 Nelly and George Dorendorf, Amy Darby, Bobby Kimbley and Teddy and Floyd Dorendorf are entertaining whooping cough now days. All are having it very lightly.  
 Mr. and Mrs. Wm. Riley and children of Kendrick and Mr. and Mrs. Bill Dorendorf and children went back to Mason Meadows Sunday afternoon.

**Lights Must Be Tested**  
 There are till many cars in this section of the country that have not had their lights tested and adjusted, and by so delaying they are laying themselves open to arrest and fine, and the longer they wait the steeper that fine is going to be. It makes no difference whether you operate your car at night or not, your lights must have the "O. K." of a headlight adjusting station. Your truck too, must have its lights tested. The longer you wait the more serious the offense is and arrests are starting at this time and will continue until every car on the highway has a "light sticker."

**Julietta Cherry Growers, \$10,000**  
 Final returns have been received by the Julietta Cherry Growers association for the nine carloads shipped from Julietta this season.  
 The cherries were marketed through the Three Rivers Cherry Growers association, of Kennewick, Wash., and brought the growers here \$13,714.78, less cost of picking and handling. The prices averaged 6 cents per pound for first grade and approximately 4 1-4 cents for the second grade fruit. The Julietta growers netted approximately \$10,000 for their cherries this year.

**GRAIN MARKETS HIGHER—DROUGHT DAMAGE FACTOR**

for low protein and smutty wheat were unusually small. No. 2 hard winter sold at 85c to 90c per bushel, with ordinary protein bringing mostly 85c, and smutty wheat of otherwise good quality, 86c per bushel. The movement continued heavy in the Inter-Mountain states and 280 cars of wheat were received at Denver. The grade was mostly of excellent quality. No. 2 hard winter was quoted FOB Denver or delivered Colorado common points at 57c to 68c per bushel depending on the protein content.

Soft winter wheat markets were also sharply higher with mills competing for the reduced offerings. No. 2 soft red winter was quoted at St. Louis Aug. 8 at 95c and No. soft red winter at 96 to 97c per bushel. Spring wheat markets advanced around 12c per bushel and premiums for cash grain held steady. Offerings of new wheat increased, but arrivals at Minneapolis and Duluth were materially smaller than for the corresponding period a year ago. Protein is relatively higher.

Durum wheat was stronger with other classes under an excellent milling demand for the limited offerings of high quality wheat. The Duluth September price advanced 11c and closed August 8 at 90c.

Pacific Coast wheat markets were strengthened but the advance was less marked than at Eastern points. Export demand continued dull, although one full cargo was reported sold at Portland to the United Kingdom, with parcels of 2,000 tons sold to Ireland, 1,000 tons to Hull and 1,000 tons to the Continent. Ocean freight space was less plentiful and rates were advanced to around 20s per long ton. Harvesting is well under way and yields are better than expected in Central Oregon and in eastern Washington, according to trade reports. Yields in the Big Bend district of Washington are low because of continued dry weather. Inquiry from mills improved during the week. At the close of the market on August 8 No. 1 soft white was quoted at Portland at 94c, western red and hard winter at 91c bagged and 14 per cent protein No. 1 northern spring from Montana in bulk at \$1.07 per bushel.

The San Francisco market advanced 5c to 8c per 100 during the week, influenced principally by the advance in Eastern markets and the strength in feed grains. Harvesting is about 95 per cent completed, but movement continues relatively dull. Receipts at San Francisco during July totaled 8,120 tons, compared with 11,977 tons during July 1929. Stocks of wheat in the bay region at the first of August totaled 22,250 tons, compared with 26,160 tons a year ago, according to trade reports. Mills became more active buyers during the week but were still taking only sufficient for immediate needs in most instances. At the close of the market August 8 No. 1 hard white wheat was quoted at San Francisco at \$1.65 to \$1.70 and No. 1 soft white at \$1.62½ to \$1.65 per 100 sacked. These prices were netting the growers in the Sacramento Valley \$1.35 to \$1.45 per 100. No. 2 dark hard winter wheat from eastern areas was quoted delivered at California points in bulk at \$1.57½ and No. 2 soft white wheat from Washington and Oregon at \$1.65 per 100.

Prices were advanced about 5c per 100 at Los Angeles, with mills and feed manufacturers taking only moderate supplies. No. 2 hard winter in bulk was quoted in that market on August 8 at \$1.62½ and No. 2 dark hard winter at \$1.67½.

**CRESCENT CLIPPINGS**

This neighborhood wishes to extend sympathy to their neighbor, Mrs. Frank Souders for the death of her mother, Mrs. E. J. Wells.

Mr. and Mrs. James Farrington and son and Mrs. Anna Kimbley were Lewiston visitors Wednesday afternoon and evening. They reported Gus Farrington, who is in the hospital there, to be getting along as well as can be expected, better in fact, than he has been for some time.

Frank Souders, Jr., of Kellogg and George Souders of Wallace spent Saturday and Sunday with their parents, Mr. and Mrs. Frank Souders and attended the funeral of their grandmother, Mrs. E. J. Wells.

Mr. and Mrs. Aaron Wells and family came down from Moscow on Saturday night and returned Sunday night.

Word was received from Miss Ruby King last week, asking that she be released from her contract to teach the school next year.

Mr. and Mrs. Chas. Greenwood spent Monday night with Mrs. Frank Souders.

Mrs. Axel Swanson accompanied the Riley's back to Kendrick and will help Mrs. Riley cook for the threshers.

Mr. and Mrs. F. Reiche visited Sunday with their daughter, Mrs. Alex Lawrence and family.

Mr. and Mrs. Mike Forest spent Sunday afternoon at the Kimbley home.

Two of the Mattoon children were thrown from the buggy Saturday afternoon when the horses which they were driving ran away. The children were not seriously hurt but the horses broke the harness up and damaged the buggy somewhat.

Mr. and Mrs. Edward Darby and family spent Sunday at the John Darby home.

Lumber and pole hauling trucks are keeping the roads busy these days.

**BIG BEAR RIDGE NEWS**

Grain threshing and combining is in full swing on the ridge right now. Milo Slind of Lewiston is spending a few days vacation at the home of his mother, Mrs. Mary Slind.

Miss Alma Aas of Moscow and Miss Marion Peterson of Troy were guests at the James Nelson home the first of the week.

Mrs. W. E. Hecht entertained the Ladies Guild last Wednesday.

Edwin, Joseph and Miss Bertina Forest attended a Luther League convention in Moscow, Sunday.

Miss Marie Hesby was a week-end guest of Miss Margaret Lien.

Mr. and Mrs. J. C. Bower of Lewiston spent Sunday at the Kleth home.

The Luther League and a number of guests were entertained at the Ole Lien home Saturday evening. A social time and delicious refreshments were enjoyed by all present.

Several people from the ridge went to Clarkston Tuesday to attend the funeral service of T. H. Rognstad who passed away suddenly Saturday. Mr. Rognstad was well known here, having lived in this community for many years.

**Sacred Concert**

The Manitou Trio, a group of young folks from St. Olaf College, will give a sacred concert consisting of vocal and instrumental numbers at the Zion Lutheran church in Deary, August 18, commencing at 8 o'clock p. m. This concert is sponsored by the Luther League. Admission prices: Adults, 35c; children, 25c. 32-1

### THE HALL OF FAME

To attempt to name the dozen or so "most important" characters in the drama of our past is a presumptuous undertaking. Perhaps no two people would select the same names, and the reader is invited to help, by comment and criticism, in correcting and perfecting the list. Fame may be acquired by a single striking achievement; it may come from a lifetime of accomplishment; it may be based merely upon reflection or association. Lindberg, Edison, Molly Stark.

Idaho's list of the justly famous should cover all our history; even our division into periods may be found fault with.

Discovery — Meriweather, Lewis, Sacajawea, Wilson Price Hunt.

Exploration and Fur Trade — Captain Bonneville, Nathaniel Wyeth, Father De Smet.

Oregon Trail — Eliza Spalding, Captain John Mullan, Franklin D. Richards.

Days of Gold — Jane Silcott, George Grimes, Colonel William Dewey.

Organization and Development — Edward Stevenson, James H. Hawley.

It will be noted that the last period is incomplete; it lacks one name. This phenomenon inevitably appears when a writer attempts to list the notables of his own country. It proceeds from an acute and incurable modesty, and from the established rule that living personalities are excluded from the Hall of Fame. Only the seal of Death can make Fame securely permanent.

"History," says Carlyle, "is made up of innumerable biographies."

To know the lives and careers of these characters, is to know the history of Idaho. They were either great, or they figured in great events, or both. The list may be incomplete. Additions or substitutions may well be needed to make it perfect.

But these were stars on the stage of the State we live in.

### Radio Artist Sing Old Songs

The old saying: "Old friends and old songs are best," certainly proved true in the case of Harold Madsen, Victor recording artist and well-known radio entertainer.

At the beginning of his radio career, Harold sang popular songs. One evening before his program was about to go on the air, the discussion came up as to which type of song was the most popular—the modern songs or the old-time favorites. On a bet, Harold sang the old time favorites and they won! Calls came through the telephone to WRHM, Minneapolis, where he was singing, so fast that the service was paralyzed. Fifty calls per minute was the check.

Since that time, Harold has sung these old favorites, so universally liked, over such well-known radio stations as KOIL, Omaha, KWK, St. Louis, WJAS, Pittsburgh. During all of last year he was one of the staff artists for WRHM, Minneapolis and gained a large following. His contracts for the coming year include some of the largest radio stations in the country.

However, Kendrick people will have the opportunity of hearing Harold in person instead of over the radio. He is one of the features with Harvell's "Uncle Tom's Cabin" tent show, which comes to Kendrick for one night only, on Aug. 20th.

### Runs Nail Into Foot

Ed. Dammarell is confined to his home, suffering with a very sore right foot, caused by his having stepped on a nail while hauling material from the location of the old gym to the place where the new one is being built. Ed. Long is driving the Boyd truck while Mr. Dammarell is off duty.

### MISS MARIT VOGNILD PASSES AWAY JULY 31

Miss Marit Vognild was born in Updahl, Norway, on July 7, 1841. She came to South Dakota in 1882 and to Idaho in 1895. She later moved to Big Bear ridge, where she has made her home for the last 25 years.

She died July 31, 1930, at the age of eighty-nine years and twenty-four days with complications brought on by advancing age. The funeral took place from the Bethany Lutheran church on Sunday, July 31, 1930.

Miss Vognild had lived a Christian life from her early youth and when she became weak and feeble from old age she was longing for the Sabbath rest that remains for the people of God.

We wish to thank all our friends and neighbors for their kindness and help during the illness and passing of our Aunt. We extend special thanks for the beautiful floral offerings.

### Grain Is Pouring In

Trucks from almost all directions are coming into Kendrick just now heavily laden with wheat and both warehouses are about the busiest places in town. The yields are still reported as being far above the average year and many reports of from 30 to 55 bushels per acre are made. Some of the grain is entirely free from smut, but more of it has a fair percentage of dock from that cause.

The heaviest day so far reported at the Kendrick-Rochdale elevator was on Thursday of last week, when more than 14,000 bushels of wheat was received. The Vollmer-Clearwater warehouse reports a daily average of about 5,000 sacks.

### Tram Jumps Track

Some little excitement was caused at the Vollmer-Clearwater warehouse Tuesday afternoon when the big tram that brings the wheat down from the upper warehouse got too fast and the unloader was unable to take off the sacks from the buckets, the tram jumped the track and tore out a small section of the roof before it could be stopped.

Only a small amount of damage was done and the delay was of short duration.

### Former Local Boy With Show

Fred Brown, a former Kendrick boy, is connected with Harvall's Uncle Tom's Cabin company that will appear here next week. Mr. Brown joined the company while here some five year ago and has been with them since that time. He takes the part of George Harris in the play. He also has charge of the "big top" and is show mechanic.

### The World's Largest Shovel

The largest shovel in the world scoops out the coal that feeds Northern Pacific engines running between Spokane and Dillworth, Minnesota. This is located at Colstrop, Montana, and the dipper of the shovel is so huge that the ordinary auto would find ample room in it. It takes out enough coal every minute to supply the average family all winter.

Two shovels weighing 300 tons each, dig out the vein and lift it into gondola cars, nine tons of coal in one minute.

### Heavy Wheat Yield

August Meyer last week finished threshing a field of wheat that had been planted in alfalfa ground that made 61 bushels to the acre—one of the best yields yet reported.

### Credit Given Italians

The Italians, in the sixteenth century, are considered to be the first to manufacture artificial ice for commercial purposes.

## The Flashlight

Little Flashes of This and That

Vol. 1. Kendrick, Idaho, August 8, 1930. No. 8

Published in the Interests of the People of the Entire Potlatch Country by the Kendrick Hardware Company, Harold Thomas, Editor.

Hon. Hezekiah H. Hammerstring

With this issue we present the almost living likeness of our candidate for county commissioner on the Republican ticket, a man of sterling character and worth.

As we reminded our readers last week of the former oration of our candidate for Justice of the Peace, some fifteen years ago, so this issue we bring out some of the planks in our candidate's platform.

Mr. Hammerstring came into the store yesterday and moving over the "Fresh Paint" sign, carefully parting his coat-tails, sat down on one of our freshly-painted counters and remarked: "I'm a firm believer in shorter hours and longer pay for political investigators; I also believe in—dag nab the fresh paint! \* 1 x 1 \*, etc., etc. Gentlemen, where's the paint remover?"

It is not what the world thinks of us that should make us either miserable or happy, but what we think of ourselves. That's why we give 5 per cent off for cash.

By the way—Marvin Long says our fish hooks are the best to be had. He knows.

Russell Betts took delivery of a new six-speed truck yesterday. Boys, it's some truck! He's hauling wheat from Southwick.

"What if I was speedin'?" Policeman or no policeman, no second cousin o' Pa's is goin' to sass me when I've left a roast in the oven!"

The grouse and native pheasant season will open in Nezperce county September 1. We have a complete stock of guns and shells on hand.

We have several specials in grey and ivory enamelware.

Remember, we are agents for the Aladdin lamp.

Keep the squeaks out with one of our oil cans. All kinds.
