### Bill of Sale

Chester A. Hendrickson, to Geo. P. Barnum of Barnum Lumber and

## Adult Class Gives Party

Last Friday evening the adult class of the Presbyterian church started their regular monthly social evenings at the home of Mr. and Mrs. J. L. Pearson. After an enjoyable evening light refreshments were served. Those present were Messrs. and Mesdames J. L. Pearson, E. H. Emery, N. E. Franklin, J. L. Dempsey, F. W. Ellis, R. H. Ramey, H. B. Thompson, C. A. Oppenborn and Mrs. Ben Cummings, Mrs. Ed. Long, Mr. Pearson and P. C. McCreary.

## KENDRICK SEES TWO FAST BASKETBALL GAMES

Starting the evening's game and entertainment off with a rush, the girls' basketball team won from the fast Lapwai girls aggregation to the tune of 20 to 11, the local girls leading almost all of the time, Lapwai being one point in the lead just once. This was one of the fastest and cleanest girls' games ever seen on the local floor and the girls were deserving of their win.

At no time was the game on ice for anyone until the last few minutes of play in the last quarter, when the locals scored twice and then converted on a free throw. There were a great many "throw outs", due more to the eagerness of the players on both sides than to inaccuracy.

The boys' game was an exceptionally fast one from the very first jump of the centers, for Lapwai and Kendrick have been rivals for the past two years. Lapwai had perhaps the edge of the fight from the very first, their team being practically all seasoned veterans, three of the men being three-year men, two being two-year men and one of one year, against this veteran aggregation.

Coach Jones matched an almost new team, no one having had very much experience, but the boys put up a good fight and gave a good account of themselves.

During the first quarter the fight was carried on with a great exhibition of pep from both sides, the second and third quarters being played at a good fast clip and the last quarter witnessed another spurt, that failed to register much impression on either side.

The game was quite free from fouls, only one man, a Lapwai player, being relieved because of personals.

## Lee Receives Appointment

According to dispatches from Washington, D. C., Wm. E. Lee, chief justice of the Idaho Supreme court, has been appointed as a member of the Interstate Commerce Commission to fill the unexpired term of Commissioner Campbell, resigned.

His nomination continues representation of the western intermountain country on the commission. Mr. Campbell was appointed in 1921 as a western man and his recommendation to the president for another man from the west is understood to have been a factor in the selection of his successor.

Justice Lee had the endorsement of the Idaho delegation in congress and of Senator Jones of Washington, Smoot of Utah and McNary and Stiewer of Oregon. No great protest was expected in the senate against confirmation of his nomination.

## Juliaetta Boy Passes On

Gerald Carlton, 9, son of Mr. and Mrs. Marshall Carlton, of Juliaetta, died Tuesday afternoon in a Lewiston hospital from nephritis, from which he had suffered three weeks.

Funeral services were held on Thursday afternoon at 1:30 o'clock from the Baptist church, the Rev. Charles McHarness officiating. Interment being in Normal Hill cemetery, Lewiston.

Gerald was a student in the fourth grade at the Fix ridge school. He is survived by a sister and five brothers, besides his parents. The sister and brothers are Gladys Carlton, William Carlton, John Carlton, James Carlton and Charles Carlton, all of Juliaetta, and Vance B. Carlton, of Lewiston. The body was at the Vassar mortuary.

## Genesee Hoopsters Here

Four auto loads of basketball players (23 in number) ate dinner here last Friday evening. They were on their way to Southwick to play the boys' and girls' teams of this place Friday night. They were accompanied by Supt. Riddle of the Genesee public schools.

## FUNERAL OF SIDNEY A. HAMMOND, LATAH PIONEER

Sidney A. Hammond, one of the oldest Moscow pioneers, passed away at his home in Juliaetta on Sunday, January 5, 1930, after an illness of a few months.

He was born in Batavia, Ill., October 31, 1850; died January 5, 1930, being 79 years, 2 months and 5 days old. He spent most of his boyhood days in Iowa. When a young man he went with his parents to Clay Center, Clay county, Kansas, where he homesteaded and where he was married in 1877 to Mary E. Bracy. To this union was born seven children, of which three are still living. They came to Moscow, Idaho, in 1888, arriving October 31, on his 38th birthday.

He was converted in the Baptist church when but a boy and lived his religion from day to day and was a devout church-goer until he became so deaf he could no longer hear the services. His first wife, Mary Hammond, died August 29, 1905. Mr. Hammond was married to Virginia Neel in December 1909. He leaves a wife and step-son, Frank Neel, three daughters, Mrs. Geo. McClintic, Juliaetta, Mrs. John Kite, Kendrick and Mrs. Jess Cox, Lewiston, and four grandchildren; two brothers, Frank of Oklahoma, Levi of Moscow, a sister, Mrs. L. D. Arnold, of Moscow, and a host of friends to mourn his passing.

Funeral services were held from the Baptist church, Juliaetta, with the Odd Fellows in charge, the sermon being by Rev. Taber. Mrs. Sam Nye sang a beautiful solo; N. E. Walker, Thomas McDowell, Roy Ramey and Lester Hill sang three beautiful quartet numbers, accompanied on the piano by Mrs. Elmer Emery. Interment was in the Moscow cemetery.

## Who has learned along the way—

Primrose path or stony steep  
More of wisdom than to say  
"Now I lay me down to sleep."

## What have you more wise to tell

When the shadows round me creep,  
All is over, all is well—  
"Now I lay me down to sleep."

We wish to thank our friends and neighbors for the kindness and sympathy shown us in the loss of our husband and father, also for the beautiful floral offerings.

Mrs. V. L. Hammond and children.  
Mr. and Mrs. Geo. McClintic.  
Mr. and Mrs. John Kite.  
Mr. and Mrs. Jess Cox

## SENATOR THOMAS, IDAHO, HONORED BY APPOINTMENT

That Idaho's junior United States senator is receiving recognition in Washington is shown by the fact that he has received one of the most important committee appointments ever accorded a senator with so short a record in Washington.

The new senate Republican organization set up with Senators LaFollette, Wisconsin, and Thomas, Idaho, on the finance committee, was formally approved by the committee on committees and will be placed before a party conference.

Senator LaFollette and Thomas, a member of the "young guard," were tendered places on the powerful committee. The committee usually is reserved for the "old guard regulars" only.

The consideration for the two men was after party leaders were greatly worried over a selection, the president taking no hand in the appointments.

The veteran Senator Smoot of Utah, chairman of the committee, himself cast the deciding vote in the committee, on committees which overruled the attempt of Senators Reed, Pennsylvania, Moses, New Hampshire and Bingham, Connecticut, to keep LaFollette from the committee assignment.

Both the Independents and the "young guard" had no representative on the important committee. Now for the first time in several years the northwestern agricultural areas will be represented.

## Hear of Granddaughter

Mr. and Mrs. Fred Crocker were informed on Saturday evening that their granddaughter Marjory Baker, of Lucile, Idaho, underwent an operation for appendicitis in Cottonwood. She had been seriously ill in her own home for three days, but how, the report states, is recovering nicely.

## WILL IDAHO GET GOVERNMENT AID MONEY?

Boise—That the people of Idaho are facing a major problem in the development of the state's highway system, was declared most emphatically by Governor H. C. Baldrige upon his return from the northern end of the state where he made contacts concerning the highway problem. That this problem is timely was also determined by the governor.

It is the opinion of the Governor that the state is squarely up against a business proposition, and one in which action is the keynote. Here are the facts:

Idaho was short some \$400,000 this past year in being able to take up all available federal funds for highway work. The federal government is very likely going to increase the amount of federal aid to the states and Idaho's share of the increase will be around \$620,000. This will be available July 1. In addition the government will probably increase forest-highway funds \$400,000 for Idaho. This money does not have to be matched nor is it all spent in national forests. Much of it goes on the state highway system.

If Idaho is unable to match the \$620,000 additional federal aid it will be lost, and to the Governor it looks like bad business for the state to lose this much money when the government's basis of participation is more than half the cost of a project.

Governor Baldrige says he welcomes a thorough discussion of this problem by organizations and individuals everywhere in the state, but he urges that any action putting organizations on record be deferred until the whole picture can be given.

An opportunity for this to be done, he says, is given in the annual meeting of the Idaho State Chamber of Commerce at Pocatello, January 16. There Joe D. Wood, commissioner of public works, will present the entire problem of state highway construction and maintenance, together with the all-important problem of financing.

Governor Baldrige says he hopes organizations discussing this problem will arrange to have representatives at this meeting so they can come into possession of facts concerning the seriousness of the problem and why it is a problem now.

## Had Good Time

Although only a small crowd was present at the dance given last Friday night, a splendid time was reported by all.

## MAGPIES ARE SCARCE— DUE TO EGG CONTEST

Last spring a magpie egg contest was held here, sponsored by the Kendrick Commercial club, when many hundreds of eggs were brought in.

Wade Keene was in town from Big Bear ridge Tuesday and reported that he sees only a few magpies, whereas in former years hundreds might be seen at any time. He stated that in former years they were always bothering his traps, while this year he has the first one to find in a trap.

Mr. Keene is very much interested in the protection of game birds and thinks the best way to do it is to kill off their natural enemy, the magpie, which annually destroys thousands of game birds' eggs.

The above will be good news to the sportsmen of this section and should encourage the participants in last spring's "eradication" of the magpie movement to put forth greater efforts for the coming spring. Let's not forget this and make a stronger effort to rid the territory of every magpie in it.

## Afternoon Bridge Club Meets

The afternoon bridge club met at the home of Mrs. L. J. Herres. High score prize was won by Mrs. Frank Boyd and the consolation by Mrs. Roy Ramey.

Guests of the club were Mrs. Jack Carrol and Mrs. Rider.

After a delicious hot lunch the president, Mrs. A. K. Carlson, called a business meeting. The members voted to give a 7 o'clock dinner on Tuesday, January 14, in honor of their husbands at the home of Dr. and Mrs. Field. During this same meeting Mrs. Rider was elected a member of the club.

The meeting adjourned to meet January 22 at the home of Mrs. Wm. Jones.

## Highway Commissioners Meet

A meeting of the commissioners of Kendrick highway district was held Saturday morning, commencing at 10 o'clock. Only routine business was transacted, with the exception that the two new commissioners, elected last month, were inducted into office. They are Ira Havens of American ridge and Harold Nelson of Big Bear ridge.

An adjourned meeting of the board was held Thursday of this week, report of which will be given next week.

## COMMERCIAL CLUB HOLDS INTERESTING MEETING

The regular monthly meeting of the Commercial club was held at the Commercial hotel Tuesday evening and was attended by some 20 business men, members of the organization. The hotel dining room was nicely decorated for the occasion.

The first thing on the program was a turkey dinner, prepared by the hotel management and to which those present did ample justice. After dinner the tables were cleared and the business of the club begun.

The meeting was called to order by President Ramey and the minutes of the preceding meeting were read and approved, after which several communications were read by Secretary Openborn, among them being one regarding material purchased for the baseball team last summer. The club decided to take care of the matter. Two communications from the State Chamber of Commerce regarding the issuance of bonds by the state for the purpose of building roads were read, but no action was taken.

Proposals for the holding of some sort of an entertainment at the next regular meeting were discussed. It was finally decided to hold an old-fashioned Colonial box supper in the Fraternal hall during the week of February 13-18, arrangements for which were left with the entertainment committee. Some form of entertainment will also be given, probably a minstrel show, information regarding which will be given later.

The Commercial club wishes it to be distinctly understood that the supper and entertainment is open to the entire world—and not just for members of the club and their families. It is to be a community affair and they expect everyone to be there—the ladies with their baskets and the men with their pocketbooks, with the strings untied.

More information will be given at a later date.

## Mercury Hits Low Point

The lowest point the mercury has hit thus far this winter at Kendrick was Tuesday morning, when it stood at three degrees below zero at 6 o'clock Tuesday morning, that being the lowest point reached during the night, on the hill. Other thermometers down on Main street registered as low as eight and ten degrees below zero. But we are now so bad off as some other places in this part of the country. At Moscow it reached 6 degrees below zero and at Lewiston it stood at zero at midnight and was expected to go lower.

There were severe storms and cold all up and down the Pacific coast Monday and Monday night, demoralizing wire service and traffic. The Columbia river was frozen from bank to bank below The Dalles. So, all in all, we did not fare so badly during the past few days.

Some five or six inches of light snow fell during Wednesday afternoon and night.

## Is Still Unconscious

A telephone conversation with friends with Otto Rauske, who is with his brother, Ed. Rauske, who was seriously injured in an auto wreck some weeks ago, in Seattle, stated that the latter is still unconscious from his injury but that he has a slight chance for recovery providing consciousness returns within six weeks from the time of the injury.

The many friends of Mr. Rauske are hoping for the best.

## Stockholders Meeting

The stockholders of the Fraternal Temple company held their annual meeting Tuesday, January 14 in the Temple hall, where the following officers were elected for the ensuing term: President, E. A. Deabold; vice president, Frank Nesbit; secretary, Edgar Long; treasurer, Dr. Geo. W. McKeever. The above officers, with M. O. Raby, comprise the board of directors.

## KUYKENDALL TO RECEIVE PAY FOR MINE INJURIES

Elbert L. Kuykendall received word on Saturday from Boise that he had been awarded a judgment against the Tamarack and Custer Consolidated mining company of Wallace and the Hartford Accident and Indemnity company, by the Idaho Accident and Industrial board in the amount approximating \$6,500, having been awarded "back pay" for 387 weeks and five days, according to the statement sent Mr. Kuykendall.

In making this award the board brings to an end one of the hardest fought cases it has had to contend with in recent years. Kuykendall was employed at the Tamarack & Custer mine at Wallace when he received an injury to his back in November, 1924, as a result of which he was totally incapacitated from work. Soon after the injury Potts disease developed and made terrifying inroads on Kuykendall's system, so much so that for the last five years he has been bed-ridden until recently.

Hearing after hearing was conducted at Kendrick, Lewiston, Wallace and a continuation of one of these sessions was held at Spokane. The mining company and its surety fought the case on the grounds that Potts disease, which is a tubercular infection of the bones, was developed in Kuykendall before he was hurt, and that the spread of the disease was not due to the mine accident. Expert testimony was introduced by both sides in an attempt to break down contentions of the litigants. The hearing at Lewiston was conducted at the Bollinger hotel on account of Kuykendall, sent from Kendrick to Lewiston on a stretcher, being unable to undergo the ordeal of being carried upstairs to the district court room.

In their findings the industrial board held that even were Kuykendall suffering from tuberculosis as claimed by the mining company up to November, 1924, that the disease did not manifest itself to any degree until after the accident.

## Power Farming Short Course

Farmers who attend the annual power farming short course at the University of Idaho department of agricultural engineering, which opens January 27 and continues to February 8, will have an opportunity to study the latest tractor models, announces Hobart Brereton, head of the department. Modern trends in agriculture and power farming problems will be discussed during the week by faculty members of the University of Idaho.

Dean E. J. Iddings of the college of agriculture will discuss "The Trend of the Times" and Dean Ivan C. Crawford of the college of engineering will talk on "The Transportation of Farm Products." Other speakers and their subjects include: Mass. Production of Agriculture; Hobart Brereton, head of the department of agricultural engineering; "Power Farming Organization," P. A. Eke, head of the department of agricultural economics; "The Bulk Handling of Grain," E. N. Humphrey, department of agricultural engineering; "New Developments in Tillage," G. R. McDole, soil technologist with the experiment station; "The Principles of Operation of the Internal Combustion Engine," John Schoeten, assistant agricultural engineer.

Visitors week for this year's course is February 3 to 8. The date of the annual banquet will not be selected until after the course opens.

## Entertained at 7 o'clock Dinner

The afternoon bridge club entertained their husbands at a seven o'clock dinner at the home of Mr. and Mrs. J. B. Helpman Wednesday. Each family brought a covered dish and the dinner was built around a chicken pie. After dinner the party indulged in bridge until around eleven-thirty, the high family score going to Mr. and Mrs. Helpman and low score to Mr. and Mrs. S. Cook.

Those present were Messrs. and Mesdames Helpman, Boyd, Ramey, Jones, Carlson, Leith, Rider, Cook and Thompson, Mrs. Herris and Mrs. Callison.

## Logging Operations to Begin

W. K. Jacks, logging contractor, stated Tuesday that the Cedar Creek road district had given them permission to use the road and that logging operations would begin at once. The logs will be loaded on the cars at Kendrick for Lewiston.

(Continued on page 3)

Herbert and Edwin Mielke, Eerbert and Ernest Schwarz and Walker Koepf, called on G. F. Cridlebaugh Monday evening.

#### Must Stop Swearing Over Radio

Word has been sent out from Washington, D. C., to the effect that steps will be taken at once to stop the use of alleged profane language over the radio from KWKH at Shreveport, La.

Shreveport is one of the best known stations on the air from the fact that its announcer has been heard in all parts of the country—as well as some very good programs from that station.

#### Teakean News

We are having zero weather here now, but the snow is not deep. It is just about right for good sledding.

The Huffmann brothers are having their logging done now. They have a full crew at work.

There is quite a lot of sickness in this community, several cases of mumps, some of flu and some have pink-eye.

#### CHURCHES

**Kendrick Methodist Church**  
Rev. Claude W. Groth, Pastor  
10 a. m., Sunday school.  
11 a. m., Morning worship.  
6:30 p. m., Epworth League.  
7:30 p. m., evening worship.  
Prayer service every Wednesday evening at 7:30.

**Southwick M. E. Church**  
10 a. m., Sunday school.  
11 a. m., Morning worship.  
Sermonette for children.  
6:30 p. m., Epworth League.  
Everybody welcome. Why not make a full attendance at these services?

**Presbyterian Church**  
N. E. Franklin, Pastor

"I was glad when they said unto me, Let us go into the house of the Lord." Psalms 122:1. The preceding verse of scripture are the words of the beloved King David, one of the truly great men of all time: yet we find that this "big man" took time to go to church, and not only did he go, but was glad to go.

The pastor invites you to come and hear this Bible character discussed next Sunday morning at 11 o'clock. Sunday school at the usual hour—10 o'clock, and Christian Endeavor at 6:30 p. m.

We also wish to announce that we have started cottage prayer-meetings on Wednesday nights at 7:30, and we extend a cordial invitation to the Kendrick folk; will you come and meet with us?

**Julietta Baptist Church**  
A. E. James, Pastor  
Sunday school at 10 A. M.  
Preaching Services at 11 A. M. every Sunday morning except the fourth Sunday of each month.  
B. Y. P. U. at 6:30 P. M.

**The Lutheran Church**  
Julietta, Zion;  
Otto G. Ehlen, Pastor  
Confessional Service at 10 and Divine services at 10:30, followed by Communion.

**Cameron Emanuel**  
Otto G. Ehlen, pastor.  
Sunday school at 2:30.  
Divine services at 3 p. m. in the German language. No religious school this Saturday.

**You'll Enjoy It**  
"Yimmie Yonson's Yob" is the name of the play to be presented soon under the sponsorship of the M. E. Ladies' aid.  
"Yimmie Yonson's Yob" is a lively farce comedy in three acts, full of amusing situations and built along lines that will enable all the members of the cast to appear to good advantage.

Miss Woods, who is a member of the cast, is being very ably assisted in directing the play by Mrs. Walter Kizer.

Watch for further information.

**Highway Commissioners Meet**  
A meeting of the commissioners of Kendrick highway district was held Saturday morning, commencing at 10 o'clock. Only routine business was transacted with the exception that two new commissioners were inducted into office, they being Ira Havens of American ridge and Harold Nelson of Big Bear Ridge, who were elected to the board last month. An adjourned meeting of the board was held Thursday of this week, a report of which will be given next week.

**Will Give Dance**  
Kendrick Circle No. 456 of the Neighbors of Woodcraft will give a dance on Wednesday, Feb. 12 at the Fraternal Temple building.

**First Paved Road**  
Russia is said to be the first country where wood blocks were used for paving roads. The first blocks consisted of short uniform lengths, round in shape as cut from the tree trunks.

#### Moscow, Idaho,

Monday, January 13, 1930  
WHEREAS, it appears that an emergency has arisen which could not reasonably have been foreseen, that it will require approximately \$45.00 for records and supplies, for the Probate Court; approximately \$135.00 for justice fees and \$6.00 for taking testimony in Justice Courts, and approximately \$1000.00 for supplies for poor outside the county home.

RESOLVED, That a public hearing upon said application be held on the 25th day of January, 1930, at 10 o'clock A. M., at the courthouse at Moscow, Idaho, and that due notice of said hearing be published as required by law.

BY ORDER OF THE BOARD,  
JOHN L. WOODY,  
Chairman.

#### NOTICE

NOTICE IS HEREBY GIVEN, That a public hearing be held on the 25th day of January, 1930, at 10 o'clock A. M., at the courthouse at Moscow, Idaho, for the purpose of considering the granting of an emergency expenditure in the sum of approximately \$45.00 for records and supplies for the Probate court, approximately \$135.00 for justice fees and \$6.00 for taking testimony in Justice court, and approximately \$1000.00 for supplies for poor outside County home, which time and place any taxpayer may appear and be heard for and against the expenditures of such sums for such alleged emergency. Dated this 13th day of January, A. D. 1930.

HARRY A. THATCHER,  
Clerk of the Board of County Commissioners of Latah County, Idaho.

**County Commissioners In Session**  
The Latah county commissioners are in session at this time at the court house in Moscow. They convened last Monday and will remain in session until the program laid out has been completed.

Admission 10c and 35c

#### Marking Historical Points

The State Chamber of Commerce has launched a laudable program of marking Idaho's historical points, and in order to determine these points they are offering a \$5.00 first prize and a \$2.50 second prize for the best essays in each county by a high school student locating and describing the historical points within the county. The points may be concerned with individuals, events, places or a combination of these. The essays will be graded on three points:

1. Completeness of the list of historical points.
2. Exactness of the location of such points.
3. Knowledge shown by the contestants of the history of the various points indicated.

The committee in charge of the essay contest in Latah county comprises Superintendent R. L. Peterson, Pottlatch, chairman; superintendent W. D. Riddle, Genesee and Miss Dorna Buchanan, Moscow. The competing essays must be in the hands of

#### the chairman of the committee not later than April 1st, 1930.

Signed,  
H. L. Peterson, Chairman.

#### NOTICE OF ELECTION OF FIX RIDGE AND JULIETTA CO-OPERATIVE TELEPHONE COMPANY

Notice is hereby given that an election will be held at the Fix Ridge School house on January 25th, 1930, at 1 o'clock p. m. on said date. Purpose of said election is to vote on the matter of selling out said telephone company.

Polls will be open from 1 o'clock p. m. until 5 o'clock p. m. Dated this 13th day of January, 1930.

E. M. RICHARDSON,  
President.  
E. H. WEATHERBY,  
Secretary.

Boost — don't knock.

B. M.

**Tarantula Wins In Fight**

A large tarantula and an equally large bug, both taken from the stem of a bunch of bananas, did a battle to death in a glass jar at Troy Tuesday while many looked on to witness the strange contest.

The tarantula, a big specimen of the poison spider species, was placed in the jar first. The bug lasted only a few seconds after the tarantula pounded upon it and ate it. Flies placed in the jar failed to interest the spider.

Mrs. B. J. Wagner, wife of a local grocer, discovered the spider when she was cutting bananas from the stem.

**First Cream Separator**

The first continuous cream separator was invented in 1879 by Carl Gustaf de Laval, a Swedish inventor. This machine depended on the centrifugal principle of separating milk and cream, depending on the fact that cream is lighter than the rest of the milk.

**Benefit of Criticism**

Censure and criticism never hurt anybody. If false, they cannot harm you; unless you are wanting to change; and if true, they show a man his weak points, and forewarn him against failure and trouble.—Gladstone.

**VASSAR MORTUARY**  
PHONE 333-332  
141 NINTH ST. LEWISTON, IDAHO  
ESTABLISHED 1900

The Fourth Paragraph in the Creed of the Golden Rule funeral directors embodies this thought:  
"We believe in the principle of rendering complete and modern service at the lowest possible price, and to that end we watch and study our costs, basing our charges upon fact rather than guess-work."

**Are You Insured AGAINST Accidents—**  
during slippery winter?  
Treads "as slippery as banana peels"—due either to design or wear—are no insurance AGAINST accidents.  
Exchange them here for the good security of new Goodyears—real, honest-to-goodness insurance AGAINST skids and crashes.  
We'll demonstrate Goodyear superiority in tread-grip and carcass endurance, the two main reasons why Goodyears far outsell any other make. Come to us to buy—and less to ride on Goodyears! All sizes, types and prices—tubes and tires.

**FINANCIAL TRANSACTIONS OF KENDRICK HIGHWAY DISTRICT**  
From July 1, 1928, To December 31, 1929

**CERTIFICATE**

Honorable Chairman  
And Board Commissioners,  
Kendrick Highway District,  
Kendrick, Idaho.

Gentlemen:  
We submit herewith report based on an audit of your district's affairs from July 1, 1928 to December 31, 1929, inclusive.  
We have verified your bank account and have also made an examination of the county books in their relations to your district.  
We certify that the figures herein given are correct and show the true financial condition of your district.

Yours very respectfully,  
**BYRON DEFENBACH & SONS**  
By E. S. RAWLS,  
Public Accountant.

**COMMENTS**

There is a balance due on note for new tractor and grader purchased last February for \$4,000 payable \$2,000 on February 1, 1930 and \$2,000 payable February 1, 1931. This note draws interest at the rate of 7 per cent.

**JULIAETTA NEWS**

(Delayed)

Mrs. Joe Groseclose was a Lewiston visitor Monday.  
Mrs. Sue Armstrong of Spokane is a guest at the A. Alexander and E. V. Adams homes.

Miss Lucille Gruell returned to Lewiston Sunday to resume her school work at the business college.

Mr. and Mrs. G. C. Ottosen and Mrs. Mary Nutt were shoppers in Lewiston last Friday.

Miss Clarabell Buckalwe and her brother Jack, returned to their home in Lewiston last Friday, after spending two weeks' vacation with their grandparents.

Mrs. Dora Hull of Kendrick visited Mrs. Amanda Alexander last Saturday.

The Baptist missionary society met at the church last Thursday. A large number of members and visitors were present. Mrs. Laura Irvin and Mrs. Lou Spray were hostesses.

Eben Adams of Moscow visited his family over the week-end.

Miss Emma Glenn entertained at three tables of pinochle last Saturday night, at the home of her parents, Mr. and Mrs. John Glenn on Potlatch Ridge. Those present were Mr. and Mrs. Claud Clark, Gladys Cochran, Mabel Richardson, Lillie Heimgartner, Mr. and Mrs. Andy Cox, Buster Houck, Edgar Carlson, Lawrence and Everett Heimgartner. High scores went to Mrs. Cox and Everett Heimgartner. Consolation was awarded Lawrence Heimgartner.

Miss Amsel Greene returned to Idaho Falls last Friday, where she is teaching. She spent her vacation with her parents, Mr. and Mrs. T. O. Greene and her sister, Mrs. Geo. Miller of Moscow, who is also visiting her parents.

The Rebekah lodge installed the following officers for the ensuing year: Mary Adams, noble grand; Mrs. Bowen, vice grand; Lela Gruell, secretary; Crystal Gruell, treasurer; Nellie Biddison, conductor; Mary Jones, warden; Lou Spray, chaplain; Crystal Gruell, pianist. A delicious luncheon was served after the installation of officers.

Funeral services for Sidney Hammond were held in the Baptist church Wednesday morning. A large number of friends gathered to pay their last respects to one who had lived in our midst and been a friend to all.

**SCHOOL NOTES**

**Third and Fourth Grade Notes**

The third and fourth grade students are having after school classes in arithmetic. This gives an opportunity for more individual instruction. The students are not compelled, but urged to stay and receive the benefit of this help. We are glad to be able to say that all of the students are interested enough to stay and take an active part in the work, excepting a very few, who live in the country and find it impossible to remain.

Learning the names of the North-eastern states and capitals has been made easier and more interesting by a game called "The New States Game."

The students enjoyed playing the Language game called "Charades." This was not only interesting to play but also made the students familiar with new words and their syllables. These words were guessed from descriptions and representations.

Let a want ad sell your surplus stuff. The cost is small.

**JULIAETTA**

**THE STATE WE LIVE IN**

By Byron Defenbaugh

**Scientific Speculations**

The latest theory of learned men is that the Earth was once a spinning sphere of gas; that as it traveled around the sun particles of matter from space continued, still continue, to fall upon it. As these struck the earth they increased its heat. But space is cold; the ball cooled and contracted, the contraction tended to increase its heat again. In this struggle heat was lost; some of the elements became liquid. An inner ball of melted mineral formed, surrounded by an enormous casing of steam, vapor and gas. Growing still cooler, the vapors began to congeal and rains of incredible volume fell only to be sent back again before they even reached the surface of the inner globe.

As ice forms on a pond, so a thin crust appeared on the face of the central ball. But as the sun and the moon now attract the waters of the oceans and form tides, so then the same forces must have lifted up a great tidal wave of melted mineral which raced madly around the earth in the wake of a white hot moon. But with continued cooling the crust became fixed and as the ball further contracted this crust wrinkled and folded up into great mountain ranges. It must have been a hot, naked and unbelievably rough surface. It may be that inspired history selects this stage for its beginning, when it says—"The earth was without form and void, and darkness was on the face of the deep." But as the vapors condensed still more, the light of the sun may have broken through in response to the Divine command, "Let there be light."

As these vast changes resulted from the action of contending and opposing forces, the conformations of earth were irregular. Some portions of the ball were higher than others, that is, farther from the center. Rivers whose flow far exceeded those of today were set in motion. None of these changes were permanent; they are going on even today. What in one age was a mountain range might in the next be at the bottom of a sea. The Sawtooth mountains are still rising.

The Oregon scientist, Condon, says that "North Idaho was once a part of an island in the Pacific ocean," he calls it "Shoshone Island." One of the early lifts which has remained was the Rocky Mountain system, and a great river of which the Snake is the successor, began to flow from east to west. It did not always follow its present channel. For instance, north of Huntington, it is clear that the old Snake flowed farther to the west than does the present stream.

But now a new force manifests itself. The contraction of the earth's crust squeezed its inner contents; a great lava flow, repeated again and again, rolled over most of what is now Idaho. Among other changes this damned Snake river around Huntington, and a lake in some places four thousand feet deep reached back at least to Glenns Ferry, some say to the Tetons. It was a restless sea; it formed sediments some of which are clearly apparent even within the city limits of Boise.
