

# KENDRICK GAZETTE

VOLUME XLII

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY APRIL 8, 1932

NO. 15

## STATE CHAMBER TELLS IDAHO TAX HISTORY

The past 40 years have constituted the most progressive period in history and Idaho's state government, in costs at least, has stayed well abreast the times.

In 1891, her first year of statehood, Idaho had six executive officers: a governor, a treasurer, an auditor, an attorney general, a superintendent of public instruction and a secretary of state. In that year the appropriations for the salaries of these officers and the expenses of their offices totaled \$33,535.

In 1931 appropriations for the governor, treasurer, auditor, attorney general, secretary of state and the state board of education, which has superseded the state superintendent, aggregated more than a quarter of a million dollars, or approximately eight times as much as was required in 1891.

The decade from 1911 to 1921, which must be remembered included the inflation period of the World War, witnessed the largest of the ten-year increases. During this period the expenses of these six offices mounted from \$146,210 to \$238,260.

### Increases Steady

During the previous ten years, from 1901 to 1911, the six appropriations under discussion increased from \$57,205 to \$146,210, or \$89,000.

It is noteworthy and an encouraging indication of a much-needed economy that the increases during the last decade, from 1921 to 1931, totaled only \$17,000. The 1931 appropriations aggregated \$255,973.

The fact that Idaho is today paying more than a quarter of a million dollars for state administration which 40 years ago cost less than \$34,000 is enlightening when considered in connection with our greatly increased taxes. More than \$220,000 additional revenue is now required for these six offices. A large percentage of the increase is expended as salaries and wages for personal services.

### State Growth Rapid

However, to get a true picture of the situation, we must take into consideration the rapid development in the complexities of life and the remarkable growth and development of the state during the past 40 years.

State administration is by no means the simple matter that it was in 1891. Governmental functions have multiplied, whether judiciously or not, since then. New and perplexing problems have arisen. The world has become smaller and the contact between people, states and nations closer. Industries have solidified, pooling the interests of individuals and creating new burdens of public responsibility for the government. New inventions, new methods of travel, new systems of control, new ideas of education—all these things, and many more, have combined to produce a remarkable era of progress and governments have been literally forced to keep step.

### Population Increases

Another phase of the question that must be taken into consideration is the rapid growth and development of the state. During the 40 years since Idaho was admitted to the Union her population has increased 400 per cent and the assessed valuation of her property has mounted from 25 to more than 400 million dollars. The rate of increase in administration costs has been twice that of the population growth and half as much as the rate of valuation increase.

Any theory that the incumbents of the various offices have alone been responsible for the increase is erroneous. The power of spending public money rests primarily in the hands of the legislatures. Office holders have come and gone, parties have ascended to power and gone down in defeat; but nevertheless the costs of government mounted steadily, indicating that the forces which push governmental expenses upward are rooted in something deeper than personalities and political parties.

### School Election

The attention of the voters of this school district is called to the fact that an election will be held in the Kendrick school house on Saturday, April 16. The polls will be open from 1 to 6 o'clock p. m. One director is to be elected for a term of two years and one for a term of three years.

There is nothing in the entire community that is of more importance than our school and it is your duty to come out and vote for the men whom you think will administer the affairs of the district to the best advantage.

## INTERESTING ITEMS FROM JULIAETTA

### Pinocle Party

A crowd of friends walked in unannounced at the Bert Sherman home Thursday evening, and spent the time playing pinocle. The game was in play at six tables, prizes being awarded Mrs. Gunther and Claud Clark for high scores and the consolation in the form of a "April fool" surprise, went to Mrs. Sherman and Ted Taylor. Lunch was served at a late hour.

Making up the party were Messrs. and Mesdames Bert Sherman, Jack Heacock, Cecil Gruell, Frank Spray, M. Nutt, Claud Clark, Walter Cochran, Wm. Spray, Horst Gunther, Mesdames D. E. Buckallew, and J. J. Lynch of Palouse; Wendell Irwin, A. W. Clark, Ted Taylor, Bruce Sherman, Ada Vincent and Lois Sherman.

### Aid Entertainment

The Methodist Aid society held its March meeting at the home of Mrs. Frank Spray. An Easter program followed the business session. Lunch was served by the hostess after the meeting adjourned.

### Senior Play Pleases

The Senior play, "Civil Service," under the direction of Miss Edith Adriansen, was presented last Friday to a full house. Each player took his or her part very creditably.

### Several Moves Made

Mr. and Mrs. J. E. Frazier and family have moved from the Larkin residence to the Groseclose property on Water street, recently vacated by Mr. and Mrs. Wayne Steele.

Mr. and Mrs. Wm. Spray have moved from the Methodist parsonage to the Roy Whitted property.

Mr. and Mrs. Albert Gruell have moved from Water street to the P. M. Johnson property.

### District Conference

The district conference of the Methodist church will convene here next Friday, Saturday and Sunday. About 30 delegates are expected to attend, with several outside speakers. Meals will be served in the Methodist parsonage by the ladies aid.

### Married at Colfax

Miss Earlen Stump, daughter of W. H. Stump, was married Wednesday last week at Colfax to Eugene Taylor of Juliaetta. They will make their home at Albion, Utah.

### Juliaetta Personals

William Staats was a Clarkston visitor Sunday.

Frank Fix was a Sunday visitor here from Lewiston.

Mrs. Will Combs spent the weekend with her daughter at Spalding.

Mrs. Jimmie Sutherland and son returned Tuesday to their home in Spokane.

Mr. and Mrs. Cecil Gruell and Mrs. M. Nutt were Lewiston visitors Saturday afternoon.

Buster Houck underwent a major operation at Whites' hospital, Lewiston, last Sunday.

Miss Audrey Carlson arrived Monday from Spokane to visit Mr. and Mrs. Edgar Carlson.

George Hutchison spent the weekend here with his family, returning to Pullman Sunday evening.

Mrs. Robert Morgan and son returned to their home at Potlatch Tuesday after spending several days with Mrs. Lulu Buchanan.

Mrs. T. O. Greene and Kena Weatherby left Sunday for Moscow to attend the Baptist convention. They returned Tuesday.

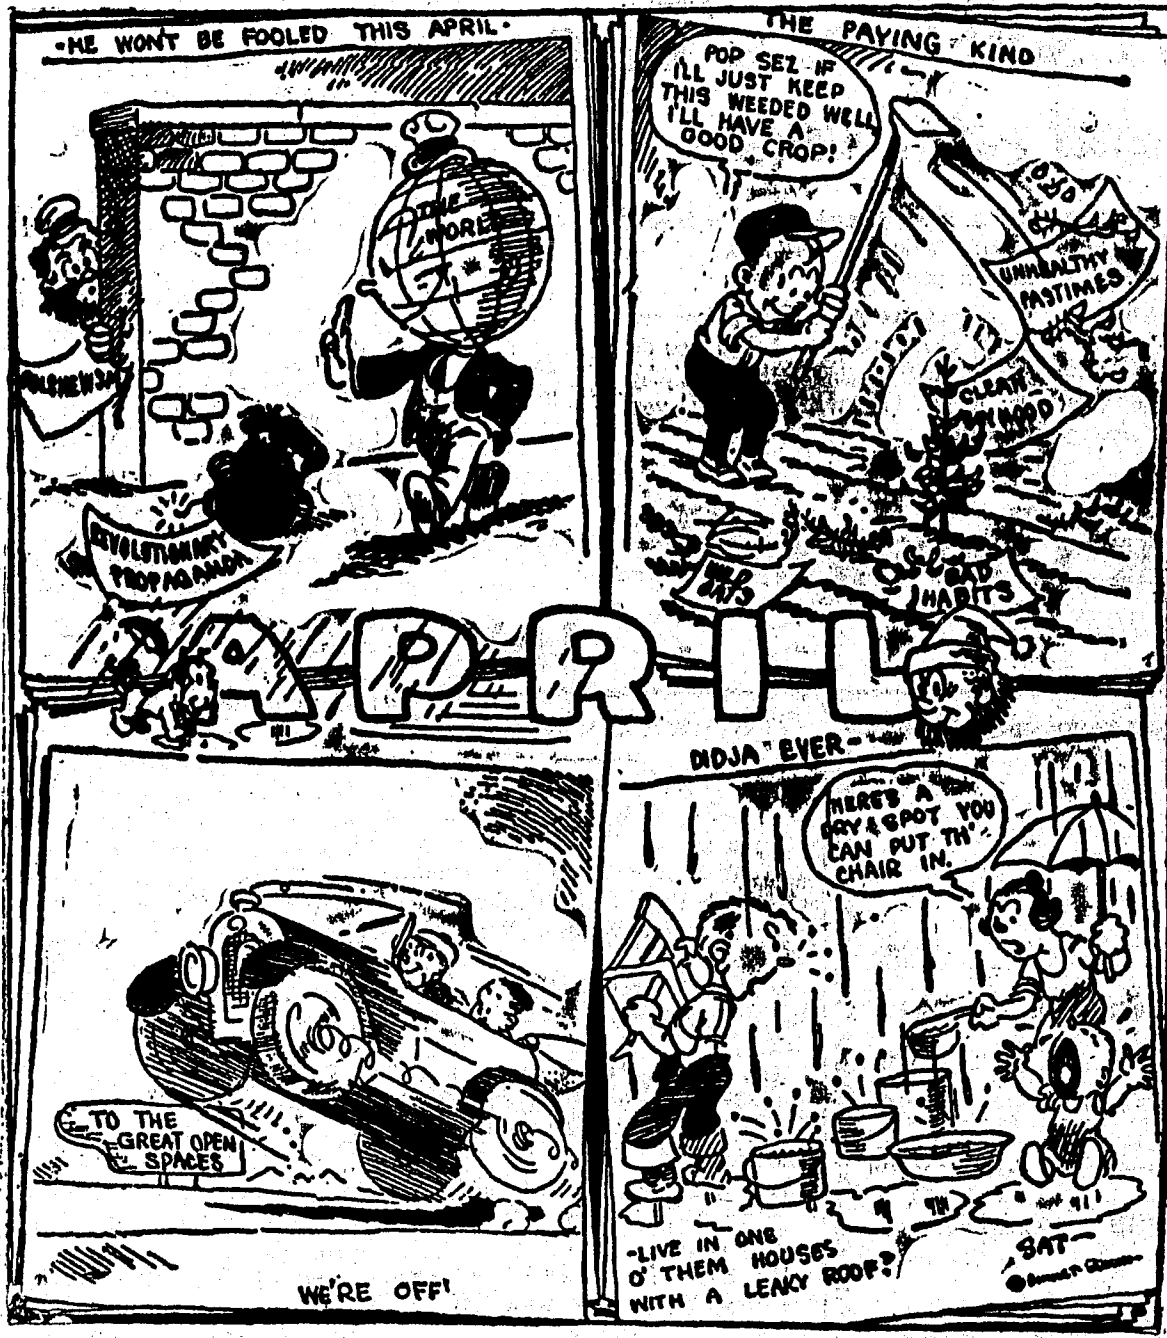

Mr. and Mrs. Wm. Carlton returned Saturday from Lewiston with their daughter Evelyn, who has been a patient in St. Joseph's hospital for the past month.

### Entertains Bridge Club

Mrs. H. B. Thompson very pleasantly entertained the Afternoon Bridge club on Thursday afternoon of last week, Mrs. Geo. Leith winning high score for the afternoon's play. A lovely luncheon was served by the hostess.

### Are Now Shipping Trees

The University nursery has announced that they are now ready to ship trees for spring planting. If you contemplate setting out trees of any kind this spring, now is the time, and you should get in touch with C. L. Price, nurseryman for the University of Idaho. He will send you a list of trees and tell you how to plant them.

## BRIDGE BUILT ACROSS BRADY GULCH STREAM

A wooden bridge has been built over the old slab at the mouth of Brady Gulch and the boulders have been removed from the roadway as well as possible and the passage over the pile of rock has been made somewhat easier. This particular part of the town's streets is a hard nut to crack and it will take no amount of "engineering" to figure out a way that will make a good crossing permanent.

Each year hundreds of tons of boulders are brought down the gulch by the swift water that comes down. There are also several places in the road up the gulch that need fixing and the commissioners are going to take care of it just as soon as it is possible to do so with any degree of assurance that the same thing will not happen again this year.

The Potlatch has lowered considerably and the danger of a possible flood has passed.

### Big Egg Contest

These fine spring days have brought to mind the fact that "Old Biddy" is now at her best and that she will probably soon be trying to outdo herself and every other biddy in this section of the country, so we have decided to again stage our annual big egg contest and will give a six-months subscription to the Kendrick Gazette for the largest hen egg brought to this office during the next 30 days.

If you have a hen that is producing extra large eggs, just bring one of them in and we will measure and weigh it and keep the record. The egg that measures and weighs the most, will be awarded the subscription. This will be an easy way to get the price of several dozen for one egg—if it's the largest one.

### Ross Wants Job Again

Gov. C. Ben Ross has come to the conclusion that he would like the job as governor of the great State of Idaho for another term and has made announcement accordingly.

We guess Ben has made a pretty fair governor, but Byron Defenbach, if he should get into the race, would give the genial gentleman from south Idaho a real run for his money, up here in the northern part of the state.

### Hoover May Fish In Idaho

Mac P. Bailey, state game warden, is now in Washington, D. C., having supposedly gone there to deliver to President Hoover Idaho fishing license No. 1. It is said he made the trip in an airplane—showing that there is nothing slow about Mr. Bailey—when it comes to travel. And Gov. C. Ben Ross said he was not so slow at reducing the visible surplus of cash in the Fish and Game department cash drawer.

## COMMERCIAL CLUB MEETING

The regular monthly meeting of the Kendrick Commercial club will be held Monday evening, April 11, at the Raby Hotel. It is hoped that everyone interested in the progress of our little city will be on hand at 6:30, at which time dinner will be served.

There are several things of importance to come before the meeting and there is every reason why each business man of the town should be present.

## TEACHERS ARE CHOSEN—DAWALD AGAIN TO COACH

After some delay, the full roster of teachers for the Kendrick public school has been announced by the school board. There is only one change in the personnel of the teaching staff for next year from those in charge at the present time.

B. B. Brigham has again been employed as superintendent, with Miss Josephine Deagen and Miss Nina Newman as high school teachers.

A. E. Dawald will have charge of the seventh and eighth grades and will also be athletic coach. Miss Edna Ferguson has been re-employed to teach the fifth and sixth grades and will also be in charge of girls' athletics. Mrs. Silvie Cook has been re-employed to teach the third and fourth grades as has Mrs. Mary Adams to teach the primary department. Lester Crocker will teach manual training and have charge of the janitor work.

In the interest of economy, the commercial department has been dropped from the school, making one less teacher than formerly.

A. E. Dawald, athletic coach, will be remembered as having taught here last year and his basketball team was one of the top-notchers of the conference and would have come close to taking first place had not a misunderstanding come up. Mr. Dawald, it will be remembered, assumed all responsibility for the unfortunate affair, but he was not in any way to blame and it was so understood at the time by those who knew the facts.

There is one thing sure, Kendrick will have a real coach on the job next year and there is every reason to believe that with the timber at hand, Mr. Dawald can and will give a good account in the athletic field.

### Play Much Enjoyed

The play given at the Community church last Saturday evening by a group of Moscow players, was well received by the fair-sized audience present. The proceeds were equally divided between the local church and the Wesley Foundation at Moscow.

## FARM INSTITUTE MEETING SATURDAY, APRIL 9

The attention of every farmer in this entire community is called to the fact that there will be a big farm institute meeting held in the Kendrick Theatre on Saturday, April 9, to which everyone interested in agriculture is cordially invited. The meeting is sponsored by J. W. Thometz, county agent for Nez Perce county, but every farmer who can attend is asked to do so, regardless of whether he lives in Nez Perce or Latah county. The meeting will commence at 10 o'clock Saturday morning and will continue as long as necessary to put everything across that has been placed on the program.

There will be three speakers on the program from the University of Idaho—and they are all thoroughly conversant with their subjects.

Prof. C. E. Lampman will speak on "Poultry," Prof. F. W. Atkinson on "Dairying," Dean E. J. Iddings on "Outlook of Farm Conditions," and County Agent Thometz on "Crop Loans." These are all important subjects, especially at this time, and it will undoubtedly be of much benefit to those who hear these topics discussed by those who have made a study of them.

There will also be special prices in the various stores that will be very attractive to everyone, whether farmer or town dweller.

Don't miss the page ad. bearing on this subject in this issue of the Gazette.

### Death of Wm. Musgrove

William Henry Musgrove, a resident of Texas ridge for the past year, died at his home on March 30, 1932, of influenza and pneumonia, aged 60 years, five months and eight days. Burial was made at Lewiston.

Besides his widow, he is survived by three sons and three daughters.

### Will Cut Idaho Bean Acreage

A decrease of 25 per cent in bean plantings in Idaho is the intention of Idaho farmers this year, J. H. Jacobson, federal crop statistician, reported in his monthly survey for March. The estimated acreage is 134,000, compared with 178,000 acres harvested last year.

### Auto Tags Going Slowly

Approximately one-half of the automobile owners of Latah county have failed to buy 1932 licenses, a check revealed Sunday. Up to Saturday night, 1709 persons had bought licenses or the applications permitting them to drive.

### Slightly Improved

W. B. Deobald, who was taken to St. Joseph's hospital, Lewiston, Monday, March 28, is reported as slightly improved at this time.

## WHEAT MARKET STEADY—FEED GRAINS STEADY

Domestic grain markets strengthened slightly during the week ending April 1, influenced by less favorable prospects for winter wheat and delayed preparations for spring seeding, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Indications of some improvement in export inquiry, as a result of further relaxation in French milling restrictions and smaller offerings from the Southern Hemisphere, were also strengthening factors. Corn futures in Chicago declined to a new low of the current season, but cash markets were independently firm and mostly higher than a week ago, as a result of very light offerings and a fairly active, although limited, demand. Oats and barley were steady at most markets. Rye was independently firm on light offerings and trade expectations of some European takings later in the season. Flax markets continued dull and weak.

Wheat crop developments were an important feature in the general wheat situation during the week. While reports indicate that injury to the domestic winter wheat crop by early March freezes was not extensive or serious in the Ohio valley, more or less harm was done in Nebraska and South Dakota and in the western third of Kansas. In the latter area, the damage was rather serious and further injury was caused by soil blowing. In Missouri and the eastern two-thirds of Kansas, Oklahoma and Texas, the crop has made considerable recovery with apparently no serious injury. Trade estimates as of the first of April, place the condition of winter wheat at 79 per cent of normal and the turnout at around 500,000,000 bushels. Seeding of spring wheat has been delayed by wet soil and cold weather and is now about two weeks later than usual. Plowing and seeding of spring grains have also been delayed in some European producing areas. Heavy snows were delaying plowing in the Balkan states and also in Russia. Some damage from late frosts was reported in Germany, but the crop is generally satisfactory in Italy and France.

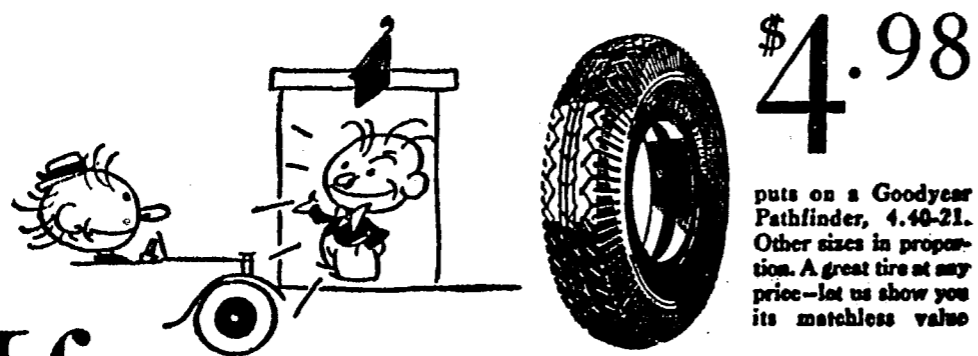

Country mill and elevator stocks in the U. S. at the first of March, totaled 74,601,000 bushels, according to the official estimate, compared with 83,205,000 bushels a year ago and 101,149,000 bushels on March 1, 1930. Stocks were unusually small in the spring wheat area, but much above last season in the states producing principally hard and soft winter wheat. Combining the country mill and elevator stocks with the farm stocks in the principal spring wheat producing states of Minnesota, North and South Dakota and Montana, and adding the market stocks at Minneapolis and Duluth gives a total of around 55,000,000 bushels of spring wheat in that area, compared with about 124,000,000 bushels a year ago. Combining farm and country mill and elevator stocks of winter wheat in Nebraska, Kansas, Oklahoma, Texas and Colorado, with the stocks of hard red winter wheat in the principal market in these states, gives a total of around 195,000,000 bushels, or about 70,000,000 bushels more than in these positions a year ago.

A similar calculation of wheat stocks in Pennsylvania, Ohio, Indiana, Illinois and Missouri indicates a supply of soft wheat in this area of around 75,000,000 bushels, compared with about 35,000,000 bushels a year ago. Combining the farm and country mill and elevator stocks in Washington and Oregon, with market stocks at Columbia river and Puget Sound markets, gives a total supply in that area this season of a little over 23,000,000 bushels, compared with about 40,000,000 bushels a year ago. Total stocks of wheat in the U. S. on farms in country mills and elevators and in terminal markets March 1, were approximately 498,206,000 bushels, compared with 453,289,000 bushels on March 1, 1931.

Cash wheat markets strengthened with futures, influenced also by light offerings and a fairly active milling inquiry. Receipts at the principal central and western markets total only 867 cars, the smallest week's arrivals since the week ending March 28, 1930. The protein of the hard winter wheat this season has averaged slightly lower than for the 1930 crop. For the 55,582 cars tested at Kansas City this season to date, the protein averaged 11.87 per cent, compared with 12.21 per cent for 54,110 cars tested during the corresponding period last season.

**SOUTHWICK NEWS ITEMS**

The Misses Aletha and Inez Bluitt drove to Kooskia Friday and visited till Sunday with their parents. Mrs. Harl Whiting and three children went with them and visited with her parents, Mr. and Mrs. Ross Huffman.

Loy Martin returned home Thursday from a few days stay in Lewiston.

Mrs. Hoppe, Mrs. Chester McIver and Mrs. Elmer McCoy spent the day at the Jap Triplett home Wednesday.

Mr. and Mrs. Arnie Cuddy and daughter visited Monday at Howard Southwick's.

Mr. and Mrs. Homer Betts spent the day Wednesday with Mr. and Mrs. John Lettenmaier. Doretha Miller and Eva McCoy were over-night guests of Mrs. Wilmer Hanks Thursday night.

Father Kunkle held services at the Catholic church Thursday morning.

Clara Stalnaker returned home from Clarkston Sunday where she spent the past week. Leola McFadden came home with her for a visit.

Dr. Truitt was called to attend Bill Dorendorf at Crescent Monday. He has an obstinate case of the flu.

Jake Berreman has moved his stock back to the ranch, so he can start farming as soon as the weather will permit.

Mr. and Mrs. C. A. Betts and family visited Sunday at the Russell Betts home.

Mr. and Mrs. Nels Longeteig were Lewiston visitors Monday.

The Teakem mail made its first trip with a car Thursday. Russell Baker is still carrying it.

Irene Martin spent Monday night with Irene Lettenmaier. Mrs. Glen Betts and Miss Mildred Gibler visited Saturday at the Jack Crabb home.

Sunday dinner guests of Mr. and Mrs. Elton McCoy were Mr. and Mrs. Ben McCoy and family, Grandma Locke, Mr. and Mrs. Wilmer Hanks and son, Lucille Thompson and Ben and Russell Baker.

The Albert Wegner family went to Lewiston Saturday evening to see Wm. Deobald, who is quite ill in the St. Joseph's hospital.

Mr. and Mrs. Ben Pressnall, Mrs. Milton Benjamin, Rev. Weatherby, Mrs. Elton McCoy and Wilmer Hanks attended the funeral of little Miles Hanks in Juliaetta last week. The bereaved family have the sympathy of the entire neighborhood.

Mr. and Mrs. Homer Betts enjoyed dinner at the Virgil Harris home Friday.

Waldo Smith and Jim Campbell were Saturday night guests of Mr. and Mrs. Wilmer Hanks.

Mr. and Mrs. Gus Ziemann visited Sunday afternoon at John Lettenmaier's.

Several ladies of the community spent the day Tuesday with Mrs. Clara Bateman. The day was spent quilting.

Mr. and Mrs. Charlie Hayward spent the day Sunday at the home of their daughter, Mr. and Mrs. Commy Perry.

Lucille Thompson is here this week from Lewiston, visiting with Eva McCoy.

Our assessor, Dan Lyle, was in the neighborhood from Saturday until Monday.

Jim West came over from Teakem Monday and bought a team of horses from Johnny Lettenmaier.

Mr. and Mrs. Darwin Terry stayed all-night at the Wm. Kauder home Friday night and went to Lewiston Saturday.

Mr. and Mrs. Homer Betts and Dan Lyle were dinner guests at the John Stalnaker home.

Burton J. Davis of Southwick has been announced winner of the annual old fiddlers' contest recently conducted at Washington State College as a KWSC feature.

More than 5800 votes were cast by listeners, who sent the fiddlers gratitude awards including eggs, butter, lard, flour, theater tickets and hair tonic.

**Southwick School Notes**

Mule transportation is ancient history now. The roads are now opened up in good shape to Cavendish.

Civics examinations were given on Monday. Thelma Mills and Gladys Reece tied for first place.

The 4th objective bookkeeping test of the year was given Monday. Edith Bateman made the highest grade.

Lucille Thompson visited school on Monday.

Coach Ben Cook says it's a bit early yet for baseball, but the limbering-up exercises have begun with prospects of a fast club.

The 5th grade geography class is making cut-out map booklets of the states.

Doris Armitage made an average of 99 in spelling this six weeks.

We have a report of our high school student at the U. of I. Nelson Blewett, our only freshman at the University, ranks considerably above the average freshman.

Plans for the track meet are coming along nicely. A date will be announced soon. It is expected this year as well as last to give a handsome cup to the school winning the most points. There will also be individual prizes for pupils.

The last six weeks will be spent in a careful study of botany by the biology class.

The play, "I Will, I Won't," a three-act comedy. The characters are as follows: Dr. Anthony King, the school doctor, Rawlin Armitage; Mr. Howard, a lawyer, Stewart Smith; Carney Underwood, Jr., a man about town, Frank Triplett; Elliot Fletcher, man about school, Warner Ziemann; Lucille Owen Co'ed and Joan Stephens, her cousin, Edith Bateman; Lynn Patton, her room mate, Dorothy Miller; Glad Howard, Co'ed, Eva McCoy; Mrs. Stephens, Lucille's grandmother, Gladys Reece; Dean Willis, dean of the school, Thelma Mills; Georgette, maid, ordinary and diplomat extraordinary, Naomi Armitage.

Dorothy Miller was absent Monday on account of illness.

Roxanna Stump has been absent from school three weeks on account of illness.

The high school pupils have a spring vacation while the high school teachers attend the Inland teachers Educational Association in Spokane.

**Held Family Reunion**

Rev. A. E. Janes and Mr. and Mrs. Arthur Janes drove to Spokane last Friday for a visit with members of the family. On Sunday a family reunion was held at the home of Mr. and Mrs. E. S. Thornton, in Spokane. Members of the family present were Rev. Janes, Mr. and Mrs. Arthur Janes, Mr. and Mrs. Walter Kayser, Miss Eldwa Janes and Mr. and Mrs. Thornton.

**A Big Reduction**

Although Doctor Jones did not advertise any reduction in prices, he informed us that he sold several pair of bifocals—frame and examination included—for from \$15.00 to \$17.50. These fine glasses have been selling for around \$20.00 to \$22.50. He is also making a large reduction on reading and distance glasses. This should help the farmer, who is getting less than 40 cents a bushel for his wheat.

**All Kinds Of  
Baby Chick Feed  
Oyster Shell  
Other Items**

**P. S.**

We will gladly assist the farmer in procuring Federal Aid for the purchase of needed spring seeds and feed. Quick action in application is advisable.

**NOTICE OF VILLAGE CLEAN-UP DAY**

Notice is hereby given that Monday, April 11, has been set by the Village Board as Clean-Up day. At this time all accumulations of rubbish will be hauled away free of charge by the city.

All articles to be taken must be in strong sacks or boxes and placed in alley or street convenient to access. Pasteboard boxes will not do as moisture weakens them so they cannot be handled.

No manure will be taken.  
By Order of the Board.  
W. L. McCREARY, Clerk.

**Notice to Clean Barnyards**

Notice is hereby given that city ordinances pertaining to barnyard sanitary ordinances will be rigidly enforced and that same must be cleaned up immediately.

By Order of the Board.  
EDGAR LONG, Marshal.

When in Kendrick, stop at the new Baby Hotel—newly finished; clean beds, and good things to eat. 42-

**Humphrey-Acord Wedding**

Violet Lillian Humphrey and Everett Acord were united in marriage at the home of the bride's parents last Sunday, March 27 at 2:00 p. m., Justice of the Peace J. W. Mansfield reading the service.

The bride was lovely in a gown of Alice Blue silk and she and the groom were attended by Norma Linn of Azwell and Wilnot Humphrey, brother of the bride. After the ceremony the bridal party and guests, numbering in all thirty-five, were seated at a dinner table beautifully decorated and sumptuously laden with examples of the culinary art. The bride is the eldest daughter of Mr. and Mrs. R. E. Humphrey, who moved here last June from Kendrick, Idaho. Mr. Acord is a nephew of Mrs. S. Brownlee and makes his home at Azwell, where he is employed by the Great Northern and where the young people will make their home. Out of town guests were Mr. and Mrs. Beak and daughter of Omak and John Dodge, Chelan. Pateros, (Wn.) Reporter.

**Was Powerful Stuff**  
 An ant was gazing longingly at the carcass of a dead horse when a rum runner's car passed. A case of liquor bounced off the car and the bottles

broke. The ant immediately proceeded to quench his thirst. Then grabbing the dead horse by the tail he shouted lustily: "Come on, big boy, we're going home!"

read on . . . dear lady!  
 here is **Value**

**\$6.60**

**Hotpoint Percolator**

Here Hotpoint brings you real value in a percolator for every-day use.. beautiful, serviceable and attractively priced.

Regular price, \$6.60. Now \$4.95....and only 95c down, \$1 a month.

Calrod heating unit. Protected from overheating by an efficient Hotpoint fuse in base.

Aluminum satin finish, 6-cup capacity, miniature plug, removable top..and it makes the famous Hotpoint hot drip coffee!

**Special \$4.95**

See it today.  
 This special for April only!

**CAVENDISH ITEMS**

Mrs. Mollie Murray and daughter Gertrude spent Thursday night with Mrs. Walter Taylor.

Mr. and Mrs. C. C. Blackburn, who spent about three months with their son, Mitch Blackburn, and family returned to their home in Kendrick last Wednesday.

Mr. and Mrs. Bill Clay and children and Mable Murray drove to Ahsahka Thursday and returned Friday.

Gladys Reece was unable to attend school at Southwick Monday because of a lame back, which she sustained when her horse fell with her as she was coming from school Friday.

Mrs. Walter Taylor and son Lester and Harold Bloom spent Sunday with Mrs. Mollie Murray.

Vernon Akins and Merl Bowler of Ahsahka spent the week-end with Vernon's parents, Mr. and Mrs. Earl Akins.

The L. J. Reece and E. E. McGuire families were Sunday dinner guests of W. A. Reece's.

The losing side in the Endeavor verse-finding contest gave the winners a party and dinner at the schoolhouse Saturday night.

Jess Daniels drove to Southwick Saturday and helped restake and clean the cemetery.

Claude Pippingier has rented the old M. E. church lots and built a new fence around them, which helps the looks a great deal.

Mrs. George Wells spent the week with her father at Southwick.

Loren Pitcher spent Saturday night at Charlie Pitcher's.

A surprise party was given for Mrs. W. E. Tarry Friday night. She took the crowd to the hall, where the evening was spent in dancing. Vernon Akins, Merl Bowler, Faye and Paul Pippingier furnished the music.

A son, Edward Holly, was born to Mr. and Mrs. Claude Kimes March 15.

**FAIRVIEW ITEMS**

Mr. and Mrs. Jas. McVicker, Mrs. T. J. Fleschman and Mrs. Oney Walker and baby were business visitors in Lewiston Friday.

Mrs. Herbert Wolff called on Mrs. Ercil Woody Saturday afternoon.

Clicord Woodward, who is attending school at Waverly, spent the week-end here with his parents, Mr. and Mrs. J. M. Woodward.

Herman Wolff, Mr. and Mrs. Herbert Wolff were Sunday dinner guests of Mr. and Mrs. A. W. Schultz at Cameron.

Sunday dinner guests at the John Glenn home were Mr. and Mrs. Edgar Carlson, Miss Gladys Cochran, Miss Agnes Pearson, Bruce Glenn and Donald Morgan.

Mr. and Mrs. T. J. Fleschman, Mr. and Mrs. Oney Walker and sons were Easter guests at the Virgil Fleschman home.

Mrs. Ray Morgan called on Mrs. Virgil Fleschman Sunday afternoon. Herman Wolff, Herbert and Leonard Wolff were transacting business in Lewiston Monday.

Mr. and Mrs. Roy Glenn and baby spent Monday and Tuesday visiting at the John Glenn home.

Mr. and Mrs. Virgil Fleschman and Cecil spent the day Tuesday visiting at the Roy Morgan home.

Laurel Fleschman spent Tuesday with Orval Walker.

Mrs. Herbert Wolff and Phyllis Johns called at the Byrne and Davidson homes Tuesday.

Mr. and Mrs. Roy Glenn and baby and Mrs. John Glenn called at the Roy Morgan and Ercil Woody homes Tuesday morning.

Mr. and Mrs. Oney Walker called at the James McVicker home Tuesday afternoon.

Mr. and Mrs. Clifford Davidson and Mary and Mrs. Leonard Wolff were business visitors in Lewiston Wednesday.

Leonard Wolff called at the Archie May home Wednesday.

**Needed to Concentrate**

Jones (venturing out for the first time in their new car)—Don't talk for a few moments, my dear, here's a telephone pole coming."

**Look This Way**

In an interview given out in Washington, where as director of President Hoover's campaign against hoarding he was conferring with the Chief Executive, Col. Frank Knox of Chicago, made the following statement, which is deserving of a place on the front page of every American newspaper.

"We are suffering from a national headache, the result of too much eye-strain watching what is going on in Europe. We can correct them at home. Only seven and a half percent of our prosperity is based on Europe. The rest is based right here in the United States."

All of which is undoubtedly true and worthy of the consideration of every true American who has confidence in the future of his country. Yet the majority of our so-called financial experts have had their faces turned to Europe for the past several months and have mournfully told us that there can be no recovery here until conditions are righted in Europe. Of course many of them are interested in Europe in a financial way and what they really want us to do is to lower our tariffs and cancel the war debts.

But every American who has studied the history of his country knows that we have progressed as far as we have, not by depending on Europe, but by blazing a path for ourselves. This has been true since the beginning of history. If we will renew our confidence in the future of American political institutions and of American ingenuity and American business, things will begin to improve before we realize it. We have here the greatest free market in the world, one which absorbs more than ninety per cent of our production. Why worry so much about conditions across the seas? Of course we want Europe to prosper. And one of the best ways to help Europe would be to put Uncle Sam on his feet again by experssing a little confidence in his future.

**More Rain—More Rest!**

The above saying may perhaps have been true once upon a time—and under different circumstances—but the good people of the Potlatch country are getting pretty tired of rain. There was an over-supply of snow came down during the past winter, and now old Jupiter Pluvius seems to have taken charge and this has been a decidedly "wet" territory for some time.

The Potlatch has been running almost bank full for the past two weeks and more and at various times during that period it was feared that another flood, such as we had last spring, would descend upon us, but thus far it has failed to arrive—for all of which we are duly thankful. The snow has about disappeared everywhere except in the hills and mountains and a sigh of relief has been heard from many quarters.

**Still Want Game Preserve**

Lewiston sportsmen are still working on the plan of making that portion of the Clearwater river between the Spalding bridge and the big dam of the lumber company just above Lewiston a duck preserve.

The sportsmen asked that included in the preserve be one-quarter of a mile of land on either side of the river channel. The closure would not apply to fishing. Location virtually assures the preserve. Thousands of ducks spent the winter in the valley this year.

**Wanted—Bears, Birds And Big Fish**

The 13th Annual Spokane Sportsmen's show will be held this year on May 9 to 15 and it is planned to be more interesting and bigger than ever, the committees in charge are on a still hunt for bears, birds, and big fish.

The call has gone out, if you know where there is a huge sturgeon splashing around, or a couple of cunning bear cubs let the Sportsmen's Show know, for the wild guests are sure to be among the most welcome of all in the large crowds that attend this big outdoor event each year.

**Rename Tree**

Ponderosa pine will hereafter be the official common name for the tree species Pinus ponderosa, formerly known as western yellow pine, according to an announcement by the Forest Service, United States Department of Agriculture.

The Ponderosa pine tree and its wood have been known under so many common and trade names that it is in danger of losing its identity. In different sections the tree has been known as yellow pine, big pine, western pitch pine, Montana black pine and bull pine. In the lumber trade the wood known as Pondoza, Arizona white, western soft pine, and many other names.

Ponderosa pine is one of the most important forest and lumber trees of the Western states. According to estimates of Federal foresters, there are over 85,000,000 board feet of Ponderosa pine saw timber in Oregon and about 16,000,000 feet in Washington. The tree is also one of the most important commercial species in California and constitutes nearly all of the sawmill output of Arizona and New Mexico. Its range extends throughout the Rocky mountain area, and as far east as South Dakota and Nebraska. The wood of ponderosa is adapted to a wide variety of uses.

**Church Defenders Slaughtered**

A dispatch from Bucharest, Roumania, under date of March 21, says: "Soviet church-wrecking activities in the Ukrainian village of Taslak resulted in a 'bloody Sunday,' said alleged eye-witness accounts from Kit-zani, Roumania, across the river. Soviet soldiers, attempting to destroy a church in Russia's anti-religious campaign, were faced by 300 women, the reports said, the soldiers killing and wounding several with machine gun fire.

"Persons at the Roumanian military post at Mihaviteazu said the soviet soldiers were seen shooting down 15 peasants who tried to defend a cross in the village square at Ruturaga."

And yet there are learned men in the United States of America, who want Russia recognized as a civilized country!

**Straw Ballots Are Wet**

Idaho voters in the Literary Digest prohibition poll favor repeal of the 18th amendment by more than 2 to 1, according to the first compilation announced of the Gem state ballots. There were 798 votes for continuance of the prohibition amendment to 1,683 against.

In the national vote 3,040,036 ballots have been tallied, of which 2,276,861 or 74.9 per cent are wet and 763,175 or 25.1 per cent dry. Kansas is the only state voting for continuance of the 18th amendment, although North Carolina is within a fraction of 1 per cent of a dry vote.

Nevada, with 86.82 per cent of its votes for repeal, is the wettest state to date, gaining first place from New York in the anti-prohibition column.

**Queer Weather**

On still, cold nights when the air is exceptionally calm temperatures may vary by as much as 10 degrees within short distances. In extreme cases the distance may be as little as 300 feet, although it is usually a half mile or more. A killing frost may damage vegetation on the ground or on low land when a thermometer stationed high above it shows a temperature well above freezing. United States Weather Bureau experts have found that the ideal place to record temperature is 5 to 6 feet above the ground.

**Have Bad Habit**

Some of the younger children, it is presumed, have quite a bad habit of writing on the front of business houses with white chalk. This is a poor pastime and should be discouraged for it not only defaces the front of the buildings but does not seem to help the dispositions of the business men who have to go out and clean it up.

Try trading at home. See if you won't increase your own business.

**Few Dealers Handle Oleo**

Only seven licenses to handle oleo margarine in Idaho have been issued this year compared with 175 issued by the same time last year, the bureau of dairying reported today. The final total last year was 182.

The bureau attributed the decrease to the five cents a pound increase in the five cent a pound tax levied by last legislature which went into effect after most of the dealers had purchased their licenses.

The licenses are \$50 for retail and \$200 dollars for wholesalers.

**Spring Lillies**

Gardeners who neglected to plant lily bulbs last fall can plant some this spring, as there is a new way of storing bulbs at winter at temperatures a little above freezing that keeps them in good condition for spring planting. In the North it is best to wait until the frost is out of the ground, but in the south many species can be planted anytime during the winter. Good kinds of lilies for spring planting are the regal, the gold-banded speciosum, umbellata, Siberian, tiger, and any of the Bergans group.

**Horses, Horses, Horses**

From the Philadelphia Public Ledger: So this is a motor age is Not for the Philadelphia bureau street cleaning. The 1932 budget shows an item of \$100,000 for horse-shoes for that department alone. And, figuring that each horse wears out more than \$60 worth of shoes a year, that means there are some 1650 horses daily use in this city on one job—hauling the street cleaner's wagons.

Add to these the 125 horses used by the city's mounted policemen, the 2000-odd saddle horses and the 2,000 horses used in private businesses on milk wagons, laundry wagons and bread wagons—and the city's total horse population is, to say the least, surprisingly large. There are even livery stables listed in the Philadelphia telephone directory. Horseless age indeed!

**Placing Thermometers**

To avoid arguments about how cold or how hot it is hang your thermometer on the north side of the house in a sheltered place, such as a porch, and be sure it is an inch or two away from the wall. The United States Weather Bureau has found that it gets the most accurate records of temperatures by exposing the Weather Bureau thermometers—of which there are about 5,000 over the country—to a covered or screened inclosure of wood slats which keep off rain, sun, snow, and radiation and also allow free air circulation.

**Seeking New Feed Crop**

A new feed crop for livestock called wheatland milo may be introduced into Nez Perce county as a result of a plan of J. W. Thometz, county agent, to study findings of the Hays, Kansas, experiment station and if possible to get seed samples of the new sorgum leader, said to have proved outstanding in three seasons of growth in the middlewest, according to the Lewiston Tribune.

Thometz said the introduction of the new crop would in no way interfere with the growth of corn. The feeding value to livestock is said to be unusually high in the new crop.

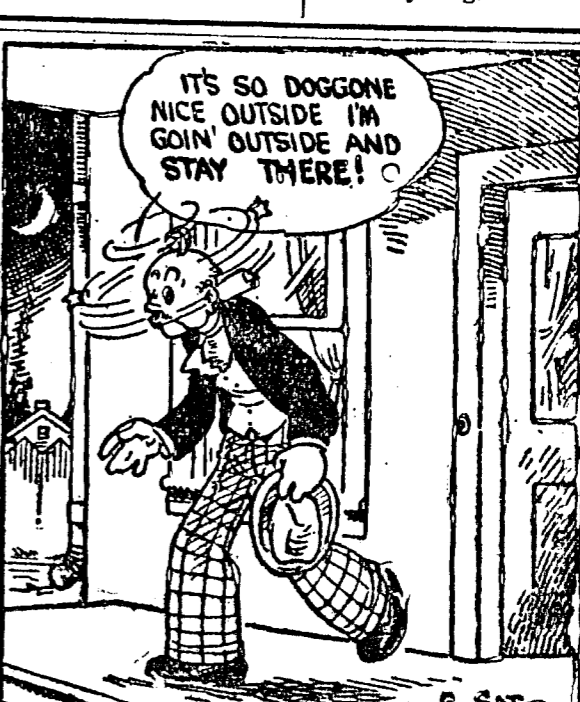

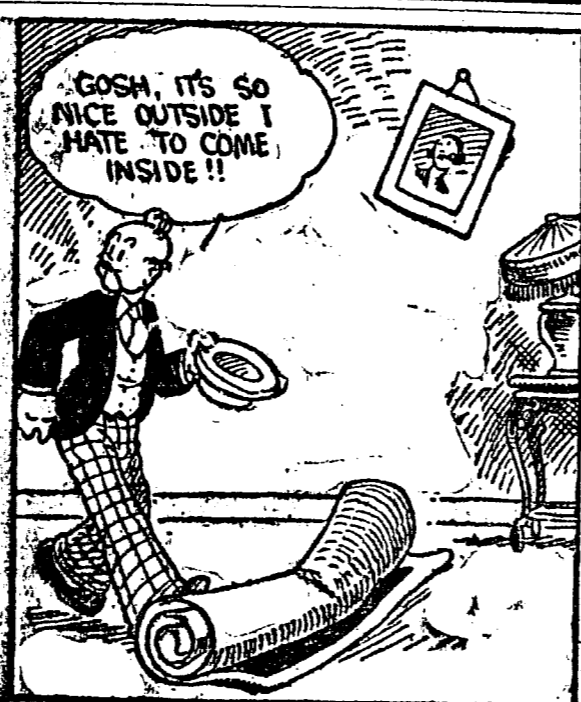

Throughout the country wherever livestock can be successfully introduced the county agent is seeking to place feed crops.

**Bean Story**

A breezy story comes from Michigan, to the effect that an electric eye is quicker at sorting beans than the human eye. It is said only one-fourth of one per cent of culls and extraneous matter get by the electric eye. That is more critical than one-half of one per cent, which the wets complain so much about.

Soon hand-picked beans will be a thing of the past. They will be machine-picked, the same as political candidates are now selected.

Minister—"Do you say your prayers every night, Oswald?" Oswald—"No. Some nights I don't want anything."

# The High School Crier

Typist—Hazel Reid.  
Advisor—Miss Deagen.

**"The Blossoming of Mary Anne"**  
The play is coming along fine and the Juniors are working hard on it. We are sure that it will be good and will give everybody a great laugh—that is to say, it will be enjoyed by all who attend. It will be given in the Kendrick Theatre, Friday evening, April 8.

Following is the cast of characters:  
Mary Anne Simmons—Mrs. Kirkland's niece ..... Hazel Reid  
William Barkley—a Yale man ..... Elaine Jewett, a society girl ..... Nettie Mae McDowell  
Lloyd Henderson ..... Geo. Davidson  
Trella Jewett—Elaine's invalid sister ..... Carrie Lee Riley  
Patty Cloverleaf—a society girl ..... Rowena Ramey  
Charles Mason ..... Karl Emery  
Mrs. Henry Kate Kirkland—a New York society woman ..... Mary Johnson  
Sarah Applegate Slissy—Farmdale dress-maker and town gossip ..... Elma Jones  
Mrs. John Simmons—Mrs. Kirkland's sister ..... Elizabeth Carlson  
Betsy Scroggins—Mrs. Simmons's hired help ..... Ellen Woody  
Felice—Mrs. Kirkland's maid ..... June Davis  
Teddy Farnum ..... John Jones  
Mary Anne Simmons is a lovely country girl who goes to the city and blossoms into a beautiful and popular society queen.

William Barkeley is a romantic young college man that has all the girls crazy about him.  
Elaine Jewett is a great coquette who is bent on winning William Barkeley for his money.  
Lloyd Henderson is another college man and chum of William Barkeley. He is very much in love with Elaine Jewett.  
Trella Jewett, Elaine's sister, is a young girl in very bad health, but in spite of her misfortune, can always see the happy side of life.  
Patty Cloverleaf, a young college girl, and friend of the Jewett girls, is a great flirt and is sort of a flapper.  
Charles Mason, another college man, is a well-mannered chap, used to good society.  
Teddy Farnum, another college man, is very much the society type—young, impulsive, superficial.  
Mrs. Kirkland is a middle-aged woman of commanding appearance.  
Mrs. Simmons is a typical country woman; hospitable and kind-hearted.  
Betsy Scroggins is a slipshod young servant girl, unkempt, countrified, sentimental, and lazy.  
Miss Slissy, a spinster, who is very inquisitive and talkative.

**Operetta**  
Romance, intrigue—and surprises—that's what the operetta holds in store for you.  
You know you enjoy singing, dancing, pretty girls, bright cracks, and brilliant costumes. See the Bolshhevik chorus setting castles on fire; singing, and making merry—so much excitement and fun.  
Do you like new songs? running over with plenty of pep, rhythm and harmony? Of course you do—and the operetta is chock full of them.  
You can't miss it, you know. It's a big treat.

**Receive Library Book**  
On Tuesday morning the high school library received an addition to its shelves in the form of a book, presented by the University of Idaho. The book is "Progress In International

Organization," by Manley O. Hudson. We certainly appreciate the interest shown by the University in presenting us this book.

**Six-Weeks Exams**  
Again the awful burden of six weeks quizzes rests upon the shoulders of the high school students. However, we have one thing to be thankful for. There is only one more six-weeks period in this term.

**Jokes**  
Caller—Who's the responsible man here?  
Homer E.—If you mean the fellow that gets all the blame, it's me.  
Bob F.—What on earth are you wearing all those coats for?  
Bill F.—Well, I'm painting the barn and the directions on the paint cans says: "For best results, put on three coats."  
Harold A.—Is your rich uncle reckless with his money?  
Otto H.—Yes, the last time I visited him he bought me a railway mileage book and told me to go as far as I liked.  
Miss Deagen—Give an example of a concrete noun.  
Roy Long—Sidewalk.  
Miss Deagen—Now give an example of an abstract noun.  
Roy—Vanilla.  
Pete Blevins—"I'm raising a mustache; what color do you think it will be?"  
Jack Plummer—Gray, at the rate it is growing now.  
Bob Fry read the following sign on a dilapidated old Ford: "Who will drive this car away for \$100?"  
Bob walked in and read it through again, then entered the office and said: "I'll take a chance; where's the hundred bucks?"

**WHEAT MARKET STEADY**  
—FEED GRAINS STEADY  
Current arrivals at Kansas City were readily taken under an active mill demand, particularly for high protein wheat. At the close of the market April 1, No. 2 hard winter wheat, ordinary protein, was quoted at 48 1/2c to 49 1/2c; 12.5 per cent protein nominally at 49 1/2c to 51c, and 13 per cent protein at 51c to 52 1/2c per bushel. Receipts at Omaha were only 50 cars, while shipments out totaled 413 cars, mostly of wheat for distribution by the Red Cross. Mills were active bidders for the limited offerings and No. 2 hard winter, 12 1/2 per cent protein, sold at 50 1/2c, while the same grade with 12 per cent protein sold at 48c per bushel, during the day's trading April 1.  
Receipts at Denver were the smallest on record and trading was limited. At the close of the week, No. 2 hard winter with 10 per cent protein was quoted nominally at 30c to 32c per bushel FOB Colorado shipping points and 15 per cent protein at 38c to 40c per bushel. Export trade was negligible at Fort Worth, but mills were fairly active buyers of the rather liberal offerings. No. 1 hard winter was quoted in that market April 1 at 55c to 55 1/2c for ordinary protein wheat, delivered Galveston export rate points. No. 2 hard winter was quoted FOB New York at 54 1/2c per bushel. Some hard winters were sold for export, and together with sales of Manitobas, totaled around 2,000,000 bushels, according to trade estimates. No. 1 hard winter for April shipment from Atlantic ports sold at Liverpool April 1 at 59 1/2c, compared with sales of Australian at 60 1/2c and Argentine Rosafe at 54 1/2c per bushel.  
Soft winter wheat markets were also firmer, largely as a result of light offerings. Local mill demand was of only fair volume at St. Louis, but prices advanced slightly, with No. 2 soft red winter quoted April 1 at 52 1/2c per bushel. A moderate mill demand prevailed at Cincinnati, where No. 2 red winter sold April 1 at 54 1/2c to 56 1/2c. Elevators were bidding actively for wheat at country points to replace stocks shipped to mills grinding wheat allotted to the Red Cross. No. 2 soft red winter wheat was quoted at Kansas City at 49 1/2c per bushel.  
Pacific Coast markets also strengthened slightly during the week, although trading was still restricted at Portland and Seattle by the lack of export sales. Marketing in the Pacific Northwest were the smallest of the season and receipts at Puget Sound and Columbia river terminals totaled only 194 cars. Domestic mills were taking only occasional cars of high protein wheat for blending purposes. No export sales of wheat or flour were reported although prices were near an export basis. Moderate sales were made to California buyers which afforded the principal outlet. At the close of the market April 1, Bluestem hard white was quoted at Portland at

67c, soft and western white at 56 1/2c, hard winter, northern spring and western red at 54c to 55 1/2c per bushel, basis. No. 1 sacked. Western white was quoted at Seattle at 58c, western red, and hard winter at 56c, sacked for No. 1 wheat, while 16 per cent protein No. 1 dark northern spring from Montana was quoted in bulk at 89c per bushel. The Vancouver market was rather unsettled as a result of the holidays and fluctuations in exchange. At the close of the market April 1, No. 1 Manitoba was quoted at Vancouver at prices equivalent to 56 1/2c in U. S. currency, No. 2 Manitoba at 51 1/2c, and No. 3 Manitoba at 48 1/2c on the same basis. California wheat markets remained quiet under a continued light demand from mills, industrial buyers and feeders. Prices advanced slightly however, along with northern and eastern markets. The California winter wheat crop was beginning to show the unfavorable effects of deficient top soil moisture, resulting from sub-normal rainfall during the past two months. Late-seeded fields were especially in need of showers. Conditions were not yet critical however, and the final outturn will depend on weather conditions during the next two months. Offerings of local wheat were very small, reflecting the light remaining supplies, totaling slightly less than 3,000,000 bushels on farms and in country mills and elevators. Current offerings were principally of wheat from Washington, Oregon and Texas. Receipts of Inter-Mountain wheat were very light, since only about 5,500,000 bushels remained on farms in Utah and Idaho at the first of March and about 4,000,000 bushels in country mills and elevators, making the total only 9,000,000 bushels, compared with 17,000,000 bushels in these positions a year ago. Receipts of wheat at San Francisco during March totaled 9,340 tons, of which 7,813 tons were from the Pacific Northwest. Of the season's total of 106,189,000 tons, 84,568 tons were northern wheat. At the close of the market April 1, local No. 1 hard white wheat was quoted at San Francisco at \$1.20 and No. 1 soft white at \$1.17 1/2. No. 2 hard winter, 13 per cent protein, from Texas, was quoted at \$1.23, while No. 2 soft and western white, ordinary protein, from Washington and Oregon was selling at \$1.10 to \$1.12 1/2. Big Bend bluestem hard white was quoted at \$1.30 and No. 1 dark northern spring from Montana, 15 per cent protein, at \$1.78 per 100.  
No. 2 hard winter in bulk, ordinary protein, was quoted at Los Angeles at \$1.15 to \$1.18 and No. 2 dark hard winter, 13 per cent protein, at \$1.25 to \$1.30. No. 2 soft and western white, sacked, were quoted mostly at \$1.16 to \$1.20 and No. 2 hard white Baart wheat, 12 to 13 per cent protein, at \$1.30 to \$1.35 per 100. Mills and feeders at the latter market were buying only sufficient wheat for current needs, but shippers were not pressing sales.  
Marketings of spring wheat remain-

ed very light, with receipts at Minneapolis totaling only 341 cars and at Duluth 38 cars for the week. Of the Minneapolis inspections 97 cars were winter wheat. Inquiry for high protein wheat was more urgent and premiums on 14 and 15 per cent protein increased about 1c per bushel. At the close of the market April 1, No. 1 dark northern, 12 to 13 per cent protein, was quoted at 2c to 4c over the May price of 60 1/2c, 14 per cent protein sold at 5c to 8c over and 15 per cent at 8c to 11c over the May. The protein of the week's receipts averaged 14.28 per cent. The light receipts limited trading at Duluth and buyers were competing for grain at diversion points. Quotations on No. 1 dark northern advanced to 63 1/2c to 70 1/2c at that market April 1.  
Durum wheat did not share in the strength of bread wheats, but declined 2c to 3c per bushel. May durum at Duluth closed April 1 at 54c, a decline of nearly 3c for the week. Lower grades were slow sale at Minneapolis but the best milling lots were readily taken at 20c to 25c premium over the Duluth May. No. 1 and No. 2 amber, ordinary protein, sold at 4c to 23c over the May price and No. 1 durum at the May price to 3c over. No. 2 red durum sold at 10c under the May price.  
Canadian spring wheat markets held about unchanged, with No. 1 Manitoba northern quoted at Winnipeg April 1 at 59 1/2c, which is equivalent to 53 1/2c in United States currency.

**LINDEN NEWS ITEMS**  
Mrs. J. H. Hunt was very pleasantly surprised Tuesday when a house full of her friends came with well-filled baskets to help her celebrate her birthday.  
Mrs. C. H. Fry, Mrs. Addison Alexander and Mrs. Mattie Garner spent the day Wednesday with Mrs. Whisler.  
About sixty people gathered at the Addison Alexander home Sunday to help Mrs. Dicks celebrate her "sixteenth" birthday.  
Mrs. Mattie Garner spent several days the first of the week with her sister at Cavendish.  
A little daughter arrived Friday morning to make her home with Mr. and Mrs. Roy Davis.

**Statement of the Ownership, Management, Etc.**  
Required by the act of Congress of August 24, 1912, of the Kendrick Gazette, published weekly at Kendrick, Idaho, for April 1, 1932.  
State of Idaho, County of Latah—ss.  
Before me, a notary public in and for the state and county aforesaid, personally appeared P. C. McCreary, who, having been duly sworn according to law, deposes and says that he is the owner and publisher of the Kendrick Gazette, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations:  
That the name of the owner and publisher is P. C. McCreary, Kendrick, Idaho.  
That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more to total amount of bonds, mortgages, or other securities are: NONE.  
P. C. McCREARY, Owner and Publisher.  
Sworn to and subscribed before me this 1st day of April, 1932.  
W. J. CARROLL, Notary Public.

**NOTICE OF ANNUAL SCHOOL MEETING AND ELECTION**  
In Joint Common School District No. 24, Latah County, Idaho  
Notice is hereby given. That the annual school meeting of Joint Common School District No. 24, Counties of Nez Perce and Latah, State of Idaho, will be held on Saturday, the 16th day of April, 1932, and the said meeting shall convene at 1:00 o'clock p. m. on said day and continue uninterruptedly until 6:00 o'clock p. m., at the schoolhouse in said District; that at said meeting the following business will be transacted:  
(1) One trustee to serve for a term of two (2) years will be elected.  
(2) One trustee to serve for a term of three (3) years will be elected.  
(3) That at the said annual meeting in said district there will be determined the amount of money to be raised by special taxation, the levy for which purpose shall not exceed ten (10) mills on each dollar of taxable property of the District, and shall determine the purposes for which the money derived therefrom shall be expended, naming in each instance the proportion of the whole amount which is to be used for the various and separate purposes.  
(4) That at said meeting general questions pertaining to school and school interests will be taken up and disposed of.  
The name or names of all candidates for election of trustees together with the term for which nominated shall be placed on file with the Clerk of the Board of Trustees at least six (6) days prior to the day of election.  
That the election at said meeting will be by secret and separate ballot. Dated this 28th day of March, 1932.  
WM. WATTS, Clerk of Joint Common School District No. 24, Nez Perce and Latah Counties, Idaho. 14-3

### Warning

Teacher—If you do not behave yourself I shall ask your father to come to see me.

Jimmy (the son of a doctor)—Better not, 'cause he charges \$3 a visit.

### Shut Down Big Soviet Plant

The wheels of the \$119,000,000 automobile plant at Nizhni-Navgorod—Soviet Russia's challenge to Detroit—have stopped barely three months after they began to hum.

This was admitted by the executive committee of the communist party in a proclamation demanding drastic reforms in leadership so production may be resumed by April 15.

The giant project was set in motion January 1 with the ultimate idea of putting every Russian behind a steering wheel, and it came to grief because there were "too many fingers in the pie."

Ripsnort — Feefoozlus is always grouching about his lot in this world.

Sushem—Well, you would too, if yours was in Florida like his.
