OFFICIAL PAPER OF LATAH COUNTY

VOLUME XXXIX

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, MAY 3, 1929

No. 18

THE STATE WE LIVE IN

By Byron Defenbach
Idaho's first era, that of discovery, ended rather definitely on Christmas, 1811; it was succeeded by 50 years of exploration and fur-trading.

In 1870, there were only 15,000 people in Idaho, one person to each six square miles. Although this figure was doubled by 1880, the decade is considered the duller ten years in all our later history.

In 1879 the Utah Northern was built through Pocatello and north to Butte. It was a cute little road, the rails only three feet apart as against the standard of over four and two-thirds.

During the next decade Idaho's first daily paper, the "Hailey Times," began a career not yet ended; the territory's first newspaper of any kind had been the "Golden Age" published at Lewiston in the early '60s.

The narrow-gauge road was widened; the Northern Pacific and the Oregon Short Line built across the state; the Great Northern followed in 1890.

But the great event of these years was one that revived and continued the mining era. In 1884 rich ores began to be uncovered in the Coeur d'Alene district; there was the usual rush into the country.

In 1885 the legislature appropriated \$80,000 for the construction of a capitol building at Boise. A meeting-place for the legislature thus having been provided, taxpayers needed consideration; \$20,000 was set aside for an insane asylum at Blackfoot.

On July 3, 1890, the state we live in was admitted into the Union, an event which may be looked upon as the beginning of our fourth period of progress, that of permanent settlement and the predominance of the agricultural industry.

The dividing line between these two periods is not so sharply drawn as the others. But in 1890 our population had reached over 88,000, nearly six times that of 20 years before, nearly one-fifth of what it now is. Mining continued; it will always be an important industry in Idaho, as facilities of transportation are extended and improved processes of extraction are found.

But we are now primarily an agricultural people. Men rushed into Wardner in the '80s to mine; those that have come since have come to farm, either the soil or the farmers.

She Wasn't There

While making preparations to go out for dinner one evening a wife discovered that she was without silk stockings she could wear. Friend husband was dispatched immediately to the store. "I want a pair of silk stockings for my wife," he told the salesgirl. "Sheer?" asked the girl. "My dear girl," said the customer, "if she were here I'd let her buy them herself."—Exchange.

A committee composed of Jack Carroll, E. H. Dammarell and C. A. Oppenborn passed a subscription list around town Wednesday to raise funds for the Boy Scout dues. They secured the desired amount in a short time.

Fishing Season Opens May 6

According to a statement made by Game Warden Ed Collins, the fishing season in Potlatch creek and its tributaries opens next Monday, May 6. The season will also open May 6 in the Clearwater river and its tributaries up to the mouth of Kassell creek on the south fork and up to the mouth of the Lochsa on the middle fork; the north fork will be open as far as the mouth of the little north fork. Other streams will open May 16 except Elk creek and its tributaries in Clearwater county which will open June 1.

Death of Albert Karl Schultz

Albert Karl Schultz was born in Germany on October 26, 1852. He came to America with his parents at the age of three years. The family settled in Wisconsin where he spent his boyhood days. At the age of 18 years he moved to Mankato, Minn. Ten years later he was married to Theresa Roerig. To this union seven children were born, two dying in infancy.

From Mankato he and his family moved to Palouse, Wash., and from there to Cameron, Idaho, which has been the family home for many years. Mr. Schultz was a public spirited man and was always ready to help a neighbor in time of trouble. Although the last years of his life were filled with suffering, he bore his illness with patience. His death was due to cancer.

On April 26, 1929 he passed away at the age of 76 years and six months. Funeral services were held Sunday, April 28, at the Camron church of which he was a member. The service was in charge of Rev. Schwartz of Lewiston, at the request of Mrs. H. S. Hodges of Dutton, Mont. Mrs. J. Berriman sang "Beautiful Isle of Somewhere" and Mrs. Schwartz of Lewiston sang a solo in the German language.

Those surviving are the widow, Theresa Schultz, four sons, John A., Fred W., Charles J., and Albert W.; one daughter, Mrs. H. S. Hodges of Dutton, Mont. Pallbearers were: A. H. Blum, Fred Mielke, Cal Hartung, Herman Wolff, Paul Silflow and F. Reiche. Interment was made in the Cameron cemetery.

Hunted Bear in Kendrick

Mason McCoy and his sister, Mrs. F. B. Weber and her son arrived this week and have rented a house east of the Bear creek bridge. Mr. McCoy is an old timer in this section. He first came to the Potlatch in 1882 from the Palouse country. There were no roads here then so it was necessary to rough lock, the wagon wheels and come down over the breaks of American ridge to get to the spot that is now Kendrick. Mr. McCoy said he hunted bear on this townsite before there was a town here. He saw the first building put up here by Mr. Kirby, father of Mrs. L. J. Herres.

Elk River Plays Here Sunday

Another good ball game is in store for the fans next Sunday when the Elk River team will make its appearance here to play the third game in the league series. The visitors will have a real ball team and it promises to be a game full of thrills. Kendrick has a pitcher that is something extra fancy. It is worth the price of admission to watch him work. He has smoke, control and tricky curves. The game will start at 2:30. Everyone is urged to attend and help support the team.

An Alabama Epitaph

In an old cemetery near Wetumpka, Ala., a moss-grown tombstone was discovered recently bearing this epitaph: "Here lies the body of Solomon Peas, under the daisies and under the trees. Peas is not here—only the pod; Peas shelled out, went home to God."—Ex.

LOCAL NEWS FROM THE LELAND COMMUNITY

Items of Interest From The Busy Potlatch Center.

A. DeWinter and family were Lewiston visitors Sunday. Mr. and Mrs. Clyde McGhee spent Monday at the A. H. Smith home.

Mr. and Mrs. Archie May and Mrs. T. H. Daugherty motored to Lewiston last Friday evening to attend a Rebekah convention. Mrs. Clyde McGhee and daughter, Francis, and Mrs. Fred Zimmerman and children called on Mrs. V. Fleschman Friday afternoon.

M. Helton returned to Southwick, Friday, after visiting his son, James, here several days. Mr. and Mrs. R. C. Smith and Mr. and Mrs. Ed Johnson were Lewiston visitors Saturday.

Vern Fleschman and wife and daughter, Lela, of Portland, Oregon were called to Lewiston on account of the death of Mrs. Fleschman's mother, Mrs. George Blankenton. They visited relatives here on the ridge a couple of days before returning home.

Mrs. Henry Jones and son, Ray, visited her sister in Clarkston, the last of the week.

Mrs. Ben Hoffman spent the latter part of last week visiting relatives in Clarkston.

Mrs. Julia Fleschman visited her daughter, Georgia, in Lewiston, over the week end.

M. Helton visited C. P. Powell Friday.

J. E. Fleschman and family were Sunday dinner guests of G. W. Fleschman.

Marvin Vincent and family of Moscow spent Friday here visiting friends and relatives.

Clyde Daugherty and family were Sunday guests at the T. H. Daugherty home.

Beulah Hoskins and Beulah Draper visited the school Friday.

Misses Mildred and Maxine Fleschman spent Monday night at the V. Fleschman home.

The local I. O. O. F. lodge celebrated their anniversary by having a big party and feed.

Mr. and Mrs. Vern Fleschman and daughter, Miss Mildred, Mr. and Mrs. B. F. Fleschman and Mrs. Joe Piper were dinner guest Saturday at the T. J. Fleschman home.

Mr. Walbeck's Sunday school class had a marshmallow roast and party last Friday night. A good time was reported by the young folks.

Miss Gertrude DeWinter was a Lewiston visitor over the week end.

Waldo and Shirley Smith visited their aunt, Mrs. Clyde McGee Saturday night and Sunday.

Miss Nadine McCoy is visiting with her sister, Mrs. Harry Smith.

T. H. Daugherty visited his brother, Tom, last week.

Robert Draper and family were Moscow visitors, Sunday.

Cora Blankenship spent the week end with her parents, Mr. and Mrs. Richard Blankenship.

Mrs. Agnes Piper spent Friday night at the George Fleschman home.

Mr. and Mrs. Con Andres and Kenneth Hund of Gifford spent Sunday at the home of Mrs. Jennie Hund.

Elmer Peters visited Archie Hoffman, Sunday.

Baseball Dance Tonight

Tickets are on sale for the baseball dance to be held at the Fraternal Temple tonight (Friday). Proceeds from the dance will be used to defray expenses of the ball team. Everybody is cordially invited to come and enjoy a good dance. The Kendrick orchestra will furnish music.

Installing New Pipeline

Work is progressing on the new pipeline from the reservoir to the line on Main Street. The work is being done under the direction of Mr. Gardner. When this line has been connected the water pressure for fire protection will be greatly increased. The new line is six inch pipe while the old outlet from the reservoir was only 3 inches.

COMMUNITY NEWS FROM JULIAETTA

Items of Interest From Our Neighboring Town.

Arnold Behrens was a Lewiston visitor, Wednesday.

Mrs. E. V. Adams and Miss Weitz were Kendrick shoppers the first of the week.

Mrs. Sophia Taylor has shipped part of her household goods to California. She will leave the first part of this month to make her first home with her brother. Jack Heacox was greeting old friends in town over the week end. He has purchased a store in Dayton, Wash.

Mrs. E. V. Adams entertained Mrs. Mary Nutt and Miss Kathryn Weitz at dinner Wednesday evening.

Wilbur Larkins has bought 11 acres on the east side of the property known as part of the Malone ranch.

Mr. and Mrs. Ira Larkins spent Sunday with his brother, Wilbur of this place.

Miss Erlean Stump returned Tuesday night having spent several days in Spokane.

E. Custer is remodeling the interior of his home on State street.

The senior play, "And Billy Disappears," drew a large crowd last Saturday night. Many were turned away for want of room. The young people all took their parts well. Much credit is due Miss Gladys DuBois for coaching the play.

Our little town is a beautiful sight with hundreds of cherry trees a mass of blossoms. Everything points to a large crop.

The seniors worked hard Tuesday to put their number '29 on the hillside east of town. They guarded it till one o'clock that night. Thinking all was safe they turned their weary footsteps homeward. At three o'clock the juniors gathered some help and went up and destroyed it. The seniors at this writing have it back up again.

Mrs. Jones, who has been taking treatment in Lewiston, came home for the week end, returning Wednesday.

The M. E. Ladies Aid met Tuesday at the parsonage with Mrs. S. Gruell and Mrs. Fred Nye hostesses. A large number was present.

Virgil McVickers of Fix ridge is pitching ball for Connell, Wn. His team played the Universal Auto Co. team of Spokane last Sunday and won the game. McVickers allowed but 6 hits and struckout 14.

Linden News

Mrs. Millie Abrams came up from Kendrick, Friday evening to look after her property and visit friends over the week end.

Mr. and Mrs. Edgar Bohn moved to Park the first of the week where Edgar has work in a sawmill.

Mrs. Ray Cuddy and little daughters and Miss Popkey visited at the A. Cuddy home in Southwick, Saturday.

Mrs. George Garner and Mrs. Edgar Bohn visited their sister at Cavendish, Wednesday and Thursday.

Mr. and Mrs. Louis Alexander entertained Mr. and Mrs. Earl Dunham and sons, Mrs. Sylvia Jenks of Clarkston, Mr. and Mrs. Addison Alexander, Walter Carmen, the Misses Josephine Popkey, Garland Headrick, Eva Smith and Flo Kent, Mr. and Mrs. Clem Israel and family, at a lovely Sunday dinner.

John Kerr and brother and Mr. Fields came up from Orofino Sunday evening. Mr. Kerr will finish taking out the cedar polls which he cut during the winter.

Alva Hudson arrived from Dillion, Montana, Sunday evening.

New Minister Coming

Rev. Claud W. Groth, his wife and baby will be here next Wednesday and will occupy the Methodist parsonage. Mr. Groth will have charge of the local church. He has been a missionary in Alaska for a number of years and comes highly recommended.

Mrs. Mattie Cummings

Mattie Bell Reed was born November 12, 1873 at Ash Ridge, Brown county, Ohio, and passed away at the family home on American Ridge, April 23, 1929, being at the time of her death 55 years, 5 months and 11 days of age.

She was united in marriage with Charles F. Cummings and was the mother of five children. One child preceded her in death. The husband, four daughters, Mrs. Paul Carlson, Mrs. Jesse Mosher, Mrs. Melvin Illi, and Amy, six grandchildren, five brothers, six sisters and a host of other relatives remain to mourn her departure.

Mrs. Cummings had endeared herself to a wide circle of friends and acquaintances and was widely known for her generous hospitality. She led a very active life until three years ago when she suffered a stroke which greatly impaired her health. She patiently endured great sufferings, and refused to surrender to pain until the end.

A host of friends and acquaintances gathered to pay their last respects and the burial was held in the Moscow cemetery. Rev. Group officiating.

Band Concert Sunday Afternoon

The Kendrick band will give a concert in the city park Sunday afternoon, starting at 1:15. It is necessary to hold the concert at an early hour in order that it will not conflict with the ball game, which will be played immediately after. Everybody is cordially invited to attend the concert.

Crescent Clippings

School closed Friday night with a very enjoyable program. Both pupils and teacher, Miss E. Slatter, are to be congratulated upon the good work done this year. The fact that this was the third term taught in this community is conclusive of her popularity.

Mr. and Mrs. Mike Forest and family were Sunday guests at the Bill Dorendorf home.

Mr. and Mrs. Oral Craig and son, and Mrs. Ella Robeson of Leland motored up for a short visit at the M. L. Robeson home, and to attend the program Friday evening. Avia and Lorene Craig accompanied them home.

Miss Eva Slatter left Sunday evening for a visit with Mr. and Mrs. Stuart Wilson of Park.

Avia Craig received a large certificate as an award for perfect attendance at school during the past year.

Mr. and Mrs. Arthur Anderson and children of Agatha, visited at the Robeson home Friday and Saturday and attended the program. Leroy Anderson, who has attended school here the past year, accompanied them home.

Mr. and Mrs. Stuart Wilson and family visited Sunday evening in at the Wm. Kander home.

Mrs. Henry Loeser and children stayed all night at the Gus Farrington home Friday night.

Mr. and Mrs. Vester Evans and children of Texas ridge visited with Mrs. Evans parents, Mr. and Mrs. M. L. Robeson, Sunday. Sue Robeson accompanied them home for a visit.

Gus Farrington returned from Spokane, Saturday evening, with a new Chevrolet touring car.

Mrs. Cardinal of Kendrick is visiting with her daughter, Mrs. George Lockhart.

Repairing Parsonage

About a month ago a number of the ladies of the Methodist church and Aid Society undertook the task of repairing the parsonage and putting it in order for the new pastor who will arrive next Wednesday. The walls have been made new and clean with wall paper and calcimine, wood work repainted and a number of pieces of furniture refinished with lacquer.

The ladies guild of Texas ridge will hold a sale and supper at the Elwood school house, May 11. Everybody welcome.

BEAN-PICKERS DEFEAT TROY BRICK-LAYERS

Locals Shut Out Troy Last Sunday by Score of 8 to 0.

The ball game at Troy last Sunday afternoon was easy pickings for Kendrick and was most too one-sided to be interesting, the score being 8 to 0 in favor of Manager Barnes' sensational sluggers.

The feature of the game was the pitching of Riggs, Kendrick's chucker. This mound artist is about six feet tall, wears glasses and ties himself into several intricate knots before he delivers the ball. When he cuts loose it's just too bad for the poor victim holding the bat. The fans last Sunday kept calling for a white ball so they could see it flash thru the air before it smashed into the glove of Kendrick's powerful catcher, Phil Types.

Last Sunday only two Troy men saw first base. One of these made the only hit for his team and the other walked after getting a bad one on the bean.

Troy had a good pitcher but enough hits were secured by Kendrick to tally eight runs.

Weather conditions were bad for baseball and many of the fans left before the game was over on account of the cold atmosphere. The game was called in the first of the eighth inning on account of rain.

Following are the high spots of the game in detail:

Table with columns: Name, Ab, R, H, SO, E. Rows include Kendrick, Boyd, T. Eichner, McCall, Types, Stevens, Blum, Kuliek, Glenn, Riggs.

Totals 39 9 9 6 0

Acid Soils Enemies of Vegetable Seeds

Lime and Fertilizer Should Be Used for Good Growth.

"Don't lose the crop for the lack of a little lime," is the timely advice given by Prof. A. W. Blair, soil chemist at the New Jersey experiment station, to vegetable growers who are making plans for their spring work.

That acid soil has been at least partly responsible for failures commonly attributed to poor seed, the lack of plant-food, or some other cause has been shown by experiments. The seeds of such crops as spinach, carrots, beets, lettuce, celery and cabbage are very much depressed in germination if the soil is strongly acid, and if they do finally germinate, the plants are apt to be stunted and die before they reach maturity.

The vegetable grower may well take a leaf from the notebook of the tobacco grower, who in preparing his seedbed for plants in the early spring, stakes out a small piece of ground on which he burns logs, brush and such materials in order to have plenty of lime and potash in the soil. The fact that he rarely fails in getting a fine lot of plants is proof of the value of his method.

Of course this method cannot be applied to a whole field, but lime and fertilizer may be used in sufficient amounts to bring the soil into proper condition for good germination and growth. The county agricultural agent and the experiment station are always ready to make soil tests and give advice on the amount of lime to be used.

Plan Amount of Manure Necessary for Garden

The amount of manure necessary for your garden will depend upon the condition of the soil. Poor, worn out soils will necessarily need more than rich, mellow soils. From 2 to 30 tons of manure an acre is generally very satisfactory. This means about a pound of manure to every square foot of garden space.

Humus may be added to the garden soil by planting what is known as a leguminous crop. Soy beans and vetch are excellent crops for this purpose. Such crops take nitrogen out of the air and store it in their roots. After these crops are plowed into the soil the nitrogen is said to be "fixed" and young growing plants can use it as they need it. This plan of putting humus into the soil is followed only between cropping times and cannot be successfully used to any great extent while your garden is in action. When green crops are thus plowed or spaded into the soil we call it green manuring.

Best Time to Commence Pruning Various Trees

When shall we start pruning? The old saying is, "Prune when the knife is sharp," which means that one time is as good as another. This particular saying is not entirely right. The pruning of apple trees can commence any time after the trees are dormant. Grapes should not be pruned until after a cold snap. After the thermometer has once dropped to about 15 degrees, the shriveled freeze-killed canes can easily be detected, and there will be little danger of leaving canes for next year's fruit which will be killed before spring. Peach pruning had best be left until spring, when it will be possible to check up on winter injury to fruit buds. If a heavy percentage of the buds are destined to be killed during the winter it would be folly to cut down the crop with pruning.

Farm Notes

More than \$33,000,000 worth of forest products were lost in the United States last year through forest fires.

Sweet clover may be seeded from early fall till March 1. It has the same range of planting date as oats.

Heating drinking water for the hens with coal or wood is much cheaper than letting them heat it with food.

Dry sand or ashes on the dropping board will keep the droppings from freezing to it, and make the cleaning an easier job.

Do not store seed corn in barrels or boxes. It will gather moisture and mold or freeze. Do not store over the laundry or over the stable.

Alfalfa should be a permanent crop on every farm. There is no other crop that will return as high as acre value for the labor expended upon it.

Drinking water given live stock in cold weather should be warmed slightly. Otherwise, the animals will not drink as much water as they should.

Basket Ball Program a Success

The program given Tuesday evening by the Girl's basket ball team proved a great success. The entertainment consisted of: A play, "The Smith Mystery"; a dance by eight girls; a play, "His Wife's First Husband"; a song, "Indian Love Call" and a dance and song, "It's a Precious Little Thing Called Love".

After the program, the following girls received the letters given to members of the squad: Helen Emmett, Doris Emery, Emma Glenn, Minnie Craig, Muriel Crocker, Bessie Blevins, Neva Ware and Eldwa Janes.

Girls Enjoy Outdoor Supper

Thursday evening a group of high school girls went on a weiner roast. From the school house the girls hiked to Jacob's Hole across from Foster's, where they roasted their weiners, and ate marshmallows, sandwiches, coffee, and cookies. After returning to Kendrick an hour or two was spent playing in the city park. All enjoyed an excellent time and are ready to take another hike soon.

Those who attended were: Muriel Crocker, Helen and Edna Emmett, Minnie Craig, Neva Ware, Edna Stanton, Emma Lou Wegner, Mae Freytag and Edna Lohman.

A Backward Infant

Recently the movies reached their twenty-first birthday, and they are just beginning to talk.

Card of Thanks

We wish to thank our friends and neighbors for their kindly assistance during the illness and after the death of our beloved husband and father; also for the beautiful floral offerings.

Mrs. Theresa Schultz, John A. Schultz and family, Chas. J. Schultz and family, Mrs. H. S. Hodges and family, Fred W. Schultz and family, Albert W. Schultz and family.

PRESBYTERIAN CHURCH

There will be regular services next Sunday as follows: Sunday school at 10 o'clock with a class for all ages. Come and find your place among us. Morning worship at 11 o'clock. Come and worship with us. Everybody invited.

N. E. Franklin, Pastor

Fifth and Sixth Grades

We are indeed glad to have those pupils back who have been absent for the last two weeks. All but two are back again.

The pupils of the fifth grade have completed their history work and have taken their final examinations in this subject. They are now taking an extra reading class at this period.

A series of examinations are being taken by the fifth grade geography class as the finals for this subject. A geography book entitled "Seeing America Through Mill and Factory" will be studied the last three weeks of school.

Last Tuesday the four upper grades had a "try out" for the track meet that will be held at Lapwai, Saturday. Those making the best showing in the different contests here hope to get to go to Lapwai, Saturday and take part in the County Track Meet.

Notice of Junior Prom

The Junior Prom which was postponed because of the ban on public meetings a couple of weeks ago, will be given Saturday, May 4, at the gymnasium, beginning at eight o'clock. To all those who were invited at that time, we again extend a cordial invitation.

Marjory: "Oh, Claude, you are so slow."
Claude: "I—er—I'm afraid I don't grasp you."
Marjory: "Yes, that's just it."

District Contest at Spokane

This morning two of our typing students, Lillian Long and Doris Emery took part in the district contest held at the Spokane Business College, Spokane. They were accompanied by Bessie Blevins.

In this contest they competed with other schools of northern Idaho for district honors. The papers that receive the awards here will be sent to the state. The winners of the first year typing will be the guests of the Underwood Typewriting Company at the International Typewriting Contest at Toronto, Canada, in August.

Chuckler

Mrs. Jarvis: "Words ending in 'ous' mean full of"; as joyous means full of joy and vigorous means full of vigor. Now give me an example of such a word."

Bob Fry: "Pious".

Take 1st and 2nd at Moscow

The students who went to Moscow were Doris Emery, typing II; Lillian Long, Eleanor Herres and Marjory Davidson, typing I. Doris Emery won first place for speed and third place for accuracy and Lillian Long was awarded second place for speed, missing the first place by having three-tenths of a word less than the winner of the first place.

America Leads Nations in Aircraft Production

Washington.—The United States led all other nations in production of aircraft during 1928, according to figures made public by the Department of Commerce.

Great Britain, however, and probably France, led the United States in export of aeronautic products; the report disclosed.

Aircraft production in the United States conservatively was estimated at 4,000, whereas, according to reliable estimates, the report said, France produced 1,440, Italy 475, Germany 300, and Switzerland 25.

Aeronautical exports from this country last year totaled \$3,714,429, or virtually equal to the total aircraft exports from the United States in the three preceding years. Great Britain's aeronautic exports totaled \$7,434,700, as against \$3,292,540 in 1927.

The total of aeronautic exports from France has not been reported but it is believed to have exceeded the total of \$2,000,000 for 1927.

Excavation Rich in Geology Finds

Camden, N. J.—A common place excavation for the new city hall here has developed in to an interesting center of prehistoric geological investigation.

Workmen at 70 feet below street level found the remains of a strange hut, and soon excavated more than 100 logs that were in the first stage of petrification.

Dr. Lewis Pilcher, geology professor at the University of Pennsylvania, investigated and said that the trees grow in the mud after the waters of the glacial era receded over territory that is now southeastern Pennsylvania and New Jersey. He claims that the shore line of America at this point during the glacial era was somewhere near Bryn Mawr, Penn.

ANCIENT ROCKS GIVE UP PEARLS
Found in 25,000,000-Year-Old Fossils.
Berkeley, Calif.—Final verification has just been made of the fact that ten pearl-like fossils found by geologists of the University of California recently in rocks laid down about 25,000,000 years ago, are real pearls, conforming in structure with the modern variety, and having as their source mollusks related to the present so-called pearl oyster.
The pearls were found by Prof. N. E. A. Hinds and R. D. Russell, graduate student of the department of geology at Berkeley. They were uncovered while the university men were searching for fossils of the cretaceous period in the banks of Oak Run Creek, five miles northeast of Millville, and twenty miles from Redding, Calif.
In spite of their 25,000,000-year burial from the time when dinosaurs

were making their last stand on earth, winged dragons or pterosauria were flying over the land, and birds that were half reptile were swimming in the sea, the pearls still maintained a little of their luster, and mollusk shells in which they may have been formed are clearly recognizable in the surrounding rock.
In order to check the first supposition that the formations were pearls, Russell ground one to powder and sectioned another for examination under the microscope. The mollusk that probably formed the pearls is known as the Inoceramus, a distant relation of the present-day pearl-forming mollusks, which are incorrectly called oysters.
Russell explains that mention of such finds is extremely rare in geological literature. Some years ago one was reported from England, from the same mollusk and the same period in the earth's history. One also was found by Stanford geologists in the lower Sacramento valley, though it is representative of a later period. One other has been reported from Texas.

In size the pearls found by the University of California men vary in size from three-sixteenths to five-sixteenths of an inch in diameter. The shell of the mollusk found on the spot was originally about nine inches and six inches across.
May Be Brilliant Success
Don't call a man a failure unless you know what he was trying to do. Maybe his ambition was to get by without working. — San Francisco Chronicle.
No Choice in Duties
Can man or woman choose duties? No more than they can choose their birthplace, or their father or mother. — George Elliot.
Freshman Is Heavy
Boston.—Northeastern this year boasts the largest freshman class ever to enter the school—also the largest freshman. The obese gentleman is Eugene Rock of Malden, who weighs 310 pounds and stands 6 feet 6 inches in his stocking feet.

GAMBLERS PREY ON SEA TOURISTS
Atlantic Liners Are Plagued by Card Sharppers.
London.—With more American tourists visiting Europe than ever before, the Atlantic liners are being plagued more and more by the professional gambler.
Acting in conjunction with the British and American police, and with the steamship officials afloat, the French authorities have contrived to make at least one haul, and some prominent gamblers now find themselves debarred from obtaining a ticket from any of the big steamship companies.
This card sharper trouble is one of the greatest of all that beset the paths of the steamship companies. They do all that they possibly can to check it, but there is a difficulty at every turn.
It is no offense to play cards on board ship, and it is no offense to play poker just a little better than one's opponents, so that the ship's officers have to be very certain that there is actual cheating going on before they can take any legal action.
Every passenger is warned against playing cards for money with chance acquaintances, or indulging in high stakes with anybody. Yet there are many who will not be advised and who resent any interference with their liberty, particularly any suggestion that they are not well able to look after themselves.
Gentlemen of the "profession" are generally well primed with good stories and have all the knowledge of the world which delights the tyro at traveling.
So the lines are always working at a disadvantage in their efforts to protect those who will not take advice, and occasionally it is necessary to resort to unorthodox means to circumvent the gamblers.
There is one story concerning a famous western ocean officer who was a remarkably clever conjurer. He saw perfectly well how two rich young passengers were being plucked, but had not the legal proof necessary to take official action. So he took a hand in the game, and won back for the two youngsters every penny that they had lost with a little over for seamen's charities.

DUMBBELL CLUB IS FORMED BY FLYERS
Army Officers Organize Select Fraternity.
San Antonio, Texas.—Kelly field here now has a select fraternity rivaling the famous Flying Jackass club of Wright field. It is called the Dumbbell club, and, like the other organization, has a membership limited to officers who distinguished themselves by some prize bit of bone-head flying.
"When an air corps officer has performed some feat like hitting a mule in the vast reaches of Kelly field, taking off for Dallas due north in the morning and landing at dusk 60 miles southeast of Kelly, out of gas, or falling out of an airplane at 1,100 feet for no good reason, his deeds must not go unsung. He is elected to the Dumbbell club and made custodian of the sacred banner, the dumbbell flag."
"He inscribes his name on the banner in the presence of all officers of Kelly field and remains custodian of the banner until some other officer is so fortunate as to become a member.
Photographs and Record.
A book, containing photographs and a complete and true account of the circumstances which led up to each officers' initiation is now being compiled. The last citation follows:
"We meet on this auspicious occasion to do honor to a brother officer, a man who has distinguished himself far above all expectations. We are here today, gentlemen, to bestow upon him the highest honor that Kelly field can give—an honor next only in importance to the Congressional Medal of Honor and the Distinguished Service Cross. Before making this esteemed award it will be necessary to review the facts and circumstances that caused the committee on awards to bestow this honor.
"On the bright and sunny day of October 28, 1923, in his trusted DH, this intrepid air corps officer was cruising about the ozone of Kelly field when, feeling a little frisky and being a quick-thinking pilot, he decided to engage in a little combat work. As it was during the noon hour he could find no planes in the air to frolic with. He cast his eye about the sky and terrain for a suitable prey for his pent-up enthusiasm. His attention was finally attracted to a two mule powered single plane grass attacker piloted by an Ethiopian field officer, which was flying at a very low altitude and at a very uncertain speed in the vicinity of the Forty-third squadron air-drome.
Mule Kicks Plane.
"Our brave hero licked his chops and, turning to his mechanic, said: 'Watch me down the quartermaster air force!' Pushing his throttle forward, he made one of those terrific dives so common to the quick thinking brigade. The Ethiopian pilot, seeing that he was being attacked from his right flank and being sadly out-classed, took to his parachute. However, one of the mule powers of the motor seeing that escape was impossible decided to put up as good a fight as possible. He elevated his tail to an angle of 45 degrees, brought back the bolts of his rear guns and as the DH got within range let fly, hitting the DH in a vital spot causing it to career over on its side and fall to the ground a mass of flames.
"Fortunately the hero who risked his life beyond all call of duty, who was so enthralled with the desire to give his corps the supremacy of the air-drome and who, without thought of personal safety, engaged an enemy far superior to him in equipment, escaped the fray with only bruises and burns and has now completely recovered and is with us today."

WHY BOTHER
With the Old Messy Cookstove?
It Causes You Lots of Worry and Several Hours of Hard Work Every Day, Which is Unnecessary

The modern home is equipped with an electric range and electric water heater. Nothing to worry about and the labor of cooking and preparing meals, is gone forever. The kitchen is as spic and span as the other rooms in the home—the housewife has lots of spare time.
Cooking electrically is a pleasure. Just ask your neighbor who has an electric range—she will tell you that she would not exchange her electric range for all of the coal and wood cookstoves in town. She could not get along without her servant—the electric range. It works for her and it does not cost her a red cent extra.

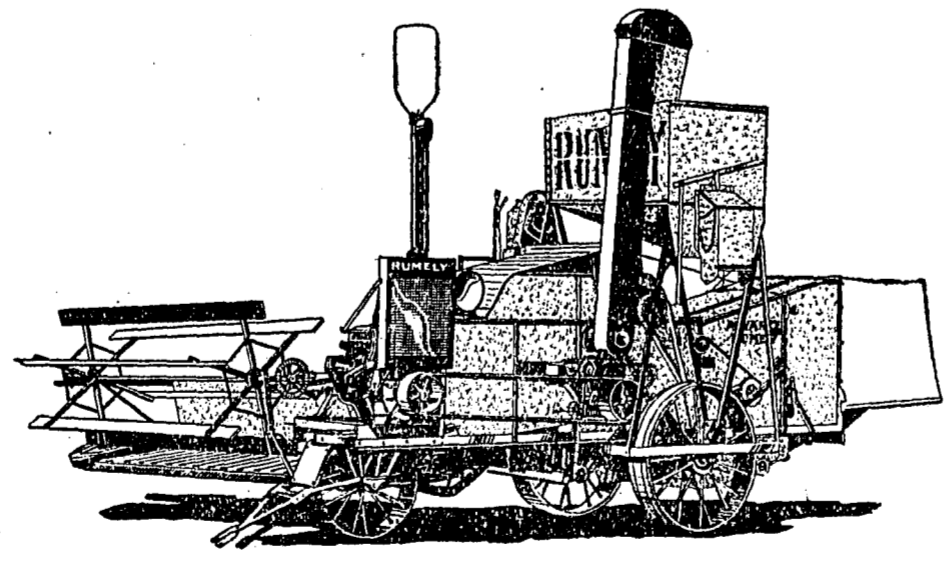

Your home can be modernized now at a saving. Our Special Sale of Westinghouse Electric Ranges will continue for a short time only. Just pay \$9.75 down and we will install one of the Full Automatic Westinghouse Electric Ranges in your home and we will give you FREE a Westinghouse Clix-on automatic water heater control. Everything installed complete, ready to operate. Call today.

Washington Water Power Co.
Your Electric Service Company

Lindbergh Has Sister
Living in Minnesota
St. Paul, Minn.—Now, at last, the secret's out. Col. Charles Lindbergh has a sister!
In the little one-street town of Red Lake Falls, Minn., Mrs. Eva Lindbergh Christie, half-sister of the famous flyer, lives happily with her husband, George West Christie, editor of the town's one newspaper, and her two children.
There's not a person living in Red Lake Falls, a town of 2,000 citizens, who doesn't know the comely little wife of the editor of the Red Lake Falls is a sister of the illustrious colonel.
But outside of the town few have ever heard of Mrs. Eva Lindbergh Christie. Few even suspected Colonel Lindbergh had a sister. The reason for the secret is that Mrs. Christie is extremely modest and fears publicity.
"You see, it's this way," she explains. "My mother was Mary Lafond. She died when I was only five years old, and father married again. Charlie was born of that second marriage. Charlie and I were children together in Little Falls, Minn., but we became separated when I went to college. Then I became a schoolteacher and was married to Mr. Christie.
"Charlie and I were together about five years ago when father died, and then we separated, and until he came to Minneapolis after his Paris flight I didn't see him. But we did have a nice reunion in Minneapolis. I'm glad Charlie's doing so well and I hope when he gets married he will bring his bride here to visit us."

Lost Diamond Ring
Is Found in Pretzel
Sandusky, Ohio.—Edward Sprau, local grocer, has good reason to believe he was born under a lucky star. For years Sprau wore a valuable diamond ring. One day he noticed it was gone from his finger. All efforts to recover the ring were futile.
Sprau's son, Edwin, called on his girl friend one night. The young lady's mother passed a bag of pretzels around the guests. One of the girls present put her hand in the bag for a pretzel but withdrew a diamond ring instead. It belonged to the elder Sprau.
Wedding in Doubt, but O. K'd by Legislature
New Britain, Conn.—Mr. and Mrs. Staunton E. Ashley are on their honeymoon, safely married—through an act of the state legislature. After Ashley and his bride, the former Miss Elva McKirdy, left on their honeymoon their parents discovered the Shuttle Meadow country club, where the marriage took place, was over Bristol boundary line. The license, obtained in New Britain, would not have been recognized in Bristol. They immediately appealed to the legislature, which passed a special act validating the marriage.

Collegians Seek Jobs in Paraguayan Army
Asuncion, Paraguay.—Letters from United States college students volunteering to fight for Paraguay against Bolivia were received by President Guggiari long after the Chaco quarrel had quieted down.
One from the University of Texas, Austin, said that Ernest Joseph desired to "come to the aid" of Paraguay with 200 companions, all with military training.
A letter from Comanche, Texas, offered the help of James Madison, who said he was an aviator and wished to volunteer with two companions, sergeants and machine gunners. Similar letters were received by Bolivian authorities from Americans eager to see a fight in the swampy, mosquito-infested Chaco.
Skeletons of Women Found in Old Church
Berlin.—In the course of renovating the "Klosterkirche," the oldest church of Berlin, the workmen, under their ecclesiastical expert, Doctor Steinhilber, discovered a subterranean tomb filled with 18 skeletons of women that were identified as remains of the Eighteenth century. The skeletons were exhumed and buried elsewhere.
Within the last two centuries, the "Klosterkirche" built during the latter part of the Thirteenth century, has repeatedly proved a treasure trove for historical relics.
Natural Refrigerator
Tromdale, Wash.—A lava dome 2,000,000 years old is used by farmers here as a natural cold storage plant. The temperature remains from 37 to 41 degrees the year round.

New Rumley No. 3 Hillside Combine.
A small combine for the hills, light, simple and sturdy. Compact well balanced, light in weight. The new Rumley No. 3 Hillside Combine meets the demand for a small harvester in hilly country. Every inch a real combine with a 23-inch cylinder and 30-inch wide and 95-inch long straw rack.
We have one of these combines in Juliaetta. 48 sold in Whitman county already this season.

MEXICO IS DUE FOR NEW FORTUNE HUNTS

Every Revolution Has Own Special Stories.

Eagle Pass, Texas.—It will soon be time for new stories of buried money and treasure of fabulous value to come out of Mexico. Following each of the previous revolutions tall tales of this kind have been told and many are the expeditions that have gone forth in futile search for the hidden wealth. It has long been the practice of rebel leaders to take advantage of war-time conditions and confiscate bank funds wherever they could be found. The present revolution is no exception to this old established custom. From the banks of Monterey, Saltillo, Durango and Torreon, money which was said to belong to the federal and state governments, aggregating approximately \$1,500,000, has been taken by the different rebel army leaders.

In each instance the army officers gave their personal memorandum that the funds had been taken and would be repaid when the new regime got into power. It is from money obtained in this manner that the soldiers of the rebel armies are daily paid. It was stated by arrivals here from Torreon that during the time the revolutionists occupied that city the privates were lined up each morning while the paymaster handed to each man one and one-half pesos, equivalent to 75 cents American money.

Carry Cash Along.
The cash is carried along with the fighting contingents in big motor trucks. If by any chance the rebels are defeated, the custodian or the funds make a wild drive for some remote spot where the wealth is buried to await a propitious time for its recovery.

One of the most striking stories of buried treasure in Mexico relates to the fortune which Francisco Villa is asserted to have concealed in some remote spot in the Sierra Madres. Villa made a number of large hauls from banks, stores and private individuals from time to time. In the city of Chihuahua he found \$500,000 of gold coins concealed in one of the hollow pillars in the vestibule of the Banco de Mineral and he carried the money off into the mountains. During the brief time that he and Emiliano Zapata, the Morelos bandit, were in joint control of Mexico City, they were said to have depleted the national treasury of more than \$2,000,000. The treasures of several states were also looted by Villa.

Acquired Big Roll.
At the time he was assassinated it was estimated by several of his intimate associates that he had accumulated a fortune of more than \$6,000,000 during his banditry and rebel activities. This wealth, according to current belief, was buried in the mountains about two days' mule-back ride to the west of Parral, state of Chihuahua. The hidden hoard, it was said, was drawn upon secretly by Villa on several occasions after he settled down upon the big ranch in the state of Durango which the federal government had given him as a peace offering. Following Villa's death, an expedition was outfitted at Parral and spent several weeks searching for the fortune, but it was never located. From time to time since then other searches have been made for the treasure, but all of them failed.

Manly rebel leaders and bandit chiefs of lesser notoriety are credited with having buried their loot in various places, from one end of the country to the other, and these stories have been the cause of many treasure hunts.

Boy Babies Shown to Be Weaker Than Sisters

Washington.—Despite the general belief that the male constitution is inherently stronger than the female, girl babies have a 30 per cent better chance of living than have boys, the Labor department's children's bureau has found.

More boys than girls are born each year in the United States registration area, but for every 100 female infant deaths there are 130 male mortalities among children under one year old, it was found.

The boy's greater need of sunlight accounts for this difference in death rates, it was said. Males, deprived of the sun's beneficial rays, soon develop such diseases as rickets and tetanus. Girls are said to have a higher resistance to these maladies. Artificial sunlight, it is believed by the bureau, "is strongly indicated as a method of reducing the present mortality sex ratio."

Stonehenge Will Be Preserved by British

London.—Stonehenge, ancient monument of man's worship during the late Stone age, is to be preserved for future generations.

The huge stone monuments, set in the shape of a horseshoe on Salisbury Plains, had been threatened by a bungalow-building operation. Altogether 1,444 acres have been purchased around the lonely plateau at a cost of about \$155,000, subscribed by the general public.

At present there is a barbed-wire fence around the site and an admission fee is charged visitors. It is expected the fence will be removed and the site opened to the public free.

"GHOSTLY" CHORDS STARTLE FAMILY

Mysterious Notes Come From Piano at Night.

Nottingham, England.—Eerie chords struck from an unattended piano in the dead of night have nearly succeeded in convincing the skeptical Eason family of Cottesmore road, Nottingham, that there are such things as ghosts.

Recently after Mrs. Arthur Eason, who is seventy-six years old, and her three daughters had retired for the night they were startled to hear chords struck on the piano downstairs, and simultaneously heard sounds as if furniture was being moved about.

Describing her spooky experience Miss Alice Eason, one of the daughters, told a reporter:

"We had been in bed about half an hour when we heard a chord struck on the piano, immediately followed by the whining and scratching of Tony, our little fox terrier, who sleeps in the front room.

"Then to our alarm two more chords were struck.

"I was too scared to move, but one of my sisters went down to investigate. The room was empty, but the dog was trembling visibly."

According to Mrs. Eason the notes heard were similar to those which used to be played by her blind brother, who died two years ago, and who was for many years organist at the local Wesleyan church.

"I'm not psychic, and I don't believe in ghosts," said Mrs. Eason. "I was certain that the sounds had been caused by some practical joker, and the next day I set out to find who had broken into our house and played the piano. I was confronted first with the fact that all the windows and the doors were locked tight. Searching inquiry among neighbors failed to shed any light on the occurrence.

"Subsequently we have heard sounds at night as though of furniture being moved about downstairs, and once a blind suddenly flew up with no one near it.

"No, I still don't believe in ghosts, but all the same I am beginning to wonder."

First False Teeth Worn by Woman of 300 B. C.

Santa Monica, Calif.—The first false teeth, so far as we know today, were worn by a woman of Sidon in Phoenicia about 300 B. C., according to Dr. Roy L. Moodle, well-known anatomist.

The Phoenician woman's jaw, with the false teeth, is preserved in the Louvre, in Paris. The two right incisors are represented by artificial teeth, held in place and bound to each other by gold wire. The wire has been drawn through careful perforations in the artificial teeth.

Although the Egyptians pioneered in treatment of many diseased conditions of the body, this sort of dental replacement apparently was never devised by Egyptian physicians. Thousands of mummies, representing 7,000 years of life in Egypt, have been examined but no clear evidence of such repair work has ever been found. It appears that we not only owe our alphabet and numerous geographic discoveries to the restless, inquiring minds of the Phoenicians, Doctor Moodle points out, but also we are indebted to them for this entrance into prosthetics, which is a particularly valuable field of dentistry.

Sidewalk Artist Copies Work of "Old Masters"

London.—Persons coming out of Burlington House, Piccadilly, where the \$15,000,000 exhibition of Dutch paintings is in progress, have been amazed to see beautiful copies of some of the principal exhibits painted

in the street pavement nearby. The street artist, who refused to reveal his name, has surprised experts by his ability, and it has been learned that he at one time exhibited in the Paris salon and showed signs of becoming an eminently successful artist.

Tiny Golf Bag Manicure Sets Latest Paris Fad

Paris.—Tiny golf bags for manicure sets are among the latest novelties for Parisian women, who pride themselves on the charm of their dainty fingers. The imitation golf sticks which perk their small metal heads from the little sack, when pulled out, prove to be file, orange stick, clipper, miniature scissors and other similar accessories.

Radio Waves Mix Texts of 3 Speakers

Concordia, Kan.—Three stations on the same wave length resulted in the following statements on a radio here:

"The Old Testament tells us that baby chicks should detour one mile south of Salina and listen to the word of the prophets. After passing through Leavenworth, turn north to Jericho. A bond issue is being talked of in the Holy City."

The radio fan discovered that one radiocaster was a minister, one a man giving condition of the roads, and the other a lecturer on poultry.

KNIFE LOST IN WAR RETURNED TO OWNER

Veteran Recovers Souvenir After Ten Years.

Cedar Rapids, Iowa.—"Returned to owner after ten years by Curtis E. Richardson, assistant cashier, Hammond, La. Best wishes!"

These few words written on a small business card and attached to the hilt of a hunting knife were received by Dr. F. J. Naibert recently, and thereby hangs a tale.

It all happened in the A. E. F. First division battle sector in France in March of 1918. While directing the destinies of American raiding parties, First Lieut. F. J. Naibert was wounded and was sent back to the hospital. At the same time he lost a prized hunting knife used as a trench knife. He mourned its loss along with that of several medals won in state and interstate shooting matches. But the knife was apparently lost forever and Doctor Naibert had forgotten the incident.

But after more than a decade Doctor Naibert's blade has come back to his hands again after a series of epic adventures. Mr. Richardson, who was a first lieutenant in the field artillery of the First division at that time, had found the knife at a town known as Treveray and had held it for more than ten years before he found the owner.

Letter Tells Story.
On March 6, Doctor Naibert received the following letter from Mr. Richardson:

"It may surprise you to receive this letter but I feel it will be a pleasant one if you are the man I am looking for. During the war I was stationed in a town called Treveray in the department of Meuse, France, for some time, and while there I found a hunting knife with your name on it, which was being shipped to Dijon with a quantity of salvaged supplies. I have had this knife in my possession ever since and have used it every year in my deer hunting expeditions. I suppose I have skinned 20 or 25 deer with it, but I have decided to try and locate the owner and return it to him for a souvenir."
The letter went on to explain some

of the writer's experiences in France and closed with a request to notify him if Doctor Naibert was the rightful owner. Mr. Richardson had written a letter to the War department requesting Doctor Naibert's address and the letter was forwarded to Doctor Naibert, who immediately communicated with Mr. Richardson and the above letter was received. Doctor Naibert wrote immediately and acknowledged ownership of the knife.

A few days later he received the weapon still encased in its leather sheath bearing his name and a letter, parts of which follow:

"So you are the owner of that knife after all. Well! Well! I'm glad they didn't list you as missing or words to that effect.

"I wish that I could give you more information regarding your medals, but I am afraid that all I can give will be a clew for you to make the most of. Here is the whole story:

Tells His Story.

"In late March of 1918, I was just out of the hospital with the mumps and they needed some one to go up in what is known as the First Divisional area and look after affairs between the A. E. F. and the French.

"I found all that stuff belonging to the First Division stored all over the country, and I didn't see how they were going to use it again, but I was ordered by G. H. Q. to see that it was all properly reissued. A Lieutenant Stevens of the Q. M. C. was sent in to do the salvage work.

"He brought in about ten or twelve men with him, and then the dirty work started. He tore everything apart, clothing, barracks, bags, trunks, lockers, desks, and all that stuff the First Division had stored in the section. I think that there were a good many cars of material sent to Dijon and a lot more sent to Is-Sur-Tille. I naturally saw a lot of this work going on and have a faint recollection of Stevens talking about medals and such personal property of the officers, but of course I had nothing direct to do with it, and I am not sure.

"You should have seen some of the stuff that those birds had in their barracks bags. Talk about your souvenirs. I saw more trash that was destroyed than I thought could be saved up by an entire army. I remember that there was a barrel of .45 automatics that had never been issued, and the entire army was looking around for them. There were field glasses, compasses and instruments of all kinds. I suppose that your medals went with the bunch."

Mr. Richardson returned home and a short time ago decided to find the owner of the knife. Now, with high hopes, Doctor Naibert is starting a quest by mail and otherwise for Lieutenant Stevens in an attempt to locate his missing shooting contest medals!

California Scientist Backs Boy's Ability

Berkeley, Calif.—Until now scientists have believed that subnormal boys outnumbered subnormal girls. Prof. Olga Bridgman, psychologist and pediatrician at the University of California medical school, has found the opposite to be true. She has completed an intelligence survey of 3,675 boys and girls of subnormal intelligence, ranging between dullness and idleness, the results of which were announced recently.

Act to Remove U. S. War Dead from Russ Soil

Kansas City, Kan.—Bodies of American war dead buried in northern Russia and Siberia are to be removed to the United States as soon as the graves are located, it was announced by Eugene P. Carver, Jr., commander in chief of the Veterans of Foreign Wars. Mr. Carver said the Russian people's commissariat for foreign affairs has agreed to co-operate with the veterans' organization in locating the graves and removing the bodies, which are those of soldiers who fell on the Eastern front in the World war.

NOTICE OF ADMINISTRATOR'S SALE OF REAL ESTATE

In the Probate Court of Latah County, State of Idaho.

In the matter of the Estate of Columbus N. Clark, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned Administrator of the estate of Columbus N. Clark, deceased, will on Monday, the 27th day of May, 1929, at 11 o'clock A. M. of said day in the office of A. H. Oversmith, at Moscow, Latah County, State of Idaho, sell at public auction all of the right, title and interest that the said Columbus N. Clark had in and to the hereinafter described premises at the time of his death, and also all of the right, title and interest which the estate of the said decedent has acquired by operation of law or otherwise in and to the following described premises situated in Latah County, State of Idaho, to-wit:-

The East Half (E 1/2) of the Northeast Quarter (NE 1/4) and the East Half (E 1/2) of the West Half (W 1/2) of the Northeast Quarter (NE 1/4) of Section Eight (8), in Township Thirty-seven (37) North, Range Three (3), West of Boise Meridian; also a strip of land one rod wide beginning at the Northwest corner of the above described tract and running west 40 rods to the Quarter Stake of said section.

Also the Northeast Quarter (NE 1/4) of Section Twenty-six (26) in Township Thirty-eight (38), North, Range Four (4), West of Boise Meridian.

NOTICE IS FURTHER GIVEN that such sale will be made subject to the lease on the above described real estate expiring on October 1, 1929, and that ten per cent (10%) of the sale price shall be paid by the purchaser on the date of sale and the balance shall be paid upon the confirmation of the sale by the above entitled Court.

Dated and signed at Juliaetta, Idaho, on this 1st day of May, 1929.

A. W. BEHRENS,
Administrator of the estate of Columbus N. Clark, deceased. 18-4

Speeds Up

Stenographers desiring to increase their speed in shorthand find that taking down radio sermons or talks is a good way to do it.

Notice of Sale of Real Estate by Latah County for Monday, June 10th, 1929.

Notice is, Hereby Given That in under and by virtue of an order of sale and resolution made by the Board of County Commissioners of Latah County, Idaho, on Wednesday, April 10th, 1929, the hereinafter described lots, pieces and parcels of land situated in the County of Latah and State of Idaho, will be sold or offered for sale, by the sheriff of said County, at public auction, at the front door of the county courthouse, in Moscow, Latah County, Idaho, on Monday, June 10th, 1929, at 2:30 o'clock P. M. of said day, or at such time or on the day to which the sale may be postponed or adjourned, to the highest and best bidders for cash, or such terms as the Board of County Commissioners may determine, which property is held by Latah County, under and by virtue of tax deeds, and is known and described as follows, to-wit:

Lot Two (2), Block (4), Old Town of Genesee in Section Thirteen (13), Township Thirty-seven (37) North, Range Five (5) West of the Boise Meridian, in Northeast Quarter of the Southwest Quarter, assessed to L. H. NICHOLS.

Northwest Quarter of the Southwest Quarter (NW 1/4 SW 1/4) less East 90 feet, of Section Three (3); Northeast Quarter of the Southeast Quarter (NE 1/4 SE 1/4), Northwest Quarter of the Southeast Quarter (NW 1/4 SE 1/4) and the Southwest Quarter of the Southeast Quarter (SW 1/4 SE 1/4) of Section Four (4), Township Thirty-nine (39) North, Range One (1) East of the Boise Meridian, assessed to O'NEAL-IRWIN CO.

Dated at Moscow, Idaho, this 10th day of April, A. D. 1929.

HARRY A. THATCHER,
Clerk of the Board of County Commissioners, Latah County, Idaho. 16-6

Call For Bids For Crushing And Hauling Rock

Sealed bids and proposals will be received by the undersigned good road district at the office of the clerk of the Board of Commissioners at the Bank of Juliaetta, Juliaetta, Idaho, at any time prior to the hour of nine o'clock A. M. on the eighteenth day of May, 1929, for crushing, hauling and delivering approximately four thousand yards of rock. Approximately three thousand yards thereof not to exceed one and one-half inches in diameter and approximately one thousand yards thereof not to exceed three-fourths inch in diameter. All of said rock to be hauled and delivered at such points on the highways hereinafter mentioned as shall be designated by any duly and regularly authorized officer, agent, or employee of the undersigned good road district. Said highways being more particularly described as follows, to-wit:

Commencing at the western boundary line of Juliaetta, Latah County, State of Idaho, extending thence in a westerly direction along the main highway for a distance of approximately four miles.

Also, commencing at the southern boundary line of said town of Juliaetta, extending thence in a southerly direction on the main highway to Lewiston for a distance of approximately one mile.

Also, commencing at the north end of main street in the town of Juliaetta as now existing, thence northeasterly on the Kendrick highway for a distance of one mile.

The undersigned good road district undertakes and agrees to furnish a crusher site as heretofore designated.

All bids shall be in writing, and must be accompanied by a certified check or cashiers check in a sum equal to five per cent of said bid, payable to the order of the undersigned highway district to be held by it as a guaranty of good faith pending the completion of any contract based upon the acceptance of said bid.

Any contract made pursuant to this notice shall be accompanied by a bond as required by law, and the successful bidder shall be required to carry Industrial Accident Insurance as provided by statute.

The Board of Commissioners hereby reserve the right to reject any and all bids received pursuant to this notice, or to accept any bid or proposal which it may deem for the best interest of the district.

Inquiry concerning further particulars may be made at the office of the Clerk of the Board of Commissioners above mentioned.

Dated this twenty-third day of April, 1929.

GOOD ROAD DISTRICT NO. 2, OF LATAH COUNTY, IDAHO.

By R. H. Hall,
S. S. Taber,
J. Whalen,

SHERIFF'S SALE

Notice of Sheriff's Sale of Real Estate Under Execution.

C. I. T. Corporation, a corporation, Plaintiff

vs.
Carl Sparber and Frederick Sparber, Defendants.

BY VIRTUE OF AN EXECUTION, issued out of the District Court, Second Judicial District, in and for the County of Latah, wherein C. I. T. Corporation, a corporation, were Plaintiffs and Carl Sparber and Frederick Sparber were Defendants, upon a judgment rendered the 19th day of March, 1929, for the sum of Two Hundred Forty-one and 41-100 Dollars in U. S. gold coin besides interest and costs, I have this day levied upon all right, title, claim and interest of said defendants, Carl Sparber and Frederick Sparber, of, in and to, the following described real estate, to-wit:

That part of the Southwest quarter (SW 1/4) of the Southeast quarter (SE 1/4) of Section Twenty-three (23), Township Thirty-eight (38) North, Range Three (3) W. B. M., lying West of Brady Gulch Road, situate in Latah County, State of Idaho.

Public Notice is hereby given that I will on Monday, the 6th day of May A. D. 1929, at 10 o'clock A. M., of that day in front of the Court-house door, in Moscow, Latah County, Idaho, sell at public auction, for the United States gold coin, all the right, title, claim and interest of said defendants, Carl Sparber and Frederick Sparber, of, in and to the above described property or so much thereof as may be necessary to raise sufficient amount to satisfy said judgment, with interest and costs, etc., to the highest and best bidders.

Dated this 8th day of April, 1929.

CHARLIE SUMMERFIELD,
Sheriff of Latah County, Idaho,
By Geo. K. Moody, Deputy. 15-4

Cows confined for long in the barn are apt to have dirty hind quarters if not cared for. Clipping the long hair from the parts and the udder helps lots.

Plenty of water must be used in putting up stover silage, since the fodder itself is perfectly dry. While such silage is hardly comparable to ordinary silage, it is far more palatable and nutritious and much less wasteful than feeding it dry.

Red Squill Rat Poison Harmless

Tests Fail to Show Injury to Poultry From Eating the Powder.

(Prepared by the United States Department of Agriculture.)

The control of rats in poultry establishments is usually of great importance, as the abundance of feed in poultry runs almost invariably attracts large numbers of rats, which cause serious losses among the chickens. The question is at times raised as to whether or not red squill, the rat poison now becoming commonly used in such cases, is harmful to the poultry.

Number of Tests Made. A number of tests have been made in the laboratory and in the field by the biological survey of the United States Department of Agriculture and others to determine the effect of red squill on adult chickens, and up to the present time no record of adult poultry harmed with squill has been received. These tests included in one case two hens fed on a 10 per cent concentration of red-squill rat bait to the exclusion of all other food for a period of six weeks, without apparent injury.

No experiments, however, had been made to determine the effect of red squill on baby chicks until a recent investigation conducted by a member of the biological survey staff in co-operation with the North Carolina State college experiment station. In a series of feeding tests baby chicks from five to eighteen days old were fed varying quantities of 10 per cent powdered red squill mixed with a standard chick-feed formula.

Chicks Dislike Squill. In all experiments chicks showed a distinct preference for feed that did not contain squill powder. It was found that chicks are not likely to eat enough feed composed of 10 per cent squill in one, two, or three feedings to cause death, even when given to the exclusion of other feed, and that a high mortality is not likely to occur when squill feed is exposed to vigorous chicks for five consecutive days.

When other palatable feed is obtainable. Some chicks show a distinct dislike for red-squill powder, and since it is not highly toxic to them, it may be used with safety as a rat poison in places accessible to chicks if they are well supplied by other more palatable feed and care is taken to prevent them from feeding on squill feed for more than 48 hours.

Milk Solids Favored for All Kinds of Fowl

Skim milk solids are fundamental in the poultry rations recommended by Massachusetts Agricultural college in Extension Leaflet No. 6. Laying mash formula is: 100 pounds bran, 100 pounds middlings, 200 pounds yellow corn meal, 100 pounds ground oats, 50 pounds meat scrap, 25 pounds "powdered milk," 25 pounds alfalfa leaf meal, 5 pounds fine salt, 25 pounds steamed bone meal; and the grain formula is 100 pounds each of cracked corn, whole corn, wheat, or barley and oats. In addition the leaflet recommends: "Feed skim milk whenever available. . . . When all the skim milk the bird will consume is available, meat scrap need not be fed." For chicks, the laying mash with an additional 25 pounds of dry skim milk is recommended, together with chick grain, 200 pounds fine cracked corn, and 100 pounds cracked wheat. Milk solids in the laying mash amount to 4 per cent; in the chick mash to 8 per cent.

Sprouted Oats Needed by the Laying Hens

"Sprouted oats for laying hens," is a formula that should be in every poultryman's feeding guide, says G. L. Stevenson, of the South Dakota State college. It's not very expensive either. However, it does require a warm room or basement.

Equipment needed for sprouting oats may be homemade. The boxes should be shallow, not over three or four inches deep. In preparing the oats for sprouting, it should be soaked overnight in a bucket or tub. A few drops of formaldehyde added to the water in which the oats is soaked will prevent mold from developing. Moldy grain is often fatal to poultry.

After the oats has been soaked and drained it may be spread out in the boxes and kept in a warm room or in a heated sprouting device. In a few days when the oats sprouts have attained a length of two or three inches, they will be ready for feeding.

Broody Hen Care

When several broody hens are sitting in coops close against one another, it may save much potential trouble if each bird is tethered by a long, thin cord from one leg to her nest-box. This will insure that, after her spell off duty, she joins her own nest and not a neighbor's, as she is otherwise liable to do. A hen may settle down for a short time on a strange nest, but soon she finds out her mistake, jumps up, and so allows the eggs to be chilled.

LOCAL NEWS

Mr. and Mrs. Philip Asplund and family of Troy spent Sunday at the home of Mrs. Asplund's parents, Mr. and Mrs. E. H. Dammarell.

W. R. Smith of Southwick is driving a new Ford roadster which he purchased the first of the week.

Mr. and Mrs. Kester Dammarell and family of Reubens visited relatives in Kendrick last Sunday.

Mr. and Mrs. W. J. Carroll and little daughter spent the week end with friends in Lewiston, returning Monday morning.

R. F. Bigham returned home the first of the week from Fernwood, where he spent the winter with his daughter, Mrs. Harris Benscoter. He has practically recovered from the paralytic stroke which he suffered the early part of the winter.

Mr. and Mrs. Wm. Jarvis spent the week end at the home of Mr. Jarvis' folks near McCall, Idaho. They made the trip in their car, leaving here Friday after school.

C. A. Oppenborn was appointed clerk of the school board at a meeting of the trustees last week.

The ladies aid of the Presbyterian church will meet at the home of Mrs. J. B. Helpman this afternoon at 2:30.

Two Kendrick young ladies will teach in the Genesee schools next year. Miss Winifred Davidson was re-elected to teach the second grade. Miss Edith Dammarell, who is now teaching at Kamiah, will have charge of the primary grade.

Mr. and Mrs. W. B. Deobald and family visited relatives in Moscow last Sunday.

The quarantine for smallpox has been lifted on the Cardinal and Kuykendahl homes. Mr. Cardinal went back to work in his shop the first of the week. The town is now entirely free from smallpox.

Leland Houck of Juliaetta was a Kendrick visitor last Tuesday.

Dr. and Mrs. McKeever and little daughter were Lewiston visitors last Sunday.

Mrs. M. O. Raby underwent a major operation at a Spokane hospital the first of the week. Reports are that she is getting along as well as could be expected. Mr. Raby is with her in Spokane.

Jack Pickerd of Troy was a Kendrick visitor last Saturday.

Mr. and Mrs. L. J. Herres, Mr. and Mrs. Geo. Leith and Mrs. Wm. Freytag were Lewiston visitors last Sunday.

Margaret Broeke went to Troy and returned last Tuesday.

Mrs. Beulah Seely of Spokane visited at the home of Mrs. Edgar Long last Saturday.

George Clem was transacting business in Troy and Bovill last Tuesday.

Elbert Kuykendahl transacted business in Moscow last Wednesday.

E. H. Dammarell was in Troy on business Wednesday.

Thorvald Nelson went to Spokane Thursday morning on business. He may go on to Montana from there.

Miss Lou Maxwell went to Spokane yesterday morning after spending several days at the H. P. Hull home.

Jack Barnes and Eben Adams will leave today for Spokane on business.

Manager Barnes has inaugurated a new system of handling the ball team on the field. He selects a new captain for each game. Tony Eichner was captain for the first game. Last Sunday Frank Boyd had charge of the team on the field and next Sunday Bill McCall will be captain.

Mr. Delano went to Spokane last Sunday to visit his son, Wilbur, who is ill with pneumonia in a hospital there. Reports are that he is getting along very well.

Born to Mr. and Mrs. Tony Eichner, Wednesday, May 1, a daughter. Her name is Billie Jeanne.

Mrs. Ray Snyder of Moscow is visiting at the home of Mrs. Gardner this week.

Mr. and Mrs. Frank Nesbit returned from Moscow Tuesday.

Mrs. Nesbit spent a week there visiting her son.

Ed Rauschke and Kenneth May arrived this week from Seattle for a visit. Ed broke his wrist in Seattle while cranking an air compressor and is taking an enforced vacation.

A number of grand officers visited the local chapter of the Eastern Star Wednesday evening. After the lodge meeting refreshments were served.

Muriel Crocker and her little brother and sister had rather an exciting experience Wednesday morning. They were coming from their home to school in their brother's car. One front tire rolled off and turned the car into the ditch where it upset. Aside from a few scratches and bruises none of the children were injured.

Cameron News

Mrs. William Wolfe called on Mrs. Carl Hartung, Wednesday. Grandma Wegner called at the Carl L. Wegner home, Tuesday.

Miss Martha Abitz visited with Mrs. Walter McCall last Wednesday afternoon.

Mr. and Mrs. Wm. McCoy and children and Arthur and Frank Schoeffler were callers at the Fred Schoeffler home, Monday.

John Schultz of Dutton, Montana, arrived Sunday to attend the funeral of his father, Albert Schultz, Sr., who passed away Friday afternoon at the family home. He returned home, Monday.

Jake Berriman and family spent Tuesday evening at the Russell Rodgers home.

Doc. Betts and family spent Tuesday in Lewiston.

Mrs. A. H. Blum and Mrs. Clay Albright were in Lewiston, Saturday.

Miss Hilga Ehlers of Lewiston visited over the week end with relatives and friends.

Miss Lena Reiche left Friday for Orofino, where she has secured a position.

A number of friends and relatives gathered at the Fred Silflow, Sr. home Monday night. The occasion being a farewell party for Mrs. Teats, who was soon to leave for her home in Mullan.

Fred Newman, Fred Mielke and sons, Herbert and Edwin, and Herbert and Ernest Schwarz were in Peck, Saturday.

Miss Martha Abitz of Spokane, is spending her vacation with friends and relatives here.

Marie Schwarz was an overnight guest of Mrs. Fred Newman, Saturday night.

Bill and Herbert Mielke were business visitors in Lewiston, Monday.

Mr. and Mrs. James McVicker and daughters, Ethel and Violet, and Mr. Hunt of Fix ridge, were guests of Mrs. Stoneburner and Miss Emma Hartung at luncheon Sunday.

Mr. and Mrs. Fred Newman were callers at the Fred Silflow Jr. home, Tuesday evening.

The Cameron Ladies Aid held a business meeting at the Parochial school, Wednesday afternoon. A delightful lunch was served at noon by Mrs. Gus Kruger and Mrs. Otto Silflow.

Mrs. Stoneburner, Miss Emma Hartung and G. F. Cridlebaugh were dinner guests at the Carl L. Wegner home, last Thursday

evening.

The Cameron school held their picnic last Friday. The boys were hosts to the girls, having lost in the attendance contest conducted during the first eight months of school. The group hiked to the old Henry camp, located in the most remote part of the canyon back of the A. O. Wegner ranch. After much tramping around a very hungry group of youngsters did justice to the lunch furnished by the boys. The group was only too glad when they reached the top of the grade on their homeward journey.

Mr. and Mrs. Carl L. Wegner and family, Miss Martha Abitz, and the Messrs. Herbert and Ernest Schwarz and Ted Mielke were callers at the Emma Hartung home, Wednesday evening. The time was spent in playing cards after which a midnight lunch was served.

With much reviewing to do for the exams to be given next week, the much needed practice for the track team and the rehearsing for the Closing Day program, the school day is only too short. The last month will probably be the busiest month of the entire school year. It will be all work too. It will be necessary to devote some of the play periods to work in order to accomplish the work outlined.

Mesdames. Jake Berriman. O. W. Henry and Clarence Hewett were callers at the school the past week.

Since the last month of school is perhaps the most important one of the entire school year, parents are kindly requested to refrain from keeping their children out of school unless absolutely necessary. May I have your co-operation? — G. F. Cridlebaugh.

Has Paralytic Stroke, Phone Beyond Reach

New York.—Only a few inches separated Albert E. Davis, sixty-three, Bronx architect, from his telephone. The telephone represented help, but Davis couldn't reach it.

He had a paralytic stroke at 6 p. m. in the office he has maintained for 42 years.

His family finally called the police and at 4 a. m. a patrolman found him with his left side completely and his right side partially paralyzed. His condition is serious.

Plant Food of Manure Disappears in Winter

Many have definitely in mind how many loads of cattle and other live stock produce a year, but comparatively few realize the enormous waste of fertility there is in the average manure pile or barnyard. Under fairly favorable conditions when manure lies in the barnyard during the winter months and is hauled out in the spring after the planting season is over about 50 per cent of its plant food content has disappeared. Under rather unfavorable conditions when the feed lot is on a hillside and the manure is left in the yard till midsummer from 75 to as high as 80 per cent of its value may be lost. Its bulk may not shrink that much but its actual plant content—the quantity of nitrogen, phosphorus and potassium—in many instances disappears to that extent.

Agricultural Notes

The names of the legumes are as strong towers: the wise farmer useth them and is safe.

Metal milk caps are convenient to keep the milk covered after removing the cardboard cap.

Southwick News

Hank Bleck and Dave Schoeffler drove to Lewiston and back Saturday.

Surfacing work began between Southwick and Cameron, Tuesday.

John Phillips and wife drove to Gifford Sunday to get their daughter, Alta, who has been teaching near there. On account of the heavy rain that fell Sunday, they did not return home until Monday.

Harve Southwick and family of Cream ridge spent Sunday at the home of their daughter, Mrs. Virgil Harris.

Roy Douglas and Carl Finke drove to Lewiston, Saturday, returning home Sunday.

Arthur Loek and family and Miss Nina Thompson of Leland were callers at the George Jones home Monday afternoon.

John Lettenmaier and Mr. Armitage went sucker fishing Sunday evening. They report a good catch.

A son was born Saturday, the 27th of April to Mr. and Mrs. Delbert Hayward.

The play given by the seniors of the high school Thursday and Friday evening, was attended by a large crowd both evenings. The play "Aaron Slick from Pumpkin Creek", was a decided success and caused much laughter.

There will be a minstrel show given by the baseball club at the gymnasium the 8th of May.

Milton Benjamin drove to Palouse, Saturday, for a visit with his parents. His wife who has been there for a couple of weeks returned home with him Sunday.

Better Work On Hill-sides and Corners

Full-width cut on hillsides and square corners; good work in tough soils; strength to stand unusual strain—those are the things you want in a plow. And those are the things you'll appreciate most in the

JOHN DEERE STEEL GANG

It's made simple, compact and strong. Parts subject to most strain are made of steel. Tractor size steel beams are guaranteed not to bend or break. Furrow wheel is set well forward, and landing wheel back—turning is made easy and balance of plow is maintained at all times—it will not tip.

Plow is easily landed while in motion from walking, riding or standing position—full width cut, always. Unusual clearance—no clogging in tall stubble left by header or in heavy straw left by combine. You can get two- or three-bottom size with or without seat and rear wheel.

See the Steel Gang at our store.

The title of knight is not hereditary. The title of baronet, which also carries the prefix "Sir," is in order of precedence the lowest hereditary title in Britain.

Tattooing
Tattooing is very ancient. It had reached such a pitch once that the Jews were forbidden to tattoo. The order is in Lev. 19:28: "Ye shall not print any marks upon you."

Tonight And Saturday
