

## NEWS NOTES FROM THE KENDRICK SCHOOLS

### What The Students Are Doing This Week.

The 1 B's have started to read their "Johnny and Jenny Rabbit" book.

Last Friday the children were very busy making their March booklets for arithmetic, Spelling, and penmanship.

The second grade has finished the six times table.

The blackboard border for this month is a Dutch scene, the twins and a little girl with a tulip in her hand, ducks and the windmill. Around the base of the blackboard are Dutch shoes cut from yellow construction paper. For the lantern and windows are the little St. Patrick's boy and girl. Along the window sill are water lilies made of yellow and green paper. These flowers stand up as though they were in the water.

Little Jean Taylor from Lewiston has entered the first grade.

The General Assembly program was given by the faculty Monday and was as follows: Bible reading by Mr. Lynch song by Glee Club, two songs by Neva Ware and Pearl Johnson, Abraham Lincoln essay read by Wilbur Corkill, piano solo by Miss LaPine, song by Glee Club.

The Glee Club sang the "Anvil Chorus" for their closing song. This is a difficult piece and was sung in a very creditable manner.

The following students were exempt from the Latin examination: Helen Emmett Hester Knepper, Shirley Clem, Doris Emery and Marjorie Davidson.

Those receiving the highest grades in their six weeks exams are: Latin Lizzie Jones; Algebra, Marjorie Davidson; Chemistry, Margaret McDowell; American History, Dorothy Holt, Gustav Wegner and Hester Knepper; Ancient History, Howard Dammarell; General Science, Pearl Johnson; English IV, Margaret McDowell and Dorothy Holt; English I, Marjorie Davidson, Doris Emery and Lois Johnson; English II, Shirley Clem; French, Bernard Jones; Domestic science, Hester Knepper; Vocation, Margaret Broeke.

Miss LaPine is entertaining the basket ball girls at a party Friday night. Those who will attend are: Margaret McDowell, Leora Aiken, Lizzie Jones, Mae Freytag, Margarita Gertje, Mabel Taber, Pearl and Lois Johnson, Helen Emmett, Doris Emery, Josephine Wilkins and Hester Knepper.

In American History, Mr. Lynch asked Margaret McDowell what a threshing machine was. She replied: "It's a red machine that has a place in it where you put the grain and it comes out wheat."

### Somebody Made a Mistake

The Star-Mirror under date of Monday, February 28, carried an item to the effect that H. L. Brookfield, Kendrick, arrested on a charge of disturbing the peace, pleaded guilty before Probate Judge Adrian Nelson. And that under the terms of the complaint filed by Donald Hopper, constable of the Kendrick region, Brookfield is alleged to have sworn, cursed and used loud language before women and children. The item is not entirely correct as there is no constable in the Kendrick region named Hopper, nor is there a man named Brookfield residing in these parts.

### Justifiable Indignation

"Yes, Mrs. Callahan," said Mrs. Casey, "Pat and I part to mate no more. I want to the hospital to ask after him. 'I want to see my husband,' says I 'Ye can't,' says the doctor, 'he's under the influence of Ann Aesthetics.' 'I don't know the lady,' says I, 'but if my lawful wedded husband can act like that when he's so ill, I'll have a divorce.'"—Irish World.

## Death of Miss Killian

Mrs. N. B. Long received word last week of the death of her sister Miss Nettie Killian, which occurred at Glendale, California, Monday, February 21, at the home of her sister, Mrs. Ida Betts. The funeral was held at her former home in Grandview, Wash., Tuesday March 1. Miss Killian is quite well known here as she had visited Kendrick several times in past years.

### Use Them For Fuel

The annual spring flood of mail order catalogs has begun, with the arrival of several freight carload lots at Pocatello, Boise and other distributing points. The next few weeks will see the return tide of dollars flowing out of Idaho to distant commercial centers, never to return except in the form of mortgage loans and the like, with heavy interest attached.

During the past year the Idaho Home Industries Association has encouraged numerous women's clubs and other groups to make a study of this subject and hold meetings to discuss the trade-at-home movement, and these organizations have been appalled to learn that hundreds of thousands of dollars are sent out from our Idaho communities annually.

They have reached the conclusion that this practice sounds the death knell of our Idaho towns. If continued, our merchants will gradually be forced out of business, and soon the business section of the once-thriving, bustling Idaho town, will consist of a postoffice to handle the tons of incoming parcels post matter, and perhaps a railroad station and express office.

The Idaho Home Industries Association suggests that the best disposition that may be made of these hefty catalogs, would be to burn them in a big community bonfire, around which the citizens might gather and renew allegiance to the home merchant, who pays the taxes and gives employment to home town folks. The Chamber of Commerce should sponsor the affair and pay a cash bonus for each catalogue brought to the flames. Small boys might be enlisted to bring in the catalogs and they would learn loyalty to the home town, while they were earning money to spend with the home merchant.

Such a stunt, however, would fail of its purpose unless the moral was pointed with talks and newspaper publicity on "Why to Trade at Home." Usually if the patron of the catalogue would give the home merchant a chance, he would meet the price offered in the advertising ads that draw so many dollars away out of local channels of trade. Think it over, Idahoans, and give your neighbor and home merchant a chance.

### Cameron News

Twin girls were born to Mr. and Mrs. Fred Schoeffler Sunday. Now, Cameron can boast just as loud as her neighbors. A community without twins seems to be out of date this year.

Glenn Wegner returned home from Lewiston, Monday.

Wm. Hartung is visiting on the ridge this week.

Gus Blum is home after a six-weeks trip to California. California was not very sunny but very damp while he was there. He thinks Idaho climate suits him just as well.

Carl L. Wegner is spending the week at Spokane.

August Meyer returned from Spokane, Monday.

Mrs. Wm. Bleck is very sick with a relapse of the "flu."

Mr. and Mrs. Fred Silflow Sr., returned from Clarkston, Sunday. Mrs. Silflow is feeling a little better.

Jack Bailey returned the first of the week from California, coming as far as Lewiston with Harry Langdon. On the way here a landslide delayed them three days near Dunsmuir, Calif.

## JULIAETTA COMMUNITY NEWS

### Basket Social Given

There was a goodly number of baskets brought to the basket social given by the Junior Girls' Sewing Club last Friday evening. The net proceeds were about \$25.00. After the basket supper was over the crowd re-assembled to the upper part of the hall where an enjoyable evening was spent in playing games and dancing.

### Party Given

It seems as if the old time dancing is a new feature of entertainment for many of the town people this winter. A crowd of neighbors was invited to the J. Taylor home last Friday evening where one room was cleared, save for an organ and a chair for the fiddler. With this entertainment the entire crowd thoroughly enjoyed the evening. An oyster supper was served at midnight.

### Sunday School Class Entertains

Last Saturday evening the Young Peoples' Sunday School Class entertained a number of friends in the basement of the Methodist church. Various and unusual games and stunts furnished interesting entertainment for the evening. A delicious lunch was served. It was said by many that the party was more enjoyable than any they had attended for a long time.

### To Have Shows Here

Mr. Hain is having his building repaired and cleaned this week preparatory for the installing of a moving picture machine. Mr. Hickenbottom, who was here for a short time last summer is going to run the movies again, and will give his first show either Friday or Saturday evening.

### Bible Class Party

The members of the Methodist Bible Class were not willing to be out-done by the rest of the Sunday School classes, which were all giving parties, so they gathered at the Joe Groseclose home last Thursday evening. They spent an enjoyable evening by singing and some instrumental numbers were given for their entertainment. Lunch was served during the course of the evening.

### Farewell Party

A farewell party was given at the Wm. Fields home Monday evening for Carl Porter and daughters, Margaret and Sidna, who are leaving for southern Idaho. Those present were: Mr. and Mrs. L. W. Houck, Mr. and Mrs. C. Biddison, Mr. and Mrs. A. W. Behrens, Mr. and Mrs. E. Carlson and daughter, Mr. and Mrs. J. A. Heacock, Mr. and Mrs. Wm. Fields, Mr. Porter and two daughters, and Emma Glenn. The evening was spent in playing pinochle, after which they participated in a delicious lunch served by the hostess.

### Juliaetta Locals

Mrs. Wm. Fields, Mrs. C. Biddison and Mrs. Edgar Carlson were Kendrick visitors, Tuesday.

Miss Minnie Glenn of Reubens spent the week end with her parents, Mr. and Mrs. John Glenn on Potlatch ridge.

L. S. Irwin, who has just recovered from an operation, returned Sunday to Moscow, where he will resume his studies at the university.

Miss Gertrude Bowers was a Kendrick visitor last Friday.

Mrs. Joe Perry and Mr. and Mrs. Albert Cole were Lewiston visitors last week.

Ernest Guthrie returned to Orofino Sunday, where he has employment.

Mrs. Tom Stinsen was a Kend-

rick business visitor last Thursday.

Roy Metcalf was visiting in Troy last Wednesday.

J. L. Woody was a Moscow visitor last Saturday.

Miss Gladys Carlton of Fix ridge visited at the home of her brother, Vance, in Lewiston last week.

Mr. and Mrs. E. L. Taylor were Kendrick visitors this week. Andy Cox of American ridge was a Moscow visitor Friday.

Charles Little returned home from Lewiston last Friday.

Robert and Albert Heimgartner of Potlatch ridge were visitors in Lewiston Friday.

Art Seymour visited at the home of his brother Frank, last week.

Columbus Clark returned home from California, where he has been visiting, Friday.

Jess Cox and Mel Miller were transacting business in Lewiston Friday.

William Spray, who has been quite ill at a Walla Walla hospital for some time, was able to come home last Tuesday.

Miss Ida May Gallaher of Spokane, visited with here parents, Mr. and Mrs. E. L. Gallaher last week.

H. H. Greene was a Spokane visitor one day last week.

Mrs. T. O. Greene left Tuesday to visit her daughter, Mr. Miller, in Moscow.

C. Jennings was a Lewiston visitor one day last week.

B. C. Custer visited in Kendrick, Tuesday.

Otto Schupfer made a business trip to Moscow Tuesday.

Mrs. Ira Fix of Fix ridge visited her son, Wilbur, in Kendrick Tuesday.

Morris Hanchet of Fraser is visiting at the Tom Stinsen home this week. Mr. Hanchet is on his way to Michigan.

The Ladies Aid of the Methodist church held a quilting bee at the home of Mrs. Mary Nutt last Wednesday.

Mrs. F. Vincent and daughter, Wilma, were visiting in Moscow a few days this week.

Miss Audrey Nigh was on the sick list this week.

Mr. and Mrs. O. E. Nurse, who have been visiting relatives in Chewelah and Tekoa, Wash., the past few months returned to their home here last week.

Mr. H. Noble and Will Noble of Clarkston were visiting at the Chas. Noble home last week.

Archie Clark of Fix ridge was a Kendrick visitor Monday.

Frank Seymore transacted business in Kendrick, Tuesday.

The infant son of Mr. and Mrs. Charlie Wright died Monday evening.

Marsh Carlton of Fix ridge was a Lewiston visitor last week.

Eben Adams was a business visitor in Troy Tuesday.

Rev. Miller was a Kendrick visitor Tuesday.

John Calwell, Jr. was on the sick list this week.

Mr. and Mrs. Clarence Daugherty returned from Lewiston to their home on American ridge this week.

### Montana Horses Here

George Holbrook has fifty head of Montana horses to be sold at public auction tomorrow afternoon (Saturday). The sale will take place at the stockyards.

The horses were shipped here Wednesday, arriving in good condition. One carload ranges in weight from 1000 to 1300 pounds while the other car is heavier stock from 1500 to 1700 pounds, all young stuff.

A big crowd is expected to attend this sale as a large number of farmers in the surrounding country have been looking for good horses. Heavy young horses are scarce in the Potlatch section.

Mrs. Longfellow of Linden returned the first of the week from south Idaho where she spent the winter.

## Commercial Club Next Tuesday

Everyone is urged to be present at the meeting of the Commercial Club next Tuesday evening. If the entertainment committee fails to see you, it is expected that you will be there just the same. There are matters concerning the community welfare that need attention and you are expected to do your share of boosting.

### Are Born, Not Made

Good dairy cows are born, not made, asserts H. A. Mathieson, university dairy specialist. "Experimental results," he says, "lead us to the practical conclusion that the ability of cows to produce milk and butterfat is almost entirely a matter of inheritance. The high class cow or the inferior cow is born that way and is not made so by any special treatment when young." The dairy sire, it is stressed by Mr. Mathieson, is the greatest factor in the success or failure of any dairy farmer or dairy herd. The elimination of scrub bulls—which at present greatly outnumber those of pure bred ancestry—he points to as essential if average production of the dairy cows is to be increased.

"The cows in our present herds," he says, "will reproduce daughters that will be either better or poorer than their mothers and the kind of bulls used today will largely determine the matter. The only true and ultimate test of a sire is a comparison of the production of his daughters with that of his dams. In other words, the quality of bulls used at the present time is largely determining our future herd profits or losses.

"If the difference between a cow having a capacity of 10,000 pounds of milk yearly and one that produces barely 4,000 lbs. is a question of parentage, it certainly is of great importance to see that the proper parents are provided."

### Benefit Show Tuesday Night

A benefit picture show entitled "From the Manger to the Cross" will be given at the New Kendrick Theatre next Tuesday night. All net proceeds will be given to the Presbyterian church orchestra for the purchase of new music and to defray incidental expenses.

The picture is a famous production and everyone is urged to attend this show.

### Junior Music Club

Tuesday the J. M. Club met at the home of Eleanor Herres. Every member took part in a Musical Definition Contest, winners were, Doris Emery and Lillian Long tied for first prize, for older members, and Evelyn Housley for younger members. A new member was enlisted, Marjorie Onstott. Parts were given out for the operetta, "Day Before Yesterday," which was chosen to be presented soon. After the musical program a dainty lunch was served and charades finally ended the evening.

### Sunday School Class Party

A very pleasant time was had by the members of the Intermediate Class of the Presbyterian Sunday School, Wednesday evening. At 6:00 o'clock they sat down to a splendid dinner provided by the members of the class.

It was decided to start a study of Miss McBeth's book "The Nez Perce Since Lewis and Clark," to be followed by a visit to the mission school at Lapwai, the Nez Perce Presbyterian church at Spaulding and other points of interest.

Those present besides the eight members of the class were Miss May Knepper, teacher, and Rev. and Mrs. Dale Lanphere and son, Loren.

Al McKee of Lapwai was transacting business in Kendrick the first of the week.

## NEWS FROM THE NEIGHBORING TOWNS

### Clipped From Papers Published in Latah County.

#### Cow Creek on Rampage

The flat extending along Cow creek for several miles was under water Sunday afternoon and night, the crest of the "flood" having been reached Sunday night about 11 o'clock.

The entire flat to the south and east of town resembled a lake and the home of Mr. and Mrs. Sam Stueker was entirely surrounded the water being up to the house, but not reaching the floors. The barn was several inches deep in water and Mr. Stueker had to use a raft to get to his horses and take them to higher ground.

The water covered the highway a few miles north of town and it was also covered at the southeast part of town and at Uniontown the N. P. track was under water for several hundred feet and the "Bullet" did not get through to Pullman until Tuesday.—Genesee News.

#### A Peculiar Accident

An accident that strangely did not terminate fatally, and fortunately not even seriously, occurred at the Ranch saw mill Saturday.

As Ed Harris stooped to pass under a whirling shaft, his loose sweater was caught by it, with the result that all his clothing, except only his shoes and hose, were stripped entirely off of him. He suffered severe bruises, and portions of his back and one arm were skinned.

No one witnessed the accident at the moment it occurred, but it is considered that the fact that a log was on the saw at the instant, gave the shaft sufficient impetus to instantly sever all the garments, instead of starting them to winding around the shaft.

Though Mr. Harris is temporarily disabled and suffering, it is a remarkable piece of good fortune that he escaped with his life, and no broken bones.—Troy News.

#### Boys' and Girls' Clubs Planned

Boys' and Girls' club work in Latah county is to be given additional attention this year, according to plans outlined by County Agent L. B. Taylor. The program includes organization in districts that have not heretofore participated in club work. Proposed clubs to be added to those already functioning are: Deary Bean club, 6 members; Deary Potato club, 6 members; Moscow Potato club, 8 members, Juliaetta Tomato club, 5 members; Troy Potato club, 5 members; Genesee Sewing club, 12 members. We should like to see added a sewing club at Deary.

Winners in the various contests will be sent to fairs and exhibitions. Club work, which has been an active part of boys' and girls' life in certain sections of the county for a number of years, is increasing to county-wide proportions.—Deary Press.

#### Heads Moscow Club

Robert Whittier was elected president of the Moscow chamber of commerce Wednesday noon to succeed Milburn Kenworthy, with Howard David elected vice-president, Mr. Kenworthy, A. I. Rollefson, H. C. Dale, J. F. Stewart and Homer E. Estes, directors.

Election on motion that a unanimous ballot be cast by the secretary, which carried by acclamation. There were no other nominations for officers or board of director vacancies.

Mr. Whittier assumed his duties Wednesday noon at the regular weekly meeting, and a meeting of the new board of directors was held immediately following. Committee appointments for the year will be made at a director's meeting next Tuesday evening.—Star-Mirror.

**THE KENDRICK GAZETTE**  
"The Pulse of The Potlatch"

Published every Friday at Kendrick Idaho, by Ralph B. Knepper

Subscription Price - \$1.50  
Entered at the Post Office at Kendrick as second class mail matter.

A writer says that the world is sadly in need of four wheel brakes. What it really needs is less gas.

From the widely divergent opinions expressed by newspaper writers all over the country, concerning the McNary-Haugen bill, it is safe to say that it has merit as well as faults. It ought to be at least as economically sound as the tariff.

If a local business man uses statements bearing the trade mark of a mail order printing establishment has he a right to expect loyalty from the citizens of his town? The individual has the same right to patronize a mail order house for merchandise as the business man has to buy his printing from a mail order print shop.

It is estimated that 2,000 mail order catalogues were shipped to Lewiston last week for distribution. At least half that many were sent through Kendrick and Juliaetta offices for this territory. It is said they cost a dollar a piece by the time they are in the hands of the prospective customer. Evidently the mail order houses believe in spending money for advertising.

Complaint has been made that people are carelessly throwing garbage along the highways in the vicinity of Kendrick. This is not only contrary to law, but it is a very slovenly practice. One of the road overseers in Kendrick highway district stated that he is going to see that there will be no more of it in his section.

One day last week a Potlatch farmer was hauling five or six sacks of feed from Kendrick with a four horse team hitched to a light wagon. When he got on top of the grade one of his wheel horses got stuck in a mud hole. He had to hook his lead team to the horse and pull it out of the mud. And this country has been settled for over 50 years.

There is considerable discussion in Kendrick this week relative to the dog question. No dog tax is being collected this year on the grounds that the tax offers no protection to the dogs. This was demonstrated some time ago when some fanatic poisoned a number of valuable bird dogs here. On the other hand, the tax offers protection to the people who live here as it diminishes the number of dogs to a marked degree. Three years ago there were in the neighborhood of six dozen dogs, mostly curs, in town. After three years of enforcing the collection of dog taxes the number dwindled to less than thirty dogs.

**TOWN'S BEST BOOSTERS**

Business men are the best boosters the town has and necessity of working to upbuild the home community should be apparent to every one. The growth and development of each community depends on the cooperation of the business men and the citizens. By helping your neighbors you help yourself. Nothing contributes more to human happiness than a growing, prosperous and harmonious community where all are willing to do their part. You are a partner in your community. If it thrives and grows you profit in hard dollars and cents. If its growth is retarded and it goes backward you lose. You and your neighbors have the making or breaking in your own hands. Do your share and there will be no question as to the outcome. It means money for you and your family. It means the same thing for your neighbors. Merchants carry complete lines of substantial goods that are hot from the best wholesale houses and sold at prices that entitle them to the trade of this community. Cash is the motor that will forge to the front. You will not be asked to part with your money for some iridescent dream. The money that stays in your pocket and is spent at home for things you need is what will build up this

community.—Exchange.

**Farm Forest Large Labor-Saving Crop**

Within the Reach of Every Farmer Without Outlay.

Reducing labor costs increases profits in any business and most progressive business men are constantly on a search for labor-saving systems. Farmers do this by installing labor-saving machinery but there is still another way which has been largely overlooked and this lies in giving more attention to labor-saving crops.

"The farm forest is one of the great labor-saving crops for North Carolina farmers," says R. W. Graeber, extension forester. "This crop is within the reach of every farmer without a great outlay of money if he will only co-operate with nature and follow the system which nature so plainly suggests."

Mr. Graeber states that no special soil preparation such as plowing and harrowing is needed for a crop of pines, oaks or poplars. No seed is needed if a few seed trees are left in place. No fertilizer is needed because nature maintains the fertility of the forest soil through the annual fall of leaves and twigs. All that is necessary is to keep out destructive forest fires. When the fires are kept out, a heavy blanket of leaf litter prevents weed growth and helps to hold a good supply of moisture. It is in the harvest alone with a timber crop that labor of man is required.

"Nature has provided fine conditions for tree growth in North Carolina," says Mr. Graeber. "Good soil, ample rainfall and a long growing season will permit any farm woodland to produce an annual growth of one-half to one cord of wood per acre, while many areas of pines are producing two cords and more an acre each year. Where a farmer does not cut more than the annual growth of his timber, a self-perpetuating, labor-saving crop is made an actual reality."

It is not necessary to spare the ax but it is necessary to use the ax that the best tree specimens have an opportunity to contribute their share to an unending crop, states Mr. Graeber.

Hens that are to be used for breeders or layers should have two months' rest between laying seasons.

"He who owns the soil owns up to the sky," but most farmers do not claim and use the soil far enough the other way.

In pruning fruit trees, limbs that droop too much may be remedied by cutting them back to an uprighting branch and removing the low-hanging secondary branches.

**This modern age puts Camels first**

THIS age tried Camels and placed them first. And it was no half-way verdict. Never in the history of smoking was a cigarette given a leadership like Camel has today.

To find why Camels are the favorite, just try them. You will find the perfect fragrance and taste of choice tobaccos, rarely blended. You will experience a mellow mildness that gives endless cigarette enjoyment!

For the choice of the modern age—"Have a Camel!"

**Leland News**

Interest in the Old Fiddlers Contest to be held Friday evening, is increasing. A very large attendance is expected.

Farmers in this vicinity are beginning to think about spring work. Although considerable plowing and some sowing was done last fall, the farmers still have plenty left to be done. An early spring would be advantageous. In spite of the failure of the beans last year the people of the Potlatch have not lost faith in beans and it is quite likely that a large acreage will be planted to that leguminous plant again this year.

The roads of the vicinity are beginning to take on a little different appearance, and a few days drying with the absence of rain will bring smiles to the face of the mail man again as well as to others who desire to use the roads.

Mrs. Robert Draper spent several days last week at the home of Joe Piper of Agatha.

Miss Georgine Smith spent the week end at the home of her aunt, Mrs. Clyde McGhee.

Mr. and Mrs. Amiel Peters entertained at Sunday dinner, Mr. and Mrs. Harrison Daugherty, Mr. and Mrs. Lyle Harrison and family and Mr. and Mrs. Hugh Parks and two children.

Rev. Dills, presiding Elder of the M. E. Church South, held the quarterly conference Saturday evening, and occupied the local pulpit Sunday morning.

Rev. and Mrs. Gibbs accompanied by Elder Dills, took dinner at the J. M. Woodward home Sunday.

The weekly prayer meeting and choir practice are gaining in interest and in attendance. Everyone is invited to attend. The choir practice, led by Mrs. Howard Smith, is doing much to improve the services at the church. Specials by a number of trained singers are sung each Sunday morning and evening.

The Ladies Aid held a delightful and educational session at the home of Mrs. Clifford Powell. Mrs. Ben Hoffman assisted in serving. An excellent program on Missions consisting of songs, readings, discussions and a missionary play, was rendered. About twenty ladies took part. Mrs. H. C. Jones and family spent Sunday at the Claud Craig home.

Mr. and Mrs. J. C. Helton were Sunday visitors at the Virgil Flesher home.

Mrs. Lucy Hoffman is visiting at the home of her daughter, Mrs. Robert Smith.

 Barefooted, the Georgia cracker sat on the steps of his tumble-down shack, smoking a corn cob pipe. A stranger stopped for a drink of water. Wishing to be agreeable, he said:  
 "How is your cotton coming on?"  
 "Ain't got none," said the cracker.  
 "Didn't you plant any?" asked the stranger.

"Nope," said the cracker, "fraid o' boll weevils."  
 "Well," said the stranger, "how is your corn?"  
 "Didn't plant none, 'fraid wa'n't goin' to be no rain."  
 "Well how's your potatoes?"
