BITS OF THIS AND THAT FROM SOUTHWICK

The Howard Southwick family were Sunday dinner guests of Mr. and Mrs. Matt Peckenpa.

Mr. and Mrs. Alfred Adams and two children of Lewiston stayed over-night at the Alvin Starr home Friday night.

John Lettenmaier enjoyed a visit with two of his uncles from Minnesota and North Dakota, Saturday night.

Mrs. Ted Whitted and son are spending the summer at the home of her parents, Mr. and Mrs. Jap Triplett.

Sunday guests at Ben McCoy's were Mr. and Mrs. Ralph Wright of Lewiston, Mr. and Mrs. Wilmer Hanks and two sons, John McIver, Mrs. Clarence Grant, the Harry Smith family from Leland, Elton McCoy and Lucile Tompson.

Dick Jones spent a week with his sister, Mrs. Mahaffey, in Elk River.

Lois Christensen and Herman Travis spent the day Sunday at the Tom Travis home in Clarkston.

The Nels Longetelg and C. A. Betts families visited Sunday at the Wm. Berreman home.

Mrs. Elston McCoy is at the home of her sister, Mrs. Glen Daggett this week, helping care for her new niece.

Mr. and Mrs. Ralph Wright of Lewiston visited Saturday night at the Clarence Henderson home.

The Frank and George Souders families of Kellogg and Mrs. Frank Souders of Crescent spent the day Saturday with Mr. and Mrs. Charlie Greenwood.

Russell Betts returned home Monday from a two weeks' stay at the National Guard camp at Boise. The U. of I. won first place in marksmanship, Russell holding fourth place in the State of Idaho.

Mr. and Mrs. Joe Kazda and children were Lewiston visitors Saturday.

Mr. and Mrs. Howard Smith were dinner guests at the Ben McCoy home Monday.

Mr. and Mrs. Gordon Harris visited Sunday at the Virgil Harris home.

Mr. and Mrs. Gus Ziemann returned Monday from a six-weeks' trip through Washington, Oregon, Idaho and California. Their son, Dan, returned home with them.

Mr. and Mrs. F. Reiche of Crescent, Mr. and Mrs. Jake Newman and Mrs. Finke were Sunday guests of Mr. and Mrs. Glen Betts. Mrs. Wm. Hadden visited there in the evening.

A large number from here attended the conference at Sunnyside last week. Rev. T. J. Weatherby will be in charge of the U. B. church again this year.

Mr. and Mrs. Wilmer Hanks and sons, Mrs. Clarence Grant, Lucile Tompson and Eva McCoy visited one day last week at the Hanks home at Lenore.

Mrs. Cecil Hayward and three children spent the day Monday with Mrs. Charlie Hayward.

Mrs. Edwin Wetmore returned to Clarkston Friday after visiting several days at the John Lettenmaier home. Elaine Lettenmaier went home with her.

Mr. and Mrs. J. E. Hoppe and Mrs. Eva Wright were Peck visitors Saturday.

Frank Curtis came up from Kendrick Sunday morning and took Mr. and Mrs. Homer Betts to Avon, where they spent the day with the Joe Bower family.

Archie May Recovering

Archie May who a few weeks ago underwent a major operation at a Colfax hospital, is slowly gaining strength, he says, but is still somewhat weak from his operation. Besides removing his appendix, gall bladder and undoing adhesions, they succeeded in taking off 50 pounds of weight in just nine days—and he looks it, too.

The greatest fault Mr. May finds with it all is that he is unable to do any amount of work—nor will he dare indulge in this "pastime" to any great extent for some time to come.

His friends are more than glad to know that he is again able to be out on the road, they hope, to complete recovery.

Democrats Committed to Repeal

The democrats, in convention assembled at Chicago, by a vote of 934 to 213 voted to repeal the 18th amendment.

While no nomination had been made when we went to press, it is very evident that Franklin D. Roosevelt, governor of New York, will be the presidential nominee.

Is Convalescing

C. C. Blackburn, who was confined to his home by illness for some three months, is again able to be out and walk up-town from his home. Mr. Blackburn is past 82 years of age. He says he had chewed tobacco since he was a small boy, but that while thinking things over at his home, he became convinced that tobacco was hurting him, so he decided to quit chewing—which he did—and he says that "No pig could have gained faster than I have."

There may be a moral to this that others might use to advantage.

MUST CARRY AXE, SHOVEL IN NATIONAL FORESTS

Effective July 1, all persons entering national forests for camping, picnicking, hunting and berrying, in motor cars, by team, pack train or airplane, will be required to obtain entrance permits and each to carry a man-sized shovel and axe and a one-gallon water container.

Roy A. Phillips, Grangeville, supervisor for the Nez Perce national forest, made the announcement. It also applies to the Clearwater and Selway reserves.

Permits are available at the supervisor's office and at all ranger stations. This regulation will be enforced strictly, Phillips said.

The regulations require that campers "must be equipped with one axe, 26 inches in length, with head weighing two pounds or over; one shovel not less than 36 inches in length and with blade not less than eight inches wide." The water container, bucket or other vessel, must have a minimum capacity of one gallon.

"Forest users in the past have been exceptionally good cooperators," Phillips said. "It is generally the case that the careless camper works a hardship on those who are careful by creating a case that calls for drastic action."

Representative citizens who frequent the forest areas have been appointed state volunteer wardens with full power to make arrests if the necessity arises.

From July 1 to September 30, smoking will be prohibited except in carefully supervised places. Building sites and permanent camp sites are generally the only places where it will be allowed.

Campfire regulations will be equally strict with campers required to remove all forest carpet from an area some five feet in diameter. Leaving the fire unattended at any time is criminal negligence.

No camp fire should be left unless carefully extinguished. Means provided for putting out fires are two. Wet the entire area of the fire thoroughly and pour plenty of water over all surfaces of burning sticks. If water is not available good clean dirt should be piled on thickly and carefully tamped to cover the fire. One precaution reads: "Keep all fires small."

Man Electrocuted Near Lapwai

Edward James Sampson, member of a pioneer family of the Arrow-Spalding section, was electrocuted at 2:15 o'clock Monday afternoon and a younger brother, Beryl Sampson, and Frank Steiner narrowly escaped death at the same time.

Sampson and the two others were moving a hay stacker at the farm of the Sampson brothers about a mile southwest of Lapwai, and while passing under a wire of the electric system of the Washington Water Power company, a wire cable of the stacker, which was held by Edward Sampson, contacted the wire. The voltage shot through the youth's body and he died almost instantly.

Upon seeing his brother stricken, Beryl Sampson went to his aid. He tried to wrest Edward from his grip on the wire and in so doing was badly burned. Then Steiner went to the aid of the other and he was shocked and burned, not as much as Beryl Sampson, however, who suffered burns on the hands, arms and back.

Death Takes 298 Idaho People

Death took 298 people from Idaho during May this year, of whom 162 were males and 136 females, it was shown in the monthly report of Miss Retta Martin, recorder of vital statistics.

Of these 10 were suicides, 5 drowning, two from firearms, 2 from falls, 5 from automobile accidents, 1 from starvation, 1 from stabbing and 1 from homicide.

THE UNITED STATES FLAG; HOW BE DISPLAYED

There has always been considerable discussion as to how and when the U. S. Flag should be displayed. The following, taken from the Postal Bulletin, gives this information:

The flag should be displayed on the following days: New Year's Day, Washington's birthday, Pan American day (April 14), Mother's Day (the second Sunday in May), Memorial Day, Flag Day (June 14), Independence Day, Labor Day, Armistice Day and Thanksgiving Day.

The flag should be displayed on Sunday when the days referred to above fall on Sunday, also on the day following, when that day is observed as a holiday. The flag may also be displayed on local and state holidays or on special occasions.

The following instructions, covering the display of the flag have been issued by the war department:

"When the national flag is carried in a procession, with another flag, or flags, its place is on the right.

"When the national flag and another flag are displayed together, as against a wall from crossed staffs, the national flag should be on the right, the observer's left, and its staff should be in front of the other flag.

"When the national flag is hung either horizontally or vertically against the wall, the union should be uppermost and to the flag's own right, the observer's left.

"When the flag is suspended between buildings so as to hang over the middle of a street, the union should be to the north in an east-and-west street, or to the east in a north-and-south street.

"When not flown from a staff the flag should always be hung flat, whether indoors or out. It should not be festooned over doorways or arches or tied into a bow-knot or fashioned in a rosette. When hung on a rostrum it should be displayed above and beyond the speaker's desk. It should never be used to cover the speaker's desk nor to drape over the front of the platform. Under no circumstances should the flag be draped over chairs or benches, and no object or emblem of any kind should be placed above or upon it. It should not be hung where it can be easily contaminated or soiled. No lettering of any kind should be placed upon the flag.

"The flag should not be displayed union down, except as a signal of distress at sea."

Whither Taxation

If there is a more vital issue at this time than taxation, the average citizen and business man will have a hard time finding it.

In 1890 the total cost of government, federal, state and local, was \$875,000,000—\$13.88 per capita. In 1919 it was \$7,465,000—\$71.10 per capita. In 1929 it was \$9,792,000,000—\$80.58 per capita. It is considerably higher now. What it will be in 1935, if the present trend goes on, challenges the imagination. The new revenue bill gives no cause for optimism.

Is the United States going the way of England, of Germany, of Australia? Are we going to be swamped by bureaucracy, duplication, enlargement of governmental activities, paternalism and an eventual dictatorship of officeholders?

The future of industry, of employment, of home building and of individual progress is tied up with the problem of taxation. High taxes are frightening the investor, take money out of circulation, paralyze business. The assurance of economical, efficient and restricted governmental activity would do more than anything else at this time to bring depression to an end.

Sustains Fractured Leg

Donald Ehlers, 16, son of Mr. and Mrs. George A. Ehlers, 1316 Twelfth avenue, received a broken leg and other body bruises at 10:30 a. m. Monday when his bicycle collided with a truck driven by Ray Wilson at the corner of Twelfth street and Twelfth avenue, says the Lewiston Tribune.

He was taken to St. Joseph's hospital, where an examination showed a double fracture of the right leg between the knee and ankle. The bicycle was demolished.

According to reports, the boy was riding on Twelfth street on his bicycle while Watson was traveling west on Twelfth avenue. A truck wheel ran over the lad's leg just below the knee. The cycle was apparently dragged approximately 25 feet before the truck was stopped.

INTERESTING NEWS ITEMS FROM JULIAETTA

Genesee Takes Juliaetta

Genesee took a 10-9 victory from Juliaetta Sunday. The game was close all the way through. The first inning Genesee ran in four scores and Juliaetta three. The game was especially interesting throughout with neither team having a decisive margin at any time.

Both teams were hitting good, there being only five strike-outs for Anderson and eight for Tilden.

This leaves Juliaetta 8 victories out of 11 games played.

From all dope the boys have a good chance of winning first place at Lewiston the 3rd and 4th.

In the scores by innings Genesee got 4 in the first, 1 in the second, none the third and fourth, 1 the fifth, 3 the sixth, 1 in the seventh and nothing in the eighth or ninth.

Juliaetta got 3 the first, 1 the second, none the third or fourth, 2 in the fifth, 1 in the sixth, 1 in the seventh, 1 in the eighth and none in the ninth.

Juliaetta garnered 13 hits while Genesee gathered only 11.

Boy Falls 23 Feet—Unhurt

Jack Farnum, seven-year-old son of Mrs. C. L. Farnum, Moscow, knows what it feels like to fall more than 23 feet and not get hurt.

Jackie tried the old beanstalk stunt Sunday afternoon and climbed up a poplar tree in the yard. He got way up in the top when things started to happen, the most important of which was the breaking of a branch on which Jack had placed his confidence and weight.

W. S. Larkin of Juliaetta, the boy's uncle, was sitting under the tree reading when he heard the "branch snap." Looking up, he saw Jack start to tumble. Mr. Larkin sprang to his feet, held out his arms, and caught the boy when he fell. Except for a few scratches and bruises neither were hurt.

Death of Mrs. Biddison

Mrs. Nevada L. Biddison, aged 66, mother of Crayton Biddison of this place, died at her home in Lewiston at 4 o'clock Sunday afternoon. Burial was made at Moscow, by the side of her husband, who died some 12 years ago.

Survivors are a daughter, Mrs. Olive Harvey, Lewiston; and four sons, Crayton of Juliaetta, Elmer F. of Clarkston, Lewis C. of Lewiston and N. A. Biddison of Oakland, Cal.

Joseph White Passes

Joseph White, 32, died at his home at 3 a. m. Wednesday, following an illness of several days. He is survived by his widow, Isabel White.

Funeral services were held Thursday morning at 10 a. m. at the Lapwai Methodist church. Interment was made in the Sweetwater cemetery.

Double Killing Near Moscow

Because he had been discharged, a farm hand shot and killed his employer and later turned the gun on himself and committed suicide by placing the barrel in his mouth and pulling the trigger.

2,000 Attend Craigmont Fete

The annual community picnic held at Craigmont last Wednesday was attended by approximately 2,000 people from neighboring areas. A program brimming with events occupied their attention during the day.

Many beautiful floats were entered in the parade by business houses. Comic entries drew much merriment as well as the entries in the decorated doll, buggy and velocipede classes.

A barbecue dinner was followed by a program of horseshoe contests, races, tug of war and baseball. The Lapwai Indians defeated the Craigmont club 8 to 4.

NEW TAX ON BANK CHECKS AND SAFE DEPOSIT BOXES

Hon. David Burnett, Commissioner of Internal Revenue, today issued the following statement relating to the new tax on bank checks and on leases of safe deposit boxes:

"Under Section 751 of the new revenue law a bank, banker, or trust company is charged with the duty of collecting a 2c tax on every check, draft or order for the payment of money drawn on it, and presented for payment after June 21, 1932. If the business of leasing of safe deposit boxes is carried on, the bank is charged with the additional duty of collecting a tax amounting to 10 per centum of the sum paid on or after June 21, 1932, for the use after such date of any safe deposit box.

"The tax levy on such checks, drafts and orders is not in the form of a stamp tax, as was the case under the Revenue Act of 1898, but is payable by charging the amount of the tax against any deposit to the credit of the maker or drawer of the instrument. The new plan of collecting the tax is free from the difficulties attending the purchase and affixing of stamps, obtaining under the 1898 act, and eliminates the vexatious questions concerning the validity of checks not bearing a stamp. The bank, banker, or trust company on whom the checks are drawn is required to prepare and file a return of the tax monthly with the collector of internal revenue. Many inquiries are coming to the bureau as to whether or not certain forms of checks or orders are taxable. In any case where doubt exists as to the taxability of an instrument it may be submitted to the Bureau of Internal Revenue for a ruling. Up to the present time, no ruling has been promulgated by the Bureau relative to the exemption, if any, of any classes of checks, drafts or orders, from the requirements of the tax.

Now Plague of Crickets

A swarm of crickets, larger in size than those infesting southeast Idaho, has swept upon the gardens on the Boise river between Arrow Rock and diversion dams, 18 miles east of Boise.

Investigators from the university extension division took specimens to the state house, all of them a uniform chocolate brown color and about 1 1/2 inches long.

Ranchers on the Boise river said they had seen the big crickets in the hills for several years but never before had they come down from the hills in such numbers. Men, women and children turned out to destroy them. Chickens were especially useful in checking them and quickly drive the pests out of small gardens.

Extension division investigators believed it unlikely they were present in sufficient numbers to penetrate the Boise valley. An entomologist may investigate the infestation.

N. P. Weed Burner Sets Fires

A weed burner used by the Northern Pacific railway company to clear the weeds from their tracks, while being used in Kendrick Monday afternoon set fire to dead grass, which spread rapidly and before it could be confined had burned 43 telephone poles belonging to the Potlatch Telephone company, a pile of some 70 posts belonging to the railroad company belonging to the railroad company.

A fire which attained some considerable proportion was set by the burner near Bovard, about five miles up the track from Kendrick. It took several section crews to control it.

It was also reported that one fire was menacing hay fields and threatening other damage.

The canyon on Monday evening resembled the smoky period of last summer when the timber fires were burning.

WHEAT MARKET CONTINUES WEAK; CORN STRONG

Domestic wheat markets suffered further declines during the week ending June 24, influenced by increased marketings of new winter wheat and a continued limited demand, according to the Weekly Grain Market Review of the United States Bureau of Agricultural Economics. Corn markets were steady with receipts unusually light. Trade in rye, oats and barley was very dull and prices were not materially changed from a week ago. Flax was slightly lower under a continued dull crusher demand and favorable progress of the new crop.

Pacific Coast markets were relatively weaker than eastern points, influenced by good prospects for local wheat and a continued light demand from domestic mills and exporters. Marketings were very light. Receipts at Puget Sound and Columbia river terminals totaled only 279 cars and were largely of deliveries on previous sales. Demand from domestic mills was confined largely to immediate requirements. Inquiry from exporters was also of small volume and export business for the week was limited to one parcel of 500 tons of white wheat to the United Kingdom. This wheat was reported sold at around 47c per bushel F. O. B. The moderate export sales of flour were reported to North China during the previous week but bids were lower during the current week and no additional sales were made. At the close of the market June 24, Big Bend bluestem hard white was quoted at Portland at 61c, soft and western white at 51 1/2c, hard winter and western red at 50c per bushel, sacked, basis No. 1. Western white, western red and hard winter were quoted at Seattle at 52c and hard white at 62c, sacked, basis No. 1, with Montana dark northern spring, 16 per cent protein, 83c per bushel in bulk.

California wheat markets also were weaker during the period under review, largely as a result of increased offerings of new crop grain and the limited outlet for current offerings. Harvesting progressed rapidly in both Sacramento and San Joaquin valleys and yields were reported heavier than was indicated earlier. Growers were not pressing sales but in some areas were selling wheat and holding barley. Mill demand improved slightly with the increase in offerings, but feeding demand continued dull because of the cheapness of barley and the poor purchasing power of the poultry industry. At the close of the market June 24, No. 1 soft white wheat was quoted at San Francisco at 92c to 85c and No. 1 hard white at 95c per bushel.

Harvesting of the new winter wheat crop in the U. S. has advanced well into the Ohio Valley and in the western areas to the Missouri river. Cutting was practically completed in Texas but was interrupted by rain in Oklahoma. Harvest has been done principally with binders, since fields have been generally too wet for combines. Threshing was underway in southern areas of the hard winter wheat belt and marketings increased sharply during the week, with 3,081 cars received at the principal central and southwestern markets, compared with 2,798 cars arriving at the corresponding week last season. The principal increases were at Fort Worth, Wichita, Hutchinson and Kansas City.

Harvesting of winter wheat is progressing in Europe, with conditions in most countries average or better. Yields in Italy are generally satisfactory, although some damage has occurred from dry weather and heads are poorly filled. The out-turn in France promised to be materially better than that of last year and about equal to domestic requirements, according to mill reports. France has now lowered the quota of foreign wheat to 40 per cent of milling requirements. Spain has a good wheat crop now estimated at 25,000,000 bushels larger than that of last year. The German crop is estimated by the trade at about 37,000,000 bushels over last year's production. German farmers were reported selling old crop grain freely. Negotiations for a most-favored-nation treaty between Germany and Canada, to be concluded within six months, are now in progress.

Boy Scouts Receive Instruction
On Monday of this week the local troupe of Boy Scouts were given a very interesting and instructive talk by Dr. D. A. Christensen on first aid work, practically all forms being taken up and explained to the boys. The talk was very much appreciated by the boys, who now are studying first aid work. Mr. Fraser, scoutmaster, asks the boys to please come on time each Monday evening—7:30—as special instruction is planned for each meeting.

Leland Lodge Entertains Locals
The members of Leland subordinate lodge of Odd Fellows and Rebekahs came to Kendrick last week and royally entertained the members of the local lodges in Fraternal temple. Bridge and pinochle was played and light refreshments of ice cream and cake were served by the hostess lodge. A very pleasant evening was spent. See the home merchant first.

More Gold Seekers
Edgar and Howard Dammarell and "Chuck" Davis left Tuesday for the wilds of the Gold Hill country where they will seek their share of the yellow metal—for which many thousands are seeking at this time.
Harley Perryman and Walt Sparber are building a machine for the salvaging of gold and will soon again go to a selected point where they will try to corral their share of the precious metal.

Government Warns Public

The following statement is made by the United States Civil Service Commission:

The Commission warns the public against paying money for "coaching" courses in preparation for Federal civil service examinations.

Schools which sell such courses under present conditions accept money under false pretenses. A purveyor of civil service courses is now under indictment in Iowa for false representation. It is expected that other such cases of prosecution will follow.

Comparatively few appointments are being made in the Federal civil service. Vacancies which must be filled are filled by the transfer of those in the service or the reinstatement of those who have been in the service, wherever practicable.
