Thrifty buyers are getting bargains these days — bargains in cigarettes, clothing, groceries, tires and what have you? They are getting MORE THAN THEIR MONEY'S WORTH!

For, after all, it isn't how much you pay for a thing that counts, — the real test of value is — IS IT WORTH IT?

The average residential customer of this company gets ample illumination of the home for 4c a day — refrigeration, 5c a day — radio, 2c a day — washing, 7c a week — ironing, 7c a week — cooking, 1c per meal per person. At these prices you are getting more than your money's worth.

Liberal use of electric service makes your life more enjoyable — at a cost of only a few cents a day.

**KENDRICK ROCHDALE CO. ORGANIZED THIRTY YEARS**

Thirty years ago a small group of far-sighted men gathered in Kendrick and formed a Farmers Co-operative. Among these were Sam Bigham, Herman Wilken, Carl Koepp, Byron Tupper, Howard Tupper, Sam Callison, Fred Mielke, D. J. Ingle, and others.

The first few years business was done in our west warehouse, which is still in good repair. The business grew rapidly, which necessitated the building of another warehouse, and later, in 1916, a modern re-enforced concrete elevator.

Each year's growth was made possible only by your good will and friendliness, and we fully realize that without this we could not exist.

This year we have installed the most modern, up-to-date Bean Cleaning equipment that is made, and because of the almost perfect installation, we are able to clean beans economically and well. During the last few weeks we have cleaned and shipped several carloads, which the coast grocers praise highly.

For several years we have been buying beans for outside interests on a commission basis, but from now on we will buy for our own account only and sell to the best advantage.

We sincerely hope that in this new program we will merit your patronage and we will endeavor at all times to pay the highest possible market price for your beans as well as grain.

The Kendrick Rochdale Co., is owned by You Farmers near Kendrick and any profit that is made reverts to the stockholder who does his business here.

We are going ahead with this one thought in mind—"This is your business and we want it to merit your support."

To date the orchestra has not been chosen, however, negotiations are under way to hire "Chief White's Indians."

**Girls Wear Uniforms**

A number of the Loheese club girls of the Community church created quite a sensation by wearing their new uniforms, burlap jumpers and sugar sack blouses to school Monday. Some people have called them "gunny sack dresses," but the girls think it sounds better to say burlap. At any rate it shows that the girls are not to be outwitted by "Old Man Depression."

**Exams Given**

Because last week was the close of the fifth six week period, tests were given. They began Tuesday and followed throughout the week. Exceptionally high marks were made in Geometry this six weeks' period, according to Miss Newman, instructor. She states that the marks for this period were the best she has had in this subject for the last two years. This speaks well for the class, as Geometry is a very difficult subject.
