KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, OCTOBER 24, 1930.

NO. 43.

WARNING SOUNDED AGAINST "SLICKERS"

(By Henry Parmalee, Manager, Better Business Bureau, Spokane)

The Better Business Bureau classifies as "slickers" those men and women who go from house to house and office to office, offering merchandise for sale and using methods that are at best unethical if not actually downright crooked. Some of the methods these people use in calling at your home are such that were they to use them when calling upon a husky able-bodied man, would call for prompt and effective physical punishment. There are other methods, however, that these unethical salesmen use which are tricky and which cause you to unconsciously help them in their approach upon your neighbor. Here are a few of them:

Did you ever wonder how it happens that a salesman who comes to your door is able to call you by name when you are reasonably certain you never saw the man before? This is the way it works: We'll say the salesman is calling on you and you may or may not have made a purchase of his wares. Just before he leaves your door he remarks, "I have forgotten the name of the woman who lives next door. Will you tell me what her name is, please?" And you, in your anxiety to get rid of him and get back to your work, thoughtlessly give him the name of your next-door neighbor.

That is how he is able to glibly call her by her name when she answers his ring at the door and, naturally, makes it more difficult for her to turn him down if she doesn't want to buy. The thoroughly dependable and reliable house-to-house salesman does not use this method.

Very often business men are approached in their offices by solicitors for what seems to be a very worthy cause. The business man is very busy of course and hasn't the time to inquire as to the worthiness of the cause or the authenticity of the solicitor. The cheapest way of course is to sign on the dotted line for \$5 or \$10 and get back to his business.

That may be the cheapest way to close the transaction but the carelessly given \$5 or \$10 and the equally carelessly given name on the line is worth a lot to the unscrupulous solicitor for he uses that name in calling on other prospects and it makes it so much easier for him to pick up other \$5 and \$10 donations from other business men who are just as busy as the first one who carelessly signed.

The Better Business Bureau urges both housewife and business man not only to investigate carefully before dealing with strangers but also to be extremely careful not to lend the support of their names to a cause about which they do not have substantial facts. The office of the Bureau is available to you at all times to get the facts for you on thousands of doubtful and questionable schemes that are used over and over again by the unscrupulous door-to-door salesman and the solicitor of fake "worthy" causes. The information the Bureau offers you is yours without a cent of cost to you.

To Organize Gun Club

This week a call is being sent out to sportsmen of this vicinity for the formation of a gun club.

At first the shooting will all be at clay pigeons, a supply of which is already on hand and it is planned to start the shooting next Sunday. Later on the scope of the club may be extended to take in rifle and pistol work, providing enough interest is shown and proper facilities become available.

No membership dues are asked as yet, the only expense being the cost of the targets and the price of the trap gun. All those interested are asked to please get in touch with W. L. McCreary at the Gazette office or E. A. Deobald at the Kendrick Garage.

M. E. Ladies Aid

The M. E. ladies aid met with Mrs. Walker last Thursday afternoon. During the business session plans were made for the December annual sale and dinner. This is an annual event and will take place on December 6 this year.

Mrs. Walker and Mrs. H. C. Schupfer served lunch to twenty-three members and friends of the society.

You don't need to send away for printing of any kind. We can do it.

One-Cent Sale Big Success

The one-cent sale put on last week by the Red Cross Pharmacy was a decided success and Mr. Nesbit is well pleased with the result. Nearly everything advertised for sale was sold and many articles were snapped up the very first day and on the evening of the second day the stock was well depleted.

MAKE SALES-DAY LISTINGS NOW—DON'T DELAY

Everyone who has anything they would like to dispose of is invited to bring it to Kendrick not later than Friday afternoon and have the articles listed. They will be sold absolutely free of charge and the proceeds turned over to the owner.

Make your listings with Marvin Long, at the Long store, not later than Friday afternoon. No listings will be accepted on Saturday (day of sale).

In addition to the big salesday auction there will be some 30 head of horses offered at public sale immediately after the general sale is over.

The merchants are offering special bargains along all lines and there will be a free picture show starting at 3 o'clock. All you have to do is walk right in and see the show and the compliments of the merchants and business men of Kendrick.

The business men of Kendrick take this method of showing their appreciation of your business and your friendship.

Come and spend the day with us.

Two Auto Smashes

What might have proven to be a very serious auto wreck occurred at the first turn from the bottom of the Sperry grade Wednesday afternoon about 1 o'clock, when a Mr. Porter from the Cedar ridge section, while ascending the grade, met Ed. Long, who was descending, and in some manner while attempting to make a shift of gears, Porter got his car in neutral and in order to keep from hitting the Long car, Porter turned over too far and his car went over the grade, turning over three times, almost demolishing it. A little later Mr. Porter crawled out of his wrecked car, from the rear seat, with only a few scratches.

Wade Keene and a Mr. Dawald met almost head-on near the Arrow school house Sunday afternoon in a peculiar accident. It seems that Mr. Dawald was watching a boy who was riding a horse alongside his car and did not see Mr. Keene until they met. Mr. Keene's car was badly damaged, but Mr. Dawald's car was not badly hurt.

Mrs. Dawald received a broken nose and Mrs. Keene had one of her arms pretty badly bruised in the impact.

Hollingsworth-Raby

Miss Edith Hollingsworth of Lenore and Oscar Raby of Kendrick were united in marriage at the home of the bride's uncle, Alfred Hollingsworth, at Lenore, on Wednesday afternoon, October 22, at 1:30 o'clock. Rev. N. E. Franklin of Lapwai performing the ceremony in the presence of members of the families of the contracting parties and a few invited friends. Miss Jewell Parr and Miss Ethel Hollingsworth, a sister of the bride, stood up with the bridal couple. The beautiful ring service was used.

The bride wore a pale green satin dress and carried a bouquet of pink rose buds. The groom wore a dark business suit. The bridesmaid wore a pink georgette and carried a bouquet of American Beauty roses.

A buffet dinner was served after the ceremony. The young couple left immediately after on a wedding trip after which they will be at home to their friends in Kendrick.

The Gazette joins their many friends in extending best wishes for their happiness throughout life.

Now Spreading Rock

The big crusher at the head of Brady Gulch was started Tuesday morning and rock is now being reduced to the proper size and spread on the road, starting at the head of the grade and spread toward the junction with the Troy highway. Of course there will not be time for money enough to push the work that far at this time, but it is a mighty good start and it is hoped that ere long the roads will be connected with gravel.

Several improvements have been made in the road up the gulch and for a road of that kind, it is in excellent condition.

MRS. PERCY WARE STILL IN LEAD IN CONTEST

Mrs. Percy Ware is still somewhat in the lead in the Gazette's subscription contest, which will come to a close on Friday evening of next week at 6 o'clock. While many subs have been turned in—both renewals and new ones, there is yet plenty of time for the one who may be near the bottom to get busy and win first prize, for not more than one-third of the available subscriptions have been turned in to date and unless some of the contestants are holding back there is not much likelihood of there being any great number turned in between now and the closing date. It isn't really necessary that any contestant know just where they stand. The thing to do is to go out and get all you can and when you have done that you will have done all you can and be entitled to whatever prize you may receive.

We are not going to ask the contestants to take our word for the number of votes they receive. They are recorded in a book made especially for that purpose and when the contest is closed we will take it to one of the banks and have the number of votes properly certified to, thus assuring each contestant due credit for every vote turned in.

We would urge that the contestants get busy this last week and try and help us get our list cleaned up. That is the object of the contest and we would like to see it a success—but there is only one way to make it a success and that is for each contestant to get busy and bring in all the available subscriptions, new and old. It's going to cost us \$100.00, whether we succeed in bringing our list up to date or not, but unless the contestants get busy and help us put it over, it is going to be a rather expensive experiment on our part. However, we have high hopes that some of the contestants, at least, are holding back enough subscriptions to bring them well up toward the top. Don't delay, please, but get busy right now and help us put it over.

Mrs. Walter Cochran, Juliaetta, received the two tickets to the Audian theater this week for having sent in the most new subscriptions—all of which goes to show that "it can be done."

Mrs. Percy Ware received the 15,000 bonus votes for having turned in the most renewals and new ones.

It will not be long now until the contestants know where they stand, and we are satisfied they would stand well up toward that \$50.00 in gold—and any one of them can do so, even yet, by getting busy. Let's go!

Many Attend Dance

The dance given at the high school gymnasium Wednesday night for the purpose of "initiating" the building into part of the uses to which it will be put, was well attended and a delightful time was had.

Walt Allen's Singing Dance Band was up to its usual form and the music was all that could be asked for on such an occasion. Everyone connected with the affair is well pleased.

Kendrick Weather

While the sun has not been shining all the time, the weather in this part of the country has been about as fine as one could ask for at this time of the year.

The wheat and beans have been cared for and most of the farmers have their seeding done—or many of them have, at least, and the blacksmith shops are full of plow shares having keen edges put on them in readiness for the fall plowing, which is now in full blast on many farms.

Death of Thomas Cook

Thomas C. Cook passed away at his home near Leland Monday morning at 6:20 o'clock at the age of nearly 72 years, pneumonia being the immediate cause of death.

Funeral services were held on Wednesday at 11 o'clock from the Methodist church, Leland, Rev. J. E. Walbeck officiating, with burial in the Leland cemetery. Further particulars will be given next week.

Will Have Social Evening

The Odd Fellows will put on a program and have a social evening for the members of the order, Saturday evening. A lunch will be served after the festivities have come to a close.

Modern job printing at this office.

TWO DROWN WHEN AUTO GOES INTO CLEARWATER

Charles J. Clear and Charles Roberson of Portland, Oregon, officials of the Oregon Packing company, were drowned in the Clearwater river, east of Lewiston, Sunday morning, when their automobile plunged off the highway into the water.

Leo Cockerill, assistant general manager of the Yakima Fruit Growers' association, and Percy Blundell, superintendent of the Salem branch of the packing company, extricated themselves from the automobile, which came to rest in sixteen feet of water.

A coroner's jury found that Roberson, driver of the car, was deceived by mist and fog and drove his automobile too near the grade at the edge of the forebay, four miles and a half east of Lewiston, and the car plunged into the water.

The car rolled about twenty feet before striking the water, turned over once under water and stopped on its wheels. Blundell said he broke the glass with his fist to extricate himself and Cockerill lowered one window and broke other glass.

Clear was division superintendent of all plants in the northwest for the packing company and Roberson was supervisor for green fruit in the northwest district.

The men left Lewiston shortly after 4 o'clock Sunday morning for the Sentinel mine near Golden, intending to make the round trip in a day.

An aftermath of the drowning tragedy came when Dr. E. G. Braddock went to the Brower-Wann parlors to view the bodies of his dead friends. He accidentally stepped into the elevator shaft and fell from the second to the first floor. He was knocked unconscious and was badly bruised. Later reports stated that the doctor had received a severe injury to his back.

More Resources for Kendrick

We just recently published articles telling of the industries surrounding Kendrick, which excelled all of our neighboring towns, emphasizing the fact that situated locally, we overlook the wonderful assets, industry and other things which go toward making up a successful and prosperous community.

Since publishing our items, we find that even then we were unable, or our foresight was not keen enough, to even look into the future further, for last week, Dr. David Eugene Olson, scientific petrologist, together with his brother, were in town examining and checking the geographical and topographical structures surrounding our town and they make a very favorable report.

Dr. Olson, in company with some members of the Kendrick Commercial Club and others in the community made up a caravan to go over the territory. In the report, the Olsons comment very favorably on an oil and gas structure right in our proximity, and in a letter which has been received since they left, say it is a good structure and worth testing.

If this is true, more power to us! Why spend fifty million dollars to pipe gas from Montana to Spokane and the Inland Empire. Why not get Kendrick on the map and furnish this gas? We ship lumber all over the United States; we help build the telephone lines; our beans are shipped all over the world; then why spend a lot of money to bring in commodities when maybe we have them right here at home.

CRESCENT CLIPPINGS

Mr. and Mrs. Abe Dorendorf and sons and Mrs. Rose Farrington and daughter Evelyn spent the week-end in Lewiston. While there Evelyn and Marvin had their tonsils removed. Both are getting along fine.

Mr. and Mrs. Geo. Lockhart and family visited with relatives in Lewiston over the week-end.

Wm. Kauder and R. C. Winegardner visited Tuesday evening with John Darby.

The Jim Farrington family moved their household goods over to Rose Farrington's place near Linden the first of the week. We'll miss them from this neighborhood.

The last loads of lumber from the Farrington mill yards were hauled Wednesday.

Mr. and Mrs. Lou Alexander and family and Mrs. Sylvia Jenks were Sunday (October 12) guests at the John Darby home.

Mrs. Geo. Lockhart and daughter and Mrs. Abe Dorendorf and sons were Kendrick visitors Thursday.

Transformers Moved

The transformers that have graced the side-hill above town for the past few years, have been dismantled and larger ones put in their place in the new building at the rear of the present sub-station down town. Several new poles have been set and it is expected that work will be completed within a few days.

ADVERTISING IS NECESSARY TO PROSPERITY

"When we speak of prosperity of this country, too much emphasis is placed upon big business—lumbering, railroads, steel, banking. They do not make prosperity. They merely reflect it. They prosper when the country prospers. And the country prospers by the daily round of small expenditures of millions of families, the grist of groceries, toilet articles, dry goods and clothing they buy. As long as that keeps up everything is normal. But let these housewives begin to pare their daily budgets, substitute a boiling piece for the weekly roast, make over little Mary's frock instead of buying a new one, and business begins to fall off.

"The daily purchase of these millions of people are conditioned by advertising. The breakfast foods, ketchups, toothpastes, and galoshes that they could not do without and which their grandfathers did without, were introduced by advertising—the advertising of manufacturers in the magazines, retailers in the newspapers, posters, and window displays and direct mail matter. Cut this advertising sharply off and we would have a slump beside which the Stock Exchange debacle would be a mere incident."—Editorial New York World.

Steamer Lewiston To Haul Wheat

On account of the congested condition of the warehouses along the upper and lower Snake river and the extraordinary demand for space for storage for the 1930 record-breaking crop, the steamer Lewiston reentered the trade Tuesday morning to handle approximately 1,000,000 bushels of wheat that has been disposed of, about one-half of this amount having been acquired by the federal farm board through the Lewiston Grain Growers, Inc. The federal-owned wheat will be shipped to Portland and Seattle, Walter Mitchell, manager of the Lewiston Grain Growers, Inc., said.

The grain now ready for shipment by rail to the coast and wherever else designated constitutes the heaviest offering in the history of river transportation at any one time, Captain J. E. Akins, commander of the Lewiston, said. The hauling will continue for three months, depending on the river running at a stage sufficient for navigation, and perhaps longer, as it is expected the sales within the next month or so will be such as to keep the boat in operation well through the winter.—Lewiston Tribune.

The Only One In Idaho

There are perhaps none of our readers that know that Kendrick has a small industry such as no other other town or city in the State of Idaho has; nor has Spokane anything like it—in fact, they are so scarce in the Northwest that they may be counted on the fingers of one hand and have a surplus left—and that is the business of developing moving picture films.

Harold Zell is the only person within the State of Idaho who does this kind of work and the only place that this kind of work is done in the Northwest is in Seattle. So Kendrick should feel just the least bit stuck up about this infant industry.

Mr. Zell not only takes care of his own pictures, but handles the newsreel work for the Granada theatre at Lewiston, and others.

Kendrick, individually and collectively, should be proud of the fine moving picture, talkie show house that Mr. Zell has fixed up for our entertainment, and the class of pictures he has been giving us. It isn't necessary to spend your money for outside entertainment when you can get just as good at home.

Putting On Big Sale

You will note by the big ad. in the Gazette, as well as large bills, that the Pearson store is putting on a big sale. There will be nothing reserved and they invite you to come and take advantage of the many bargains they have to offer.

Send in your news items—we want them all. Phone 644.

GRAIN MARKETS CONTINUE WEAK AND UNSETTLED

Domestic grain markets continued unsettled during the week ending October 18. Wheat prices reached new low levels following the weakness in foreign markets, while corn declined toward a new crop basis, according to the Weekly Grain Market Review of the United States bureau of agricultural economics. Oats and barley were weak with corn. Rye fluctuated with wheat, but flax prices held fairly steady, although the market had an easy tone along with all grains.

Continued heavy offerings of Russian wheat at Liverpool, and prospects of increased supplies in the Southern Hemisphere, were the principal weakening factors in the world wheat markets. Nearly 5,000,000 bushels of Russian wheat were included in the world shipments during the week, and further offerings were being pressed upon European markets. The first official estimate of the French wheat crop places the 1930 production at 231,000,000 bushels, as compared with the official estimate of 320,000,000 bushels last year. This shortcrop, however, is partially offset by the relatively large stocks of old wheat carried over, which according to trade estimates amount to around 56,000,000 bushels. The low quality of the German crop is confirmed by a recent report of the agricultural council, showing only 37% of the winter wheat crop, while accounts for around 90% of the total production, weighing around 58.6 pounds per bushel or over, as compared with 60.6% of this weight production in 1929, and 57% in 1928. The quality of the rye crop is also very low, with only 33% of the crop weighing above 55 pounds per bushel.

Seeding of new winter crops in Europe is progressing under generally favorable conditions; with recent rains facilitating seeding, particularly in southern Europe. Russia up to October 10 had accomplished 73% of the seeding planned this season, with an acreage of 77,600,000 acres, mostly of winter rye and wheat seeded to that date. The wheat acreage in Australia is now estimated at 18,160,000 acres, and is larger than the combined acreage of all crops seeded in that country previous to the year 1927-1928, with the exception of the war years 1915-1916. The condition of the crop is favorable, with the outlook officially forecast at 200,000,000 bushels. The condition of the new wheat crop in Argentina continues generally favorable. New crop grain is being offered rather freely, according to trade reports, at 82½¢ per bushel cif English markets. This compares with current quotations of 86½¢ for No. 2 Canadian Manitoba afloat, 88½¢ for Australian, and 86½¢ for Pacific Coast wheat.

While domestic markets generally followed the decline in foreign markets, domestic cash prices remained relatively higher than foreign prices, reflecting the increased demand for wheat for feed and the decreased offerings at the terminal markets. Receipts of wheat at the principal Southwestern markets totaled only 1,515 cars, compared with over 2,000 cars at the same markets last week, and nearly 3,000 cars for the corresponding week a year ago. Market stocks have decreased around 5,000,000 bushels during the past two weeks. Mill demand for hard winter wheat continued fairly active and cash prices declined only about one cent per bushel at Kansas City, where No. 2 hard winter, ordinary protein, was quoted at 72¢ and 13½¢ protein at 76½¢ per bushel. Feed manufacturers were active buyers of the medium grades, while feeders and elevator interests took the lower grades and damaged samples. Export sales were negligible, since domestic prices are well above an export basis.

No. 1 hard winter was quoted delivered at Galveston, export rate, of Texas common points, at 86½¢ per bushel, or practically the same prices as wheat of comparable quality was quoted at Liverpool. Mills were good buyers of high protein wheat at Omaha, where No. 2 hard winter with 12½% protein was quoted at 72¢ per bushel. No. 2 hard winter was quoted at Denver at 58 to 60¢ per bushel. Soft winter wheat was relatively firmer at Denver at 58 to 60¢. Soft winter wheat was relatively firmer than hard winter and sold at considerably higher premiums, reflecting the limited offerings and active mill demand for this class of wheat. No. 2 soft red winter was quoted October 17 at Kansas City at 82¢ to 84¢; at St. Louis at 86½¢, and at Cincinnati at 85½¢ to 86½¢ per bushel.

JULIAETTA ITEMS

Needle Club Meets

Mrs. Walter Cochran was hostess to the Needle club Thursday of last week. The afternoon was spent at needlework. A delicious 5:30 o'clock dinner was served, with Hallowe'en suggestions. Those present were Mesdames Houck and Buckallev of Lewiston, Mrs. Mary Adams of Moscow, Mrs. A. W. Behrens, Mrs. C. S. Biddison, Mrs. E. P. Wilcoxon, Mrs. Mary Jones, Mrs. M. Nutt, Mrs. Cecil Gruell, Mrs. Claude Clark and Mrs. Evertt Custer.

Attend Grand Lodge

Mr. and Mrs. Ed. Taylor left Fri-

day for Lewiston and from there took the stage Saturday morning for Idaho Falls. They represent the local Rebekah and Odd Fellow lodges at the session of the grand lodge. At the close of the session they will go to Ogden, Utah, to visit their daughter and son-in-law, Mr. and Mrs. Clifford Powell. Their son and daughter-in-law, Mr. and Mrs. Edgar Taylor of Wyoming, will also be with them at the Powell home. They expect to be gone a month.

Juliaetta Progresses

Workmen started Wednesday to re-build the garage which burned this summer. The contractors in charge are the ones who built the new gymnasium in Kendrick.

New Store to Open

Mr. Lackey, who manages the Shell Service station, is preparing to open a new store soon. He expects to carry dry goods, groceries and novelties and will be located in the old meat market building, adjoining the confectionery. His first shipment of goods arrived Wednesday.

It is understood that Juliaetta is to have a blacksmith shop soon. J. E. Frazier, who with his family, has moved from Kendrick into the Adams property on Main street, is to operate it.

Spokane Visitors

Mrs. Luna Deane went to Spokane Saturday morning for medical treatment, returning Sunday noon.

Mrs. Edgar Wilcoxon spent from Saturday until Tuesday visiting her mother and sisters in Spokane. Mr. Wilcoxon went up Sunday on the noon train, returning the same night.

Surprise Parties

Mr. and Mrs. Bill Spray were given a surprise dinner party Thursday evening of last week, by their relatives, who came with well-filled baskets. Those making up the party were Mr. and Mrs. Henry Irvin, Mrs. Lou Spray and daughters Opal and Ruby, Mr. and Mrs. Bill Carlton and children, Billy and Evelyn, Mr. and Mrs. Frank Spray and daughter Thelma.

A group of people went to Mrs. Lou Spray's home Monday evening to surprise Mr. and Mrs. Bill Carlton, as Mr. Carlton was to leave soon for the Army hospital at Boise. However, the Carltons were in Moscow that day and failed to return home so the surprise was really on the guests.

To Remodel Home

The Hartung Brothers of Southwick have taken the contract to remodel the B. C. Custer home. An entire change will be made, including the foundation, built-ins, plumbing, floors, porches, and the change of the house into a bungalow type.

Managing Postoffice

Mrs. N. M. Talbott is managing the postoffice during the absence of Mr. Talbott.

Clarkston Visitor

Mr. and Mrs. Cecil Gruell, Mrs. M. Nutt and Mrs. Kate Crutchfield spent Saturday in Lewiston. Mrs. Frances Clausen of Clarkston, Mrs. Nutt's step-mother, returned with them and visited until Thursday.

Mrs. Grace Stinson entertained Mrs. Clausen and Mrs. Nutt at her home Monday afternoon and at dinner that evening. Mrs. Stinson and Mrs. Clausen are old-time friends.

Mrs. Clausen, Mrs. Nutt, Mrs. Gruell and Mrs. Wilcoxon were guests Wednesday afternoon of Mrs. Mary Jones. Cards were played and tea was served.

Coming Events

On Hallowe'en evening, Friday, October 31, old and young are invited to the M. E. church basement, where the ladies aid will sponsor a carnival. Plenty of side-shows, amusements and eats.

On Election day, November 4, the Rebekahs will serve a benefit dinner in the lower part of the I. O. O. F. hall, next door to the polling place.

CHURCHES

Kendrick Presbyterian Church

At the RAYMOND CAFE you will be served "Better Food for Less Money."

41-4f

See Dr. Jones

Soon winter will be here and you will have to depend more on artificial light during those long, dark evenings.

If your eyes are taxed, flayed, or fatigued by some error of refraction or glare strain, see Dr. Jones and have him prescribe for you those wide angle "ORTHOGON" or "TILLYER" lenses for better vision, and our special built frame that we guarantee against breakage.

As it is claimed that 83% of everything that we learn comes through the eyes. Be sure to bring the children so that they may have all the advantages that good vision has to offer.

See Dr. Jones at Kendrick Hotel, Saturday, October 25, 9 a. m. to 9 p. m.

Residence property for sale. Inquire Mrs. C. A. Oppenborn, West Main street.

Masons, Take Notice

There will be an important meeting Thursday night, October 30. All members and sojourners are requested to be present. By Order W. M.

We use the best to be had in preparing our meals. Hotel Kendrick

PERSONALS

R. F. Brown of Portland is visiting at the J. F. Brown home for a couple of weeks.

Miss Earlen Stump and Miss Josephine Deagen went to Moscow Saturday-afternoon, returning Sunday.

Mr. and Mrs. Ignaz Flaig of Orofino attended the opening dance at the Kendrick gym Wednesday night.

J. F. Brown was a Lewiston visitor Monday night, attending the banquet and conference of north Idaho Texaco dealers.

Mr. and Mrs. Frank Robert and Ernie of Kennewick were week-end visitors with Mr. and Mrs. White. Mrs. Roberts is a daughter of Mrs. White.

Mr. and Mrs. R. M. Spencer came over from Moscow Wednesday evening to attend the big dance given as an opening event for Kendrick's new gym.

Mrs. H. P. Hull, who has spent the past summer visiting relatives and old-time friends in Maine and other Eastern states, is expected home this (Friday) afternoon from Spokane, where she has been spending the past few days. Her many friends here will be glad to welcome her home.

Mr. and Mrs. Harry Ameling and Mrs. Liddie Ameling attended the funeral of Miss Gladys Brummund, at Moscow, Sunday. Miss Brummund passed away at Spokane and was buried at Moscow. The family formerly resided on American ridge and will be remembered by many of the older residents.

The Methodist ladies aid society have set Saturday, December 6, as the date for their annual chicken dinner and bazaar.

NOTICE TO CREDITORS In the Probate Court of the County of Latah, State of Idaho. In the Matter of the Estate of Gus Farrington, Deceased.

Notice is hereby given by the undersigned, Administratrix of the estate of Gus Farrington, deceased, to the creditors of and all persons having claims against the said deceased to exhibit them, with the necessary vouchers, within six months after the first publication of this notice, to the said Administratrix at her residence, near Southwick, Idaho, the same being the place for the transaction of the business of said estate, in Latah County, State of Idaho.

ROSE FARRINGTON, Administratrix of the Estate of Gus Farrington, deceased. Residence and Post Office address; Southwick, Idaho. Date of first publication, Oct. 24, 1930. Date of last publication, Nov. 21, 1930.

CALL FOR BIDS Sealed bids will be received up to and including November 5, 1930, at the office of the Clerk of Joint School District No. 24, Kendrick, Idaho, for the furnishing of 80 cords of seasoned green tamarack or fir wood, to be cut 42 inches in length, to be delivered and piled in the wood pit of the Kendrick school building on or before July 15, 1931.

W. A. WATTS, Clerk

SUMMONS In the District Court of the Second Judicial District of the State of Idaho, In and For the County of Latah. Myrtle LaClair, Plaintiff, vs. Bert LaClair, Defendant. The State of Idaho sends greetings to the above named defendant: You are hereby notified that a complaint has been filed against you in the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah, by the above-named plaintiff, and you are hereby directed to appear and plead to said complaint within 20 days of the service of this summons; and you are further notified that unless you so appear and plead to said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint; a statement of the nature of plaintiff's cause of action in general terms is to procure a decree of divorce from the said defendant on the grounds of willful neglect and non-support.

Witness my hand and the seal of said Court on this 18th day of September, 1930. HARRY A. THATCHER, Clerk. By Rose E. Rawson, Deputy Clerk. A. H. OVERSMITH, Attorney for Plaintiff, Residence and P. O. Address, Moscow, Idaho. 39-5

RUPTURE EXPERT HERE C. F. Redlich, Minneapolis, Minn., nationally famous Rupture Appliance Expert, will demonstrate without charge his unequalled method at MOSCOW WEDNESDAY AND THURSDAY OCTOBER 29 and 30 AT MOSCOW HOTEL From 10 a. m. to 4 p. m. First evening by telephone appointment. Mr. C. F. Redlich says: First evening by telephone appointment. The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time. The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

"IF YOU WANT TO HAVE IT DONE RIGHT—SEE REDLICH." Doctor J. W. Seaver, for many years in charge of the Physical Education of the students of Yale College, has recorded 75% cures with this system. Mr. Redlich is internationally known and speaks English, German and Spanish.

HOME OFFICE 535 Boston Block, Minneapolis, Minn. One's Best Demanded No job is too small to take pains with; no task is too little to do well. If you can't drive a nail straight, you're going to make a fizzle of building a house. No man jumps into greatness; he works his way steadily upward.—Grit.

Health and Happiness Too Lightly Regarded? Despite the great mergers and international financing so common today, the gentle art of proper, healthy, lengthy and joyful living remains the biggest business on earth. John Clarence Fung declares in Hygeia Magazine, in an article directed to business men. Many men of affairs display intelligent interest in their health, but there are hundreds who imagine that they enjoy a privileged immunity against the infractions of fundamental living habits. One finds bed manufacturers who use beds as little as anybody; producers of health foods who regularly eat anything and everything until their capacity fails; jobbers of gymnasium equipment whose personal experience is limited to an infrequent stroll over a golf course; and resort hotel men whose fresh air is obtained only when they retire at night, this health work er charges.

Too much food, too little exercise and too little sleep are constantly taking their toll from prosperous business men. Heart disease, cancer and diabetes attack a staggering number. This situation could be changed overnight, Doctor Fung insists, if business men would use the simple expedient of having annual physical examinations. Early diagnosis is the secret in combating many conditions that insidiously gain headway.

Hosiery of Mixed Color Fad of Centuries Ago The bright-colored hose worn in the Fourteenth century roused the ire of even Chaucer, who declares that "the wrapping of their hose which are depicted of two colors, white and red, white and black, or black and red and white and blue, make the wearers seem as though the Fire of St. Anthony or other such mischance had cankered and consumed one-half of their bodies."

The fashion of wearing two colors, "which rendered uncertain the fellowship of the legs," continued in spite of the ridicule and satire of the poets and chroniclers, until the middle of the Sixteenth century.

The long hose or herlets worn by persons of quality at the time were made of the finest cloth or velvet, and there is record of Henry III ordering three pairs for his sister Isabella, which were to be of velvet embroidered with gold. Knitted stockings, or, as they were originally called, stocking hose, were introduced into Britain in the Sixteenth century, and those of silk were considered such a luxury that they were thought a present fit for a king, so we find Sir Thomas Gresham presenting a pair of long Spanish silk hose to Edward VI.

Burial at Arlington The secretary of war has the power to authorize the burial of a woman beside her husband in a separate grave in Arlington National cemetery provided the husband was a commissioned officer. In the case of enlisted men, if a widow desires to be buried with her husband, arrangements must be made with the War department to have the grave made deep enough so that a second casket can be placed upon that of the soldier; in other words, the soldier and his widow must be buried in the same grave. There would be no question that a former President of the United States, who was technically commander-in-chief of the army and navy, would be regarded as a commissioned officer, although actually President Taft was a civilian who never held a commission.

Bridal Bouquets It is impossible to state when flowers were first used at a wedding, since this is a very ancient custom. Orange blossoms were worn and carried by brides from the earliest times, as they portend luck and happiness. Spenser and Milton were of the opinion that the orange was the golden apple presented to Jupiter by Juno on her wedding day. It was customary for the Anglo-Saxon bride to give her friends small knots and ribbons to wear or carry on the wedding day. This custom still survives in the bouquet of the bridesmaids.

Weighing Sand According to the federal and state laws a bushel of sand weighs 120 pounds in most of the states; in Pennsylvania the weight is 100 pounds to a bushel. And a cubic yard of sand contains 2,600 pounds. Marks' Mechanical Engineers handbook gives the weight of dry, loose sand and gravel as 90 to 105 pounds per cubic foot; sand and gravel dry and packed, 100 to 120 pounds; sand and gravel wet, 118 to 120 pounds.

Early Magazines The first magazine published in America was issued in Philadelphia February 13, 1741. It was the American Magazine, or a Monthly View of the Political State of the British Colonies, published by Andrew Bradford. Three days later Benjamin Franklin issued the General Magazine and Historical Chronicle for all the British Plantations in America.—Detroit News.

Market Day Special 10% Off On All Goods Sold for Cash with the exception of school books RED CROSS PHARMACY FRANK NESBIT, Proprietor Phone 242 Night Service 357

SOUTHWICK ITEMS Little Edward Eugene arrived Sunday morning, October 19, to make his home with Mr. and Mrs. Wilmer Hanks. At present they are staying with Mrs. Hanks' mother, Mrs. Ben McCoy. Mrs. and Mrs. Sedley Werrick from Lewiston enjoyed the day Sunday at the Roy Martin home. Mrs. Yeager visited several days last week at the Wm. McClelland home.

NOTICE OF GENERAL ELECTION 1930 NOTICE IS HEREBY GIVEN, That on the Tuesday following the first Monday of November next, (November 4th, 1930), at _____ Precinct, in the County of Latah and State of Idaho, an election will be held for Members of Congress, State, Legislative, County and Precinct officers, as follows:

Table with 2 columns: REPUBLICAN TICKET and DEMOCRATIC TICKET. Lists candidates for various offices including US Senator, Congressman, Governor, Justices, Auditor, and Sheriff.

CONSTITUTIONAL AMENDMENT "In order to bring the Idaho asylum at Blackfoot under the same control as other similar state institutions, shall Section 6 of Article X of the Constitution of the State of Idaho be repealed, the repeal to become effective March 15, A. D. 1931"

WHICH ELECTION SHALL BE OPEN AT EIGHT O'CLOCK IN THE MORNING AND WILL CONTINUE UNTIL SEVEN O'CLOCK IN THE EVENING OF THE SAME DAY. DATED AT MOSCOW, IDAHO, THIS 6TH DAY OF OCTOBER, A. D. 1930. HARRY A. THATCHER, Clerk of the Board of County Commissioners in and For Latah County, Idaho.

GRAIN MARKETS CONTINUE WEAK AND UNSETTLED

Receipts of spring wheat were considerably below those of a week ago, and a year ago, and current offerings were scarcely equal to trade requirements. Good milling quality was in demand, but the lower grades were rather slow sale. Premiums were about unchanged, with 12% protein No. 1 dark northern quoted at Minneapolis October 17 at 4c to 6c over the December price of 74 1/2c. This is a decline of about 2 1/2c for the week. 13% protein sold at 4c to 9c and 14% at 5c to 9c over the December price. Demand at Duluth was rather irregular and prices held about unchanged, with No. 1 dark northern quoted October 17 at 80 1/4c to 83 1/4c, and No. 1 northern at 78 1/4c to 83 1/4c. Durum held relatively steady, under the influence of light offerings and a fair mill demand, but December durum declined 2 1/2c and closed October 17 at 69 1/2c. No. 1 amber was quoted in that market at 70 1/2c to 77 1/2c.

Wintery weather in western Canada materially decreased marketings of wheat, and trade reports indicate considerable wheat still unthreshed. The reduced offerings had a strengthening influence on the Winnipeg market, which did not follow the full decline at other points. At the close of the market, October 17, No. 1 Manitoba northern was quoted at Winnipeg at 71 1/2c per bushel, or only about 1 1/2c lower than a week ago.

Pacific coast markets were dull and lower, following generally the decline in Eastern markets. Local demand was slow and export inquiry was limited; Half cargo afloat was reported sold to the United Kingdom and a sale of 1,000 tons of white wheat was reported made to the Orient during the week. No new business in export flour sales was reported, and mills were rather slow buyers of wheat. At the close of the market October 17, No. 1 western, white, western red and hard winter wheats were quoted sacked at Seattle at 76c per bushel 14% protein local No. 1 hard winter was quoted at 84c sacked and the same quality from Montana in bulk at 86c per bushel. Local No. 1 dark northern sacked at 85c and the same quality from Montana at 87c per bushel. Cash prices at Portland declined about 1c, with No. 1 hard white Big Bend bluestem or early Baart quoted sacked at 88c. Soft and western white at 76c, hard winter, northern spring and western red at 74c per bushel. Offerings from farmers continued light, although stocks in growers' hands were relatively large. Seeding is progressing in eastern Washington and Oregon, with the ground in excellent condition in some districts, but dry in other sections.

California markets were dull, with local wheat being offered sparingly and trade requirements being filled principally from northern and eastern wheats. A few lots of No. 1 hard white and No. 1 soft white California wheat were reported sold at San Francisco at \$1.55, with \$1.45 to \$1.50 per 100 pounds generally bid for this quality and \$1.60 per 100 asked by growers. Utah-Idaho No. 2 dark hard winter was offered at \$1.42 1/2 to \$1.45, bulk, delivered California points, and No. 2 soft and western white from Washington and Oregon at practically the same price sacked for San Francisco docks. No. 2 western white from Klamath Falls district was quoted at \$1.50 sacked delivered California points. Mills were taking moderate amounts, and feeders and manufacturers were also taking some wheat, although demand generally was of only moderate volume. The Los Angeles market held about unchanged during the week with demand limited from both mills and feeders. No. 2 hard winter in bulk from Eastern points was quoted October 17 at \$1.50 to \$1.55 with local No. 1 hard white sacked at \$1.55 to \$1.60, and No. 1 eastern white at \$1.50 to \$1.55 per 100. Some low grade feed wheat was sold as low as \$1.40 per 100.

Even if we had a referendum on prohibition some people would be too drunk to know what they were voting for.

And How!
To keep people off the grass and event flirting, 50 women have been led to the Buenos Ayres police office. Oh, Boy!

Spring and Fall
Our community has been treated a regular "Dukes' mixture" of either during the past few days. On Tuesday of this week it rained a little, selected a little, the wind blew little, it was cloudy (a little) and a sun shone a little, making it a place where anyone could take his choice and be pleased and displeased. Wednesday morning was almost as if a lady staying that when she came to town from her home up Big-river way came through two nature blizzards and a short time later the sun was shining as brightly as California ever experienced.

Closed Contract With Proffer of Ice Pears

New stories about O. Henry seem almost as constant as his fame as a short-story writer. One of the best concerning his charming idiosyncrasies is related by Bob Davis, newspaper man and editor, in the Golden Book magazine.

In his early New York days O. Henry had a quaint way of changing addresses without notice to anyone, disappearing from his friends for weeks. Davis, then a stranger to the author, had been instructed to find him and to offer him first \$30, then \$50, and, as a limit, \$60, to write introductions for five buildings he finally found the author in a dark, cheap hall bedroom—but with a half dozen fine pears buried in a bowl of ice, as a relief from the heat.

"I have three propositions," he announced. "But I shall make the last one first." And he made the \$60 offer. "If that last one is the best, you needn't make the other two," drawled O. Henry. "And moreover, mister, you can have the rest of the pears."

Mutton Dear to Both Stuart and Hanoverian

Mutton used to be regarded as having a definite if somewhat indefinable association with loyalty to the throne. When "thirty-nine noblemen and gentlemen zealously attached to the Protestant succession of the house of Hanover" founded the Kit-Kat club for the furtherance of their principles, they ordained that the standing dish at all their dinners should be mutton pie, to which they attached symbolic significance.

Why mutton should be thus identified with the Hanoverian dynasty is far from clear, but possibly George I, like George II, esteemed boiled mutton and turnips the daintiest dish that could be set before the king. The Kit-Kats, however, must have overlooked a similar fondness on the part of the Stuarts, especially in the case of Charles II, whom Rochester dubbed "our mutton-loving king."—Manchester (Eng.) Guardian.

Wooden Bowl Has History

An extravagant sum of money, the exact amount of which has not been made known, was paid for the famous bowl known as the Pepps mazer, for four centuries the property of the Edward VI almshouses at Saffron Walden, Essex, England. The Pepps mazer is a small bowl of maplewood standing 2 3/16 inches in height and 7 1/2 inches across. Around the lip is a plain band of silver-gilt, a little deeper outside the bowl than inside. It bears the London hall-marks of 1507-8 and the head of the maker's mark, which is the head of a saint. Inside the bowl is a circular medallion, a plate of silver-gilt, and an engraving of the Virgin and the Child in a glory of long rays. It now comes to America. It is so called because it was referred to in the writings of Pepps.

Coleridge's "Dream Poem"

Coleridge himself told how he came to write the poem "Kubla Khan." In consequence of a slight indisposition, an anodyne had been prescribed, from the effects of which he fell asleep in his chair, at the moment when he was reading a sentence in Purchas' "Pilgrimage," beginning "Here the Khan Kubla commanded a palace to be built and a stately garden thereunto." He slept for about three hours and on awakening wrote down all the lines of the poem that had been preserved. Then he was called away on business, and on his return was unable to recall the remainder of the lines that had been composed by him in his dream.

Use of Nutgalls

Nutgalls are hard nut-like galls, especially those from the Asiatic oaks, which are produced largely in Asia Minor, Syria, Persia, Cyprus, Italy, etc. The Chinese and Japanese nutgalls of commerce, however, are from trees of the species Rhus, and they are large and irregular in form. The nutgalls are rich in tannin, which makes them valuable to the leather and dyeing industries, in the making of inks, the preparation of medicines, etc. Several New York firms are listed as importers of nutgalls from China and other countries.

Punishment

The lady of the house was telling the maid about the woman across the hall who had become extremely disturbed over the playing of the radio all night and who had gone so far as to complain to the police. "Ah! that awful!" exclaimed the maid. "Sure, an' she ought to be put in the home they have out in the country." "What home is that, Norah?" "Sure, ma'am, an' they call it the Home for Indignant Women."

British Sailors in 1812

Historians of the British navy indicate that the British frigates were manned principally by Englishmen during the War of 1812. They are described as a mixed class of men, being secured in various ways. Bounties were offered for enlistment in the navy and when this did not bring enough recruits each county was required to raise a certain number in proportion to its population. They were known as quota men. In addition, numbers were pressed into the service.

Name "Taffy" Traced to Javanese Word for Rum

The American word taffy and the British word toffee, for candy made of molasses, originate from the Javanese word for rum: tape, or tafe, distilled from molasses. Very often the home-bound cargoes of the old-time sailing ships trading in the South seas were molasses from Java.

The word came to the Philippines with the Indonesian colonists from Asia that had long inhabited the mountains of northern Luzon; these people, however, do not make rum, but ferment wine from rice and give it the Javanese name for rum. Some tribes call the wine tapuy, some tapel, both obvious variations from the original tape.

Another variation is the name of the wine from sugar cane juice, bush. When the British freebooter, Captain Anson, conveyed a prize he had taken, the silver-laden Spanish galleon Cabadonga, around Luzon toward Macao, he sent ashore for water and the islanders gave him men copious drinks of bushi that had lightning effect.

Returning to ship, the men's tongues were thick, and in explaining their condition to Anson they said they had been enjoying a few cups of bushi; Captain Anson charted his channel and named it Bushi channel, and the islands, really the Babuyan group, he called Bushi's Islands. So goes, 'round the world of commerce, a bit of taffy on the tongue.

Man of Peace Honored for Wartime Invention

A clergyman who evidently did not consider that there was anything incongruous in serving the prince of peace and at the same time inventing "gadgets" to help in the maiming and killing of his fellow-men has a tablet to his memory at the Tower of London—quite an appropriate place.

He was Rev. Alexander John Forsyth, a Scotsman, who invented the percussion lock for small arms, and who also produced a detonating powder for which, it is said, he was offered \$100,000 by Napoleon. Forsyth left his quiet manse to work in the Tower, and when his duties were over he returned to his village with an honorary LL.D. degree. The reverend inventor died in 1843. His is the first memorial to a private individual that has been erected in the precincts of the Tower.

Heat Homes From "Bottle"

Homes of the future will be heated by electricity "bottled" up in a reservoir in the house at night when the electric company's facilities are not busy, and used the next day, in the opinion of Chester I. Hall, an electrical engineer. The "bottle," containing water, would be heated during the night by electrodes which would raise the water temperature to boiling. By reason of insulation, the reservoir would retain its heat during the day. It would be equipped with thermostatic controls. Such a heating plant would be economical, it was estimated. If the power company could store the heat during the idle hours of the night.—Popular Mechanics Magazine.

Fight Diet Affects Teeth

If you want strong, white teeth pay attention to your diet as well as to your toothbrush. The food you eat is just as important as the dentifrice you use.

Dr. Walter H. Eddy, food chemist and health authority, offers this advice. Several recent surveys, he reports, have shown that individuals whose diet was deficient in milk and green vegetables were possessors of weak and quickly decayed teeth because the blood which feeds the teeth was not sufficiently supplied with the necessary lime salts to give them strength.—Good Housekeeping Magazine.

Wily Elephant

Though tigers and leopards cannot, as a class, be said to sham death, there have been instances in which one of these—after having to all appearances, been shot dead—has suddenly "come to life" and been very much alive, until finally dispatched. There is an instance on record of a newly captured elephant playing the "artful dodger" so successfully that it completely deceived its captors, who, releasing its bonds, left it for dead, but scarcely had they gone a little distance when, to their amazement, the creature rose, and trumpeting loudly, made good its escape.

Beautiful English Cathedral

England's most beautiful cathedral, at Salisbury, has been called England's finest poem in stone. It is, indeed, the most harmonious and best proportioned of the English cathedrals, for it was built within the short space of 40 years (1220-1260), where many others have taken centuries to complete them. It is a pure example of early English architecture, unalloyed by foreign influence. Its spire, rising from the very middle of the church, is the loftiest in England.—Detroit News.

First Methodist Chapel

The first Methodist church erected, John Wesley's chapel at Broadmead, England, has been completely restored and was recently reopened with impressive evangelistic services. It stands on the first plot of ground that Wesley ever bought and in it is the pulpit from which the noted evangelist so often preached.

Mystery Play At Audian

One of the ever popular mystery plays, "Murder Will Out," will be shown at the Audian Theater Friday, Saturday and Sunday nights—October 24, 25 and 26.

You've read about murders. You've heard about unsolved mysteries, now see if you can guess the criminal in this strange murder-story. New thrills with your old favorites. Jack Mulhall and Lila Lee.

A black hand gang demands half a million dollars for the life of a girl. Leonard Stanton, her sweetheart, promises fight to a finish. The police are baffled; a man is killed.

The hieroglyph, which a gang of blackmailers use to sign their threats, turns up periodically throughout the picture on a cigarette, a handkerchief, a vase, a bridge card and other unexpected places.

"Murder Will Out" is a departure from the usual type screen mystery with a unique surprise climax. It is adapted to the talking screen from Murray Leinster's story, "The Purple Hieroglyph."

McKnight, world famous hypnotist, will be on the stage and give performances each evening. Prof. McKnight is one of the foremost men in his profession and you will enjoy seeing him. You will have an opportunity of seeing some of your friends performing on the stage in a way that you, nor they, would think possible.

Prof. McKnight has been held for two weeks in Lewiston and has drawn large crowds nightly. He comes direct from there to the Audian.

Dr. Moorhead To Return Here

W. J. Carroll received a telegram from Dr. O. J. Moorhead on Sunday advising that if a successor to Dr. E. H. Field had not been selected, he would consider returning to Kendrick to practice.

The members of the Commercial Club were interviewed and while there had been two or three doctors here looking over the field, the club wired Dr. Moorhead that they would hold the location for him as those who had been in had not given any assurance that they would locate here.

Dr. Moorhead proved his ability as a physician while located here some years past and Kendrick is fortunate indeed to be able to induce Dr. Moorhead to return. Since leaving Kendrick the Doctor has specialized on various lines of his profession and until recently was associated with a Clinic at Moorhead, Minn.

O. E. S. Hallowe'en Dance

You are cordially invited to attend the Hallowe'en dance at the Fraternal Temple, Oct. 28 at 9 o'clock. Music will be furnished by a Lewiston orchestra. Don't miss a good time. Tickets \$1.00. 46-1

Send in your news items—we want them all. Phone 644.

R. E. Nordby

REPUBLICAN CANDIDATE FOR COUNTY COMMISSION. ER. SECOND DISTRICT. GENERAL ELECTION, NOV. 4, 1930.

VOTERS OF LATAH COUNTY

As a candidate for the Office of Probate Judge, I find that I will be unable to meet with the voters in every section of the county, so I issue my statement as follows:

I served you as Probate Judge for more than eight years and during that time handled estates in valuation of more than Two Millions of Dollars and transacted other business in proportion.

If elected this fall, I will not be under personal obligation to any individual, sect or group, and therefore I give you my simple program as follows:

Can and will protect all estates against extravagance and loss. Give every person a fair hearing and a square deal. The office will be strictly non-political.

W. F. Mergareidge

Free Inspection of all your tires No Obligation

NEW TIRES GIVE YOU MORE GRIP ON SLIPPERY WINTER ROADS!

Is the Risk Worth the Little Mileage Value Let In Those Smooth Tires?

SUPPOSE those smooth-worn tires MAY "go" another few months. That is hardly a dollar's worth of mileage per tire—AT TODAY'S ROCK-BOTTOM PRICES! And a puncture or two, wipes out even that "saving"—not to mention the annoyance and delays.

This fall it is far cheaper—AND HEAPS SAFER!—to put on the new Heavy Duty

THOMAS ADVOCATES HIGHER LICENSE FEE

R. E. Thomas, state game warden, told members of the Izak Walton League at Moscow Thursday night of last week that he would ask the next legislature to add 50 cents to the resident license fee for the purpose of building and maintaining rearing ponds throughout the state.

The added fee, he explained, would raise approximately \$45,000.00. The state game department is self-supporting from license fees, fines and confiscations. Nearly \$200,000 is raised annually and of this amount \$73,000 is spent for maintaining fish hatcheries and rearing ponds. More is needed to insure good fishing in our streams, he said.

Big game is on the increase within the state, he declared. Idaho is the only state in the union where mountain goat may be bagged. Upland birds are decreasing, not from over-shooting, he believed, but from disease. More study along this line was needed, he said. Fur-bearing animals are estimated to be worth \$1,500,000 annually to the state. The season on these animals may be limited by the next legislature.

Uniform game laws throughout northern Idaho was advocated by the warden. He urged the sportsmen of this section of the state to agree upon a uniform opening season for big game, birds and fish. Opening of the season for trout fishing in April was unscientific, he declared, this being the time of the year when cutthroat and other species of trout are spawning. He urged that the season be closed until June 1, after the spawning season.

LINDEN NEWS

Clem Israel, Cleve McPhee and Bud Harris returned Thursday evening from their hunting trip with three deer and two elk.

Mr. and Mrs. Frank Jones and family from Elk River spent the day Sunday at the C. H. Fry home.

Mrs. Louisa Fry spent last week in Kendrick with her grandchildren, who are attending school there.

Nathan B. Stealtly Candidate for Sheriff on the Reprocratic ticket

Photo By Paul Schulz

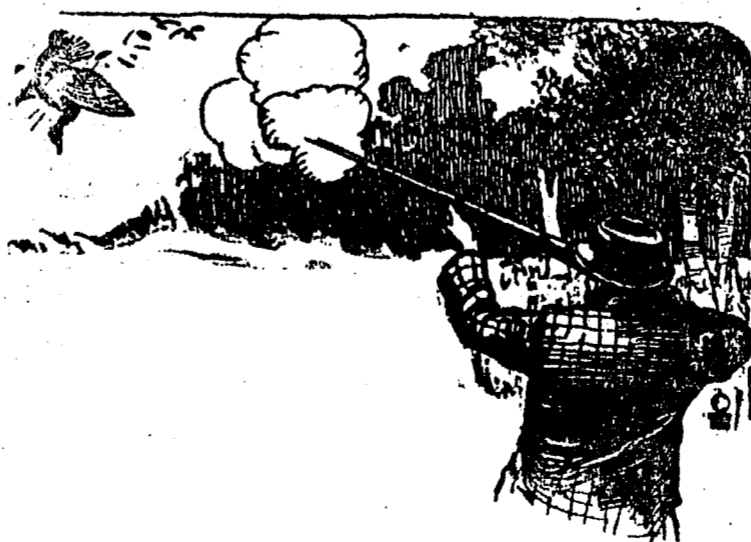

We wish to print the truth of an article appearing in a rival paper in order that there may be no misunderstandings and to show the fearlessness of our candidate.

While eating at a boarding house the following took place: "Isn't it hard," said the landlady, "to think this poor lamb was cut down in its youth to satisfy our appetites?"

"Yes," replied Mr. Stealtly, "down at the other end of the table, 'it is tough.'"

This little incident truly indicates the fearlessness of our candidate!

RULES OF SUBSCRIPTION CONTEST

1. No one connected with the Gazette office in any capacity will be eligible to enter the contest.
2. All votes must be in the office for the contest prizes on the last day of October—Friday evening, October 31—at 6 o'clock. Positively no votes will be received after that hour.
3. All duplicate receipts must be returned to the office on the last day of the contest.
4. The standing of the contestants will be announced in the Gazette each week.
5. In all cases where votes are issued, money must accompany the entry. Positively no votes issued on promise to pay later.
6. The full amount of money must be sent by mail or brought to the Gazette office before votes are issued—thus playing no favorites.
7. No contestant will be guaranteed a certain prize for a consideration of so many subscriptions or money—prizes must be won in accordance with conditions.
8. Contestants who reside in one district may secure subscriptions in any other district, as votes will be allowed on any prepaid subscription anywhere in the United States.

There will be no restricted territory.

9. If an order for an old subscription is sent in with the money, votes will be issued in favor of any contestant the subscriber may designate and credit given accordingly.

10. Credit for a new subscription will not be given where the name of the subscriber is switched from one member of the family to another. Of course if another paper is desired in the family, any number of names may be added as "new" subscribers.

Until further notice, Dr. Field's office will be Room 4, Kendrick Hotel—Tel. 432.

The Union Stage Depot is now located at THE RAYMOND HOTEL, Lewiston, Idaho.

Residence property for sale. Inquire Mrs. C. A. Oppenborn, West Main street.

The Hotel Kendrick is a good place to eat and sleep, when you stay in town.

Read every ad. in this issue of the Gazette. There are real bargains.
