KENDRICK, LATAH COUNTY, IDAHO, FRIDAY JULY 29, 1932

NO. 31

STATE CHAMBER TELLS IDAHO TAX HISTORY

The process of transforming the federal land grants, which are the basis of our institutional endowments, into funds with an earning power is carried on under the direction of the state land department. Sales are made in accordance with the demand, the legal provisions and as is consistent, in the land commissioner's judgment, with the best interest of the endowments themselves.

Some idea of the size of the biennial sales from the various grants is obtained from the latest report of the state auditor. During the biennium in question the cash receipts of the agriculture college endowment fund amounted to \$117,528.81. The charitable institutions fund received \$273,412.23.

Cash Receipts
The cash principle of the insane asylum fund was enlarged during that period by receipts totaling \$62,019.87, and the normal school fund received the sum of \$146,156.62.

Sales from the penitentiary land grant brought \$113,838.59, and returns to the public buildings fund totaled \$13,579.36. The public school endowment fund, by far the largest of the federal endowments, was increased by cash receipts totaling \$2,284,589.05.

Returns for the two-year period to the school of science endowment amounted to \$80,428.72, and the University fund received a total of \$202,354.99.

It should be remembered that these receipts themselves are non-expendable, but are added to the various endowment fund principals, the earnings of which in interest and rentals are available for the purposes for which the grants were originally given.

Demand Governs Sales

These figures are not necessarily representative of all biennial land grant sales. During periods of active demand the sales are logically more numerous and the returns correspondingly larger. On the other hand, in periods of stagnation, such as the present, sales undoubtedly decreased materially, a fact which because of unfavorable price conditions, very likely works to the ultimate advantage of the various funds. Desirability is also an important factor in federal grant land sales.

The "irreducible" endowment fund principals are invested under the direction of the department of public investments. The earnings in interest and rentals are used in fulfilling the various purposes of the endowments.

Acceptable Security

Four classes of security are acceptable under the provisions of the law for endowment fund investments. They are: state bonds and treasury notes; district school bonds; U. S. bonds and treasury notes; and mortgages on farm loans.

Despite these legal precautions, it is an established fact that losses to the endowment fund principals have occurred, generally in connection with loans to individuals on farm property.

Losses Sustained

The latest auditor's report itemizes the endowment funds investments as follows: State bonds and treasury notes, \$1,495,700.00; school district bonds, \$7,230,324.66; U. S. bonds and treasury notes, \$300,000.00, and farm loans, \$2,536,162.45. The grand total is \$11,562,187.11.

The report shows that farm loans totaling \$7,940.00 were charged off the books as valueless during the biennium. Likewise farm loans representing an aggregate investment of \$394,277.99 were foreclosed during the two-year period, the state taking possession of the land put up as collateral. Whether additional losses for the biennium will be sustained depends upon resale value of the land foreclosed upon.

Visited By Old Friends

Mrs. M. A. Deobald was agreeably surprised last week when Mr. and Mrs. Ora Bodwell and son, Ora, Jr., of Fort Collins, Colo., came to make her a visit—the first time they had met for 44 years. The Bodwells had been visiting at points in Oregon and came this way on their return trip home. They had with them their beautiful police dog. They report a very pleasant trip and are very much pleased with the looks of Oregon and Idaho and may at some future time locate in the Northwest.

Mrs. Deobald and Mrs. Bodwell are cousins, their mothers having been sisters. They left for Colorado on Thursday after having spent three days with Mrs. Deobald.

More Fine Cherris

O. E. McAllister of Juliaetta again brought to the Gazette office last Saturday a sample of Bing cherries that would be hard to beat. While they were not quite so large as the Lamberts he brought to this office recently, yet they are large enough for almost anyone to use. One of the cherries, picked at random—for they were all large—measured 3x3 1/4 inches in circumference, and undoubtedly several of them would weigh a pound. Anyway, they were large and very luscious.

HOW COUNTIES ARE DESIGNATED ON AUTO PLATES

Elk River News: Several people have asked on many occasions how the automobile licenses were numbered this year. The system is simple when one knows how it is done. We have secured the list of districts and are printing it below for your convenience in telling just which locality a car is from.

First column designates county in which car is registered. Last column shows approximate number of cars in county:

A1 Ada	11,000
A2 Adams	600
A3 Bannock	7,000
A4 Bear Lake	1,250
A5 Benewah	1,200
A6 Bingham	3,600
A7 Blaine	900
A8 Boise	350
A9 Bonner	2,850
B1 Bonneville	4,650
B2 Boundary	1,050
B3 Butte	450
B4 Camas	400
B5 Canyon	8,600
B6 Caribou	550
B7 Cassia	2,700
B8 Clark	300
B9 Clearwater	1,150
H1 Custer	700
H2 Elmore	1,050
H3 Franklin	1,650
H4 Fremont	1,800
H5 Gem	1,800
H6 Gooding	1,750
H7 Idaho	1,600
H8 Jefferson	2,000
H9 Jerome	2,200
K1 Kootenai	4,500
K2 Latah	4,200
K3 Lemhi	1,000
K4 Lewis	1,100
K5 Lincoln	700
K6 Madison	1,650
K7 Minidoka	2,150
K8 Nez Perce	4,000
K9 Oneida	1,100
R1 Owyhee	300
R2 Payette	2,400
R3 Power	1,050
R4 Shoshone	4,600
R5 Teton	650
R6 Twin Falls	9,500
R7 Valley	850
R8 Washington	2,200

Held Beach Party

The first beach party of the season to be held by Kendrick folk took place at the Arrow beach Friday evening when a party made up of Mr. and Mrs. E. H. Emery and daughters, Mr. and Mrs. Wade Keene and children, Mr. and Mrs. Geo. Leith, Mr. and Mrs. R. H. Ramey and children, Mr. and Mrs. W. L. McCreary and little daughter, P. C. McCreary, Mr. and Mrs. Herman Schupfer and little daughter, Mrs. Harold Thomas and children and Miss Edith Dammarell went to the beach, taking with them well-filled baskets, the contents of which were spread upon robes on the sand beach, after the crowd had indulged in a good swim in the cool waters of the Clearwater river. A fire was kindled and weiners and marshmallows roasted. It was a jolly crowd and a splendid time was had.

Little Change in Business Conditions

Little change in Twelfth Federal Reserve District business was recorded during June. Aggregate industrial production was slightly lower than in May, increases in lumbering and output of food processing industries not quite offsetting declines in other fields. Department store trade increased noticeably, after seasonal allowances for the first time since last October, and registrations of new automobiles rose sharply. Other trade measures changed little or declined. Prices of a number of commodities important in the district advanced, thus following the recent upward movement of wholesale prices in the United States. Banking and credit changes were chiefly of a seasonal nature and the relatively easy condition of recent months continued.

ROBERT F. BROWN DIES IN BOISE HOSPITAL

Robert F. Brown, son of Mr. and Mrs. J. F. Brown, passed away in St. Alphonsus hospital, Boise, July 22, 1932, following an operation for a bruise of the liver, after an illness of three weeks.

Mr. Brown, who was a government packer, was on one of his trips when he was taken ill. Members of his party immediately made a stretcher, which was mounted between two mules, and started for McCall, it taking two days to make the trip. He was taken from there to Boise where he at once entered the hospital. After an examination it was decided that an operation was necessary, which was performed. A slight split was found in the liver, which had evidently been bruised in some manner, but the exact way in which the accident happened will never be known.

Just prior to his passing he was visited by his brother, E. R. Brown, and he expressed to him that he was feeling much improved and had spoken of what the two of them would do when he was again well.

Robert F. Brown was born at Ash Grove, Mo., May 26, 1882. He came to Pullman, Wash., with his parents, arriving there March 8, 1889. The family moved from Pullman to Kendrick in November, 1892, where they have since made their home and while Robert had spent much time in various places, he made Kendrick his home. He spent some time here last fall and winter and again last May, going from here to McCall, where he secured a contract with the government packing supplies into the forest, and it was on one of these trips that he was stricken.

Deceased leaves to mourn their loss his father and mother, Mr. and Mrs. J. F. Brown, Kendrick; three brothers—E. R. Brown of McCall, Idaho; Carl V. and William D. Brown of Eureka, Calif.; and four sisters—Mrs. C. J. Jones of Everett, Wash.; Mrs. C. H. Cole of Dunsmuir, Calif.; Mrs. Ethel Stone of Sacramento, Calif.; and Mrs. Rosebud Benson of Eagle Creek, Oregon.

Members of the family attending the funeral were Mr. and Mrs. E. R. Brown and children of McCall; Carl V. Brown and children of Eureka, Calif.; Wm. D. Brown of Eureka, Calif.; and Mrs. C. G. Jones of Everett, Wash. Also an uncle, W. D. Woodward, of Moscow.

The body was brought to Kendrick, arriving Monday morning. Funeral services were held from the Community church Tuesday morning at 10 o'clock with the Rev. Edward J. Smith conducting the services. Interment was made in the local cemetery.

The pallbearers were Geo. P. Barnum, C. G. Compton, M. O. Raby, F. W. Ellis, John L. Woody and Silvie Cook.

Card of Thanks

We wish to extend our sincere thanks and deep gratitude to the many kind friends who assisted us during our late bereavement, the death of our son and brother.

Mr. and Mrs. J. F. Brown, Mrs. C. G. Jones, Mr. and Mrs. E. R. Brown, Carl V. Brown and Daughters.

Henry Leland Passes

Henry Leland, a resident of this section for the past 25 years, died at his home midway between Kendrick and Juliaetta on Tuesday, July 26, aged 85 years, eight months and 20 days. Old age and a general breakdown being the cause of death.

He leaves his wife, Alice J. Leland, three daughters, Misses May and Ruth at home; Mrs. C. W. Jessup of Juliaetta, and a son, Wm. S. Leland, Pritchard, Idaho; three grand-children and two great-grandchildren.

A short service was held at the grave Wednesday morning at 9:00 o'clock, conducted by Rev. B. F. Prensall, with interment in the Kendrick cemetery.

The pallbearers were Herman Schupfer, Bliss Compton, Tom Long, E. H. Dammarell, Purley Chaney and Water Cochran.

Is Coming Back

While old General Prosperity has been "just around the corner" so long that he has contracted a bad case of paralysis, nevertheless news dispatches from industrial centers throughout the east are all to the effect that the old man is slowly regaining his health and will soon be able to come forward with long strides.

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Franklin D. Roosevelt, democratic presidential nominee, will start his campaign the middle of August by delivering a speech in the mid-west. "Crime Is Increasing" says a news heading—especially that of robbing banks. Three hundred and twenty-five bank robberies have been committed in six months, the latest of which was at Concordia, Kansas, where six men robbed the Cloud County Bank of \$14,000, slugging a bank official and taking three girl clerks as shields. The young ladies were released at the edge of town.

Poisoned liquor was fatal to three over at San Francisco Tuesday when two policemen and a theatre builder were the victims.

At Kiel, Germany, a naval training sailing vessel was blown over by a hard gale and 69 men were drowned. Thirty-seven were saved from the vessel.

Andrew Mellon, American ambassador to the Court of St. James, London, has arrived in America for a short vacation, he says, denying the rumors that he would resign from the ambassadorship.

Uncle Sam put a large crane to work Tuesday wrecking the shacks that have been used by the bonus army the past several weeks.

A news dispatch from Berlin says that the Prussians have regained control and an end has been put to martial law in Berlin and the province of Brandenburg, which has been in force since July 20.

Senator Borah wants a conference of debtor nations called for the purpose of talking over the debt revision. Much speculation has been caused by his recent speech to that effect.

Charles C. Sherman, 72, of Emmett, Idaho, was gored to death on Monday by a vicious bull.

The 157th anniversary of the founding of the postal service in the U. S. was celebrated Monday with Anne Madison Washington, great-great-grandniece of George Washington, taking part.

A commission that has been making investigations, ordered the Chicago Board of Trade to suspend operations, beginning August 8. The board says it will not close its doors, but will take the matter to the highest court in the land if necessary.

F. G. Wheeler of Fruitland, Wash., died of spotted fever Monday following the bite of a tick ten days previously while on a fishing trip.

Five thousand employees of the Federal government at Washington, D. C., were notified Monday that for the next 48 weeks they will be allowed to work only five days a week.

Seattle has asked for \$12,000,000 from the Reconstruction Finance Corporation for relief work, mostly for public works, to give work to the unemployed.

Florenz Ziegfeld, one of America's best known producers of plays, passed away at Los Angeles Saturday.

Mahatma Gandhi, now an international character, may soon be released from prison for civil disobedience. He has been in jail for the past several months.

Highway District Spreading Gravel

The Kendrick Highway district is busy these days spreading gravel on Big Bear ridge, where some three-quarters of a mile has already been spread. It is hoped that the district will have enough money to spare for this purpose to be able to spread an aggregate of between two and three miles. Of course the amount put on the roads will be determined by the amount of taxes received for this purpose.

The state surveyors are still busy trying to find a grade at which a road can be put up Bear ridge to connect with the Deary highway, but no definite report has been made as yet.

Is Coming West

And now Spokane is taking its place among "racketeering" cities, according to recent news dispatches, and Mayor Funk is going to turn the matter over to the Federal grand jury to see what they can do about it.

If they don't have any better luck than they have had in Chicago at unearthing the cause, they will be some time in reaching a decision in the matter. According to reports some of the police of Spokane are subject to the wiles of the lady on the almighty dollar and are perfectly willing to flirt with her—and take the chances.

Good Old Summertime

Thursday and Friday of last week proved to be two real summer days in the Potlatch country, the mercury soaring to 97 and 98 degrees, respectively at the "official" weather station at the Deobald garage.

There were other places that registered higher during both days but Lewiston was the real center of heat for this part of the country, the mercury reaching a high point of 103 degrees at the weather bureau station. Other thermometers, registered as much as 106 on Main street in that city.

IDAHO PRODUCES HAY, APPLES, PEACHES, POTATOES

Hay production in Idaho this year is forecast at 2,923,000 tons, as compared to a harvest of 2,244,000 tons last year, according to state crop statistician.

The increase has been partly due to some increase in acreage being cut, but mostly to the wet spring which has caused increased per-acre yields. Many sections are getting two good crops of alfalfa this year where in former years only one crop was cut. This is true of the dry farming areas.

Apples are expected to yield slightly over 4,500,000 bushels, as compared to 5,000,000 bushels harvested last fall. Poor pollination weather has been given as the reason for the decrease. Peaches indicate an increase of 23,000 bushels to 193,000 bushels this year and pears a 2,000 bushel increase to 60,000 bushels. Cherries should show a slight increase to harvest about 3,100 tons this season and prunes about a 20 per cent increase to 24,000 tons.

The potato crop is estimated at 20,700,000 bushels as compared with the estimate of 24,200,000 bushels this time last year and a four-year average from 1924-28 of 16,500,000 bushels.

Nesbits Return From East

Mr. and Mrs. B. F. Nesbit returned last Friday from a five-weeks visit in the east, their journey taking them as far as Washington, D. C. After leaving Kendrick they drove to Spokane, from which place they took a train for Minneapolis, Minn., where they met their son. After visiting there for a short time they, accompanied by their son, left in his car for Indiana, Pennsylvania, where both Mr. and Mrs. Nesbit were born and spent their early life. They visited various points enroute to Washington, where they spent several days viewing that city. They spent the Fourth of July in the capitol city and witnessed some of the most gorgeous fireworks imaginable and also saw the bonus army demonstration. From Washington they went to Alexandria, Va., the home of George Washington during his active life, as well as other points of interest in the eastern portion of the United States.

On their trip eastward they visited a brother of Mr. Nesbit at McLaughlin, S. D., and on their return trip they visited another of his brothers at Harvey, N. D.

Mr. Nesbit said that the wheat crop looks fine in Canada, along the Canadian Pacific, over which road they came part way home. He stated that in the cities the depression was more noticeable than in the rural communities. At Monroe, Michigan, where a large steel mill is located, unemployment was very noticeable from the fact that the mill is only working part time.

All in all they had a wonderful trip but are glad to again be back in Idaho.

Parents of Son

Mr. and Mrs. Ward Howell of Monterey, Calif., are the proud parents of a son, who arrived at their home to take up permanent residence on July 22, 1932, weight 7 1/4 pounds. The little fellow has been named James Roger. Mother and son are said to be doing nicely.

Mrs. Howell was formerly Miss Vera Ameling of Kendrick. Her mother, Mrs. Liddie Ameling, and twin sister, Miss Velma Ameling, are with her at Monterey.

Taken To Hospital

Elwood Pearson, who resides just east of town, and who has been working in the forest with the blister rust crew, was brought out to an Orofino hospital the latter part of last week, suffering with pneumonia. He was said to be quite ill.

WHEAT STRENGTHENS WITH DETERIORATION

Domestic wheat markets strengthened during the week ending July 23, with hot, dry weather threatening serious damage to American and European spring wheat crops, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Foreign markets were somewhat irregular with the slack inquiry for current offerings tending to offset reports of crop damage. Rye markets fluctuated with wheat, but were also firmer with a slight improvement in export inquiry. Domestic corn markets held about steady under the influence of rapid crop deterioration in important producing areas, although the prevailing relatively high level of livestock prices, continued a steady influence. Other markets were dull with little interest in evidence in current offerings. Barley tended downward with increased arrivals of new crop meeting a dull demand. Flax remained weak and prices declined as hedging pressure increased moderately and crusher demand continued slack.

Foreign wheat markets were generally quiet with relaxation of selling pressure from important exporting areas a strengthening factor in the market situation. Deterioration in spring wheat crops of North America and to some extent in Russia was an additional steady influence. The light volume of trading in international markets however, tended to hold in check price advances. The Russian wheat acreage is now reported at 56,339,000 acres as compared with 63,011,000 acres a year ago. A sale of Canadian Manitoba wheat to Russia for shipment from Vancouver to Vladivostok was reported during the week although Russia is now chartering space for shipment of new wheat from Black Sea ports to the United Kingdom and the Continent. Sales of Australian wheat for shipment to Vladivostok was also reported.

Germany has suspended operation of the wheat tariff at \$1.62 1/2 per bushel on bread wheat during the period August 1 through October 31, upon condition that the amounts of domestic wheat or wheat products shall be exported. The German duty on durum wheat has been reduced from \$1.62 1/2 to \$1.03 1/4 for a contingent of 45 per cent quantity of hard wheat ground last year without the requirement of corresponding exports of wheat produced. The new German wheat has recently been offered in Danish markets at around 50c per bushel, or about one-third of the price of new German wheat at German markets. Some further crop deterioration was reported during the week in western European areas, while local damage from heavy rains was reported in France and Italy. At the close of the week good native milling wheat at Hamburg was quoted at \$1.55 1/2 per bushel, at Paris at \$1.79 and new Italian wheat at Milan at \$1.34 1/2 per bushel.

Domestic markets developed a considerable firmer tone during the week under the influence of hot, dry weather, which threatened crop damage in spring wheat producing areas and a slightly firmer situation in world markets. The widening spread between Liverpool and Chicago futures was regarded as a favorable market factor. Hard winter wheat markets were generally firmer with the continued good milling inquiry for current offerings, although premiums for high protein types were revised downward, with losses of around 6c occurring during the week.

Exports from the Fort Worth territory were negligible during the week with prices still above an export basis. Country marketings declined sharply and this was reflected in lighter receipts at export markets. Milling and elevator inquiry however, continued active with cash premiums advancing. No. 1 hard, ordinary protein, was quoted at 52 1/2c to 53c, with 13 per cent protein at 53 1/2c to 54c and 1/2c additional for each 1/4 per cent above 13 per cent, delivered at Texas common points.

Pacific Coast markets in general followed the markets of the middle west and east and prices moved within a narrow margin. Big Bend blue-stem hard white was quoted at Portland July 22 at 50c to 52 1/2c per bushel, with soft and western white at 47c to 47 1/2c; hard winter, northern spring and western red at 46c to 46 1/2c, basis No. 1 sacked. Export sales during the week included two

PERSONALS

Mrs. Marie Jones of Everett, Wash., is visiting at the J. F. Brown home.
 Mrs. Harry Flaig and Nettie Mae McDowell went to Lewiston Monday.
 Mr. and Mrs. Herman Schupfer and daughter were Lewiston visitors Sunday.

Thos. Sturdevant spent the weekend visiting with friends on Cedar ridge.

Everett Baier and family visited at the Tobe Baier home in Winchester Sunday.

Frank Mahaffey from Coeur d'Alene was a business visitor in Kendrick Monday.

Katherine Kent of Cedar Creek is a visitor at the Chas. McCoy home this week.

Mr. and Mrs. Geo. Leith and Mrs. Wade Keene spent Sunday visiting in Moscow.

Bob Dammarell returned from Orofino Friday, where he spent the past week visiting friends.

The Ben Cummings and E. A. Deobald families picnicked at the Arrow Beach Sunday.

Gus Ziemann, Roy Southwick and J. R. King of Southwick were business visitors in Lewiston Thursday.

Miss Agnes Rogstad of Clarkston was a house guest of Mrs. Thorvald Nelson of Big Bear ridge last week.

Miss Rilla Davidson returned Saturday from a visit of several days at the L. J. Herres home at Orofino.

Mr. and Mrs. E. R. Brown and Tommy and June all of McCall, Idaho, arrived at the J. F. Brown home Sunday.

Mr. and Mrs. Melvin Proconier and children were visitors at the Norris Walker and Herman Schupfer homes Tuesday afternoon.

Mr. and Mrs. Wm. Watts and sons and Rilla Davidson went to Deary Sunday where they visited the John Wade family.

Miss Agnes Kennedy is visiting Miss Irene Meyer at Southwick. Miss Meyer has just returned from an extended visit in Spokane.

"Buzz" Oud, who has been in charge of the Red Cross Pharmacy during the absence of Mr. Nesbit, returned to his home at Orofino last Friday.

Mr. and Mrs. E. G. Ingle from Pocatello arrived Wednesday afternoon for a visit with Thos. Sturdevant. Mrs. Ingle and Mr. Sturdevant are brother and sister.

Carl Brown and children, Marie, Dorothy and Billy and "Buster" Brown, all of Eureka, Calif., arrived at the home of their parents, Mr. and Mrs. J. F. Brown on Monday.

Vacation Church School

The Vacation Church School opened last Monday with an attendance of more than 80 and additional pupils have been enrolled every day.

The school will continue for two weeks.

All departments from the beginners to high school students are well attended and capable instructors are giving their best services faithfully and cheerfully to the end that all the young folks of our community may learn to live more happily and helpfully.

Death of George Pecunier

Word was received in Kendrick Wednesday of the death at Longview, Wash., of George Pecunier, a former resident of this section, but no particulars as to funeral arrangements have been obtainable.

When in Kendrick, stop at the new Raby Hotel—newly finished; clean beds, and good things to eat. 42-

CAMERON NEWS ITEMS

Mr. and Mrs. Harry Eiden and daughter of North Dakota, spent last week visiting with Mrs. Emma Brunseik.

Matilda Groh, Marie Schwarz, Mildred and Selma Wegner spent Thursday afternoon with Reva and Veve Berreman.

Mrs. Jacob Schmidt and Mrs. Margaret Kern returned to Spokane on Tuesday after spending the past five weeks at the Emma Hartung home.

They were accompanied home by Henry Schmidt and Edwin and Herbert Mielke, who returned to Cameron Wednesday.

Leola LaHatt of Kendrick was a visitor on the ridge Sunday.

Matilda Groh returned to her home at Bovill Sunday after spending the past two months here.

Emma Hartung, Mrs. Ida Stoneburner, Henry Schmidt and G. F. Cridlebaugh returned Saturday evening from a five weeks' tour of Minnesota, the former home of Miss Hartung and Mrs. Stoneburner and Nebraska, the former home of Mr. Cridlebaugh. They report a very pleasant trip and lovely weather, but they say the Potlatch is the best place after all.

Rosalie Kruger spent several days of this week with Margaret Davis at Kendrick.

Those helping Kenneth Wilken celebrate his birthday anniversary on Saturday were Helen, Harry and Glenn Newman, Vera Wegner and Edward Wegner.

A large crowd attended the miscellaneous shower that was given for Mr. and Mrs. Leo Lohman Sunday evening. Mr. and Mrs. Lohman were the recipients of many lovely and useful gifts.

Dinner guests of Mr. and Mrs. Herman Meyer Sunday were Mr. and Mrs. John Groh and daughter Matilda, Elsie Zagelow and Kenneth White of Bovill, Mr. and Mrs. Henry Brammer and family, Mr. and Mrs. August Meyer and family, Mr. and Mrs. Ernest Schmidt and family, Mr. and Mrs. Homer Parks and daughter, Mr. and Mrs. C. L. Wegner and family and Rev. and Mrs. O. G. Ehlen and daughters.

Mr. and Mrs. C. L. Wegner and family called on the A. E. Spekker family Friday evening.

Mr. and Mrs. Henry Brammer, Mr. and Mrs. Gordon Harris of Southwick, Mr. and Mrs. Ernest Schmidt of Leland, Mr. and Mrs. Herman Meyer and Herbert Brunseik went huckleberrying and fishing near the Bungalow this week.

Marie Schwarz called on Reva Berreman Tuesday evening.

LELAND NEWS ITEMS

Mr. and Mrs. Chas. Johnson and Herman were Lewiston visitors on Wednesday.

Evelyn Hartinger and Jaunita Wharton of Lewiston visited here Sunday.

Mrs. Virgil Flesman and sons, Melvin and Cecil, visited her mother, Mrs. Rachel Daugherty Wednesday.

A. G. Peters and wife were Lewiston visitors Thursday.

Mr. and Mrs. Lyle Harrison and Mrs. Rachel Daugherty were business visitors in Lewiston Friday.

Mr. and Mrs. James Helton motored to Lewiston and back Saturday.

Jesse Thornton and family and G. Ball and Miss Mildred Craig took two loads of wheat to Culesac Saturday in exchange for flour.

J. E. Flesman and family visited relatives in Juliaetta Sunday.

Clyde Daugherty and family spent Sunday with his mother, Mrs. Rachel Daugherty. Margaret remained for a week's stay.

Lyle Harrison and family were Sunday guests of Mr. and Mrs. Robert Draper.

Mr. and Mrs. Marvin Vincent and family were Sunday guests of Mr. and Mrs. A. G. Peters.

The Sunday school will hold an ice cream social on the lawn at the Virgil Flesman home Saturday evening.

Miss Ages Parson of Hagerman, spent the fore-part of the week visiting with Jaunita and Alvira Flesman.

Mr. and Mrs. M. R. Parson and son Dale of Kimberly, visited overnight Tuesday at the Virgil Flesman home and Wednesday night with James Heltons.

Bob Smith and wife and son Willard were Lewiston visitors Monday.

Mrs. Clyde McGee and Francis of Clarkston accompanied them home for a few days.

Wade Keene Brings Home Fish

We do not know whether Wade Keene brought home any "bacon" or not, but he claims to have brought home a nice mess of trout which he captured up in Marble creek on Sunday when he and Tommy and Maxine and Elma Jones went to that creek to try their luck. Wade said there were lots of fish but that they were not large.

Center Traction Means Safety

SEE how Goodyear puts TRACTION in the center—big husky blocks of rubber—keen-edged—deep-slot—so to dig in, grip and hold. More stop! The All-Weather Tread is a big reason why millions more people ride on Goodyear Tires. Come in—we'll demonstrate!

TRADE

Your tires that slip for tires that GRIP

New 1932 Silent and Safe

GOODYEAR ALL-WEATHERS

TODAY YOU TIRE BUYERS HAVE IT ALL YOUR OWN WAY!

With everyone talking economy—with many people wondering if they can get good tires at a low price—it's a whale of a comfort to look at the facts about tires . . . Today you can get Goodyear Tires—the finest quality in Goodyear history—at the same prices you'd pay for second-choice tires! . . . Drive around and check up

on this fact. And remember: Goodyear Tires are so good they outsell any other tire here in town, throughout the state, all over America . . . They've been leading in sales for 17 successive years! They're first-choice with the public by more than 2 to 1. So why take a second-choice when first-choice costs no more?

Lowest Prices of Any Summer In 30 Years!

What The New Taxes Mean
A recent Associated Press dispatch from Washington gave an interesting insight into what the new revenue bill will mean to the wage earner.
A married business man with one child, having a net income of \$6,000, will pay an income tax to the Federal government of \$124 as against \$23.63 in the past. If he buys a \$600 automobile he will have to pay a new tax of \$18 plus 60 cents for taxes on tires, etc. If he uses 700 gallons of gasoline during the year and 30 gallons of lubricating oil, he will pay a tax of \$8.20, in addition to state gas and oil taxes. If his wife gets a \$200 fur coat the tax will be \$20.
If he makes home brew he will pay about \$3 in taxes on malt. His wife's perfumes, powder, etc., will cost another \$3. If he buys a \$75 radio and pays \$100 for an electric refrigerator, the taxes will be \$3.75 and \$5, respectively. He will pay increased taxes on cameras, electricity, matches, the telephone and a hundred other commodities and services. If he spends \$2 a week for shows and movies, the Treasury will get \$10 from him by the end of the year.
His total direct taxes will be about \$310, as against about \$174 under the old rates—an increase of \$236, or about 150 per cent.
It looks as if the new bill will fatten a depleted treasury—but it's going to make a deep hole in the public pocketbook. And these taxes are only a beginning unless definite steps are taken to curb the expense of government, the cost of which increases like compound interest as the number of public employees grows.

TEAKEAN GOSSIP

Rev. and Mrs. Bruce Groseclose of Sweetwater spent a few days the first of the week visiting at the Wm. Groseclose home.
Marion Groseclose was here the first of the week looking after his cattle.
George and Everett Groseclose of Juliaetta came up Tuesday to get a load of wood.
Mr. and Mrs. Cecil Choate were dinner guests of Mr. and Mrs. Joe Choate on Sunday. Mrs. Choate gave a chicken dinner in honor of the birthday anniversary of Mrs. Cecil Choate and Joe.
Raymond Frasier is here. He said he had gotten ptomaine poisoning in camp and had to leave his work and come home for a while.
The house on Chas. Hall's place and occupied by Dolp Shoemaker and family, burned down Sunday evening. Only a few things were saved.
Mrs. Anna Harless and children and Merton Preussler were dinner guests at the Herring home last Sunday.
Mr. and Mrs. Geo. Shepley visited at the Chas. Sewell home Sunday afternoon.
Mrs. W. Groseclose and Carroll and Mrs. Bruce Groseclose went to the Amos place on Cream ridge Monday to get cherries.
Mr. and Mrs. T. B. West of Orofino visited their son Jimmie and family here last Sunday.
Mr. and Mrs. J. H. Butler and family spent Sunday and Monday visiting with their daughter and family. Mrs. Erdwine, on Cedar ridge.
Mr. and Mrs. Wm. Groseclose and Carroll were Sunday dinner guests of Mr. and Mrs. Chas. Sewell.

Card of Thanks

We wish to express our sincere thanks to our many friends and neighbors for the many useful things given us last Sunday evening, which we fully appreciate.
Mr. and Mrs. Leo Lohman.

CAVENDISH NEWS ITEMS

Dolph Shoemaker's house caught fire Sunday evening about 8:30. The family had gone to bed and were awakened by the blaze, which started in the upstairs portion of the house. By the time neighbors arrived on the scene, the fire had such a start they were unable to save but little of the furniture. The cellar, full of canned goods and the woodshed with 15 cords of wood, were completely destroyed. It is believed the fire started from a defective flue. No insurance was carried. They have a large meat house in which they will live for the present.

The Community Club met at the Club house Thursday.
Mr. and Mrs. Claude Pippinger have made two trips to Leland this week to hunt for their black Water Spaniel dog, which strayed from their car last Tuesday while they were in the store shopping. They have found no trace of him as yet.

Misses Ivaloe Blackburn, Opal Sackett, Mabel Murray, Mariam King, Pearl McIver, Dorothy Miller and Mrs. Thelma Pitcher took two horses packed with their camp outfit and hiked over this side of Dix creek on Thursday and spent the night. They saw no bear but were badly frightened by a dog fight, which took place on their bed about midnight.

Bill Clay butchered a veal Sunday. Clark and Bernard Armstrong of Lapwai are visiting with their cousin, Marshall LeBaron.

Claude Kimes had his foot badly mashed last week while feeding the hay baler.

Miss Edith Bateman of Southwick spent Saturday night at the Geo. Wells home.

Rev. Smith of Kendrick preached at the school house Sunday morning.

Lawrence Olson of Orofino spent Sunday at the Arthur Sackett home.

Everett Blackburn and Vernon Akins called on Miss Gladys Reede at Cameron.

Rev. George Calvert will hold camp meetings in the park, beginning on Thursday night.

Callers at the Jeter Candler home Friday were Mrs. L. J. Reese and sons, Mr. and Mrs. Klafleish and Chas. Hall.

CRESCENT CLIPPINGS

Mrs. Annie Kimbley and children visited with Mrs. Rose Farrington Friday.

Mrs. Mike Forest and daughter Ida visited with Mrs. Rose Farrington Friday morning.

Mr. and Mrs. John Darby and daughters, Beth and Amy, went to Spokane Monday.

Mrs. Frank Souders and sons Marion and Marvin were Southwick visitors Monday morning.

Mrs. Annie Kimbley and children visited at the Mike Forest home on Sunday.

Mr. and Mrs. M. A. Orley, Millie Abrams and son Harold visited with their sister, Mrs. Bert Kloster on Thursday.

Miss Bertha Loeser visited the Trail home last week.

Mrs. Ekman was a Saturday guest at the Claud Craig home.

Mrs. Henry Loeser and daughter Jennie were callers at the C. L. Trail home Saturday.

Irene Kimbley called on Helen Farrington Saturday.

Minnie Craig returned to her home from Lewiston Saturday night.

Mr. and Mrs. Bert Kloster and daughter Ruth were Kendrick and American ridge visitors Monday.

Alva Craig of Leland is working for his folks at Crescent.

Helen Farrington was a caller at the Souders' home on Monday.

Mr. and Mrs. George Lockhart and children were callers at the Bruce Lockhart home Monday.

Lloyd Farrington spent Monday night with the Lockhart boys.

Bruce Lockhart went over to Arley Allen's to get a binder for John Darby Monday.

Henry Loeser went to Three Bear to help move the sheep camp.

Wants Some R. F. C. Money

Since the government relief bill was signed by President Hoover the other day, there have been thousands of applications for loans for almost every conceivable use and Governor Ross is swamped with applications for loans out of this fund.
The governor had just made the announcement that he was of the opinion that there were too many service stations in Idaho, yet he received an application from a man who wanted a loan to build a new service station and another loan was asked for expanding a milling business. They did not seem to know that the money put out through state channels is for the relief of unemployed and to feed the hungry.

Suitor—I-er-want to ask for your daughter's hand, sir.

Auctioneer father—It's no use, young man. She's going in one lot or not at all.

WHEAT STRENGTHENS WITH DE'ERIORATION

half cargoes to Ireland at a reported price of around 43c per bushel. The firm holding tendency of growers in this area was reflected in light terminal receipts at Puget Sound and Columbia river points, which totaled only 345 cars compared with 1,082 cars the same week last year.

Cutting of spring wheat has begun in central Oregon and is now general throughout the Walla Walla district and is beginning in the Palouse district of Washington. Early samples include considerable smutty wheat and low-test weight is reported in sections usually producing high-test weight wheat. Vancouver is reported to have sold small lots of wheat to the United Kingdom during the week, and No. 1 Manitoba northern was quoted at Vancouver at the July price of 54½¢, Canadian currency, or 47½¢ U. S. value with No. 2 Manitoba northern at 51½¢ Canadian currency, equal to 44½¢ U. S. value.

California markets were quiet with demand of only moderate proportions. Continued selling pressure from growers, together with a fairly heavy movement direct from fields to interior consuming centers, tended to offset the dull inquiry at the markets. Trading at San Francisco comprised principally California wheat with relatively low local prices below a shipping basis from outside markets, in sharp contrast from a year ago when northern was relatively cheap and substitution for feed barley was quite extensive. California growers were receiving around 72½¢ per 100 for best grade wheat at Sacramento valley points and 75c to 80c at San Joaquin stations taking the average freight rate to mills. Heavier offerings and dull inquiry were weakening factors at Los Angeles although the steady holding tendency of growers was a firming influence. Mills were fairly well supplied and mill buying was restricted to immediate requirements.

No. 2 soft white wheat was reported being offered from Northwestern state at 90c to 92½¢ delivered. No. 1 hard white California grown wheat was quoted at Los Angeles July 22 at 95c to 97½¢ with No. 1 soft white at 92½¢ to 95c and No. 2 or better western white at 90c to 92c per 100.

Soft winter wheat markets strengthened during the week with keen competition for cash offerings and steady buying by elevator interests.
Spring wheat markets advanced with steady demand for cash wheat influenced by an improved domestic flour business and also reflecting the crop damage resulting from the recent hot weather. Harvesting operations progressed rapidly and early-sown fields were forced to maturity with little or no crop damage, but later sown fields, especially in drier areas, were adversely affected and crop yields and quality were lowered.

The Winnipeg market advanced slightly during the week with gains of around 1c per bushel. No. 1 Manitoba northern was quoted at 54½¢ in Canadian currency, or 47½¢ in U. S. value as compared with top quotations of 57c to 61c for spring wheat at Minneapolis.
Durum wheat markets turned firmer with other wheats. Demand was fairly steady for the light cash offerings. Samples of new crop durum wheat have been recently received at Minneapolis, showing a wide range both in test weight and protein, although no straight cars of new durum have yet been received.

Dredgers Get Much Gold

Dredging operations near Pierce are showing profit, reported Charles McEchron, Orofino, who with Mrs. McEchron and his parents, Mr. and Mrs. C. D. McEchron, was a visitor in Lewiston Saturday, says the Tribune.
"The New York-Idaho Dredging Co., operating on Rhodes creek, four miles southeast of Pierce, recently netted \$5,000 for two weeks' operation," he said. "Two teacupfuls of gold and one nugget worth \$40 were recovered."
"The company is working over old ground and it is thought that the gold has been washed in since the placing of the 1860's. But where is the original source is a matter of conjecture. The heavy overburden makes prospecting extremely difficult."

Girl Nearly Chokes On Gum

As a warning not to chew gum while in swimming, a news dispatch from Spokane says that Miss Evelyn Cross, Valleyford, came near drowning while teaching another girl to swim, just because the instructor was chewing gum when the pupil pulled her under, causing the gum to lodge in her throat, which came near strangling her.

Will Be Surprised (?)

Announcement has been made that a delegation will wait on President Hoover August 11 and inform him that he has been nominated as republican candidate for the presidency of these great United States.
What a surprise he will receive!

In Accident
Edward Cox, Potlatch ridge resident suffered a bruised wrist Sunday evening when the car in which his mother, Mrs. William Cox and his sister, Mrs. John Taber, was forced into a bank on the grade by a truck. The car laid over on its side, smashing the fenders and running board on the right side. The other occupants of the car were not hurt.

Entertains At Cards
Mrs. Manford Nutt entertained at a bridge party Friday evening in honor of Mrs. Charles Talbott of Potlatch and Mrs. Leland Irwin of New Meadows. Mrs. Walter Cochran received high score and Mrs. Creighton Biddison low. Mrs. William Spray and Mrs. D. E. Buckallev assisted.

Celebrate Cherry Harvest
The close of the cherry harvest season was celebrated Friday with a big "Cherry Pickers Ball", held at the I. O. O. F. hall. The final pack of cherries was concluded on Thursday when the twelfth car was shipped.

Personals
Rev. Wilbur Fix left Saturday for Boise.

Mr. and Mrs. Edgar Wilcox spent the week-end visiting in Spokane.

Mr. and Mrs. Charles Leavitt and son visited Rowland park Sunday.

Mrs. Rouse of Spokane is visiting at the home of Mrs. Amanda Alexander.

Mr. and Mrs. Leland Irwin of New Meadows, left Saturday for a visit at Coeur d'Alene.

Mr. and Mrs. J. M. Hedler and son spent Sunday with Mr. Hedler's sister at Pomeroy.

Mr. and Mrs. Everett Custer were Sunday visitors from Genesee. Mrs. Sam Gruell went home with them for a visit.

Mr. and Mrs. Edgar Carlson and daughter and Carl Carlson and son attended the ball game at Genesee Sunday.

New Grain Coming In

R. B. Parks was the first to deliver new wheat to the Kendrick Rochdale company's warehouse this season, he having brought in some 300 sacks of forty-fold on Tuesday of this week, which was of good weight and comparatively free from smut.

The Vollmer-Clearwater company also received some 250 sacks of new barley on Tuesday, the first of the season. This was also of good quality and weight.

The crops seems to be only about three days later than last year, regardless of the lateness of the sowing and growing season.

A Find
A bleary-eyed man entered a savings bank and hurried up to the teller's window. "Lemme have two cases right away," he said, pushing a \$50 bill through the grating.

"What do you mean? Two cases of what?"

"Hanged if I know what name you give it," was the reply, "but I saw a sign outside that said '4 per cent' and I'll drink it, whatever it is."

To delay an undertaking is often to ruin it.

Would Protect Wheat-Cotton

Gov. Franklin D. Roosevelt advocates tariff protection for cotton and wheat growers in an article on "restoring purchasing power," one of 23 contained in a book of his writings published Monday.

"We must adopt a new policy for wheat and cotton," says the democratic presidential nominee, "laying down a new principle that our farmers are entitled to tariff protection for that portion of their crops which is used in this country."

"Wheat and cotton are the great money crops. Over one-third of our population is dependent upon them. If we can restore a degree of prosperity to this large mass of our population no one can deny that an artificial—even if only a temporary—method is justified by the probable results."

Many To Troy Dance

Quite a large crowd of Kendrickites motored to Troy Saturday night to attend the dance at the pavilion, where they danced to Walt Allen's music. They report a good clean dance and a splendid time.

Suffers Relapse

W. B. Deobald is again on the sick list, having suffered a relapse, believed due to over-exertion. He is under a physician's care at his home and it is thought he will be up and about again in a short time.

Entertained at Dinner

Ray Tuttle of Walla Walla was a dinner guest at the Silvie Cook home on Wednesday. Mr. Tuttle is connected with a heating and ventilating company.

Card of Thanks

We desire to express our sincere thanks to all our friends for their kindness during our recent bereavement, especially for the many floral offerings.

Mrs. A. G. Leland and Family.

Fine meals, good clean beds, generous servings, when you sleep and eat at the Raby Hotel, Kendrick. 14

Another Snake Story
There shouldn't be any particular reason why so many snakes seem to be haunting our little city (the most of the inhabitants are reasonably temperate). But this story has a moral to it—for snakes, at any rate—for the one about which this story is concerned met a sudden and ignominious death.

It happened Wednesday morning that when Mrs. Wade Keene went to go out her back kitchen door she pushed open the screen—and lo, and behold, a large snake, about three feet in length, dropped down on the

back of her neck. It wasn't a rattler, but it was just as cold and squirmy as any snake and brought forth the usual cry of horror from Mrs. Keene. But right there was where Mr. Snake made a mistake for after the fright was over Mrs. Keene grabbed two brooms and proceeded to shorten Mr. Snake's life "right now." She held the reptile down with one broom and swept his life out with another.

Just how the reptile got up over the screen door, or why, will always be an unsolved mystery, for the snake didn't live long enough to tell the story, had it been capable of doing so.

Hold For \$1.00 Bushel

A movement has been started in North Dakota by farmers who declare they will hold their wheat for \$1 per bushel—and the movement is said to be spreading rapidly—not only in North Dakota, but in several other states as well.

North Dakota will have this year an estimated yield of 124,000,000 bushels, or about one-sixth of the U. S. production.

Wheat should never be under a dollar a bushel.
