"Ladies of the Big House"

The offering at the Kendrick Theatre for Friday and Saturday nights of this week will be "Ladies of the Big House"—ladies without lace—ladies whose charms for men have been bruised by contact with a selfish mob—is there hope for them? A boy and girl madly in love—and fate says "you can't have each other." What would you do?

Student Body Tickets

Sale of tickets has been progressing fairly well, everything taken into consideration. Approximately Twenty High School Students have already purchased their tickets and it is expected that sales will double within the next few weeks. The Students seem to be taking an interest in this money making drive. Surely this speaks well for the school. In order to sign contracts for games we have to agree to produce a guarantee or we can't make definite arrangements for the games. Hence if we had the money at our disposal that has been promised us we could do far better in planning our athletics.

SENATOR BORAH TAKES UP THOMAS FIGHT

WITH ALL THE VIGOR AND FORCE OF OLD

At Shelly, speaking to 2,000 people, Senator Borah said:
"As you know Senator Thomas has been taken out of the campaign on account of illness. I do not suppose he will be sufficiently recovered to take any part in the campaign, so, therefore, I am taking up the fight for him."

HE HAS COMPLETE CONFIDENCE IN SENATOR THOMAS

Speaking at Rexburg Senator Borah said:
"Certainly Senator Thomas stands with me on the League of Nations question. If he did not, I would not support him. Let it be understood that I have never spoken in behalf of any candidate in whom I did not have complete confidence and faith."

Senator Thomas Voted FOR DEBENTURE

Senator Borah says:
"It has been said in the campaign that Senator Thomas voted against the Debenture. The facts are that Senator Thomas came to the support of and voted for the Debenture."

ECONOMY, EXPANDING CURRENCY, and the BONUS

Senator Borah said:
"We both (Senator Thomas and myself) stood for a cut of 20% on salaries of Senators, while the bill that was passed only reduced them 10%."

Senator Borah says further:
"Senator Thomas assisted me in every possible way in my fight to expand the currency. He voted and supported the amendment which I offered and which was passed."

WILL STOP FORECLOSURES

Speaking of farm foreclosures, Senator Borah says:
"The government should stop all these foreclosures until something can be done about it. Senator Thomas has a bill pending before Congress to take care of this matter."

Senator Borah further says:
Anyone who wants to go to congress to levy a two and one-half billion dollar bonus on the already burdened backs of the taxpayers ought to be called upon by the people. So long as the people are losing their homes and the farmers are unable to pay their taxes there should be no question on this."

Out of a total of 96 senators there are 65 lawyers in the United States Senate. There are only eight farmers and stockmen and John Thomas is one of the eight. Idaho cannot afford to reduce agriculture's representation to only seven.

Move Offices To Lewiston

At the offices of the Potlatch Forests, Inc., Lewiston, it was announced Sunday that the Rutledge unit at Coeur d'Alene would shut down completely November 1, except for watchman service, for an indefinite period and that the accounting department will be consolidated with the Lewiston offices, says the Lewiston Tribune.

The mill and townsite at Potlatch will not be abandoned, the officers announced. Potlatch Forests, Inc., it was made known, has a large investment at Potlatch and in Latah county in standing timber, railroad properties, mill and stocks of lumber.

The company's Elk River plant is on its second year of shutdown, and has during 1932 been brought to a completely idle condition. Its Coeur d'Alene mill is being shut down completely Nov. 1 in spite of the fact that much lumber remains there to be shipped. The Potlatch plant has not run this year except to ship lumber in pile. This will continue as rapidly as possible, but the volume is too small to justify a separate accounting department. Therefore on Nov. 1 the accounting department for the Potlatch plant will be taken over by the Lewiston office.

Democratic Speaking

Clarence Van Deusen, state auditor under Moses Alexander, war-time governor of Idaho, made an address in the Fraternal Temple, Kendrick last Friday evening, setting forth his ideas of how the state of Idaho should be managed.

There were several others with Mr. Van Deusen who made a few remarks regarding what they would do in case they are elected to the offices to which they aspire.

"Honestly, that husband of mine is so exasperating! He asked me to meet him here with the car and I've been waiting ever since six o'clock; it's seven now!"

"What time were you supposed to meet him?"

"At five o'clock."

Miss Nona McAllister, who is attending the U. of I., came down from Moscow to spend the week-end with her mother, Mrs. S. A. McAllister.
