KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, MAY 29, 1931

NO. 22

## INTERESTING ITEMS FROM JULIAETTA

**Groseclose & Richardson Looted**  
Thieves entered the Groseclose & Richardson store sometime Saturday night, taking about \$7 in small change and an unknown amount of groceries. Entrance was made through a window and the front door was probably used to go out of. The only clew found was a print of a shoe on a counter.

**Methodist Aid**  
The regular meeting of the Methodist aid met Tuesday at the home of Mrs. Grace Stanton. Mrs. Laura Groseclose and Mrs. Dora Daugherty had charge of the program, which consisted of papers on Poland being read and special reading by Mrs. Wm. Spray, Mrs. Halliday and Mrs. Stinson. Mrs. Floyd Millard sang two selections.

A two-course luncheon followed the devotional meeting, with Mrs. Jim Groseclose assisting the hostess. About 40 attended.

**Julietta Personal**  
George Hutcheson is in Missoula, Montana, for medical aid.  
Manford Nutt and Charlie Noble were Lewiston visitors Saturday.

Cecil Baker, who has been seriously ill with pneumonia, is a little improved.

Mrs. B. C. Custer is still confined to the hospital, although she is showing improvement.

Mrs. Sophia Taylor of Sacramento, Calif., and some friends from Lewiston visited several people here Sunday.

Mr. and Mrs. Ernest Walsh and sons left Sunday for Parkwater, Wash., where they will make their home.

Mrs. Mary Adams and son Keith spent the week-end here. On Saturday they and Mrs. Mary Jones were dinner guests of Mr. and Mrs. Will Coombs.

Guests of Mr. and Mrs. Will Coombs one day this week were Mrs. G. T. Stone and daughter Gladys of Spalding and Mrs. Frank Taylor of Portland.

## Family Night Service

An unusual service will be held in the Methodist church Sunday evening at 8 o'clock, when sons and daughters will tell what they look for in mother and dad—and the fathers and mothers will tell what they hope from their boys and girls.

The program, in part, follows:  
The kind of Dad a girl likes—Katherine Emery.

What a son admires in his mother—N. E. Walker.

The mother's highest ambition for her boys—Mrs. Elwood Pearson.

The ideal Mother, from the daughter's standpoint—Nona McAllister.

The boy who wins the approval of the true father—Mr. Dammarell.

The Mother's responsibility to her daughter, and the daughter to her mother—Mrs. C. A. Oppenborn.

The kind of Father a boy is proud of—Junior Ramey.

The type of girl the Father wants his daughter to be—Rev. A. E. Jones.

Special music and a brief talk by the pastor will be included in the program. Come and bring the family.

## New Phone Directories

The Gazette has just delivered to the Potlatch Telephone company the new 1931 directories and all subscribers are asked to please call at the telephone office and get one of the new copies. Many changes have been made in numbers and some of the old subscribers have been dropped, as well as many new ones added, therefore you are asked to please consult the new directory before placing your call—and call by number.

## Spare Ton of Suckers

Walter Harris, game warden for Nez Perce county, caught a ton of suckers at the big Clearwater dam the other day and delivered them to Bristol's packing house.

Experiments on dehydrating the suckers to make fish food for young trout are being conducted by W. H. Bristol and his staff.

## Business Light In Marriage Line

For all the work that is being done in that line, the Latah county marriage bureau had just about as well shut up shop. Auditor Thatcher says that only one marriage license has been issued since the "gin marriage" license law went into effect, the applicants coming from Pullman.

## Instructor In Music at L. & C.

Walter Thomas and family were in town last week-end from Spokane for a visit with his mother, Mrs. M. V. Thomas, and brother, Harold Thomas and family, returning to the city Sunday.

Mr. Thomas stated that he had been permanently employed as band instructor and wind instruments, also chorus and glee club work. He stated that he had 160 students in his band class.

## IDAHO MARRIAGES AND DIVORCES FOR 1929-1930

The Bureau of the Census announces that, according to the return received, there were 4,491 marriages performed in Idaho during the year 1930, as compared with 4,779 in 1929, representing a decrease of 288 or 6.0 per cent. In 1922, there were 4,138 marriages performed.

During the year 1930 there were 997 divorces granted in the state, as compared with 1,036, representing a decrease of 39 or 3.8 per cent. In 1922 there were 844 divorces in Idaho. There were 18 marriages annulled in 1930, as compared with 25 in 1929.

The estimated population of the state of Idaho on July 1, 1930, was 433,000 and on July 1, 1929, 444,069. On the basis of these estimates, the number of marriages per 1,000 of population was 10.1 in 1930, as against 10.8 in 1929 and the number of divorces per 1,000 of population was 2.24 in 1930, as against 2.33 in 1929.

The number of marriages was furnished by the State Department of Public Welfare and the number of divorces by the Clerk of the District Court of each county. The figures for 1930 are preliminary and subject to correction.

Of this number Latah county is credited with 184 marriages in 1929 and 174, in 1930 and with 27 divorces in 1929 and 27 in 1930.

## More Good News

It is indeed heartening to learn (through the Star-Mirror) that the Izaak Walton League of Moscow is "sponsoring" a magpie contest in the Kendrick section. We are always glad to learn these things through a reliable source, but if the Izaak Walton League is really the sponsor, it is news to us. We were of the opinion that the sponsoring was done by the Kendrick Commercial Club. However, we are willing to give the League all due credit for giving \$12 in cash prize money and guaranteeing the bounty of 1c per head and egg, but we don't like to have our "thunder" jerked out from under us by some other publication.

The Moscow publication also states that in the contest last year some 200 eggs were gathered, when in fact more than 1400 eggs and heads were brought in.

Kendrick doesn't aim to be selfish, but we do like to have credit for what little we are able to do.

## "Painting Up"

That there will at least be a few "bright spots" in Kendrick this spring is a foregone conclusion for several of the residents of this little city have gotten the paint idea and have improved their homes with some very attractive coloring. The homes of Frank Crocker, E. H. Dammarell and W. L. McCreary have been newly brightened up or are in the course of completion. The front of Cook's barber shop, on Main street, also received a coat of paint. There is nothing that adds more to the looks, or value, of a piece of property than a coat of paint.

## Teachers Leave Kendrick

Following the close of school, the teachers departed for their respective homes to spend the summer—Miss Josephine Deagen going to Cloquet, Minn.; Mrs. Zelma Wilkins to Lewiston; Arthur Dawald and family to Lewiston; Mrs. Mary Adams to Moscow; Miss Tekla Jarvis to McCall; Mrs. Nancy Jarvis to Salt Lake City; Miss Priscilla Baker to Spokane.

## Graders Hold Picnic

Thursday of last week the seventh and eighth grade pupils held their annual school day picnic at the upper Brynes flat. The day was enjoyably spent in playing games and otherwise having a good time.

## Campfire Girls Appreciative

The Campfire girls wish to thank the people of Kendrick for their kind patronage during their candy sale at the senior class play.

## JULIAETTA AGAIN BESTS KENDRICK BALL-TOSSERS

Julietta hung another of Kendrick's surplus scalps to their belt last Sunday when they defeated the Bean Pickers by a score of 11 to 7 on the Julietta grounds.

There seems to have been quite a discrepancy between the scores kept by the Julietta score-keeper and the one who handled the Kendrick book, but when it came to the number of scores made the total happened to be the same, but that seems to have been the only particular in which they tallied.

According to the Kendrick score-keeper both sides were credited with numerous errors, but the Julietta man failed to chalk up a single error against Kendrick, but gave themselves 6. Of course that makes that part of the score look pretty good for Kendrick, but the Kendrick score-keeper said his team made numerous errors. Julietta claims more hits than Kendrick allowed them—but what's the difference, so long as they had a good time and the score came out the same? The Kendrick book showed that Julietta got 10 hits, while they claimed 16. Kendrick credited themselves with only 6 hits, while Julietta gave them 8.

Following is the score:

Kendrick	AB	R	H	PO
Flaig (8)	4	2	2	0
Boyd (7)	4	0	2	0
Dammarell (1)	1	0	0	0
Blum (3)	5	1	0	0
Davis (2)	5	1	0	1
McDowell (9)	3	0	0	2
C. Woody (5)	4	0	0	1
Claud Woody (4)	4	2	2	1
Kennedy (6)	4	0	0	1
Zell (8)	1	0	0	1
Foster (7)	1	0	0	0
Cornstalk (9)	2	1	0	0
Blevins (6)	1	0	0	0
Cook (1)	4	0	0	2
Totals	43	7	6	9

Julietta	AB	R	H	PO
Clark, ss	4	1	1	1
Levit, p	4	2	2	1
Wilcoxon, cf	3	1	2	0
Turner, cf	1	0	0	0
A. Gruell, 2b	5	2	2	0
R. Millard, 1b	5	1	2	1
E. Millard, lf	5	1	3	1
F. Glenn, 3b	5	1	1	1
C. Gruell, c	1	1	1	1
E. Carlson, c	2	0	0	0
Tylden, p	3	1	1	1
Albright, p	2	1	1	1
Totals	40	11	16	8

Two-base hits—A. Gruell 2, R. Millard 1, E. Millard 1, F. Glenn 1.

Three-base hits—Claud Woody 1, Wilcoxon 1.

Struck out by Tylden 5, Albright 4, Dammarell 1, Cook 1.

Base on balls—Off Tylden 2, Albright 1, Dammarell 1, Cook 2.

Hit by Pitcher—By Dammarell, Wilcoxon; by Albright, Davis and Foster.

The batteries for Kendrick were Cook, Dammarell and Davis. For Julietta, Tylden, Albright, Gruell and Carlson.

Julietta will come to Kendrick on Saturday (Decoration Day) for a game, and as the Lewiston Lumber Jack game has been canceled no definite program has been arranged for Sunday. Watch for posters if a local game is obtained.

## Another Clean-Up Day

It has been suggested that another clean-up day for Kendrick might not be amiss. This time, however, it is suggested that it would help the appearance of the town very much if residents would clean the weeds and surplus grass from the parking strips in front of their homes and places of business down town. And there are likewise a few vacant lots that the appearance could be very materially helped if a few of the weeds and other surplus stuff were removed.

Our town is what we make it. Let's make it a good one!

## Went Fishing

H. B. Thompson again piloted his Sunday school class of the Presbyterian church up the Potlatch Tuesday evening on a "fishing" trip. They "got back" and reported by those who know that Marvin Long had already fished the creek—so what was the use of anyone else trying!

## Ship Car Cattle

Tom Long and Dave Gentry shipped a car of fat cattle to the Spokane market Saturday night. The stock was prime, but the price was not all that it should have been, according to report.

## WHEAT CARRYOVER WILL BE COMPARATIVELY SMALL

The Pacific Northwest's wheat carryover for 1931 will not exceed 18,000,000 bushels and may be as low as 15,000,000 bushels.

Last year the carryover totaled 25,000,000 bushels while the ten-year average runs between 10,000,000 and 14,000,000 bushels. These figures are according to a statement by Henry W. Collins of Pendleton, Pacific Northwest manager of the Farmers' National Grain corporation of Chicago, at a conference in Spokane with C. E. Huff, president of the Farmers National.

"We have sold direct to the Orient more than 1,000,000 bushels of wheat in the form of wheat in the last ten days, while at the same time Pacific coast mills are continuing to send liberal shipments of flour to the Orient," said Mr. Collins.

"We are working on some direct business with the Orient now, and I am quite hopeful of the outcome." Mr. Collins said his carryover estimate included wheat on the farm and in private hands as well as wheat controlled by farm board agencies.

"We are moving 150 carloads of wheat a day out of the Inland Empire to the Coast right now. That is three trainloads a day, or more than 200,000 bushels. A month ago, we were moving only 75 carloads a day. The interior warehouses are getting in good shape for the new crop, and while it may be a pretty broad statement to make publicly, I'll say right now that if any interior warehouse has any wheat belonging either to the Farmers' National Grain corporation or the Grain Stabilization corporation that it wants moved, we'll move it. We are prepared to give shipping orders from time to time that will put all interior houses in the clear for the new crop."

## Fruit and Vegetables Moving

The three northwest states shipped more than double the number of carloads of fruit and vegetables during the past week, than were shipped during the same period a year ago, according to the United States department of agriculture report.

Total loadings in Washington, Oregon and Idaho were 1359 cars, compared to a movement of 400 to 600 cars weekly at this season last year.

Apples and potatoes comprised all but 18 cars of the total last week. During the week, Washington shipped 337 cars apples, two cars mixed vegetables, 12 cars pears, 218 cars potatoes and one car of lettuce, a total of 570 cars. Oregon loaded 25 cars apples, one car onions, two cars pear and 14 cars of potatoes. Idaho forwarded 741 cars potatoes and two cars apples.

## Cherry Harvest Starting

While a few cherries of early varieties for local market came from the lower river orchards nearly a week ago, the harvesting of the main crop for packing and shipping will not start in that district until early next week, and will probably continue until about June 12.

By the time that the cherries of that section have been picked, those of the Clarkston valley will be ready, and these will be handled until about June 20, by which time, and perhaps a few days earlier or about June 14, the cherry harvest in the Lewiston Orchards district will be under way. The Tartarians come first, then Bings, Royal Anns and Lamberts. The season in the valley will probably extend up to July 4, with the Julietta district to follow.

## No Trap Shoot Sunday

Sunday, May 31, is regular shooting date for the Kendrick Gun club, but owing to Saturday being Decoration Day and a home ball game both Saturday and Sunday, there will be no trap shooting.

Arrangements are being made for a merchandise shoot, either June 7 or 14, to which all neighboring shooters are invited. Full announcement of details will be given in next week's Gazette.

## Will Preach Sunday

Announcement is made that Rev. N. S. Fiscus of Garfield, Wash., will preach in the Presbyterian church at 11 o'clock Sunday morning.

The general public is cordially invited to come out and hear Rev. Fiscus, who is said to be a very fine speaker.

If she strikes a rock, she works around it.

## High School Picnic

Friday, May 22, six cars of high school students motored to Asotin Park where the annual school picnic was held. The park equipment of swings, hurdy-gurdy, etc., were much enjoyed, after which a delicious picnic lunch was eaten. On the way home many of the picnickers stopped at the Clarkston airport where several of them took an airplane ride, others took in shows, and all reported a nice time.

## MANY ATTEND COMMENCEMENT EXERCISES

Commencement exercises for the Kendrick High school graduating class were held in the Methodist church Thursday evening of last week, when Dr. Barton of the University of Idaho delivered the address of the evening, taking as his subject, "Choosing a Vocation." He emphasized that every young man and woman should choose a vocation as early in life as possible and work to that end. During the course of his remarks he made the statement that fully 70 per cent of the young men and women attending colleges had no definite plans for the future, seemingly having the idea in view that all that is necessary for success of life is to have a college education. He paid high compliment to Dwight Ingle, son of Mr. and Mrs. D. J. Ingle of Big Bear ridge, who is attending the University of Idaho. His address was well received by the large audience.

Each and every number on the program was thoroughly enjoyed and the Gazette wishes to join the host of friends and well-wishers of the entire graduating class in extending congratulations.

Following the presenting of the Seniors' diplomas, eleven eighth-grade students received diplomas as follows: Herbert McDowell, Thomas Blevins, Alice Riley, Margaret Daugherty, Frederick (Bud) Carlson, Esther Aiken, Wayland Davis, James Bolon, Joy Johnson, Jean Ramey and Russell Humphrey.

## Contestants Working

Several new contestants have joined the others in the magpie contest and have brought in a nice lot of eggs and heads. The contest is going to be keen and the boys all realize that they will have to look to their laurels in order to get top prize. They also probably remember that Monday, June 1, is the last day of the contest and that it will be necessary to have their trophies in and counted on that day.

Mr. Thompson asks that all boys who have received letters from him make reply to same not later than Wednesday, June 3, as it will be necessary to know how many to prepare for.

The prizes will be distributed at that time and it is hoped that all contestants will be able to attend.

The Kendrick Commercial club and the Izaak Walton League of Moscow are more than pleased with the results obtained thus far and congratulate the boys on their efforts at reducing the population of the predatory birds in this section.

Be at the Commercial club meeting on Monday night, June 8, and they will tell you about it.

## Arrow Missionary Society

The May meeting of the Arrow Missionary Society was held last Thursday at the Douglas home. After gathering for lunch and enjoying our social hour, we were called to order by our president, Mrs. G. H. Gibbs, and the program started very promptly at 2 o'clock. Our lesson was on "Poland, Our Newest Field of Work." The book report was given by Mrs. Albright.

Reports were heard from committees on children's and young people's work and their plans for a pie social next Friday night at the school house. The money raised will be sent to the Indian Cajon Mission at Mt. Vernon, Alabama.

A report on ways and means by committee for ice cream social to be given by the society on June 12 was also heard.

Those present were: Mrs. Gibbs, Mrs. Albright, Mrs. C. O. Douglas, Mrs. Robt. Douglas and Miss Francis Steel.

## Will Preach

Rev. Bruce Groseclose will preach in the Julietta M. E. church on Sunday, June 7th at 8:00 p. m.

A cordial invitation is extended to the public to attend this service.

## GRAIN MARKET UNSETTLED DEMAND CONTINUES DULL

Domestic grain markets were unsettled during the week ending May 23, but demand remained dull and offerings were easily sufficient for current market needs, according to the Weekly Grain Market Review of the United States Bureau of Agricultural Economics. Beneficial rains in spring wheat areas, heavy marketings and a continued dull export demand for the large supplies of old crop grain, were weakening influences in the wheat market, which were only partially offset by threatened frost damage to winter wheat and the continued insufficiency of sub-soil moisture for spring crops in Canada and the American Northwest. Feed grains weakened under a continued slow demand, in spite of only moderate offerings, and light remaining stocks. Rye and flax were fairly steady, influenced by unfavorable weather conditions for the new crops.

World wheat crop prospects were materially improved during the week, with rains in Canada providing much needed moisture in important producing areas and with seeding in Russia making rapid progress. Russian seedings of spring grains to May 15, were reported 114,000,000 acres, or around 46 per cent of the plan, which called for an increase of 13.6 per cent over that of a year ago. Spring wheat seedings are placed at 38,000,000 acres, but the seeding of barley, oats, flax and other crops, is making slow progress. Seeding in the Ukraine was completed by May 10, with the total winter and spring wheat acreage placed at 19,496,000 acres, as against 17,668,000 acres last year. Spring wheat acreage of the Ukraine was placed at 5,313,000 acres, as against 8,160,000 acres a year ago, with the decrease accounted for by an increase in the area sown to technical crops and a shift of spring wheat to more eastern sections.

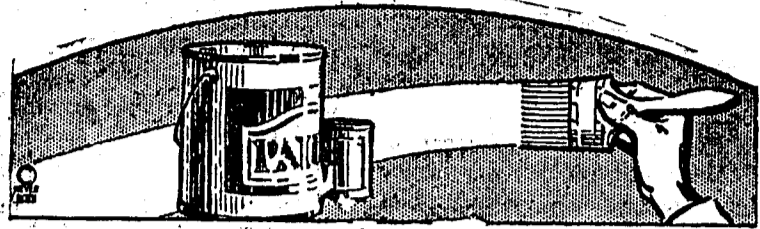

Conditions in other European countries showed little change from a week ago. Some frost damage to crops in the countries of the Lower Danube is now becoming apparent. Rains in Italy however, following the recent heat have favored crop developments. Cool, wet weather is retarding growth in France. Growth in Germany and countries of northern Europe is still backward, as a result of cool weather. Crop prospects in north China are reported to be good. No estimate of acreage is yet available, but some increase is indicated, particularly in northern Manchuria, where wheat has been relatively more profitable than other grains or soy beans. Preparations for seeding in Argentina are progressing favorably. The Australian wheat acreage is reported at 13,500,000 acres, or a decrease of about 25 per cent from last year's acreage of 18,160,000 acres. The condition of the domestic winter wheat crop continues favorable. Frost was threatened in some areas toward the last of the week, but no serious damage has been reported. The crop is from 25 to 50 per cent headed in southeastern countries of Kansas, with heads showing in early varieties north almost to the Nebraska line.

Domestic cash wheat markets held fairly steady during the week, but a large percentage of the increased marketings were taken by domestic agencies to maintain stabilized prices. Receipts of wheat at the principal southwestern markets totaled over 3300 cars, or about 800 cars more than during the previous week, and nearly three times as many as during the corresponding week last year. Farmers and country shippers were selling freely, to move supplies before the arrival of new crop grain and while prices were being maintained on an old crop basis, sales of new crop wheat amounting to 150,000 to 200,000 bushels, according to trade estimates, were made at Chicago during the week for delivery during August or September 15, at about the September price, to varying discounts under that future.

Offerings of old crop hard winter wheat met a fair demand from mills. No. 1 hard winter wheat, with 12½ per cent protein or more, was quoted at Kansas City May 22 at 74½c, and No. 2 hard winter at 73½c per bushel. No. 2 hard winter was quoted at Omaha at 73c to 73½c, at Chicago at 83¼c to 83½c, and No. 1 hard at St. Louis at 81c per bushel. New No. 1 hard winter was offered for June shipment at Fort Worth at 62c, delivered Texas common points. Mill demand for soft winter wheat was

(Continued on inside)

LEWISTON, IDAHO

S. S. Missionary Visits  
 J. F. Cheesman of Spokane, Sunday school missionary for the Pres-

byterian church, visited Kendrick on Wednesday of this week in the interest of Sunday school work.

**Instinctively**

You feel at home here and long remember the pleasant contacts made while banking here.

To us, rendering a broad banking service is a source of never-failing delight. We like our work and enjoy doing the little things that mean so much in making our service pleasant as well as efficient.

If you are not now acquainted with us and our service we cordially invite you to come in and get acquainted and to try what we have to offer.

ENJOY THE ADVANTAGES OF BANKING HERE

Save Here and Prosper

**KENDRICK STATE BANK**  
 OF KENDRICK, IDAHO

**PERSONALS**

John Lind of Teakean is working on the Raby building this week. Mr. and Mrs. Paul Lind were weekend visitors with relatives at Teakean. Judge Adrian Nelson was a Kendrick visitor Monday on legal business.

W. J. Carroll attended a meeting of bankers at Grangeville on Saturday.

Mrs. Amelia Christenson left Tuesday for an extended visit with relatives in Kansas.

T. Driscoll and Joe Hasfurth of Genesee were Kendrick visitors on Thursday forenoon.

B. N. Emmett and grandson, Roy Long, motored to Spokane Wednesday for a short stay.

Mr. and Mrs. Jas. Emmett went to Genesee Sunday for a visit with Mr. and Mrs. Robt. Emmett.

Bernice and Beatrice Curtiss of Deary spent the week-end visiting their father, F. S. Curtiss.

Mr. and Mrs. M. O. Raby and Mr. and Mrs. W. C. Jones motored to Lewiston Thursday morning.

Mrs. Bertha Eichner of Lewiston has been visiting at the Harley Eichner home for the past week.

Mr. and Mrs. Earl Thornton, who have been visiting at the A. E. James home, left Monday for Spokane.

Mrs. Liddie Ameling left Monday for Kellogg for a visit with her daughter, Mrs. Lester Crocker, and family.

Robert Brown arrived last week from Klamath Falls, Oregon, for a visit with his parents, Mr. and Mrs. J. F. Brown.

Miss Marjorie Griffith returned to Spokane Sunday afternoon after a short visit with her sister, Mrs. W. L. McCreary, and family.

Mrs. Philip Asplund and children from Bovill are spending the week with her parents, Mr. and Mrs. E. H. Dammarell, and family.

Mr. and Mrs. L. J. Herres and Eleanor motored to Orofino Sunday to spend the day with their son and brother, Wayne Herres, and family.

Mr. and Mrs. N. E. Walker and Mr. and Mrs. Herman Schupfer and little daughter visited Mr. Walker's mother and sisters at Peck on Sunday.

Dr. G. W. McKeever and Paula motored to Spokane, returning Sunday evening with Mrs. McKeever, who has been receiving medical treatment there.

Number Idaho Families Increase  
 Families in Idaho increased from 100,500 in 1920 to 108,515 in 1930, it is shown in a recent report of the U. S. census bureau received by the Idaho State Chamber of Commerce. This is an increase of 8.4 per cent.

Average size of families, however, decreased from 4.3 to 4.1 persons, a reduction of 4.6.

While the number of families increased 8.4 per cent in the 10-year period the net increase in total population was but 3.2 per cent.

Twenty-one counties of the state show an increase in the number of families while 23 show a decrease.

Parents of Son  
 Word has been received of the birth of a son, Norman George, to Mr. and Mrs. George L. Carlson of Long Beach, California. Mrs. Carlson will be remembered as Edith Compton.

Caught Fishhook in Wrong Spot  
 Bobby Oppenborn, son of Mr. and Mrs. C. A. Oppenborn had the misfortune to get a fishhook caught in the palm of his left hand the other day while fishing in the Potlatch. It was necessary to give ether to remove the hook.

**"LAST OF THE LONE WOLF"**  
 AT AUDIAN MAY 29-30-31

Romance with a capital "R" is the keynote of "Last of the Lone Wolf," Columbia's newest drama which will be at the Audian this week. Kings, Queens, beautiful ladies and a dashing gentleman crook are a few of the ingredients that are stirred up together. The story goes off to a quick start and moves without interruption to a stirring climax.

Things began to happen when the Prime Minister of Saxonia engages Michael Lanyard, an American gentleman crook, to retrieve a ring that has been given away by the Queen to the Count von Rimpau, a secret admirer. When the King heard of it he was enraged with his spouse. Hence Lanyard's mission. How, by exercising his diplomatic ability, engaging personality and fistic prowess he managed to accomplish his purpose—and how, incidentally, he became involved in a romance with the Queen's pretty lady-in-waiting—supply action for the rest of the story. Bert Lytell's charm of personality and finished acting ability are too well known to need comment here. Patsy Ruth Miller scores as Stefanie, the lady-in-waiting, and Lucien Prival, as Varril, is sufficiently villainous to merit more than one hiss. Richard Boleslavsky's direction is also excellent.

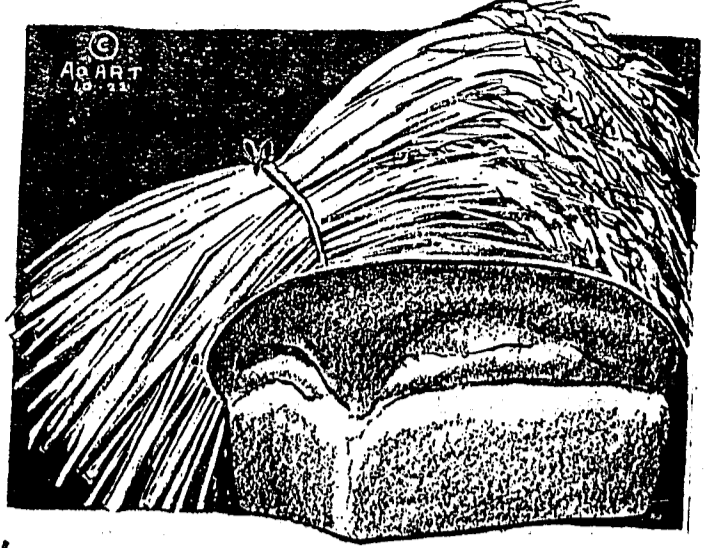

**Roads, And More Waste!**

The other day the writer took a trip over the Lewiston hill just to see the thousands that are being wasted on an already fine road, and when we say wasted, we mean it. From the Washington line toward the top of the hill the road crews were busy pulling from a foot to three feet of yellow clay over a roadbed that has stood the test of about 14 years of travel. It perhaps needed surfacing, but that was all. It is an established fact that you must travel so many feet on an incline to get so many feet higher. It doesn't matter whether you take it all at once or gradually, the climb is there. Such is the case on this stretch of road. Two given points that the road level must meet, and did meet in shape that a model T Ford in poor condition could climb on high and yet they are "rebuilding it!" A waste of thousands of dollars. It is so all the way on the grade with their rebuilding program. A waste of hard-earned taxpayers money on an already fine and beautiful road, and they certainly aren't helping the looks of things any, either.

It seems that the "pet ideas" of someone are being thoroughly realized at the expense of everyone of us.

Yet, down through the Potlatch canyon runs a road which taps some of the richest farming land that lies out of doors, a road upon which the Juliaetta Cherry Growers' and Tomato Raisers depend to get their produce to market, and that road is almost impassable. It's terrible. Words cannot describe its condition. It is an important farm to market road. Yet what has the state done to help us of the Potlatch get our products to market, to help us get larger prices for our products to pay these increased taxes? Nothing! The money goes toward someone's pet schemes. Times are tight, we all admit that. The farmers pay a large share of taxes, everyone knows that, then why, in the name of common sense, build finer and faster highways for our petty tourist travel, that benefits but the few, and neglect the providers of our land—the farmers.

Our cry is, "Give us farm to market roads; help us get better prices thereby for our produce to pay these increased taxes."

Help Reduce The Surplus and at the same time save yourself money  
 See Us For Flour

 Services at Juliaetta Methodist church first Sunday of each month at 7:30 p. m. Third Sunday, 11:30 a. m. and 7:30 p. m.

Rebuild Business Block  
 A new \$60,000 business block will be built in Lewiston to replace the one recently destroyed by fire, showing that Samuel Goldstone, owner of the property, still has faith that the country is "coming back."

Banks and P. O. To Close  
 The local banks and the postoffice will be closed on Saturday, May 30 (Decoration Day), the postoffice using the same hours as on Sunday. The Gazette office will also be closed all day.

If you live in Kendrick, support it, for it is your town and deserves your support. Our town is just what we make it and if we all pull together it will grow and prosper.

Cigars, Cigarettes, Tobacco, Candy and Soft Drinks await you at the Hotel Kendrick. Good meals, too 19-

**Southard Still Roaming**  
Three weeks have passed and still Lydia Southard is presumably laughing at the efforts of the prison authorities to return her to the penitentiary to finish serving her ten years to life term for the poisoning of her fourth husband.

Since the notorious "feminine blue-beard" scaled the prison wall on the night of May 4 not one single definite clue to her movements or whereabouts have been discovered. She and her accomplice David Minton as well, has vanished as completely as if the earth had opened up and swallowed her.  
Many rumors, from Twin Falls, from the Fort Hall Indian reservation from Dubois, Montana, Oregon and from Nevada have come—but still Mrs. Southard is at large.  
The complete disappearance of the woman and the failure to gain any trace of her during the three weeks that have elapsed since her escape has caused prison authorities to place more faith in the theory that an airplane was used to spirit her out of the country. Several Boise residents reported hearing a plane on the night she escaped and signs of a recent landing were discovered on the student aviation field a few miles from town.

**Attend Picnic**  
Mr. and Mrs. M. O. Raby and Mr. and Mrs. C. C. Blackburn went to Cavendish last Sunday where they joined a host of relatives and friends and went for an old-fashioned picnic over on Drift creek. They reported a very fine time.

**Attend Masonic Convention**  
A party made up of M. O. Raby, Geo. Davidson, John L. Woody, W. C. Jones, N. Brocke, Wm. Freytag, B. F. Nesbit, Lester Nelson went to Moscow Saturday evening to attend a Masonic district convention.

PHONE 842 - KENDRICK, IDA.

**TEAKEAN GOSSIP**

Mrs. Simon Baugh spent a few days at Arrow with her sister, Mrs. Harry Smith, going from there back to Orofino. She seems to be troubled less with asthma at Orofino.

J. H. Hunt of Cedar Creek is visiting his daughter, Mrs. J. H. Butler. Mr. and Mrs. Paul Lind came up from Kendrick Sunday to attend the meeting.

The meetings being held here closed Sunday night and Rev. and Mrs. Fike went back to Moscow.

Mr. and Mrs. T. F. West of Orofino were callers at the J. H. Butler home Sunday. Jim West returned to Orofino with them.

Mr. and Mrs. Ray Butler went to Gold Hill Saturday night to visit Mrs. Butler's parents, Mr. and Mrs. Walter Hunt.

Mr. and Mrs. Claude Browning and Marion Lee and Velma Davis were visitors at the J. H. Butler home Sunday afternoon.

Ray Butler and Maud Hunt were the first couple to get married in Clearwater county under the "gin marriage law."

The ceremony was performed at the Methodist parsonage in Orofino by Rev. Driver, last Friday.

Mrs. Jessie Erlewine and mother, Mrs. J. H. Butler, and two sisters, Nelda and June, motored to Troy to have dental work done, Tuesday.

Mrs. Asa Choate was a visitor at the S. S. Baugh home one day last week.

Bruce Groseclose is spending a week or two at Willamette, Oregon.

**Gone To Vet Hospital**  
C. A. Oppenborn left the first of this week for Boise to enter the Veterans' hospital, where he will receive medical treatment. He has been suffering quite severely with rheumatism for some time.

**GRAIN MARKET UNSETTLED DEMAND CONTINUES DULL**

Pacific Coast markets remained dull under light demand. Winter wheat in the Pacific Northwest was helped slightly by local showers, but is still in need of more rain in most areas. The dry weather has been unfavorable for spring grain of all kinds. Supplies of old wheat however, are large and continued to be a weakening influence in the market situation. Domestic mill demand remained dull, but export flour millers continued to take moderate amounts, principally from domestic marketing agencies. Around 25,000 tons of wheat were reported sold for export to the Orient during the week, mostly to Japan. No export sales were reported during the week to Europe. Inquiry from California has slackened with the approach of the new harvest in that state. Prices in Pacific Northwest markets were not materially changed during the week and western white wheat was quoted at Seattle at 71c, western red and hard winter at 69c and Bluestem hard white at 72c per bushel, sacked, basis No. 1 wheat 14 per cent protein dark hard winter in bulk from Montana was quoted at 76c and northern spring at 81c per bushel. Bluestem hard white was quoted at Portland at 72c, soft and western white at 70c, hard winter, northern spring and western red at 67c per bushel, sacked, basis No. 1. The wheat market at Vancouver was reported very quiet.

Around 25,000 tons of wheat were reported sold for export to the Orient during the week, mostly to Japan. No export sales were reported during the week to Europe. Inquiry from California has slackened with the approach of the new harvest in that state. Prices in Pacific Northwest markets were not materially changed during the week and western white wheat was quoted at Seattle at 71c, western red and hard winter at 69c and Bluestem hard white at 72c per bushel, sacked, basis No. 1 wheat 14 per cent protein dark hard winter in bulk from Montana was quoted at 76c and northern spring at 81c per bushel. Bluestem hard white was quoted at Portland at 72c, soft and western white at 70c, hard winter, northern spring and western red at 67c per bushel, sacked, basis No. 1. The wheat market at Vancouver was reported very quiet.

Pacific Coast markets remained dull under light demand. Winter wheat in the Pacific Northwest was helped slightly by local showers, but is still in need of more rain in most areas. The dry weather has been unfavorable for spring grain of all kinds. Supplies of old wheat however, are large and continued to be a weakening influence in the market situation. Domestic mill demand remained dull, but export flour millers continued to take moderate amounts, principally from domestic marketing agencies. Around 25,000 tons of wheat were reported sold for export to the Orient during the week, mostly to Japan. No export sales were reported during the week to Europe.
