## Cameron School Notes

The Cameron school will open for the fall term next Monday, September 15, 1930.

Parents are urged to have their children enroll the first day as it will mean much to their success in the year's work.

A sale of second hand books will be conducted at the school Saturday afternoon, September 13th, from 1:00 to 3:00 P. M. These books are in good condition and will be sold at a price which will be a great saving to the parents.

## WHEAT SLACKING UP— BEANS NOW COMING IN

While the wheat harvest season has passed the peak, there is still quite a little of that variety of grain coming to the local warehouses.

The Kendrick-Rochdale warehouse has been unable to take care of all the sacked grain that has come to their house and have stacked some ten thousand sacks west of their elevator—and they are still adding to this large pile.

The Vollmer-Clearwater company is still getting considerable wheat and they are still bringing it down from the upper warehouse, but they have been able, by shipping considerable to house, all that they have taken in.

Beans are coming in now and if the weather clears the rush will be on in earnest. Manager Watts of the Kendrick-Rochdale company says the beans they are receiving are the finest he has ever seen which is a distinct "feather in the cap" of the Potlatch country, when it comes to beans.

This "fruit" was bringing five cents a pound the first of the week and those bringing in beans were selling them, the price being shot up by a demand for early beans. They are mostly of the small white variety and were being readily taken at 5 cents.

The Vollmer-Clearwater company has also been receiving quite a few beans and Manager Keene also says that they are of a very fine quality.

The general yield of beans this season is from 4 to 5 $\frac{1}{2}$  sacks to the acre, which makes the man who had a large amount and received five cents for them setting pretty over the man who has only wheat.

## Dr. M. G. Neale Be U. President

Dr. Mervin Gordon Neale, dean of education at the University of Missouri, was elected president of the University of Idaho Monday to succeed Dr. Frederick J. Kelly, who resigned last May after a break with the state board of education and the board of regents.

Dr. Neale was the unanimous choice of the board, W. D. Vincent, commissioner of education, who announced the appointment, said. He presented a record of education achievement in the middle west which the commissioner felt admirably fitted him to the task of shaping the future policy of the Idaho institution.

Born March 25, 1887, in Moody, Mo., his educational career began shortly after his graduation from the University of Missouri in 1911.

He received M. A., and Ph. D. degrees from Columbia university and has been active in school survey work for several years.

Dr. Neale is a veteran of the World war. He went over-seas with the famous 42nd (Rainbow) division, in which service he was appointed captain. He participated in the Meuse-Argonne and St. Mihiel drives and was wounded in action May, 1918.

His acceptance of the appointment was made possible through action of the board of the Missouri university, which accepted his resignation which he tendered to accept the Idaho presidency.

## Weather Unsettled

Since Saturday afternoon the weather in this section has been unsettled, rain having visited these parts intermittently since that time. Bean threshing was interrupted in some localities Saturday, some of the machines not resuming until Monday morning, since which time threshing has been interrupted several times.

Beans in this section are reported as being quite good, both in quality and yield. The beans for the most part are well matured and the yield is running from 3 $\frac{1}{2}$  to 5 sacks per acre.

If the weather man will just hold off until the beans can be taken care of, many of the farmers of this section will be in pretty fair shape regardless of the low price of wheat.

## PACIFIC COAST STATES REPORT MANY FOREST FIRES

September continues the critical forest fire conditions from California to Montana that are due to an abnormally long dry season, with the number of fires already contended with nearly twice as great as at this time last year, according to reports of this week from all Pacific Coast forest agencies to their clearing house, the Western Forestry and Conservation association. On the other hand, improved protective facilities and heavy expenditure, without much severe wind, have held losses to about a quarter of the 1929 figures for the same period. No lives have been lost, against over a dozen last year. The season is now at its height, however, with every public precaution urged.

The five Pacific Coast states report nearly 8000 fires to date, against about 4500 up to September last year. Estimates of losses total \$373,000 and were then \$714,000, but deducting \$255,000 and \$311,000 respectively for hay, grain and brush land damage in California, the true forest territory losses approximate \$118,000 this year compared with \$403,000 at this time in 1929. Both figures represent chiefly logs, equipment, settlers' improvements and property other than timber. Before the 1929 season closed, however, the total forest loss included nearly one and a half billion feet of timber and \$3,000,000 worth of other property, which the protective agencies point out is significant as to 1930 unless general rains arrive soon.

California heads the list for 1930 fires so far, reporting 2461. Forest land burned over, although little was commercial timber, aggregates about 53000 acres with \$57,000 reported damages. Oregon comes next with 1699 fires, 51,000 acres of forest type land burned, and only roughly estimated \$30,000 loss. Washington has fought 1462 fires on 65,000 acres with \$23,000 damage so far estimated. Smokers greatly led the list of causes. Idaho reports 1497 fires, lightning the chief cause and smokers next; burning 9855 acres with only \$660 loss. Montana gives 826 fires, 7489 acres and \$1000 actual damage.

Conditions threatening life and property from now on until the drought breaks are reported extremely dangerous in Washington, Oregon and north Idaho; slightly less so elsewhere.

## Attorney Oppenborn Locates In Troy

Attorney C. A. Oppenborn, of Kendrick has moved his law and insurance business to Troy and will carry on both lines of endeavors here. His family will remain in Kendrick until sale of their property there can be made.

Mr. Oppenborn comes well recommended to this community. Following a nervous breakdown four years ago in South Dakota, he came to Idaho in 1927 and has practically recovered his health. He was state's attorney of Campbell county and has held various offices of responsibility there. He takes an active interest in local and civic matters, being village clerk at Kendrick and clerk of the school board. The News wishes him every success in Troy.—Troy News.

Mr. Oppenborn has been a resident of Kendrick for the past two years and has made many friends here who will be sorry to learn of his decision to leave Kendrick.

## Suffers Injury To Eye

Albert Wegner, who about three weeks ago, received a serious injury to his eye, is at the present time doing very nicely. Mr. Wegner was doing some blacksmithing at the ranch and in some manner or other a piece of hot steel entered the eye. At the time the injury caused no particular discomfort and Mr. Wegner went on with his harvest work, but in so doing smut poisoning settled in the eye and last Friday he was taken to the St. Joseph hospital at Lewiston. There an operation was performed and the piece of steel removed. At the last report he was in no pain and generally improving. It can not as yet be ascertained whether or not he will lose the sight in the eye, but hopes are held out for the best.

## New Undertaking Establishment

W. D. Pinson of Orofino has purchased the M. O. Raby property in the west part of town and will establish an undertaking business. A Mr. Pratt, a licensed embalmer, will be in charge of the business.

## KENDRICK SCHOOL OPENS WITH GOOD ATTENDANCE

The Kendrick school opened Monday with a good attendance and everything seems to be moving along smoothly under the superintendency of W. C. Jones, who is starting in on his second year in that capacity.

Mr. Jones reports that the registration thus far surpasses that of last year, the registration for the high school and grades being as follows:

High School—Freshmen, 23; Sophomore, 19; Junior, 20; Senior, 21. It will be noted that the four divisions of the high school are very nearly the same in numbers and the high school instructors are looking forward to a very successful school year.

The enrollment in the grades is as follows: Eighth, 12; seventh, 15; sixth, 11; fifth, 15; fourth, 9; third, 13; second, 11; first, 11.

The total enrollment in the grades is 98, while the high school boasts 82, with six yet to enroll.

It was necessary to put an extra row of seats in the high school assembly to accommodate all of the students.

School starts at 8:30 a. m. this year, giving the children from 11:50 until 1 p. m. for dinner.

## Athletics

Football practice started this week with a high work-out Monday and Tuesday. Those turning out for practice were Edwin Mielke, Ernest Schwarz, Ralph Blevins, Kenneth Brocke, Ted Grindols, Lester Fix, George Davidson, Carl Emery, John Kite, Harold Abrams, Walter Koopp, Bud Candler and Jack Plummer. Next week will probably bring in Ivan Craig, Walton Morey and Bob and Billy Fry.

The first game of the season will be against Clarkston, at Clarkston, September 19.

## Eastern Star Entertains

Canyon Chapter of the Order of Eastern Star, Kendrick, entertained members of the order from Lewiston and Moscow Tuesday evening at a watermelon "banquet," this being an annual affair with the Kendrick chapter. Many were present from both Lewiston and Moscow and a royal good time was had by those in attendance. In addition to watermelon, a light lunch was served by the hostess chapter.

After the melons had been disposed of a program of music and readings was given with Mr. and Mrs. Harold Thomas and Mrs. E. H. Field as musicians and Mrs. E. H. Emery as reader, which was much enjoyed. Mrs. Eben Adams of Moscow read a clipping from the Kendrick Gazette telling of the instituting of the Kendrick chapter, which was very interesting.

## Epworth League

Sunday evening the Epworth Leaguers began the season by holding a business meeting. The following officers were elected to serve for this term: President, Nona McAllister; first vice-president, Edna Bolton; second vice-president, Allie Foster; third vice-president, Eleanor Herres; fourth vice-president, Bernice Whisler; treasurer, Betty Ingle; assistant, Edna Emmett; secretary, June Davis; assistant, Bob Pearson; pianist, Eleanor Herres; assistant, Alice Ingle.

On the third Friday of every month a business meeting, followed by a social hour or two, will be held. The young folks are going to participate in many activities this year, and are all eager for the interesting devotional meeting on Rally Day, September 14, 1930.

## Kendrick Boy Promoted

The following has been received from C. B. Fererbaugh, first lieutenant, 7th infantry, public relations officer, Vancouver Barracks, which will be of interest to many Kendrick people:

Charles F. Pemberton of Kendrick, Idaho, who is at present stationed with the 7th U. S. Infantry at Vancouver Barracks, Washington, recently has been appointed Corporal, in the regular army.

Pemberton was commended very highly by his commanding officers for his ability as instructor in Jujitsu hand to hand fighting and bayonet work. He has for some time past been assistant to Captain J. F. Strain who is one of the regular army authorities on these subjects.

Read every ad. in this issue of the Gazette. There are real bargains.

## The Brady Gulch Road

Work of completing the Brady Gulch road will be pushed just as soon as the harvest hauling is done, according to N. E. Walker, one of the commissioners. They hope to be able to make another improvement or two by straightening out another decided crook in the road, which will make it in very good condition for the winter. It is hoped that some of these days it can be graded from the main street to connect with the American Ridge road going to Troy.

## WORK ON KENDRICK GYM BEING RUSHED

Work on the new gym is being pushed as rapidly as possible and Contractor Jordan says the brick work will be completed by this (Friday) evening. Five brick layers and three tenders have been on the job since Monday morning and they are putting the brick in place in a way that promises early completion. The roof trusses are also being put in place—in fact all work is being carried along at the same time and it is expected to have the entire building done by the 15th of this month.

Several changes have been made from the original plans, all of which are thought to be for the better. Among these changes is the putting of an entrance door to the balcony at the rear, where entrance may be had without going through the main part of the building by going to the rear and entering from the ground. This will save much crowding and confusion on the lower floor when there is a large crowd to be admitted. The main entrance on the ground floor has been changed from the original plans and is very convenient.

A full description of the building will be given when it is completed.

## Raby Was Peeved

M. O. Raby of the Kendrick Hotel tel came very nearly taking an airplane ride last Monday. The only reason he didn't was that the plane didn't go. Mr. Raby had planned on going down to the Masonic grand lodge at Idaho Falls, which convened there Tuesday morning, so he called up the Airplane office at Moscow and asked for transportation and was assured by the office clerk that a plane left for Boise Monday morning. Well, Raby, all a-quiver, left early Monday morning for the seat of justice over the other side of Troy and had his eyes in everything all set for the ride, but when he arrived at the airport no plane was ready to take him south and upon inquiry it was learned that the plane did not leave until Tuesday morning.

Raby got peeved, as most anyone would have done under the circumstances, while he said the one in charge of the airplane office seemed to think it a pretty good joke. He failed to get any satisfaction as to why he was told that a plane left Monday morning when it was not booked to leave until Tuesday, so he came home and says that the next time he books passage on a Moscow plane he will take the train or a car so he can tell when he is going to get to go.

It is a good thing that the above stunt was not pulled on our "flying fishermen" or we are afraid there would have been a broken head or two at the airport, for they were all set and they were five.

## Your Lights — The Law

According to a new light law that went into effect the latter part of June, every car and truck owner must have the lights on their vehicles tested and adjusted at a legal service station, Deobald Brothers being appointed in this section.

To date many people have not complied with this law, and in failing to do so, have violated the state motor law in much the same respect as though they were operating a car without a license, and have laid themselves open to arrest and fine, as well as responsibility for any night collision in which they might become involved.

The idea of this law is not to force you to spend money on your car or to inconvenience you, but to protect you as well as others upon the highways. At these light testing stations, your lights are brought up to a maximum of efficiency, as well as correctly adjusted, thereby making the highway safe for you as well as for the other fellow. If you have not had this done, better do so now!

## CANADIAN WHEAT SENDS DOWN PRICE OF DOMESTIC

Domestic wheat markets weakened to a new low point for the season during the week ending Sept. 6, influenced principally by the heavy offerings of Canadian spring wheat, as a result of the unusually early harvest in that country, according to the weekly grain market review of the United States Bureau of Agricultural Economics. Toward the close of the week, however, export demand for North American wheat improved slightly, and the market strengthened. Feed grains weakened with wheat, but demand was less urgent, and prices of corn, oats and barley declined slightly. Flax held fairly steady on smaller offerings and more active pressure demand. Rye declined as a result of liberal offerings and slow inquiry.

Developments in Canada were the dominating factor in the wheat market during the current week. The harvest in that country is unusually early, with the Manitoba crop reported practically all cut and harvesting in Alberta and Saskatchewan 80% to 90% completed. Threshing is well underway and marketings are already unusually large, receipts at Winnipeg totalling 7,308 cars for the week. Export demand for North American wheat continued light, sales for the week totalling only 3,500,000 bushels, according to trade reports. North America however, is furnishing the bulk of the world's shipments, since exports from Australia and Argentina are unusually small, totalling only 973,000 bushels for the week. Prospects for the new crop in the Southern Hemisphere continue favorable and tend to offset the influence of present small shipments. Harvesting and threshing is progressing in Europe with present indications that the 1930 crops will be around 150,000,000 bushels smaller than a year ago. With Russia and India offering rather freely, however, demand for North American wheat continued of only moderate volume. At the close of the market, Sept. 4, Russian wheat afloat was offered in Liverpool at 99c, No. 2 hard winter at 97 $\frac{1}{2}$ c and Western white wheats at 96 $\frac{1}{2}$ c per bushel.

Domestic cash spring wheat markets were independently firm, and premiums over futures were increased. The peak of the movement appears to be over and current receipts at Minneapolis and Duluth were only of moderate volume. Mill demand was active and elevator interests also bought freely in an effort to obtain wheat to fill storage space, estimated at around 13,000,000 bushels at Minneapolis, Duluth and Superior. Cash premiums were advanced sufficiently to offset the decline in futures, with No. 1 dark northern quoted at Minneapolis Sept. 5 at 4c to 7c over the September price of 83 $\frac{1}{2}$ c per bushel.

Durum wheat markets were relatively weaker than those for bread wheats. Offerings were fairly large but demand was dull. Some export inquiry developed toward the close of the week, and fair export sales were reported at Duluth. Canadian spring wheat markets were independently weak. September wheat at Winnipeg closed September 5 at 84 $\frac{1}{2}$ c and No. 1 Manitoba Northern was quoted at 83 $\frac{1}{2}$ c, compared with quotations of 87 $\frac{1}{2}$ c to 90 $\frac{1}{2}$ c for domestic wheat at Minneapolis.

Domestic winter wheat markets followed the slow decline in futures, as a result of a dull export inquiry and only moderate takings by domestic mills. Receipts at the principal Southwestern markets showed a further decrease of about 700 cars compared with a week ago. Heavy test weights wheat was readily taken by both local and outside mills, but protein premiums remained relatively unimportant. The protein of the receipts during July and August at Kansas City averaged 12.58%, compared with 12.10% for these months last season. At the close of the market Sept. 5, ordinary protein No. 2 hard winter was quoted at Kansas City at 78 $\frac{1}{2}$ c to 80 $\frac{1}{2}$ c, with 12 $\frac{1}{2}$ % protein bringing  $\frac{1}{2}$ c premium, and 13% 2 $\frac{1}{2}$ c to 3c premium over ordinary types. Feeders were taking increased amounts of the low grade wheat at practically all central western markets. At Omaha, No. 5 wheat was selling at 20c per bushel under yellow corn. No. 2 hard winter was quoted at that market at 78c to 79c per bushel. Export bids were generally below prices offered by domestic mills. At the close of the market Sept. 5, exporters were

## BOOKS ARE CASH

I Have Advertised That School Books Are Sold For Cash and No Exceptions Would Be Made To This Rule

Some persons seem to think that this is not meant for them — Please notice this means all.

On other goods terms have been 30 days as a matter of accommodation. I have accounts on which nothing has been paid since 1929. This is unreasonable and one with a sense of fair play will indulge in this kind of thing. I have sent out statements with poor results and unless there is a big change for the better I will be forced to adopt a Strictly Cash Policy — And I don't mean maybe!

Sole Owner of the Red Cross Pharmacy

### PERSONALS

Mr. and Mrs. A. K. Carlson and family were Lewiston visitors Wednesday.

Mr. and Mrs. W. J. Carroll and Lida Jane made a business trip to Lewiston Saturday, returning home Monday.

Bayard Davidson and family of Pullman spent Sunday at the home of Mr. Davidson's sister, Mrs. Wm. Watts, and family.

Mr. and Mrs. Geo. Leith took Mrs. King, Mrs. Leith's mother, to Moscow Friday. Mrs. King had been visiting here for some time.

Mr. and Mrs. Frank Nesbit were Spokane visitors Wednesday of last week, going up to take in the big fair. They were very well pleased with what they saw.

Miss Floy Garrison of Clarkston visited Miss Irene Davis the first of this week. Miss Garrison was selected as Princess to represent her home city at the Spokane Interstate fair.

Mr. and Mrs. Clyde Daugherty and children left Sunday morning for a two-weeks motor trip through Glacier National park. They will visit at Spokane and Wallace and in Montana before returning home.

Mr. and Mrs. G. E. Sampson, Miss Gertrude Sampson, Mrs. Margaret McCoy and little son Keith, Mrs. Isaac Isaksen and Lowell Isaksen all of Genesee were visitors at the McCreary home Sunday.

### Improvements at Audian Theater

Manager Zell of the Audian theater is making many improvements on the interior of the building this week in an effort to reduce the acoustic interference as well as enlarge the operating room.

Other improvements will be made as fast as discovery is made of the "echo" interference until it has been as nearly done away with as possible.

### No Commercial Club Meeting

No commercial club meeting was held Tuesday night for the reason that the hotel was so badly crowded that it was impossible for them to serve a dinner, and for the further reason that nearly everyone was busy in one way or another helping take care of the immense wheat and bean crop of this section.

The regular meeting will be held the second Tuesday night in October.

### Rally at Southwick M. E. Church

Rally day will be observed at the Southwick M. E. church on Sunday, September 14, when a special program appropriate to the day will be given. Prof. Jas. K. Allen of Troy will deliver an address and there will be other special features. The program will be given at 11 a. m.

All are asked to come and bring well-filled baskets — mostly with chicken, as it is desired to serve a chicken dinner—in the Ladies Aid house.

### JULIAETTA ITEMS

#### Julietta Rebekahs Entertain

On Thursday evening, the opening night after a two-months vacation, the Rebekahs entertained their husbands and guests at a delicious 7:30 o'clock chicken dinner. The regular lodge meeting followed.

The following were present: Mr. and Mrs. Henry Irwin, Mr. and Mrs. Ed. Taylor, Mr. and Mrs. Cecil Gruell, Mr. and Mrs. Walter Cochran, Mesdames Alexander, Adams, Jones, Talbott, Spray, Deane, Gruell, Bowen, Misses Edith Adrianson, Hazel Talbott, Lucille Gruell; O. A. Poole, Wilbur Larkin, Wayne Bowen and Keith Adams.

The lodge gave a public dance in the hall Friday evening, which was attended by a fairly large crowd. Lunch was served by the members.

Mrs. N. M. Talbott invited the teachers to her home Wednesday evening of last week to enjoy a watermelon feed.

Guests at the Creighton Biddison home last Thursday were his mother, Mrs. Biddison, his sister, Mrs. Olive Harvey and children and his sister-in-law, Mrs. Elmer Biddison, of Clarkston.

The Baptist Missionary society met at the church last Thursday afternoon. Following the regular business meeting the members and guests adjourned to the church basement, where a miscellaneous shower was given for Mrs. Floet, whose marriage took place at Kendrick recently. She received many beautiful and useful gifts. Lunch was served by Mrs. Oral Burns and Mrs. Tom Weatherby.

Mrs. M. Nutt was hostess to the Needle club last Wednesday. The main feature of the afternoon was the initiation of two members, Mrs. Albright and Mrs. Wilcoxon. A delicious 6 o'clock dinner was served to Mesdames Cochran, Clark, Behrens, Cuslett, Gruell, Jones, Alexander, Wilcoxon and Albright.

The students of the Julieta High school welcomed the return of their teachers—Luna Deane and Edith Adrianson—with a surprise party at the home of Mrs. Grace Stinson Tuesday evening. They sang an original greeting written by Mrs. Stinson. Games were played and the enjoyable time climaxed by a feast of Julieta's famous watermelons.

Mrs. Fred Albright was a Lewiston visitor last Friday.

Mrs. Grace Stinson returned Friday from a few days' visit at Clarkston. Mr. and Mrs. Charlie Palmer and two daughters have moved into the M. E. parsonage.

Glen Talbott of Walla Walla spent Saturday evening and Sunday with his parents.

Sunday dinner guests at the Jess Cox home were his parents, Mr. and Mrs. Wm. Cox of Potlatch Ridge, his brothers, Ed. and Hinkle, and his sister, Mrs. John Taber and son Orville of Tacoma.

Crayton Biddison was a Lewiston visitor last Thursday.

Mrs. E. P. Wilcoxon visited in Moscow Tuesday afternoon.

Mr. and Mrs. Marvel Albright are the parents of a baby girl, born last Saturday.

#### Death of T. Y. Ellis

T. Y. Ellis, an old-time resident of Kendrick, died at his home here Thursday morning. Funeral services will be held from the Presbyterian church Friday afternoon at 2:30 o'clock with Rev. N. E. Franklin in charge.

Full particulars of Mr. Ellis' life will be given next week.

#### Has New Carrier

Junior Emery, who has been delivering the Spokesman-Review for the past several months, has resigned that job in favor of Kenneth Pearson, who will take care of the work in the future. The Emery boys have been handling the Spokesman for the past three years.

#### GIVE YOUR CHILD A CHANCE

In equipping their children for school parents should look well to their children's eyes. It is claimed that eighty percent of our knowledge comes to us through the visual function. From this it is evident that clear comfortable vision is the most essential equipment necessary for a successful school term. Be sure of your child's visual welfare and comfort by consulting Dr. Charles Simmons at the Kendrick Hotel, Friday, September 12th, 1930. 36-2

Its A Good Group — Yes!

A report of interest comes from Great Falls, Montana. The Chamber of Commerce there is sponsoring a movement to have that city known as part of the Pacific northwest region instead of the Twin Cities territory. One point taken was that with the opening of the new Summit Highway, barriers that separated Montana from the Pacific northwest region have been removed. It is asked that Pacific northwest be extended to include that part of Montana to a line running through Dillon, Butte and Great Falls.

 "ONE OF THE STANDARD MAKES"

The leading tire companies are sometimes called "the big five"—their tires "the standard makes."  
 We think this is a grand "break" for the other four, but something of a hardship on Goodyear.  
 The fact is, Goodyear builds MILLIONS MORE tires than any other manufacturer. GOODYEAR GAINED THIS WORLD-LEADERSHIP BY BUILDING TIRES THAT ARE EMPHATICALLY AND CONSPICUOUSLY SUPER-STANDARD!  
 More people ride on Goodyears because Goodyears are BETTER tires to ride on!  
 They are PROBABLY superior—SUPER-standard! We will show you WHY before you buy. Low 1930 prices on all types. Will you call—or shall we?

A really STUNNING new tire you ought to see—

**CANADIAN WHEAT SENDS DOWN PRICE OF DOMESTIC**

bidding around 88½c, basis No. 1 hard winter delivered atveston, while domestic buyers were paying 93½c to 94c on the same basis. Some export sales of wheat already at the Gulf were reported however, by the trade. Current offerings of soft winter were below mill needs and storage stocks were being drawn upon at some markets. Premiums for milling grades were slightly increased at St. Louis, where No. 1 red was quoted at 91c per bushel, or 2½c over the Chicago December price. Offerings at Cincinnati were relatively small, but there was an increased demand for feed wheat in drought areas. No. 2 soft red winter was quoted in that market at 90½c per bushel. No. 2 soft red winter was quoted at Milwaukee at 88½c, and at Chicago at 87c to 88c per bushel.  
 Pacific Coast markets were independently weak, reflecting increased offerings of new crop wheat, and the limited export demand. Harvesting of winter wheat is finished in Washington and Oregon and cutting of spring wheat is nearly completed. Farmers were offering somewhat more freely, reflecting the generally good yield and limited storage in some localities. Domestic mill demand was of only moderate volume at both Portland and Seattle, but the export milling trade was fairly active. The export business reported during the week consisted of about 7,000 tons of white wheat to the United Kingdom, and around 2,000 tons to the Orient. At the close of the market Sept. 5, No. 1 hard white Big Bend, Bluestem or early Bart varieties was quoted at Portland and Seattle at \$1 and soft and western white at 82c per bushel. Hard winter, northern spring and western red were quoted at Portland at 80c, and at Seattle at 81c per bushel, sacked, basis No. 1, 14% protein dark northern spring in bulk was selling at Portland at 92½c and at Seattle at 91½c. Local wheat of the same grade was quoted at Seattle at 89c per bushel.  
 The San Francisco wheat market declined about 5c per bushel, as a result of increased offerings from Washington and Oregon and intermountain states. Inquiry for local wheat was limited, as mills were buying principally the cheaper offerings from outside markets. No. 2 soft white wheat from the north was offered at \$1.51 to \$1.55 per 100, sacked, delivered on dock at San Francisco, while No. 1 soft white California wheat was quoted at \$1.62½ to \$1.65, and No. 1 hard white at \$1.65½ to \$1.67½ per 100. No. 4 hard winter from Utah and Idaho was quoted at \$1.45 per 100 in bulk, and No. 2 hard white from the Klamath Falls district of Oregon at \$1.55 per 100.  
 Prices at Los Angeles declined 2½c per 100, with No. 2 hard winter selling at \$1.52½ to \$1.52½, and No. 2 dark hard winter at \$1.57½ to \$1.62½ per 100 in bulk. No. 1 hard white, sacked, was quoted at \$1.70 to \$1.75 and No. 1 western white at \$1.65 to \$1.70 per 100. The trade appeared well supplied for immediate use and demand was dull. Local mills were absorbing the better quality offerings from Utah and Idaho.  
**Ohgeegosh**  
 A recent heading in a city paper said: "Fall Gowns Bring Bigger Flesh Areas—Fashion's Shears Snip Evening Wear Lower in Front, While Backs Often Swoop Down to Waist." Let's wife had nothing on the men of today—while she was turned to salt, 90 per cent of the men "turn to rubber."  
 The article goes on to say that "Evening gowns are going to display a lower décolletage than ever this winter, early fashion showings indicate. The front neckline dips lower than last year, fashion leaders say, while the backs often swoop down to the waist, and the woman with angular shoulder blades will do well to cast a thoughtful eye about her before she chooses her evening array. A figure has become a thing of

**ATTLE AT 89c PER BUSHEL.**

importance again, for most of the evening gowns fit trimly about the waist and hips. They curve enough to reveal the figure, although the indentation at the waist line is not sharp. Their hemlines generally miss the floor by two or three inches—enough to permit la femme to dance without tripping over her skirt as she did last winter.  
**Backed Up Across U. S. A.**  
 Two young men from St. Louis backed their automobile into a plaza at the southern tip of Manhattan on Sunday and took a long breath before posing for pictures.  
 They had backed all the way across the continent to Los Angeles and returned. The youths, James B. Hargis and Charles Creighton, started their journey in reverse July 26 at the request of an oil company seeking to prove something or other about its oil.  
 They had headlights rigged up on the rear of their car, and a large mirror in front.  
**Adds Funeral Chapel Tent**  
 J. J. Pickerd was in Kendrick from Troy Tuesday and was looking after his place of business. Mr. Pickerd informed us that he had just added to his equipment a fine funeral chapel tent, to be used at the cemetery when an interment is made. It is adjustable and can be used on a hillside as readily as on level ground.  
**Household Hint**  
 The best way to preserve fruit is to keep it locked up—if there are children around the house.  
 Dr. Jones, the old reliable eye specialist was in town last Wednesday and stated the people appreciated the new wide angle lense, put in the new shell frames with Cling Tight hinges. Especially those who have school children wearing glasses. The Doctor states he will give the best of glasses, complete, for \$10.00 up. Watch this paper for the date of the Doctor's next visit, in October. 37-1x

**You Don't Know What Low-Cost Power Means Until You Have a John Deere Tractor**

The John Deere Tractor will pull three 14-inch stubble bottoms under difficult conditions and four bottoms under many conditions.

In no other tractor for your plowing and other heavy farm jobs can you get the economy of operation found in the light weight, powerful John Deere.

On thousands of farms in all parts of the country, the John Deere Tractor is establishing records for low fuel and oil consumption—for low up-keep—for uninterrupted service.

It gives you ample power to do your work, with plenty of surplus to meet emergencies.

It gives you light weight because it is a tractor of fewer, sturdier parts. It is easy to handle both in the field and on the belt jobs. It is a tractor that will give you dependable service at low cost for many years to come.

There is no doubt in our minds that the John Deere is the tractor best suited to your farm needs. But we want you to know what the John Deere will do. Give us the opportunity to prove our claims.

This photo of our sterling candidate for county commissioner was taken when he was in a gleeful mood. Bpt yesterday when he came in the store for an axe and claw hammer to take a plank out of his platform he was in rather a pensive mood and becoming quite confidential pulled a check from his pocket, one he had redeemed at the time, and told us the story. He said: "I gave you a check the other day in payment of goods bought last fall. Today the tradesman called me up and said it came back marked 'N. S. F.' and I found it was 'not so funny' either for when I called up my banker he called me down. Good-day, gentlemen."

Cream enameled pans, kettles and dippers, trimmed in green—very attractive in any kitchen—your choice, 39c.

More of those fine cups and saucers at 57c per set of six.

**At The Audian Theatre**  
The picture of last week was greeted by fair-sized houses, but owing to other attractions in town during a portion of thetiem, the attendance was not what it should have been. The picture for Friday, Saturday and Sunday nights will be "Night Work," with Eddie Quillan in the leading male role and Sally Starr and Frances Upton in the stellar female parts. If you never laughed in your life this will be your chance to break over, or, if you believe in laughter, this is your chance to indulge in that mirthful pastime. Eddie Quillan is a window-dresser and jack-of-all-trades and general goat in a department store; she was a nurse in an orphanage, beautiful charming and resourceful—and when she met Willie her soul went out to him and his to her—a riot of laughter, sparkling wit, catchy songs, pathos and chuckles. You'll tackle your day's work with a smile after you have seen Eddie Quillan (the screen's most comical comic) in "Night Work." It is a good clean show packed with comedy all the way through.

**Rally Day at M. E. Church**  
Don't forget that Sunday, September 14, is Rally day at the Methodist church. Let all our members and friends be with us for every service. A miscellaneous Rally day program will be given by the Sunday school at the 8 o'clock service. Friday evening, September 12, the faculty of the Kendrick school will be tendered a reception of welcome by the church, to which everyone is invited.

Dr. Charles Simmons, Eye-sight Specialist, of Lewiston, will be at the Kendrick Hotel, Friday, September 12th. This will give people a good opportunity to learn the true condition of their children's eyes and how well equipped they are to continue the strain of school work. Evening appointments may be had if desired but these should be arranged for early, otherwise the doctor will return to Lewiston early in the evening.
