STATE CHAMBER TELLS IDAHO TAX HISTORY

The best evidence, perhaps, of one of the most serious of the shortcomings of Idaho's current revenue law is found in the great disparity in the wealth of the state as estimated by the census bureau and the wealth of the state as shown on the tax rolls.

The figures bring this conclusion home with shocking clarity. Idaho's actual wealth, as estimated from figures and information obtained during the taking of the 1929 census, is (or perhaps it is more accurate to say was) \$1,818,000,000, or one billion eight hundred and eighteen million dollars.

Keeping that sum in mind, let us glance at the tax rolls. These show that the total assessed wealth of the state in 1930, only a few months after the taking of the census was \$482,791,000, or four hundred eighty-two million seven hundred ninety-one thousand dollars. This total, by the way, is now around the 400 million mark.

The startling fact made apparent by the above figures, presuming that the census estimate is approximately correct, is that half or more of the property in Idaho is not contributing to the upkeep of government.

We arrive at this deduction by assuming that the property on the rolls is assessed at half or 50 per cent of its value, which is customary. Then the actual value of this property is more than 900 million dollars. Subtracting this amount from the census estimate of \$1,818,000,000, we have about 900 million dollars left. If the property thus represented were on the tax rolls at 50 per cent of its value, then the total assessed wealth of Idaho would be about 900 million dollars, an amount which would enable the reduction of the present tax levy of 50 per cent or more.

A considerable amount of this Idaho property which does not show on the tax rolls comes under the exemption classification, which includes fraternal, religious and public owned properties of various kinds—and a lot more, that is not legally exempted from taxation, is not found by the assessors if we can place any faith in census takers' figures.

Let us consider some specific items. The census value of Idaho land of all types is \$417,249,572; the tax roll value is \$181,876,903 (all figures for 1930). Other comparisons are as follows: cattle: census value, \$32,362,214; tax roll value, \$10,531,078; horses and mules: census value, \$10,459,451; tax roll value, \$3,691,341; sheep and goats: census value, \$24,373,174; tax roll value, \$9,205,590; hogs: census value, \$2,968,412; tax roll value, \$440,183; farm implements: census value, \$39,748,803; tax roll value, \$1,479,857.

This discrepancy is not only noticeable in values but likewise extends to actual numbers. For instance: the census-takers found 622,170 head of cattle in the state while the assessors could find only 385,552 head. The census shows that Idaho had 213,322 horses and mules and the tax rolls show only 120,861. According to the census there were 3,305,317 sheep and goats; but of this number all but 1,542,755 eluded the assessors.

While the figures are not so complete, a similar condition is indicated in merchandise assessments. The census shows merchandise stocks on hand at the close of 1929 in Boise with a value of \$3,096,833, and the tax rolls show all merchandise in Ada County in 1930 to have had a value of only \$2,427,737. Census figures for Pocatello reveal merchandise valued at \$1,729,524, while the Bannock county tax rolls show only \$1,136,568 in stocks for the entire county.

The inevitable conclusion from these figures is that our present revenue laws have many loop holes through which property may and does escape taxation.

Game Season Same As Last Year

Deputy Game Warden Walter Driscoll was in town Tuesday and incidentally made mention of the fact that the game laws of last year as applied to the shooting of Chinese and Hungarian pheasants also applied again this year, although this fact is not mentioned on the game license, and that while the game law opened on Tuesday, November 1, shooting will not be allowed until Wednesday, morning as shooting of these birds will be allowed only on Sundays, Wednesdays and Fridays during the open season, so the first day these birds may be killed is Wednesday, November 2. He asks that hunters please bear this in mind. The bag limit will be the same as last year.

Return From Hunt

The hunting party composed of Tom Long, Walt Bigham, Wade T. Keane, Ed. Deobald and W. L. McCreary returned from the Chimney Creek Basin of the Lochsa on Saturday evening, bringing with them four elk, three deer and two mountain goat.

The weather was fine for hunting and everyone reported a tip-top time in addition to bringing home the "bacon."

INTERESTING ITEMS FROM JULIAETTA

Killing Frosts Hit

Monday night brought the first heavy white frost of the season, followed by frost on Tuesday night, with the result that most tender vegetation was badly blackened by Wednesday. People have been enjoying tomatoes and string beans from their gardens, while dahlias, roses, petunias, violets, asters, marigolds and many other varieties of flowers have been at their best.

Observed Anniversary

Mr. and Mrs. G. H. Buckallew observed their 54th wedding anniversary last Saturday. The day was spent quietly at home. Mr. and Mrs. Buckallew, who are still quite active and healthy, have the best wishes and congratulations of the community.

Hunters Return

A hunting party composed of Jack and Wilbur Fix, Alvin Nye and Marion Hanks, returned Tuesday evening from a hunting trip, which proved to be unsuccessful for them, for they returned without the big game they were hunting.

Quitting Bee

A group of ladies gathered at the home of Mrs. Cecil Gruell on Wednesday and enjoyed a day of quilting. A chicken dinner was served cafeteria style at noon. The ladies present were Mesdames H. S. Irwin, Lou Spray, Will Combs, Grace Stinson, Sam Gruell, D. E. Buckallew, Cecil Gruell, D. F. Buckallew, Frank Spray and M. Nutt.

Short News Items

Mr. and Mrs. Charles Talbott and sons and Mr. and Mrs. Burt Ramey of Pocatello, spent last Sunday with relatives here.

Mrs. James Reid and daughter of Jerome visited a few days here, leaving Tuesday for Orofino to visit before returning home. Her mother, Mrs. Celia Garrison accompanied her home for the winter.

Mrs. Roy Easterbrook and three children returned Monday to their home in Kellogg after visiting her grandparents, Mr. and Mrs. A. E. Robbins.

Mrs. Wm. Spray and daughter left last week for Portland and Camas, to visit with relatives.

Mr. and Mrs. Cecil Gruell, Mrs. D. E. Buckallew, Mrs. M. Nutt and Mrs. Luna Deane drove to Lewiston Tuesday night where Mesdames Gruell, Buckallew and Deane attended the closing session of the Rebekah grand lodge. Mrs. Walter Cochran and N. M. Talbott were representatives of the local lodges.

Jewelaine and Norma Lee Hutchison were week-end visitors in Pullman.

Mr. and Mrs. Everett Custer and Leona Gruell spent Sunday here from Genesee.

Mrs. Will Stump of Lewiston has been visiting her daughter and son-in-law, Mr. and Mrs. Eugene Taylor. Miss Eleanor Davis spent the week-end with relatives at Genesee.

Miss Ruby Spray is visiting friends at Lewiston.

The condition of Mr. Johns, ill with cerebral hemorrhage for the past four weeks, remains about the same.

Democratic Speaking

Hon. Clarence Van Deusen, certified public accountant, and former state auditor, will speak in the Masonic Temple, Kendrick, Friday night, October 21, at 8 o'clock. "An honest and frank statement of state affairs, based upon records at the state house at Boise," says our informant. The general public is invited to attend.

Read "Tax History" This Week

Your attention is called to the article on the first page entitled "State Chamber Tells Idaho Tax History." It has much food for thought in it and should be read by everyone. It may explain something you do not understand.

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Substantial rains that fell over the entire Inland Empire during the past two weeks have ended the dry season in eastern Washington and north Idaho, making it possible to do fall plowing and the seeding of fall wheat, although more moisture would help considerably.

Death, which has already taken two children, stood on the threshold of a poverty stricken home at Roseburg, Oregon, threatening the lives of the other six in the family which, penniless, has for weeks been subsisting on a diet of corn meal and milk.

A new French line passenger ship will be in service October 29. It will be the largest ship afloat. It is 1,042 feet long and will be capable of making 30 knots per hour. It will cross the Atlantic from France to New York in less than four days.

Four of 16 workers, who tumbled in an odd and terrifying accident 800 feet down the pitch, dark interior of the steep Grapevine canyon siphon of the Los Angeles aqueduct last Thursday were reported near death in a Los Angeles hospital.

Louis Sherrick, 45, believed to be a rancher from Newport, Wash., was found shot to death on the railroad right of way near Boise last Friday, evidence indicating he had committed suicide.

A cement-encased body was dug from a south Denver cellar and identified as that of Erwin C. Thompson, 32, missing electrical engineer of Grand Junction, Iowa. The find was made by D. R. Wessling of Des Moines, brother-in-law of the slain man, whose wife sat in an automobile outside the house while her husband dug. Neighbors were assisting Wessling when shovels rattled against cement below the surface of a small cellar littered with debris and tin cans.

The government's newest machinery designed to aid economic recovery and relieve pressure on its citizens began operations last Saturday. Throughout the nation, the federal home loan banking system created by the last congress began to function with the 12 regional banks opening their doors to receive applications for loans on home mortgages.

Jacob Ziegler, 100 year old, secret service operative under Abraham Lincoln, died at his residence in Los Angeles, October 14. He was one of the guards who stood watch over the body of the great emancipator after the assassination.

The Reconstruction Finance corporation will make the loan to finance the sale of farm wheat to the Chinese government as soon as some legal difficulties have been ironed out, according to Atlee Pomerene, president of the R. F. C.

Miss Retta F. Martin, prominent Idaho educator and democratic candidate for state superintendent of public instruction, and C. E. Bocoock, president of the Albion State normal, were killed and Dr. W. D. Vincent, state commissioner of education and Mrs. Vincent were injured in an automobile accident Saturday night near Pocatello when the automobile in which they were riding, driven by Dr. Vincent, struck a concrete bridge over an irrigation ditch while attempting to pass another car.

Will Vote Absentee Ballots

University of Idaho students who go to the aid of their party on election day must use absentee ballots unless they are bona fide residents of Moscow, according to Fred J. Babcock, attorney general of the state.

Reports have been current on the campus crediting the attorney general's office with an opinion declaring all students eligible to vote in Moscow. Questioned by students, Mr. Babcock flatly denied issuing any such opinion.

"Such an opinion would be impossible," he explained, "since Idaho's constitution expressly provides that students neither gain nor lose residence by attending institutions of higher learning." Students not residents of Moscow must vote by absentee ballot in their home precincts.

Have Added New Refrigerator

The Ellis Cash store has added a new refrigerator show case to their equipment, it taking the place of a similar but smaller one. The new case has a nice display compartment and a large refrigeration compartment below, making a very neat and useful piece of equipment.

Herbert Mielke and Walter Koepf spent Sunday evening at the Emma Hartung home playing bridge.

Fred Mielke called on G. F. Cridlebaugh Tuesday evening, which was spent in playing pinochle.

Burton, Boyd and Herbert Harrison enrolled in school Monday. This raises the total number enrolled to 29.

Attend I. O. O. F. Grand Lodge

Quite a number of the local lodge of Odd Fellows attended the session of grand lodge held at Lewiston on Monday, Tuesday and Wednesday of this week, some attended all three days and all were well pleased with what they saw and heard.

N. E. Walker and E. H. Emery were delegates from the local lodge of Odd Fellows. Others attending were Art. Ozman, R. H. Ramey, Thos. McDowell, Lester Hill, John Kite, Ed. Long, Ira Foster, A. G. Wilson, Frank Ellis, E. A. Deobald Silvie Cook. From Leland were Charley Hoffman, Archie May and Ford Parks.

Several members of the Rebekahs were also in attendance. Mrs. Joe Davis and Mrs. Helen Boyd were delegates from the local lodge. Other members attending were Mesdames Thos. McDowell, Edgar Long, R. H. Ramey, Mary Adams, E. H. Emery, Silvie Cook, Archie May, Chas. Hoffman, Rachel Daugherty, Wilbur Corkhill and J. R. Corkill.

In the program given Monday night the Kendrick quartet composed of Thos. McDowell, Roy Ramey, Lester Hill and N. E. Walker give several selections.

CRESCENT CLIPPINGS

(Last Week)

A farewell dinner was held at the C. L. Trail home Sunday. Mr. and Mrs. Trail and son Warren are leaving soon for California for the winter. Out-of-the-neighborhood guests were Mr. and Mrs. Fred Darby and Mrs. Albert O'dell and daughter Myrtle of Moscow, Dick Worsley of Kansas and Mr. and Mrs. Jim Farrington and son of Linden.

Wm. Kauder of Southwick spent a couple of nights at the John Darby home the last of the week, and accompanied Mr. Darby to Lewiston Wednesday.

Mrs. Rose Farrington spent Tuesday at the C. L. Trail home. Mr. and Mrs. George Lockhart and family were Sunday guests at the Bruce Lockhart home.

Mr. Grantham attended the teachers' institute Thursday and Friday of last week at Lewiston.

Miss Hazel Belle Steelsmith, a former Crescent teacher, and Mr. Miller visited with the C. L. Trail family Sunday (Oct. 2) and with a number of other neighbors, who also called at the Trail home.

Nez Perce County To Get \$1,500

Nez Perce county has been granted \$1,500 for R. F. C. emergency relief during the month of October, according to Vern Noel, treasurer for the Lewiston unemployment relief committee of which there is a membership of approximately 18 representative citizens of the county.

The county applied for \$2,250 for October and asked for larger funds during November and December to make up a total of \$11,000 requested for the county during the last quarter of the year.

MORE OPTIMISM SHOWN BUSINESS LOOKING UP

As an indication that more optimism is being shown throughout the business world, more factories and mills of various kinds throughout the East, especially, are being started almost every week.

At Martins Ferry, Ohio, the Laughlin Tin Plate resumed operation last Monday with 75 per cent of its normal force of 1400 men.

At Rocky Mount, N. C., approximately 750 men were recalled to work at the Atlantic Coast railroad shops, following an idleness of many weeks.

At Picher, Oklahoma, some 300 miners were given work in the Tri-State lead and zinc mines during September and it is expected to put more than 700 more jobs at work this month.

More than 3600 men and women, breadwinners for about 20,000 persons, returned to work Monday in the Pittsburgh district's great industrial plants. Resumptions within the next week will restore jobs to about 1830 more. The accelerated activity extends to tin-plate mills, glass plants, iron and steel works and railroad shops.

The sawmill of the Clearwater unit of Potlatch Forests, Inc., at Lewiston, resumed cutting Monday morning after being closed down since August 6, and other departments at the plant in which operations were partly suspended resumed with a full force, according to an announcement at the company offices yesterday.

Employment will be provided about 200 men, the number laid off.

Relief Work Being Organized

E. H. Dammarell was last week appointed as a committee of one to represent the Kendrick Commercial club at Moscow in the organization of the relief work for the different communities of the county, the money being sought being a share of the Refinance Corporation funds to be handled, through Gov. C. Ben Ross, the amount in his hands at this time being \$150,000, which can be spent for labor only.

Mr. Dammarell stated that partial organization had been made and an estimate of the amounts needed by each community set forth but that these estimates would have to be submitted to those having charge of the distribution of the funds.

More information will be given regarding this matter as it progresses.

Towels Stolen

Four fine Turkish towels were stolen from a clothesline in Kendrick Tuesday night. It was evident the thief, or thieves, knew just where they were and what they wanted as they were behind other clothes hanging on parallel lines.

There are undoubtedly some who need baths, but it should not be necessary to be so particular about the kind of towels needed.

It might behoove the ladies who leave clothes out on lines at night to make sure they are not valuable.

Many Beans Going Out

The Kendrick Bean Growers association has been busy the past two weeks or so cleaning and shipping beans. Some 1500 sacks were shipped out to various points during the past week.

There is at this time some 10,000 to 12,000 sacks in storage in their warehouse.

Entertained at Dinner

Dr. and Mrs. D. A. Christensen entertained Mr. and Mrs. Silvie Cook and daughter Margaret at dinner on Wednesday of last week in their apartment in the Raby building.

Underwent Operation

Mrs. W. J. Carroll underwent a major operation at the Rockwood Clinic, Spokane, on Saturday, October 15. At last report she was doing nicely. Mr. Carroll was with her.

GRAIN MARKET FIRMER AT CLOSE OF THE WEEK

Domestic grain markets strengthened slightly towards the close of the week ending October 14, with advances in securities and cotton, according to the Weekly Grain Market Review of the United States Bureau of Agricultural Economics. Reduced pressure from Canadian markets and delayed seeding in parts of the domestic winter wheat area because of dryness, were further strengthening influences in the wheat market. Rye and oats markets remained featureless. Corn was fairly steady despite liberal offerings since demand was more active and some export business was in prospect. Barley turned stronger late in the week and flax held firm under a steady crusher demand for the moderate current receipts.

Wheat production estimates for practically all the northern hemisphere outside of Russia and China, gave a total output this season of 3,146,000,000 bushels as against 3,104,000,000 bushels for the same countries in 1931. The North American total, in Mexico, is placed at 1,188,000,000 or about 27,000,000 bushels less than last year. The North African harvest is slightly above that of last season while the output in the Asiatic countries is a little smaller than that of a year ago. The most important increases in wheat production this season are in the importing countries of Europe. These more than offset the smaller harvests in the countries of the lower Danube. This has resulted in the largest total European harvest, outside of Russia, during post-war years. Production in the countries is now placed at 1,510,000,000 bushels or 77,000,000 bushels more than a year ago. The large European crop is the result of a larger acreage and also of better average yields.

Pacific Coast wheat markets followed closely the fluctuations at eastern points. Marketings in Washington and Oregon remained relatively light with receipts at Puget Sound and Columbia river terminals totaling 511 cars, compared with 663 cars a year ago. Shipments from these terminals from July through September this season, totaled only 7,538,000 bushels, the smallest since 1919. Shipments for the same period last year totaled 14,234,000 bushels. The reduction is due principally to the small exports to Europe and the Orient and lighter shipments reported for the current week and demand from local domestic mills and feed buyers was only moderately active. Prices were slightly lower with bluestem hard white quoted Oct. 14 at Portland at 58c, soft white at 49 1/2c, western white, western red, hard winter and northern spring at 48 1/2c and 12 per cent protein hard winter at 55c, sacked, basis No. 1. Western white wheat was quoted at Seattle at 49 1/2c, western red at 50c, hard winter at 51c and baart hard white at 57c, sacked, basis No. 1.

California wheat markets weakened under the influence of lower quotations from outside points. Offerings of local wheat remained light and were taken almost entirely by inter-feeders. Bay region mills and industries were supplying their needs mostly from northern wheat. Flour business was reported of normal volume and mills were taking about the usual amounts of grain. Both mills and feed manufacturers were well supplied while other interests were generally buying only for immediate requirements.

Southern hemisphere crops are making generally favorable progress and outturns larger than those of a year ago are in prospect. Trade estimates place the Australian crop at 10,000,000 bushels larger than a year ago.

Canadian marketings remained a dominant factor in the general wheat market situation. Marketings decreased during the week with indications that the peak of the movement has passed. Country marketings from August 1 through the first week in October totaled about 170,000,000 bushels, according to trade estimates, compared with only 80,000,000 bushels marketed during this period last season. Exports have been larger than last season but market stocks had increased about 83,000,000 bushels over store a year ago.

Road Work Going On

Many favorable comments have been heard regarding the work being done on the Kendrick-Arrow road below Juliaetta and it is hoped that the weather man will not interfere too much until the grade has been put above low water mark, at least.

Wilma Heimgartner and Maxine Ross have been absent from school this month. Last month we had 100 per cent attendance.

We have started work on our Halloween program. Three plays have been chosen to give. They are "The Sleep Walker," "The School Master Abroad," and "Doctor Dobbs Assistant." Recitations and songs will also

be given. The date will be October 29, at 8:00 p. m.

Monday morning we were very pleasantly surprised, for at 9:15 Miss Hoppers, state rural supervisor and Miss Ellen Peterson, county superintendent, came to visit us. They liked our work very much.

J. D. Perry has been hauling wood for the school house lately.

Thank you, Mr. and Mrs. Wm.

Clark for gathering Oregon grape for us, we liked them very much. We also want to thank you for the table you are letting us use. We also thank Mrs. Claude Clark for the pumpkins you let us have. We appreciate them.

Reta Clark took her music lesson Tuesday evening after school.

The boys and girls are working hard to see which of them can write up and publish the best school newspaper. Miss Steelsmith has promised the winners a weiner roast. The losing team have to do something entirely different. She will not tell us what it is so we do not know what she wants us to do.

Arthur Woodruff is ahead of us all with his library books. He has read eight, so far.

Carol Chapman made 100 in spelling every day last week. Keep it up, Carol. Carol wants to know if the girls can not publish a ten-page paper, then they would be ahead of the boys. No, Carol, our paper is only four pages.

Student Tickets

At our weekly Assembly held Tuesday Morning several talks were delivered urging the purchase of our Student Body Tickets. The following statement was issued by Mr. Brigham: "If we do not raise the sum of one hundred dollars I am satisfied that we cannot carry on athletics all of this year." This means that if we do not get behind the thing and raise the necessary funds, at least a part of the games will have to be cancelled.

The whole thing boils down to simply this. Whether or not we have athletics and allow our school to compete with others depends entirely upon the students. They have the power to do as they will and time alone can show how they use it.

Are we going to allow other schools to surpass us or shall we give our Basketball candidates a chance?

Football Discontinued

The Football Boys stopped turning out the first of the last week, due to Mr. Dawald's report on the financial condition of the school. He stated that lack of adequate funds prohibited him from scheduling any games. Hence it was decided that practice would be postponed until further notice.

The following Tuesday football was definitely terminated and basketball begun. About twenty five boys registered at the turnout. In view of the length of the practice season the outlook for a prize winning basketball team is very promising.

Party a Success

The High School Party given in the gym October the fourteenth was very decidedly a successful undertaking.

About seventy of the Students were present. After an evening spent in playing games refreshments were served at the School House. The party broke up at Eleven o'clock. All that were present reported a good time.

Seniors To Entertain

The Senior Class is planning a card party to be given at the gym some time in the near future. This is a cooperative endeavor to raise class funds which will be spent for Student Tickets. The public is cordially invited and urged to attend this entertainment.

Chemistry

The Chemistry class under the supervision of Miss Deagen is progressing very nicely in their experiments. Arrival of new equipment has enabled them to extend their studies into actions of acids and metals.

D S Exhibit

Last week the D. S. Girls exhibited the results of six weeks sewing. The girls have been progressing very nicely under the direction of Miss Deagen.

Boys Assembly

Thursday afternoon Mr. Dawald called all the high School boys over to the gym in effort to learn their sentiments concerning purchase of student boy tickets. He told them exactly why the tickets should be bought and also stated that boxing and wrestling are going to be offered, if the necessary equipment can be purchased.
