INTERESTING ITEMS FROM JULIAETTA

Charivari For Leavitts

A large and noisy crowd surprised Mr. and Mrs. Charles Leavitt at the Beard home Thursday evening. After much shouting, to the accompaniment of tin pan music, the guests were invited in and candy and cigars were passed. The guests soon departed, leaving their best wishes for the newly-weds.

Card Party at Hall

Those attending the Rebekah card party Friday evening report an enjoyable time. Pinochle was played, with high score prize going to Mrs. Horst Gunther and Ernest McVicker. Lunch was served by the Rebekahs.

Entertained At Dinner

Mr. and Mrs. T. O. Green and Mrs. George Miller entertained at dinner Friday evening, having as their guests Mrs. Walter Kayser of Portland, Rev. A. E. Jones and daughter, Elda of Kendrick, Mrs. Luna Deane, Miss Edith Adriansen and Miss Mary Grace Brackett.

Here From Oregon

Mr. Schnebley of St. Helena, Oregon, visited over the week-end with Mr. and Mrs. Bishop, who are old-time friends of his. He conducted the Sunday morning service in the Baptist church. Mr. Schnebley was the first Baptist minister in Troy, Kendrick, Big Bear and Potlatch sections. Many of the old time residents in these sections remember having been at the services, which he held in the several school houses. He stated that he was first in Juliaetta more than thirty-eight years ago.

Miscellaneous Shower

Mr. and Mrs. Charles Leavitt were honored with a miscellaneous shower at the Beard home Tuesday evening. Games were enjoyed, followed by Mr. and Mrs. Leavitt opening a large variety of beautiful gifts. Lunch was served to the following guests: Mr. and Mrs. Miles Pierce, Mr. and Mrs. Willard Kite, Mr. and Mrs. Cecil Gruell, Mr. and Mrs. Jim McVicker, Mr. and Mrs. Charles Leavitt, Mesdames Grose-close, Sam Nye, Fred Nye, Millard, Nutt and Misses Lucille, Gruell, Clara Nye, Elsie Dennler, Ethel McVicker, Elsie Zumhoffe and Mrs. Beard.

B. Y. P. U. Party

The young people of the Baptist church and their friends enjoyed a party Wednesday night at the home of Mrs. Sam Gruell. Games were played and delicious refreshments served. Forty young people attended the party.

Mrs. Jones Entertains

Mrs. Mary Jones entertained with a beautifully arranged crab dinner complimentary to her brother, Dudley, on Tuesday March 17, the occasion being his 76th birthday anniversary.

The evening was spent playing bridge at four tables, with the high score award going to Mr. and Mrs. A. W. Behrens.

After the dinner hour Mr. Dudley was presented a lovely gift.

The guests were: Mr. and Mrs. E. P. Wilcoxon, Mr. and Mrs. Walter Cochran, Mr. and Mrs. Fred Albright, Mr. and Mrs. A. W. Behrens, Mrs. Charles Austin of Twin Falls, Idaho, Miss Mary Grace Brackett, Eugene Taylor, Hinkle Cox, Mr. Dudley and the hostess, Mrs. Jones.

Behrens Entertain

Mr. and Mrs. A. W. Behrens were host and hostess to a very charming party Wednesday of last week. The St. Patrick features were very effectively carried throughout. Guests for four tables of bridge were received.

Mrs. Fred Albright was awarded high score for the ladies and Eugene Taylor was awarded high score for the men. Consolation prizes were received by Mrs. C. S. Biddison and Walter Cochran.

A 12:00 o'clock the guests were served a very delicious luncheon. The tables were charmingly adorned with center decorations of Irish potatoes, lighted with green candles. The green salad and the cleverly designed "shamrock" sandwiches greatly added to the St. Patrick spirit.

Juliaetta Shipping Wheat

With more than 110 cars of wheat shipped during the past 30 days. There remain only 35 cars in storage out of the 88,000 sacks received at the Farmers Union warehouse last season.

The warehouse is more nearly cleaned up of wheat than usual for this time of the year, according to J. H. Millard, manager. Loading operations have given work for several men during the past two months.

GOVERNOR ROSS SAYS HE IS WELL SATISFIED

Governor Ross declared Saturday in an interview that he was "well satisfied" with the results of the 21st session of the legislature.

He pointed to the income tax and power tax as pieces of "constructive legislation" which he feels will relieve taxpayers of part of their burden.

He expressed disappointment at the failure of nonpartisan judiciary legislation to go through the legislature.

He predicted that the income tax would raise between \$500,000 and \$700,000 annually from property that has not heretofore borne a share of the burden of government.

The power tax also, he said, would raise revenue from a source "that has not before paid a proportionate share of taxes."

"It has been stated that the power tax would tend to drive capital out of the state. Let me tell you that if we let down the bars so outside power companies can come in, there will be a new company in operation in the state within a year which will produce as much power as is now produced by the Idaho Power company," he said.

The governor said he was prepared to press tax revision for completion so that by the next legislature there would be a definite program worked out.

"I think we can cut \$2,000,000 from the tax burden by eliminating waste of many taxing units—counties, school districts, cities and others. That is about 10 per cent of the annual tax expenditure."

The primary law he described as another piece of "constructive legislation."

Law Regarding Potatoes Changed

The following information regarding the grading and shipping of Idaho potatoes has been received from F. Lee Johnson, commissioner of agriculture, and may be of interest to those who raise potatoes for the market:

For the information of our growers and shippers of potatoes it is well to call attention to the changes in our shipping laws in regard to the sack-

All grades are the same, U. S. standards, No. Ones, No. twos, and culls, but the new law allows No. Two potatoes to be packed in plain bags, as well as branded. All branded bags must conform to the old law, and any plain bag must be plain on both sides. A branded bag turned inside out does not meet the requirements of the plain bag.

The law is as follows: "Section 8—When potatoes meeting the requirements of U. S. No. 2 Idaho potatoes, as described in section 4 of this act, are packed in containers, and are not branded as U. S. No. 2 as provided for in section 8 hereof, Idaho potatoes, the containers in which they are packed, shall have upon them no marks, brands or lettering whatever."

Rebekahs Entertain

The members of the Rebekah lodge entertained the Brother Odd-fellows and their wives at a St. Patrick's Day party Tuesday evening.

Irish stunts and games with plenty of blarney furnished entertainment.

Dainty refreshments were served by the committee after finding their partners by matching song titles and singing the song. The colors of green and white were carried out in the decorations and in the refreshments.

Plenty of Moisture

No one can deny but that the Kendrick section is indeed "wet territory," regardless of how they may stand on the prohibition question, for it has been giving us plenty of those "Oregon mists" during the past few weeks. The ground is thoroughly soaked—and so are the roads. But the seeming excess of moisture now will be a fine thing this summer when crops are being made.

DELIGHTFUL PARTY AT THE RAMEY HOME

Friday evening, March 13, saw another of the delightful parties of the winter season given at the Ramey home by Mr. and Mrs. Frank Rider and Mr. and Mrs. Roy Ramey.

The rooms were decorated in green in honor of St. Patrick's Day and this color scheme was carried out from the large green horseshoe and clay pipe of Ireland hanging over the front door to the score cards, which were in the shape of shamrocks, found in dear old Ireland.

Play at bridge was started at nine tables at 7:45 and continued until midnight, then a delicious luncheon was served to the guests. Here too, the green color motif was carried out in luncheon tables and in food, which was eaten by the light of green candles in green holders.

High score for the men was won by Wm. Watts and high for the women by Mrs. L. J. Herres. The consolation was won by Wade T. Keene.

Altogether, the guests voted it one of the outstanding events of the winter fun season. Those present were: Mr. and Mrs. H. B. Thompson, Mr. and Mrs. A. K. Carlson, Mr. and Mrs. L. J. Herres, Mr. and Mrs. W. J. Carroll, Dr. and Mrs. O. J. Morehead, Mr. and Mrs. W. C. Jones, Mr. and Mrs. William Jarvis, Mr. and Mrs. Geo. Leith, Mr. and Mrs. E. A. Deobald, Mr. and Mrs. Harold Thomas, Mr. and Mrs. W. L. McCreech, Mr. and Mrs. E. P. Wilcoxon, Mr. and Mrs. Wade Keene, Mr. and Mrs. Wm. Watts, Mr. and Mrs. Edgar Long, Mrs. Frank Boyd, Mrs. Roland Wilkins and the hosts and hostesses, Mr. and Mrs. Roy Ramey and Mr. and Mrs. Frank Rider.

H. H. Sparber Surprised

Friday, the 13th, was the eighty-second birthday anniversary of H. H. Sparber. He had retired at his usual hour and was preparing to enjoy a good night's rest, when a commotion from the outside caused him to inquire what might be the cause—and lo, and behold, several of his neighbors had come over to help him celebrate his birthday anniversary—and he was really surprised, he stating that that was the first time in his long life that anyone had ever been able to put a surprise over on him. But they did a right good job of it, though. They brought well-filled baskets and Mr. Sparber said it did not take him long to get wide-awake. He said he never was old enough to have a party before, but that he thoroughly enjoyed this one. He says he has only 18 more year to go until he will be a centenarian (and we hope he reaches it).

Refreshments were served at 11 p. m., after which the self-invited guests wished Mr. Sparber many more such happy occasions, and that he would reach his goal—100 years.

J. I. Mitcham Invites Friends

Friends of J. I. Mitcham in Kendrick have received invitations to a birthday dinner at his home in Tiger, Wash., to be held on April 7, when Mr. Mitcham will be 82 years young. His many friends, through the Gazette, wish him a very happy birthday, and many more of them.

Mr. Mitcham is perhaps the oldest subscriber to the Gazette, in point of time of reading the paper, stating that he had read the paper since its first issue—and we sincerely hope he will be able to read it for many years to come.

Family Reunion

A family reunion was held at the Ira Foster home Sunday, when the families of Harry Langdon of American ridge and Grant Bateman of Southwick and Fred M. Foster of Mayoworth, Montana, gathered at the Foster home to spend the day.

A dinner worthy of the occasion was served by Mrs. Foster and the day was enjoyably spent.

Utah Wide Open

Utah has lengthened the tail to her kite by passing a law that legalizes wide-open gambling of all kinds within the state. About the next move that state will make will be to legalize the making of all kinds of "hootch."

Visit On Ridge

Mrs. B. N. Emmett and daughter Edna spent the week-end with Mrs. J. S. Benjamin on Little Bear ridge.

MRS. SARAH KEELER DIES AT HOME OF SON

Mrs. Sarah Keeler passed away at the home of her son, Chas. Keeler, Tuesday afternoon at 3:30 o'clock, following an illness which started on Christmas Day, old age being the immediate cause of death. She would have been 85 years of age had she lived until the 7th day of April.

Sarah Cowlin was born April 7, 1846, in Ramsey, Huntingshire, England. She came to America with her parents at the age of six years, they settling in New York State, where the early part of her life was spent. She was married to Charles Keeler at Casnoya, New York in 1863. To this union three children were born, Elmer, who died a few years ago at Linden; James of Alliance, Nebraska, and Charles of Kendrick.

Mr. and Mrs. Keeler migrated from New York to Nebraska in 1891, where they resided until coming to Kendrick some 21 years ago, settling on Little Bear ridge. After a few years they moved from there to Gold Hill, where Mr. Keeler died in 1917. Mrs. Keeler has been making her home with her children for the past few years and was at the home of her son, Charles, at the time of her passing.

Besides her two sons, she is survived by 10 grandchildren, 14 great-grandchildren and one great-great-grandchild, besides a host of friends, and she was well known and loved by everyone for her cheerful disposition and many kindly deeds.

Funeral services were held Thursday afternoon at 2 o'clock from the Gold Hill church, with Rev. L. E. Taber in charge. Burial was made in the Gold Hill cemetery. Her son, James Keeler, and wife of Alliance, Nebraska, were in attendance at the funeral from out of town.

Celebrate Birthdays

Sunday, March 8, was the birthday anniversary of Mrs. Dora Dougherty and her son, Clarence, at the Dougherty home. When Mr. and Mrs. Dougherty went to California 17 years ago, they made it a point to return home in time to celebrate this occasion, which has long been an annual event—and all of the people who were there 17 years ago were present at Sunday's celebration—1914. Since that time seven of the number have been married and Mr. Dougherty has passed to the great beyond.

A wonderful time was reported and a dinner, fit for the president, was served. There was a double birthday cake, baked by Harold Roberts and it was indeed a fine piece of culinary art.

Those present were Mr. and Mrs. Cyrus Roberts, Mr. and Mrs. Harold Roberts, Mr. and Mrs. Frank Roberts and son Ernest, Sam Big-ham, Mrs. M. A. Deobald, Mr. and Mrs. Clarence Dougherty and Lawrence Dougherty.

The Doughertys have resided on their home place for more than 45 years, being among the very early settlers of this section of the country. The host of friends of the Doughertys wish them the opportunity of celebrating many more such pleasant occasions.

Receives Encouragement

N. E. Walker has received some encouraging news from Alvin Harbour, commissioner of public works for the State of Idaho, to the effect that there has been no money set aside for farm-to-market roads as yet, but it is expected that this matter will be taken up within the next 30 or 40 days, as soon as the emergency federal program has been disposed of.

While no definite promise is made, it is hoped that this district will eventually share in state funds for this purpose.

Baseball Meeting Monday

Roy Ramey has issued a call for everyone who is interested in any way in baseball to gather at the town hall Monday night of next week. He urges every one interested in the national sport to attend this meeting and give their opinion and help.

Bridge Club Entertained

The Bridge club was very pleasantly entertained Wednesday afternoon by Mrs. Harold Thomas. Mrs. Wm. Watts and Miss Elsie Thomas were invited guests. High score was won by Mrs. L. J. Herres. Delicious refreshments were served after play.

Word From California

A short letter from the A. W. Hartung family, Richmond, California, asking us to change their address to 419 22nd Street, also says: "We are enjoying reading the home paper. It is just like getting a letter from home. We are all well and happy."

The friends and former neighbors of the Hartung family will undoubtedly be glad to learn that they are so well satisfied and some will be glad to learn their address.

We are always glad to get those letters from former residents and would like to have more of them.

SUNDAYS SHOOT SEES NUMBER GOOD SCORES

Sunday, March 15, quite a crowd turned out to witness and to take part in the regular Sunday shoot. The scores on the whole, were better than those of the previous Sunday, but not up to those of Sunday, March 1. The first thing on the program, Wade Keene announced that he would give a box of shells to the high score man, but as Walt Bigman and himself were tied on 23 out of a possible 25 birds, no one got the box of shells, and it was decided to hold the box and shoot it off at next Sunday's shoot.

Wade and Walt were tied on scores of 22, as were Ed. Deobald, O. W. Henry, and on the shoot-off, Wade and Walt accumulated at 23, the rest being eliminated. Next Sunday will see the awarding of the shells.

High scores on a basis of 25 birds were:

Walt Bigman	23
Wade Keene	23
O. W. Henry	22
Ed. Deobald	22
H. Schupler	21

Several scores of 18, 19 and 20 were also made and had the box of shells been awarded on a basis of improvement, it would have been won by Marvin Long, as would have been the case last Sunday.

The spring season for this sport will soon be over, so if you haven't tried this sport yet, come on down and try it. Every member of this club promises that you will get the thrill of a lifetime.

Had the boys been shooting at the start of the season as they are now, Kendrick would have entered the telegraphic shoot. From present scores we would not have been at the top, but neither would we have been at the bottom, and that would have helped some.

Troy Chamber of Commerce

The Troy Chamber of Commerce, recently organized in that busy little city, held a very interesting meeting on Wednesday evening of last week. The membership roll showed that 63 men had signified their willingness to help boost the town by enrolling their names as members.

There is nothing that can do a town more good than a real live Chamber of Commerce or a real live Commercial Club, whichever it may happen to be called. There are always many things that can be accomplished for a town that has an organization of this kind that no one person can do for themselves or take it upon themselves to do. We congratulate Troy on her progressive spirit.

Kendrick has a Commercial club that has been functioning for several years and from all appearances it will continue to do so. Many things have been accomplished for the good of our little city—and there are more to follow. Just keep your eye on the things the Commercial club sponsors and see if the majority of them do not materialize.

Ship Seed Potatoes

N. B. Long & Sons on Monday shipped more than 5,000 pounds of seed potatoes to Payette, showing that the people of the south part of the state are appreciative of the fact that the Kendrick section raises the best.

Long's also made several local shipments of beans last week. The Long store has been handling beans in considerable quantity during the past few months.

Young Man Still Missing

William Woensner, age 19, who disappeared from his home in Moscow on March 6, is still missing, and white search has been extended to the territory east of Troy, as well as all parts of the Moscow mountain section, no trace has been found of him up to the time of going to press.

WHEAT MARKET WEAKER WITH LARGE OFFERINGS

Domestic wheat markets weakened slightly during the week ending on March 14, under the influence of improved crop conditions, as a result of heavy rains or snows over most of the winter and spring wheat areas, according to the weekly grain market review of the United States Bureau of Agricultural Economics. Reduced offerings strengthened the corn market. Other feed grains held steady. Rye continued slow in demand, but offerings were small. Flax advanced slightly, influenced by a moderate increase in demand and a firmer market situation in Argentina.

Crop prospects which are becoming an increasingly important factor in the general wheat market situation, remained generally favorable during the week. Snow or rain was beneficial to the winter wheat crop in the United States, with little loss from winter killing in prospect. Needed moisture in the form of rain or snow was received in western Canada and in domestic spring wheat areas. European crop conditions continued generally unchanged. Considerable abandonment is expected in France, where a thin stand of winter wheat is reported. Much rainfall and some flooding of winter wheat has occurred in Italy. More rain is needed in parts of Germany, but in other northern European countries the crop has been protected with abundant snow cover and is reported in good condition. Spring seeding has begun in southern Russia, but there is some deficiency in soil moisture. The Indian wheat acreage is slightly below last season and is now placed at 31,004,000 acres. An output materially below the record crop of a year ago is indicated by present conditions, and a prospective smaller crop is reflected in prices, which are considerably above an export basis. The reduced freight rates effective Dec. 11 on wheat to Karachi for export were cancelled March 1, and those to Calcutta will be withdrawn March 31.

European wheat markets were inactive, notwithstanding the large volume of foreign wheat passing into consuming channels. The strengthening influence of the larger takings for deficit countries, however, was partially offset by the pressure of heavy offerings from exporting areas. Australian shipments continued large and totaled 5,300,000 bushels for the week. Russian shipments were again of good volume and together with other black sea shipments totaled nearly 2,000,000 bushels. Argentine shipments were smaller amounting to only 2,400,000 bushels. North American shipments were fairly large, totaling over 5,000,000 bushels, principally of Canadian wheat, making a world total of 15,855,000 bushels. This is well above a year ago, but materially smaller than the large shipments of two years ago.

Quotations on foreign wheat at Liverpool advanced slightly at the close of the week. United States No. 2 hard winter was quoted CIF that market for March and April shipment at 74½c per bushel. This compares with quotations of 79½c for No. 1 Manitoba for March shipment from Atlantic ports, 78½c for No. 2 Manitoba, 63½c for 62½ pound Argentine Barusso for March shipment, 62½c for Russian average samples afloat and 64½c for Australian wheat. Some United States wheat was reported sold to Antwerp and to French ports, but sales at Liverpool were restricted by competition with other wheat. Australian wheat is relatively cheap this season, with lower quotations partly attributable to the liberal offerings from the large crop, the lower quality and the higher exchange value of English money in terms of Australian currency.

Domestic cash wheat markets held practically unchanged. Receipts were reduced materially by unfavorable weather and road conditions, but offerings were still of fair volume in winter and spring wheat markets. Farm supplies of wheat are well above average, being placed March 1 at 160,282,000 bushels. This is about 35,000,000 bushels over the five year average 1925 to 1929, and about 30,000,000 bushels over stocks on farms a year ago. Market stocks are also unusually large, totaling over 210,000,000 bushels, which is only about 13,000,000 bushels below the record stocks in store at the last of September. Mill demand continued of moderate volume and remaining offerings

Theatre Management Not Responsible

The management of the Audian Theatre wishes to make the announcement that the road show, "Hollywood After Dark," presented here Tuesday night, was not sponsored by Mr. Zell but by the Hollywood Amusement Co., a traveling aggregation, and Mr. Zell wishes it understood that the only part the management of the theatre had in the affair was the renting of the building and the use of the picture machines.

The management also wishes to state that anyone who feels they were "gypped" the admission fee will be gladly refunded to them, in the hopes of keeping their good will and patronage.

The management of the Audian has made an effort to give nothing but good, clean shows and it is their policy to continue doing so, and they regret very much that they had one "slipped over on them" by the Hollywood outfit.

School Notes

The high school play, "A Family Affair" is going to be ready for presentation April 10 and 11. The students already have the first act and are working on act two.

Commercial students are preparing for the coming contests. Hopes are that they will repeat the performance of last year.

State high school inspector, Mr. Soulen, was here this week. He reports the school in much better condition than on his previous visits. Mr. Soulen is of the opinion that in order to have better schools in the smaller districts we must increase the tenure of office of the teachers. He had met with several school boards to make this recommendation.

Will Start Pole Operations

John Kerr has bought timber holdings of Claud Craig and will begin making poles just as soon as weather conditions will permit. The poles will be shipped from Kendrick.

Like Tea . . . the best Gasoline is Blended

EVEN the Japanese maiden who laboriously picks the tea leaves knows that before you sip the delicate beverage from your cup, leaves of another type of tea must be added, for the best teas invariably are blended.

When the tea merchant takes a quantity of Japanese tea, a bit of China tea, and a touch of Ceylonese, then blends them according to the dictates of his expert knowledge, he parallels the making of CONOCO Gasoline. For this is a *blended* gasoline. It is blended because this is the only method which brings together in one fuel the desirable properties of several types of gasoline. No one type of gasoline can contain them all.

CONOCO refiners use: Natural Gasoline, for quick starting; Straight-run Gasoline, for power and long mileage; Cracked Gasoline, for its anti-knock properties.

There is no secret formula covering the elements which compose this triple-test gasoline. The secret is in the knowledge behind the blending. Knowing how makes one tea blend better than all others . . . and knowing how places one gasoline in a distinct quality class. Experience the performance advantages of CONOCO Blended-Blend Gasoline. You'll find it wherever the CONOCO Red Triangle is displayed.

The old-fashioned girl who used to help mother now has a granddaughter who helps herself to mother's and grandmother's cigarettes.

Millions of Milk Cows
Government estimates give 22,500,000 as the number of milk cows in the United States. The average production per cow is 4,600 pounds of

milk and 180 pounds of butterfat per year. This is too low to leave any profit for the commercial dairyman. At no time has the poor dairy cow been so great a luxury as today.

Hail!

To The New 1931 Thor Super-Agitator Electric Washer

A new Thor electric washer has been created.

It is an electric washer far in advance of the field—

A washer—

- that has an electric water heater
- that is speedy and thorough
- clothes never become tangled
- absolutely quiet

Built right into the tub of this new washer is an electric water heater—and it is this heater that keeps the wash water piping hot.

Right now—in this introductory event you may buy this new "1931 Thor" at a temporarily reduced price—and only one dollar down.

WHEAT MARKET WEAKER WITH LARGE OFFERINGS

were taken by domestic marketing agencies. Prices remained practically unchanged. No. 2 hard winter was quoted March 13 at Kansas City at 71½c and at Omaha at 69½c. No. 2 hard winter was quoted at Denver at 46c to 53c, at Fort Worth and delivered Texas common points at 78c to 79c per bushel. No. 1 soft red winter was quoted at approximately the same price at the same points.

Premiums on cash wheat were advanced about 1c per bushel at Minneapolis for the lighter weight wheat. No. 1 dark northern selling at the close of the week at from 2c over to 1c under the May price of 76½c. The same quality was quoted at Duluth at 73½c to 77½c per bushel. Durum wheat remained in slow demand and offerings were mostly taken by domestic marketing agencies. Prices were unchanged, with No. 1 and No. 2 amber quoted at Minneapolis at 73½c to 5c under that price. No. 1 amber durum was quoted at Duluth at 70½c to 71½c and No. 2 red durum at 63½c per bushel. Some improvement in export demand for Canadian wheat strengthened the Winnipeg market during the week, but most of the gain was lost toward the close of the week under increased competition from Australian and the other exporting countries. No. 1 Manitoba northern was quoted at Winnipeg March 13 at 57½c per bushel.

Little change occurred in the market situation for Pacific coast markets. Marketings fell off materially in Washington and Oregon, only 371 cars being received at Puget Sound and Columbia river terminals during the week. Terminal stocks are unusually large and the surplus in that area is estimated by the trade to be around 40,000,000 bushels. With the prices held above an export basis, no export business was reported, but some export flour sales were made to North China during the week. Domestic mills were taking only special lots of milling wheat to supply current milling requirements. Prices remained practically unchanged on all classes of wheat at both Portland and Seattle. Shipments to California continued of moderate volume, totaling 6,793,000 bushels for the season through February, compared with 4,529,000 bushels for the corresponding period last year.

California wheat markets remained dull, but prices were not materially changed on local wheat, although grain from Washington and Oregon was being quoted at about 2½c per 100 lower than a week ago. This reduction in Northern wheat reflects a 50c per ton reduction in steamship business. Mills were taking only moderate volume, although domestic flour business was reported about normal for this season of the year. Most mills were reducing storage stocks in order to resume their supplies before new wheat become available. Demand for feed wheat from poultrymen and feed manufacturers continued to be restricted by unsatisfactory prices of poultry and dairy products. California wheat was selling at around 95c to \$1.00 per 100, F. O. B. Sacramento valley points, while No. 1 hard and soft white wheats sacked were quoted at San Francisco at \$1.20 to \$1.25 per 100. No. 2 dark hard winter with 13 per cent protein, from the intermountain states, was quoted at \$1.35 per 100 delivered California points in bulk. No. 2 soft or western white wheat from Washington and Oregon was quoted delivered dock San Francisco at \$1.20 to \$1.22½, and No. 1 northern spring from Montana at \$1.37 per 100. Western red feed wheat was quoted at \$1.25 per 100 delivered Petaluma.

Demand at Los Angeles was also of limited volume, with mills and feed manufacturers buying for current requirements only. No. 2 hard winter from intermountain states sold at Los Angeles at the close of the week in even weight sacks, at \$1.30 per 100, while No. 2 dark hard winter was offered at \$1.37 per 100.

The "Back Yard"

In Europe, they call the space in the rear of a house, the "garden", and they raise lovely flowers there. In America they dump their tin cans there. Many families that used to raise flowers and vegetables there are now too busy stepping on the gas.

American travellers are laughed at in Europe, when they refer to such spots as "back yards." It seems to those folks to stamp these rear spaces as dumping areas, where anything goes.

We have too many back yards in Kendrick and not enough gardens. You can find physical health as the nice spring weather comes on, in the active work of transforming a mussy spot into a scene of charm. Also you can help tell the world that we have a fine residence town. Instead of travelling many miles, and spending a wad of money to find beauty in faraway scenes, why not produce it at your doorstep.

Claud Stanton Headed Home

The following item was taken from the Lewiston Tribune:

After serving for several months with the fourth regiment marines at Shanghai, China, Claude W. Stanton, of Lewiston, is now enroute to the United States on the U. S. S. Chaumont, scheduled to reach California some time this month. His departure from Shanghai is reported in the Walla Walla regimental paper. Stanton is 24 years old and a native of Idaho. He made his home with his mother, Mrs. Dottie J. Stanton, 532 Third avenue, before he joined the marine corps nearly four years ago. He left for duty in China in January, 1928.

In announcing his return to the United States the Walla Walla states: "Stanton was a member of last year's championship baseball team. He played regularly at shortstop, was a brilliant fielder and a consistent hitter."

Mr. Stanton is expected to visit relatives here on his return to the states.

On his way back to the states he is expected to stop at the Island of Guam, where Frank R. Foster, son of Mr. and Mrs. Ira Foster, has been stationed for the past two years.

Red Cross Dance

The dance given in the High School gym, Wednesday night for the benefit of the Red Cross was quite well attended and the occasion was a very enjoyable one. Only a small amount of money was cleared, however.

Conoco Listener's Hour

Dedicated to the Southwest, the next program of the Conoco Listener's Hour, weekly broadcast sponsored by the Continental Oil Company will feature songs typical of that section of the country; its charms will be described and motor travelers will be urged to include it on their summer vacation schedule.

Peggy and Pat evolved the idea of dedicating some of the programs to various sections of the country since many listeners requested songs typical of their own region. Future broadcasts will salute other sections of the country which are of unusual interest to motorists.

The program will be the 16th of the series. Peggy and Pat—the representatives of the radio audience—will, as usual, direct the program in accordance with requests from listeners. The Conoco orchestra and the quartet will be featured.

Tune in next Friday evening, March 20, for this broadcast, transmitted in this territory by station WCCO, Minneapolis, at 8:00—KGA, Spokane, at 7:00.

Ship Beans and Oats

Not much shipping is being done these days from either of the warehouses in Kendrick. However, the Kendrick-Rochdale company shipped three cars of beans and three cars of oats this week, the latter going to the Clearwater Timber company for feed purposes.

Barnum Furnishing Material

Vol. 1. Kendrick, Idaho, March 20, 1931 No. 41

Published in the interests of the People of the Entire Potlatch Country by the Kendrick Hardware Company, Harold Thomas, Editor.

Bridge?
Bridge work first used wood, then iron, then concrete. Same way with the bridge game. First bridge tables were made of wood, now steel are offered for sale. No doubt concrete will be next for a table which has four fighting women gathered around it about twenty-four hours a day, has to be solid.

Never mind that, though, for garden time is almost here and don't forget we have the seed!

Einstein says that he does not understand Americans. But that's all right; we don't understand him either.

Now is the time to think about that paint job. Just see us and let us help you.

"Is this beef or mutton, waiter?"
"Can't you tell by the taste?"
"No."
"Then what difference does it make?"

Perhaps it makes no difference, but it does make a difference when shooting squirrels what your gun and ammunition

are like. Come in and let us fit you out to get the most for your money. Priced? Say you will be surprised how cheap a good outfit is these days.

These modern wives would rather have a neighbor they can talk about, than one they can borrow things from.

But why borrow cooking utensils, glassware, etc., when we have such a splendid assortment and priced so low?

Her back used to be where a woman was supposed to put all her clothes. Now it is the place she doesn't put any when she really gets dressed up.

That reminds us, we have razor blades that will make your face as smooth as the skin on a woman's back. Come get a package and try it.

If men weren't born fools blonde vamps would be as harmless as bread pills in a pop gun.

Don't forget that we have a very complete line of bolts, washers, screws, lag screws, nails and everything to fix up that wagon bed or truck rack. Let us supply your needs.
