

Commercial Club Meeting

The Kendrick Commercial club held a good meeting last Tuesday evening in the Methodist church dining room. The ladies aid of the church served a splendid dinner with nicely arranged tables, seating over thirty. The dinner was an auspicious beginning to an interesting and profitable evening.

Vice Chairman Dammarell presided at the business meeting, the first order of business being reports from standing committees. The committee in charge of baseball for last season, Marvin Long chairman, reported a surplus of \$37.63 which was turned into the treasury of the club. Various other reports were heard.

The club unanimously agreed to draw a check on the treasury to the Kendrick highway district for \$200 to pay its share of the cost of the reconnaissance survey that was made on Bear ridge over a year ago. The delay in this payment was occasioned by a misunderstanding as to the extent of the club's share in this transaction. The cost of the reconnaissance survey was something over \$500. In addition to this survey the engineer made a cross section and furnished figures ready for a contractor's bid. The club felt that its liability extended only as far as one-third of the cost of the reconnaissance survey and compromised on the \$200 payment, which is apparently satisfactory with the highway commissioners.

Jack Barnes, manager of the Washington Water Power's interests here, was called on and responded with a few appropriate remarks and stated that he would be glad to be identified with the activities of the local club. Superintendent Tenny made a good talk on education, stressing the fact that this was National Education Week and shaping his talk along these lines.

Election of officers was held as follows: E. H. Dammaell, president; G. P. Anderson, vice-president; Dr. G. W. McKeever, secretary; N. E. Walker, treasurer. Each newly elected officer made a brief talk.

G. P. Anderson stated that the Potlatch Highway District had asked that Kendrick assist in the surfacing of Sperry grade to the amount of \$100. The chairman appointed a committee composed of Frank Ellis, G. P. Anderson and Tom Long, to raise the amount, which will be turned over to the Potlatch district at an early date.

A general discussion of road conditions in the Kendrick highway district was entered in to with spirit. It was the general consensus of opinion that there had been enough road talk and that the time was long past due for some action along a definite line that would put the district in shape to do some actual road construction work. The club voted unanimously that a committee be appointed to circulate a petition in the district to be presented to the highway commissioners asking them to call a bond election. It was agreed that the proper method of procedure is to vote the limit of bonds with understanding that they would not be sold or issued except in blocks sufficient to cover each road project as it comes up. The sentiment was strongly in favor of pushing the construction of grades on American ridge and Bear ridge as the two most important projects in the district at this time. Included in this plan would be the improving of the road connecting with Cedar Creek district. United effort, it is believed, will soon bring actual results in the near future.

G. F. Walker, a member of the highway district board was called on and gave a general outline of the probable cost of building the two grades, basing his figures on estimates furnished some time ago by the engineer who made the preliminary survey. It was believed feasible to start this work with the district's machinery as there is little question that a big saving can be

Death of Columbus Clark

Columbus N. Clark, one of the pioneers of the Potlatch country, died at 8 o'clock Saturday night, at the home of his son, Lawrence, on Fix ridge, three miles from Jλιαetta. Death was due to a heart attack. He returned to his son's home from Kendrick and died about two hours after reaching home. He showed no evidence of suffering and apparently was feeling well up to the time of his death.

Columbus N. Clark, was born in Missouri and when a boy came with his parents to this region. For 35 or more years the family home was maintained on the old homestead place, now being managed by Lawrence Clark, a son. Mrs. Columbus Clark died about a year ago. Aside from being engaged in extensive farming operations, Mr. Clark was active in politics. He served Latah county as commissioner for several terms and also represented his constituency in the state legislature.

He is survived by four sons and daughters, these being, Elmer Clark, of Los Angeles; Ira Clark, Spokane; Lawrence and Archie Clark, residing at home, and Mrs. David Richardson, of Los Angeles. Also two brothers, Walter Clark, residing on Fix ridge, and Lou Clark of Gifford.

Funeral services were held at 10 o'clock yesterday morning at the school house on Fix ridge and interment was made in the cemetery on the ridge.

Two New Fords

The following has been going the rounds and was handed to us by a subscriber recently: Considerable interest was aroused here by the arrival of two new Fords, states the Eau Claire Leader. While not yet ready for exhibition purposes, the Fords have been observed by several and much approval of their fitness and finish has been voiced. Their bodies are finely lined and graced with pleasing curves. Their color job is of a quality that shows richness and well being, and their lines in general are wholly fitting for the work desired of them.

Probably not without reason the designs follow that of former models, but there are individual differences. They are generally quiet but there is considerable sound when under heavy stress or exertion. Their speed and durability have not yet been tested but their fuel consumption at least at the present time, is surprisingly low. Methods of caring for the radiator overflow remain the same.

While formed on the same general principles, there is much difference between the two models perceived here, which is not surprising when it is considered that one is a boy and the other a girl born to Mr. and Mrs. Louis Ford. The babies have not yet been named, but they and their mother are reported to be doing well.—Columbus, Wis., Republican.

made if the work is handled locally. The meeting closed with a spirited discussion of Sunday movies, sentiment here apparently being about evenly divided on the question. No action was taken on the matter at this time.

- Following are the standing committees appointed by the chairman:
- Highways: N. E. Walker, E. A. Deobald, R. B. Knepper.
 - Educational: Dr. Morehead, C. A. Tenny, Geo. E. Knepper.
 - Finance: G. P. Anderson, H. B. Thompson, Ed Long.
 - Industrial: G. F. Walker, Jack Barnes, G. P. Barnum.
 - Entertainment: Rev. Lanphere, Rev. Taber, J. G. Gardner.
 - Publicity: O. E. MacPherson, E. H. Emery, Walter Thomas.

Every Infantryman to Have Automatic Rifle

Three new types of rifles, designed to take the place of the reliable old Springfield rifles now in use, were given final tests at Camp Meade, Md., under the watchful eyes of high army officers. The new Pedersen, Thompson and Garand semi-automatic, self-loading rifles, much faster than the Springfield, are held by, left to right: Maj. Gen. H. B. Crosby, chief of cavalry; Maj. Gen. Clarence C. Williams, chief of ordnance, and Maj. Gen. Robert H. Allen, chief of infantry; while Col. H. L. Cooper, extreme right, holds an old rifle.

Some Cauliflower

John Eikum does not pretend to be an expert gardener, but that he knows how to raise cauliflower was proven when he brot to town Monday morning a head of cauliflower that weighed 17½ pounds and measured 42 inches in circumference. It was the Danish Giant variety and the plant was bought from Tom Herman—together with others, of course.

If any of the would-be gardeners of the Potlatch country want to try for something better in that line, let the Kendrick Gazette man bring them forth as "Exhibit B."—Genesee News.

The Gazette doesn't know just how the Potlatch country lines up in the cauliflower class when it comes to size, but for quality it is supreme. Paul Manly, who farms on Cedar Creek ridge, is the Potlatch Cauliflower King. The kind he raises makes ordinary cauliflower look like something the pigs dragged in. He planted a little patch on his place and it has been growing all spring, summer and fall until it is about to crowd him off the ranch.

Will Close Mill Nov. 12

The Potlatch Lumber company has posted notices about the sawmill stating that operations will cease on November 12 for three months, during which time extensive repair work will be done about the mill. One shift only is running at this time, the day shift being taken off Monday.

Overhauling of the generators is going on, and the completion of one should be made in about two weeks and work on the other will then begin. The work is expected to be complete sometime in January.—Elk River News.

Enjoyable Party Saturday

A very pleasant party was held last Saturday evening by a number of young married people of Kendrick. The evening started with a theatre party at the New Kendrick, after which the participants went to the home of Mr. and Mrs. Edgar Long where cards were enjoyed for several hours. Dainty refreshments were served by the hostess. Those present were Messrs. and Messdames John Kite, Geo. Leith, E. H. Emery, Jack Barnes, O. E. MacPherson, Percy Ware, Edgar Long.

Ben Davis went to Moscow, Monday, to serve on the federal jury. Mr. Davis and his family, who have made their home at Southwick for several years, have moved to a farm near Cull-desac to make his home.

Change in Route No. 1

Postmaster Hugh Stanton received notification from the post office department this week that there would be a change in rural route No. 1 out of Kendrick, effective November 16, 1927. The change is the result of a petition circulated nearly two years ago asking that the route be made over the Brady gulch grade, covering American ridge, down the grade past the Wm. Cox place as far as the Juliaetta bridge and from there to Kendrick over the surfaced highway following Potlatch creek. The route is lengthened slightly over two miles and according to the post office department benefits 20 additional families. It also carries with it an increase in salary for the carrier.

Action to secure this change was taken by the Kendrick commercial club over two years ago. The change was desired because of the fact that it would benefit the additional number of families and also as it would eliminate the necessity of having the carrier travel the two worst grades on American ridge. The new route will make it possible for the carrier to use his car a greater part of the year.

Moscow's Schools Close

Last Sunday the board of health and school authorities of Moscow decided to close the public schools of that city for an indefinite period. The order took effect Monday morning. At the same time this decision was reached it was announced that all children 15 years and under will be prohibited from attending Sunday schools, picture shows or gatherings in groups in public places. The reason for putting this into effect is for fear that an epidemic of infantile paralysis might get started in Moscow.

On Wednesday of last week Lowell Shriver, age 15, and a high school student, died of the disease. Last Saturday night the disease claimed its second victim of the week when Fay Wineman, a little girl in the second grade succumbed. Until Saturday two other cases were under quarantine but they were released Sunday.

Regretted That

Sandy bot two tickets for a raffle, won a \$1,500 car. His friends rushed up to his house to congratulate him, but found him looking miserable as could be. "Why man, what's the matter wi' ye?" they asked. "It's that second ticket. Why I ever bot it I canna' imagine."—Ex.

School Notes

The first grade boasts a pupil who can count to 50 in three languages. The little Miss is Joyce Anderson and the three languages are: English, Danish and German. The first grade is having a counting drill and so far all but two can count and recognize all the numbers from 1 to 50. The first grade is reading and dramatizing "The Old Woman and Her Pig."

The second grade is reading "Red Feather" and making a study of Indians.

The sandtable for this month in the primary room is to represent the landing of the Pilgrims and their life in America, also their friendship with the Indians.

The primary room is learning "Father, We Thank Thee," for a November memory gem.

The seventh and eighth grades are glad to have George and Paul Schulze back to school and we all hope they will get with us for the rest of the term.

The seventh grade is working extra hard on hygiene so as to complete that subject this semester while the eighth grade is putting extra efforts on history, which they expect to complete then too.

Shirley Clem entertained the Seniors at her home Wednesday evening. The menu for their dinner was oyster soup, crackers, sandwiches, pickles, whipped jello and wafers. Mr. Jarvis and Miss Ledbetter were chaperones. Those present were the members of the Senior class and their guests, Helen Emmett, Margaret Brocke, Minnie Craig, Walter Morey, Howard DeLano, Herbert Rogers, Arthur Foster and Walter Hartung. Everyone had a very enjoyable time.

There are now eight Seniors, Gustav Wegner will graduate with the class, he having taken a course in bookkeeping outside of school hours which completes his required credits.

The Seniors made \$2.00 at a candy sale which was held at the theatre last Saturday night. They will use this money toward paying for their rings.

Guilty of Manslaughter

Paul Copeland, age 24 years, was convicted of second degree murder at Boise last Saturday, when the jury which heard his trial on a charge of killing Frank Starr, returned its verdict. The jury deliberated eight hours on the case. The penalty for manslaughter is imprisonment from 10 years to life.

Harry Trull of Pullman, cousin of Mrs. N. B. Long, died at his home at Pullman, Monday evening, November 7th. Mr. Trull had been in poor health for some time.

Infantile Paralysis

For the past several weeks, Idaho has been surrounded almost completely by a severe epidemic of Infantile Paralysis, or Anterior Poliomyelitis, and it has been nothing short of a miracle that this disease has not gained a foothold in this state. However, recently a number of authentic cases have appeared in the various sections of the state and the Department of Public Welfare feels it advisable to advise the people to be on guard against the appearance of this disease in their respective localities.

This disease is extremely infectious and is usually carried either directly from child to child, or from an adult carrier to a child by the nasal secretions. Contrary to the general belief, the disease does not start as a "cold" but the first thing noticed with the child usually is that the patient is listless, has a temperature which may be not more than 100, complains of a headache, has vomiting without apparent reason and go on from this state either to a recovery or to paralysis or death.

In view of the manner in which it is distributed, parents are urged to keep their children out of doors as much as possible, keep them away from crowds, do not let adults breathe in their face or kiss them on the mouth, and as soon as any of the above mentioned symptoms appear have the case diagnosed by your family physician in order that treatment may be instituted at once.

While we hope that this disease will not assume epidemic proportions in this state, it is felt that owing to the severity of it, it is advisable to urge that all possible precautions be taken to protect against it until the onset of cold weather.—State Department of Public Welfare.

Convicted n Five Counts

Dave Schoeffler of Cameron, who was charged with five counts of liquor law violation, which included possession, sale and manufacture, was convicted in federal court yesterday on all five counts. The case came to trial Wednesday afternoon and the defendant pleaded not guilty. Sentence will be passed at one o'clock Saturday.

The jurors in the case were as follows: Guy Dissmore, Kamiah; S. A. Daughtery, Genesee; J. W. Crea, Penn; Stephen A. Douglas, Southwick; Herman Huseman, Cottonwood; J. B. Kigh, Orofino; Thomas Engle, Genesee; J. D. Loomis, Orofino; L. D. Pentzer, Winchester; C. S. Myers, Greer; Bert Rakston, Wohler; Riley Rice, Cottonwood.

Okoke Bridge Party

Mr. and Mrs. Harold Thomas delightfully entertained the Okoke Club at a 6 o'clock bridge supper, Saturday night. The two-course supper was served in cafeteria style and the guests were then seated at small tables. After supper bridge and conversation were enjoyed for several hours. After which the scores were added. The high honors went to Mr. and Mrs. A. K. Carlson, who were presented with a family prize, which was a Pyrex baking dish. Those present were: Messrs. and Messdames A. K. Carlson, G. P. Anderson, W. Thomas, R. H. Ramsey, G. W. McKeever, O. J. Morehead, R. B. Knepper and host and hostess.

The Woman's Missionary Society of Leland will occupy the morning service next Sunday, November 13, at 11 o'clock.

It is urged that all women who help the Missionary Society, whether members or not be present and sit on the platform.

A good program will be given. The Leland Missionary Society met Thursday, November 3, for their all-day business and devotional at the home of Mrs. Clifford Powell. A delicious lunch was served by Mrs. Powell and Mrs. Calvert. The business meeting began at 1 o'clock with the election of officers as follows:

President, Mrs. Jesse Hoffman; Vice-President, Mrs. Gibbs; Corresponding Secretary, Mrs. Howard Smith; Recording Secretary, Mrs. Russel Smith; Treasurer, Mrs. Denzil Kuykendall. Superintendent of Publicity, Mrs. James Helton. All committees for the bazaar were appointed. The bazaar will be held on Saturday, December 3rd, beginning at 1 o'clock, all articles will be priced. Dinner will be served from 5:30 until 7:00 o'clock, the price for the dinner being 20c and 35c.

All articles not being sold will be auctioned off after the dinner is over.

The bazaar will have a fish pond as usual, also candy and popcorn balls.

All members are urged to attend the work meetings each Thursday between now and the bazaar, as there is a large amount of work to be done.

After the business was settled several papers were read and discussed on Foreign Missions, as this is week of prayer, and one hour after lunch Thursday will be devoted to this.

Block of Stock Nearly Sold

Less than 6000 shares remain to be sold of the 50,000 shares of 6 1/2 per cent cumulative preferred stock of the Washington Water Power company first offered for sale in April of last year, according to word received from W. H. Ude, director of public relations. During the month of October 1,003 shares of this stock were subscribed for by 113 customers and employes.

"This preferred stock was authorized for sale only to customers and employes," states Mr. Ude. "Customers who do not hold ten shares of the common and preferred stocks of the company and who have not exercised their rights for the preferred stock allowed them may purchase that number of shares that will bring their total holdings of common and preferred stock to ten shares."

"Under this customer-ownership plan the stock is being distributed among the people this company serves. Stock may be subscribed for either by cash payments or by partial payments; on which interest at the rate of 6 1/2 per cent per annum is paid. The stock is issued quarterly. Full information concerning this stock and the terms of sale may be obtained from any of the company's agents in the territory."

ORDER TO SHOW CAUSE

Order to Show Cause Why Order of Sale of Real Estate Should Not Be Made.

In the Probate Court in and for the County of Latah, State of Idaho.

In the matter of the Estate of Sarah Jacobus, Deceased.

A. H. Daubenberg the administrator of the estate of Sarah Jacobus, deceased, having filed his petition herein praying for an order of sale of all of the real estate of said decedent, for the purposes herein set forth.

It is Therefore Ordered by the Judge of said Court, that all persons interested in the estate of the said deceased, be and appear before the said Probate Court, on Friday, the 9th day of December, 1927, at 10 o'clock in the forenoon of said day at the Court Room of said Probate Court in the Court House in said Latah County to show cause why an order should not be granted to the said administrator to sell all of the real estate of the said deceased Sarah Jacobus.

It Is Further Ordered, That a copy of this order be published at least three successive weeks before the said 9th day of December 1927, in the Kendrick Gazette, a newspaper printed and published in the said Latah County, State of Idaho.

ADRIAN NELSON,
Probate Judge.

Dated this 9th day of November, A. D. 1927. 45-3

Setting The Road Afire

"I would see the red of the guy ahead of the guy ahead of me; where his headlight glows and he bitterly goes I feverishly wish to be." Tho you seek and seek for the lethal leak recruiting the angel choir, you will find none other than this my brother: "We're setting the road afire." On the gas I tread—there's a guy ahead of the guy that's ahead of me! I must give him chase and attain his pace—that's the kind of a boob I be! And when I pass, like a silly ass, the driver that's between, I find there's a boat ahead of the goat that previously I'd seen. Then after Lv'e sped past the car ahead of the guy that's ahead of me, I note with surprise more driving guys as far as the eye can see. Yet the only pace in that endless race my fancy would never wed is the speed of the car ahead of the man who is driving the car ahead! So all life long 'tis the same old song!

There's never a pacer to suit. When I pass one chap, like a thunder clap, I notice another galoot still further along and traveling strong. Not half of the fools are dead, but there's buzzard bait in chasing the skate ahead of the car ahead!—Ex.

Not Shorten Pheasant Season

Reports that there would be a curtailment of the Chinese pheasant season by the state game department were denied this week by R. E. Thomas, state warden. The season will run in accordance with the dates printed on the back of the licenses.

Already the game department has started its winter campaign against predatory animals and Mr. Thomas said the department is encouraging individuals to take out permits for the trapping of these animals on game preserves. The department has eight men working in various sections of the state on the predatory animal campaign and many individual permits have been issued.
