Ladies' Bridge Club Entertains

The Ladies Afternoon Bridge club entertained their husbands at a 6:30 dinner at the Field home Wednesday evening. Each lady brought a covered dish, which is sufficient to say that a delicious dinner was served.

After dinner bridge was played and highest family score was tallied and Mr. and Mrs. Harold Thomas received first prize. The evening was most thoroughly enjoyed by every one.

COMMERCIAL CLUB MEET- ING HELD TUESDAY NIGHT

The regular monthly session of the Kendrick Commercial club was held at the Commercial hotel Tuesday night, with a very good representation of business men—and some of them brought their wives.

The first thing on the program was a splendid dinner served by Mrs. Thomas McDowell, which was thoroughly enjoyed by all who were fortunate enough to be present.

After dinner the regular business of the club was taken up and reports of chairmen of committees heard. There was little to report, but aside from the fact that there cannot always be a lengthy report from each committee, the fact that the business men of our little city can get together and discuss the very things that are good for the community as a whole, creates a spirit of good-fellowship that can be acquired in no other way. Much has been done by the Commercial club in Kendrick—and there is much yet to be done. However, this will come in time and while there are those who naturally think these meetings are useless and not worth the time expended, they will continue to accomplish much of that which would otherwise go undone.

After the business session had been completed a quartet composed of N. E. Walker, R. H. Ramey, Thos. McDowell and Lester Hill sang four numbers that were much enjoyed, after which the meeting adjourned.

Celebrate Birthday Anniversary

A very pleasant affair in the nature of a birthday celebration was held at the Helgison hotel, Orofino, last Saturday evening in honor of Miss Mabel Cornick, Miss Josephine Wilken, waitress, and her assistant, Miss Pearl Baugh, acted as hostesses. Dainty refreshments were served.

The tables were prettily decorated for the occasion and a very pleasant time was had, the party attending the firemen's ball after dinner.

Those present were Mrs. Malnarich and daughters, Isabelle and Edna of Kendrick, Mrs. Helgeson, Mrs. Erickson, Elvie O'Hara, Maude Choate, Harry Snider and John LoSeth.

Dinner Parties

Mr. and Mrs. H. B. Thompson and family were dinner guests of Mr. and Mrs. E. H. Emery Sunday.

Mr. and Mrs. J. L. Dempsey were dinner guests Sunday at the home of Mr. and Mrs. Harold Thomas.

Mr. and Mrs. F. W. Jarvis were dinner guests of Mr. and Mrs. William Watts, Tuesday.

Julietta Man In Toils

Edward A. Grant, who operates a service station at Julietta, was arrested Monday evening by federal officers for the alleged selling of moonshine and taken to Moscow where he was given a preliminary hearing Tuesday before Probate Judge Nelson and his bond fixed at \$1,000.00.

Is Improving Nicely

Wednesday Mrs. Fred Crocker and Mr. and Mrs. Arlos Crocker went to Cottonwood to visit Marjory Baker, who has now been in the hospital for seven weeks, but is, at present, recovering rapidly and expects to return to her home at Lucile in a few days.

Rev. Schaefer To Speak at Cameron

Rev. Schaefer, Lutheran missionary to India, will speak Sunday at 2:30 in the English language at the Cameron church. He has a message to interest and inspire us. All are invited to hear him.

A Son Is Born

Mr. and Mrs. William Thornton of Southwick are the parents of a son, born at St. Joseph's hospital Wednesday afternoon, February 19. Mother and babe are reported as doing nicely.

IDAHO GAS TAX NOW FIVE CENTS—\$1,000,000 VOTED

The special session of the Idaho legislature Tuesday completed the program mapped out for it by Governor H. C. Baldrige by passing bills increasing the gasoline tax and amending the treasury note law.

Governor Baldrige, after adjournment of the session, said:

"I am most gratified at the cooperation of the legislature and all others who have assisted in promoting the program, which I consider beneficial to Idaho.

Adjournment, taken at the close of the second day of the session, came after a battle started by Senator Whitten, Boise County, which for a time threatened to carry the meeting into another day.

Business completed by the legislature consisted of:

Increasing the gasoline tax from 4 to 5 cents a gallon.

Amending the treasury note law to permit an annual issuance of \$1,000,000 in notes for the highway fund, payable over a period of five years from revenues accruing from the 1 cent tax of gasoline.

Appropriating expenses of the session.

Confirming the appointment of Oscar E. Hailey, St. Maries, as lieutenant governor.

Adopting resolutions of regret at the passing of Lieutenant Governor W. B. Kinne, Orofino, former United States Senator Fred T. Dubois, former State Senator Charles A. Hastings, Nez Perce county, and the Rev. R. B. Wright, chaplain of the last session of the legislature.

As fast as the measures were submitted to him, Governor Baldrige signed them.

Senator Whitten forced senate leaders into conference in the afternoon after he had asked reconsideration of the vote on the treasury bill "on the next legislative day." Desirous of preventing a "next day," senate leaders called a recess and went into hurried conference. Cloture was considered, but was opposed by Lieutenant Governor Hailey.

Senator Whitten decried "the paternalistic attitude" of the federal government in insisting on controlling the location of federal aid roads. On reconsideration, which was allowed during the conference, the bill again was passed.

During the day Senator Whitten introduced a resolution calling for an investigation into the highway department with a view to dissipating what he described as "general loss of confidence" in the department.

Senator Frechefer, Payette, led a drive to share a part of the increased gasoline tax with the counties, but was defeated by a vote of 35 to 8, with one member absent.

Has Recovered From Injury

Mrs. M. A. Deobald was in Kendrick from her American ridge home Tuesday for the first time in several weeks.

Mrs. Deobald has just recovered from a bad injury to her left foot which was caused by a pitchfork tine piercing that member when the fork was caught in her shoe in such a manner that she tripped and fell, one of the tines running entirely through her left foot just back of the toes, coming out at the bottom of the foot just back of the great toe. She had gone to the barn to feed her stock and do other chores. She fed the chickens first and then turned her attention to the other work, the fork falling in such a manner as to cause her to trip over it, with the above result.

Mrs. Deobald says she was her own doctor, nurse, chore boy and general roustabout during the time she was almost disabled with her injured foot, making it extremely hard for her to get around. But they say that with plenty of grit and perseverance, one can accomplish almost anything. She has been a resident of American ridge for nearly 37 years.

Have Gone to Clarkston

Mr. and Mrs. H. B. Meyers who have had charge of the Commercial hotel for the past few months left Saturday for Clarkston, where they have taken over the Potter hotel, which they expect to conduct.

CO-OP MEMBERS NOT WOR- RIED OVER WHEAT PRICE

According to a Washington news dispatch Chairman Legge of the farm board said Monday that the fall in wheat prices had not hurt the co-operatives.

"Any farmer can get a loan on his wheat, which now is 10 to 12 cents higher than the market price, if he is a member of the cooperative," he said. "It doesn't make any difference to him how far the price goes below the board's loan value price."

The chairman said the difference between the advances guaranteed co-operatives and the cash market was explained by the fact that there were some 150,000,000 bushels of traders wheat in the country and that the traders were selling for whatever they could get. The board, he said, was interested primarily in protecting co-operatives and he said they were receiving protection now.

He said that wheat stabilization corporation was buying grain from co-operatives only and to date had bought about 6,000,000 bushels.

Expressing hope that the law of supply and demand would improve conditions by summer, he recalled that wheat which was down to 94 cents on the Chicago market last year climbed to \$1.50 in two months.

Name New Game Farm Head

James Marshall of South Tacoma, Washington, has been selected by State Game Warden R. E. Thomas as superintendent of the Idaho State Game Farm near Lapwai, to succeed Charles Myers, resigned.

Mr. Marshall comes highly recommended, having been first assistant to the superintendent of the Washington game farm for the past five years. He will take active charge of the farm today (Friday).

In announcing the appointment yesterday, Thomas said Gene Crawford and V. Dahlen, assistants at the farm, will be retained. Dahlen was recently employed following his completion of a specialized course in game farm animals, production methods and disease treatment.

"I know Marshall to be one of the finest superintendents prospects the state could employ," said Thomas. "He has the work at heart and will hue to the line in getting from the breeding stock at the farm the maximum production for the state. All counties will benefit by the increased production platform that has been adopted."

Thomas said that a ruling is now in force whereby all Indians hunting, fishing or trapping on other than Indian lands under the jurisdiction of the United States government must have a license and may hunt or fish only during the open season subject to bag limit restrictions. No license will be required of Indians on government or tribal land but bag limits and open season must be observed on all lands.

The rights of Indians hunting inside the reservation have for years been regarded as "questionable" if against the state law as to limits and seasons. Recent constructions of the treaty of 1855 and subsequent modifications have been the basis of the new ruling.

M. E. Ladies Aid Meets

At the last meeting of the Methodist Aid Society Mrs. C. W. Groth was hostess to about twenty member and friends of the society.

The afternoon was spent in a social way. A varied program being rendered, consisting of piano numbers, readings and songs.

Mrs. Groth served a dainty and most delicious lunch.

Those present reported a most enjoyable afternoon.

Small Snow

The Kendrick section was visited by a very light snow Sunday night, but the ground was barely covered Monday morning. Those in favor of Spring are still not discouraged. Within a few hours there was no trace of snow to be found.

Awarded Mail Contract

W. R. Smith has been awarded the contract of carrying the mail between Kendrick and Southwick, Leland and Cameron, succeeding Howard Phay. The change will be made in June.

On the Ground

Jake says, "I reckon we call 'em grounds for divorce because they're generally made of dirt."

Draws Heavy Fine

N. H. Gunderson, an earstwhile merchant at Elwiston, drew a \$750 fine in Judge Miles S. Johnston's court Monday for selling rubbing alcohol to Indians for "moon." The "fiery furnace" spoken of in the good book must have been mild compared to the "scorching" given Gunderson by Judge Johnson. He would have to have a hide like an armadillo not to have had it punctured.

HAROLD THOMAS BUYS HARDWARE STORE

The Kendrick Hardware store, formerly owned by Walter Thomas, is being invoiced and on March 1 will pass to his brother, Harold Thomas, who will operate it in connection with his implement business—the International line.

Mr. Thomas states that he does not expect to overstock the store, but will aim to carry a line of hardware that will meet with the approval of the buying public and will make it an object for them to come to his place of business and look his line over. He says he will carry everything from a sack needle to a comb.

New stock will begin coming in as soon as the invoice is completed, Mr. Thomas says. He will carry a full line of repairs of all kinds.

J. L. Dempsey, who has had charge of the store for the past several months, will remain with the new owner.

SOUTHWICK ITEMS

Mr. and Mrs. Elton McCoy were dinner guests at the Wm. Henderson home Sunday.

Hays Hunt from Linden is visiting friends here in town.

Mr. and Mrs. Roy Southwick and two daughters from Cream Ridge visited Sunday at the Wm. Kauder home.

Mrs. Glenn Betts and daughter Adella and Amy Engsell spent Saturday at the C. A. Betts home.

Roy Douglass made a trip to Potlatch Friday and returned Saturday.

Sunday guests at the Jack Travis home were Roy Southwick and wife, Dick Winegardner and family, Mrs. Clara Bateman and children, Rev. Groth and George Douglas.

Eula Dygert was an over-night guest of Eva McCoy Friday night.

Harl Whittinger and wife and son James spent Wednesday at the Dave Schoeffler home.

Chester McIver and Ted Whitted were Lewiston visitors Monday.

John Lettenmaier and family and Homer Betts and wife spent Sunday at the C. A. Betts home.

The revival meeting at the U. B. church closed Sunday evening. There were about ten conversions during the meetings.

Mr. and Mrs. Roy Southwick drove to Lewiston Thursday to attend the teachers and trustees meeting there, returning Saturday. Mrs. Bluit who has been visiting with her daughter, Mrs. Ben Cook, went with them on her way home.

Mr. and Mrs. Milton Benjamin went to Palouse Saturday for a visit with relatives.

The George Christenson family were guests of the Pete Stump family Sunday.

Arnold Cuddy and family and Howard Southwick have moved home, having spent the winter logging at the Farrington mill.

Lois Dygert was a Sunday guest at the Frank Thornton home.

Homer Ebtts and wife were supper guests of Mr. and Mrs. Wm. Kauder Monday evening.

Lois and Anna Christenson spent the week-end with the Israel girls at Crescent.

W. R. Smith received word of his appointment as mail carrier on the Kendrick route and Ben McCoy has been re-appointed on the Teakcan route.

Grandma Phillips is considered very low at this writing.

Mrs. Martin Zimmerman and two daughters, May and Ada and Bulah Steiner were over-night guests at the Homer Betts home. They say Mr. Steiner is slowly improving.

Power Was Off

The local "juice" was off most of the day last Friday while a crew of men were stringing a new large copper wire from the sub-station along the railroad track to the warehouse and lumber yard, replacing an old small iron and small copper line.

DRUNK RUNS AMUCK— WRECKS FINE HOME

Crazed by strong drink, E. B. ("Burrell") McCall, 37, of Spalding, ran amuck Tuesday afternoon and before quelled in a hand-to-hand encounter with Robert Graham wrought damage estimated at not less than \$3000 to the home of C. L. Ward, a prominent farmer living at the head of Garden gulch, four miles north of Culesac.

The Ward home, one of the most pretentious in that vicinity, had every window broken and its contents demolished with few exceptions. The wreckage is complete. Deputy Sheriffs Lee, Pennell and Steve Douglas stated Tuesday night. The contents of four of the five rooms were entirely destroyed, some burned and the rest battered to pieces with some heavy instrument in the hands of the madman. The fifth room escaped for the reason that about the time McCall was ready to tackle it Graham appeared and engaged the maniac in a fight.

Every window in the basement and on the ground floor was punched. The walls and ceilings of the four rooms attacked were bespattered with McCall's blood, caused when he cut his hand and arm while breaking the glass panes.

Nothing was spared within the home. The piano was jabbed to pieces and its keys hammered down. The sewing machine of Mrs. Ward was smashed in and every chair and table in the place was legless when the officers arrived. The beds were beaten to pieces and the covering strewn about in bits. The carpets on the floor were thrown in a heap and the kitchen stove turned upside down. The dressers were reduced to flattened heaps.

All of the choice possessions of the family, including heirlooms and keepsakes were destroyed.

Not satisfied with the damage done inside the home, McCall started a fire in one of the outbuildings and piled two large trunks in it. Had he not set fire to a pile of goods carried from the house in his endeavor to make a thorough job of it, McCall might have been able to proceed in his destructive mission for another hour without being molested.

Smoke from the fire was seen by Robert Graham, at work in a field about half a mile away. He started for the Ward home and when reaching there encountered McCall. Seeing that the man was crazed from drink and frenzied with rage, Graham tried to interefere. McCall leaped on Graham. Neither man was armed. They fought all over the place and finally Graham put McCall out.

Before Graham had reached the home, however, the news had spread to Spaulding and Jacques that a crazy man was at large. Citizens armed themselves and hastened to the Ward home. Almost 70 had gathered by the time the two deputy sheriffs arrived. That McCall did not fall victim to a gun shot was due only to the fact that he had been overcome by Graham.

Deputy Sheriffs Pennell and Douglas took charge of the man and then started a search for the automobile he was known to have been driving. This led them about one mile up a steep grade and there they found the car and Clarence Mox Mox, Indian, sound asleep beneath it. Mox Mox was arrested and is being held for disorderly conduct in the county jail of Lewiston. Prosecutor Ray Durham said he was not connected with the demolition of the Ward home.

Farmers reaching the Ward ranch reported that McCall had left a swath of destruction in his wake since he and Mox Mox left Spaulding in the car at 1 o'clock yesterday afternoon. Driving the machine at what Mox Mox estimated to be 60 miles an hour, McCall tore through great sections of wire and board fence, nothing stopping him until his car hit the earth embankment where it was found by the officers.

In the county jail last night McCall presented a sorry appearance. His clothing was soaked with blood; his arms were cut in many places and his head bore a series of skin contusions and swollen places as the result of his encounter with Graham. When he sobered partly McCall was totally unaware of the damage he had done or how near death he was.

McCall did not know the Wards and had not been to their home before.—Lewiston Tribune.

OVER-PRODUCTION OF BUTTER IN UNITED STATES

Idaho's creamery butter production in 1929 was 1,786,000 pounds in excess of the 1928 output, according to a bulletin issued at Chicago by the American Research foundation.

"The state's creamery butter out-

put last year totaled 22,619,000 pounds, according to estimates of the United States department of agriculture," says the bulletin, compared with 20,833,000 pounds the year before. Creamery butter production for the entire United States last year registered an increase of 26,468,000 pounds.

"A total of 2,093,580,300 pounds of butter, includes 1,513,580,300 pounds of creamery butter and 580,000,000 pounds of farm butter were manufactured in the United States in 1929. This compared with 2,077,049,000 pounds in 1928, made up of 1,487,048,000 pounds of creamery and 590,000,000 pounds of farm butter. While creamery butter showed a gain in output of 26,486,000 pounds, that of farm butter decreased by 10,000,000 pounds, making the nation's net butter increase 16,468,000 pounds over 1928.

Butter consumption was 26,000,000 pounds less in 1929 than in 1928.

"That increased production in a number of dairying states, including Idaho, was a responsible factor in helping create the present butter surplus is evident, according to agricultural economists. Dairy farmers themselves have been blamed for the surplus because they were said to be using margarine instead of butter. Analysis of the situation, however, indicates that overproduction not only of butter, but other dairy products as well is the basic cause."

**THREE IMPORTANT FACTORS
ENTER INTO THE COST OF
YOUR AUTOMOBILE**

- 1. How much it costs to make the car**
- 2. How much extra you pay the dealer**
- 3. How much it costs for operation and up-keep**

THE PURCHASE of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

Economy in production

THE FORD CAR is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. [The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

Low dealer charges

THE SAME PRINCIPLES of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

NOTE THESE LOW PRICES

Roadster . . .	\$435
Phaeton . . .	\$440
Coupe . . .	\$500
Two-window Fordor Sedan . . .	\$500
Three-window Fordor Sedan . . .	\$530
Convertible Cabriolet	\$600
Town Sedan	\$625
	\$645
	\$670

(All prices f. o. b. Detroit)

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of, at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high-dealer charges.

Low up-keep costs

IT IS IMPORTANT to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.

How Much Will We Get?

Of the proposed "anticipation" money to be produced by the proposed "speeded up" program of Governor Baldrige, we are wondering what proportion of the million-dollar bond issue north Idaho will get? Will we get our just proportion, or will we fare as north Idaho usually does when the pie is cut—get a small piece of the burned crust and south Idaho the "filling" and such of the rest as they care to have?

We don't want to be a "crab" but they say there is "many a slip between the cup and the lip," or words to that effect, and when it comes to getting north of the imaginary line between north and south Idaho, somebody has to do an awful lot of string pulling and swapping to put it over. South Idaho is tearing up, straightening out and rebuilding roads we would be mighty glad to have in north Idaho. But we suppose we should be thankful for skim-milk, even if the cream has been taken away from us.

Some way or other we haven't much confidence in the generosity of south Idaho toward the north. You will perhaps remember the slogan adopted when the North and South highway was built: "No north, no south, just Idaho," which should have read, "No north, just 'south' Idaho."

JULIAETTA NEWS

On Sunday, February 16, G. W. Kite celebrated his seventy-eighth birthday anniversary. His son, Willard, and family gave a birthday dinner in his honor. Others who were present were Fred Nye and family, John Kite, and family of Kendrick, Floyd Millard and family and Herb Millard and family.

The Royal Six club was entertained Wednesday evening by Mr. and Mrs. L. Huntsberger. Cards and needlework were enjoyed and refreshments were served by the hostess. Those present were Mr. and Mrs. H. Millard, Mr. and Mrs. Fred Nye, Mr. and Mrs. U. McKinley, Mr. and Mrs. George Hutchinson, Mrs. Ernest Walsh, Mr. and Mrs. Samuel Nye were guests of the club.

Mrs. Leland Houck was hostess to the Needle club last Wednesday. Bridge and needlework filled the afternoon. At 6 o'clock the guests were served dinner, with favors and decorations carried out in George Washington style. All the members were present. Mrs. Edgar Wilcoxon was a guest.

Mrs. Mary Perryman, accompanied by Clarence Perryman of Kendrick went to Lewiston last Friday for medical aid.

Mrs. Ernest Walsh and sons spent the week-end in Spokane visiting Mr. Walsh.

Mrs. Kate Crutchfield returned on Monday from Arrow, where she visited her niece for a few days.

About 40 people attended the card party given by the Rebekahs in the I. O. O. F. hall last Thursday evening. High scores in pinochle were won by Alice Cochran and Ernest Guthrie. Mrs. Arnold Behrens and Will Jones of Kendrick won the bridge scores. Lunch was served.

Mrs. Will Spray of Walla Walla is spending several days visiting her mother-in-law, Mrs. Lou Spray.

Mrs. Cecil Gruell and Mrs. M. Nutt motored to Lewiston last Friday where Mrs. Nutt received medical aid.

Mrs. E. V. Adams and son Keith, spent the week-end in Moscow visiting Mr. Adams.

The Baptist missionary society and the M. E. ladies aid will hold a joint meeting next Thursday afternoon at the home of Mrs. Tom Stinson. Everyone is invited to attend.

Rev. and Mrs. Forbis of Sweetwater were in town Wednesday.

J. C. Hamil, who has been ill at the Alexander home for some time, has improved enough to be able to walk up town.

Aged Resident Passes

Mrs. Eliza J. Groseclose died at her home in Juliaetta Sunday morning, February 23. She came to this region in 1902 and has resided here

since that time.

She was born at Ceres, Virginia, on October 30, 1848, and was united in marriage to James A. T. Groseclose on July 22, 1867. To this union eleven children were born, of whom six are still living. Also four brothers survive her.

Funeral services will be held from the Methodist church Saturday morning at 10 o'clock, with interment in the Fix Ridge cemetery.

SCHOOL NOTES

Kendrick Team In Conference

Losing to Culesac 26-13 on the Culesac floor last Friday, February 21, the local basketball team tied with them for second place in the play-off at Clarkston last Tuesday and in a fast game, which ended in a score of 17-10, defeated Culesac, thus gaining second place in the conference.

In each conference the two teams who have been defeated the least number of times are allowed to participate in the sub-district tournament, held at Lewiston. The two highest teams of the sub-district are allowed to go to the district tournament, later to the state tournament. Lapwai, whose team is first, and Kendrick are the two teams in our conference to have a chance to try for state honors.

The tournament games are being played at the Clarkston gym this week.

Student Qualifies for Certificate

Edna Bolon, a first-year typing student, has won her Proficiency certificate, given by the Remington Typewriter company. To win this she had to write between 30 and 40 words per minute, with not more than ten errors, for 15 minutes.

Many students are working hard to increase their speed and decrease their errors in order that they may win awards given by the company.

Just think! Kitty, the notorious actress from New York, is on her way here and we are expecting to meet her March 21 at the Kendrick theater. She is not alone, but has with her fellow troopers of the New York stage, who will be remembered in the years to come as actors worthy of the entire community's attention.

Be sure to come and see them all for it will be well worth both the time and money.

The teachers are having a hard time giving the six-weeks examinations

since many of the students are in Clarkston attending the basketball tournament.

Several students went to Clarkston Tuesday and Wednesday evenings to see the boys take part in the tournament.

Third and Fourth Grades

The students of the third grade language enjoyed studying about the life of Anna Sewell, the author of "Black Beauty." This knowledge has caused the students to appreciate more fully this beautiful animal story. The students believed that the author's long, sad illness gave the story its unusual human touch, which has stirred the hearts of many thousands of children.

The following persons received 100 in the literature class every day this week for learning the meaning of three new words per day. The third grade students are Ethel Fraser, Quenten Dammarell, Eileen Benjamin, Harry McNeal, Chester McAllister, and Dick Carlson. The fourth grade student were Wanda Johnson, Jean Bigelow, Joe Cardinal, Bill Schultz, Frank Rider, Tommy Keene, Franklin Abrams, Larry Langdon, James Langdon, Floyd Chandler, Walter Frazier and Albert Frazier.

The students of the third and fourth grades are listening to the story "Heidi," by Johanna Spyni. This story portrays many delightful pictures of youthful life among the Swiss mountains. The characters in this book seem to walk right into the hearts of the children and weave themselves into their own lives. The reading material makes the right kind of emotional appeal to the child's mind and has a tendency to develop the child's character.

The students of the third and fourth grade are enjoying the dictionary speed tests. At first they found the dictionary drills to be difficult but now they can even easily master the speed tests.

Speed tests in arithmetic covering the addition, division, subtraction and multiplication are being given to the students. Accuracy is being developed while the necessary speed is being acquired. The ones who have been in the lead in the third grade for this week are Dick Carlson, Quenten Perryman, Harry McNeal, Nancy Riley, Eileen Perryman.

Those leading in the fourth grade are: Tommy Keene, Jean Bigelow, Larry Langdon, Floyd Chandler and Franklin Abrams.

Good News for Car Owners

We are glad to announce to our clients and friends that we will now provide Automobile Property Damage protection in the minimum amount of \$5,000.00 rather than \$1,000.00 which has previously been allowed. There will be no advance in premium. This means that in the event of an accident for which you are legally liable, you are protected up to \$5,000.00, this sum covering any damages that may be awarded, all legal expenses in connection with the defense of the case, and all costs that may be taxed against the policyholder.

Prompt Nation-Wide Claim Service

We represent Insurance Companies that have an enviable reputation for prompt, satisfactory adjustment of all claims and whose claim representatives are located in all parts of the United States and in Canada.

NOTE: Although this increase has been made in the Property Damage limit, it is to your own interest to see that you are carrying sufficiently high limits of liability insurance covering bodily injuries to the public. Damages as high as \$25,000 and \$50,000 are being awarded in a great many cases. It will cost you but little more to carry enough insurance protection.
