SCHOOL NOTES

"You weren't there? Why, you missed the time of your life."

Such were the rumors heard concerning the Junior Prom, held last Friday night at the Fraternal Temple. From the opening of the grand march until the last dancer went home fun and jollity held sway. All awed and exclaimed at the decorations—and, well they might, for the ceiling and sides of the hall were artistically concealed with woven pink and blue paper. Jardineres filled with fragrant flowers gave an additional touch of spring. Two daintily dressed Japanese maidens served punch to the thirsty dancers. Time passed all too quickly, but as all went home, just a little tired, they carried with them the thought that the evening just spent was one to be placed with their brightest memories.

Birthdays

In honor of her birthday, May 9, Eileen Benjamin entertained the members of the third and grades in the park. Games were played and afterwards refreshments, consisting of sandwiches, cake, ice cream and lemonade were served. A pleasant time was reported by all.

D. S. Activities

The domestic science girls are learning to make the very difficult button-hole pocket and different mends for dresses. The most enjoyable pastime is learning the embroidery stitches, but all are not as easy as they are. Although some of the girls have trouble and are laughed at by the more fortunate ones, the class is progressing exceptionally well.

Teachers—Old and New

Miss Stump, Miss Woods, Miss Deagen, Mrs. Jarvis and Mr. Jones will teach here again next year.

Mrs. Kayser will, immediately after school is out, go to Palouse with her husband to visit friends. Then they are going to Portland. After a visit with friends and relatives there, they will locate and make their home somewhere near his work. Mr. Kayser is now cost accountant for the Portland Furniture Co., where he has worked for the past five years.

Miss Zelma Roe will be the third and fourth grade teacher for next year. She is a graduate of the Lewiston Normal and is Dr. Roe's daughter. Her mother taught in Juliaetta High school, therefore Miss Roe is a local girl and quite well known around here.

Mr. Jarvis will attend the University this fall, where he will specialize in law. He will be missed from our high school greatly.

Miss Joy Bell will take his place as teacher of mathematics. She is a graduate of the University of Idaho, where she ranked high as a student. For the past three years she has taught in the Culdesac High school. She has many friends in this part of the country, as she is a former resident.

"No-Account David"

Next Tuesday and Wednesday, May 20 and 21, David and his adopted family will be at the Kendrick Theater. How a no-account boy can change into a famous, wealthy man is shown in this delightful three-act comedy. Characters chosen from the Senior class are as follows:

Mrs. Golden (Gran), a dear old lady Doris Emery
David Benton (Dave), a wanderer out of the depths Carl Davis
Jean Mathews, a school teacher Marjory Davidson
Ned Golden, Gran's grandson, a weakling Charles Davis
Sheriff Frank Barnes, who does his duty Arthur Foster
Mrs. Mattie Zona, a vaudeville performer Mae Freytag
Zetta Zona, her daughter, also of vaudeville Neva Ware
Chump Zona, her husband, ditto Howard Dammarell

J. C. Cooley, who holds the mortgage Daniel Lyons
Bill, a small boy witness Raymond Lyons

Kid and Class Day

Last Wednesday the Senior class combined the annual "kid" day and class day. Dolls and toys of all kinds formed a part of the costumes of the day. In the afternoon a very interesting program was given before the assembly, as follows: Song by assembly; class history by Raymond Lyons; song by Neva Ware and Marjory Davidson; prophecy by Howard Dammarell; dialogue by Carl Davis and Arthur Foster; class will by Marjory Davidson; song by assembly.

KENDRICK TAKES 8.1 GAME FROM OROFINO SUNDAY

The Kendrick ball team defeated Orofino here Sunday by a score of 8 to 1, Orofino's only score coming in the sixth inning, which was made by Kauffman after getting a single and DeLano dropped on easy fly from the bat of Pete Blevins to score Kauffman from first base. This was the only Orofino man to get past second base.

Edgar Dammarell, for Kendrick, let the Orofino batters down with two hits. He struck out five men and kept them hitting the ball up for high flies or down into the dirt for pitouts. Frank Boyd, in left field, made two circus catches over against the railroad track after hard side runs while Harry (Runt) Flaig hooked one in deep center in a one-handed catch from the bat of Ignez, which was headed for the tall timber.

Every man on the Kendrick team played good ball and we are proud of them. It goes to show that a team can be had without paying out a lot of money for outside players. The boys have more fun and are better satisfied.

The crowd Sunday was not large, but those who were there got their money's worth, twice over. Let us have a better attendance.

The boys go to Juliaetta next Sunday, May 18th and they come here for a return game on Sunday, May 25th—and don't forget that the Lapwai Indians come here Decoration day—May 30—for a game.

The line-up for last Sunday's game was as follows:

Kendrick	AB	H	R	E
Glenn	5	2	1	1
Boyd	5	2	1	0

Newly Weds "Serenaded"

Mrs. Leah Bigham and J. M. Cardinal, both of Kendrick, went to Moscow Saturday and were quietly married at the court house by Judge Adrian Nelson. The ceremony was witnessed by Miss Johanna Dwyer of Genesee and Miss Jessie Dunn.

Monday evening Mr. and Mrs. Cardinal were given an old-fashioned "tin-pan" serenade by neighbors and friends and a right merry time was had. The invaders were invited in and cigars and cady passed to the merry-makers.

Grand Secretary Visits I. O. O. F.

Presley F. Horn of Caldwell, grand secretary of the Odd Fellows lodge of Idaho, was a guest of the local lodge Monday night at a special meeting and made a very interesting and instructive talk during the evening. Representatives from the Juliaetta and Leland lodges were present and members of the Rebekah lodge had also been invited to hear Mr. Horn's address.

There was a short program in addition to the address and light refreshments were served after the program.

Birthdays

Saturday was the natal day of A. W. Behrens of Juliaetta and Mrs. Behrens perpetrated a surprise on Mr. Behrens by inviting a few friends to spend the evening playing bridge. Those making up the party were Mr. and Mrs. W. C. Jones and Mr. and Mrs. W. L. McCreary of Kendrick and Mr. and Mrs. Wilcoxon of Juliaetta. A very pleasant evening was spent. Delicious refreshments were served by Mrs. Behrens during the evening.

No domestic science course is necessary to enable a girl to make a traffic jam.

KENDRICK TO HAVE NEW GYM—OLD ONE BE WRECKED

By a vote of the qualified electors of the Kendrick school district standing 61 for and 14 against, it was overwhelmingly decided to build a new gymnasium to take the place of the old ramshackle building that has been used for that purpose for some time. Plans and specifications are substantially the same as those published in the Gazette of a few weeks ago. The building will be 60x100 feet on the ground and will have 20-foot side walls and will be of brick construction, with all the necessary equipment.

Nothing more has been learned regarding the location of the proposed new building, but it is presumed it will be placed on the ground owned by the district, just west of the school building. It will be necessary to practically rebuild the present heating plant in the school building, whether or not it is used for the purpose of heating the new building, as it is said to be in very bad condition.

Kendrick has a splendid brick school building, which will answer for school purposes here for some years, unless later on Kendrick should become the center of a consolidated high school district, in which case it would be necessary to enlarge it or build a new one.

It has been said that already students have signified their intention of attending the Kendrick High school on the strength of the erection of the new gym. This being the case, the actual cost of the erection of the building will be lessened by the increased tuition money that will come to the district.

The Cherry Blossom Festival

Princesses from 15 communities in central Idaho and southeastern Washington will participate in the royal ceremonies of the Cherry Blossom Festival to be held on Friday and Saturday, May 16 and 17, at Lewiston. The first appearance of the royal party will be in the parade to be held at 1 o'clock on Friday, when a long procession of beautiful floats, elaborately costumed organizations and war-bonneted Indians make their way down the line of march to the music of five bands.

The parade will be followed by the coronation ceremony and the Queen will be crowned by Reese M. Hattabaugh, attorney, of Grangeville. The Queen will introduce her two attendants, the Princesses, the May Queen of the University of Idaho and the May Queen from Cheney State Normal school.

The celebration will include a parade on both days and there will be a long list of events for entertainment, including carnivals, athletic events, aviation stunts, open air games and other attractions.

St. Louis "Wickedest" City

According to "holier than thou" Chicago, St. Louis is the wickedest city on earth, or at least in the United States. It has been discovered by a New York scientist, supposedly by scientific research, that St. Louis is the crime wave center of the country. If some of the Chicago gangsters happen to get hold of this interesting bit of information, St. Louis may have to prove her claim to such notoriety.

Kendrick to Have Shows

The Orpheum Players of Spokane have made arrangements with the management of the Kendrick Theatre whereby they expect to put on a clean, high-class show (not moving pictures) each Friday night and for this reason there will be no picture shows on Friday nights.

The regular picture show will be given on Saturday night of this week, but there will be no more picture shows until further notice.

Locusts Are In Bud

The locust trees in Kendrick are now in bud and it will not be long until the town will have a fragrance that cannot be equalled, even by the famous Rose City of Portland, when there are hundreds of thousands of roses in bloom. The locust has a highly penetrating aroma and is very pleasing to the smell.

Water Wagon Running

The town "water wagon" has been in operation upon various occasions during the past several days, the first round having been made last Monday afternoon. Marshal Davis was engineer of the affair and a right neat job he was doing, too.

ROAST CHICKEN DINNER

The home of Mrs. M. A. Deobald on American ridge, last Sunday was the scene of a very pleasant and enjoyable occasion, when Mrs. Deobald prepared a roast chicken dinner, with all the necessary trimmings, for a party of friends and relatives to the number of twenty-five. The table was laden with a veritable banquet, such as Mrs. Deobald is noted for. There were many beautiful flowers in evidence and added very much to the beauty of the rooms.

Those making up the party were Elmer Bechtol and family from Moscow; Otto Schupfer and family, Juliaetta; Mr. and Mrs. Roy J. Thompson, Craigmont; Eddie Deobald and family, Bryan Deobald and family of Kendrick; Miss Josephine Deobald of Denver, Colorado, and the hostess.

Miss Deobald is a sister-in-law of Mrs. M. A. Deobald and has been visiting her for some weeks. She left Wednesday of this week for Portland, Oregon, from which place she will go to Seattle and later to Lynden, Wash., for a visit with Carl A. Deobald and family before returning to her home at Denver.

Has Idaho Beated

All these years Idaho has been hailed as the sportsman's paradise, and all that bunk. But listen! Over near Pomeroy, Wash., farmers have been driving elk back to the higher hills because of their destroying farm crops and doing other damage, using horses and dogs and other means to save their gardens and crops.

Then there comes along a nester story from Walla Walla to the effect that steelhead trout were destroying the alfalfa fields by coming out of the irrigation ditches and wallowing in the sweet-scented grass and ruining the prospect for a hay crop.

We have heard of fishermen having to hide behind trees because of the fish coming out of the water and taking their bait, and all such, but this story that they are eating up the alfalfa is a new one on us.

To Reorganize Church

Rev. Otto G. Ehlen left Tuesday for Spokane to attend the Northwest District convention of the Joint Synod of Lutheran churches. Pastors and lay delegates from Washington, Idaho and Oregon will meet in the church of Rev. John Groschupf (the entertaining congregation). It is planned to form a new district, including another branch of the Lutheran church, the honorable Iowa Synod.

This is in preparation for the final merger of three groups: The Joint Synod, the Iowa Synod and the Buffalo Synod. The title for the new body is tentatively given as The American Lutheran Church. The convention will be in session May 14 to 19, inclusive.

District Spreading Rock

The Kendrick Highway district has let the contract for the crushing of 1300 yards of rock, which is now being spread on the Cedar creek road, beginning about a mile above town. The commissioners state that they would like to spread several thousand yards more but that lack of funds prevent.

The Leland Highway district is improving a portion of their road just at the edge of town, where considerable rock has been moved in order to widen and improve the slope of the roadway.

Eighteen Cars Sheep

Eighteen double-deck cars, containing about 4500 sheep belonging to the Coffin Sheep company of Yakima were unloaded here Tuesday afternoon and started for the mountains along the Selway and contiguous territory for summer range. They were shipped from Kennewick. Fifteen more double-deck cars are expected to arrive hereabout the twentieth of this month.

Bridge Club Entertained

The Wednesday Afternoon Bridge club was delightfully entertained this week by Mrs. F. H. Ryder. The game was played at three tables. Mrs. R. H. Ramey won high score and Mrs. W. L. McCreary second high. A very delicious luncheon was served by the hostess after the games.

Carload of Trucks Unloaded

A carload of International trucks was unloaded here Saturday, two of the machines going to Genesee, two to Orofino and one going to the Kendrick Hardware company.

GRAIN FUTURES CONTINUE TO DECLINE

Grain prices continue to decline in futures markets during the week ending May 10, and reached new low points for the season for wheat and corn. Current offerings, however, were readily taken under a good domestic demand, and cash prices of most grains held practically unchanged from a week ago, according to the Weekly Grain Market Review of the United States bureau of agricultural economics. Further improvement in prospects for both winter and spring wheat in the United States, together with a continued slow export demand, were the principal weakening factors in the wheat market. Relatively small stocks of corn and oats compared with a year ago were additional strengthening factors in the market for these grains. The new corn crop, however, is getting an early start under generally favorable conditions, while the new oats crop in the North Central states is making good progress. The rye market declined with wheat, and flax was weak and unsettled, influenced principally by liberal offerings of foreign seed and continued slow demand for oil.

Winter wheat in the United States showed further improvement during the week, particularly from southern Kansas northward. Condition is still poor in southern Kansas and Oklahoma, but some improvement has taken place since recent rains. The crop is jointing and heads are beginning to appear in some advanced fields in Kansas. The condition of the crop May 1 was officially estimated at 76.7% of normal. Abandonment is about equal to the 10-year average and was placed at 11%. This would leave about 38,676,000 acres for harvesting, or about 1,500,000 acres less than last season; if realized, would be about 53,000,000 bushels below the 1929 harvest. About 20,000,000 bushels of this reduction is in hard wheat, 25,000,000 in soft winter, and 8,000,000 bushels in fall-sown types of white wheat.

The spring wheat crop was reported to be making favorable progress although warmer weather would be helpful. Spring wheat seeding was nearing completion in most areas in Canada with soil conditions favorable for germination. Subsoil moisture, however, was reported deficient in many areas, and timely and beneficial rains will be needed for the proper growth of the crop.

Conditions in Europe as a whole continue favorable. The acreage seeded in France, Spain, Italy, Rumania, Poland and Bulgaria, from which reports have been received, indicate about the same acreage as last season, but the winter was less severe than during the previous season and abandonment probably will be small. The condition of winter wheat in Germany at the first of May was the highest since 1918, with winter killing the lowest since 1925. Conditions in Italy are good and are about as favorable as last year in France. Current reports indicated a North African crop about equal to last year and wheat from this area will soon be ready for market.

European inquiry for North American wheat continues well below that of last season, but export sales for the week were placed at over 3,000,000 bushels and North American shipments last week were the largest since early in the season, according to trade figures. South American shipments continue of moderate volume with 2,465,000 bushels reported shipped from Argentina, and 1,904,000 bushels from Australia. During the week some small exports were reported from Black sea ports, including a small amount from Russia. United Kingdom port stocks at the first of May totaled approximately 10,000,000 bushels. United States and Argentine wheats were being quoted at practically the same price in English markets, with 62½-pound Rosaf reported offered at London May 9 at \$1.13½ and No. 2 Winter at Liverpool at the same price, both for May shipment. Western Australian wheat sold at London during the week at \$1.21½ and No. 1 Canadian at \$1.22½. French wheat was reported sold in England, Holland and Italy at around 98¢ per bushel. Native wheat was quoted at Paris at \$1.23½ and German wheat at Hamburg at \$1.96¢ and native Durum wheat at Naples at \$2.09¢ and native Durum wheat at Naples at \$2.09¢ per bushel.

Domestic cash wheat markets were materially firmer than futures with a good mill demand absorbing the rath-

The North Coast Limited

The North Coast Limited, the Northern Pacific's crack train, with all new equipment, which will ply between Seattle-Tacoma and Chicago, passed through Kendrick Wednesday afternoon and made a short stop for water. It is said to be one of the finest trains in existence and those who visited it at Lewiston Wednesday evening said it came fully up to all that is claimed for it.

European critics say that Americans move too fast to live properly. Well, if they don't move fast, especially in traffic, they won't live at all.

GRAIN FUTURES CONTINUE TO DECLINE

er light current arrivals. Cash prices were quoted from unchanged to 2c higher than a week ago at Kansas City, where ordinary protein sold May 9 at 95c to 95½c per bushel. A premium of 1c was being paid for each ½% protein over 12%. Receipts were much smaller than during the previous week and a large percentage was on sale "to arrive" and not offered on the trading floor. Receipts at Omaha were also light but the out-movement to domestic mills and to Gulf ports was fairly large. No. 2 Hard Winter, ordinary protein, was quoted at 94c per bushel May 9 in that market. Export demand at Gulf ports was slow according to reports from Fort Worth, where domestic mill demand was absorbing the light offerings of wheat. No. 1 Hard Winter, ordinary protein, was quoted in that market May 9 at \$1.11 to \$1.12 delivered Texas common points.

Premiums on Soft Winter wheat were reduced slightly and part of the sharp advance of the previous week was lost. Demand became less active at the higher prices in spite of the light receipts and sales to southeastern mills from St. Louis during the week were reported very light. No. 2 soft red winter was quoted in that market May 9 at \$1.10 to \$1.13, or about 8½c to 12c over the Chicago July price. Inquiry from mills and elevators for choice milling wheat was more active at Cincinnati, where No. 2 soft red winter was quoted at \$1.09½, or about the same price as a week ago.

Cash Spring wheat markets showed independent firmness during the week with the decline in futures mostly offset by increases in premiums for cash grain. Inquiry from local and outside mills were sufficient to absorb the limited offerings at the higher quotations. The Duluth market held about steady with trading of only moderate volume. No. 1 Dark Northern was quoted in that market May 9 at \$1.01½ to \$1.10½, and No. 1 Northern at \$1.00½ to \$1.08½. Canadian cash markets were also firm and No. 1 Manitoba Northern was quoted May 9 at Winnipeg at \$1.05½ per bushel. Durum wheat had some independent firmness, influenced by scattered export inquiry and moderate out-movement of this wheat from Duluth. The Duluth May price advanced 1½c, closing May 9 at 92c. No. 1 Amber was quoted in that market at 94c to 97c. No. 1 Durum was quoted at 92c, No. 2 mixed Durum at 88c to 94c, and No. 2 red Durum at 89c per bushel. No. 1 and No. 2 Amber Durum wheat was quoted at Minneapolis at 92c to 99c per bushel.

Pacific Coast wheat markets were weak. Prices at Portland declined from 1c to 2½c, but cash prices were only about 1c lower than a week ago. The lowest price of the season to date was reached on May 8 when wheat for May delivery was quoted at Portland at \$1.00½. Demand for wheat in the Pacific Northwest continued slow. Two small parcels amounting to around 4,000 tons of white wheat were reported sold to the United Kingdom. No sales were reported to the Orient and there was practically no inquiry from that area. Mill demand was irregular and was only for occasional cars of good milling wheat. At the close of the market May 9 No. 1 soft and western white wheat sacked was quoted at \$1.04 and No. 1 hard winter, Northern Spring and Western red at \$1.02 per bushel. No. 1 dark Northern spring from Montana with 14% protein sold at \$1.12. Some soft white was reported sold to southern California at \$2.00 per 100, delivered Los Angeles. No. 1 white and red wheats were quoted at Seattle at \$1.03½, with No. 1 B. B. Bluestem quoted at \$1.15 per bushel. 14% protein No. 1 Northern spring was quoted at \$1.10, and No. 1 D. H. winter at \$1.08 per bushel, both in bulk. Weather conditions have been very favorable for winter wheat in the Pacific Northwest and the crop is now jointing or in the boot. Spring wheat is also reported looking well, particularly in the Willamette valley.

California wheat markets are quiet. Prices tended downward at San Francisco, and were 5c to 7½c per 100 lower at the close of the market May 9 than a week ago. Demand was light for both milling and feed wheat. Favorable crop prospects in the Sacramento valley, together with increased offerings from country holders to avoid payment of another season's storage charges, which will begin June 1, were weakening factors. No. 1 Soft White and No. 1 Hard White, sacked, were quoted at \$1.97 to \$2.02½ per 100. The Los Angeles market declined about 5c per 100, with No. 2 soft white quoted May 9 at \$2.00 and No. 2 hard white at \$2.05 to \$2.07½ per 100. Four cars of new crop Federation from the Imperial valley arrived at Los Angeles during the week, but it was only of fair quality and showed indications of having been threshed too early. One car graded No. 2 soft white and sold at \$2.02½ per 100. A few cars of hard winter white from Utah and Idaho were taken by local mills.

Kendrick Cemetery Needs Attention

While we are not directly interested in the local cemetery, it has been brought to our attention that the grounds are in very bad condition and are in need of immediate attention, if they are to be in presentable condition for Memorial day.

The statement has been made that many of the old-timers are buried there whose relatives would be only too glad to pay for the cleaning-up of the graves of their loved ones if they only knew the work would be done.

Kendrick, like every other small town community, needs a cemetery association to look after the grounds and care for the graves of those whose relatives and friends are no longer in this community.

We have been asked to bring this important matter to the attention of those who have the cemetery in charge and ask that something be done before Decoration day.

Lid On—But No Caps

Now it has been decided by the United States Supreme court, without a dissenting vote, that it is unlawful to sell barrels, bottles, corks or labels, when they are offered in such a way as to attract purchasers who intend to use them for the manufacture of intoxicating liquor illegally.

And now what we want to know is, what is a poor fellow to do when he has a big batch made up and can't get any caps for it? It's just like those fellows down at Washington to do that—put the lid on, but not allow the other fellow even a cap to put on his bottles. Another bunch of "personal liberty" shot all to pieces!

Cleaning and beautifying a home is one of the finest pastimes known.

John Deere NH Two-Row Cultivator

SAVES One Man's Wages

Every Time You Cultivate

When you replace a one-row cultivator with a two-row you can figure the saving of one man's wages not once a season but for the three or more times you cultivate your crops. And if the two-row is a John Deere NH you can count on its long life for repeating that saving year after year.

It's easy to do good work with the John Deere NH. With a lever you can instantly raise the rigs of the NH in or out as you drive through the rows, maintaining the shovels the desired distance from the rows in varying conditions. One master lever puts all rigs down or raises them up—no stops at ends of rows.

We want you to see the NH in our store.

G. F. Cridlebaugh left Tuesday for his home in Lewiston after completing the term of school here. He was accompanied to Lewiston by Clarence McCoy, who will spend the week at the Chas. McCoy home.

A large crowd attended the closing day program and graduating exercises at the Cameron school Friday night. The members of the graduating class were Erna Wegner, Walter Koepf, Lawrence Schwarz and Mildred Wegner.

The Cameron school track team won the trophy cup at the Nez Perce County Track meet last Saturday at Culdesac. Throughout the day Cameron lead with the Webb school keeping a close second. Many of the Cameron people attended the meet and supported the team wonderfully.

Among those attending were Messrs. and Mesdames Carl L. Wegner, A. O. Wegner, A. F. Wegner, Gus Kruger, Fred Newman, Billie McCoy, Chas. Schultz, Chas. McCoy, Amos Speker and the Messrs. Herbert and Edwing Mielke, Dave Schoeffler, O. W. Henry and the Misses Marie Schwarz, Edith and Louise Schmidt and Lawrence Schwarz and Donald Hartung.

The members of the team were Walter Koepf, Glen Wegner, Frank Schoeffler, Harry Wegner, Marvin Silflow, Willard Schoeffler, Milton Wilkin, Glenn Newman and Clarence McCoy. Viola Schultz, Helen Newman and Margaret and Madeline Schultz.

The team made a wonderful showing, considering the number of events in which they were entered. Every member made points for the school and all but one, won from one to seven ribbons. In all, 25 ribbons were won.

It is hoped next year that the team will put forth every effort to retain the cup the second year.

Decoration day is drawing near and we again turn our attention to the cemetery. The Cameron ladies ask all who have relatives or friends resting at the Cameron cemetery, to come out Wednesday afternoon, May 21, and help improve the appearance of the place.

Let the men equip themselves with scythes or any tool that will clear away brush and weeds, and let the women come prepared to fix up the graves.

Last year a very small sum of money was donated. This was spent for labor in cleaning up the grounds. All material used on the fence was donated last year.

Come! Won't you give a few hours of your time for this worthy cause? Your loved one's grave may be well cared for, but it's beauty is

Raby Buys Commercial Hotel
A deal has been closed whereby M. O. Raby, & Son, who now have charge of the Hotel Kendrick, become the owners of the old Commercial hotel, next door to the Gazette office. The deal has been on for some time, but as there was some hitch in the title, it was not cleared up until Monday of this week.

Mr. Raby states that they will begin work of remodeling, renovating and furnishing the upstairs portion of the building, which will be used in connection with their hotel business. They state there is no intention of changing their place of business and will use the Commercial hotel only as a rooming house.
