VOLUME XLIII

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, JUNE 2, 1933

NO. 23

## THE MEANING OF FARM RELIEF TO IDAHO

Recognizing that the people of Idaho, especially the farmers, are directly concerned with the provisions of the new Farm Adjustment Act recently passed by Congress and signed by the president the Kendrick Gazette presents this series of articles by Dr. Eke, economist with the University of Idaho college of agriculture. This is the first of the series in which Dr. Eke analyzes various phases of the legislation with particular regard to Idaho conditions.

Wheat, dairy products and hogs are three important Idaho farm products which will come under the provisions of the Emergency Farm Relief Act. The object of this act is to raise the price of these products to their prewar (1910-1914) parity or fair-exchange-value. If this objective is achieved, it does not necessarily mean that the prices will be the same as for the pre-war period, but it does mean that a certain amount of these products—for example, 1 bushel of wheat, 1 pound of butterfat and 100 pounds of hog—will exchange for about the same quantity of things farmers buy as before the war. This adjustment of prices will take some time and calls for the cooperation of farmers, dealers and distributors under the guidance of Henry Wallace, Secretary of Agriculture, who represents the Federal Government in Washington, D. C.

Right now farm products exchange for about half of what they did before the war in terms of goods the farmer buys, while some products are down to a third or less. It now takes two bushels of wheat to buy as much as one did before the war. Approximately the same condition prevails for butterfat and hogs. One can easily see that there is a lot to be done before the goal of price parity is reached.

The methods to be used in making prices come to a parity will have to be flexible. What will work for one commodity may be useless to another. Therefore the act gives the Secretary of Agriculture broad powers to choose one or all of the following methods for any one farm product.

(1) Land leasing may be resorted to in order to keep production within bounds. This method will apply especially to cash crops; for example, tobacco, cotton, and also corn used in the production of hogs. Under certain circumstances it may be used to advantage for wheat.

(2) The domestic allotment provision will allow a cash benefit to the farmer for the part of the crop consumed in the United States. This benefit probably will be tied up with an agreement to reduce acreage, very moderately at least. This plan will best fit wheat in the Pacific Northwest where such a large percentage of the crop is exported.

(3) Agreements with processors and dealers in farm products will probably involve a licensing of these dealers under certain rules and regulations for the handling of farm products. With respect to market milk, it will probably mean an agreement to pay the farmers a reasonable price for milk, and at the same time an agreement to keep prices reasonable to the consumers. An agreement of this sort is already being considered by the Secretary of Agriculture for the Chicago milk district. Whether this plan, or a combination of these methods, can be used to advantage with respect to the dairymen whose milk goes into butter, cheese and condensed milk and other manufactured articles, remains yet to be determined. Some reduction in the production of dairy products probably will be a feature of efforts to bring price parity to the hard-pressed farmers. Any increase in employment and general purchasing power of consumers will react immediately in better prices for butterfat. This increase in prices can be cancelled, however, by the potential productive capacity of the present large number of dairy cows. Even if we got rid of every tenth cow, as was urged a few years back, we could produce as much milk as we do now. All we would have to do would be to feed heavily enough. That is a serious situation, which merits a lot of good thought by dairymen all over the nation.

Editors Note—This is the first of a series of six of these articles. The next will appear in an early issue. Watch for it.

Every time a mule kicks, he slows down, a man loses ground.

## Several Cars To Troy

Several auto loads went from Kendrick to Troy last Thursday evening to see Capt. Hardy, expert rifle and shotgun shot, demonstrate a certain brand of ammunition (of course any other brand would have answered the same purpose). Those who saw him state that he was almost as good as some of the members of the Kendrick Gun club, who have the ability to break many hundreds of "birds" around the stove during the winter time.

## HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Plans of the nation's railroads to serve notice of a further reduction in union wages were revealed last week—and met a bristling response from the spokesmen for organized rail workers. "We will tie up this entire country before we will accept one penny cut in wages," declared A. F. Whitney, chairman of the Railway Labor Executives association at a meeting of union leaders in Washington, D. C. The railroads are just kidding themselves, however. They are not going to cut wages and we're not going to permit any more deflationary moves because we are down to bedrock now." An official of a large western road with headquarters in Chicago said he believed the carriers would "insist to the last ditch" on a cut in union pay.

The Roosevelt administration gave a shoulder push to the movement for repeal, with Postmaster General Farley declaring that unless the 18th amendment is written off the books every income tax payer will have to hand the government \$6 to \$10 out of every \$100 he earns this year. In the matter of increased taxes word came directly from the White House that President Roosevelt intends automatically to end the far-reaching new levies now under consideration in the house as soon as the 18th amendment is repealed.

Behind closed doors and in secret caucus, house democrats assailed the administration of the national economy act as it affects veterans and authorized a steering committee to name a group to wait on President Roosevelt to demand a relaxing of regulations. There were a number of speakers and they all assailed the administration of the economy act and the treatment veterans are receiving. The sentiment of the members was that they had been bunched into voting for this economy act and that they all regret it.

A steel-flanged banking bill designed to prevent a recurrence of such financial emergency as rocked the country on March 4 was passed by the senate with less than four hours of debate. Revised considerably from the form in which it held the senate in prolonged dispute and filibuster last session, the bill passed without the formality of a record vote. It carries provisions for both emergency and permanent insurance of bank deposits and calls for the severance of banking and investment businesses. Like the bill of the last session, it bore the name of Senator Carter Glass (D., Va.) who led the long fight for the legislation.

The administration moved to elevate silver and paper money to the same legal standard as gold. A bill sent to congress by the treasury was started on its way toward passage in both house and senate. It is designed to authorize the use of legal tender money in the fulfillment of all existing and future contracts, private and international. The measure brought an immediate assertion from Senator Glass (D., Va.) that the measure would be held unconstitutional "if there is any integrity left in the courts with regard to the sanctity of contracts."

**Gov. Ross Visits**  
Governor C. Ben Ross was a visitor in the city for a short time yesterday meeting with a few of the prominent citizens on this community.

We hope that he appreciated the ride over the highway between Winchester and the top of the grade, which represents \$92,000 worth of perfectly good chuck holes.—Craigmont Register.

**Town Almost Deserted**  
Tuesday, May 30, Decoration day, saw the old home town almost deserted. The banks were closed all day, the stores closed at noon, and the postoffice was likewise closed. Everybody who could possibly do so took advantage of the holiday and left the town to its own devices. Picnic parties were numerous.

## MR. AND MRS. KLETH CELEBRATE 40TH ANNIVERSARY

Mr. and Mrs. A. Kleth were most pleasantly surprised Sunday, May 21, when more than a hundred neighbors and friends gathered at their home on Big Bear ridge in honor of their fortieth wedding anniversary.

A bounteous dinner was served by the guests at noon, the huge wedding cake in pink and white making a beautiful centerpiece.

Rev. Peter Hisby spoke fittingly of the occasion, referring them back to their wedding day on May 17, 1893, at the Meldal church, near Viborg, South Dakota. They resided on their farm at Center Point, S. D. until the year of 1906, when the family came west, locating on Big Bear ridge in September, 1906, where they have built up a nice home.

Special music was given, including a duet by Misses Alma and Martha Aas of Moscow.

Rev. Hisby presented Mr. and Mrs. Kleth with a token of remembrance from the guests. Later ice cream and cake was served and everyone enjoyed several hours socially.

The large number attending expressed the high esteem in which the family is held in this community. Upon dispersing everyone wished the bride and groom of forty years many more years of happiness and good health.

The children at home for the occasion were Mrs. Bertha Bowers, Mrs. Betty Wampler, Lewiston; Mrs. Esther Carlson, Kellogg; Theodore, Ingvold, Ole, Mildred and Othella. Two daughters, Mrs. Mabel Smith and Mrs. Marie Penlund could not attend.

Those present were Mr. and Mrs. Ray Carlson, Mr. and Mrs. Martin Johnson and daughter Thelma of Kellogg, Zack Aas and family, Ingvold Aas of Moscow, Rev. Hisby and family, H. Dalberg and family of Deary, Mr. and Mrs. Anton Hanson of Avon, Mr. and Mrs. J. C. Bowers, Mr. and Mrs. Virgil Wampler of Lewiston, Mr. and Mrs. Milo Slind and daughter, Mrs. I. Eger of Clarkston, Mr. and Mrs. Wade Keene and children, Mr. and Mrs. James Emmett of Kendrick, Mr. and Mrs. Wallace Emmett and sons, Mr. and Mrs. A. W. Jones and family, Mr. and Mrs. E. H. Jones and family, Mr. and Mrs. Claud Jones, Mrs. O. H. Forest and family, Mr. and Mrs. H. Kortemeier, Hans and Andrew Lien, Miss Carrie Solli, Mr. and Mrs. Ole Lien and sons, Mr. and Mrs. Ed. Lien and daughter, Mr. and Mrs. Halvor Lien, Mrs. Marie Slind and Oscar, Mr. and Mrs. T. A. Nelson, Mr. and Mrs. Hans Sveve and Herman, Floyd McGraw and W. R. Johnston.

**Two Warm Days In May**  
Last Sunday and Monday were the only fairly warm days experienced in Kendrick during the month of May. Of course there were a few that were not so bad, but none were up to the standard of the warm days usually experienced in the canyon at this season of the year.

Growing crops are doing fairly well on most of the ridges, but the wheat has a yellow tinge that could be eradicated with a few days of real sunshine. However, most of the wheat in this section of the country has a far better look than that in the Genesee section across the Little Potlatch canyon.

**Surprise Party Given**  
Monday evening the Lohese club gave a very pleasant surprise party for Miss Burneda Cummings, at her home. Miss Cummings left the next day for Spokane to enter Blair Business college.

Those present were Burneda Cummings, Kathryn Emery, Allene Rider, Maxine Keene, Rowena and Jean Ramey, Ellen Woody, Mildred Kite, Nona McAllister, Margaret Daugherty, Doris Crocker, Ethel, Phyllis and Jewell Cummings.

**Lights Must Be Tested**  
Ed. Deobald, official light tester for this section of the country, reports that quite a number of people have complied with the state law regarding light testing, but that many have as yet failed to do so.

It makes no difference who you are, what you drive, or where you drive it, if you use the highway you must have the proper kind of lights.

Some who have failed to comply with this law will probably have a chance to tell the judge why they didn't.

## THINGS OF INTEREST GOING ON AT CAMERON

**Motored To Colfax**  
Mr. and Mrs. Aug. F. Wegner and Mr. and Mrs. Henry Wendt motored to Colfax on business Wednesday.

**Entertains With Dinner**  
Mr. and Mrs. Aug. O. Wegner entertained at dinner Sunday in honor of their son Robert's birthday anniversary. The following were guests: Mr. and Mrs. Walter Sillflow, Mr. and Mrs. Fred Sillflow and children, Mr. and Mrs. Henry Wendt and daughters, Mr. and Mrs. C. L. Wegner and family, Mr. and Mrs. Otto Sillflow and children, Mr. and Mrs. Gus Kruger and daughters, Herman Sillflow, Mrs. Sutton and Mrs. Ida Sillflow.

**Attended Ball Game**  
Among those who attended the ball game and who enjoyed a picnic luncheon in the park at Lewiston on Sunday were Messrs. and Mesdames Carl Lohman, Amos Spekker, Fred Newman, William McCoy and Lyle Harrison; Misses Dorothy LaHatt, Marie Schwarz, Irene Meyer and Martha Brammer; Messrs. Edwin Mielke, G. F. Cridlebaugh, Walter Koepf, Herb. Schwarz, Walt Meyer, Ted Mielke, Elmer Lohman, Werner Brammer, Cecil Spekker, Willard Schoeffler, Ervin Lohman, Vern Spekker, Herbert Brunseik, Vernon Henry, Raymond Rodgers and Jake Daugherty.

**Ball Game At Lewiston**  
The Cubs Sunday defeated our baseball team by a score of 12 to 7. It was a very interesting game. Our team led the Cubs by a score of 4 to 3 at the end of the sixth inning.

A game will be played with Kendrick Sunday on our diamond.

**News In Brief**  
Marie Schwarz spent Wednesday afternoon with Mildred and Selma Wegner.

Walt Meyer spent Thursday and Friday in Lewiston.

Mrs. Fred Mielke, Mrs. Stoneburner and Emma Hartung called on Mrs. Fred Newman Friday afternoon.

Mildred and Selma Wegner called on Wilma Schultz Friday afternoon.

Mrs. Henry Wendt and daughters called on Mrs. Ida Sillflow Saturday afternoon.

Marie Schwarz called on Irene Meyer Friday afternoon.

Doyle Thornton of Lewiston is spending several days of this week at the Russel Rodgers home.

G. F. Cridlebaugh spent several days of this week at Lewiston with relatives.

Mrs. Luffman of Orofino and Mr. and Mrs. Elmer Luffman and children of Lewiston spent several days of this week with Mr. and Mrs. William Mielke.

Mr. and Mrs. John Schwarz and Mr. and Mrs. Fred Mielke were callers at the Emma Hartung home Sunday afternoon.

Rev. and Mrs. O. G. Ehlen and daughters, Mrs. Dave Denner and Emma, and Carl Kruger returned from Portland where Rev. Ehlen and Mr. Kruger attended the Lutheran church convention.

Mrs. Augusta Schoeffler of Lewiston, Mrs. Charles McCoy of Kendrick and Mr. and Mrs. Wey Weyen were dinner guests of Mr. and Mrs. William McCoy Tuesday.

W. Albert Schultz and Herman Wolf left for Seattle this week to visit with relatives.

Adilene Rodgers was a visitor at the Jake Berreman home last week.

**Heavy Wind and Dust Storm**  
One of the heaviest windstorms to hit this canyon in several years was experienced last Thursday evening when it reached gale proportions and was accompanied by a good supply of dust. Several trees on the hillside across the Potlatch were blown down, as was a large fir tree up Brady gulch, which caused several cars returning from Troy to have to go via Juliaetta on their return home. Marvin Long lost one of the fine little Globe locust trees on his front parking space, which was twisted off a few feet from the ground.

Down at Lewiston considerable damage was done to trees and chimneys, as was also the case over in Clarkston, where much damage was done to fruit trees and fruit, especially early cherries, the ground being liberally covered with the fruit under many trees. They estimate the damage at from \$2,000 to \$3,000.

## Reforestation Men Leave

Mel. Murphy, Harley May and Clarence Hund left Thursday morning for Moscow as members of the reforestation crew. They went from Moscow to Spokane, where they will be outfitted at army headquarters and from there they will go to Pritchard, on the north fork of the Coeur d'Alene river, from which place they will be sent to the forests.

There are still three members of the reforestation crew to go from Kendrick.

## GRAIN MARKET UNSETTLED AND SLIGHTLY WEAKER

Domestic grain markets were unsettled during the week ending May 26. Slackening demand for the moderately heavy offerings of both wheat and feed grains weakened the market early in the period, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Early price declines were only partially offset by later gains resulting from Federal Reserve Bank purchases of Government securities and activities attending the administration of the Agricultural Adjustment act. Wheat prices showed net losses of 1c to 2c for the week. Rye was independently firm, with prices about unchanged, while corn, oats and barley were 1c to 2c lower, with offerings slightly in excess of the current trade needs. Flax advanced about 6c per bushel, with crushers more actively competing for the small receipts.

Winter wheat made generally favorable progress in eastern sections of the belt as a result of warmer weather. The condition is from fair to excellent in Trans-Mississippi states with the crop heading in Kansas and in Missouri. Prospects are poor in Texas and Oklahoma and the crop is heading short. Harvesting is expected to start in early sections of Texas about the middle of June. Spring wheat seeding is practically completed in the north central states and much of the grain is up to good stands and color. Warmer weather with adequate moisture was favorable for a good growth. Spring wheat made good progress in the Intermountain states but low temperatures retarded growth in the Pacific Northwest. Rains and snow delayed seeding in parts of Canada but seeding was practically completed in Manitoba.

The drastic reduction in world trade during the recent crop year has brought water transportation charges to the lowest levels in more than 20 years. The New York-Liverpool rate during the past year has held around 3½c per bushel with distressed space frequently available at 2½c per bushel. Space from Gulf ports has held around 4½c and from U. S. north Pacific ports at about 9c per bushel. Rates from other surplus areas were also low but more variable.

Domestic cash wheat markets were unsettled with futures and price declines early in the week having not been fully regained at the close for most classes of wheat. Marketings were moderately heavy, with demand generally less active than in recent weeks. Receipts at the principal central and southwestern markets totaled 1,796 cars, compared with 1,823 cars for the previous week and 2,214 cars for the corresponding week last year. About half of the arrivals at Kansas City were applied on earlier sales, but offerings of cash grain were at times slightly in excess of current needs of mill and elevator interests.

At the close of the market May 26 No. 2 hard winter was quoted at 66c to 67c. No. 2 hard winter was nominally quoted at Chicago at 71½c and the same grade at St. Louis at 73c per bushel. Demand was rather dull at the latter market reflecting a slow mill inquiry. No. 1 hard winter was quoted at Fort Worth at 80c to 83c per bushel.

Pacific Coast markets weakened under a dull demand, both for milling and feed wheat. Local mills furnished about the only outlet in Washington and Oregon since local prices were still above an export basis and little freight space was available for shipment to eastern and Atlantic ports. Marketings were fairly heavy, with receipts at Puget Sound and Columbia river terminals totaling 729 cars, compared with 304 cars for the corresponding week last year. Most of the arrivals were deliveries on earlier purchases and current offerings were not heavy. Soft and hard white wheats were in best request from local mills. Inquiry from California remained dull.

At the close of the market May 26 bluestem hard white was quoted at Portland at 66c to 68c, soft white and hard winter at 60c to 61c, western white at 57c to 59c, western red at 58c and northern spring at 58c to 60c per bushel, sacked, basis No. 1. Baart hard white was quoted at Seattle at 70c, hard winter at 61c and western white and western red at 60c per bushel, sacked, basis No. 1. No. 1 dark northern spring from Montana was quoted at 85c in bulk.

**"Ramey's Sluggers" Win-Lose**

The Sluggers played a very interesting game with Gold Hill on the local grounds last Sunday afternoon, winning by a score of 6-5. It was anybody's game up to the last man out. No scores were made until the fourth when Gold Hill coupled a walk with an error and a hit scored two runs. The Sluggers went scoreless until the fifth, when three hits and an error netted three runs to put them in the lead. The Sluggers gathered one more run in the sixth and sailed along until the ninth, when Gold Hill went on a batting spree, getting three hits coupled with an error and pushed over three runs to take the lead again but our boys were not to be denied and came back in the ninth with a run and got a man around to third base, with two down and two strikes on Patsy Emery, when he laced out a single, winning the game.

The Sluggers go to Gold Hill Sunday for a return game. The lineup

was as follows: Tommy Blevins, s. s.; K. Brocke, 2nd; Ralph Blevins, p.; Junior Ramey, 1st; Patsy Emery, 3rd; Oscar Hartung, l. f.; Bud Carlson, c.; Herb McDowell, r. f.; Jack Plummer, c. f. Gold Hill lined up as follows: Art Foster, c.; Bud Harris, p.; Bob Fry, 1st and p.; Ted Grinolds, 2nd and 1st; Roy Kent, s. s.; M. Garner, 3rd; Jim Keeler, r. f.; Bill Fry, c. f.; Geo. Kent, l. f.; Forest Whisler, sub.

Struck out by Blevins, 13; by Harris and Fry, 5. Hits off Blevins 11; off Harris and Fry, 14.

Tuesday, Decoration Day, the Sluggers took on the Kendrick town team again and this time went down to defeat 5 to 1.

Lineup—Sluggers: Brocke, 2nd; Wade, c. f.; Walt Koepp, p.; Ramey, 1st; Plummer, s. s.; Hartung, l. f.; Emery 3rd; Carlson, c.; McDowell, r. f. Town Team—Flaig, c. f.; Kennedy, s. s.; Blum, 1st; Clarence Perryman, 2nd; Buster Brown, 3rd; H. Perryman, c. f.; S. Cook, l. f.; Ho-

garth, c.; Dammarell, p.  
Struck out by Dammarell, 4; by Koepp, 11. Hits off Dammarell, 6; off Koepp, 6.

**Cemetery Put In Shape**

The local cemetery is in better shape perhaps at this time than it has been in several years, all because Ed. Long and a crew of men went up there last week and did a lot of work, filling in sunken graves, cutting weeds and generally putting the grounds in shape. Mr. Long and his crew are to be complimented and their work is duly appreciated by those interested in the grounds.

**HOWDY, FOLKS** — We announce a new deal today. For a long time we have been thinking of running a pick-up wagon for your cream, but after serious thought we have decided to give you the benefit of the transportation cost — so instead of running the route we are going to let you bring the cream to town yourself and buy you 1c over the market price for that cream. Don't you think it fairer to all of us? We don't have the expense, you get a better price for your cream, as

you come to town anyway. Think it over? It isn't necessary. You can see the benefit at once.

**Remember**—1c over the market and we return a steam cleaned can.
