KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, SEPTEMBER 5, 1930

NO. 36

WHEAT MARKET WEAK BUT FEED GRAINS FIRM

Domestic wheat markets weakened and prices declined to near the low point of the season during the week ending August 30, principally as a result of the early movement and prospective heavy offerings of Canadian wheat, according to the weekly grain market review of the United States Bureau of Agricultural Economics. Feed grains had independent strength and prices held steady or advanced at most markets, influenced by a further reduction in trade estimates of the corn crop and continued good demand. Rye was firmer under a growing demand for this grain for feed, while flax strengthened as offerings decreased and hedging pressure from crushers became lighter.

Prospective early movement of the Canadian wheat and increased selling pressure in Canadian markets were the principal weakening factor in the wheat market during the week. Harvesting is now practically finished in Manitoba and about 75 per cent and 50 per cent finished in Saskatchewan and Alberta respectively. Threshing is well under way and trade reports indicate that returns are averaging better than expected, and that about 60 per cent of the Alberta production and 70 per cent and 40 per cent of the output in Saskatchewan and Manitoba respectively will grade No. 2 or better, should the present favorable harvesting weather continue.

More recent estimates of European wheat harvests show reductions from earlier forecasts, and from present indications production in Europe will be from 125,000,000 to 150,000,000 bushels below that of last season. The indicated reduction in Europe and North Africa about offsets increases in the Indian and North American harvests. High tariffs and restrictive milling regulations, however, are curtailing European demand for foreign wheat and export takings from United States supplies continue disappointing. An increased acreage of wheat has been seeded in Argentina, according to the official estimate, which places seedings this year at 20,130,000 acres, compared with 19,430,000 sown and 16,191,000 acres harvested last season.

Domestic cash wheat markets generally followed the decline in futures, although hard and soft winter wheat had some independent strength as a result of an active mill demand for desirable milling grades. September wheat at Minneapolis declined 2 1/2¢ for the week and closed August 29 at 84¢. No. 1 dark northern sold within a range of 2¢ to 6¢ over the September price. Receipts were much smaller than during the previous week but competition was not quite so keen as recently. Heavy wheat rather than protein commanded premiums, with 59 lb. wheat selling at 3¢ to 4¢ over the September, 60 lb. at 5¢ to 6¢ over and 61 lb. wheat at 6¢ to 7¢ over the September. Protein inspections averaged 14.26 per cent for the week at the market. No. 1 dark northern was quoted at Duluth at the close of the market August 29 at 88 1/2¢ to 90 1/2¢.

Durum wheat prices also declined but not so much as bread wheats. Domestic milling demand was fairly active but export inquiry continued dull. Duluth December durum declined 2 1/2¢ and closed at 77 1/2¢ on August 29. No. 1 and No. 2 Amber were quoted at that market at 78 1/2¢ to 86 1/2¢ and at Minneapolis these same prices were quoted. No. 1 durum was quoted at Duluth at 77 1/2¢ to 78 1/2¢ and No. 1 red durum at 74 1/2¢. Canadian spring wheat markets were weaker than domestic markets, reflecting the increased hedging pressure occasioned by the early offerings of new crop grain. Around 3,000,000 bushels were being marketed daily in the three western provinces toward the close of the week. No. 1 Manitoba northern closed August 29 at Winnipeg at 86 1/2¢ per bushel.

The decline in futures, together with a continued disappointing export demand and fairly liberal offerings of domestic wheat, weakened the hard winter wheat cash markets. Cash prices, however, declined less than futures, with mills and shippers bidding actively for high protein and other high quality milling wheat. Marketings of winter wheat were further reduced, with receipts at the principal southwestern markets totaling only 4,450 cars for the week, compared with 4,776 cars last week. Protein continued to average fairly

Bill Hearst Asked to Move

William Randolph Hearst, of yellow journalism fame, has been asked to leave France for the offense of furnishing too much news. While we have to hand it to Bill for furnishing plenty of sensational stuff, there are few who really believe in the sort of stuff he publishes. If it's not sensational, it's no good to Bill, so don't ever send him anything that anyone else would publish.

SCHOOL TO OPEN NEXT MONDAY, SEPTEMBER 8

The Kendrick Public school will re-open next Monday, September 8, according to Supt. W. C. Jones.

Monday morning will be used mostly for registration, with short class periods for the purpose of making assignments.

There will be a teachers' meeting Monday afternoon for the purpose of outlining the year's work.

The teachers for the coming school year, are as follows:

W. C. Jones, superintendent—graduate Grinnell (Iowa) College, social science and mathematics.

Nancy Jarvis, Graduate Gooding College—Commercial and English.

Josephine Deagen, graduate St. Joseph's College (Minnesota)—Science and English.

Priscilla Baker, graduate University of Washington—Mathematics and English.

Arthur Dawald, graduate University of Idaho—Seventh and eighth grades.

Miss Jarvis, graduate Gooding College—Fifth and sixth grades.

Miss Zelma Roe, graduate Lewiston Normal—Third and fourth grades.

Miss Earlen Stump, graduate Lewiston Normal—First and second grades.

It will be seen by the above line-up that the Kendrick schools have a well-balanced teaching staff. All the teachers are well qualified to fill the positions to which they have been assigned. Several of them taught here last term and are well known, while those who will teach here for the first time come highly recommended as teachers and all may look forward to one of the most successful school years Kendrick has ever experienced.

Too Many Birds In Bag

Guns worth \$360 and fines of \$64.80 each were penalized against three men the other day in Justice B. Costello's court, at Lewiston, for the killing of 24 grouse and native pheasants. Four birds each, or a total of 12 for the party, was the limit.

C. W. Pierson, Moscow; C. M. Cone, Moscow, and Walter Cook, Elk River, pleaded guilty to the violation of the game law after they had been discovered at 8 p. m. by Game Warden A. A. Seaborg on China creek bridge, three miles below Zaza, in the southernmost part of Nez Perce county. A boy 10 years old, was in the party, not entitled to hunt or carry a gun under the law. He was not fined.

Seaborg said in court he believed the party had waited until darkness fell to sneak through Lewiston en route home to Moscow and Elk River. When he accosted the party along the bridge, Seaborg was told that there were 16 birds "for four hunters." When Seaborg told them the boy could not under the law carry a gun, they admitted they had violated the law. Further inspection showed additional sacks in the car and a total of 24 birds.

When taken from their sacks in Justice court the birds occupied almost half the floor space in the court room.

Stanton-Catlett Nuptials

A quiet home wedding took place in town Wednesday afternoon at 4:30 when Mrs. Susan Ann Stanton was united in marriage to Joseph O. Catlett of Moscow.

The ceremony was performed by Rev. Corabelle M. Teachman, pastor of the Methodist church, with Mrs. James Emmett and Mrs. John Brown as witnesses.

Ice cream, cake and fruit punch were served the guests after the ceremony. The happy couple were given an old-fashioned charivari Wednesday evening and the necessary "treats" were forthcoming.

Contractor Jordan Returns

Marvin Jordan, contractor for the new gym, has returned from Lewiston and with the arrival of brick, will push the work on the structure as rapidly as possible.

TRY YOUR OWN PRINTER FIRST, SAYS ADKISON

According to a careful survey of printing conditions in Idaho, it is safe to estimate that approximately 30 per cent of all printing in the state is printed outside the state. This is a deplorable situation in view of the fact that all of this printing could be done in Idaho and that the Idaho printing payroll is very important to the upbuilding of the state. There are approximately one hundred and seventy print shops in Idaho, employing nearly seven hundred persons. Nearly two hundred and fifty thousand dollars are sent outside the state each year for printing and much of this comes from public institutions and municipalities which derive their maintenance from public support or taxation.

The imprint of the outside printer spells disaster for the best booster in the community—the home town newspaper. His pages represent the mirror of the community—the show window for all the outside world. Printers and editors are high-class technicians, supporting fine families and educating their children. They have a large investment, amounting in Idaho to millions of dollars, pay their taxes and donate each year hundreds of dollars—their stock in trade—to boosting the community and every worthy enterprise.

There are many business men who ask for support of their stores and institutions but who fail to realize that it is necessary to give their printing and advertising to the home newspaper in order to build up another real payroll, so imperative to the needs of the community. It is so easy to plead cheaper prices but that also applies to stores. He is a poor "sport" indeed who asks for home support and sends his printing outside.—Norman B. Adkison, in Golden Idaho.

In Memory of Mrs. Petrick

The following information regarding the life of the late Mrs. J. H. Petrick, who passed away in Seattle August 3, 1930, and whose body was brought here for burial, has just been received by the Gazette:

Theresa Voigt was born in Dodge, Wisconsin, March 11, 1858. On January 2, 1879, she was married to Julius Petrick. To this union nine children were born, seven of whom survive. A daughter died in infancy and the eldest son, Benno, died at Kendrick three years ago. With the husband and father, J. H. Petrick, the following children survive: Three sons, Edward, Paul and Arnold, all of Seattle; four daughters, Mrs. U. S. G. Evans of Auburn, Wash.; Mrs. S. T. Mayer of Long Beach, Calif.; Mrs. C. G. Allenbach of Chicago, and Mrs. J. C. Ashton of Seattle. Seven sisters, all of whom reside in Minneapolis, Minn., also survive.

Mr. and Mrs. Petrick first lived in Iowa, moving from there to Oregon. They later returned to Minnesota and in 1903 they again came West, settling at Kendrick, where they resided until a year ago, when they went to Seattle to make their home and where they lived until the death of Mrs. Petrick August 3. Death was caused by asthma and heart trouble, following an illness of three months.

Have Returned From Coast

Rev. and Mrs. Otto G. Ehlen and baby, Mrs. D. Denner and son Dave and daughter Emma, of Cameron returned Wednesday night from a two-weeks vacation-motor trip to the Coast, visiting Portland, Seaside, Rockaway and other points of interest in that section. They visited with friends at Portland and Aurora, Oregon, during their trip.

Rev. Ehlen says clam digging was good but that fishing was not so good. He said the waves were just a little large—that he couldn't see his cork "bobble"—or words to that effect. They all report a splendid time.

Entertained at Dinner

Dr. and Mrs. E. H. Field entertained Mr. and Mrs. Wm. Watts and family and Mr. and Mrs. L. J. Herres and Eleanor at a grouse and trout dinner Tuesday evening—the result of the doctor's prowess with rod and gun on his recent trip to the Salmon river country.

New Store Manager

Ivan Morgan of Lewiston has taken over the management of the Morgan store here, having begun the job Monday morning, succeeding Howard DeLano, resigned.

STATE CHAMBER TRY CURTAIL AUTO ACCIDENTS

The question of highway safety is abroad in the land. States all over the country are awakening to the necessity of stopping, or at least greatly reducing the terrific toll of life and property that is exacted yearly on the highways. The State Chamber of Commerce has taken up the question in Idaho and hopes to be able to arouse in the citizens of the state a safety consciousness which will result in more adequate legislation to curb the annual destruction.

Minnesota is one of those states which is realizing the necessity of doing something about the question of highway safety. Records of the Travelers Insurance company of Hartford, Conn., show Minnesota in the first five months of 1929, killed 68 on the highways and in the same period in 1930 the toll was 111, an increase of 63.24 per cent. The automobile association there is advocating a driver's license law and in a recent editorial in the Minneapolis Journal the measure is supported entirely. "What is needed to assure Minnesota the benefits of a proper safety measure of this kind," says the Journal, "is an educational campaign—not so much to teach the public the need of driver licensing as to teach the public what the bill really provides."

In Minnesota, as in Idaho, driver license legislation has usually failed because of a misconception of its character. It was generally believed that a driver's license law would work a hardship on the families of farmers by making them take trying examinations and pay heavy fees in order to obtain the right to drive the family car to the nearest market and back. Continuing its argument for the law the Journal says: "Save only those proved chronically unfit by court records of their own offenses, all persons now privileged to operate automobiles would be similarly privileged under the proposed act. There would be no costly or onerous examinations, no red tape."

Idaho has no driver's license law and such a bill has twice been defeated in the legislature. Perhaps it would be well for those charged with framing legislation in Idaho to acquire a copy of the proposed Minnesota law.

Bring Home Fish—Birds

Ira Bolon and son, James, and Dr. E. H. Field returned home Monday evening from a two-days fishing trip to Eagle creek—down Salmon-river way. They brought out the limit of both fish and grouse and they were all of the finest. We know about the fish, for Mr. Bolon gave us a nice mess of the speckled beauties. We have no further reason to doubt that Ira can bring home the fish as well as "the bacon." He stated that the birds were some of the largest he had ever seen.

Marvin Long says "that's nothin'," just wait till he gets time to go fishing, he will show some real fish when he gets back. He has ordered dozens of new flies, some patent spinners, imitation fish, and a few dozen other contraptions to try to lure the fish his way. We are anxiously awaiting his going and coming.

Walkers Return Home

Mr. and Mrs. N. E. Walker returned home from a short visit with relatives at Nelson, B. C., Sunday evening. They report a very enjoyable trip.

Mr. Walker states that conditions in that part of Canada are much the same as they are here; that times are close there the same as here and they report that the tourist business has been much less than in former years. He reports the roads in fair condition; gravel all the way, but some of it is rather rough. After crossing the international boundary the road is quite crooked and rather narrow in places, but on the whole is not too bad.

COMMERCIAL CLUB MEETING

The regular monthly meeting of the Kendrick Commercial Club will be held at the Hotel Kendrick on Tuesday evening, September 9. All members are urged to be present as there is much of interest to come before the meeting.

Snow In Montana

A light snow fell at Helena, Montana, Sunday afternoon, which gave the denizens of that city the opinion that winter is almost upon them—with no fall in sight.

Ice was formed at Grangeville Sunday night, which also informs the people there that they should look well to their wood and coal piles.

NEW TALKIE SHOW DRAWS GOOD CROWDS

The Audian Theater, formerly the New Kendrick, opened Friday evening of last week with the all-talking picture "Flight," and all three nights good-sized, and very satisfactory crowds were in attendance.

While there was some acoustic interference when there were only a few in the house, this, Mr. Zell informs us, can and will be overcome by the proper draping of the room. A partition will also be put at the rear just back of the first row of seats, to act as a "storm-door" as well as assist in the curtailing of the "echo" now heard in the building when the show is in progress.

Mr. Zell states that he will do all within his power to give the people of Kendrick-Jalisco and the surrounding country as good shows as they could see in Lewiston or elsewhere. The picture "Flight," given last week was well received and those who had the pleasure of seeing it were well satisfied and commented quite favorably upon its merits.

The picture for Friday, Saturday and Sunday nights of this week will be "Swing High," a circus picture of much merit. It was played at the Liberty Theater in Lewiston recently and drew large crowds. There are few people who are not interested in a circus and this picture will tell you more than you would ever be able to see by attending any circus.

Mr. Zell states that he has signed up for a run of Vitaphone pictures, among them being such outstanding pictures as "Sally," 100% technicolor; "No, No, Nannette," a 50% technicolor; "Paris," a full technicolor; "Isle of Lost Ships," one of the outstanding pictures of the year, and "The Dawn Patrol," played last week at Lewiston. These, with many others will be seen right here in your own community town and are as good as can be seen anywhere, because they are all top-notchers.

Town Filling Up

Preparatory to sending their children to the Kendrick school, several families have rented houses and have made arrangements to come to town to spend the winter in order that their children may take advantage of the splendid school facilities that Kendrick has to offer.

The Raby apartments have all been taken and the rest of the available rooms in the building are pretty well filled. The apartments have been rented to Mr. and Mrs. W. C. Jones, Mr. and Mrs. Dawald and Miss Josephine Deagan and Miss Earline Stump. All the above tenants are connected with the public school with the exception of Mrs. Jones and Mrs. Dawald.

It is expected that all available houses for rent will soon be taken—in fact, most of them have already been spoken for.

Methodist Rally Week

Rally week will be observed from Sunday, September 7, to September 14 in the Methodist church. A covered dish supper and social get-together will be held for members and associated friends of the church, on Wednesday evening, September 10, at 6:30 p. m. in the church.

On Friday evening, at 8 o'clock, a reception will be given to the faculty of the Kendrick school, to which the public is cordially invited. Saturday afternoon at 2 o'clock, all children who attend the church, from six years old through the grammar grades, are invited to a party in the church, when plans will be made for the organization of a Junior League. Sunday, September 14, will be Rally Day in all departments of the church, and a special program will be given on Sunday evening.

More particulars will be given next week.

Home From Hospital

Mrs. Boyd Cook of Leland, who recently underwent a major operation at a Lewiston hospital, has so far recovered as to be able to return to her home the latter part of this week.

LATAH COUNTY RECORDS FILED DURING PAST WEEK

The following records have been filed in the office of Harry A. Thatcher, county recorder, during the week ending September 2:

Deeds
A. D.—Wade T. Keene, administrator of estate of Geo. Eldringhoff, deceased, to Leah Cardinal, dated Aug. 25, 1930; \$1800; SE 1/4 Sec. 1, Twp. 38N, R3, WBM.

J. S. Heckathorn et ux Edna to C. H. Griffith, dated Feb. 15, 1930; \$100; S 1/4 NE 1/4 and N 1/4 SE 1/4 24-39-5, WBM.

C. H. Griffith et ux Helen to H. E. Walker, dated April 28, 1930; \$100; S 1/4 SE 1/4, N 1/4 SE 1/4 24-39-5, WBM.

Retta Holman to Roy W. Holman, dated Feb. 13, 1930; love and affection consideration; lot 16, Blk. 29, Park Add. Moscow, 100x39.7x41.3 ft. E. of lots 14 and 15.

W. D.—John Cone et ux Mattie J. Cone to Harry Franks, dated Aug. 30, 1930; \$1200; NE 1/4 NE 1/4 4-41-4 WBM (lot 3).

O. C. D.—E. R. Northrup to Spokane-Idaho Copper Co., dated Aug. 11, 1930; \$100; quartz mining location known as the "Hoppe" in Secs. 7 and 8, 42-1 WBM.

O. C. D.—E. R. Northrup to Spokane-Idaho Copper Co., dated Aug. 11, 1930; \$100; quartz mining location known as "Paul" in Secs. 7 and 8, 42-1 WBM.

Mortgages

F. T. Gladden et ux Ella May to Bertha Eichner, dated Aug. 28, 1930; \$2,000.00; due Nov. 8, 1935; SW cor. NE 1/4 NE 1/4 19-39-2 WBM; NE 1/4 SW 1/4 20-39-2 WBM.

V. D. Brannock et ux Retta to First State Bank, Bovill, dated July 30, 1930; \$350.00; lots 1 and 2, Blk. 23, Bovill.

Harry Franks to John Cone, dated Aug. 30, 1930; \$800.00; due 5 years; NE 1/4 NW 1/4 4-41-4 WBM (lot 3).

Catherine A. Sanders et vir A. B. Sanders, dated Aug. 30, 1930; due Aug. 30, 1930; \$500.00; N 1/4 SE 1/4 SE 1/4 8-40-5 WBM.

S. L. Wahl et ux Mary C. to W. N. Gibb, dated Aug. 21, 1930; \$500; due 10 years; NE 1/4 16-37-4 WBM.

Conditional Sale Contract

Arland Motor Co. to F. H. Brincken, dated Aug. 21, 1930; \$359.33; due Oct. 1, 1930; \$417.97 due Oct. 1, 1931; Columbia Ann Arbor hay baler.

Annual Statement

Wash. Water Power Co., dated Aug. 25, 1930; Capital stock, \$105,000,000.00; paid up \$33,968,942.00.

Rogers Lbr. Co. to The Public, dated Aug. 27, 1930; capital stock, \$250,000.00; paid up.

Oxford Copper Mining Co., dated Aug. 28, 1930; capital stock, \$611,685; fully paid.

Release of Material Man's Lien

Potlatch Lbr. Co. to A. W. Martin and A. Kulhanek, dated Aug. 25, 1930; lots 12 and 13, blk. 1, Dr. Taylor's Add. Moscow; lien dated Aug. 5, 1930.

Order Confirming Sale

Probate Court in matter of estate of Geo. Eldringhoff, deceased, dated Aug. 25, 1930; SE 1/4 1-38-3 WBM; Latah county, to Leah Cardinal, \$1800.00.

Chattel Mortgage

E. H. Sherman to International Harvester Co., dated Aug. 25, 1930; \$1670.00; due Aug. 15, 1931; McCormick-Deering harvester thresher.

Releases

Rufus A. Littlefield et ux Anna B. to R. A. Littlefield, dated Aug. 27, 1930; chattel dated Jan. 13, 1930.

Advance-Rumely Thresher Co. to Paul Richardson et al, dated Aug. 19, 1930; W. D. Rowland, Joe Knapik, R. G. Knapik, to Clayton Lattee, dated Aug. 28, 1930; release of lien dated July 21, 1930.

Bertha Eichner to F. T. Gladden et ux Ella May, dated Aug. 28, 1930; real estate mortgage dated Nov. 8, 1930.

First State Bank, Bovill, to V. D. Brannock et ux Retta, dated July 30, 1930; real estate mortgage dated July 30, 1930.

National Cash Register Co. to Sanitary Grocery, dated Aug. 24, 1930; conditional sale contract dated Mar. 25, 1929.

W. N. Gibb to S. L. Wahl et ux Mary C., dated Aug. 21, 1930; real estate mortgage dated May 10, 1920.

Execution

M. W. Griffith vs. Tom Armstrong, dated Aug. 26, 1930; \$397.87; E 1/4 NW 1/4, 30-40-4 WBM.

Writ of Attachment

W. G. Hutchison vs. W. C. Carlton et ux Gladys Carlton, dated Aug.

Lights Must Be Tested

It makes absolutely no difference who you are, where you live, or whether you drive your car or truck at night or not, you must have its lights tested and adjusted according to law, and unless you do so, and at once, you are laying yourself liable for not having done so. If your truck has no lights on it, lights must be put on, and not just mere shells, but lights that meet state requirements. Many people do not seem to realize that their lights must be tested and cared for, but such is the case, and the sooner that is done the less

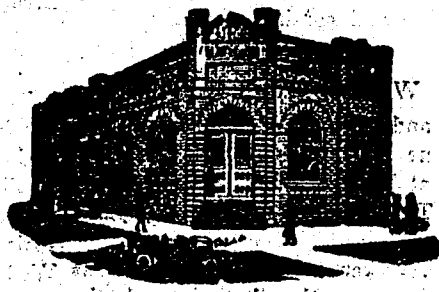

liable the owner is of finding himself facing the judge and paying a fine that would have kept up his lights for years and bought gas besides. Deobald Brothers, headlight testers for this section report that the response has been fair, but that there are about 50 per cent of the cars in this territory which have not been tested and adjusted. Better not stop to argue with the traffic officer, but have them tested!

You don't need to send away for printing of any kind. We can do it.

KENDRICK STATE BANK

OF KENDRICK, IDAHO

"A Home Bank"

PERSONALS

Mr. and Mrs. R. J. Zell of Genesee were Kendrick visitors Tuesday.
Frank Millard of Juliaetta was in town Thursday, returning home that evening.
Mrs. Wm. Watts, Mrs. Herres and Eleanor and Mrs. E. H. Field were Lewiston visitors Wednesday.
Miss Marjorie Davidson left Saturday for Seattle where she will attend a business college this fall and winter.
Mrs. Walter Wagner of Kellogg arrived Saturday for a week's visit with her parents, Mr. and Mrs. W. A. Perryman.
Mrs. L. S. LaHatt will arrive this Friday afternoon from Puyallup, Wash., to join her husband, who is in the jewelry business here.
F. A. Nutt of Clarkston was a Kendrick visitor Monday. He is a brother of Manford Nutt of Juliaetta and is visiting him for a week or two.
Miss Minnie Craig of Leland returned to her home at Leland Tuesday after spending the week-end with her friend, Miss Margaret McDowell.
Mr. and Mrs. W. C. Jones went to Lewiston Tuesday afternoon. Mr. Jones returned to Kendrick but Mrs. Jones remained for a visit with her sister in Clarkston.
Joe Gardner and daughter Helen went to Winchester Monday, after spending a week here at the Ramey home. Helen will attend school at Winchester this winter.
Miss Edna Bolon returned home from Cave Gulch, on the Snake river, where she has spent the past several weeks working. This is Edna's second summer spent there.
Mrs. Wade Keene and sister, Mrs. Harman, from Peck, took advantage of the excursion rates to Seattle last Saturday and spent a few days visiting in the Sound City, returning home Tuesday night.
J. F. Cheesman of Spokane, Sunday school missionary for the Presbyterian church for eastern Washington and northern Idaho, was in Kendrick Saturday afternoon and Sunday. He visited the local Presbyterian Sunday school Sunday morning.
Bob Newton and family of Cheney, Wash., spent the day Monday visiting Mr. and Mrs. A. K. Carlson and family. Mr. Newton was formerly owner of the Red Cross Drug Store here, having sold it to B. F. Nesbit some three years ago. He now owns a drug store at Cheney.
Mr. and Mrs. E. Byron Smith and children—Russell, Norma and Mary Jane, were in town for a short time Monday on their way home from Reardon, Wash., where they had gone to get their son, Russell, who had been working at Reardon during the summer vacation. Mr. Smith is cashier of the Bank of Peck. He is also a candidate for auditor and recorder of Nez Perce county on the republican ticket. Mr. Smith was formerly cashier of the Farmers Bank here.

Artist Father and Son

Rembrandt Peile, father, was an artist, and at least three of the sons bore names of famous painters. These were Rembrandt, Raphaelle and Thilan.

Give Your Child a Chance

In equipping their children for school parents should look well to their children's eyes. It is claimed that eighty per cent of our knowledge comes through the visual function. From this it is evident that clear, comfortable vision is the most essential equipment necessary for a successful school term. Be sure of your child's visual welfare and comfort by consulting Dr. Charles Simmons at the Kendrick Hotel, Friday, September 12. 36-2

TEKEAN NEWS

S. J. Bryant has made himself a present of a nice Graham-Paige sedan.
Mr. and Mrs. T. B. West from Orofino were all-day visitors at the J. H. Butler home Sunday.
Miss Nelda Butler came home last week from Colville, Wash., where she had spent several weeks with her sister, Mrs. Claude Burrus.
Miss Pearl Baugh came home Sunday from Wawaiwa, Wash., where she had been helping her aunt cook for the fruit packers.
Mr. and Mrs. John Lind have been employed by the school board to paper and paint the school house; also the teacher's cottage, and now have the work almost completed.
Our school opened this week with Mr. Weakley as teacher for the upper grades. Everyone seems pleased to have him for teacher again, this being his third year here. Miss Lottie Klandik from Pasco, Wash., will teach the primary room. She comes to us well recommended and we feel sure we will have a good school.
L. Clanin has pulled in home with his threshing machine, having finished the work Tuesday afternoon. Ed Choate's machine will probably be through this week also.
Mrs. L. Clanin visited Tuesday afternoon with Mrs. Wm. Groseclose.
Mrs. Wm. Groseclose and son Bruce visited Sunday afternoon at the Wm. Mapes home on Freeman creek.
Geo. Kime has begun to build a new house to replace his loss by fire. He is at present building a woodshed to be used as a kitchen until he can build a dwelling house.
Mrs. Gus Harless took her little son Ray to Lewiston one day last week to have him examined by a physician as his health has not been good for some time. The physician gave much encouragement.
Claude Browning and son Vaughn and Rudolph Templeton were over from Cedar creek Tuesday looking for work.
Eddie Choate had a narrow escape one day last week when he attempted to jump on his Uncle Joe Choate's truck. His foot slipped and he fell beneath the truck and it ran over him lengthwise, from hip downward. He was badly bruised but no bones were broken.
Ned Wilson visited a few days the first of the week at the home of his uncle, Simon Baugh.
Rev. and Mrs. Fike of Nezperce were the guests of Mr. and Mrs. John Lind Sunday.
Mrs. Simon Baugh and children motored to Arrow Sunday afternoon to visit her sister, Mrs. Margaret Smith.

CRESCENT CLIPPINGS

Mrs. Albert Dorendorf received word from her sister, Mrs. Francis Stevens, that her youngest daughter, Donabel, was critically ill. They had but slight hopes for her recovery.
Mrs. Bruce Lockhart went to Lewiston Sunday, where she expects to stay for a time. Her husband accompanied her but returned to Kendrick Monday, where he and his brother George are working.
Mr. and Mrs. Jim Farrington and son Everett were Lewiston visitors Saturday night and Sunday. They report that Gus, who is there in a hospital, to be about the same as he has been for some time. Helen Farrington accompanied them home and will stay with her aunt, Mrs. Abe Dorendorf.
A threshing machine was in this neighborhood last week. There was very little threshing done in this neighborhood this year.
Mrs. Geo. Lockhart and children returned home Monday from Kendrick, where she spent a few days.
Lois Fry helped Mrs. John Darby cook for threshers three days last week.
Mr. and Mrs. Bill Dorendorf and children were Lewiston visitors Saturday.
Donald Drury returned to his home in Spokane Saturday. He has spent much of his summer's vacation with his aunt, Mrs. John Darby.
Bertha Loeser was an over-night guest of her aunt, Mrs. Elmer Hudson, one night last week.
John Darby is hauling grain to Kendrick.

Dr. Simmons Coming

Dr. Charles Simmons, Eye-Sight Specialist of Lewiston will be at the Kendrick Hotel Friday, September 12, on his next professional visit. The doctor has just returned from taking Graduate Clinic work and will resume his regular visits to Kendrick. He will be unable to visit Juliaetta or Southwick this trip. 36-1

Winter In the Offing
Only a short time back we of this community imagined we were suffering with the heat—and mayhap we were, for a short time only, but last Sunday night the mercury descended to within 36 degrees of the zero mark, making people begin to realize that fall is upon us and that winter is just around the corner.
There is plenty of dust, and all that, but we are not asking for rain until every last bushel of wheat and every single bean in this entire section is in the sack or warehouse.

Most of the wheat has been cared for, and while the price is very low, the extra average yield of from 10 to 15 bushels per acre will help very materially toward overcoming the low price.
We are so much better off in this section than they are in other parts of the United States that we really have no legitimate reason to complain of our lot. Let us make the best of the situation and wear one of those proverbial smiles "that won't come off."

LIBERATION

Increasing liberation from drudgery is the goal towards which mankind ever strives.

Electricity effects this liberation in the home, on the farm, in industry and transportation. In providing electric service this company seeks to further the widespread use of this modern form of power and constantly endeavors to make it available to all!

THE WASHINGTON WATER POWER CO.

BY NO MEANS
"ONE OF THE STANDARD MAKES"

The leading tire companies are sometimes called "the big five"—their tires "the standard makes." We think this is a grand "break" for the other four, but something of a hardship on Goodyear. The fact is, Goodyear builds MILLIONS MORE tires than any other manufacturer. GOODYEAR GAINED THIS WORLD-LEADERSHIP BY BUILDING TIRES THAT ARE EMPHATICALLY AND CONSPICUOUSLY SUPER-STANDARD! More people ride on Goodyears because Goodyears are BETTER tires to ride on!

They are PROVABLY superior—SUPER-standard! We will show you WHY before you buy. Low 1930 prices on all types. Will you call—or shall we?

A really STUNNING new tire you ought to see—

New HEAVY DUTY GOODYEAR
It gives you extra-style, extra-endurance, extra mileage, at ordinary heavy duty prices.

Leave Private Business Alone

"If it is desirable to protect the people in their freedom and independence, if it is desirable to avoid the blighting effect of monopoly, supported by the money of the taxpayer, if it is desirable to prevent the existence of a privileged class, if it is desirable to shield public officials from the influence of propaganda and the acute pressure of entrenched selfishness, if it is desirable to keep the government unencumbered and clean, with an eye single to the public service, we shall leave the conduct of our private business with the individual, where it belongs, and not undertake to unload it on the government."—Former President Calvin Coolidge.

NOTICE OF SALE OF REAL ESTATE

In the Probate Court of Latah County, State of Idaho. In the Matter of the Estate of Susan Richardson, Deceased. Notice is hereby given that the undersigned administrator of the estate of Susan Richardson, deceased, will on Monday, the 15th day of September, 1930, at 10 o'clock a. m. at the front door of the Bank of Juliaetta, in the Village of Juliaetta, Latah county, State of Idaho, sell at public auction the following described real estate belonging to the estate of said decedent and situated in Latah county, State of Idaho, to-wit: Lots One (1) and Two (2) and the East Half of Lot three (3) in Block Four (4) of the original townsite of Juliaetta, according to the recorded plat thereof, for the purpose of paying debts outstanding against the decedent and the expenses and charges of administration.

The above described real estate will be sold on the following terms: Ten per cent (10%) of the amount of the sale price to be paid upon the date of sale, and the balance upon the confirmation of such sale by the above entitled court. Dated and signed at Juliaetta, Idaho, on this 27th day of August, 1930. A. W. BEHRENS, Administrator of the Estate of Susan Richardson, Deceased. 35-3

JULIAETTA ITEMS

Another one of those delightful birthday parties took place last Thursday, where more than forty women and children and two men surprised Mrs. Lulu Buchanan at her home. Singing and visiting were followed by a delicious luncheon. A large and beautifully decorated birthday cake was made by Mrs. T. O. Greene. Mrs. Eben Adams and son Keith of Moscow are spending the week with Mrs. Alexander. Miss Lucille Gruell came home from Lewiston, where she has been employed, and is working at the bank. Mrs. Celia Garrison returned Saturday from Orofino, where she visited for several weeks. On Thursday she left for Potlatch for a visit with the S. T. Rector family. John Cochran of Spokane spent a few days the first of the week with his brother, Walter Cochran, and family.

Mr. and Mrs. Andrew Robbins were Lewiston visitors Monday. Alice Harris and Elizabeth Whalen are attending the Lewiston High school this year and Cieta Gallaher is going to Kamiah. Ward Alexander is attending at Moscow.

Lewiston shoppers on Tuesday included Mesdames Adams, Crutchfield, Gruell, Nutt, Clark and Cochran. Wilbur Larkin is in town again after being employed in Moscow all summer.

Nearly as many votes were cast at the school election on Tuesday as were cast at the primary election. Arnold Behrens and Walter Cochran were re-elected for the three-year term, Everett Custer for a two-year term and Mrs. Otto Schupfer for a one-year term.

Mr. and Mrs. Bert Ramey and children and Mr. and Mrs. Charles Talbot and Dickey of Potlatch visited relatives here Sunday. Charles, Jr., returned home with them after spending the summer at the Biddison home.

Mrs. Edgar Wilcoxen invited several guests to her home Wednesday afternoon to help celebrate her birthday anniversary. Three tables of bridge were played, the high score being won by Mrs. Clark and low score by Mrs. Biddison. A dainty luncheon was served to the following guests: Mesdames Alexander, Adams, Jones, Albright, Nutt, Gruell, Biddison, Behrens, Clark and Cochran.

Frank Nutt of Clarkston is visiting at the Manford Nutt home.

Mr. and Mrs. J. W. Winningham and their granddaughter of Puyallup, Wash., visited a few days at the T. O. Greene home. Mr. Winningham is a brother of Mrs. Greene. Mr. and Mrs. Hickman were callers Sunday at the Greene home. Mr. Hickman and Mrs. Winningham were schoolmates when they were children.

WHEAT MARKET WEAK BUT FEED GRAINS FIRM

high, with the inspections at Kansas City averaging 12½ per cent, compared with 12¼ per cent for the previous week. No. hard winter, ordinary protein, was quoted at Kansas City August 29 at 82½c to 83c per bushel, with 12½ per cent protein bringing about 2c premium and 13 per cent 3c premium over these quotations.

Pacific coast markets were also weak and lower, with wheat at Portland and Seattle selling at the lowest price of the season. Increased marketings of new crop wheat together with continued slow export inquiry and decreasing storage space at the terminals, were the principal weakening factors. Prices declined more than at Eastern markets, with No. 1 hard white Big Bend bluestem or early baart varieties quoted at Portland at \$1.03 and at Seattle at \$1.05 per bushel. No. 1 soft and western white was quoted at both Portland and Seattle at 85c and No. 1 hard winter, northern spring and western red at both markets at 84c per bushel. 14 per cent protein No. 1 dark northern spring and western red at both markets at 84c per bushel. 14 per cent protein No. 1 dark northern spring from Montana was quoted at Seattle at 93c and No. 1 dark hard winter at 91c per bushel in bulk. Mills were on moderate buyers and export sales were relatively small. One full cargo and three half cargos of white wheat were reported sold to the United Kingdom and 2,500 tons to the Orient. Moderate sales of Pacific northwest wheat were made to California during the week. A reduction in water rates from Washington and Oregon to California was partially responsible for the increased sales of northern wheat to San Francisco and Los Angeles. Demand at Los Angeles slackened, particularly for local wheat. Prices declined around 2½c per 100, with No. 2 hard winter in bulk quoted at \$1.55 to \$1.60, and No. 2 dark hard winter at \$1.60 to \$1.65 per 100. No. 1 hard white local wheat sacked was quoted at \$1.72 to \$1.77½ and No. 1 western white at \$1.67 to \$1.72. Local mills were reported well stocked with supplies and there was little inquiry for current offerings.

The Grade Crossing Menace
 In spite of the great safety of the railroads, which has been successful in almost every phase of operation, grade crossing accidents continue to increase.

The lines are conducting a constant campaign to educate the public to the dangers of carelessness at grade crossings and to secure cooperation. That motorists have failed to respond is not the fault of the railroads.

A number of court decisions, including the supreme court, have held that the burden of responsibility at grade crossings is on the motorist, and not the railway company. Those who fail to take reasonable precautions must take the consequences.

A survey once determined that the average train consumes but seven seconds in passing a given point. Yet thousands of people are killed and injured each year in a vain attempt to "save" this infinitesimal bit of time.

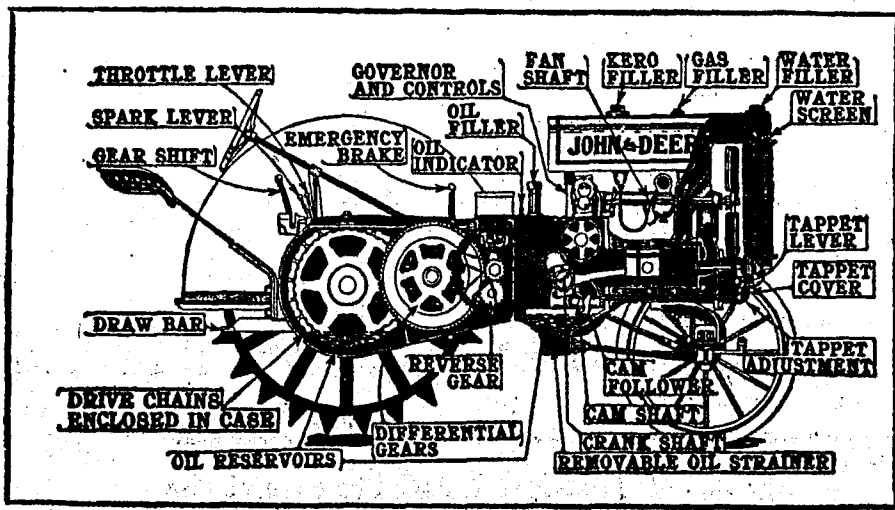

Perhaps the most telling commentary on grade crossing accidents is that a large percentage of them occur when automobiles hit trains, instead of trains hitting them! And the constantly increasing number of deaths from such accidents affords a terrible example of the truth of "Stop, Look and Listen."

The only time a horse gets scared nowadays is when he meets another horse.

The John Deere Tractor Is Hundreds of Parts Simpler

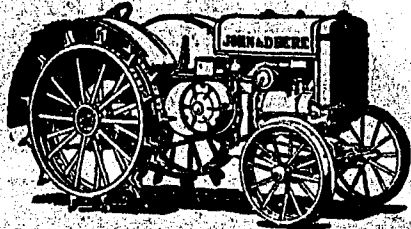

To you this means easier operation
... fewer adjustments ... fewer repairs
... less trouble ... longer life

Take a careful look at the cutaway view of the John Deere Tractor shown above. If you are acquainted with the interior mechanism of tractors, you will immediately appreciate the remarkable simplicity which characterizes the powerful, light-weight John Deere.

The John Deere is actually hundreds of parts simpler than other tractors of similar rating.

What does it mean to you to have a tractor of this simplicity on your farm? It means, first of all, that you have a tractor that is easier to understand and easier to operate. It means that you have a tractor that will last longer. . . the reduction in the number of moving parts means a corresponding reduction in the number of points of contact, possible sources of friction, wear and loss of power.

And there is another important advantage. The fact that the John Deere Tractor is made up of fewer parts has made it possible to build those parts sturdier and more wear-resisting and still keep the total weight down.

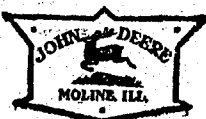

JOHN DEERE MODEL D FARM TRACTOR

From engine to drawbar, you will find the John Deere to be a simple, but powerful tractor, with no unnecessary parts to add weight and cause loss of power.

Come in and see this dependable tractor that offers you every advanced feature of power-farming. You'll always find us glad to talk "tractor".

Little Flashes of This and That

Vol. 1. Kendrick, Idaho, August 29, 1930 No. 11

Published in the Interests of the People of the Entire Potlatch Country by the Kendrick Hardware Company, Harold Thomas, Editor.

(Nathan B. Stealchy as He Appears in Golf Regalia Photo By Harold Zell

This photo of our zealous candidate was taken just as he proclaimed another plank in his platform—"I stand for a deeper investigation of crime, especially including a very deep investigation of gum machines that do not work!"

This plank fastened down with Kendrick Hardware glue and nails, at 5% off for Cash.

Radiant Polish Mops do the work with less effort. Try one.

Dr ycells — fresh — long lived. Very reasonably priced.

Rose out these morning and

o hunting Use one of our alarm clocks. Dependable time keepers too. Priced right.

It will soon be time to clean up your lamps. We are agents for Alladdin Lamps. The best.

Judge: "You tried to drive by the officer after he blew his whistle?"

Autoist: "Yes, your honor, but I'm deaf."

Judge: "You'll get your hearing in the morning."

Down in Mexico two duelists emptied their revolvers at each other, but neither was touched. However, two bystanders were critically injured. Which showed the shells were good but the marksmanship poor. We have the best shells on the market, for rifle or shotgun.

Electric light globes, plain and frosted—all sizes.

A Johns Hopkins professor declares that as far back as 300 B. C. the Greeks knew the art of necking and the use of rouge. Nothing was said about paint. However, we have paint of all kinds—house or barn.

Entertains Little Friends

Lida Jane Carroll, young daughter of Mr. and Mrs. W. J. Carroll, entertained two of her little friends, Annabelle and Arlene Deobald, at a theater party Saturday afternoon, when the little girls went to the Audian theater to attend the performance. They had a wonderful time.

Was Indisposed

Mrs. M. O. Raby was somewhat indisposed and was confined to her room the fore-part of this week.

How To Live Long

A centenarian of Glasgow attributes his great age to the fact that for the first 70 years of his life there were no motor cars and for the last 30 he has been confined to the house.

Old Virginia Estate

The Virginia Harrison estate at Brandon was not so named by the Harrisons. Capt. John Martin, one of the colonists who landed at James town, received a grant in 1616 and named it Martin's Brandon. It did not come into the hands of the Harrison family until some years later, when it was acquired by Benjamin Harrison, the son of the first settler of that name.

School days are here. See Dr. A. E. Jones about those better glasses for your girl or boy.

Have those wide angle "ORTHOGON" or "TILLYER" lenses put in our special built frame with hold fast hinges.

It is also time for you to get that new pair of reading glasses or bifocals so that you may enjoy reading during the coming long dark winter evenings without injuring your eyes.

See Dr. Jones at the Kendrick Hotel, Wednesday, Sept. 10. 36-1

The Hotel Kendrick is a good place to eat and sleep, when you stay in town. 14.

SOUTHWICK ITEMS

Mr. and Mrs. Ralph Wright from Lewiston visited Sunday with Mrs. Eva Wright.

Mr. and Mrs. Ted Whitted and Mr. and Mrs. Elton McCoy came down from Potlatch Saturday evening to visit over Sunday with relatives.

Mrs. Ella Slatter is visiting a few few days at the W. A. Cowger home. She will teach the Gold Hill school, beginning September 8.

Mr. and Mrs. Ira Luce and baby came down from Elk River Saturday for a visit at the Russell Betts home. Their son Dean, who has been with Russell the past year, will attend school from there again this year.

Miss Ella Whitney returned to her in Weippe Sunday, having been at the Jap Triplett home the past month helping care for her grandmother, Mrs. Peek.

Mr. and Mrs. Henry Jones came down from Elk River Friday evening and brought Mrs. George Jones, who has been visiting there, home, and spent the week-end at her home.

Miss Lottie Chladek came up from Lewiston Wednesday for a few days' visit at the Russell Betts home. She is teaching school at Tekean, her school having started September 1.

Mr. and Mrs. Grant Ballman visited in Elk River Saturday and Sunday.

Mr. and Mrs. Ed. Darby and two children visited Monday at the Wm. McClelland home.

Sunday dinner guests at the Ben McCoy home were Waldo Tompson and Waldo Mudge from Lewiston, Mr. and Mrs. Elton McCoy from Potlatch, Mr. and Mrs. Wilmer Hanks and Lester True. They all helped Mrs. Lock celebrate her eighty-second birthday anniversary.

The Dick Winegardner family have moved over from Crescent to be ready for school, which will begin September 8.

Mr. and Mrs. J. R. King and son, Ray, Mrs. Tom King, and Mrs. Ray Southwick visited several days in Seattle this week.

Mr. and Mrs. Jack Travis were Sunday visitors at Agatha.

School opened September 1st at the Golden Rule district, with Miss Mildred Gigger from Stites as teacher.

Mr. and Mrs. Sam Hatley from Pomeroy visited several days last week at the Nels Longeteig home.

Mr. and Mrs. Milton Woodward and Mr. Garlinghouse from Lewiston were Sunday guests at the George Jones home. Mrs. Garlinghouse returned home with her husband after having spent several weeks here.

Mr. and Mrs. Wilmer Hanks visited Sunday afternoon at the Joe Hanks home at Lenore.

Ross Armitage, Russell Baker and Russell Betts went to Moscow Wednesday to make the necessary arrangements for attending the U. of I.

Mrs. John Clark and son Harold from Pierce are at the Alvin Starr home for a few weeks.

Home Fires Still Burning

According to the National Board of Fire Underwriters, fire loss due to carelessness in handling gasoline, benzine and other highly volatile liquids is steadily increasing. Apparently many persons who know that a minute quantity of gasoline vapor, when ignited by a spark, will propel an automobile, think nothing of placing a pan holding a quart or more close to a lighted stove.

"Not being able to get the garments quite clean in gasoline," remarked a woman from her hospital bed recently, "I lifted them out of the gasoline and put them in another solution to boil over a low fire—suddenly there was a blaze of fire! That is the last I remember.

Sixty-six per cent of all people killed by fire are women and children trapped in homes. Gasoline, improperly used, is one of the leading menaces. And there are many others, such as faulty electric wiring and carelessness with cigarettes and matches.

The tragic phase of the situation is that at least 80 per cent of fires are preventable. During February, fire loss from all causes totaled over \$43,000,000, as compared with \$41,500,000 during the same month in 1929.

In the matter of fires, Americans are the most wasteful and careless of any of the peoples of the world.

We print school warrants and report cards. Need any?
