Mrs. Mary Adams was a Tuesday morning passenger for Spokane, called there on account of the illness of a relative.

Mrs. V. A. Randall and Mrs. C. O. Carlson and children, Cecil, Violet and Edna, from Clarkston, were Ken-

drick visitors Friday of last week.

Harry E. Lair from Lewiston, representing the International Harvester company in this district, was a business visitor in Kendrick the first of the week.

Arthur Foster and sister, Miss Allie, returned Saturday from a few weeks stay near Linden, where Arthur has been cutting wood for the school district.

Charavari Mr. and Mrs. Lightfoot

A crowd of friends went to the home of Mr. and Mrs. Geo. Leith last Friday evening and proceeded to give Mr. and Mrs. Lightfoot a mild form of charavari. Many of the old-fashioned noise-makers were absent, but the victims realized what it was all about before the crowd left. A very pleasant hour was enjoyed.

**WINTER STILL PREVAILS
IN NORTH IDAHO SECTION**

Old man winter is still hanging around and has made his presence felt in no uncertain way. While it was not as cold this week as it was last, yet it is cold enough for all practical purposes for those who really like winter weather.

Snow fell in the canyon all day Saturday and when it finally ceased there was some eight or nine inches on the ground. There is plenty on the uplands, it ranging from 10 inches to three feet in depth.

The mercury Monday morning hit 10 below and again Monday night it dropped to nine below but moderated somewhat, the mercury moving up about 11 degrees in less than two hours.

Some of last week's readings over the mountain and prairie sections were as follows: Troy, 38-42; Grangeville, 24; Cottonwood, 36; Nezperce, 39; Elk City, 50; Weippe, 54; Craigmont, 22-34; Lewiston, 6; Genesee, 30; Kendrick, 19. All readings being below zero.

Build Fire With Wooden Money

Tenino, Wash.—Even the children at Tenino have wooden money to burn.

But just the same, citizens of Tenino, famous for wooden currency that sells at a premium all over the United States, were shocked when Leona and Nadine Keithahn started a fire in the kitchen range with \$350 worth of perfectly good wooden money.

The two youngsters, aged respectively six and four years, decided late in the evening to "help mother get supper" by starting a fire in the kitchen range.

"What will we use for kindling?" Leona puzzled.

Then they found it—\$3,000 worth of brand new money, issued by the chamber of commerce to save the town from financial disaster, and brought home from the "mint" by George Keithahn, father of the two little girls, he explained ruefully.

Keithahn, secretary of the chamber, was preparing to cash \$3,000 worth of school warrants, for wooden money is no joke in Tenino. It has helped so much toward financial stability that every time the chamber recalls an issue, demand increases for another one. The wooden scrip is backed by cash.

"Here's some kindling," said one child to the other, and their chubby fingers piled a heap of "currency kindling" in the stove. A scratching match, a flare of flame, and the Keithahn household had the most expensive fire of its career ready to cook dinner.

Trapping Beaver

C. G. Compton has been trying to trap the beaver out of the creek below Juliaetta and to date has caught seven of the shy little animals. Wade Keene reports that a colony of the animals have moved into the creek near the Vollmer-Clearwater warehouse and have been seen there. To date they have not begun the construction of a dam, but it is more than likely they will get busy later on.

O. E. S. Have Valentine Party

Members of the Order of Eastern Star gave a valentine party Wednesday night for chapter members, each one in attendance bringing a valentine and placing them in a box, from which they were later drawn and distributed among those present.

Refreshment were served and a short program of musical numbers was given, a very pleasant evening being the result.

No Host, No Hostess, Party

A no host, no hostess, dinner party was held at the home of Mr. and Mrs. Edgar Long Wednesday evening, when Mr. and Mrs. E. H. Emery, Mr. and Mrs. Silvie Cook, Mr. and Mrs. Lester Hill, Mr. and Mrs. W. A. Watts, Miss Rilla Davidson and Mary Davidson gathered to spend the evening. Dinner was served at 6:30 and the rest of the evening was spent in playing games.

Birthday Party

A few ladies were invited to the apartment of Mrs. D. A. Christensen Tuesday afternoon to help Mrs. Christensen, Mrs. Oscar Raby and Mrs. Paul Lind, celebrate their birthday anniversaries, all of which occur in the month of February.

Refreshments were served during the afternoon.

Suffers Broken Nose

Walter Koopp sustained a badly broken nose last Friday evening while playing basketball with the Lapwai team. The member was plastered up and while Carl would not take a prize at a beauty show just now, it is expected he will be as good as new within a short time.

**MANY PROPOSED CHANGES
IN IDAHO GAME LAWS**

The following from Monday's Lewiston Tribune gives an idea of what may happen to Idaho game laws, should the proposed changes go into effect:

Legislation before the solons at Boise includes bills covering the fish and game laws. In these bills are specific changes covering the seasons on some game. Official information is lacking but press reports are considered authentic.

The foremost change in the season on deer affects Idaho and Clearwater counties. Hunters of both counties would be allowed to kill both elk and deer from October 5 to November 10. Deer kills have been legal before in the southern portion of Idaho county from October 1 to October 26 and in portions of Clearwater county from October 15 to November 1.

The deer season in Nez Perce county and the elk season in Clearwater county remain unchanged.

Split season dates for hunting Chinese, ringneck, mutant and Mongolian pheasants are maintained as before but the spread of season is lengthened to include all of November. In Clearwater, Idaho, Latah, Lewis and Nez Perce counties the season would be on Sundays, Wednesdays, Fridays and national holidays from November 1 to 30, inclusive. Previously the expiration of the season has been on November 20.

The fish and game department would be allowed to issue permission to hunters to shoot on game preserves for a fee of \$10 with a refund if the hunter is unsuccessful, but the permits would be given only if it appears that the game on the preserve needs thinning, the bill provides. As previously stated, the state game warden may open the hunting season at any time in congested game areas after a public hearing, killing of bucks only under these circumstances to be permitted.

After declaring the Snake river open all year, also the Clearwater river up to the little north fork and in the middle fork to the junction of the Lochsa and Selway rivers and in the south fork to the mouth of Castle creek, and in the Salmon river to Sunbeam dam and in the Kootenai river in Boundary county, the bills ban fishing "in any other lake, river, stream or public waters from May 30 to December 31 inclusive."

The bills have not yet been enacted and there may be modifications and changes.

132 Seek Commissioner Job Spokane's tonsil derby is on, with a good-sized section of the city directory to be reprinted on the ballot for the municipal commissioner's election March 14. When the books were closed Saturday the names of 132 candidates, men and women, were in the list for the three city commissioner's posts at stake. Nomination papers for 55 more are out, but they were crowded out in the final stampede of candidates and their petitions. The job pays \$3,600, minus a 10 per cent voluntary pay cut, if the new commissioners choose to take the reduction ordered by the present council.

Kendrick Loses One of the most brilliant exhibitions of high school ball ever displayed in Kendrick was given in the local gym last Friday night, when the Indians trimmed Kendrick to the score of 26-30. The game was hotly contested and a fast, rough battle from start to finish. Kendrick held a slight lead at periodical intervals throughout the first half, the score ending 19-19. Early in the third quarter, Kendrick's attack was considerably weakened by the loss of Koeppe, playing the center position, who suffered a broken nose. Lapwai soon gained a small lead and was never headed throughout the rest of the game. The game was witnessed by the largest crowd in attendance this season, with gate receipts totaling \$30. Long and McCormick were high point men.

Following is the lineup: Kendrick 26 Lapwai 30 Long 11 F 2 J. Ellenwood Emery 3 F 4 S. Ellenwood Koeppe 2 C 15 McCormick Blevins 3 G 3 Eller Brocke 5 G 2 Taylor Carlson 0 S 2 Allman Ramey 2 S 2 Donally Referee: Woody, Kendrick.

Council Meeting Wednesday, Feb. 8, the council of five met to discuss and approve some of the bills. It was decided if there was enough money a new ball would be bought. It was also decided that no money would be allowed for eats on athletic trips unless it was necessary to leave Kendrick early in the day. The new council members went over all the old accounts and decided that all money in the treasury after the basketball season, should be used to pay the outstanding bills. This amount should total approximately \$30, in addition to the deposit of \$88 in the Kendrick State Bank.

Pep Rally Friday, February 10, a pep rally was held in the assembly. The glee clubs sang and were accompanied by the advanced orchestra. Following the music, pep leaders, George Davidson and Doris Crocker led the entire high school in a few peppy yells. At 3:40 they adjourned to the business section of town to advertise the two athletic contests of the evening.

Alumnae Edith Dammarell, a high school graduate from K. H. S. in '23, is now teaching at Shelly, Idaho. Charles Davis, a graduate from K. H. S. in the year '30, is spending his time at home.

Grade School News The first and second grades had a Valentine party in their room Tuesday, February 14, in the afternoon. They have a new thought test chart and they are competing to see who can get a colored space across it first. The third and fourth graders have a store. They actually buy goods, paying for them in paper money. The children are very eager about this project. The following children were neither tardy nor absent during the past month: Madeline Bair, Marie Baker, Marjory Baker, Betty Boyd, Annabel Deobald, Jaunita Lohman, Odetta Lohman, Wilson Bolon, Donald Fraser, Roy Hill, Eugene Lind, Wayne Lind, Dale Miller, Dick Reid and Bobby Watts. The fifth and sixth graders have spent their spare time in making valentines. Their box is beautifully decorated with pink crepe paper and white hearts and angels.

Basketball Game Thursday The local girls' team will play the Orofino girls a return game on the local floor Thursday, February 16. Fans are looking forward to a fast, hard-fought game as Orofino is rumored to have a strong club. Kendrick defeated the Orofino girls on their home court earlier in the season.

Girls Defeat Lapwai In a one-sided contest with the Lapwai girls the Kendrick girls were easily victorious in a game played here February 10, the final score being 30-6. Nettie McDowell was high scorer for Kendrick with 26 points.

Student Opinion The game played Friday with Lapwai was certainly a victory for the pep leaders and orchestra. For the first time this season a spirit of excitement and loyalty was evident among the students. School spirit was more than evident, and the team certainly responded satisfactorily. A cooperative gesture among the students to show the team were back of them certainly helps a lot.

Funny-Bone Ticklers "Say, Pop?" "Yes, Son?" "What do they mean by 'Middle Ages'?" "The 'middle ages,' Son, are the ones where a woman stops counting when she has reached them."

Miss Newman, interesting her history class in the Red Indians, asked: "What do we call the leaders of the tribes, Oscar?" Oscar: "Chiefs." Miss Newman: "Quite correct. And what do we call the Red Indian women, Lawrence?" Lawrence S.: "Well-er-mischiefs."

CRESCENT CLIPPINGS

A neighborhood party was held at the school house Saturday evening in honor of several in the neighborhood who have a February birthday, and also for Mr. and Mrs. Loeser's wedding anniversary, which was the 14th. Some of the honor guests were unable to be there on account of the heavy snowfall. Those who attended reported an exceptionally good time. Mrs. Anna Kimbley and daughters, Margaret and Irene, visited Friday afternoon with Mrs. Frank Souders. Bertha Loeser visited with Mrs. W. Grantham Wednesday. Edna and Robert Kimbley were over-night guests at the Rose Farrington home Wednesday. Two announcement cards have been received from Corning, Calif., since the last "Clippings" were sent in. A baby girl came to make her home with Mr. and Mrs. Walter J. Darby on January 28, and a son arrived at the home of Mr. and Mrs. Cecil E. Darby on February 7. Helen Farrington spent Thursday night at the Kimbley home. Ivan Craig visited in Kendrick from Thursday to Sunday and took in the basketball game. Lloyd Kimbley and Nellie Dorendorf were over-night guests at the Farrington home Thursday. The cold weather arrived again with a bang last week. One thermometer in the neighborhood registered 38 degrees below zero on one of the coldest nights. We notice a decided inclination to stay near the stove and all unnecessary outside work is stopped until warmer weather comes back. Irene Kimbley visited Saturday afternoon and night with Helen Farrington. Miss Minnie Craig arrived in Crescent Sunday for a visit with her parents. Mr. and Mrs. John Darby and daughters were Sunday dinner guests of Mrs. Rose Farrington and family. Mr. and Mrs. Bert were afternoon visitors also. Alva Craig visited at the Kimbley home Thursday night. Sunday guests of the A. Dorendorf family were the Mike Forest family and the Bill Dorendorf family. Bertha Loeser visited Monday afternoon with Mrs. John Darby. Mrs. Grantham and baby visited school Monday afternoon.

LINDEN NEWS ITEMS Arthur Foster and sister, Miss Alie, and Henry Jones have returned to their respective homes, the boys having finished their wood cutting. Axel Bohn visited at the home of his brother, Edgar, the first of the week. Mr. and Mrs. Stewart Wilson spent Sunday with Aunt Carrie and Arley Allen. Mr. and Mrs. F. C. Lyons called at the A. Alexander home Sunday afternoon. A number from here attended the dance at Park Friday night. Mr. and Mrs. W. H. Weyen spent the day Sunday with Mr. and Mrs. Ed. Kent. A number of the young people attended the basketball game in Kendrick Friday evening. Mr. and Mrs. Ben Smith and daughter of Peck spent Sunday with the C. H. Fry family. Esther and Stanford Weaver spent Sunday afternoon at the Grayson home. Mrs. McPhee and Miss Eva Smith called on Miss Allie Foster Friday afternoon. Mrs. C. E. Harris returned from Kendrick Friday evening, where she spent the week with her children.

also unusually small with receipts totaling only 471 cars at Minneapolis and 183 cars at Duluth. Intermountain markets were inactive with very little grain moving either to local mills or to western points. Receipts at Denver totaled only 7 cars. Inquiry from western points was more active but local milling demand was dull. Good milling wheat by truck was bringing 40c per bushel delivered. Denver mills while No. 2 hard winter was quoted at 31c.

Southwick School Notes (Delayed) Before the largest and most enthusiastic crowds who have been assembled in our gymnasium this season the Southwick High school basketball team defeated the Kendrick High school team by a close score of 25-24. The local boys were leading 15 to 8 at the half but the visitors opened an attack in the second period which seemed for a time would enable them to carry the victorious end of the score back to Kendrick with them. Two minutes before the game ended the visitors made a long shot which gave them a two-point lead. The local boys, however, seemed determined to win and a long shot by Hoduffer found the hoop and the score was tied. The visitors and local fans were wild with excitement and with only seconds to play, one of the visiting team fouled Triplett and as the final gong sounded a well-placed shot by the forward put the locals in the lead by one point. It was a good, fast game throughout, and the playing by all members of both teams was consistent and good.

The Kendrick Town team defeated the Southwick Town team following the high school game. The Kendrick team doubled the score on the locals. The game was featured by frequent substitutions on the part of both teams and especially the locals. The school attendance in both the high school and grade school has been rather poor this week, due to the extreme cold and drifting snow. Mariam King and Mable Murray of Cavendish visited the high school one day last week. We are glad to report that Opal Sackett is making satisfactory progress following a recent operation in a Spokane hospital. It is hoped that she will be able to be with us soon. The Primary and Intermediate rooms under the guidance of Miss Blevett and Mr. Cook are decorating their rooms in preparation for Valentine's day. The local men with teams have been busy the past few days hauling in wood for the school for the next year. The wood was cut with money from the relief fund and was done by local men. We now have on hand about 35 or 40 cords and more is to be hauled in soon. A fine spirit was displayed by the local men who donated their teams and time in order to get wood for the school.

A Long Wait My grandpa notes the world's worst dogs and says were going to the dogs. His granda in his house of logs, said things were going to the dogs. His dad among the Flemish dogs, vowed things were going to the dogs. The caveman in his queer skin togs, said things were going to the dogs. But this is what I wish to state: The dogs have had an awful wait! -Wool Grower. Advertisers appreciate your trade

California markets were rather irregular. Local and northern milling wheat was firm at San Francisco but northern feed wheats were offered freely at slightly lower prices. Flour business continued about normal proportions in the bay region but mills were using stocks accumulated earlier in the season and buying only high protein grades to complete milling mixtures. Inquiry for feed wheat continued to be restricted by heavy supplies of cheap feed barley. California growers were not selling freely and most of the sales in California wheat were to interior points where northern grain was at a freight disadvantage. Local wheat was quoted at 70c to 80c per 100 at Sacramento valley points. At the close of the market February 10, California No. 1 hard white wheat was quoted at San Francisco and Los Angeles at \$1.000 and No. 1 soft white at 95c per 100. Domestic cash wheat markets strengthened slightly, influenced principally by unusually light receipts. Arrivals at the principal winter wheat markets were the smallest in four years and totaled only 772 cars, compared with 2,809 cars received during the corresponding period last season. Wintry weather, which prevailed throughout the central west during the week reflected the small marketings but reflected also small remaining farm stocks and the growers disinclination to sell at prevailing low prices in view of the uncertain prospects for 1933 crop, which suffered severely from the sub-zero weather and lack of adequate snow covering. Arrivals at Kansas City totaled only 317 cars for the week and did not provide a broad selection for buyers. Mill inquiry, however, was only moderate because of the quiet flour market and the slowness of shipping instructions on previous orders. Elevator operators took wheat to replace shipments and current offerings were readily taken. Trading was extremely light at Omaha, but considerable quantities of wheat were moving to outside points for distribution by the Red Cross. No. 2 hard winter was quoted at that market at 44 1/2c. No. 1 hard winter was quoted at Fort Worth delivered Galveston export rate at 52 1/2c. Country offerings were very light and supplies were being obtained almost entirely from terminal elevators. Interior mills were fairly active buyers at Chicago and around 300,000 bushels of wheat were reported sold for shipment. No. 2 hard winter was quoted nominally in that market at 47 1/2c. Hard winter was slightly firmer at St. Louis, where No. 2 hard winter was quoted at 49 1/2c per bushel. Soft winter wheat prices advanced around 1c per bushel under the influence of light offerings and a fairly active inquiry from local and southern mills. Receipts at Cincinnati were principally from other terminals and went largely to mills in Kentucky and Tennessee. No. 2 soft red winter was quoted at Cincinnati Feb. 10 at 53c per bushel. Nearby mills provided the principal outlet at St. Louis where No. 2 red was quoted at 52c per bushel. The same grade sold at Kansas City at 43c to 46c per bushel. Marketings of spring wheat were

Editorial
There has been much comment on the scrip which we are to start issuing Saturday. We are firmly convinced that if this scrip is issued sparingly and used rightly, by both the farmer and merchant, it will have a far reaching effect on the business of this community. The plan is both simple and effective. We increase the price of butterfat 25%. Cream scrip is issued to the producer on this basis. Each time Cream Scrip changes hands a cream stamp is affixed to the back until it has ten stamps. It is then redeemable in cash. It is very evident that scrip must circulate, or it does not redeem.

Therefore, to make the plan work, each person receiving scrip must spend it immediately for something he needs. Farmers must accept the scrip for produce he brings to the stores and then buy with scrip his wants. In this way it will serve as currency, which we have noticed is getting very scarce. It will bring the farmer more for his cream, it will make the merchant more business and it will put a circulating medium into the community, which it sorely needs. In case you do not wish scrip we will pay you the market price for your butterfat in Cash. The wise man changes his mind; The fool, never!

DOINGS OF THE 22ND IDAHO LEGISLATURE

the week, the proposed rate of taxation apparently still remaining at 2 per cent on all retail sales. Considerable public opinion against this form of taxation has developed, causing a corresponding loss in its popularity among the lawmakers. The tobacco tax, providing an additional cent for each 5 cent purchase to go to the state, was introduced last week. Criticism of this form of taxation by the state because it constitutes a chief method of federal revenue was heard. With less than two weeks yet to go before the session comes to its legal end, the legislators are holding both morning and afternoon sessions, with committee and caucus meetings interspersed, in an effort to dispose of the great mass of proposals, more than 350 in all. With the appropriation bills out of the way, as they probably will be by the first of next week, attention will doubtless be centered upon the "additional revenue" proposals.

Valentine Party
The four classes of the Primary department of the community Sunday school were pleasantly entertained at a valentine party on Saturday afternoon from 2:00 till 4:00 at the Community church hall, the teachers of the various classes being hostesses. Games were perhaps the main feature of the afternoon, the children entering into them whole-heartedly. Refreshments were enjoyed by all. Before leaving the children marched to the Valentine postoffice, where Annabel Deobald acted as postmistress. To the children's delight there were valentines for all. If those in charge were desirous of any returns for their efforts, certainly the satisfaction of seeing the children enter so whole-heartedly into the program of the afternoon would be ample reward.

Community Aid
Teh Ladies Aid of the Community church will meet with Mrs. W. L. McCreary this (Friday) afternoon at 2:30 o'clock.

Suffers Broken Leg
Warney May had the misfortune to have his left leg broken above the knee Tuesday while Perry Matoon, Kyle Anderson and he were hauling logs out of the canyon. In some way Mr. May's foot became entangled in some small poles, hindering his escape from in front of the rolling log, which was about two feet through and about 50 feet long, which rolled over on Mr. May and caused quite a bad break. Dr. Christensen was summoned and gave first aid, splinting the member and making Mr. May as comfortable as possible, after which he started for Colfax, Wash., to enter a hospital, going by sleigh to Troy, where he was met by an ambulance and taken to Colfax. **Installation Plan**
