#### Coyotes Killing Sheep

Coyotes have been making depredations on sheep in Nez Perce county so ruthlessly that a meeting of sheep owners of Nez Perce county has been called to meet at the Raymond Hotel, Lewiston, Saturday, when it will be decided the amount of bounty to be paid on each coyote killed.

This will be a splendid opportunity for members of the local Gun Club to try their prowess (or whatever they call it). There is great sport in hunting the wary animals and while the hides will be of little or no use, the bounty might help buy shells-providing of course that they were lucky enough to land one.

It was reported that 22 sheep had been killed on one ranch and that as soon as the lambing season started the mortality woul dbe larger. So we would suggest that you fellows with the keen eyes and high-powered rifles get busy and render the sheep men a service as well as perhaps making a fortune and having lots of

#### About Sales Day

There seems to be some misunderstanding about the proposed salesday that Mr. Hutcheson, Lewiston auctioneer, is promoting in Kendrick, to be held early in March.

Mr. Hutcheson is putting the auction sale on on his own responsibil-The merchants have agreed to put on specials for that day, but with that their obligation ceases.

Mr. Hutcheson has announced that considerable farm stuff and some livestock has already been listed for the sale of which he will charge a fee of five (5) per cent. The merchants and business men of Kendrick have absolutely nothing to do with this phase of the affair.

We are making this statement, not to discredit Mr. Hutcheson, but some have the idea that the merchants of Kendrick are putting on the auction sale, the same as at the regular community sales day held last fall, when in fact the only thing they have to do with the day is making special prices on merchandise in their stores.

Nettie Alice Cargill was born October 3, 1894, at Palmern, Nebraska, and passed away at Kendrick, Idaho, February 9, 1931, at the age of 36 years, four months and five days. She came with her parents to Juliaetta in 1907, and was married to John Riley October 3, 1914. To this union six children were born, five boys and one girl, two having died in infancy.

Deceased is survived by her husband, John Riley, three boys and one girl; her parents, Mr. and Mrs. John Cargill of Kendrick, two brothers, Willard and Bryan of Princeton, Idaho; two sisters, Mrs. Beulah Strohm of Cashmere, Wash., and Mrs. Wm. Vaughn of Wenatchee, Wash., and a host of friends.

#### Make Teachers' Contracts Stick The Idaho state legislature on Tues-

day passed a few bills that may be of interest to this community.

Overriding recommendations of the reference committee that the measures be not printed, the house forced printing of a bill to place common and joint school districts on a budget basis, a measure to give the board of education the right to regulate examination of students, and bill to suspend licenses of teachers where they break their contracts.

A new cigarette tax measure was introduced by the house ways and means committee, the third to appear. The others were withdrawn. The new measure provides for a \$10 annual dealers license and a tax of 2 cents a package on ordinary brands of cigarettes.

Three appropriation measures were introduced, one to provide money for the veterans' welfare commission. This would increase from \$60,000 to \$75,-000 money available during the next two years for needy veterans of the World war.

#### Kendrick Hoopsters Win

The Kendrick basketball team continued its winning streak by adding another conference victory to their list last Friday night when they defeated Culdesac on their own floor 41-27. The entire squad took part in this game and gave a good account of themselves. Bailey and Grinolds were high scorers.

The Clarkston team fell, at Clarkston, Saturday night in a non-conference game to the tune of 30-24. The score at the half was 17-13 in favor of Clarkston. Kendrick came back strong to outscore the Bantams 17-8

in the second half, winning the game. The boys play Genesee here Friday night and Lapwai, at Lapwai, Saturday night. The following week, February 20, will be the last conference game, when Southwick will play here. The conference first and second final game. It is quite possible that Troy and Kendrick will have to play a second-place tie off on a neutral

ostess, Mr. and Mrs. Long.

Coyotes have been making depredations on sheep in Nez Perce county so ruthlessly that a meeting of sheep owners of Nez Perce county has been called to meet at the Raymond Hotel. Lewiston, Saturday, when it will be decided the amount of bounty to be paid on each coyote killed.

This will be a splendid opportunity for members of the local Gun Club to try their prowess (or whatever they call it). There is great sport in hunting the wary animals and while the hides will be of little or no use, the bounty might help buy shells-providing of course that they were lucky enough to land one.

It was reported that 22 sheep had been killed on one ranch and that as soon as the lambing season started the mortality woul dbe larger. So we would suggest that you fellows with the keen eyes and high-powered rifles get busy and render the sheep men a service as well as perhaps making a fortune and having lots of

#### The Idaho Legislature

The following is a partial record of the doing of the Idaho legislature on Monday of this week:

The house refused to pass a bill to restrict sitting of the supreme court to Boise, the capital city. The bill proposed to abolish regular sittings at Lewiston, Coeur d'Alene and Pocatello as an economy measure.

Opposition arose from all sections affected and it was said that the plan would cost the people more money in travel expenses than would be saved.

Commenting on defeat of the measuse, Senator Callahan declared it was classic example of the impossibility of attempts of the senate appropriations-finance committee to reduce expenses through the legislature.

"I do not hesitate to state that this measure was sound, both in economics and in practice," he said.
