## COMMERCIAL CLUB HOLDS MEET AT KENDRICK HOTEL

Another one of those interesting and profitable commercial club meetings was held at the Hotel Kendrick Tuesday evening, when some 25 men of the town sat down to one of those famous dinners concocted by Mrs. Raby and her aides, after which the business of the club was taken up.

After the reading and approval of the minutes of the previous meeting reports of committees were heard, but few having a report to make.

The question of having a community calendar made for the year 1932 was brought before the club and a sample submitted, which had been made at Wallace. The calendar proposed would bear twelve local scenes, one for each month, and would be for the purpose of advertising Kendrick rather than any individual business. The matter was referred to the publicity committee with instructions to obtain the necessary information.

A communication from H. M. Driscoll, Troy, owner of the Idaho Bean and Elevator company at that place, regarding an article that had appeared in the Gazette a couple of months ago when the question of getting information on the cost of putting a bean picker and cleaner in Kendrick was brought before the club.

A portion of Mr. Driscoll's communication is herewith produced:

"The writer is just in receipt of a report which was published in your local paper some time ago with reference to the bean industry of Kendrick which was of considerable interest to the writer, and in so far as he is interested in beans, not only in Troy but in all northern Idaho, he is taking this opportunity of writing you, explaining as near as possible the situation on beans at the present time.

"This article stated that Kendrick at one time was considered the bean center of the Potlatch, but that the business had gradually been allowed to gravitate to Troy.

"The writer personally feels that Kendrick is still the real bean center of northern Idaho and believes that if you will make a check-up, you will find that this contention is right. It is true, however, that some of the grading has been lost to Kendrick and drifted to Troy. This is a condition that is hard to overcome, and possibly hard to understand for those who have not been giving it some thought.

"The bean industry like many other industries, has gone through considerable changes and in order to handle beans successfully at the present time it is necessary to have more and more expensive equipment than it was in the past. This is due to the fact that other sections have improved their machinery and methods of grading, and the requirements demanded of choice re-cleaned beans are higher than they have ever been, and it is absolutely necessary that any dealer be well equipped with modern up-to-date machinery for this purpose; and it is for this reason that our beans are assembled and graded at Troy."

While Mr. Driscoll is undoubtedly conversant with the bean situation, it would seem to the ordinary layman that if they could afford to ship beans from Kendrick to Troy for cleaning purposes, that same work could be done profitably right here in Kendrick. True, the machinery is expensive; so is any machinery for that matter. If the necessary machinery were put in place it would not be with the idea of only the present year's work, but for years to come. At any rate the matter is worth looking into.

If it pays to clean them in Troy, why would it not pay to clean them in Kendrick?

The VanCamp company is withdrawing from Walla Walla, Wash. district and now would be an excellent time to look into the matter.

The International Harvester company gave out the word that the one-hundredth anniversary of the "reaper" or harvester, had arrived and that the company will have an exhibition at Moscow and Lewiston early in February an old-time reaper of some sort, and that the machine would be brought to Kendrick for exhibition if a desire to have it was expressed by the club. The secretary was instructed to convey the necessary information to the proper authorities that Kendrick would be very glad to take a look at the machine. Announcement of its arrival will be duly noted in the Gazette.

## Report An Error

Someone very evidently made an error in reporting a dinner party at the home of Mr. and Mrs. Percy Ware on New Year's day—that is, regarding the guests present. Only a portion of those reported to the Gazette office over the telephone as having been present, were at the dinner. Just what the object was is more than we can fathom. We are always glad to receive legitimate news, but we do not care for "here-say" news, such as that reported to us must have been.

## CAT-O-NINE-TAILS TAMES CRIMINALS IN DELAWARE

While some states enact ever stricter laws as deterrents to crime, Delaware retains an institution which goes back to her own beginning—the whipping post.

A cat-o-nine-tails laid on the bare back—carefully, so as not to break the skin—humiliates a criminal, makes him lose caste in his own society and keeps him out of Delaware, lawmakers of the state believe.

Just a week ago five men convicted of larceny were marched out into the courtyard of Newcastle county courthouse and publicly whipped in accordance with the law and the sentence of the court.

The limit of Delaware, only state which still maintains a whipping post, is 60 lashes, but the limit has not been administered for a long time and no woman has been whipped in many years.

The whipping post was brought to Delaware in 1656 by Dutch settlers. Canada still uses the whipping post and employment of the lash has been more frequent in the last five years than it was in the preceding twenty.

But in Canada the maximum number of lashes is only twenty and when the limit is given it is divided into two lots of ten each. The whip is used only in the seclusion of penitentiaries in Canada and only on authority of a judge.

Twelve judges in a Canadian city were asked recently their attitude toward the retention of the whipping post. All said they favored it in cases of brutal crimes against women and children and in cases of armed robbery. It is in such cases that the lash is oftenest prescribed in the dominion.

If the whipping post is a good thing in Delaware and Canada, why would it not be a good thing in any other state?

Delaware states that it breaks the caste of the criminal among his own kind and humiliates him before his partners in crime.

We would suggest that Chicago and a few other places adopt this method of taming their "wild men." What we need in this good old U. S. A. is fewer laws, but more drastic ones than those applied now-a-days.

## Not Looking For Work

In line with the proposed census of the unemployed, which started in 20 large cities on Thursday of this week, the mayor of Seattle tried out a little "cyrology" on a committee of unemployed that waited on him the other day—he offered them jobs.

A delegation of nine men called on the mayor after a downtown parade of several hundred marchers and demanded that \$5,000,000 be raised for unemployed relief by cutting the police department in half and reducing the pay of city officials.

The mayor listened intently as John Lourie, spokesman for the unemployed read a prepared statement, and then offered to put them all to work in either the streets or the water department at \$4.50 a day each. The delegates were visibly disappointed and told the mayor he did not seem to understand what they were really after.

Lourie said that they were there as committee members and not seeking personal aid. He finally agreed; however, to tell the people waiting outside about the jobs.

## Gave Pleasant Party

Saturday night, following the basketball game, a delightful party was given at the Pratt home. Weiners were roasted in the fireplace as a part of the evening's sport.

Those present were Peggy Pratt, Bessie Blevins, Eldwa Jones, Jane Plummer, Eleanor Herres, Nettie Mae McDowell, Alice Ingle, Bernice Whisler, Bessie Morey, Jess Pratt, Walton Morey, Arthur Foster, Kenneth Brocke, Hugh McDowell, George Bailey, Kenneth Pomer, Otto Herman and Jack Plummer.

## INTERESTING NOTES OF KENDRICK SCHOOL

### Basketball

Kendrick high school won their first home conference game Friday, January 10, from the Culesac high school. The score was 30-16. George Bailey was high point man for Kendrick, with 18 points; Jimmy Monroe was high for Culesac, with 16. Newman of Culesac was ill and unable to play. With Newman in the game Culesac will win most of their games this year.

The Kendrick Town team won again, defeating Culesac by a score of 49 to 22. The local town team are undefeated so far this season.

Last Tuesday night the High school and town team scrimmaged. The score is a secret, but it was very close. It was a good clean practice for both teams.

The High school teams, both boys and girls, are going to Genesee Friday to play another conference game. The school is behind the teams and hopes that the town team can say as much.

### Scores Again Rise and Fall

Sunday, January 11, again saw the gun club in action and we almost believe that the remark of one man that if rubber bands were fastened to the birds to haul them back after being shot at the shooting could be done very economically, but be that as it may, the fact remains that it is one of the most fascinating sports ever indulged in by anyone.

The scores on a 25-bird basis for the first squad are:

Ed. Deobald	17
Joe Gardner	17
Frank Rider	14
C. Morey	12
Ira Bolon	12
M. Long	9
Second squad scores:	
C. Morey	18
E. A. Deobald	18
Geo. Barnum	12
Dr. G. W. McKeever	11
M. Long	5

Again we invite everyone who is interested in this sport to come to the grounds and try their luck. The shoots are held each Sunday morning at 10 o'clock.

Send in your news items. We are glad to get them and others enjoy reading of events.

## Fine Winter Weather

It might be all right to ask for finer winter weather, but how in Sam-Hill could one expect to get it? It's just about as fine as one might want to experience in this part of the country, and some complaint of threatened cases of spring fever have already been heard. However, we have plenty of time yet to have all the symptoms frozen up. Our coldest winter came last year in February, so don't get too optimistic—but just enjoy this splendid weather while you may.

## NEWSY LITTLE ITEMS FROM JULIAETTA WAY

## WHEAT PRICES HOLD MOSTLY UNCHANGED

Grain markets held generally steady during the week ending January 10, according to the weekly grain market review of the United States Bureau of Agricultural Economics.

Domestic wheat prices were maintained at practically unchanged levels, with offerings moderate and readily taken. Corn prices remained firm and were slightly advanced at the principal markets, as a result of the continued good demand for the moderate arrivals. Oats and barley were firm with corn. There were no new developments in the rye market and prices were practically unchanged. Flax turned firmer and domestic markets advanced slightly, under an improved inquiry for cash seed and reports of some strengthening in the Argentine situation.

The general wheat market situation strengthened slightly during the week, influenced principally by unfavorable weather conditions in the southern hemisphere, which were delaying shipments and lowering the quality of the grain in both Argentina and Australia. Dry weather in some parts of the United States in winter wheat areas also had a strengthening influence. The large supplies of wheat still to be marketed in North America and the Southern Hemisphere, on the other hand, tended to offset these strengthening factors. 63 lb. Rosafe from Argentina was being offered freely for February, March and April shipment at 59½¢ per bushel. Australian wheat was quoted at 72¢ per bushel; G.I.F. European ports. No. 1 Manitoba float was quoted at 73½¢ per bushel. Argentine exports for the week totaled, slightly less than 1,000,000 bushels, but Australian clearances amounted to almost 4,000,000 bushels. Black Sea shipments, mostly Russian wheat, amounted to 720,000 bushels. While Russian shipments have fallen off sharply, a large percentage of the stocks in store in several European markets, consist of untrade Russian wheat, according to sold reports. North American shipments totaled 4,050,000 bushels. Prices of native wheats fluctuated slightly in the principal European countries. German wheat prices advanced about 5¢ at Hamburg, while French wheat declined about 5¢ at Paris. Native wheat at Milan advanced about 2¢ but prices on Danish wheat at Copenhagen remained unchanged.

Domestic wheat markets developed a slightly firmer tone, with slight improvement in demand at some points. Prices however, were maintained at about last week's level and offerings were readily taken at these quotations. Elevator stocks were among the principal buyers and market stocks were further increased. Some congestion is reported in Gulf of Mexico ports, where about 10,500,000 bushels of wheat are in store. With domestic prices above an export basis, practically no export sales have been made in recent weeks. Marketings of winter wheat in the central and southwestern markets increased slightly during the week. Cash demand was fairly active and prices of the better grades advanced slightly at most markets. No. 1 hard winter with protein up to 12½ percent was quoted at Kansas City at 70½¢, with protein from 12½ to 13 percent at 71¢, and 13 to 13½ percent at 72¢ per bushel. No. 2 hard winter was ½¢ under No. 1. No. 2 hard winter was quoted at Omaha at 69¢ to 69½¢ per bushel. Trading was of good volume at that market and considerable wheat was moved out to Chicago, St. Louis and Kansas City, and to scattered mills in the surrounding territory. Domestic demand was rather dull at Fort Worth, where No. 1 hard winter was quoted at 79¢ to 81¢ per bushel delivered at Texas common points. Growers were reported to be selling slowly in the Inter-mountain states because of low prices. The feeding of wheat has increased, but shipments to terminals are not large. No. 2 hard winter was quoted F. O. B. Denver on January 8 at 50¢ to 54¢ per bushel.

The soft winter wheat market was rather unsettled. Prices advanced ½¢ to 1¢ per bushel at Kansas City, with No. 1 soft red winter quoted Jan. 9 at 74¢ per bushel. At St. Louis, however, prices declined about 2¢, and soft winter wheat sold at the lowest point on the crop. Mills were apparently obtaining sufficient wheat at country stations for their immediate requirements and demands at terminals was slack. No. 1 soft red winter was quoted in that market at 80¢

Little Flashes of This and That

Vol. 1. Kendrick, Idaho, December 19, 1930 No. 28

Published in the Interests of the People of the Entire Potlatch Country by the Kendrick Hardware Company, Harold Thomas, Editor.

Well, it does rather seem like spring might be just around the corner, but even so, we still think you'd like those little parlor furnaces we are showing.

Doctor (to fair patient): "You certainly have acute appendicitis."

Fair Patient: "Oh doctor, you flatter me."

Shotgun shells that give a real pattern. Try them, trapshooters.

Took a spill the other night while stumbling around in the dark? Well, carry one of our lanterns and it wont happen.

Small boy: "I'm afraid of going to the hospital, mother. I'll be brave and take my medicine, but I ain't going to let them palm off a baby on me like they did on you, I want a pup."

Come in here for your hardware needs, we won't palm off anything on you that you don't want.

Hardware and fencing costs are lower now than they have been for years. Why not start

planning now for this type of work that you are going to do in the spring?

Many farmers are butchering these days and we have received a number of compliments on the quality of our knives that they are using.

### The Sparbers Are Entertained

Mr. and Mrs. H. H. Sparber were entertained at Christmas dinner, on Christmas day, at the home of Mr. and Mrs. Harry Langdon.

Mr. Sparber is hardly a man that would be taken to be past eighty years of age—in fact, he doesn't look to be within several years of it, yet he will be 82 years young next March 13. His wife is some nine years his junior and they have been married for more than 51 years, a privilege allowed but few. Mr. Sparber has never been what you might call ill, and from present appearance he will be here for many years yet to enjoy life.

Dick Jones, who is attending school in Elk River, is spending his vacation here with his parents. A party was given in his honor Monday evening, there being twelve invited guests present. The evening was enjoyed playing games and making candy.

At 11 o'clock Mrs. Jones served a lunch of sandwiches, pickles, cookies and cocoa, after which they departed for their homes, all declaring they had spent a very enjoyable evening.

Mr. and Mrs. Roy Southwick and Jane, and Elaine and Darwin Terry enjoyed Christmas dinner at the Wm. Kauder home.

George Armitage from Bellingham, Wash., who has been visiting the past ten days at the home of his brother, Tom, returned home Monday.

It was the first meeting of the two brothers for thirty years.

The Tom King family spent the day Christmas at the E. McGuire home.

Waldo Smith, who has been visiting his grandparents since Thursday, returned to his home in Leland Tuesday.

Sunday guests at the Tom Armitage home were John Phillips and family, Charlie Hayward and family, Mr. and Mrs. Commy Perry, Mr. and Mrs. Homer Hayward and Mrs. Clara Bateman and family.

Mr. and Mrs. Walter Nead and three sons enjoyed Christmas day at the Roy Martin home.

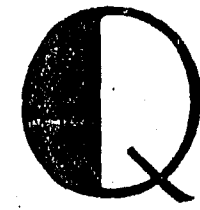

Mr. and Mrs. Charlie Greenwood spent several days, including Christmas, at the Frank Souders home.

Alonzo Douglas is home, having been one of the mid-year Normal graduates.

Mr. and Mrs. Ben Cook and two children spent several days of their Christmas vacation at Cuddeac.

Phil Hund is visiting this week

## COMMERCIAL CLUB HOLDS MEET AT KENDRICK HOTEL

Another one of those interesting and profitable commercial club meetings was held at the Hotel Kendrick Tuesday evening, when some 25 men of the town sat down to one of those famous dinners concocted by Mrs. Raby and her aides, after which the business of the club was taken up.

After the reading and approval of the minutes of the previous meeting reports of committees were heard, but few having a report to make.

The question of having a community calendar made for the year 1932 was brought before the club and a sample submitted, which had been made at Wallace. The calendar proposed would bear twelve local scenes, one for each month, and would be for the purpose of advertising Kendrick rather than any individual business. The matter was referred to the publicity committee with instructions to obtain the necessary information.

A communication from H. M. Driscoll, Troy, owner of the Idaho Bean and Elevator company at that place, regarding an article that had appeared in the Gazette a couple of months ago when the question of getting information on the cost of putting a bean picker and cleaner in Kendrick was brought before the club.

A portion of Mr. Driscoll's communication is herewith produced:

"The writer is just in receipt of a report which was published in your local paper some time ago with reference to the bean industry of Kendrick which was of considerable interest to the writer, and in so far as he is interested in beans, not only in Troy but in all northern Idaho, he is taking this opportunity of writing you, explaining as near as possible the situation on beans at the present time.

"This article stated that Kendrick at one time was considered the bean center of the Potlatch, but that the business had gradually been allowed to gravitate to Troy.

"The writer personally feels that Kendrick is still the real bean center of northern Idaho and believes that if you will make a check-up, you will find that this contention is right. It is true, however, that some of the grading has been lost to Kendrick and drifted to Troy. This is a condition that is hard to overcome, and possibly hard to understand for those who have not been giving it some thought.

"The bean industry like many other industries, has gone through considerable changes and in order to handle beans successfully at the present time it is necessary to have more and more expensive equipment than it was in the past. This is due to the fact that other sections have improved their machinery and methods of grading, and the requirements demanded of choice re-cleaned beans are higher than they have ever been, and it is absolutely necessary that any dealer be well equipped with modern up-to-date machinery for this purpose; and it is for this reason that our beans are assembled and graded at Troy."

While Mr. Driscoll is undoubtedly conversant with the bean situation, it would seem to the ordinary layman that if they could afford to ship beans from Kendrick to Troy for cleaning purposes, that same work could be done profitably right here in Kendrick. True, the machinery is expensive; so is any machinery for that matter. If the necessary machinery were put in place it would not be with the idea of only the present year's work, but for years to come. At any rate the matter is worth looking into.

If it pays to clean them in Troy, why would it not pay to clean them in Kendrick?

The VanCamp company is withdrawing from Walla Walla, Wash., district and how would be an excellent time to look into the matter.

The International Harvester company gave out the word that the one-hundredth anniversary of the "reaper" or harvester, had arrived and that the company will have an exhibition at Moscow and Lewiston early in February an old-time reaper of some sort, and that the machine would be brought to Kendrick for exhibition if a desire to have it was expressed by the club. The secretary was instructed to convey the necessary information to the proper authorities that Kendrick would be very glad to take a look at the machine. Announcement of its arrival will be duly noted in the Gazette.

## Report An Error

Someone very evidently made an error in reporting a dinner party at the home of Mr. and Mrs. Percy Ware on New Year's day—that is, regarding the guests present. Only a portion of those reported to the Gazette office over the telephone as having been present, were at the dinner. Just what the object was is more than we can fathom. We are always glad to receive legitimate news, but we do not care for "heresay" news, such as that reported to us must have been.

## CAT-O-NINE-TAILS TAMES CRIMINALS IN DELAWARE

While some states enact ever stricter laws as deterrents to crime, Delaware retains an institution which goes back to her own beginning—the whipping post.

A cat-o-nine-tails laid on the bare back—carefully, so as not to break the skin—humiliates a criminal, makes him lose caste in his own society and keeps him out of Delaware, lawmakers of the state believe.

Just a week ago five men convicted of larceny were marched out into the courtyard of Newcastle county courthouse and publicly whipped in accordance with the law and the sentence of the court.

The limit of Delaware, only state which still maintains a whipping post, is 60 lashes, but the limit has not been administered for a long time and no woman has been whipped in many years.

The whipping post was brought to Delaware in 1656 by Dutch settlers.

Canada still uses the whipping post and employment of the lash has been more frequent in the last five years than it was in the preceding twenty.

But in Canada the maximum number of lashes is only twenty and when the limit is given it is divided into two lots of ten each. The whip is used only in the seclusion of penitentiaries in Canada and only on authority of a judge.

Twelve judges in a Canadian city were asked recently their attitude toward the retention of the whipping post. All said they favored it in cases of brutal crimes against women and children and in cases of armed robbery. It is in such cases that the lash is oftenest prescribed in the Dominion.

If the whipping post is a good thing in Delaware and Canada, why would it not be a good thing in any other state?

Delaware states that it breaks the caste of the criminal among his own kind and humiliates him before his partners in crime.

We would suggest that Chicago and a few other places adopt this method of taming their "wild men." What we need in this good old U. S. A. is fewer laws, but more drastic ones than those applied now-a-days.

## Not Looking For Work

In line with the proposed census of the unemployed, which started in 20 large cities on Thursday of this week, the mayor of Seattle tried out a little "cyrology" on a committee of unemployed that waited on him the other day—he offered them jobs.

A delegation of nine men called on the mayor after a downtown parade of several hundred marchers and demanded that \$5,000,000 be raised for unemployed relief by cutting the police department in half and reducing the pay of city officials.

The mayor listened intently as John Louie, spokesman for the unemployed read a prepared statement, and then offered to put them all to work in either the streets or the water department at \$4.50 a day each. The delegates were visibly disappointed and told the mayor he did not seem to understand what they were really after.

Louie said that they were there as committee members and not seeking personal aid. He finally agreed, however, to tell the people waiting outside about the jobs.

## Gave Pleasant Party

Saturday night, following the basketball game, a delightful party was given at the Pratt home. Weiners were roasted in the fireplace as a part of the evening's sport.

Those present were Peggy Pratt, Bessie Blevins, Eldwa James, Jane Plummer, Eleanor Herres, Nettie Mae McDowell, Alice Ingle, Bernice Whisler, Bessie Morey, Jess Pratt, Walton Morey, Arthur Foster, Kenneth Brocke, Hugh McDowell, George Bailey, Kenneth Fomer, Otto Herman and Jack Plummer.

## INTERESTING NOTES OF KENDRICK SCHOOL

### Basketball

Kendrick high school won their first home conference game Friday, January 10, from the Culesac high school. The score was 30-16. George Bailey was high point man for Kendrick, with 18 points; Jimmy Monroe was high for Culesac, with 16. Newman of Culesac was ill and unable to play. With Newman in the game Culesac will win most of their games this year.

The Kendrick Town team won again, defeating Culesac by a score of 49 to 22. The local town team are undefeated so far this season.

Last Tuesday night the High school and town team scrimmaged. The score is a secret, but it was very close. It was a good clean practice for both teams.

The High school teams, both boys and girls, are going to Genesee Friday to play another conference game. The school is behind the teams and hopes that the town team can say as much.

### Many Exempt From Exams

### Scores Again Rise and Fall

Sunday, January 11, again saw the gun club in action and we almost believe that the remark of one man that if rubber bands were fastened to the birds to haul them back after being shot at the shooting could be done very economically, but that as it may, the fact remains that it is one of the most fascinating sports ever indulged in by anyone.

The scores on a 25-bird basis for the first squad are:

Ed. Deobald	17
Joe Gardner	17
Frank Rider	14
C. Morey	12
Ira Bolon	12
M. Long	9
Second squad scores:	
C. Morey	18
E. A. Deobald	18
Geo. Barnum	12
Dr. G. W. McKeever	11
M. Long	5

Again we invite everyone who is interested in this sport to come to the grounds and try their luck. The shoots are held each Sunday morning at 10 o'clock.

Send in your news items. We are glad to get them and others enjoy reading of events.

Morehead at their apartment in the Hotel Kendrick last Friday evening, when a number of friends were invited in by Dr. and Mrs. Morehead to a 6:30 dinner, which was followed by bridge, played at four tables. Mr. and Mrs. W. L. McCreary were awarded the prize for having the largest combined score.

The invited guests were Mr. and Mrs. Ed. Long, Mr. and Mrs. R. H. Ramey, Mr. and Mrs. W. C. Jones, Mr. and Mrs. Harold Thomas, Mr. and Mrs. Geo. Leith, Mr. and Mrs. W. L. McCreary, Mr. and Mrs. W. J. Carroll.

## Fine Winter Weather

It might be all right to ask for finer winter weather, but how in Sam-Hill could one expect to get it? It's just about as fine as one might want to experience in this part of the country, and some complaint of threatened cases of spring fever have already been heard. However, we have plenty of time yet to have all the symptoms frozen up. Our coldest winter came last year in February, so don't get too optimistic—but just enjoy this splendid weather while you may.

## NEWSY LITTLE ITEMS FROM JULIAETTA WAY

### Loyal Club Meets

Mrs. George Hutchison entertained the Loyal club on Wednesday evening of last week. The guests knotted two quilts for Mrs. Hutchison during the evening. ### Leland Boy Takes Bride

A marriage license was issued at the courthouse, Lewiston, last Saturday to William Kenneth Hund of Leland and Jessie Elizabeth Hollister, Lewiston.

## WHEAT PRICES HOLD MOSTLY UNCHANGED

Grain markets held generally steady during the week ending January 10, according to the weekly grain market review of the United States Bureau of Agricultural Economics.

Domestic wheat prices were maintained at practically unchanged levels, with offerings moderate and readily taken. Corn prices remained firm and were slightly advanced at the principal markets, as a result of the continued good demand for the moderate arrivals. Oats and barley were firm with corn. There were no new developments in the rye market and prices were practically unchanged. Flax turned firmer and domestic markets advanced slightly, under an improved inquiry for cash seed and reports of some strengthening in the Argentine situation.

The general wheat market situation strengthened slightly during the week, influenced principally by unfavorable weather conditions in the southern hemisphere which were delaying shipments and lowering the quality of the grain in both Argentina and Australia. Dry weather in some parts of the United States in winter wheat areas also had a strengthening influence. The large supplies of wheat still to be marketed in North America and the Southern Hemisphere, on the other hand, tended to offset these strengthening factors.

63 lb. Rosafé from Argentina was being offered freely for February, March and April shipment at 59½¢ per bushel. Australian wheat was quoted at 72¢ per bushel CIF European ports. No. 1 Manitoba float was quoted at 73½¢ per bushel. Argentine exports for the week totaled slightly less than 1,000,000 bushels, but Australian clearances amounted to almost 4,000,000 bushels. Black Sea shipments, mostly Russian wheat, amounted to 720,000 bushels. While Russian shipments have fallen off sharply, a large percentage of the stocks in store in several European markets, consist of unsold Russian wheat, according to trade reports. North American shipments totaled 4,050,000 bushels. Prices of native wheats fluctuated slightly in the principal European countries.

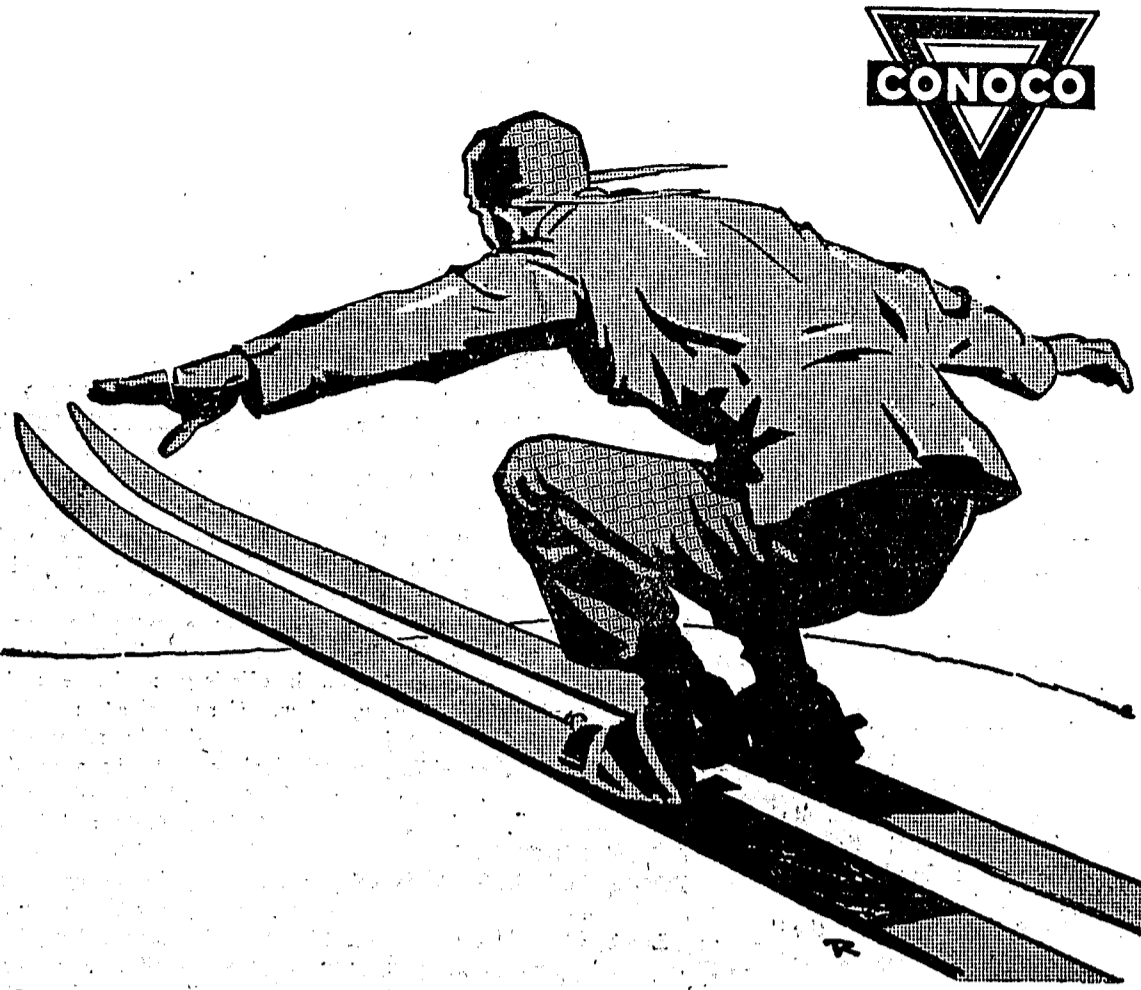

German wheat prices advanced about 5¢ at Hamburg, while French wheat declined about 5¢ at Paris. Native wheat at Milan advanced about 2¢ but prices on Danish wheat at Copenhagen remained unchanged.

Domestic wheat markets developed a slightly firmer tone with slight improvement in demand at some points. Prices however, were maintained at about last week's level and offerings were readily taken at these quotations. Elevator stocks were among the principal buyers and market stocks were further increased. Some congestion is reported in Gulf of Mexico ports, where about 10,500,000 bushels of wheat are in store.

With domestic prices above an export basis, practically no export sales have been made in recent weeks. Marketings of winter wheat in the central and southwestern markets increased slightly during the week. Cash demand was fairly active and prices of the better grades advanced slightly at most markets. No. 1 hard winter with protein up to 12½ per cent was quoted at Kansas City at 70½¢, with protein from 12½ to 13 per cent at 71¢, and 13 to 13½ per cent at 72¢ per bushel. No. 2 hard winter was ½¢ under No. 1. No. 2 hard winter was quoted at Omaha at 69¢ to 69½¢ per bushel. Trading was of good volume at that market and considerable wheat was moved out to Chicago, St. Louis and Kansas City, and to scattered mills in the surrounding territory. Domestic demand was rather dull at Fort Worth, where No. 1 hard winter was quoted at 79¢ to 81¢ per bushel delivered at Texas common points. Growers were reported to be selling slowly in the Inter-mountain states because of low prices. The feeding of wheat has increased, but shipments to terminals are not large. No. 2 hard winter was quoted F. O. B. Denver on January 8 at 50¢ to 54¢ per bushel.

The soft winter wheat market was rather unsettled. Prices advanced ½¢ to 1¢ per bushel at Kansas City, with No. 1 soft red winter quoted Jan. 9 at 74¢ per bushel. At St. Louis, however, prices declined about 2¢, and soft winter wheat sold at the lowest point on the crop. Mills were apparently obtaining sufficient wheat at country stations for their immediate requirements and demands at terminals was slack. No. 1 soft red winter was quoted in that market at 80¢.

Starting that's swift... starting that's safe, because this free-flowing oil never leaves working parts.....

Tomorrow morning, as you step hopefully on the starter, will there be a s-l-o-w, disappointing groan, as it tugs at your unwilling motor? ... Or, will there come a swift responsive roar?

If you're having trouble starting, you're probably using an old-type oil that congeals at temperatures well above freezing. You should change to Conoco Germ-Processed.

But that's not all! To ward off the wear that these prolonged starting periods bring, you want an oil which provides instant lubrication at the first reluctant revolution of a cold motor. ... And there's just one oil which can do that! Because there is just one lubricant which penetrates metal surfaces and never drains away in idle periods.

Conoco Germ-Processed Motor Oil is that one lubricant. Change to this motor oil with twin advantages for winter use... 35 cents per quart for all grades at the sign of the Conoco Red Triangle.

After the lodge session a social time was spent playing pinocle and refreshments were served.

### New Year's Dinner

New Year's eve the Bridge Club entertained their husbands and a few invited guests at a delightfully appointed 6:30 dinner held at the home of Mr. and Mrs. Geo. Leith.

Following the delicious dinner bridge was the order of the evening, and was continued until the New Year arrived.

Caps, noise-makers and balloons were indulged in and helped make the evening all the more pleasant.

Besides the club members and their husbands the invited guests were Mrs. Art. Perryman, Dr. and Mrs. O. J. Morehead and Mr. and Mrs. Watts.

High score was won by Mr. and Mrs. Geo. Leith, with Mrs. Frank Boyd and Mrs. Helpman winning the second place.

Everyone reported a delightful time and all expressed the wish that another club party would be held soon.

Note: Through some unexplained error the foregoing article was overlooked in our last issue, but the event was so pleasing that we thought it better late than never.

It may be hard to believe, but there are people who read these paragraphs.

**RESOLUTION**

Moscow, Idaho,  
Monday, January 12, 1931.  
WHEREAS, it appears that an  
emergency has arisen which could  
not reasonably have been foreseen,  
that it will require approximately  
\$400.00 for expense of the sheriff,  
\$300.00 for supplies at the County  
Home, \$650.00 for supplies for Poor  
Outside of the County Home, and  
\$1700.00 for Capital Outlay.

RESOLVED, That a public hearing  
upon said application be held on  
the 24th day of January, 1931, at  
10 o'clock a. m., at the Courthouse  
at Moscow, Idaho, and that due  
notice of said hearing be published  
as required by law.

By Order of the Board:  
**JOHN L. WOODY,**  
Chairman.

**NOTICE**

NOTICE IS HEREBY GIVEN,  
That a public hearing will be held  
on the 24th day of January, 1931,  
at 10 o'clock a. m., at the Court-  
house at Moscow, Idaho, for the  
purpose of considering the granting  
of an emergency expenditure in the  
sum of \$400.00 for expenses of the  
Sheriff, \$300.00 for supplies at the  
County Home, \$650.00 for supplies  
for poor outside County Home, and  
\$1700.00 for capital outlay, at which  
time and place any taxpayer may  
appear and be heard for and against  
the expenditure of such sums and for  
such emergencies.

Dated this 12th day of January,  
A. D. 1931.

**WHEAT PRICES HOLD  
MOSTLY UNCHANGED**

to 81c per bushel. Trading was ex-  
tremely light at Cincinnati, with de-  
mand slack from both mills and feed-  
ers. At Chicago No. 1 hard winter  
was selling at 80c. Receipts were fair-  
ly large at that market, but were  
principally from other terminals.

Spring wheat markets held steady.  
Mill and elevator buying increased but  
prices held about unchanged, with  
No. 1 dark northern quoted at from  
3c under to 1c over the May price,  
which closed Jan. 9 at 76½c per  
bushel. There were no premiums for  
protein, which averaged 14.54 per  
cent for the cars tested during the  
week.

Pacific Coast wheat markets held  
steady with no material change in  
prices. Mill buying at Portland was  
of limited volume, since domestic  
flour demand is dull and demand for  
feeding very slack. The domestic  
prices being maintained at Portland  
place wheat above an export basis  
and no export business was reported  
during the week. Agricultural Com-  
missioner Nyhus reports that Shang-  
hai mills are now operating largely  
on foreign wheat, which is being  
supplied largely by Australia. Can-  
adian or American wheat is still  
needed for blending and 50,000 tons  
of Canadian wheat were contracted  
for during December at \$20.00 to  
\$21.00 per short ton CIF Shanghai.  
U. S. prices were quoted to high and  
no purchases of this wheat were re-  
ported. Shanghai mills will probably  
need an additional 100,000 tons of  
Canadian or U. S. wheat, but the sil-  
ver exchange is now unfavorable for  
trading. Buyers' ideas on the basis  
of present flour prices and exchange  
rates are equivalent to about \$19.00  
per ton CIF.

California wheat markets continued  
quiet. Prices at a Francisco held  
about unchanged, but declined slight-  
ly at Los Angeles. A fair demand  
both for feed and milling wheat was  
reported at San Francisco, but pur-  
chases were confined principally to  
northern wheat, which is being offered  
below prices asked by California  
growers. No. 2 western and soft white  
wheats were offered sacked on the  
dock at San Francisco at \$1.25 to  
\$1.30 per 100, and 11 per cent pro-  
tein dark hard winter at \$1.30. Local  
growers in California were asking  
\$1.15 to \$1.30 Sacramento Valley  
points, which would be equivalent to  
\$1.35 to \$1.55 delivered San Francisco.

No. 2 dark hard winter from the  
inter-mountain states was quoted at  
\$1.40 to \$1.50 in bulk, delivered Cali-  
fornia points, but mills were buying  
only moderate amounts for blending  
purposes. Since northern wheat could  
be purchased cheaper, 15 per cent  
protein No. 1 dark northern from  
Montana was quoted at \$1.45 deliv-  
ered San Francisco docks. Washed  
sample grades of northern wheat for  
feed were quoted at \$1.32 to \$1.34½,  
sacked, delivered Petaluma. Low egg  
prices are restricting demand for feed  
wheat. No. 1 hard white and No. 2  
soft white California wheat was  
quoted at San Francisco Jan. 9 at  
\$1.35 to \$1.45 per hundred. Receipts  
at an Francisco were almost en-  
tirely of wheat from outside the state,  
principally from Utah, Idaho and the  
Northwest. No. 2 hard winter was  
being offered freely at \$1.40 to \$1.45  
in bulk delivered at Los Angeles and  
hard winter from Utah and Idaho  
at \$1.35 to \$1.40. Local mills were  
reported well supplied for the next  
month or two and were not active  
buyers. Some high grade Sonora  
wheat sold at Los Angeles during the  
week at around \$1.35 per 100, sack-  
ed. Receipts of wheat at Los Angeles  
to the close of December totaled 2,  
425 cars, or about 300 cars more than  
for the corresponding period last  
season. Rains during the week im-  
proved wheat prospects materially in  
central California.

**Traffic Officer Visits**  
H. L. Clark, traffic officer for this  
district, was in Kendrick Monday  
afternoon and asked the Gazette to  
state that all old license plates are  
expected to be replaced by 1931 tags  
not later than February 1, or the  
owners of cars found on the roads  
without the necessary 1931 license  
plates will be subject to arrest. You  
can make application at either of the  
Kendrick banks.

All foreign license plates found on  
cars, where the owners are not vis-  
itors, will be taken off by the state  
officer and the car held until the  
necessary 1931 tags have been secured.  
It might be a wise idea to make  
your application right now, to save  
time and delay in case you are caught  
out on the highway February 1, min-  
us the necessary tags.

The Arrow Women's Missionary  
Society will meet next Thursday,  
Jan. 15, at the home of Mrs. Harry  
Smith. Our lesson and discussion  
will be on "Stewardship." All mem-  
bers and friends are invited to come  
in time for lunch at 12 o'clock.

This meeting is important because  
plans, pledges, and work for the  
coming year will be outlined and  
voted on.

**Everett Crocker Improving**

Everett Crocker, who was taken to  
a Lewiston hospital last week suf-  
fering from a ruptured appendix,  
was, at last reports getting along  
nicely, which will be good news to  
his friends here. It takes pluck as  
well as a good constitution to pull  
out of a thing like that.

D. A. Bishop of Juliaetta sends  
in the following information regard-  
ing the industry of one of his White  
Leghorn hens. The hen is said to  
have laid an egg that measured nine  
inches by seven inches and that the  
large egg contained a smaller one  
on the inside with a perfect shell on  
it.

It has always been contented that  
this section of the Potlatch could  
produce extra large products of all  
kinds, and this egg is no exception  
to the general rule—only a trifle  
larger in some respects.

We would like to know if the  
Troy country has anything to start  
out the new year that augurs as  
well for a "bumper crop."

## The Flashlight

Little Flashes of This and That

Vol. 1. Kendrick, Idaho, January 16, 1931 No. 32

Published in the interests of the People of the Entire Pottlatch Country by the Kendrick Hardware Company, Harold Thomas, Editor.

**Is It True, We Wonder**

Two Italians were working at night on a construction job. During their lunch hour they became quite friendly, and took to sharing the content of their lunch baskets. One noted that the other nearly always had rabbit and asked the other how he afforded it, as he couldn't. "Oh," was the reply, wife she get 'em.

"Steal 'em?" was the next query.

"Oh, no, no," was the reply. "After I go to work and about nine or ten o'clock, rabbit get up on fence and go 'meow,' wife she good shot, she shoot 'em!"

Be that as it may, we can surely save you money on hardware. 5 per cent off for cash, too.

Jim says that right now many people are doing those little painting jobs, and that they all speak well of our materials. Sounds good, doesn't it.

A new "noiseless brick" for street paving has been developed by a Pittsburg manufacturer, says an item. We wonder what they would sound like if properly thrown?

How's those whiskers? Take home a package of our razor blades, or better still, let us sell you a new outfit.

James Caton, six times cited for bravery in the war, was arrested in London for stealing coins from a telephone box. Jim says he don't blame him. He has often felt jipped, too.

Have you noticed how clear and white the light is from one of our Alladdin lamps. There is one for every purse and purpose.

Never mind how early you get up. Use one of our alarm clocks to do it by and do it right!

The old halter ropes are getting pretty ragged? Well, we have new ones, priced right. Bolts, screws, nails, everything to make your own wagon or sled box.

Need a new tube for the old set? Or for the old car? Come in, we have both!
