OFFICIAL PAPER OF LATAH COUNTY

VOLUME XXXIX

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, MAY 10, 1929

No. 19

## THE STATE WE LIVE IN

By Byron Defenbach

### High Lights of Our Past

The Treaty of 1846 ended the forty-year quarrel between the Americans and the British on the fur question, and in the same year the territory of Oregon was formed to include all of our country west of the Rocky Mountains between parallels 42 and 49.

In 1859, Washington territory was created to include Idaho and parts of Montana and Wyoming. In 1863 Idaho territory was made out of parts of Washington, Nebraska, and Dakota. It had four counties, Shoshone, Nez Perce and Idaho in the North, and Boise county south of the Salmon.

The next counties in their order were Owyhee, Oneida, Alturas, Latah, Kootenai, Ada, Lemhi, Bear Lake, Cassia, Washington, Custer, Bingham, Elmore and Logan. These counties were in existence when the state was admitted in 1890. Five of them were north of the Salmon River and thirteen south.

LeWiston, the first was at Lewiston, and the first two sessions of the legislature were held there.

The first governor was William H. Wallace of Washington territory.

The first agricultural community was at Franklin, the first town at Lewiston, first placer gold at Pierce, first gold quartz in the Boise Basin, first newspaper the Golden Age at Lewiston, first daily paper the Hailey Times, first white child born Eliza Spaulding, first republican convention at Mt. Idaho, first democratic convention at Idaho City, first general election was in 1863.

The first court trial was a murder case at Lewiston in 1864.

The capital was moved from Lewiston to Boise in 1865. The Masonic Grand Lodge was organized in 1867 at Idaho City. The equestrian statue of Washington on the state house grounds was unveiled in 1869. The Nez Perce Indian War was in 1877. The Grand Lodge of Odd Fellows was organized in 1883.

The first Idaho man to become governor of the territory was Edward A. Stevenson, a relative of vice-president Stevenson. In 1886 a bill passed congress to annex north Idaho to Washington territory, but was not signed by President Cleveland, and so failed to become a law. It is said that the act was defeated by the influence of the governor through his relative the vice-president.

Our first state governor was George L. Shoup, first congressman, Willis Sweet and the first United States Senator, William J. McConnell, Senator Borah's father-in-law. Burton L. French was first elected to congress in 1902, Senator Borah in 1907 and Addison T. Smith in 1912. F. S. Dietrich was appointed a federal judge in 1908. Governor Steunenburg was assassinated in December, 1905.

The great seal of the state of Idaho was designed by Miss Emma Edwards. The first extensive irrigation system was the New York Canal in Ada County.

Idaho adopted woman suffrage in 1896 and was the third state in the Union to do so. The direct primary and local option laws were passed in 1909. The bone-dry prohibition law passed in 1915. In 1917 the legislature petitioned congress to submit a prohibition amendment to the federal constitution and in 1919 the Eighteenth Amendment was ratified by Idaho.

### "A Baseball Crazy People"

The publisher of the Elk River News, in commenting on the relative strength of the various teams comprising the White Pine-Latah league, says:

"Kendrick came back to beat Troy 8 to 0. This is one team that is going to be in the money—a big field to draw from, lots of jacks and a baseball crazy people. Kendrick management is indeed fortunate."

## The Magpie Contest

The magpie contest is going over big. The show window, in which the eggs are being displayed, is attracting a great deal of attention. The contest is in charge of Joe Gardner who checks in the eggs as the boys bring them.

From the size of the piles of eggs already brought in, it would appear that there will not be many young magpies raised in this section of Idaho.

Game Warden Collins stated yesterday that at the close of the contest he would like to take the eggs to Moscow for a display to show some of the sportsmen what had been done in this part of the county to eradicate predatory birds.

Following is the standing of the boys in the contest and number of point each has:

Thomas Blevins	2540
Clarence Heimgartner	2265
Garth Hill	1090
James Bolon	1035
Oscar Onstott	880
George Merrial Davidson	710
Robert Weyen	560
Vern Spekker	220

## Wants Cornet Class

A. K. Carlson, Kendrick band leader, would like to get in touch with a number of boys or young men who would like to learn to play the cornet. He has a small class now and could just as well give instruction to others. The only expense would be the purchase of an instrument. Mr. Carlson can get these at a very reasonable figure.

## Clean Up Day Next Tuesday

At the meeting of the town council held last Tuesday evening, it was decided to make next Tuesday, May 14, Clean-Up Day. At this time teams will be provided to haul away all rubbish if placed in sacks or boxes and put in convenient places.

## Big Bear Ridge News

Dr. and Mrs. Meyers of Lewiston visited their daughter, Mrs. Claude Jones last week.

Mrs. O. H. Forest entertained the Lutheran Ladies Aid at her home Wednesday afternoon.

Mr. and Mrs. A. Kleth spent the week end with their daughter in Orofino.

Mrs. I. Engar of Clarkston is visiting Mrs. Thorvald Nelson.

Miss Opal Jones and Mildred Holt were Spokane visitors last week.

(Too late for last week)  
Mrs. Wallace Emmett entertained the Ladies Guild at her home Wednesday afternoon.

Mr. and Mrs. Einar Bruseth and children of Clarkston spent Sunday with Mrs. Bruseth's parents, Mr. and Mrs. Ole Lien.

Miss Agnes Jones spent last week with friends in Culesac.

Mr. and Mrs. Milo Slind came up from Lewiston to spend Sunday at the Slind and Halvor Lien homes.

Ed Halseth returned to Dutton, Montana.

Mr. and Mrs. Claude Jones have moved to the upper Jones farm.

Miss Neva Ware spent the week end with her parents.

Misses Ida Morey and Olive Simpson closed successful terms of school at Steele and Taney, Friday. A picnic dinner was enjoyed in nearby woods by the pupils and visitors, and a social good time was spent by all. Miss Simpson returned to her home at Albion, Wash.

Mr. and Mrs. Wade Keene entertained the following guests over the week end. Mrs. Owen Hardman of Peck, Miss Mabel Weaver of Lewiston, Misses Mary and Nannie Weaver, Ledbetter and Dille of Kendrick.

You are cordially invited to attend Union Sunday School at the Taney school house every Sunday at 10 o'clock.

Rev. and Mrs. Claud Groth and baby daughter arrived this week. They will make their home in the M. E. parsonage. Mr. Groth will preach his first sermon at the Methodist church next Sunday morning.

## LOCAL NEWS FROM THE LELAND COMMUNITY

### Items of Interest From The Busy Potlatch Center.

Mr. and Mrs. Chas. Johnson Wesley Hartinger and family were Sunday dinner guests of T. H. Daughterty's.

Mr. Burns was a Moscow visitor on Thursday.

Lyle Harrison, Jake Daugherty and Ben Hoffman were Lewiston visitors Thursday.

Ed Johnson and family were guests at the Robert Draper home Sunday.

Mr. and Mrs. R. B. Parks were called to Colfax, Wash. last Wednesday to attend the funeral of Mrs. Parks' uncle.

The Missionary Society met at the home of Mrs. Chas. Johnson, Thursday, for their regular business meeting.

Mrs. Snellheart of Seattle, is visiting with her sister, Mrs. Emil Larson.

Mr. and Mrs. James Helton and Mr. and Mrs. T. J. Fleshman motored to Lewiston and back Monday.

Wilfred Corkill is assisting his brother, Abner, with his farm work near Troy.

Roy Davis and family of Pomeroy, Wash., are visiting at the Dennis Porter home.

Charlie and Clifford Walker and Mr. Green of Kootkia, Joe Walker of Burke and Mr. and Mrs. O. A. Walker and Eril Woody and wife were guests Sunday at the Roy Morgan home.

Lyle Harrison and family and Jake Daugherty were guests Sunday at Virgil Fleshman's.

Mr. Harmon motored home to spend the week end.

The young folks had a very enjoyable time at the League party Friday night. Mrs. Walbeck had charge of the games and the Misses Vera Peters and Jaunita Fleshman of the refreshments.

Grandma Hoffman spent last week at the Ed Johnson home.

Robert Draper and wife motored to Lewiston, Tuesday.

## Go To Potlatch Sunday

Manager Barnes stated yesterday that all those who are going to Potlatch next Sunday to see the big ball game, are requested to meet in Kendrick at 9:30 Sunday morning to join the caravan. If weather conditions are favorable it is expected that a large crowd will go from here.

Mr. Barnes would also like to get in touch with several car owners who will have one, or two places in their car for baseball men.

The dope says that this will be one of the big games of the league season and the outcome will be watched with interest.

## No Game Last Sunday

Because of the bad weather conditions last Sunday the game scheduled with Elk River, to have been played here, was called off. None of the White Pine-Latah league teams played last Sunday.

## A Gentleman

"Got a sweetheart, Lily?"  
"Yes, and he's a regular gentleman." "You don't say so?"  
"Yes, he took me to a restaurant last night, poured his tea into a saucer to cool it; but he didn't blow it like common people do—he fanned it with his hat—say, I wish you'd see how he cleans up the gravy with a piece of bread. It's the prettiest thing in the world."—Ex.

## Didn't Like Adv.

An American millionaire was being shown by an agent over a Highland estate he intended to buy. When they reached the house the millionaire noticed over the entrance hall the motto: "East, West, Home's Best." Turning to the agent, he remarked, pointing to the motto: "I must make one stipulation. That fellow Home has got to take down his advertisement."—Ex.

## COMMUNITY NEWS FROM JULIAETTA

### Items of Interest From Our Neighboring Town.

Mr. Poole returned home after several months absence.

John Hottle is renewing acquaintance in town this week.

Misses Mary and Nannie Weaver of Kendrick were dinner guest at the E. V. Adams home Thursday.

Mr. Rider took his daughter, Helen Irene to Spokane, Thursday to have her eyes treated.

S. Thompson of Pasco is visiting his sister, Mrs. Sam Gruell.

Members and friends of the Baptist Missionary Society spent a pleasant afternoon in the church at their regular meeting Thursday. Readings and discussions on Chinese life, formed the program. Mesdames Philip Johns and Claud Clark gave a duet with Miss Leland at the piano. Mesdames Henry Irwin and Lou Spray were hostess and served a dainty lunch. The table was especially beautiful with a center piece of white and purple lilacs, and pansys were found at each place as favors.

Mr. Huntsberger is improving his property with a cement sidewalk around his house.

The Rebekah lodge gave a card party at the hall last Friday. Bridge and pinochle were played till midnight. High honors in bridge went to Mrs. H. Jones and Mr. Wilcoxon and in pinochle, to Mrs. D. Buckallew and Ward Alexander.

Among the Lewiston shoppers Tuesday were Mesdames Alexander, Jones and Nutt, and Miss DuBois.

Baccalaureate service will be held at the M. E. church Sunday evening.

## Southwick News

Mr. and Mrs. Donaldson of Pomeroy spent the week end at the home of their daughter, Mrs. Tschantz.

Miss Martha Abitz of Spokane was an overnight guest of Mrs. Henry Brammer, Thursday night.

Viola Gertje of Kendrick spent the week end with her parents.

Albert Mabry and wife spent Sunday at the home of Atlee Mustoe.

Mrs. Stump of Clarkston spent Sunday with her son, Pete and family, returning home in the evening.

Mrs. Virgil spent Monday with her sister, Mrs. Atlee Mustoe. Mr. Longteig and family, Frank Thornton and family, and Harold Whiting and family went sucker fishing below Juliaetta, Tuesday night.

Mr. and Mrs. Brammer spent Sunday afternoon at the Jake Neuman home.

Gus Wegner has moved part of his family to American Falls, where he has bought a place.

Albert Mabry and wife drove to Lewiston, Tuesday.

Mr. and Mrs. Burgess Ward of Lewiston spent the week end at the Gordon Harris home.

Mr. and Mrs. Ed Gertje and son, Roy, spent Saturday evening with Mr. and Mrs. Henry Brammer.

Russell Baker and Nadine McCoy spent the week end at the home of Joe Hanks at Lenore.

Raymond Rodgers, Doyle Hayward and the Brammer boys were sucker fishing last Tuesday evening.

Ben Baker, who is working at Israel's mill, spent Saturday and Sunday night at Elton McCoy's.

Mrs. Eva Wright is visiting at the home of Mrs. Cuddy this week.

George Christensen and family of Crescent were in town Monday.

George Ziemann and Roy Douglas went to Lewiston and back Monday.

The teachers and a large number of pupils attended the track meet in Lapwai last Saturday.

Mrs. Jap Triplett and daughter, Mildred, Mrs. Elmer McCoy and Ted Whitted drove to Elk River, Friday, returning home Monday. While there they visited with Ray Triplett and wife.

Nadine McCoy was a caller at the Homer Hayward home Tuesday afternoon.

## Town Council Installed Officers

At the regular meeting of the town council, held last Tuesday evening, the newly elected members of the board were installed, other officers appointed and routine business transacted.

After winding up the business for the past month the old members of the board, E. H. Dammarell and E. A. Deobald, gave up their places to W. J. Carroll and E. T. Long, who were sworn in by the clerk. N. E. Walker was elected chairman.

The first business of the board was to select a clerk. R. B. Knepper tendered his resignation which was accepted. An application for the office was on file from C. A. Oppenborn, who was unanimously elected to the position. His appointment will no doubt meet with the approval of everyone as there is no question that he has every qualification for the office.

The next order of business was the appointment of a treasurer. Mr. Emery, who has served the town very efficiently in that capacity, was unanimously re-elected.

The chairman then called for applications for town marshal. Two applications were on file. One from J. G. Gardner, who has served in this position for six years in a very capable manner, and the other from Ernest Davis. The chairman asked if the board wished to discuss the relative merits if the two candidates, but no comments were made. A ballot was then taken, Mr. Davis being elected with three votes and Mr. Gardner receiving two.

Clean up day was set for Tuesday, May 14, at which time teams or trucks will be provided to haul away rubbish.

The chairman appointed the standing committees after which the meeting adjourned.

## Two Town Councilmen Resign

The resignation of two members of the town council, N. E. Walker and Herman Schupfer, were placed on file at the office of C. A. Oppenborn, town clerk, yesterday. The resignations will go into effect at the next meeting of the council.

## Heacox Locates at Dayton

Mr. and Mrs. Jack Heacox of Juliaetta have moved to Dayton, Wash., where they have bought an interest in the McCauley Confectionery and Lunch place.

## Linden News

T. P. Fisher and brother, W. L., arrived from Neopa, California, Monday, to spend the summer at his farm here.

Miss Josephine Popkey is teaching school at Cedar Ridge this week while Miss Headrick is entertaining the measles.

The Weyen and Kent families are recovering from the measles.

Mrs. C. H. Fry and son, Dick, and Mrs. George Garner and children spent Monday with Miss Eva Smith, the occasion being her birthday.

Gold Hill school closed on Friday. A community dinner was given at the schoolhouse and a goodly number attended. On Thursday evening previous, a program was given by the school, consisting of songs, dialogues and recitations. At the close of the program, Mr. D. W. Whybark gave a short address to the 8th grade graduates and the following students received diplomas: Millie Weaver, Melvin Garner and Lois Fry.

The old school house in Virginia, where Mr. Ramey went to school during his boyhood days, was completely wrecked last week in the big storm. Within a hundred feet of this old school house was the new building in which a number of children were killed during the storm.

The Afternoon Bridge Club met at the home of Mrs. George Leith, Wednesday, where they were entertained by Mrs. Leith and Mrs. Harold Thomas. Prizes were won by Mrs. Jody Long and Mrs. Frank Boyd. Dainty refreshments were served.

## Tomatoes Important Crop

Juliaetta—If present plans are carried out by the growers, there will be an acreage of at least 30 acres of tomatoes at Juliaetta this year. Among the larger growers are the following—with the acreage given of each:

J. N. Steensma, eight acres; Ed Taylor, six acres; Leslie Groselose, five acres; George Groves, five acres; Frank Spray, Walter Cochran, E. L. Gallaher, Mrs. George Spray an acre each; and Ike Morgan a half an acre. Many others will have small patches.

It is understood that no tomato contracts have been entered into this year with the owner of the local cannery. So growers will pack and ship what they can—and can what they cannot ship. It is also understood that the local cannery will run this season, and will be prepared to take care of all the tomatoes that are available for canning.

What is the tonnage yield of tomatoes per acre? That depends on the kind of soil, the care given to their cultivation, and the length of the season from the time the tomatoes begin to ripen till the first killing frost in the fall.

Growers here have harvested fully 12 tons per acre—but that was exceptional. Perhaps 14,000 or 15,000 pounds per acre would be considered a good average crop for an average season.

What price do growers of tomatoes receive? That also, depends upon conditions—which vary greatly from year to year. The cannery usually pays \$15 a ton, delivered in lug boxes to the cannery.

Growers can usually find a ready market at \$1 per 20-pound crate for all the ripe tomatoes they can ship during the month of July. In the month of August they bring from 75 to 80 cents down to 50 cents per 20-pound crate or box. From September to the first killing frost, the prices fluctuate between 40 and 50 cents per box. \$25,000 would be a conservative estimate of the returns from Juliaetta's tomato crop this year, however.

## Garage Making Improvements

The Kendrick Garage Co. is making a great improvement in the front of its building on Main Street. The northeast corner of the building is being cut off and will be converted into a drive-in service station. This change will furnish added convenience for the traveling public.

The office is being moved into the northwest corner. The garage owners may also build a new workshop if they carry out their present plans. The work is being done by Ed Long.

## Entertain Husbands

Last Thursday evening the Ladies Afternoon Bridge Club entertained their husbands at a 6:30 o'clock dinner at the home of Mr. and Mrs. R. H. Ramey. Each member brought a covered dish, which when all put together made a real feast for all present.

After dinner the guests were entertained by the Misses Rowena and Jean Ramey in two dance numbers, after which bridge was played until midnight. The first prize went to Mr. and Mrs. O. E. MacPherson, while the low score went to Mrs. Callison.

Those present were: Messrs. and Mesdames. Morehead, Leith, H. Thomas, W. Thomas, Carlson, MacPherson, Boyd, Helpman and Thompson, and Mr. George Barnum, Mrs. Callison and Mrs. Esther Long, Mr. and Mrs. Ramey.

## Birthday Party

A party was given by Jean Ramey at her home, Thursday May 9th, in honor of her 12th birthday. Lively games were played after which all sat at a prettily decorated table and enjoyed light refreshments.

Miss Nannie Weaver and Miss Dille drove to Moscow and returned Tuesday evening.

Prickly Pear Is Valuable as Feed

Particularly Advantageous in Times of Drought on Stock Ranges.

(Prepared by the United States Department of Agriculture.)

A silage crop that keeps without need for a silo is substantially the description of the prickly pear as it grows in the four states bordering on Mexico. It has proved a valuable stock feed, particularly in times of drought on the range, such as may be expected from time to time. As a storage crop it stores itself, and the three or four-year-old sections of the plants are relished by cattle.

Variety of Cactus. The prickly pears are varieties of cactus, and may be divided roughly into spiny and spineless forms, according to Farmers' Bulletin 1072-F, "Prickly Pear as Stock Feed," just issued in a revised edition by the United States Department of Agriculture. The "spineless" varieties are not smooth but are relatively free from spines and cattle can eat them without inconvenience. The custom is to burn the spines off the spiny varieties with a gasoline blowtorch or to chop them by machinery.

Although able to survive severe droughts for months at a time, the prickly pears require good water supplies at some time each year. They do not thrive under severe cold, and the spineless varieties, as a rule, do not thrive if the temperature falls below 20 degrees at any time. The spiny varieties may tolerate temperatures five degrees lower. The best prickly pear region in the United States is in Texas southward from the Edwards plateau.

Valuable as Feed.

In times of drought the prickly pear has proved a great value in carrying herds of cattle until pasturage is revived by rain. Prickly pear is growing in favor as a succulent forage that may take the place of silage in the ration, usually with a dry forage and a concentrate added in case of dairy cows. In Texas some varieties of prickly pear will produce without cultivation, but cultivation is likely to prove profitable in developing a greater tonnage of economical feed. Prickly pear is propagated from cuttings, and the cuttings are so bulky that freight costs are likely to prove excessive if extensive planting is attempted. David Griffiths, author of Farmers' Bulletin 1072-F, recommends starting with comparatively few plants, as they multiply rapidly for transplanting.

The bulletin, which may be obtained free on application to the United States Department of Agriculture, Washington, D. C., gives details of the propagation, cultivation and feeding of prickly pears, and mentions the areas where the different varieties may be grown.

Damage From Corn Rots May Be Greatly Reduced

The Indiana experiment station and the United States Department of Agriculture have shown that the condition of the soil has a close relation to the damage from corn rots. If the soil is uninfected and its fertility is increased by the addition of lime and phosphorus where needed, the extent of the damage will be greatly reduced. Crop rotation is generally beneficial in checking the damage from disease. Where corn rots are prevalent, clover or a legume crop should be grown in the rotation once every four years, and corn should not follow either corn or wheat.

The Illinois and Indiana experiment stations have found that some strains of corn are damaged far less than others by the corn rots. Beginning with a strain which has possibilities for improvement, the continuous selection of seed from healthy plants may be expected eventually to produce strains strongly resistant to these diseases.

Around the Farm

Careful attention should be given turkey eggs which are to be used for hatching.

A portable brooder house is an aid in preventing chick troubles. The brooder house and chick range should be on clean ground.

It is always essential to maintain an area immediately around the young trees free from competitive vegetation which would, if present, slow down the growth of the trees.

If a patented silo is to be built, do not accept lumber having loose knots, any sapwood, or pieces with bark. Sapwood, as a rule, is less durable than heartwood and will nearly always decay first.

Protect all planted fruit trees from injury by rabbits and field mice, especially during the fall and winter. One-inch mesh poultry wire, old newspapers, or gunny sacks torn in strips six to eight inches wide make satisfactory protectors.

The grape is attacked by a number of insects and a few diseases which are capable of causing heavy loss. However, on the average farmstead, grapes of fair quality are sometimes grown without any spraying treatment being given them.

Commissioners' Proceedings

Moscow, Idaho, Monday, January 21, 1929.

The Board met this day pursuant to adjournment, present as before.

At this time the Board selected a list of persons to serve as regular Jurors in the District Court of the Second Judicial District of the State of Idaho, in and for Latah County, during the year of 1929, which list was selected from the last Roll Lists of the several precincts of Latah County, as follows, to-wit:

Bear Creek Precinct: H. L. Ingle, Thorvald Nelson.

Bovill Precinct: Marsh Cozier, W. W. Pike.

Cora Precinct: G. A. Broton, Knute Holm.

Cornwall Precinct: Henry Bottjer, John Kasper.

Deary Precinct: Henry L. Hanson, J. A. Hamm, John B. Kitch, W. H. Head, W. B. Dennis.

East Moscow Precinct: C. M. Wilderman, E. E. Ostrout, Harry Whitier, Herman Wilson, Fred Samms, John Hove, Earl David, R. B. Ward, Theo. Koster.

Farmington Precinct: S. A. Ross, Frank L. Leonard.

Genesee Precinct: Oscar Danielson, Henry Morscheck, Nels Liberg, Carl Nagel, Walter Jain Mahlon Follett.

Harvard Precinct: J. E. Johnson, F. A. Lienhard, George Bay.

Helmer Precinct: Dan Flaig.

Julietta Precinct: Howard Hutchison, Walter Clark, J. E. Sams, L. W. Houck, Frank Vincent, Carroll Cox.

Kendrick Precinct: George T. Davidson, John Dammarell, Herman Schupfer, Frank Boyd, Chas. S. Westendahl, Warney May.

Lenville Precinct: Samuel N. Taber, John J. Humphrey.

Linden Precinct: R. C. Winegardner, C. P. Israel.

North Moscow Precinct: Harold Cornelison, Ray Carter, John M. Cantor, B. A. Smith, J. F. Papien, Thomas Bumgarner.

North Troy Precinct: Gust Sandberg, O. K. Olson, F. M. Green, W. L. Chaney, C. V. Johnson, Oscar Shoemaker.

Palouse Precinct: C. F. Sawyer, Stanley Anderson, H. O. Price.

Park Precinct: S. I. Ringsage.

Pottatch Precinct: M. J. Becknell, R. A. Hardesty, H. M. Hoskins, Chas. Talbott, Michael O'Reilly, Peter, Clyde, Leslie Dygert, Stanley Starner.

Princeton Precinct: A. L. Davis, R. W. Utt, Willard Heaton, L. C. Peterson, Fourth Thomas.

Southeast Moscow Precinct: A. I. Rollefson, Claus Junge, A. P. Dahl, Henry Rach, Victor Peterson, L. C. Olson, George Sievers, Gus Benson, Pete Nelson, G. E. Lyons.

South Troy Precinct: Erick Rierson, Chas. Smith, Ole Bohman, Walter Driscoll, Raymond V. Harland, J. A. Arnot.

Southwest Moscow Precinct: Chas. Bowers, S. S. Anderson, Erick Oller, Howard Staples, Argo W. Bateman, Frank Christensen, Earl H. Clyde, Arthur Snow, Victor H. Orr.

Texas Ridge Precinct: James Miller, C. O. Carlson.

Thorn Creek Precinct: Chris Deesten, Harry Christenson.

Viola Precinct: Elmer Ball, J. B. Kissinger.

West Moscow: C. E. Bolles, J. W. Allen, J. E. Moore, R. S. Sullivan, E. E. Hawley, O. W. Beardsley, H. C. Stivers, Roy Naylor, Jay Woodworth.

In the matter of the application of L. M. Gilmore, for the appointment as Janitor at the Latah County courthouse, after due consideration it is hereby ordered that L. M. Gilmore be appointed Janitor at a salary of \$100.00 per month.

The Board now adjourned to meet tomorrow, Tuesday, January 22, 1929, at nine o'clock A. M.

ATTEST: HARRY A. THATCHER, Clerk.

APPROVED: JOHN L. WOODY, Chairman.

Moscow, Idaho, Tuesday, January 22, 1929.

The Board met this day pursuant to adjournment, present as before.

The entire day was taken up with making an official inventory of the Latah County Home, which said inventory was ordered placed in the Commissioners' files as the official inventory of said Latah County Home, as of January 22, 1929.

A recess was now taken until Thursday, January 24, 1929, at nine o'clock A. M.

ATTEST: HARRY A. THATCHER, Clerk.

APPROVED: JOHN L. WOODY, Chairman.

Moscow, Idaho, Thursday, January 24, 1929.

The Board met this day pursuant to adjournment, present as before.

The insurance policy of the National Union Fire Insurance Company on the county courthouse was examined and approved and ordered placed in the insurance files.

In the matter of the application of L. P. Hunt, Superintendent of the Latah County Home and Farm, for re-appointment, it is hereby ordered that said L. P. Hunt be and he is hereby re-appointed as Superintendent of said Latah County Home, for a period of two years, unless said term of office is sooner terminated by this board, and his salary as such Superintendent is hereby fixed at \$1200.00 per year to be paid at the same time and in the same manner as all other county salaries are paid.

The bond of L. P. Hunt, as Deputy Sheriff, was examined and approved.

The annual report of Abe Goff, as Prosecuting Attorney, was examined and approved.

At this time the County Auditor reported the following settlement made with the County Tax Collector for the collection of taxes appearing upon the real property tax rolls for the year 1928, said settlement being in compliance with Section 3243 of the Compiled Statutes of the State of Idaho, and the same was at this time examined and approved and ordered spread upon the minutes of this Board at length:

Original charge of real rolls \$653,877.00

Table with 2 columns: Description and Amount. Includes Transferred from Personal Rolls (287.20), First half collections (\$367,696.08), Canceled (1.72), First half delinquent (14,147.64), Total (\$381,845.44).

Balance on rolls for collection \$272,318.76. The annual statement of collections of fees made by the Probate and District Courts, was examined and approved and ordered placed in the Commissioners' files.

This being the time fixed by the notice for a hearing upon the application of E. J. Gemmill, Assessor of Latah County, that an emergency has arisen which could not reasonably be set aside for expense, records and supplies, and for a hearing upon the emergency expenditures for medical treatment and for care and nursing of poor outside of the county home, and for courthouse repairs and supplies, and no one appearing to protest such emergency expenditures, it is therefore ORDERED, that the sum of \$600.00 be granted the Assessor for expense, records and supplies; and that \$400.00 be set aside for medical treatment and \$400.00 for care and nursing of poor outside of the county home, and that \$200.00 be set aside for courthouse repairs and supplies.

In the matter of the petition of the Modern Woodmen and Royal Neighbor Lodges of Princeton, Idaho, for a license to conduct dances, at said place, after due consideration, and upon the approval of the bond filed by the lodges, said petition was granted.

An order was at this time given to the Underwood Typewriter Company for one Underwood typewriter.

In the matter of the designation of the official paper for the publication of all legal notices, this being the time fixed by the notice for the opening of bids, the clerk was at this time instructed to open all bids on file, and the Board took the same under consideration, as follows:

That of The Kendrick Gazette, at 2 1/2 cents per single column line;

That of the Genesee News, for 3 cents per column line for first insertion; and 3 cents per column line for subsequent insertions.

That of Moscow Publishing Company for five cents a line, eight point solid type for first insertion; and three cents for subsequent insertions.

And finding the bid of the Kendrick Gazette to be the best bid submitted, it is at this time ordered that contract for said county printing be awarded to said Kendrick Gazette, and it is hereby designated the official county paper of Latah County for the ensuing two years, as per the bid submitted, and the rate for said publications is hereby fixed at two and one-half cents (\$.02 1/2) per line for each insertion, eight point type.

A recess was now taken until Monday, February 11, 1929, at nine o'clock A. M.

ATTEST: HARRY A. THATCHER, Clerk.

APPROVED: JOHN L. WOODY, Chairman.

Moscow, Idaho, Monday, February 11, 1929.

The Board met this day pursuant to adjournment, present:

JOHN L. WOODY, Chairman, JOHN CONE and RUDOLPH E. NORDBY, Commissioners, and HARRY A. THATCHER, Clerk.

The statement of the County Auditor showing the liabilities against budget appropriations and stating that there is sufficient money in each account to pay the salary claims of the county employees, was examined and ordered placed in the Commissioners' files.

Claims against Latah County were examined and allowed, and the County Auditor directed to draw warrants in settlement thereof as follows:

CURRENT EXPENSE FUND

Harry A. Thatcher, salary \$166.66

Bessie Babcock, salary 130.00

Emma J. Sayles, salary 130.00

Charlie Summerfield, salary 166.66

Geo. K. Moody, salary 125.00

Edith Wright, Recording, 37.00

The Joint Statement of the County Auditor and County Treasurer, for the quarter ending January 12, 1929, was examined and approved and ordered published and a copy thereof placed in the Commissioners' files.

The bond of Geo. Christensen, as Commissioner of Good Road District No. 1, was examined and approved and ordered placed in the Commissioners' files.

Comes now the Board of County Commissioners of Latah County, State of Idaho, and makes the following order:

IT IS HEREBY ORDERED by the Board of County Commissioners that Latah County, Idaho, be and it is hereby declared to be, a weed district in compliance with Section 3492 to and including 3501 of the Compiled Statutes of Idaho.

Notice is hereby given to all owners and occupants of land in Latah County, Idaho, that said noxious weeds must be exterminated upon their premises within the times and in the manner hereinafter prescribed.

IT IS FURTHER ORDERED, that the following named weeds, to-wit: Jim Hill Mustard (tumbling mustard), Bindweed (Convolvulus arvensis), Canada Thistle (Carduus arvensis), Fanweed (Thlaspi arvense)

are detrimental and destructive to agricultural crops in Latah County, Idaho, and all such noxious weeds growing within Latah County, Idaho, are hereby ordered destroyed or exterminated as hereinafter described, and all of said work must be performed and completed at the proper time and in the proper season.

JIM HILL MUSTARD (Tumbling Mustard, CONTROL: The first requisite is sowing clean seed. Stubble fields where the weed has matured seed should be burned and disked to encourage germination, and the land summer fallowed or put into a cultivated crop. Harrowing of grain fields when the crop is small will kill many of the mustard seedlings. New infestations should be hand pulled to prevent seeding and spreading.

BINDWEED (Convolvulus arvensis) (a) Large Areas. Clean cultivation is the most satisfactory and economical means of eradication. Such cultivation should start shortly after the weed begins its growth. A thorough deep plowing for the first cultivation is desirable. This should be followed by sufficiently frequent cultivations to keep down all top growth the remainder of the season. Occasional deep plowings may be used to supplant some of the cultivations if desired. These combined with the frequent cultivation hastens eradication.

(b) Small Areas. Clean cultivation or carbon bisulphide may be used. The chemical if used should be upon the recommendation and under the supervision of the director of weed control. This chemical is effective when the conditions are right for its use.

(c) Waste Areas. Salt at the rate of one pound per square foot will completely eradicate the weed from waste areas. Since salt makes the soil unfit for the growth of other crops for several years, it cannot be recommended for cultivated land.

CANADA THISTLE (Carduus arvensis) (a) Cultivated Areas. Clean cultivation at sufficiently frequent intervals to keep down all top growth will eradicate this weed. A combination of spraying with sodium arsenite and cultivation is also very effective. Sodium arsenite spray should be applied in the form of a fine spray to the plants in the late evening or early morning. The chemical should be used in dilute solution, using one part of sodium arsenite to two hundred parts of water.

After the thistle plants have been killed by the spray, cultivation should begin, preferably by deep plowing, followed by a clean cultivation at sufficiently frequent intervals to keep down all top growth.

(b) Waste Areas. Salt at the rate of three quarters of a pound per square foot is satisfactory for waste land infested with thistles.

FANWEED (Thlaspi Arvense).

(a) New Infestations. Where the weed appears for the first time, hand pulling and burning is the most effective means of control. Burning is essential since the seed are likely to mature, if the plants are pulled and left on the ground.

(b) Badly Infested Areas. In the infested grain fields, the stubble should be burned to destroy the seed. Fall cultivation to encourage the growth of the seed, followed by subsequent cultivations to kill the young seedlings is effective. Cultivation of the grain in the spring will help to free the land of young plants. The use of carefully tilled summerfallow is also of value. Cultivated crops in the rotation are an aid in eradication.

The Board now adjourned to meet tomorrow, Tuesday, February 12, 1929, at nine o'clock A. M.

ATTEST: HARRY A. THATCHER, Clerk.

APPROVED: ELMER M. PAULSON, Chairman.

Moscow, Idaho, Tuesday February 12, 1929.

The Board met this day pursuant to adjournment, present:

JOHN L. WOODY, Chairman, RUDOLPH E. NORDBY, Commissioner, and HARRY A. THATCHER, Clerk.

It is hereby ordered that John L. Woody, Chairman of the Board of County Commissioners, investigate the condition of the bridge at the end of Third Street in the Village of Julietta, and if, in his judgment, the county should reflow the half of the bridge that is in Latah County, he is hereby empowered to do so, and it is hereby ordered that the sum of \$300.00 be appropriated from the General Road Fund for that purpose or as much thereof, as may be necessary.

A recess was now taken until Monday, March 4, 1929, at nine o'clock A. M.

ATTEST: HARRY A. THATCHER, Clerk.

APPROVED: JOHN L. WOODY, Chairman.

Moscow, Idaho, Monday, March 4, 1929.

This being the time fixed by law and the recess adjournment of the Board of County Commissioners for a meeting, and on account of the roads being impassable, the Chairman of this Board notified the clerk of the Board to advise the other two commissioners by phone that the meeting was recessed until Monday, March 11, 1929, at which time they would meet and consider in detail the budget for the ensuing fiscal year.

ATTEST: HARRY A. THATCHER, Clerk.

APPROVED: JOHN L. WOODY, Chairman.

Moscow, Idaho, Monday, March 11, 1929.

The Board met this day pursuant to recess adjournment, present:

JOHN L. WOODY, Chairman, RUDOLPH E. NORDBY and JOHN CONE, Commissioners, and HARRY A. THATCHER, Clerk.

The statement of the County Auditor showing sufficient funds in each budget appropriation to cover salary claims filed, was examined and ordered placed in the Commissioners' files.

Claims against Latah County were examined and allowed, and the County Auditor directed to draw warrants in settlement thereof, as follows:

CURRENT EXPENSE FUND table with 2 columns: Description and Amount. Includes Harry A. Thatcher salary (\$166.67), Emma J. Sayles salary (130.00), Bessie Babcock salary (130.00), Charlie Summerfield salary (166.77), Geo. K. Moody salary (125.00), J. F. Jordan salary (125.00), Pat Malone salary (25.00), Walter Q. Taylor salary (145.83), J. G. Vennigerholz salary (125.00), Leola R. King salary (145.83), H. H. Hoagland salary (125.00), Abe Goff salary (145.83), Ellen Peterson salary (16.67), H. R. Short salary (16.67), Adrian Nelson salary (166.67), Harvey J. Smith salary (16.67), John L. Woody salary (75.00), John Cone salary (75.00), Rudolph E. Nordby salary (75.00), L. B. Taylor salary (75.00), L. M. Gilmore salary (75.00), L. P. Hunt salary (50.00), J. W. Stevenson salary (50.00), Edna M. Theriault salary (120.00), Margaret Walker salary (100.00), Jeanette Arntzen salary (26.60), Ed Vennigerholz salary (91.20), C. L. Williamson salary (84.00), Amy Malmsten salary (68.40), Edith Wright salary (37.00).

with the minutes of this Board. The balance of this day was taken up in checking the budget requests filed with this Board by the County Auditor, as required by Chapter 232 of the 1927 Sessions Laws.

The Board now adjourned to meet tomorrow, Tuesday, March 12, 1929, at nine o'clock A. M.

ATTEST: HARRY A. THATCHER, Clerk.

APPROVED: JOHN L. WOODY, Chairman.

Moscow, Idaho, Tuesday, March 12, 1929.

The Board met this day pursuant to adjournment, present as before.

The annual report of Highway District No. 1, was examined and ordered placed in the Commissioners' files.

The Bond of W. H. Weyen, as Commissioner of Good Road District No. 1, was examined and ordered placed in the Commissioners' files.

The bond of F. C. Lyons, as Treasurer of Good Road District No. 1, in the sum of \$2500.00, was examined and ordered placed in the Commissioners' files.

The indigency affidavit of Laura Van Sickle, and application for county aid, was examined and aid ordered extended as petitioned.

The indigency affidavit of Hilma Calen, and application for county aid, was examined and aid ordered extended as petitioned.

The indigency affidavit of Mrs. Ernest Gustin, and application for county aid, was examined and aid ordered rejected.

The indigency affidavit of E. A. Foster, and application for county aid for himself and 8 children, was examined and aid ordered extended as petitioned.

The application of Pearl Flansler for a Mother's Pension, was examined and ordered rejected.

The Board at this time having under consideration the preliminary budget for the ensuing year, said budget was at this time considered item by item, and the clerk of this Board instructed to give notice to the public of the filing of said budget as required by Chapter 232 of the 1927 Session Laws.

A recess was now taken until Monday, April 1, 1929, at nine o'clock A. M.

ATTEST: HARRY A. THATCHER, Clerk.

APPROVED: JOHN L. WOODY, Chairman.

Moscow, Idaho, Monday, April 1, 1929, at nine o'clock A. M.

The Annual Financial Report of the County Auditor, for the year 1928, was examined and approved, ordered published and 300 pamphlet copies ordered published for general circulation, and copy ordered filed

JOINT STATEMENT OF COUNTY AUDITOR AND TREASURER From JANUARY 7th, 1928, to JANUARY 12th, 1929

Superintendent of Public Instruction: Salary \$1,312.50, Clerks Salary 264.10

### Perennial Crops in Every Garden

#### Common Vegetables Once Established Need Little Added Care.

Every garden should have a portion of it devoted to perennial crops, such as asparagus, horseradish, rhubarb, strawberries, raspberries, etc. These crops should be placed on one side of the garden where they will not interfere with the culture of the annual vegetables. After such crops are properly established little labor is required to keep the plantation going. Yet by far the larger share of our gardens lack perennial crops. Increase the delicacies on your table by planting these crops.

#### Asparagus.

This vegetable deserves a place in your garden. A row 75 to 100 feet long will supply your table with all the asparagus you want. It is not hard to grow if properly started. Asparagus requires a deep, rich, moist soil. Dig a trench 8 to 10 inches deep and about 1 foot wide at one side of the garden. For each foot of trench mix a shovelful of well-rotted manure with the loose dirt in the bottom of the trench. Spread the asparagus roots out on this mixture, spacing them 15 to 18 inches apart in the row. The small fibrous roots should be spread out horizontally and when properly planted resemble the spokes of a wheel laying flat on the ground. The crown of the plant would be comparable to the hub of the wheel. Cover the crowns with 2 or 3 inches of dirt. As growth proceeds during the summer the trench should gradually be filled until level with the surface of the ground. A bed properly established should last 10 to 20 years. Cutting should not be practiced the first year. One-year-old roots are best for planting.

#### Rhubarb.

The soil requirements for rhubarb are practically the same as those listed for asparagus. No trenching is required. Well-rotted manure should be mixed with the soil and the crowns should be set level with the surface of the ground. Set the roots 3 feet apart in the row. Fifteen to twenty hills will be sufficient for the average family.

#### Horseradish.

The plant is worthy of wider cultivation. It is not found in one garden out of a hundred, yet it is very easily grown. It requires a deep, rich soil and given this, little care is required for it to flourish. Root cuttings may be purchased from any seedsman. Ordinarily, such cuttings have the bottom end cut to an angle and should be planted with the slanted end down. Otherwise the roots will be poorly shaped. Rows should be 3 feet apart and the roots should be planted 12 inches apart in the row. Ten to fifteen roots are sufficient for the average family.

### Nature Tells Us When to Plant Garden Seeds

Did you know that Mother Nature keep a calendar which tells the gardener just when to plant his seeds out in the open ground? It's a fact, and here's how to read her signs:

When the peaches and plums are in blossom, or where these trees aren't grown, when the willows and poplars put out their catkins, then it's time for out door planting of lettuce, kale, radish, beets, turnips, carrots, smooth-seeded peas, onions, cabbages, and cauliflower. Wrinkled peas, being tender, should wait a little longer.

When the apple trees bloom, or when the dogwood or white oak buds unfold, it's time to plant the heat-loving vegetables outdoors—the cucumbers, beans, sweet corn, okra, pumpkins, melons and squash.

### Concrete Floor for Hog House Thwarts Moisture

There are two ways to keep the moisture from interfering with concrete floors of a hog house. One is to lay floor tile of clay under the floor on a good foundation and then place an inch of mortar over the top of this tile and between the joints. The other way is to use coarse gravel and small rock under the floor. If the location is a low one the tile will be considerably more valuable for this purpose. When a good mixture of concrete is used there is little trouble with moisture. The proportion of sand and cement in the cement mortar on top of the tile should be one part cement to two and one-half parts of sand.

Moscow, Idaho, Tuesday, April 2, 1929.  
The Board met this day pursuant to adjournment, present,  
JOHN L. WOODY, Chairman  
JOHN CONE and RUDOLPH E. NORDBY,  
Commissioners, and  
HARRY A. THATCHER, Clerk.

This being the time fixed by law, and the notice heretofore published, for the hearing of protests to the proposed budget of Latah County for the ensuing fiscal year, and no one appearing in person to protest, now, therefore,  
BE IT RESOLVED that the following itemized statement of proposed expenditures be, and the same is hereby adopted as the final budget of Latah County for the ensuing fiscal year:

#### COMMISSIONERS' PROCEEDINGS

(Concluded from preceding page)

Labor	357.14	
Expense	824.80	\$3,751.52

**Crescent Clippings**

Miss Eva Slatter returned to Kauder's, Thursday, from Park where she visited a few days with Mr. and Mrs. Stuart Wilson.

Mrs. Bill Dorendorf and children visited with Mrs. Anna Kimbley, Friday.

Miss Eva Slatter and Abner Cowger spent Thursday evening at the Mike Forest home.

Mrs. W. H. Looser visited with Mrs. Wm. Kauder, Monday afternoon, and with Mrs. James Farrington in the evening.

Sunday guests at the Andrew Dorendorf home were Mr. and Mrs. Bill Dorendorf and children and Mrs. Anna Kimbley and children.

Miss Eva Slatter was a supper guest at the C. L. Trail home, Friday evening.

Mrs. Gus Farrington and children visited at the Wm. Kauder home Sunday afternoon.

Mr. and Mrs. John Darby and daughters, attended the graduation exercises at Linden Thursday evening.

Mr. and Mrs. James Farrington and son visited Sunday afternoon with Mrs. Farrington's parents, Mr. and Mrs. W. L. Hunt of Linden. They brot Helen Hunt back with them for a visit.

Mr. and Mrs. George Lockhart and family were Southwick visitors, Tuesday.

Miss Eva Slatter visited Saturday evening at the James Farrington and Gus Farrington homes.

George Lockhart helped John Darby several days with his plowing.

Mr. and Mrs. Bill Dorendorf and children visited Saturday at the Mike Forest home.

Gus Farrington and Zeb Roberson went to Lewiston Monday, on business.

Miss Eva Slatter returned to her home near Island, Sunday.

**M. E. CHURCH NOTICE**

Sunday school ..... 10 a. m.  
Morning service ..... 11 a. m.  
Epworth League ..... 7 p. m.  
Evening Service ..... 8 p. m.  
Please note the change in time.

Our new pastor, Rev. Claud Groth will have charge of the services, and we are extending an invitation to the people of Southwick and American ridge; also all others who wish to join in these services. A basket dinner will be served in the church basement, immediately after the morning service. Those who wish to participate in this part of the service are requested to bring lunch. The Ladies Aid will serve coffee to all.

**Land of Fine Flowers**

Brazil has given to the world many of the most beautiful flowering plants; its famous orchids adorn greenhouse all over the world. What is said to be the greatest water lily in the world, the "Victoria Regia," is to be seen in a pond of the Rio Botanical gardens.

**THE JUGGLER**

**Prizes Given**

The Curtiss Publishing Company, whose representative started a contest among the students of the high school to see which one could sell the most subscriptions to "The Country Gentleman," "The Ladies Home Journal," or the "Saturday Evening Post" gave prizes to those who sold at least three. Those receiving prizes, an eversharp pencil, were Nona McAllister and Elbert Long. They each brought in three subscriptions.

**Cherry Blossom Queen Chosen**

At a meeting of the student body Monday morning Bessie Blevins was elected Cherry Blossom Queen from Kendrick high school. She will go to Lewiston to the Cherry Festival on Friday where she will be entertained by the Chamber of Commerce. On Saturday in the parade she will attend the Lewiston Queen.

**Typing Contest at Spokane**

Last Thursday Doris Emery and Lillian Long, accompanied by Mrs. Jarvis, typing instructor, went to Spokane to compete in the district typing contest. Neither contestant placed.

**The Junior Prom**

The Junior Prom was given at the gymnasium last Saturday night. The decorations were carried out in Dutch colors, blue and white, to carry out the color scheme in the dance programs, which were white Dutch shoes, outlined in blue. Everyone attending reported a good time.

**Chuckler**

Being struck by a happy thought never hurt anybody.

Emma Glenn: "Harley, stop asking so many questions. Curiosity killed a cat, once."  
Harley: "What did the cat want to know?"

Irene D.: "Mr. Beardsley must be pretty old."  
Elbert: "What makes you think so?"

Irene: "He told me he taught Ceaser for twelve years."

Mr. Jarvis: (In history class) "In what battle did General Custer get killed?"  
Walton: "His last one."

**Fifth and Sixth Grades**

The fifth and sixth grades celebrated John Knepper's ninth birthday Monday afternoon. After a number of lively games were played, John gave his classmates a pleasant surprise when he appeared with a beautiful over-sized cake. It was decorated with pink frosting, John's name in bright colored candies, and nine white candles. John served every one with a generous piece. For some reason the children seemed to find it hard to leave when school was dismissed.

**First and Second Grades**

The children of the first and second grades are enjoying a sand table circus in connection with their lessons in reading about wild animals and their habits.

Tuesday Darline Cardinal returned to school after a long absence. Her return gives the primary room a full attendance again.

The new primary 10c classics to be used as supplementary readers have come. The children will cover them with heavy paper and have them ready for use next week.

**Seventh and Eighth Grades**

Saturday, May 4, several members of this room and of the fifth and sixth grade room took part in the Nez Perce County Track Meet at Lapwai. When we tell you of the prizes brought home by Kendrick, please consider the number of students they had to compete with and too, that this was the first time most of these children had ever even witnessed a track meet, and the number will not seem so small. The prizes won by Kendrick were: Katherine Emery, first in basketball shooting, for age 11 years; Nettie Mae McDowell, second in basket shooting and second in ball throwing for age 13; Ralph Blevins, second in running broad jump for age 13; Kenneth

**NOTICE OF ADMINISTRATOR'S SALE OF REAL ESTATE**

In the Probate Court of Latah County, State of Idaho.

In the matter of the Estate of Columbus N. Clark, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned Administrator of the estate of Columbus N. Clark, deceased, will on Monday, the 27th day of May, 1929, at 11 o'clock A. M. of said day in the office of A. H. Oversmith, at Moscow, Latah County, State of Idaho, sell at public auction all of the right, title and interest that the said Columbus N. Clark had in and to the hereinafter described premises at the time of his death, and also all of the right, title and interest which the estate of the said decedent has acquired by operation of law or otherwise in and to the following described premises situated in Latah County, State of Idaho, to-wit:

The East Half (E 1/2) of the Northeast Quarter (NE 1/4) and the East Half (E 1/2) of the West Half (W 1/2) of the Northeast Quarter (NE 1/4) of Section Eight (8), in Township Thirty-seven (37) North, Range Three (3), West of Boise Meridian; also a strip of land one rod wide beginning at the Northwest corner of the above described tract and running west 40 rods to the Quarter Stake of said section.

Also the Northeast Quarter (NE 1/4) of Section Twenty-six (26) in Township Thirty-eight (38), North, Range Four (4), West of Boise Meridian.

NOTICE IS FURTHER GIVEN that such sale will be made subject to the lease on the above described real estate expiring on October 1, 1929, and that ten per cent (10%) of the sale price shall be paid by the purchaser on the date of sale and the balance shall be paid upon the confirmation of the sale by the above entitled Court.

Dated and signed at Juliaetta, Idaho, on this 1st day of May, 1929.

A. W. BEHRENS,  
Administrator of the estate of Columbus N. Clark, deceased. 18-4

**Speeds Up**

Stenographers desiring to increase their speed in shorthand find that taking down radio sermons or talks is a good way to do it.

**Notice of Sale of Real Estate by Latah County for Monday, June 10th, 1929.**

Notice is, Hereby Given That in under and by virtue of an order of sale and resolution made by the Board of County Commissioners of Latah County, Idaho, on Wednesday, April 10th, 1929, the hereinafter described lots, pieces and parcels of land, situated in the County of Latah and State of Idaho, will be sold, or offered for sale, by the sheriff of said County, at public auction, at the front door of the county courthouse, in Moscow, Latah County, Idaho, on Monday, June 10th, 1929, at 2:30 o'clock P. M. of said day, or at such time or on the day to which the sale may be postponed or adjourned, to the highest and best bidders for cash, or such terms as the Board of County Commissioners may determine, which property is held by Latah County, under and by virtue of tax deeds, and is known and described as follows, to-wit:

Dated at Moscow, Idaho, this 10th day of April, A. D. 1929.

HARRY A. THATCHER,  
Clerk of the Board of County Commissioners, Latah County, Idaho. 16-6

**Call For Bids For Crushing And Hauling Rock**

Sealed bids and proposals will be received by the undersigned good road district at the office of the clerk of the Board of Commissioners at the Bank of Juliaetta, Juliaetta, Idaho, at any time prior to the hour of nine o'clock, A. M. on the eighteenth day of May, 1929, for crushing, hauling and delivering approximately four thousand yards of rock. Approximately three thousand yards thereof not to exceed one and one-half inches in diameter and approximately one thousand yards thereof not to exceed three-fourths inch in diameter. All of said rock to be hauled and delivered at such points on the highways hereinafter mentioned as shall be designated by any duly and regularly authorized officer, agent, or employee of the undersigned good road district. Said highways being more particularly described as follows, to-wit:

Commencing at the western boundary line of Juliaetta, Latah County, State of Idaho, extending thence in a westerly direction along the main highway for a distance of approximately four miles.

Also, commencing at the southern boundary line of said town of Juliaetta, extending thence in a southerly direction on the main highway to Lewiston for a distance of approximately one mile.

Also, commencing at the north end of main street in the town of Juliaetta as now existing, thence northeasterly on the Kendrick highway for a distance of one mile.

The undersigned good road district undertakes and agrees to furnish a crusher site as heretofore designated.

All bids shall be in writing, and must be accompanied by a certified check or cashiers check in a sum equal to five per cent of said bid, payable to the order of the undersigned highway district to be held by it as a guaranty of good faith pending the completion of any contract based upon the acceptance of said bid.

Any contract made pursuant to this notice shall be accompanied by a bond as required by law, and the successful bidder shall be required to carry Industrial Accident Insurance as provided by statute.

The Board of Commissioners hereby reserve the right to reject any and all bids received pursuant to this notice, or to accept any bid or proposal which it may deem for the best interest of the district.

Inquiry concerning further particulars may be made at the office of the Clerk of the Board of Commissioners above mentioned.

Dated this twenty-third day of April, 1929.

GOOD ROAD DISTRICT NO. 2, OF LATAH COUNTY, IDAHO.

By R. H. Hall,  
S. S. Taber,  
J. Whalen.

Correct-Attest: A. W. Behrens,  
Clerk. 17-3

**Thistles Routed by Use of Alfalfa Crop**  
Prepare Early for Treatment of Infested Fields.

"For Canada thistles use alfalfa." This is the prescription of A. L. Stone, state weed commissioner for Wisconsin, and the medicine even when taken in large doses is not hard to take. For besides destroying the thistles, a good crop of rich forage is produced. But soil and other conditions must be right if alfalfa is to thrive and the Canada thistles must be partly subdued before the alfalfa seed is sown, according to Stone. "Now is the time to begin work on Canada thistle infested grain fields where alfalfa is to be produced next year," advises Stone. "Plow as soon as the grain crop is removed and turn the soil deeply enough to bring the running roots up to the surface. Then with a spring tooth harrow the roots will be pulled to the surface where

they can be dried and killed by sun and wind. The field should be kept cultivated until the ground freezes, in an effort to keep the plants from forming stems. "Next spring the field may be plowed again a little deeper than the first time, and lime should be added if necessary," recommends Stone. "The first week in June alfalfa seed may be sown at the rate of 20 pounds per acre without a nurse crop. Within two or three years the Canada thistles will be destroyed and in their place will be a fine stand of alfalfa."

**Poster on Scabies Is Issued by Government**  
To aid in the suppression of the serious contagious diseases variously known as scabies, scab, and mange, the bureau of animal industry, United States Department of Agriculture, has issued a poster on the subject. Enlarged illustrations of scab mites show the various forms which attack sheep, swine and horses. The poster shows also a typical advanced case of a scabby sheep and likewise a calf affected with scabies.

"Urging stock owners to isolate and report suspected cases to the nearest veterinarian, the poster explains that the disease can be eradicated by dipping in lime sulphur or nicotine solution. At least two dippings, 10 to 12 days apart, of all infected and exposed animals are necessary for a cure. Though the interstate movement of live stock affected with scabies is prohibited by federal laws, there is still an opportunity for stock owners to co-operate with veterinary officials in suppressing local outbreaks promptly. Copies of the poster may be obtained upon request by persons interested in furthering the suppression of the disease. Write to the United States Department of Agriculture, Washington.

In starting Bermuda grass pastures prepare the land as for corn. Plant pieces of sod 2 feet apart, in furrows, 4 feet apart. Shade apples to cows as well as to their youngsters, and what a difference it makes in the weight of the milk pail after milking!

**POULTRY FACTS**

**FOOD FOR CHICKS GIVEN BY KAUPP**

**Mash and Grain Should Be Fed First Nine Weeks.**

The 100 chicks with which one will start a poultry flock of 50 hens to be raised, will first need 450 pounds of feed up until the ninth week, and thereafter, for the whole year, the 50 hens selected will need 4,250 pounds of feed.

"The 450 pounds of feed needed for the 100 chicks up until the ninth week should be 250 pounds of mash feed and 200 pounds of grain," says Dr. B. F. Kaupp, head of the poultry department at the North Carolina State college. "Then when the 50 hens are selected from the lot, these hens will need 50 pounds of grain and 35 pounds of mash per hen for a year. This makes at total of 4,250 pounds of feed that should be provided on the home farm. Of this amount 2,500 pounds is grain feed and may be supplied by 23 bushels of corn, 24 bushels of oats and 13 bushels of wheat. To supply the 1,750 pounds of mash feed also in the ration, the grower should raise 10 bushels of corn and 11 bushels of oats."

Some additional feed will also be needed on the poultry farm for young and growing birds, therefore, Doctor Kaupp says, if the average farm keeping a flock of 50 adult hens will produce for the poultry, 25 bushels of corn, 26 bushels of oats and 15 bushels of wheat, the owner will need to buy only about 400 pounds of fish meal or meat meal, 400 pounds of middlings and 75 pounds of bone meal to have his birds well fed.

Doctor Kaupp has worked out a laying mash and a grain feed which has given excellent results on the experimental poultry farms. The successful farmer who keeps a flock of pure-bred poultry as a side-line should not have to buy his feedstuffs. They can be raised and mixed at home with excellent results, declares Doctor Kaupp.

**Delouse Setter Before Putting Her on Eggs**

Before you set any hen not known to be absolutely free of lice, give her some sort of treatment to destroy lice and then see that the nest is clean, with fresh nest material. The nicotine sulphate treatment recently discovered is one of the easiest ways to delouse a setting hen. Paint a few dabs of it in the bottom of a box just large enough for the hen to sit in, and put her in it over night. It will not deter her from setting but it will destroy all living lice. Now use a bit of blue ointment in the region below the vent where lice breed and there will be no lice problem when chicks hatch. If a lousy hen is just about ready to hatch, paint the nicotine sulphate generously in a box that has been warmed to promote rapid evaporation of the fumes, and put the hen in for an hour, covering her eggs with warm flannel in the meantime. Use the blue ointment also to get the nits that may hatch. There are other ways of delousing which takes more time. Whatever is used, do it before the chicks hatch and avoid the troubles that lice bring.

**Poultry Hints**

Liquid skim milk is "great stuff" for chicks. Look out for substitutes.

Buckwheat is often used in the scratch feed. It is high in fiber, although not as high as oats.

Trap nesting is the only sure way to get an exact record of a bird or flock production, but it is hard work.

According to experience it is not necessary to feed cracked corn when good whole corn can be raised or purchased.

In addition to the mash, the hens should be given all the grain they can eat, especially in the afternoon before roosting time.

It is a mistake to crowd 200 pullets into a house 100 feet long. From 3 1/2 to 4 square feet of floor space should be allowed each bird.

Wheat screenings should never be used if musty, sunny or heated because it may have a bad effect on the digestive tract of the fowl.

By trap nesting you are sure to select your best layers and by breeding from them, provided they are of good standard requirements, you can soon increase your flock average.

Poultrymen should be on the alert for the appearance of roup or chicken-pox in their flock. Flock owners cannot afford to have their flocks thrown out of production at the season of high prices.

From ten days to two weeks after mating, hatching eggs may be saved. The care of the eggs while holding may influence in no little manner the success of the hatch. Eggs should be held in a dry room at a temperature to 55 to 60 degrees Fahrenheit and turned at least once each day.

*The* **DAIRY**

**GARLIC FLAVORED MILK NOT WANTED**

**Precautions Needed to Keep Cows Away From Plant.**

Garlic may have its place in the dietary, but that place does not include the milk supply. Most consumers, in fact, object seriously to milk tainted with its noisome odor and, ordinarily, only a few bottles of it need be left at their door to cause them to change dealers.

Because of this, the dairy department of the New Jersey agricultural experiment station, New Brunswick, has suggested that dairymen take special pains to keep their cattle from indulging in the pernicious weed which causes the trouble. It has been found that even a very little partaking of this member of the onion family will become evident in the milk given by the cow shortly afterwards. Where milk purifiers are available to the milk distributor it is possible to remove much of the garlic aroma, but since such devices are not in universal use, various precautions are needed to keep the cows from the garlic plant. This is, especially difficult in the spring just after the herds are turned out to pasture.

One method of circumventing the difficulty is to turn the young stock out on pasture at least two weeks ahead of the milking herd. In this way the young animals eat off the weeds. When the milking herd does finally go to pasture it should be returned to the barn about noon every day for a few days and given a liberal feeding of hay. Several days may pass before it is safe to turn the herd out at night. After that the garlic has become more or less stunted in growth and the animals have lost their first tendency to eat everything that is green. In other words, they seem to become more particular in their eating.

**Milk Powder for Calves Tried in Various Ways**

Many dairymen have tried in various ways to make use of skim-milk powder in calf feeding. Maurice Baird, connected with Ohio State university, who has charge of a number of dairy calves now on feed, outlines this method:

Use whole milk until the calf is two months old. This should be followed by a dry feed mixture. 300 pounds each, corn and cob meal, and ground oats bran, and 100 pounds oil meal. Two to three pounds of this mixture is fed daily. Skim-milk powder is added to the feed so the calf will receive one and one-half pounds of the mixture. Feeding is made at morning and evening periods. The skim-milk powder is omitted when the calf reaches nine months. Mixed hay and a pound of dried beet pulp are used, and plenty of water is available at all times. Silage may be used, replacing the beet pulp. Plenty of salt is supplied. Clean stalls at all times, and these stalls when cleaned should be sprinkled with lime, after which a plentiful supply of bedding is applied.

"The eye of the master fatteneth his flock," is always a part of the scheme of animal feeding. Experiments with skim-milk powder diluted in water have caused calves to get off feed, and have affected digestion. Skim-milk powder is well supplied with minerals needed by the calves. The cost of feeding and raising a heifer is so great that only good stock should be considered. Stock from disease-free herds, kept and raised under sanitary conditions, is the most desirable.

**Supplement Grass With Efficient Grain Feeds**

The dairy farmer loses a great deal of money through turning milk cows out on pasture during the spring and summer months and not supplementing the grass with grain. True, the milk flow is very often stimulated to a marked degree as soon as the animals are turned out, but at a loss of body weight. Spring pasture is relatively high in protein and consequently we are interested in feeding a grain mixture that will keep the cows in good flesh and at the same time maintain their production. In this case a ration testing about 12 percent protein should be used. During the late summer when the pastures are poor the protein of the grain mixture should be raised to about 16 per cent and silage can be added to supply the cow with succulence.

It is practically impossible to bring a cow back to high production in the fall when she has not been grazed during the summer months.

**Feed for Calves**

Give the calves access to the hay and fodder, allowing them to eat as much as they want. A grain mixture of half-ground corn and oats would be satisfactory. Oats and barley give a little too much crude fiber for the young calf. Feed the grain dry and until about four months old give them as much as they will eat up clean. Then they are on limit the amount to not over three pounds per calf daily. Give water as soon as they seem to want it.

### Ship Live Stock by Motor Truck

For Identification Animals Should Be Marked With Paint on Hide

(Prepared by the United States Department of Agriculture.)

District supervisors engaged in administering the federal packers and stockyards act have observed that unbusinesslike methods in shipping live stock by truck have been resulting in frequent trouble, dissatisfaction, and errors, says the United States Department of Agriculture. In the handling of truck shipments received at a large public stockyard one supervisor reports that it is not uncommon for trucks to arrive at the yards carrying animals of the same kind belonging to two or more owners, with none of the animals in the load marked in any way for identification and ownership.

Identification of the different animals in the load is left wholly, in such cases, to the memory of the truckman, who probably never saw the animals before they were loaded into his truck.

#### Errors Sure to Occur.

District Supervisor Charles S. Jones, of National stockyards, Illinois, who has closely observed this field of live stock marketing, states: "Under such circumstances errors are sure to occur and unfortunately such errors reflect adversely, in the minds of owners, on the handling of animals after arrival at the market, when as a matter of fact the fault was due to the unbusinesslike procedure of allowing valuable live stock to be loaded into a truck with other similar animals without having them properly marked to provide positive identification."

Supervisor Jones urges that stock owners furnish the truckman with a signed invoice showing the owner's name, address, name of consignee, number, species, and markings of the animals consigned. These suggestions

are the result of careful study and analysis of such shipments and are in accord with the general plans of identification used in making shipments by rail.

#### Manner of Marking.

Though the manner of marking is a matter of choice, experience shows that the use of clippers for making identifying marks such as an X, L, or T in the coats of cattle and swine is becoming increasingly popular. The marks are easily made, readily seen, and are not affected by weather or other conditions of marketing.

Another common method is the application of paint marks. Either of these methods is suitable for marking small consignments such as are commonly shipped by truck.

A patch of spinach may be planted to advantage.

Lack of efficient use of machinery is more important than its exposure to weather.

### SUMMER CARE OF THE SHEEP FLOCK

Blowfly Is One of Most Persistent Trouble Makers.

With the coming of warm, pleasant weather we also have certain pests to combat and the blowfly is one of the most persistent trouble makers in the good old summer time, says a writer in the Missouri Farmer. As a preventive use some good healing remedy on the shear cuts. Sheep dip is good, add a little pine tar to keep flies away. In docking the late lambs one must observe them closely for blowflies. The wool should be kept clean and clipped closely from the rear end of the sheep during fly time.

Should you find maggots developed on the sheep some gasoline poured on the spot will rout them quick and not cause the wool to fall out. Sheep dip is also good but if you get too strong a mixture the wool will slip and the skin be blistered. Follow up the treatment with a little pine tar to avoid a second attack. Once the blowfly gets in his work the same sheep seems more susceptible to his ravages. Just a stain on the wool will often be the source of infection if not taken care of promptly. We always keep some tar mixed with a little sweet oil, a can of the best sheep dip and some gasoline handy in hot weather. Gasoline will give instant relief from maggots and cause no harm, but it evaporates very quickly and must be followed up with some other remedy that is a fly repellent. One needs to see his flock pretty often in warm weather to avoid losses from the causes mentioned above.

Should you notice a sheep limping see if there is any caked mud between the toes, or possibly you may find a hedge thorn. We have some osage orange hedge on the farm and quite often thorns give trouble. Also you will find a little gland opening between the toes, this sometimes becomes closed and always causes lameness. When it does squeeze the contents of the opening out and the trouble disappears.

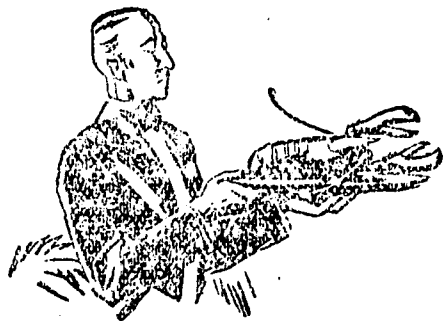

### Biennial Sweet Clover Now Extensively Grown

Biennial sweet clover is being extensively grown in parts of the United States at the present time, both as a pasture and hay crop. It fits into a crop rotation very nicely, is beneficial to the soil, provides a very heavy yield of pasture per acre and a fair yield of hay. Many men have pastured sweet clover pasture for a number of years with all kinds of stock to very good advantage and with no loss or sickness. Many also have fed sweet clover hay to all kinds of live stock with very good results.

Occasionally there has been a case of bloating of animals pasturing on sweet clover pasture and occasionally there has been losses of animals receiving sweet clover hay in winter due to a sickness that has the symptoms of some form of poisoning. These losses have been very small, however, in proportion to the amount of sweet clover that has been used and it is commonly believed at the present time that a farmer who is having difficulty providing good pasture for his stock can very well take the risk of growing and pasturing sweet clover, as the advantages of the sweet clover pasture are pretty apt to be greater than the risk.

### Live Stock Notes

- Watch the horses' and mules' shoulders.
- Exercise pregnant ewes as much as possible.
- Disinfect old hog houses with crude oil to keep down lice.
- Sows and litters should be protected against cold and rains.
- Alfalfa and clover pastures are good to keep a pig's appetite keen.
- Plenty of milk and good pasture makes lambs fat, tender, and juicy.
- Lambs on grass, and calves on clover, are making a lot of old farms over.
- There are advantages in having early spring pigs if we take good care of them.
- Pounds of lamb produced per ewe is the best test of the ability of a market lamb producer.
- Sheep may be fed raw potatoes nearly as well as cattle and can usually be fed about two and half pounds of potatoes per head.
- It is not necessary to feed coal to hogs, as wood charcoal is excellent, cheaper and safer. Charcoal helps to correct indigestion.
- About two pounds of cooked potatoes with grain and hay constitute a satisfactory allowance for sheep. Sliced, raw potatoes may be fed if they are free from disease and dirt.

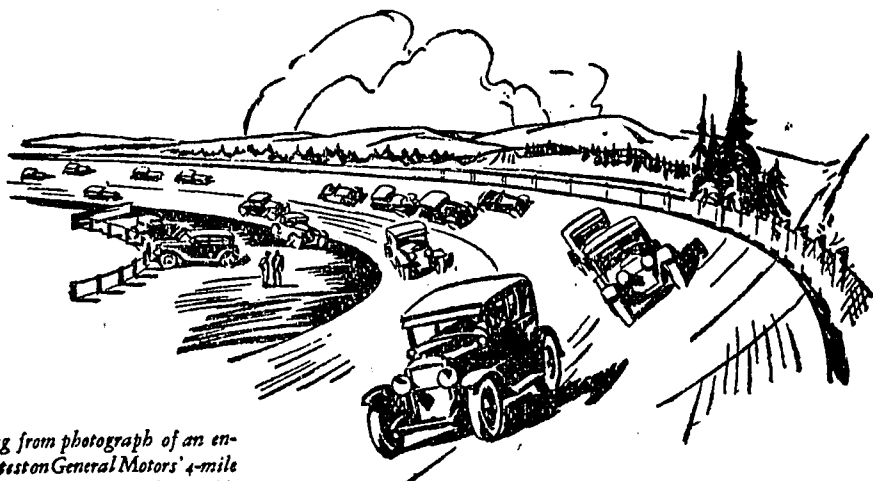

## "Bring me the winner!"

THE story is told of a man dining in a restaurant, who was served a lobster with only one claw. Upon complaining he was told by the waiter that this happened occasionally because the live lobsters fought among themselves in the kitchen. "Bring me the winner!" said the diner.

At the General Motors Proving Ground, a fleet of specimen cars, built long in advance of factory production, fight a battle of hills, bumps, and every other sort of torture. These cars are torn down and rebuilt until they are able to best every test. The tests involve speed, power, endurance, braking, riding comfort, handling ease, fuel, oil, and tire economy; body strength—every phase of car construction and performance.

Only the winner of all these tests is sent back to the factory to be used as a model for the construction of the car you buy. No matter what driving condition you face, your General Motors car is equal to it. You have the winner.

Drawing from photograph of an endurance test on General Motors' 4-mile test track, the largest in the world.

"A car for every purse and purpose"

**CHEVROLET.** 7 models. \$325—\$725. A six in the price range of the four. Smooth, powerful 6-cylinder valve-in-head engine. Beautiful new Fisher Bodies. Also Light delivery chassis. Sedan delivery model. 1½ ton chassis and 1½ ton chassis with cab, both with four speeds forward.

**PONTIAC.** 7 models. \$745—\$895. Now offers "big six" motoring luxury at low cost. Larger L-head engine; larger Bodies by Fisher. New attractive colors and stylish line.

**OLDSMOBILE.** 7 models. \$875—\$1035. The Fine Car at Low Price. New models offer further refinements, mechanically and in the Fisher Bodies—yet at reduced prices. Also new Special and De Luxe models.

**OAKLAND.** 8 models. \$1145—\$1375. New Oakland All American Six. Distinctively original appearance. Splendid performance. Luxurious appointments. Attractive colors. Bodies by Fisher.

**VIKING.** 3 models. \$1595. General Motors' new "eight" at medium price. 90-degree V-type engine. Striking Bodies by Fisher. Unusual appointments. Three years spent in its development and test.

**BUICK.** 19 models. \$1195—\$2145. The Silver Anniversary Buick. Three wheelbases from 115 to 128 inches. Masterpiece Bodies by Fisher. More powerful, vibrationless motor. Comfort and luxury in every mile.

**LA SALLE.** 14 models. \$2295—\$2875. Companion car to Cadillac. Continental lines. Distinctive appearance. 90-degree

V-type 8-cylinder engine. Striking color combinations in beautiful Bodies by Fisher.

**CADILLAC.** 25 models. \$3295—\$7000. The Standard of the world. Famous efficient 8-cylinder 90-degree V-type engine. Luxurious Bodies by Fisher and Fleetwood. Extensive range of color and upholstery combinations.

(All Prices f. o. b. Factories)

**ALSO**

**FRIGIDAIRE** Automatic Refrigerator. New silent models with cold-control device. Tu-tone cabinets. Price and model range to suit every family.

**DELCO-LIGHT** Electric Plants—Water Systems. Provide all electrical conveniences and labor-saving devices for the farm.

**LOCAL NEWS**

Jeff Buckles was transacting business in Kendrick the first of the week.

Fishing in the nearby streams on the opening day of the season proved disappointing to the hardier anglers who took a long chance and trid their luck. The only fish caught, so far reported, was a 25 inch trout or salmon that was landed in Bear creek by Ernest Roberts. The water is still too high for fishing.

Mr. and Mrs. John Dammarell and children were Lewiston visitors last Tuesday.

Mrs. J. W. Brieker of Plummer, Idaho, visited her daughter, Mrs. Abrams in Kendrick this week.

Mrs. N. B. Long returned Friday from Spokane where she visited her daughter, Mrs. Everett Key.

Jack Barnes, Gus Blum and Tony Eichner made a business trip to Pullman, Tuesday evening.

Prosecuting Attorney Abe Goff and Deputy Sheriff Jordan of Moscow were transacting business in Kendrick, Tuesday.

R. H. Ramey made a business trip to Lewiston, Tuesday afternoon.

Edna and Hazel Stanton were Moscow visitor last Friday.

Mrs. E. H. Dammarell and son, Quentin, visited Edith Dammarell at Kamiah, Friday.

Mr. Cardinal made a business trip to Spokane over the week end.

Louis Otnis of Moscow was transacting business here last Saturday.

Mr. and Mrs. Walter Thomas and little son came up from Lewiston Sunday to spend the day here. Walt played in the band in the afternoon.

Mr. and Mrs. House of Lewiston visited their daughter, Mrs. Beardley this week.

Elbert Kuykendahl was a Moscow visitor Wednesday.

Mrs. Bertha Eichner returned last Friday from a visit with her daughter in Spokane.

The Methodist Ladies Aid will hold a cooked food sale in the Kendrick Store on Saturday afternoon. Don't miss this. You will be sure to find something for your Sunday dinner.

Mr. and Mrs. C. J. Arstein of Spokane were week end guests of Mr. and Mrs. Gust. Luckens.

J. C. Bibb is visiting his daughter, Mrs. J. G. Gardner.

Mr. and Mrs. J. G. Gardner were Moscow visitors Wednesday.

A fairly large crowd attended the baseball benefit dance, held in the Fraternal Temple last Friday evening. Everyone reported a fine time. Music was furnished by the Kendrick orchestra.

Mrs. Wm. Watts and two sons, Bob and Joe, and Miss Rilla Davidson went to Pullman over the week end to visit at the Byard Davidson home.

**Cameron News**

Mrs. Amos Spekker and Mrs. George Wilken helped Mrs. Carl L. Wegner do some quilting last Monday.

Miss Madeline Schultz spent Saturday with Selma Wegner.

Miss Martha Abitz left Sunday for Bovill to visit with her aunt a few days before returning to her home in Spokane.

George Bunstein has spent the past week at the homes of Wm. and Chas. McCoy.

Clarence Hewett and family and Jake Berriman and family went suker fishing Saturday. After a satisfactory catch, they enjoyed a very delightful lunch.

George Wilken and family took dinner at the Amos Spekker home one day last week.

Grandma Schultz spent Sunday and Monday of this week at the home of her son A. W., and the latter part of the week with her son, Charles.

Carl Hartung has been doing some carpenter work for Mrs. Dennler of Fix ridge.

Mrs. A. F. Wegner was called to Tammany early Saturday morning on account of the death of her father, Mr. A. J. Hill, who passed away shortly after two o'clock, Saturday morning. She was accompanied by her husband, August F. and children. Burial was made in the Normal

Hill cemetery at Lewiston, Monday.

Mr. and Mrs. Amos Spekker and sons, Cecil and Vern, were Lewiston visitors Saturday.

Miss Martha Abitz, Carl L. and Aug. O. Wegner and Grandma Wegner drove to Lewiston, Thursday. Grandma stayed over to spend a few days with her daughter, Mrs. Geo. Ehlers, of that place.

Mr. and Mrs. Fred Mielke, Mr. and Mrs. John Schwarz and daughter, Marie, and Mr. and Mrs. Fred Newman and family spent Sunday afternoon at the home of Miss Emma Hartung, the occasion being the birthday anniversary of Miss Hartung. A very pleasing luncheon was served after which the guests departed for home, wishing Miss Hartung many more happy birthdays.

Members of the immediate families gathered at the Fred Silflow, Jr. home last Friday evening to celebrate the twelfth wedding anniversary of Mr. and Mrs. Fred Silflow, Jr. and the fortieth anniversary of his parents, Mr. and Mrs. Fred Silflow, Sr.

Mrs. Ida Stoneburner, Miss Emma Hartung and G. F. Cridlebaugh were dinner guests Wednesday evening at the home of Mr. and Mrs. Aug. O. Wegner.

**SCHOOL NOTES**

Honorable mention is made of Walter Koepp, Mildred Wegner and Lawrence Schwarz who made a grade of 99 per cent in the state examination in hygiene. Others who took the examination received very good grades ranging from 86 per cent to 97 per cent.

Some of the work done the past year in school will be exhibited Monday afternoon from 2:30 until 4:00. This work includes work from the drawing classes, primary classes, penmanship, and a few articles made by the boys and sewing by the girls. Patrons and members of the community are invited to visit school in order that you might see some of the work turned out.

Final examinations in all subjects will be given Wednesday and Thursday if next week. It is very important that each child be in school the last week of the term.

Cameron scored 167 points in the annual county track meet held at Lapwai, last Saturday. Until late in the day the Cameron team was running high in the scoring. The last event of the day, the relay races, brought the score of our nearest opponent to 190, placing them third and Cameron fourth. A cup is awarded the first place and a pennant to the second and third place. Our team made a wonderful showing considering the experience the members have had. The members of the team and places won are: Marvin Silflow, first place in fifty yard dash and standing broad jump; Muriel Hewett and Arthur Schoeffler, first place in the three legged race; Walter Koepp, second place in pole vaulting; Vernon Henry, second place in chinning; Glen Wegner, second place in running high jump; Everett Hewett, second place in the fifty yard dash and chinning; and Viola Schultz, third place in the fifty yard dash. Oscar and Selma Hartung won fourth place in the fifty yard dash adding extra points to our standing. Other members of the team who did not succeed in winning ribbons were, Emil Silflow, Clarence McCoy and Willard Schoeffler. The school has pledged its self to send a larger team and are going to strive for first place next year.

A number of school patrons from here were in attendance at the Track Meet. This was a great encouragement to the children. Here's hoping that we'll have a hundred percent attendance at the next meet.

**Cameron News**

As part of the Cameron cemetery lies in a very neglected condition, the ladies of the community have taken it upon themselves to try to improve its appearance.

They are asking all who have relatives or friends lying there to meet at the cemetery on Wednesday, May 15th, at 1 p. m. The afternoon will be spent in repairing fence, clearing away brush, and fixing up the graves. It is hoped that the men will be out to do their bit.

Donations of fence posts will be needed and would be well to be equipped with hammer, hoe, scythe or shovel.

It is hoped that those who can not donate their labor will make a pecuniary do. . . A dollar

from each family would build a nice fence and probably hire a man to clear the grounds.

The following committee has been appointed: Mrs. A. W. Schultz, Mrs. Gus Kruger, and Mrs. A. F. Wegner. Any member of this committee will be very glad to accept any suggestion or financial aid.

Wedding announcements and invitations printed at the Gazette office. 26-1
