VOLUME XLII

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY AUGUST 5, 1932

NO. 32

STATE CHAMBER TELLS IDAHO TAX HISTORY

State Insurance

A law making compulsory certain compensation for injured and disabled workmen in the state of Idaho was enacted in 1917. To enable employers to more readily comply with the provisions of this law the state insurance fund was created.

At present employers may comply with the compensation law in one of three methods: by contract with the state insurance fund, by insuring their workmen with approved insurance companies or by establishing individual liability with approved bonds in the amount prescribed by law.

Operation of the state insurance fund is simple. Employers pay into the fund premiums at established rates; in return, compensation for injured and disabled workmen is paid from the fund.

Purpose of The Fund

The purpose of the fund, as set forth in the creating act, is "insuring employers against liability for compensation under the workmen's compensation law and assuring to the persons entitled thereto the compensation provided by law."

The legislature, it is apparent, not only saw fit to pass a law compensating injured employees but likewise to set up the machinery for the carrying out of the provision of that law.

The insurance fund, according to the creating act, "shall consist of all premiums and penalties paid into the fund, or property and securities acquired by and through use of the moneys belonging to the fund and of interest earned upon moneys belonging to the fund and deposited or invested as herein provided."

\$20,000 Appropriated

As initial capital, a sum of \$20,000 was appropriated to the fund from the state's general fund. A flood of premiums started and in a short time this initial appropriation was not only returned to the state but a sizeable surplus likewise accumulated. Since that time the fund has been able to pay all claims and at the same time maintain an assuring surplus.

Biennial appropriations for the administration of the fund are made from it by the legislature. Administration costs for the biennium of 1929-30 totaled \$83,074.64.

Cash receipts of the fund during the last biennium totaled \$1,339,254.59. An initial balance of \$107,682.22 and receipts by transfer of \$2,007.15 made a total of \$1,352,029.96.

Disbursements

Disbursements for the two-year period were as follows: administration, \$83,074.64; compensation awards, \$749,970.37; and purchase of investments \$472,327.29. The disbursement total was \$1,305,372.30.

Administration expenses are itemized as follows: salaries and wages, \$60,589.85; other expense, \$3,209.80; services other than personal, \$9,397.67; supplies, \$3,150.70; equipment, \$4,543.69; and rents, contributions and fixed charges, \$2,182.93.

Operations report of the fund investments shows that at the beginning of the biennium \$1,039,492.10 was invested in the following securities: Liberty bonds, state treasury notes, school district bonds, highway district bonds, city and village bonds, irrigation district bonds, county bonds, mortgage notes, county warrants, school district warrants, highway district warrants, irrigation district warrants and city and village warrants.

Investments Increased

During the two year period the investment principal paid totalled \$315,981.45 and interest collected amounted to \$113,913.17. New investments totalling \$478,890.39 were made. The invested balance at the close of the biennium was \$1,202,401.04.

Heaviest investments at that time were: city and village bonds, \$580,055; county bonds, \$239,832.57; and highway district bonds \$219,300. The sum of \$55,915.78 was invested in mortgages, presumably on real property.

While the insurance fund is government controlled, it should be remembered, when considering taxation, that no tax moneys go either to the fund or its administration. The fund is, however, supported by the state's industries and its efficient and economical operation is therefore a matter of importance to every citizen.

The Broad Hint

"I've never seen such dreamy eyes before."
"Maybe that's because you're keeping me up so late."

Entertained at Bridge

The home of Mr. and Mrs. Geo. Leith was the scene of a very pleasant informal bridge party last Thursday afternoon when the game was played at four tables. Miss Edith Dammarell won high score while Mrs. D. A. Christensen received low. Those in attendance were Mesdames R. H. Ramey, Wade Keene, Edgar Long, F. H. Rider, Helen Boyd, Harold Thomas, W. L. McCreary, E. H. Emery, Lester Crocker, W. J. Carroll, H. B. Thompson, D. A. Christensen, A. K. Carlson, Misses Edith Dammarell and Rilla Davidson and the hostess, Mrs. Leith. Delicious light refreshments were served during the afternoon.

FUNERAL FOR GEORGE A. PROCUNIER ON SATURDAY

Funeral services for George A. Procunier, who died at Longview, Wash., July 26, 1932, were held at Bethel chapel, American ridge, Saturday, July 30, at 10 o'clock, Rev. Edward J. Smith, pastor of Kendrick Community church, officiating, with interment in Normal Hill cemetery, Lewiston. Mr. Procunier had been ill for about three years. Music was furnished by Mesdames E. H. Emery, R. H. Ramey and D. A. Christensen and Messrs. R. H. Ramey and Lester Hill.

George Andrew Procunier was born at Danbury, Iowa, March 2, 1872, where he grew to manhood and spent his early life. He came to Idaho in 1895, going to the Gifford section, where he homesteaded. After a period of years spent there he removed to Olds, Alberta, Canada, later returning to the States, coming to this section and buying a farm on American ridge. He resided there until some two years ago, when he sold his farm and moved to Longview, Wash., in the hopes that the change of climate would be beneficial to ill health.

On November 25, 1901, he was united in marriage to Miss Frances Ann Stephenson of Gifford. To this union five children were born, two of whom passed away in infancy. He is survived by his widow and three children: Melvin Thomas Procunier of American ridge, Mrs. George Croson of Lewiston, Idaho, Norris Elbert Procunier of Longview, Wash., residing at home; also three brothers: Lawrence of Moscow, Idaho, and John and Harry of Rapid City, South Dakota, as well as a host of relatives and loyal friends.

He was a man of sterling character and made friends readily wherever he went. He early in life became associated with the church and found close kinship with Jesus during his long period of suffering.

Card of Thanks

We wish to extend our heartfelt thanks and appreciation for the kindly help and sympathy of our neighbors and friends and those who gave the beautiful floral offerings and the singers who took part in the services.

Francis Procunier, Thomas Crason and Family, Melvin Procunier and Family, Norris Procunier, Mr. and Mrs. Norris Walker, Mr. and Mrs. Herman Schupfer.

Moscow Known As "Chump Town"

The jungle inhabitants of the Moscow section say that town is known all up and down the road as "chump" town because they feed all comers and seemingly no questions asked, and the consequence is that they have more of that class than they know what to do with.

After Kendrick put up a "work" sign for what they received, there isn't more than one-third the number of transients that stop off here. If a transient is on the square, he is willing to work a short time for something to eat. If he isn't, then he shouldn't have anything to eat.

Troy Boy Gored By Bull

Harold Kechtor, 19, son of Mr. and Mrs. Henry Kechtor, farmers of the Bear creek region near Troy, was injured Friday by an angry bull.

In company with some companions, Harold was walking through the field where the bull was tied. The animal became angry and broke loose, attacking Harold. The bull pitched him into a fence corner, one of his horns ripping a large piece of flesh out of the boy's right groin.

Two of Harold's companions beat the bull off with clubs, while the other two dragged the lad under the fence to save him.

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

One man was killed and scores were wounded when civil authorities and bonus army men clashed at Washington, D. C., Thursday of last week after police had lost control of the bonus seekers. The trouble started when officers tried to clear the buildings occupied by the army.

Jimmy Walker, dapper mayor of New York, asks for full vindication of the charges brought against him by Attorney Seabury. Jimmy says he isn't guilty of any of the charges brought.

An upward swing in employment brought about by a climbing market for agricultural products and increased highway work was reported by Thos. W. McDonough federal director of employment for Idaho.

Idaho produced 15,936,000 pounds of wool this year, a reduction from 19,419,000 a year ago, a statement made by J. H. Jacobson, agricultural statistician disclosed.

Many Idaho schools will be unable to open this fall owing to a shortage of money, says Myrtle R. Davis, state superintendent of public instruction. Some schools will be able to operate only five to seven months.

A reduction of freight on wheat from interior points to port cities has been asked by shippers.

The Red Cross chapter at Lewiston is planning to take advantage of the offer of free cotton cloth from the government, to be made up into garments for needy families.

Pelham D. Glassford, police superintendent of Washington, D. C., has been severely criticized for his methods during the B. E. F. disturbance in that city last week, when one of the bonus marchers was killed and several wounded. Several policemen were also disabled by bricks hurled by the marchers.

Three liquor czars were shot down at Pittsburg, Pa., John, Jimmy and Arthur Volpe—all notorious bootleggers and whisky runners.

\$60,000 worth of road bids were opened at Boise last Friday and contracts awarded.

The Bert Larrabee sawmill at Forest, Idaho, was completely destroyed by fire last Friday, entailing an estimated loss of \$15,000.

The Clearwater and Selway forests have been joined by an 11 foot roadway, which was expected to be opened to traffic this week.

The governor of Montana has asked the government for \$1,000,000 to help feed the hungry of that state and also asks that 25 per cent of that amount be made available for use at once.

Lyda Southard, notorious Idaho bluebeard, who escaped from the penitentiary at Boise a year ago last May, has been apprehended at Topeka, Kansas, and will be brought to Idaho where she will again enter prison to serve from 10 years to life for the poisoning of one of her five previous husbands. She married again at Denver, Colo., last March.

Fifteen men were dead in a New York morgue Saturday from drinking poisoned liquor. Chemical analysis disclosed wood alcohol as the cause of death.

Idaho's 1932 wheat crop is estimated at more than 29,000,000 bushels as compared with 19,000,000 bushels for last year.

The Russians are said to be quietly arming themselves in anticipation of war with Japan.

Fix Ridge Club Meets

The Fix Ridge Club was very charmingly entertained at the Weaden home Wednesday afternoon by Martha Weaden, Vivian Lee, Maxine Hoffman and the hostess, Mrs. Weaden.

After gathering and chatting the usual time the guests had the pleasure of listening to several duets by Maxine Hoffman and Vivian Lee, and a short play by Maxine, Vivian and Martha.

Guessing games were also a part of the program with Thelma Davis winning the prize.

Lunch was served to Mrs. Delbert Chatman, Mrs. Scott Ross, Mrs. Roy Maynard, Mrs. S. S. Tabor and son Rex, Mrs. W. F. Heimgartner, and children, Mrs. Ira Fix, Mrs. Caus Clark and children, Mrs. Bill Peavy, Mrs. Oliver Clark and the Misses Macie Fix, Thelma Davis, Evelyn Heimgartner, Vivian Lee, Martha Weaden, Maxine Hoffman and the hostess, Mrs. Weaden. The next meeting of the club will be on Aug. 10, with Mrs. Caus Clark.

COUNCIL MEETS TUESDAY —EXPENDITURES PARED

As a matter of economy and with the aim in view of making a reduction in the city levy this coming year, the Village Council, meeting in regular session on Tuesday evening, made several changes, effective immediately.

The first cut, to every individual was a reduction in water rates. Much improvement on the system has been done and paid for the past three years by the installation of larger and better water mains, replacement and repairing of water meters, all of which had been caused by deterioration and was a big expense. However, with these replacements and with sinking the mains deeper, they believe the trouble past and expense from this source now practically eliminated.

The springs have been cleaned, all leaks, breaks and other trouble experienced in the past overcome, so that the reservoir has been for some time receiving the maximum amount of water possible from our sources.

All that remains to be done, is the cleaning and re-coating of the reservoir to stop leakage, which work has been badly needed for some time. There is also the possibility of hooking up another spring if necessary. This, apparently, at this time, is all the needed work on the system.

The reductions made by the Board in the water rate are as follows:

The charge for the first three thousand gallons remains the same—\$150 minimum. Thereafter, the second three thousand has been reduced from 35c to 30 cents per thousand; the next five thousand has been reduced from 25 cents to 20 cents per thousand and all excess over this amount from 20c to 10c per thousand gallons.

Street Sprinkling

A reduction in the cost of water used for street sprinkling has been obtained from the Northern Pacific Railway Company, the cost being reduced 25%.

The Village Clerk, W. L. McCreary and Village Treasurer, E. H. Emery, who in the past were receiving their regular salary as set by order of the Board of Trustees in 1918, on account of the additional work connected with the Special Improvement Taxes and collection thereof, have voluntarily refunded the greater portion of their salaries, cutting the expense 66 2-3 per cent.

Lights

Several changes are planned in changing the wattage, used as well as the elimination and re-arranging of the lighting system, which will make an anticipated saving of about 33 1/2%.

It is true that we all like to see a well lighted town, yet with the shrinking of valuations and a hope of cutting the city levy to reduce taxes to the minimum under present conditions, and still have sufficient revenue to meet the current and absolutely necessary expense of operation of city government, it necessarily compels the paring of expenses in ratio to receipts and expenditures.

The matter of speeding cars and trucks, running with cut-outs open and reckless driving of trucks with trailers, has been under discussion at every meeting of the council this year, yet they cannot see that they can afford to burden the people with the needless expense of a traffic officer. However, if more caution is not used it will become necessary and the saving now being made will be used for that purpose, if the traffic does not adhere more strictly to the speed limit of 20 miles per hour.

New speed limit signs are being placed at each end of town, and if action becomes necessary, they plan putting on a traffic officer, who will work part time on traffic and part time as night watchman, working on such hours and shifts that the traffic will not be aware when the officer is or is not on duty. He will be instructed to enforce every ordinance on the books, such as sanitary conditions regarding rubbish, barnyards, petdlers, etc., each ordinance being enforced to the limit, without discrimination, so that the revenue derived from offenders may help meet the additional expense.

We have a beautiful little town, due to the far-sightedness of the "City Dads," by the planting of our shade trees, and creating a park that is the envy of every town the size of Kendrick, the construction, building and maintaining of sidewalks, graveled streets, water and sewer systems and encouraging enterprizes of all kinds, including our excellent

(Continued On Inside)

COMMERCIAL CLUB MEETING

The regular monthly meeting of the Kendrick Commercial Club will be held in the Raby Hotel next Monday evening, August 8. All members and those interested in any way in our little city are invited to be present.

Undoubtedly there will be several things of importance to come before the meeting for solution—and you should be there to help with such solution. It's for the benefit of your town and ours.

Dinner will be served at 6:30.

CONGRESSMAN FRENCH OPPOSES CANCELLATION

Characterizing the session of congress just closed as the "most hectic" he has seen in 25 years, and voicing his opposition to the cancellation of the European debt to the United States, Congressman Burton L. French returned to Moscow, Saturday to remain for the summer and during the campaign.

"Although no one political party was in control," said Congressman French, "certain splendid results were accomplished toward relief legislation and balancing the budget."

The first thought in relief legislation was, through minimum government responsibility in legislation, to sustain outstanding employing, finance and fiduciary organizations on the one side, and, on the other, states, cities and municipalities, thereby saving them from collapse that would have worked great disaster upon millions of people, Mr. French said.

"This program was carried out through the creation of the Reconstruction Finance corporation, the relief measure, and the home loan bank act under which the federal government undertook to advance money to take the place of frozen assets, thereby preventing bankruptcy of banks, railroads, insurance companies, cities and other municipalities, and furnishing the means for enlarging employment," said Congressman French.

He said the second great work of the congress was toward balancing the budget.

"This took two forms," he said, "passing an emergency tax bill and scaling down the national budget for the fiscal year ending June 30, 1932, when the cost of the federal government was slightly in excess of \$5,006,000,000, against a total income of \$2,121,000,000."

"For the present fiscal year the appropriation is only \$3,386,000,000, thereby saving \$1,120,000,000 on the assumption that \$150,000,000 will be saved through the economy bill."

Asked for his stand on cancellation of the indebtedness of European countries to the United States, Congressman French said:

"To the proposed cancellation of the European indebtedness, I am opposed. This indebtedness is roughly estimated at \$11,000,000,000, or nearly \$100 for every man, woman and child of the United States. Cancellation of this debt means transferring in tax from the countries of Europe to the shoulders of the United States, and I oppose it."

He said the 72nd congress was one of the longest in peace times in history.

Mr. French said he had been in communication with citizens of Lewiston about improvement of the Snake and Columbia rivers for barge navigation and that he expected to visit that city at an early date.

Bears Are Killing Sheep

The frolicsome bear has gone on the warpath in some parts of Idaho and hunters are after his scalp.

T. B. Murray, director of the biological survey in Idaho, said bears were raiding sheep camps in the Targhee and Caribou forests of eastern Idaho and some of them would have to be killed. Last year bears raided cattle bands near Challis, he said, killing animals as large as two-year-olds.

Lack of berries is the reason, Murray said. The dry season last year greatly depleted the berry crop and started bears to killing and some of them just couldn't get out of the habit.

Bears are declared game animals in Idaho and are protected by state law except in instances where they begin raiding livestock. They may be slaughtered without compunc-

WHEAT MARKET FIRMER— FEED GRAINS STEADY

Domestic wheat markets strengthened materially during the week ending July 29, influenced by less favorable prospects for spring wheat both in the U. S. and Canada delayed harvests in Europe and some improvement in export demand and relatively light offerings of cash grain, according to the Weekly Grain Market Review of the United States Bureau of Agricultural Economics. Feed grains were steady. The advance in wheat and further deterioration of the corn crop in important producing areas as a result of extreme heat and lack of moisture, were the principal strengthening factors. Rye and flax were also firmer, influenced by higher wheat prices.

The firmer situation which developed in the wheat market during the week was brought on largely by less favorable prospects for the new North American spring wheat crops. Reports of delayed harvests in Europe as a result of wet weather, some improvement in security markets and relatively light marketings of domestic wheat, however, were strengthening factors. Harvesting of winter wheat has been practically completed in the United States and threshing is well along in most areas. Marketings continued very light, with receipts at the principal central and southwestern markets totaling only 32,102 cars since July 1, compared with 62,507 cars for the corresponding period last year. Harvesting of spring wheat is well along in southern parts of the domestic spring wheat area and threshing returns show good yields and high quality. Dry weather caused considerable damage to spring wheat crops during the past two weeks and trade reports indicate a material reduction in yields and lower quality where the moisture reserve was low.

The Canadian harvest has begun in Manitoba, where the crop is maturing rapidly. Prospects are reported good in southwestern Alberta and in central and northern Alberta with the exception of the Peace River valley and in central northern Saskatchewan. In other areas the crop has been given a definite setback as the result of recent hot weather and insufficient moisture. These less favorable crop prospects, together with some improvement for export inquiry for Canadian grain, strengthened the Winnipeg market and No. 1 Manitoba northern was quoted July 29 at 58 1/2c, which is equivalent to 50 1/2c in U. S. currency.

Pacific northwestern markets were relatively firmer than those at eastern points and both cash and future prices were 4c to 5c higher than a week ago. Harvesting was reported general over eastern Washington and Oregon, but yields were below expectations because of recent hot weather. Early samples of Washington wheat indicate an average test weight 1/2 lb. lower than last year. Smut appears to be as prevalent as last season. The first car of new wheat from Montana was received in Spokane during the week and graded No. 2 dark hard winter. Country marketing of wheat in Washington and Oregon continued light and receipts at Puget Sound and Columbia river terminals during the week totaled only 417 cars compared with 1,016 cars for the corresponding week last season. Demand was fairly active from both millers and exporters but trading was limited by light offerings. Around 10,000 tons of wheat were reported sold for export to the United Kingdom during the early part of the week. The advance in prices, however, restricted trading towards the close. Bids from the Orient continued too low to effect sales. At the market July 29 soft and western white was quoted at 51 1/2c, hard winter, northern spring and western red at 50 1/2c per bushel, sacked, basis No. 1.

California wheat markets advanced about 5c per 100 during the week, largely reflecting advances in eastern markets. Marketings of local wheat decreased but were sufficient for the local trade requirements. Mills were purchasing only as needed to fill flour sales.

Harvesting in Russia has been interrupted by rains and the acreage harvested to July 15 was under that of a year ago. Charterings for August and September shipment of new wheat from Black Sea ports has recently increased, but the tonnage is under that of last year. New Russian wheat was offered in British markets during the week at 55 1/2c per bushel

WHEAT MARKET FIRMER—FETD GRAINS STEADY

for September shipment. This was about 3½c below quotations on No. 2 Manitoba from Vancouver and nearly 5c below sales of No. 1 hard winter from the gulf. Quality of the new wheat, however, is uncertain and buyers are hesitating to contract before receipt of samples, although quality equal to that of last year is claimed by shippers.

European harvests generally have been delayed by unfavorable weather. Showers have interfered with harvesting in France but trade estimates indicate an outturn above average. Stocks of old wheat are practically exhausted and prices on new crop grain are advancing. The Italian crop has suffered from recent rains, with harvesting in Spain and northwestern European countries delayed by unfavorable weather. Offerings of new crop German wheat have increased and some new wheat from Germany has been offered in Britain and Scandinavian countries at 46c to 53c per bushel.

Domestic cash wheat markets advanced with futures and generally were 3c to 4c higher than a week ago. While receipts of winter wheat have been only half as large as last season the quality is good. Exporters

were bidding 56c per bushel for No. 1 hard winter, ordinary protein, delivered at Gulf ports.

Soft winter wheat advanced with other classes and prices were 3c to 4c higher than a week ago at most points. Mills and elevators were active buyers and country shippers were reported selling a little more freely at the higher quotations.

Will Change 1933 License Plates

Idaho's automobile license plates next year will be varied in form from those in use this year, according to E. A. Taylor of the department of law enforcement, who today was compiling information to request bids on the 1933 license plates.

The licenses, as this year, will bear the distinguishing mark of the county, but instead of having the letter and number in a vertical column at the left, the number will come first, then the letter, uniform with the figures on the plate. Thus an Ada county license will read "1A-1200."

"We've found," said Taylor, "that the county insignia under the present system is hard to distinguish. The new method is the same as that used in New York state; the object being to simplify the plates as far as possible."

Let's boost Kendrick—our home!

Fooled the Cougar

Woodward Fry, of Gold Beach, Oregon, can imitate the bark of a dog so well he frequently trees cougars. He and his father were walking up a trail when they came upon a big cat feeding on a deer. Woodward imitated the baying of a hound and the cougar climbed a tree. His father returned home, got a gun and shot the cougar. It measured eight feet and four inches from tip to tip.

Tut's Caricature Found

Some ancient-time sculptor conceived the idea that a bust of King Tut-Ankh-Amen at shaving time would create a laugh. It is doing so now, for an amusing caricature of the king, his beard bristling and soapy, has been discovered at his burial place at Tek-el-Arma, according to a report from Cairo, Egypt. A painting outfit also found, may have been the king's own.

One of our friends who went to a burlesque show the other night tells us that the chorus girls wear just as much now as they did when times were prosperous.

When in Kendrick, stop at the new Raby Hotel—newly finished; clean beds, and good things to eat. 42-

COUNCIL MEETS TUESDAY—EXPENDITURES PARED

(Continued from first page)

light and telephone service, which we appreciate.

Kendrick has been fortunate for the last quarter of a century or more, those elected to the council having served faithfully and willingly to the best of their ability without pay and have been boosters for the town and community, laying aside personal feelings and opportunities. Your present council, including employees, like those who have preceded them, are fair, impartial, broad minded men, laying aside all grievances and personal gain for the good of Kendrick and adjacent territory.

Let's get behind them in this big economy move and in carrying out their good work, observe the ordinances, prevent loss of life or property and for the preservation of health and prosperity, dignity and tranquility and peace of mind for the "Hub of the Potlatch" where it has been said and resounded all over the United States "We can take care of our living and bury our Dead." This prophecy can be fulfilled by patience, assistance and co-operation of every individual.

PERSONALS

Thos. Sturdevant is spending some time visiting at Spokane.

Fred Campbell, district agent for the W. W. P. Co., was a visitor in Kendrick Monday.

Mr. and Mrs. B. F. Nesbit were Moscow visitors Sunday.

Frank Homer Rider returned from Lewiston Wednesday afternoon. Elwood Pearson returned home on Wednesday after a week in a Lewiston hospital.

Miss Bonnie Daniels of Agatha is spending the week with Mrs. Silvie Cook and family.

Miss Bessie Blevins and Thomas Blevins went to Spokane Friday, returning the same day.

Mr. and Mrs. N. H. Rhodes and Junior of Lewiston were Sunday guests at the McCreary home.

Mrs. R. D. Newton of Cheney arrived at the A. K. Carlson home on Tuesday for a brief visit.

Dean Wright of Agatha visited on Monday at the Silvie Cook home, they taking him home Monday evening.

Mrs. Gumbert, from Vancouver, Wash., arrived Saturday for a visit at the home of her brother, Wm. Freytag, and family.

Mrs. Philip Asplund and children returned to their home near Troy on Sunday after a week's visit at the E. H. Dammarell home.

E. C. Collins, chairman of the county republican central committee, was in Kendrick Friday looking into the political situation.

Mr. and Mrs. A. K. Carlson and family spent Sunday at Moscow visiting friends and relatives. Miss Marjory Newton of Cheney returned with them to spend a few days.

F. S. Curtis motored to Spokane Sunday morning, returning Monday evening, accompanied by Mrs. Curtis and daughters, who have spent the past several weeks visiting in Spokane.

Mr. and Mrs. John Dammarell and young son came up from Lewiston Sunday evening for a short visit at the home of his parents, Mr. and Mrs. E. H. Dammarell.

Mrs. Harry Booth from Glendale, Calif., arrived Saturday for a few days' visit with her brother, Rev. A. E. Jones and family. They had not seen each other for 23 years. Mrs. Booth was accompanied by her son and wife, Mr. and Mrs. Joseph Booth, who went to Spokane for a visit with Mrs. Booth's mother.

Mrs. C. E. Watts and son, William, and daughters, Betty and Kathryn, arrived from Seattle Friday for a visit at the W. A. Watts home. Mrs. C. E. Watts, son and daughter Betty, accompanied by Joe Watts, left Monday for a tour of Yellowstone Park and the Jackson Hole country, while Kathryn remained at the home of her uncle for a visit during their absence.

Basket Dinner

Every family in the community is invited to bring their basket dinner to the park next Friday at noon, to eat this picnic dinner with our children, who will be celebrating the close of vacation church school.

Games and sports will be enjoyed in the park after the feast. Let all come and share in the good fellowship and fun.

The Ladies Aid society are sponsoring this good time for all.

Idaho Get Large Sum Road Money

Word has been given out that Idaho will receive an allotment of \$1,505,912 road money from the Federal government. This was matched by only \$400,000 by the state—all the available highway money of the state. It may be that Kendrick will yet get something for roads from the state. Here's hoping.

See the home merchant first.

AT THE CHURCHES

The Lutheran Church
Otto G. Ehlen, Pastor

There will be no services until August 28th.

Full Gospel Mission

10 a. m. Sunday school.
11 a. m. Church services.

Services each Sunday evening at 8 o'clock.

On Wednesday evening: Children's church at 7 o'clock, and prayer-meeting at 8 o'clock. To which all are invited.

Kendrick Community Church
Rev. Edward J. Smith, Pastor

Sunday Services at Kendrick:

Bible School at 9:00 a. m.
Young People's service at 7:00 p. m.

Daily Vacation Bible School commencement service at 8:00 p. m. This latter will be our children's service, showing something of the purpose and accomplishment of the church school. The program is sure to please and profit all.

American Ridge Church:

Sunday school at 10:00 a. m.
Preaching service at 11:00 a. m.

There is to be a community basket dinner after the morning worship, to which Kendrick folks are cordially invited to bring baskets and share in this fine fellowship meal.

Too Much Isolation

The 1,000 inhabitants of the picturesque hamlet of Vinegar Hill, Durham, England, are complaining to their rural council because they have no parson, no doctor, no barber, no saloon, no main road, and no bus service, and the nearest link with civilization requires a rough two-mile walk.

**STATE GIVES WORK
TO 1200 ON ROADS**

More than 1200 persons are deriving a livelihood from the activities of the state highway department, being directly on the payroll, while considerably more than that number are employed by contractors on various state jobs, said J. H. Stemmer, director of highways, in a report to the chamber of commerce.

The highway bureau's monthly payroll in June was \$105,000. Of this sum the largest proportion was spent in and near Boise, due to the existence here of the district highway office, the equipment division shops, and administrative headquarters.

The largest number of men employed in the northern Idaho, where jobs are being rotated to spread the money out as "thin" as possible and keep as many men from want as can be arranged.

In addition to the regular maintenance crews the state has six oiling outfits at work, Stemmer said, and emergency maintenance crews have been made necessary by the damage done during the exceptionally severe winter. Last summer the state had 800 men on the payroll.

Estimates of the employment by contractors are more difficult. Because, however, so large a proportion of the men employed this summer are highly skilled oiling workmen, the payroll of the contractors will be proportionately greater than the state payroll.

The money is pretty fairly divided between nearly every county in the state.

A New Way of Describing It

Mr. and Mrs. E. C. Dick, Lewiston, were recently in receipt of a card from their son announcing the arrival of a daughter.

The card reads:
"New model, custom built, announced by Mr. and Mrs. F. T. Dick."
"Model completed July 18, 1932; on display July 28, 1932; showroom, 1790 S. High street, Salem, Oregon."
"Specifications: Registered trade mark, Geraldine Lee Dick. Weight six pounds, nine and one-half ounces. Wheelbase, 18 inches. Light equipment, blue head lamps, automatic dimmers. Frame well balanced, strong, flexible, well reinforced. Body, rubber mounting for safety; well insulated; will not rattle or squeak. Finish, shell pink. Horn, high frequency, vibrator type, loudest when fuel tank is empty. Top well rounded, front and back; covering, dark luster. Fuel, gravity feed. Clutch, easy slip type, positive release, improves with age. Special equipment: Triangle seat covers, safety pins, talcum and many standard extras. Free squeeling."

New Grain Coming In

The new crop grain has been coming in to the local warehouses rather slowly during the past week, but it is expected that the real rush will be on by next week.

The yield of both wheat and barley is said to be far below the expected yield, but that the quality of both is good. While some smut appears, that too, is below what was really expected by those viewing the growing fields.

Those that were huckleberrying at Gold Center several days this week were Mr. and Mrs. Amos Spekker and sons, Mr. and Mrs. Ed. Gertje, Mr. and Mrs. George Wilken and son and Mr. and Mrs. F. W. Newman and children. They report that "there are no huckleberries in them thar hills."

Mr. and Mrs. Carl Koopp called on Mr. and Mrs. Denzil Kuykendall at Leland Sunday.

Mr. and Mrs. Charley Schultz went huckleberrying last week.

Mr. and Mrs. W. C. Mielke were callers at the John Schwarz home last Wednesday evening.

Mr. and Mrs. Harve Southwick and Mrs. Fred Scheffler and daughters were callers at the Otto Schoeffler home Sunday.

An Investment for Labor

A dollar spent for road building is mostly an investment in labor.

About eighty percent of road building funds goes into the pockets of workmen, either on the job or in industries providing food, machinery and supplies. It is estimated that during 1931 an average of two million men were employed in road work, which meant a living for some six million persons.

There has never been a better time to build roads than now, when the economic need for improved highways especially in rural and farming areas, grows more intense. Prices for materials are at extremely low levels. Most important of all is the crying demand for jobs and more jobs for those who are out of work.

Every time a new road is built, or an old one improved in accord with modern design, social and economic progress is made. Fine weatherproof bituminous surfaced roads can be built for five thousand dollars a mile and less, giving men employment and opening inaccessible areas for settlement.

Fine Apricots

O. E. McAllister of Juliaetta, in addition to raising some of the finest cherries and other varieties of small fruit, also has as fine apricots as can be found anywhere. They are of the Tilton variety, uniform in size and flavor. We know, because Mr. McAllister brought a generous sample to the office Wednesday evening, and it was much appreciated.

NOTICE

Notice is hereby given that effective immediately the water rates in Kendrick shall be reduced to the following:

1st 3,000 Gal. (minimum) \$1.50
2nd 3,000 Gal., per 1,000 30c
Next 5,000 Gal., per 1,000 20c
All over 11,000 Gal., per 1,000 10c

Further—Notice is given that these rates are not final. They may be rescinded at any time by action of the Water Superintendent, such cause for rescinding being water shortage or failure of revenue to meet necessary expenditures.

Further—Notice is hereby given that due notice will be furnished users in case said rates must be rescinded.

By Order of the Board,
32-2 W. L. McCREARY, Clerk.

Fine meals, good clean beds, generous servings, when you sleep and eat at the Raby Hotel, Kendrick. 14-

Fry, Mr. and Mrs. Fred Zimmerman and family, Mrs. Dick Winegardner, Mrs. Louis Alexander and Miss Eva Smith, also Lois and Anna Christensen of Southwick went to the Bungalow for huckleberries and fish. They returned Saturday evening, reporting a wonderful trip and plenty of huckleberries.

Mr. and Mrs. Eral Dunham and family returned to their home at Clarkston Sunday evening after spending a week with Mr. and Mrs. Louis Alexander.

Aunt Carrie Allen entertained the Misses Lois Fry, Zella Harris, Lola Stone and Mrs. Longfellow at dinner Tuesday in honor of Miss Connie Allen's birthday.

Indian Gift Horses Come Back

Gift horses come back to look their Indian owners in the mouth, now that the plains tribes are enjoying their outdoor season, says a Ponca City, Oklahoma, dispatch.

Tribal visits between tepee villagers end invariably with give-away feasts. The visitors go home laden with bolts of calico and blankets and leading gift horses, but when the hosts in turn become guests the same horses frequently are brought back to their former homes as presents.

The federal government long has attempted to discourage the gift custom, but it sticks among plains Indians who move into the open either as families or tribes each summer. They believe mother Earth provides many cures for human ailments and that man should live as close to her as possible.

Weasels Live On Mice

If weasels are seen about the farm, it is time to hunt rats, not weasels, according to an authority. It is only on rare occasions that a weasel will make his home in the poultry house and play havoc with the flock. The cause of disappearing chicks is far oftener due to the rat than his mortal enemy, the weasel.

Contrary to common belief, weasels do not subsist entirely on blood, but actually devour the flesh of their kill. Perhaps the most important food on their menu is mice, and like the fox, they eat numbers of these small animals. One authority, in examining the stomachs of thirty weasels, saw that all of the specimens examined had recently eaten mice, rats or ground squirrels. Weasels sometimes eat birds, but this authority believes that the weasels would be missed more if they were to disappear completely, than would the few birds they eat.

Canada Is Having Trouble

The United States is not the only country having "army" trouble to contend with. Canada, too, is having her trouble. An army is being mobilized to march on Montreal to make a demand for unemployment relief.

An Omission

In writing up the beach party held at Arrow last week the names of Mr. and Mrs. Frank H. Rider and children were inadvertently omitted from the list of those attending.

These things are always annoying and we are sorry that they sometimes occur, but we assure our readers that nothing of this sort is ever done intentionally. "To err is human."

Plant Trout in Deer Creek

The first planting this year of fish in Nez Perce county occurred Tuesday when 35,000 eastern brook were placed in Deer Creek on Craig mountain. The Lapwai rearing ponds are waiting for consignments of cut-throat and rainbows from the Grangeville hatchery, which are expected shortly.

Camfire Girls Kill Rattles

In a round-about way news filtered through to us that the other day when a number of the Camp Fire Girls were returning to town from a hike they found, a small rattlesnake which they proceeded to dispatch. His snakeship tried awfully hard, it was said, to make its getaway through the grass, but the girls were too quick for it and ended its career pronto.

After the deed had been done, the girls wanted the rattles, but were at a loss how to get them off the snake. Finally they happened to think of a small razor blade they carry with them to use for mutilation purposes in case of snake bite, and proceeded to amputate the rattles. It wasn't a hard job to count them, it was said, but they were real rattles just the same.

Birthday Surprise

On Sunday, July 21, a host of friends with well filled lunch baskets gathered at the home of Mr. and Mrs. Harvey Morris, in honor of Mrs. N. C. Donaldson of Pomeroy, Wash.

Mrs. Donaldson knew nothing of the arrangements, as the day was also the birthday anniversaries of Mrs. Bertha Tschantz and Harvey Morris, and came thinking that she was to help celebrate their birthdays, so was very happily and completely surprised.

Those present at the happy occasion were Mr. and Mrs. Tom King and son, Mr. and Mrs. Roy Southwick, Mr. and Mrs. Grant Bateman and family, Mr. and Mrs. Howard Southwick and family, Mrs. Clara Bateman and daughters, Mr. and Mrs. Achens, Mr. and Mrs. Joe Tschantz and family, Mr. and Mrs. Travis and son, Mr. and Mrs. Will Henderson, Mrs. Clarence Henderson, Mr. and Mrs. Milton Benjamin, Mr. and Mrs. Tom Armitage and son, Mr. and Mrs. Pete Stump and family, Miss Lois Christenson, Ray Whitenger, Bunny Longteig, Glenys and Gilbert Baldwin of Pomeroy, Mr. and Mrs. N. C. Donaldson and son and Mrs. H. H. Morris and children.

"Hoppers" On Central Ridge

In giving an account of a trip made last week by T. O. Greene, field representative of the Lewiston Tribune, he said:

"On the lower part of Central ridge, between Nezperce and Peck, an army of grasshoppers was encountered. They covered several hundred acres—and they seem to have ravenous appetites.

"Wesley Thomas, a farmer of that locality, said: "These pests first made their appearance here last Sunday. They have been wrecking havoc on my oats, for four days and if they keep on three days longer, I shall not have to pay for harvesting the crop—as they work without pay."

The highway was a moving mass of the "hoppers" and the air was full of them for a distance of several miles. The grasshoppers were probably hatched along the gravelly canyons that are east of Central ridge. If 10,000 turkeys could be taken there they could soon fatten on a meat diet."

Picnic in Park Sunday

A picnic party made up of Mr. and Mrs. E. H. Emery and family, Mr. and Mrs. H. B. Thompson and family, Mr. and Mrs. Silvie Cook, Dr. and Mrs. D. A. Christensen, Mr. and Mrs. Alex Larson, Mrs. N. B. Long, Mrs. Emma Cook, Walter Cook, Mrs. Eliza Thornton, Miss Lizzie Hoffman, Miss Ellen Erickson, Andy Hoffman, Adell Hoffman, Homer, Ray and Paul Jones, had a picnic dinner in the city park last Sunday and a rollicking good time. They played ball and various other games during the afternoon.

The city park is a splendid place for picnic parties and is quite generally used by local people and those living in nearby sections.

Many Beans Shipped

While the price of beans continues low, several carloads have been shipped from Kendrick. The Kendrick Bean Growers association shipped, mostly by truck, some 3,000 bags of cleaned beans to various points, while the Vollem-Clearwater and the Kendrick Rochdale company have shipped several carloads during the month of July.

It is said that the present dry weather has not caused any great damage to growing beans to date, but that a good rain, with continued cool weather would make a splendid crop in this section. Let's have the rain—a good crop at a low price is better than no crop at all.

Extra Fine Tomatoes

O. E. McAllister is not the only Juliaetta gardner who can show fine quality stuff. B. C. Custer brought to this office Thursday morning a sample of his fine tomatoes—one of which weighed an even pound and 12 of them weighed 7 pounds 10 ounces. They are of the John Baer and Bonnie Best varieties and are as pretty as anyone would care to see. He left a good supply at the Long Store Thursday morning.

Young "Chinks" Are Released

Deputy Game Warden Walter Driscoll, assisted by local men, released two crates of young Chinese pheasants in this section of the county last week.

The fish and game committee of the Kendrick Commercial club and Game Warden Driscoll were largely responsible for the securing of the birds. The committee is made up of Wade Keene, chairman; Thos. Long and E. A. Deobald.

Able To Be Out Again

Mrs. Thos. McDowell is again able to be up and about after being confined to her bed for a week with a badly sprained back.

BIG BEAR RIDGE

The many friends of Mrs. James S. Nelson are pleased to learn she is recovering nicely from an operation performed at the Pollatch hospital. The injury was caused by a fall, whereby she split a kidney, bringing on a serious condition for some time. Dr. Gilison was the attending physician.

Mr. and Mrs. Milo Slind and little daughter, Mardell, of Lewiston spent last week with his mother, Mrs. Marie Slind and his sister, Mrs. Halvor Lien. Mr. and Mrs. Wallace Emmett drove to Spokane last week.

Mr. and Mrs. John Elliott and children of Weiser, Idaho, and Mr. and Mrs. Ralph Griffith of Golden, Idaho, were recently visiting Mr. Elliott's and Mrs. Griffith's sister, Mrs. Leonard Davis.

Miss Margaret Halseth has returned from a month's visit with her uncle, John Halseth and family.

Mrs. Cardin Hadley of Wenatchee, Wash., and sister, Mrs. H. M. Schuman of Cleveland, Ohio, were visiting at the homes of Mrs. Ida Comstock and Mrs. Thorvald Nelson last week. Mrs. Hadley will be remembered as Miss Wilhelmina Melville.

Mr. and Mrs. George Larson and children, Harold and Dorothy, of California, have been visiting Mrs. Larson's mother, Mrs. Kate Galloway and sister, Mrs. Chas. Bower.

Mr. and Mrs. Alfred S. Nelson have returned to their home in Chicago, having visited his parents, Mr. and Mrs. James S. Nelson.

Mr. and Mrs. A. L. Heselgrave have moved into the old Menuly house across from W. E. Hecht.

Mr. and Mrs. Fred Gladdin spent Sunday with his mother, Mrs. Emma Gladdin, in Deary.

Mrs. W. E. Hecht entertained the Guild at her home Wednesday afternoon.

W. R. Johnston conducted Bible school at the Chapel last week.

Mr. and Mrs. Chas. J. Bower entertained at a family dinner Sunday in honor of Mr. and Mrs. George Larson.

Mr. and Mrs. A. Kleth received word of the death of their son-in-law, Otto Smith, at his home in Orofino Monday evening.

Galloway Brothers trucked a load of hogs to the Moscow meat market last week.

FAIRVIEW ITEMS

Mr. and Mrs. James McVicker, Mr. and Mrs. James Helton and Mr. and Mrs. Milton Parsons spent Thursday at the T. J. Fleshman home.

Mr. and Mrs. Milton Parsons left Friday for their home at Kimberly, Idaho.

Mr. and Mrs. Walter McCall and sons of Kellogg and Mrs. Carl Hartung of Kendrick visited Friday at the Ercil Woody home. Mr. and Mrs. McCall called on Mrs. Edith Corkill in the afternoon.

Mr. and Mrs. Marvin Vincent and children called at the Roy Morgan home Thursday evening.

Mr. and Mrs. Edgar Carlson called on Mr. and Mrs. John Glenn Friday evening.

Mr. and Mrs. Clifford Davidson had as their guests Sunday, Mr. and Mrs. Hanson of Moscow and the Philip Johns family of Juliaetta.

A miscellaneous shower was given at the Robert Heimgartner home on Saturday evening in honor of Mr. and Mrs. Jack McCall. A very enjoyable time was had, there being over 100 persons present. Mr. and Mrs. McCall received many useful and beautiful presents. Refreshments of sandwiches, cake and ice cream were served. The men were treated to cigars.

A number of people from here attended the ice cream social at Leland Saturday evening.

Mr. and Mrs. Roy Glenn and baby visited Monday with Mr. and Mrs. John Glenn.

Margaret and Madeline Schultz are spending a few days at the Herbert Wolff home.

Mr. and Mrs. James McVicker spent Tuesday with Mr. and Mrs. T. J. Fleshman.

Mr. and Mrs. Leonard Wolff and son spent Sunday on American ridge visiting at the Carol Cox home.

Mr. and Mrs. John Glenn were Sunday dinner guests of Mrs. Hulda Buchanan of Juliaetta.

Vivian Draper spent a few days visiting with Ruby Heffel.

Mrs. T. J. Fleshman spent Monday with her daughter, Mrs.ONEY Walker.

TEAKEAN GOSSIP

Rev. Wm. Beahm, a missionary from Africa, gave a very interesting talk at the church Sunday evening. He told of the habits and superstitions of the tribes, also of their need for help and the work being done by missionaries.

Mrs. Carrie Herring, Stella and Clarence, were callers at the Groseclose home Tuesday.

Mrs. John Lind and grandsons, Leon and Gene, came to Wm. Groseclose and picked peas to can for the Children's Home in Lewiston

Wednesday morning.

Merton Prensler was a visitor at the Groseclose home Sunday.

Dolph Shoemaker and son were here last week and got a load of shakes to cover a home.

Carroll Groseclose and Merton Prensler and the Herring family went to Cavendish Tuesday evening to attend the camp meeting.

Some calves on the range belonging to Harry Sampson have died with Blackleg.

Dal Groseclose came up from Juliaetta Friday and spent a couple of days working on his Chev. truck. He went back Sunday.

George and Paul Baugh were up from Orofino one day last week.

Mrs. Pearl Wilcox of Orofino has been visiting her mother, Mrs. Anna Harless.

The Teakean ladies have been making quilts this week for Mrs. Dolph Shoemaker.

Mr. and Mrs. T. B. West were up from Orofino Sunday. Mrs. Butler went to Orofino with them and they brought her home Tuesday.

Nelda Butler went to Gold Hill Monday and brought her sister June home with her Tuesday.

Gusman Will Appeal

Henry Gusman, Boise equipment contractor, has filed a notice of appeal in the district court from the judgement of Judge Miles S. Johnson on May 2 by which Gusman was sent to the penitentiary to serve an indeterminate sentence of from two and one-half to five years and to pay a fine of \$5,000.

He was convicted of making a false certificate on a state voucher.

Gusman was the principal figure in the so-called highway district scandal which occasioned Judge Johnson to call a grand jury for Nez Perce county. He was indicted along with H. F. Fox, former employee of Gusman, and Herbert Patsch, shop foreman of the Lewiston district office until discharged by Gov. C. Ben Ross last November.

The notice of appeal was filed by Verner R. Clements, who represented Gusman and Fox when tried jointly. Fox was acquitted by a jury.

Horses are staging a comeback on the farms in North Dakota. Well if the horse can come back maybe the rest of us can, too, if we will only use a little horse sense.
