three more weeks to go, the Hope Chest Contest promises to become more interesting. There are signs of renewed activity on the part of a number of the contestants and more interest is being shown by the general public. Bad weather and atrocious roads have had their part recently in slowing up the contest, but a good race for the finish may be expected. Do your part to help the girls that you favor to win.

Following is the standing of the contestants:

Mrs. Walter Bensecoter	2235
Miss Amy Tupper	960
Miss Leora Aiken	1220
Miss Henrietta Blum	9800
Miss Clarice Leith	700
Mrs. Eddie Galloway	5355
Miss Corrine Snyder	1125
Mrs. Leland Honek	630
Miss Bonnie Craig	3900
Miss Thelma Perryman	1330
Miss Edna Southwick	1400

Robbers Still at Large

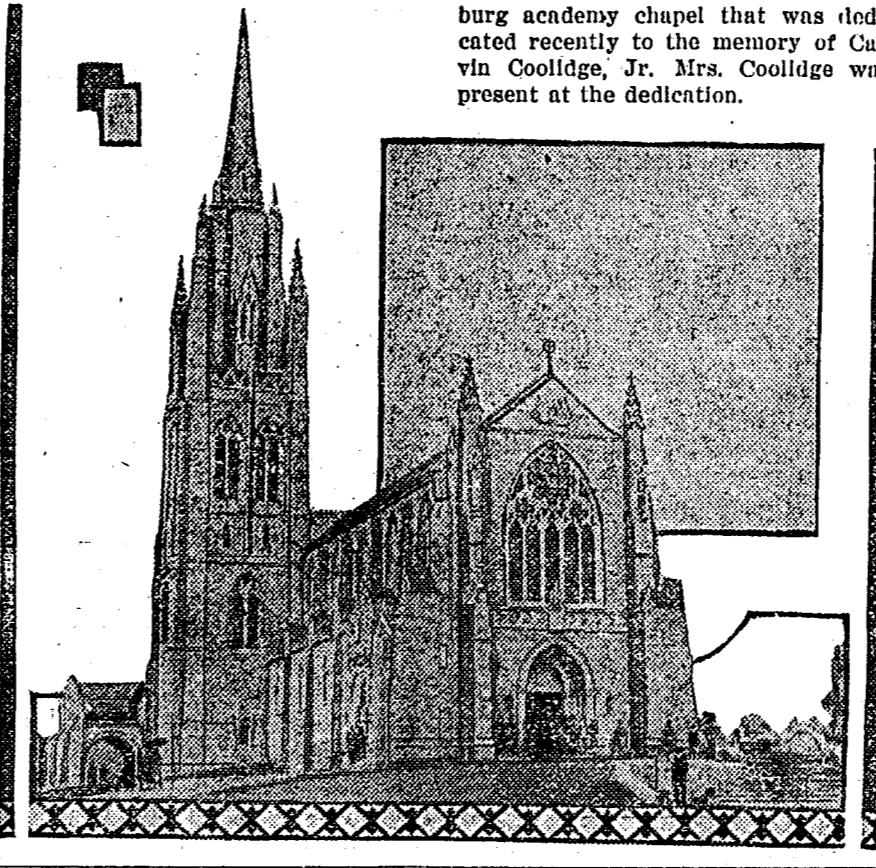

So far nothing has developed in the Carlson Hardware robbery, which occurred last week. Some good finger prints were secured but aside from this the officers have little to work on.

Oddfellows Elect Officers

Kendrick Lodge No. 37, I. O. O. F., with an increased attendance at its regular meeting last Saturday, held a very enthusiastic lodge session. Officers were elected for the ensuing term. A fine spirit prevailed in the lodge and a program of lodge activities was mapped out for the winter months.

In Memory of Calvin Coolidge, Jr.

Exterior view of the new Mercersburg academy chapel that was dedicated recently to the memory of Calvin Coolidge, Jr. Mrs. Coolidge was present at the dedication.

Large Number Attended Road Meeting

Members of the Road Committee of Lewiston Commercial Club Present

The road meeting at the fraternal temple in Kendrick, called for Wednesday, of this week at 2 o'clock, was largely attended by local business men and farmers from the surrounding country, Bear ridge and American ridge being well represented. Members of the road committee of the Lewiston highway district were also present to consult with the people here with the object of mapping out a road program for this district.

As a result of the meeting a united effort will be made by the towns from Lewiston through to Deary and from there through St. Maries to the Coeur d'Alene country to have the road from Arrow Junction to Deary designated by the state highway department as a part of the state highway system. This road is an important link and a short cut from north Idaho points to the central Idaho region and also connects the state highway at Spalding with the state highway at Deary and connecting up with the Lewis and Clark highway at Arrow Junction.

The view is held that the state highway department will see the importance of the connection between these points and realize that it is not a local project but one that will serve many of the important towns of north Idaho. The route from Arrow Junction through the Potlatch canyon to Deary and then north, is through a beautiful country whose scenic wonders would be a revelation to the tourists traveling through the state. It is also a practical road from an economic standpoint as it serves many large farming communities and prosperous civic centers.

A project closely allied to the bear creek road, but one that is more of a local nature, is the proposed grade on American ridge. If federal aid may be secured for the Bear ridge road then it would be possible to bond for sufficient money to make a new grade on American ridge. Without federal aid a new grade on both ridges would be impossible. There is a difference of opinion on American ridge as to whether a new road should be built or the present roadbed in Brady gulch used in so far as possible, thus making a big saving in construction cost. This is a matter which future conditions will probably settle.

The meeting Wednesday was called to order by Jody Long, chairman of the Kendrick commercial club. He called on the members of the Lewiston road committee present, each one responding with a short talk filled with the Lewiston brand of optimism. The members of the committee assured the people of this community that they would do everything in their power to help bring about a

Rainfall Record Broken

According to a report from the weather bureau at Lewiston all records for rainfall for the past 25 years were broken last month. The total for the month reached 4.15 inches. The previous record fell in March 1904 with a total of 4.05 inches. The high annual record occurred in 1913 with 17.82 inches. This year promises to pass this record.

Fredman-Karlson

Miss Agnes Fredman of Troy and Mr. George Karlson of the Big Bear ridge community, were united in marriage in Moscow the first of the week, the ceremony being performed by Dr. Neil M. Jones, Methodist minister of Moscow. The young couple will make their home on the farm northeast of Kendrick.

Death of Walter Kline

Walter Kline, for many years a prospector in the Clearwater mining district, died at the Latah County poor farm last Saturday at the age of 77 years. He had been an inmate of the county home for the past five years. Prior to that time he was porter at the Kendrick hotel during the winter months and had many acquaintances throughout this section of the country. When he was committed to the county home he was quite feeble and almost blind. Nothing is known of his relatives. Burial was made by the county last Monday. Thus ends the last sad chapter of a man who spent the best of his life looking for riches that never came.

Mrs. Loran Houck

Mrs. Laura Houck, wife of Loran Houck, departed this life at about midnight Tuesday, November 23, at the family home in Juliaetta, after a lingering illness.

Laura Ellen Fitts was born August 12, 1863, at Summerset, N. Y. On September 9, 1883, she was united in marriage to Loran Houck, in the town of her birth. To this union one son, Leland, was born. Besides her husband and son, the deceased leaves four sisters, all of whom reside near one another, in Michigan.

Since girlhood, Mrs. Houck had been a member of the Ladies of the Maccabee lodge and for the last three years she had been an active member of the Order of the Eastern Star.

Short funeral services were held from the home in Juliaetta at 9 o'clock Thursday, November 25, by the Rev. Mr. Metcalf of the M. E. church south, and Rev. A. E. James of the local Baptist church, after which the remains were taken to Moscow where burial services were held under the direction of the Eastern Star and interment made in the Moscow cemetery.

Entertainment Pleased Audience

The entertainment given at the New Kendrick theatre last Wednesday evening by the Kendrick Choral Society was one of the pleasing events of the winter. On account of the unfavorable weather and bad roads the attendance was not as large as expected but a fairly well filled house greeted the performance.

The chorus, consisting of twenty voices, gave two splendid numbers, the first, a serenade by Schubert and the closing number "Barcarolle" by Hoffman. This is the first appearance of the chorus, which was organized last summer by Mrs. G. P. Anderson, under whose training the members have displayed exceptional talent.

Other musical numbers were vocal solos and duets, trios, mixed quartettes, male quartette and instrumental selections, all of which were very good.

The closing feature of the entertainment was a one-act comedy, "The Helpless Man", put on by Messrs. and Mesdames Ramey and MacPherson. It was cleverly staged and made a big hit with the audience.

The net proceeds from the entertainment will be used for the purchase of playground equipment for the town park.

A farmer fastened a pedometer to his leg and learned that in his daily rounds on the farm he had walked 320 miles in 30 days.

NEWS NOTES FROM THE KENDRICK SCHOOLS

What The Students Are Doing This Week.

The primary room had a very happy afternoon last Wednesday, just before Thanksgiving vacation. All the children were asked if they would like to go fishing with their teacher. They all agreed—no one objected to the bad weather, so went outside and each one found himself a fishing pole and came back into the room. Over the teacher's desk hung long strings to which the children tied their poles. They all had good luck and received a tiny celluloid fish, duck, frog or doll. They all went home very happy.

The first and second grades are learning all the different makes of cars. A picture of each kind of car is pasted on a large piece of paper and then the name is printed below it. They are learning all the different colors in the same manner. Each child was given a little paper envelope and then a printed word cut from a magazine was handed out. Each child, who didn't know his word, was told and the next time around, if he could say the word, he got to keep it. This will be continued until the envelopes are filled, then each child may take his home.

The following third and fourth grade pupils were neither tardy nor absent during the month of November: Harold Ellis, Marjory Onstott, Thomas Blevins, James Bolon, Frederick Carlson, Russell Humphrey, Herbert McDowell, Ralph Reid, Evelyn Housley, Jean Ramey, Rosebud Brown, Esther Aiken, Elmer Emery, Junior Ramey, Fred Reid and Joe Watts.

Claud and Clyde Luffman moved from here to Cavendish to attend school.

Margaret Daugherty started to school here last week.

The third grade arithmetic class have started a booklet of their best work.

The fourth grade are making history booklets of the Early American Explorers.

Stanley Murphy is seriously ill and has been unable to attend school the past couple of weeks.

The six weeks examinations have been completed and the report cards were given out Wednesday in the high school.

Boyd-Fix Wedding

Miss Virginia M. Boyd, daughter of Mr. and Mrs. J. P. Boyd of Clarkston, was married on Thanksgiving day to Mr. Wilbur Fix, son of Mr. and Mrs. Ira Fix of Fix ridge. The wedding took place at the home of the bride's parents at nine o'clock Thursday morning, Rev. L. E. Taber Methodist minister of Kendrick, performing the ceremony. None but relatives and a few friends of the bride and groom were present.

The bride was dressed in a dainty gown of white georgette over white silk. She was attended by her sister, Miss Agnes Boyd, and the groom by his brother, Lester Fix. Ferns and flowers furnished very pretty decorations for the rooms.

Mrs. Fix is well known in this locality, having made her home here with her parents a number of years ago. Her husband is manager of Morgan's Grocery Market. The young people will make their home in the Deeter residence which they have rented.

Bean-Fairfield Marriage

Miss Ada Bean, daughter of Mr. and Mrs. J. C. Bean of Bear ridge, was married to Harvey O. Fairfield, one of the progressive farmers of the Bear ridge section. The wedding took place at the home of Justice of the Peace I. C. Hattabaugh in the presence of a few relatives and friends. The young couple will make their home on the Fairfield farm near Kendrick where the best wishes of their many friends here follow them.

Some people are not aware of the fact that the property in Kendrick is assessed 8½ mills for highway taxes just the same as the land outside of the town limits. None of this money is spent on Kendrick streets, but all goes for highways outside of the town. In addition to the highway tax the town property is assessed for street improvement and maintenance.

A pessimist remembers the lily belongs to the onion family, an optimist that the onion belongs to the lily family.—New Britain Herald.

The interest shown in road matters here lately indicates that there are people who desire to pay highway taxes instead of throwing their good money away on mud road taxes.

An exchange remarks than an average man is one who isn't as good as his wife thinks he is before she married him and not as bad as she thinks he is afterwards.

According to these figures Methodist preachers aren't in it. The Jews living in New York consume an average of 240 carloads of chickens a week, each car holding about 4,000 chickens. Evidently the Jews are a great stimulant to the poultry business.

Josh Billings: Life is a grindstone. Whether it grinds one down or polishes one up, depends on the stuff one is made of.

The Town Is The Center

The modern town is not only the trading center of the community, but it is the social, educational and religious center as well. Just how far the town will advance or go back in the scale of a towns growth depends altogether upon the people of that particular city or town. Each town is a community center. If the people of the center of things are alive to the possibilities of the community it will advance; if not, there is nothing under the sun that will keep that town alive. Another and more progressive town will spring up and with the more rapid methods of todays travel almost any distance is made short in comparison with that of the yesterday. There is greater need of civic pride and civic effort today than ever before. No town, however well entrenched, is immune to the constant reaching out of other cities and towns after the trade and the progressive spirit and element. It is in keeping with the modern idea to be ever vigilant. "Keep your lamps trimmed and burning." Not for even a moment allow an opportunity that will advance the welfare of your home town to escape you. "If it's a good thing we have it," cannot be beaten as a town slogan. This applies to the merchandising and the civic appeals of the town as well. The town that draws and secures the trade of all the people of the community is assured of success.—Exchange.

Heimgartner, alias Robert Heimgartner, deceased, and for hearing the application of Wilhelmina Blakeley, formerly Wilhelmina Heimgartner, for the issuance of Letters of Administration with the will annexed, to William Heimgartner, son of deceased, when and where any person interested may appear and contest the

A life insurance company has offered seven "horse sense" rules for keeping fit. The rules are not given as cure-alls but are a plan for co-operating with nature in her ceaseless efforts in prolonging life and preserving health. The seven "horse sense" rules are: Learn to play; don't eat too much; take proper exercise; don't work too hard, either mentally or physically; don't worry, fuss or lose your temper—the best tonic in the world is optimism and cheerfulness; seek some healthful amusement that diverts the mind and exercises the muscles; once a year have your family doctor examine you for health, not for disease.

GLEANINGS

Kendrick Circle No. 456 of the Neighbors of Woodcraft are sending out invitations for a social evening on Wednesday, December 8th in the Fraternal Temple at 8 p. m.

Hank Bleck left Tuesday afternoon for Kellogg where he expects to secure employment in the mines for the winter months.

Lloyd Ware visited his sister, Mrs. Stuart Compton at Orofino, Thanksgiving day.

Mrs. Beulah Seeley, who underwent three major operations at a Spokane hospital during the past month, left the hospital last Saturday for her home in Ontario, Oregon. She is slowly recovering from her illness.

A county superintendent, visiting a school, heard considerable talk in the next room. He went in, took a girl who was talking, put her in a seat, said: "Now sit there and be still." A scared little boy said: "Please, sir, that's our teacher."

Wm. Deobad was transacting business in Moscow last Saturday.

Mr. and Mrs. A. H. Daubenberg spent their Thanksgiving vacation in Spokane, returning home Sunday evening.

Prof. Barackman of Moscow, at one time superintendent of the Kendrick schools, was here on business the first of the week.

Mr. and Mrs. Percy Ware returned the first of the week from a visit with the Stuart Compton family at Orofino.

Mr. and Mrs. Walter Thomas of Spokane were visiting relatives here the first of the week.

Dean Wright of Agatha was transacting business in Kendrick the first of the week.

Mr. and Mrs. Louis Westacott and little son of Lewiston spent the week end at the home of Mr. and Mrs. R. H. Ramey.

Prof. McCracken drove to Nampa and return during his Thanksgiving vacation, where he visited friends.

Miss Jaunita Stanton of Lewiston spent the week end with her cousin, Edna Stanton.

Archie Clark of Fix ridge was transacting business in Kendrick last Saturday.

Harry Langdon and Frank Foster left last Monday morning in Mr. Langdon's car for California where they have relatives. They expect to return in a few weeks.

Andy Galloway holds the record in these parts. One day this week he shot four ducks on the wing at one shot with a 25-20 rifle. Beat that if you can.

W. H. Patterson of Butte, Montana, has taken the position in the Kendrick Barber Shop, left vacant by H. Gunther. Mr. Patterson is an experienced barber, having worked in several city shops in the northwest during the past few years.

Jack Pickerd of Troy was a Kendrick visitor yesterday afternoon.

Heacox Residence Burned

The residence belonging to Jack Heacox at Juliaetta was burned to the ground yesterday about noon. All of the household effects, with the exception of a washing machine and a trunk were destroyed. It is thought the fire started from a

heating stove, but this is only supposition as there was no one at the house when the blaze started.

A Narrow Escape

Miss Winifred Davidson, who is teaching the seventh and eighth grades at the Lapwai schools spent her Thanksgiving vacation with her folks on American ridge. She had rather a thrilling experience while riding in a touring car with a party of friends one day last week. Near the Clearwater bridge, just out of Lewiston, the car went in the ditch, turning upside down with the occupants pinned underneath. When the car was righted by the assistance of several eye-witnesses of the accident, it was found that none of the occupants were injured.

Epworth League Social

Tonight (Friday) at 8:00 p. m. the Epworth League will give a social, including refreshments and a short program in the Community hall. There will be a small charge made to cover expenses. Everyone is cordially invited.

Weighed The Pigs

A farmer and his wife desired to weigh a pig and had no scales. The man weighed 160 and his wife 139 pounds. They put a board across a fence so that when they sat upon each end of the board it exactly balanced. Then they exchanged places, the wife taking the pig in her lap, just balanced the board again. How much did the pig weigh?

Bought Juliaetta Barber Shop

H. Gunther, who for the past two years has been employed at the Kendrick Barber Shop, closed a deal last Saturday for the shop at Juliaetta. He took possession immediately. His wife and two children moved to Juliaetta this week where they secured a residence.

The Juliaetta shop has been conducted for a number of years by Harry Kramer, who left with his family for Pomeroy to make his home.

Putting Wings on a Man

"And at her request you gave up drinking?"
 "Yes."
 "And you stopt smoking for the same reason?"
 "I did."
 "And it was for her that you gave up dancing, card parties, and billiards?"
 "Absolutely."
 "Then why didn't you marry her?"
 "Well, after all this reforming I realized I could do better.—Pittsburgh Chronicle Telegram.

As Sam finished milking and came out of the barn, he saw a ghost. He was carrying a bucket of milk. Later a friend asked him: "Did you shake with fright, Sam?" "I ain't sayin' what I shook wid, but when I got to the house all the milk was gone and I had 2 pounds of butter in the bucket."
