COMMERCIAL CLUB HOLDS ESPECIALLY FINE MEETING

Monday evening, August 7, the Kendrick Commercial club held an unusually interesting meeting in the Raby Hotel, following a sumptuous repast of fried chicken served by Mrs. Raby and her aides at 6:30 p. m.

Following the clearing of the tables the club settled down to business, the first on the program being N. E. Walker, chairman of the highway committee, who reported that the Bear Ridge highway construction was to be a winter job. Mr. Walker also stated that within 10 days the abstracts and deeds to the necessary right-of-way would be complete and the necessary records sent to Boise. The possibility of a C. C. C. camp was next taken up, Mr. Walker and H. C. Schupier, committee of two, reporting that they had made a trip to Lewiston to investigate these possibilities, but that it was rather doubtful if a camp could be secured, as apparently arrangements had been made to transfer these men to camps in Arizona and California. However, they did say that they had not entirely given up hope and were still working on the proposition.

E. H. Dammarell, chairman of the relief committee, reported that no relief funds were forthcoming at this season, but that \$50.00 per month had been asked for for the succeeding two months. It is unknown, however, whether this money will be forthcoming or not. A general discussion of transient relief then took place, especially that of transients with a tendency to stay for several days and that of deserting C. C. C. boys, of whom quite a number have been seen recently. The consensus of opinion regarding the C. C. C. boys was that they were well fed, well clothed, employed at fair wages and when they deserted were unworthy of help. Discussion of the "box car hangout" of the transients was again discussed, some being of the opinion it would be well to remove it, others that it is better as it is. It was finally decided to take no action for this month, allowing the course of events in the next month or two to decide the problem.

E. H. Dammarell of the merchants committee reported on recent sharp price advances and stated that the matter of a Fall Festival was under careful consideration and would be reported on at a later date, everyone being too busy at this time to consider such a matter.

The N. R. A. committee, consisting of F. M. Long and M. O. Raby reported that instead of going to Lewiston to find out more about the workings of the code the long distance phone was used, over which they discovered that Lewiston itself was not too familiar with its workings but that the idea of it was to increase employment, this object to be accomplished by shortening the hours of present employees at no reduction in pay and hire additional help to run the business, rather than the shortening of business hours. They reported, however, that in their estimation it would be unwise for Kendrick to adopt the Lewiston code as our working conditions were different, but suggested that it would be better for us to formulate and adopt a code of our own. No action was taken at this time, however, due to the uncertainty of all provisions of the code and the committee was continued, to report in full detail at the next meeting.

Dr. Christensen of the hospital committee reported that no source of information had yet become available regarding R. F. C. funds for the construction of a hospital, but that he was trying in every way to contact the right parties and believed that something definite could be had by next meeting night.

Rev. Beckman made a few remarks regarding the N. R. A. and its meaning and asked that all cooperate. Rev. Beckman also stated that the library under the management of the Ladies Aid of the Community church was ready for use and asked that all feel free to use it whether they attended church or not. It is not in any sense of the word a religious library, but a general one for the use of the general public. He also thanked the Barnum Lumber and Hardware Co. for donating the lumber used in the shelving and the Kendrick Hardware Co. for donating the paint used in painting the library equipment, as well as numer-

Surprise On Mrs. F. W. Ellis

Mrs. F. W. Ellis was very pleasantly surprised Monday evening when a number of the Rebekahs, Mesdames E. H. Emery, Frank Boyd, B. F. Nesbit, C. A. Oppenborn, Edgar Long, Joe Davis, Thos. McDowell, Lester Hill and R. H. Ramey came in to spend the evening socially.

The visitors brought well-filled baskets with them and eats were served at a late hour.

Everyone present reported a very pleasant evening.

HOLDS UP STEPS IN REORGANIZING

Four major steps in the Roosevelt plan for reorganizing the government, a quartet which evoked tremendous howls from congress and postponed its adjournment a week, have been held up to permit further study.

Because of an executive order, transfers, abolitions and shifts in governmental lineups will not include creation of a consolidated purchasing agency, a unified disbursing office, combination of the bureaus of internal revenue and industrial alcohol; and slashes into funds for vocational education and agricultural extension work.

All these were proposed in the president's order submitted to congress on June 10 and were to become effective August 10 under original plans. But modifications were made last week by Mr. Roosevelt, postponing the day of their accomplishment.

The secretary of the treasury was given until December 31 to form a consolidated purchasing agency and create a disbursement office in place of the 2,200 federal units now functioning.

He was allowed the same time to work out consolidation of the bureaus of internal revenue and industrial alcohol into a new division of internal revenue.

All these proposals encountered objections in the senate from republicans.

Between 15,000 and 25,000 employees are involved in the plans.

In accordance with a gentleman's agreement between Senators McNary of Oregon, the republican leader, and Robinson of Arkansas, the democratic chieftan, an order probably will be announced postponing a 25 per cent cut in educational and agricultural extension funds until March.

Irked by the submission of the executive order to the senate in the evening of June 10 as leaders sought desperately to wind up legislative work and go home, a week-end recess was forced by the quarreling over these four phases of the reorganization and congress stayed in session a week longer.

Canyon Ideal For Bees

After considerable investigation and experimenting in various localities, George T. Smith of Lewiston, former state bee inspector, has announced that the Potlatch country is almost ideal for bees. 500 hives were about this territory this year and next year it is expected that the total will come close to the 4,000 mark.

They are said to produce well here and the honey is exceptionally clear and of superlative quality.

ous others for time and labor donated during its construction. A case of books are on the way from the state traveling library and the club decided to pay the freight on them. Mr. Beckman stating that in the future it was believed that the library would be entirely self-supporting.

H. B. Thompson asked for the moral support of the club in the formulating of a new Boy Scout organization with Rev. Beckman as its Scoutmaster. By unanimous vote it was decided that the organization was worthy of all the support possible and the club pledged itself 100 per cent behind the organization in moral support.

Such things as the above report lists are always being brought up at these meetings and the Commercial Club is an organization indeed worthy of your membership, moral and financial support. Get behind the organization, attend the meetings, help keep the old town alive and going. Think it over before you turn down the membership committee which will shortly call on you. We feel sure you'll find the club an organization which you may well be proud to belong to and to meet with.

THIS, THAT AND THE OTHER AT SOUTHWICK

Mr. and Mrs. Delbert Clear and the Tom Weatherly family were Sunday guests at the Milton Benjamin home. Mrs. Clear is spending the week there.

Mr. and Mrs. George Hayward and daughter Lottie enjoyed Sunday dinner with Mr. and Mrs. Wm. Henderson.

Miss Lola Jensen of Orofino is visiting at the Glen Betts home.

Mr. and Mrs. Elton McCoy, Mrs. Leona McCoy and daughter Eva, Ben Baker and Ralph Hanks were Sunday guests at the home of Mr. and Mrs. Tom King.

Mrs. Nick Demo and two daughters came up from Myrtle Sunday to spend a couple weeks with her daughter, Mrs. Oscar Laurence.

Ben Pressnal is assisting with the camp meetings at Cavendish.

Mr. and Mrs. Abner Cowger have moved to Orofino where Abner has employment.

Mrs. Emma Betts spent Sunday with Mrs. Nettie Trail.

The Alex Laurence and Mat Peck-enpa families drove to Craigmont Sunday to visit with Mr. and Mrs. Albert Mabry.

The Howard Southwick family had Sunday dinner with the Haag family at Lenore, taking Emma Haag to her home. She had been visiting at the Southwick home since Thursday.

Mr. and Mrs. Wilmer Hanks and two sons were Sunday visitors at the Claud King home.

Irene Martin is visiting this week with Mrs. Elwood Brock at Teakcan.

Mr. and Mrs. Tea Whitted and son left Monday for Orofino as Ted has employment at the Cardiff mill.

Mr. and Mrs. J. E. Hoppe entertained the members of the Young Peoples' Sunday school class at a sumptuous dinner Sunday. Those present were Josephine and Roxanna Stump, Elbertene and Irene Martin, Elaine and Irene Lettenmaier, Pearl and Ardis McIver, Edith and Doretha Bateman, Marie Smith, Clara Stal-naker, Margaret and Ray Whittinger, Neil Southwick, Bernard Bloom, Aaron Wells and Loyd Thornton.

The Harvey Morris family were guests there also. In the afternoon they all attended the church services in Cavendish.

Math Kazda and daughter Helen, also Charlie and Sylvester Kazda attended the funeral of their aunt, Mrs. John Sobota, in Lewiston Tuesday.

Mr. and Mrs. John Stalaker were Sunday guests of Mr. and Mrs. Gordon Harris.

Mr. and Mrs. C. W. Betts and two children, Mrs. Donna Berreman and Mr. and Mrs. Wm. Kauder visited Sunday at the Edgar Lincoln home at Gifford.

The Clarence Henderson family spent the day Sunday in Lewiston at the Ralph Wright home.

Atlee Mustoe visited Tuesday at the Given Mustoe home and left on Wednesday morning for his home in Kellogg. His wife is still in Lewiston with her sister, Mrs. Virgil Harris, who is reported as very little better.

Mrs. Leona McCoy and daughter Eva and Ben Baker drove to Lewiston Tuesday evening, returning home Wednesday afternoon.

Elaine Lettenmaier stayed Sunday night with Clara Stalaker.

Lola Jensen and Adella Betts spent the day Monday at the W. A. Cowger home.

Mr. and Mrs. Herman Travis were Lewiston visitors Tuesday.

Mr. and Mrs. John Lettenmaier and daughter Ruth and the Delbert Morris family were Sunday guests of the Arine Cuddy family.

Mr. and Mrs. Darwin Tarry went to Lewiston Monday for a load of freight.

Mr. and Mrs. Pete Spekker spent the day Friday with Mr. and Mrs. Given Mustoe.

Mrs. Ned Rosell of Spokane has been visiting her daughter, Mrs. Ben Pressnal.

Clara Stalaker is in the Post Office while Mr. Schuessler is in Lewiston.

Mr. and Mrs. Given Mustoe and small son and Mr. and Mrs. Homer Betts were Sunday dinner guests of Mr. and Mrs. Roy Southwick. The men folks drove to Kendrick to meet the afternoon train, as Mr. and Mrs. Larson had spent the week-end in Lewiston.

KENDRICK PICNIC AT COEUR D'ALENE SUCCESS

Former residents of Kendrick, Idaho, were together Sunday, in the city park at Coeur d'Alene, Idaho, to enjoy the picnic they have each year. More than 200 attended.

The honors for the oldest settler went to John Roberts, who went to Kendrick in 1888. For the family who came the longest distance to take part in the picnic, the honors went to Ralph Knepper, editor of the Salmon (Idaho) Herald, former editor of the Kendrick Gazette.

The Coeur d'Alene band played in the city park and, also, for amusement, there was boating and swimming, besides boat trips on the lake in Ramsey Walker's speed boat, the fastest on Coeur d'Alene lake. Mr. Walker, a pioneer of Idaho, went to Kendrick in the early '80s.

New officers the Kendrick club elected are Walter Thomas, president, and Mrs. J. E. Hoyt, secretary-treasurer. The second Sunday in July was chosen for the picnic in 1934. It will be held at Manito park, Spokane.

Game Licenses In Error

On the backs of the 1933 game licenses the statement is made that the season on ruffed grouse or native pheasant and blue or dusky grouse is from September 1 to 30 inclusive, while the game laws, as listed in the game law books says on Wednesdays, Friday, Sundays and national holidays from September 1 to 30 inclusive, all other days being closed days.

Frank Crocker was not satisfied with the results as he was in doubt which statement was correct so he wrote the State Fish and Game Department in regard to the matter and received the following answer:

August 7, 1933

Mr. Frank Crocker
Kendrick, Idaho
Dear Sir:

In reply to your inquiry of August 4 please be advised that the season dates on native pheasants and blue grouse are correct in the law book. This error occurred in the printing of the licenses and we have advertised it in the papers in the counties named.

Yours very truly,
Fish and Game Department.

Perhaps they have advertised this fact, but this is the first we have seen of it in cold print. It seems to us that a little more publicity would not hurt the affair.

Be On Your Guard

Inland Empire farmers are advised to be on the lookout for promoters who are reviving the old swindling game of "making out the papers." These persons are offering to help farmers apply for benefits under the Government's adjustment program and are asking as high as ten per cent commission.

"No farmer has to pay anybody for help in making out his application," says M. L. Wilson, chief of the Wheat Production Department of the Agricultural Adjustment Administration at Washington, D. C.

"The organization of farmers in each county is in charge of the county agent or agent appointed temporarily. There will be ample time for the farmers to get full information from these men and every wheat man will also be given plenty of notice when the time comes for applying without charge of any kind," says W. J. Green, County agent of Spokane county.

Bean Market Steady

Manager Havens of the Kendrick Bean Growers Association reports the bean market as holding steady, the price now being \$2.95 per 100. He reports beans as moving quite steadily to market, the larger percentage of sales moving by rail at this time, smaller and semi-local shipments moving by truck.

Local Melons Arriving

Local melons are now on the market, the first reported to us being those of M. C. Halliday of Juliaetta, who brought a batch to Long's store. They are said to be of splendid flavor this year. They arrived in town last Thursday.

Church Progressing Nicely

Work on the Leland Methodist church is progressing nicely, all of the larger and heavier construction work being complete. When completed, it will be a credit to the community, and indeed, a credit to most any community.

Family Reunion At Kite Home

Sunday, August 6, a family reunion and birthday party in honor of Mrs. Jess Cox' birthday was held at the home of Mr. and Mrs. John Kite.

Those present were Mr. and Mrs. Jess Cox of Juliaetta, Mr. and Mrs. Geo. McClintic of Juliaetta, Mrs. D. J. Hammond of Spokane and Mrs. John Darby and daughters of Crescent.

Splendid eats were served and all present reported a good time.

WHEAT HARVEST BE GENERAL BY MONDAY

The local wheat harvest will be in full swing by Monday, with crop prospects only fair. The freezing and thawing weather of last winter, together with lack of snow protection and the cold, wet spring having contributed considerable to the low yields. Then, too, the low price of the grain induced many farmers to plant beans instead of wheat, some planting oats and barley in its place.

Some machines, both combine and stationary, were in the fields and grain reached town by last Tuesday, but these were the exception rather than the rule, and it is not expected that all rigs will be in the fields and in operation before next Monday.

Wheat this year is perhaps not up to standard, either in yield or in quality, considerable smut being reported, as well as low test weight. Oats and barley, however, are reported to be of excellent quality and the yield up to standard, and in some cases above that of last year.

On beans we have varying reports. Some say the crop will be good, some say it will be fair and some say poor, a lot of the opinion seemingly hanging on the time of planting and the district in which the field lies.

At any rate, all are agreed that this has been a good year for weeds, more bean hoppers being employed this year than in many seasons past and while rather expensive to the grower has provided many with work.

Be that as it may, we can only hope for the best in regard to our beans and we all want to see a good yield and good prices. Perhaps the NRA program will help the price, we can only say, "We hope so."

17 Killed in Accidents Sunday

At least 17 persons were killed in airplane or automobile crashes or were drowned in accidents Sunday.

At Moran, Wyoming, five drowned in Jackson lake when a fishing boat capsized. The dead were Mr. and Mrs. Ula Mallory, Denver, their daughter, Dolores, 4; Virgil R. Brown, Denver, and his daughter, 2.

Mrs. Ruth York, mother of two small children, died before a crowd of 10,000 when her parachute jump failed to land her safely at Aurora, Ill., airport.

A. O. Evers, Dayton, died instantly in Kentucky and a friend was injured when a plane nosedived.

Henry H. Landis, 29, and George Haines, 27, were killed when their plane crashed in Pennsylvania.

Ed. Gustafson, laborer, was fatally hurt at Spokane in an auto accident.

At San Bernardino, Cal., Vincent Goebel, Munice, Ind., C.C.C. worker, died as a result of being thrown from the truck the night before. The truck failed to make a turn and went over a bank.

Other victims were Radium Cook at Redlands, Cal., and Gus Peterson and Nick Marionoff, both of Seattle.

Trailer Lops Off His Arm

His right arm severed above the elbow in a freak automobile accident, Harry Wiemer, 23, of Klamath Falls, Ore., was driven 19 miles to a hospital, where his life was saved by a blood transfusion from the veins of a quick-thinking friend.

Wiemer and Axton Jones of Alameda were driving in an open car. As they passed a truck and trailer the trailer swung into the center of the highway, and a sharp projection struck Wiemer, cutting off his arm.

Jones raced to a hospital, where Wiemer walked to an operating table. When surgeons said an immediate blood transfusion was necessary, Jones rolled up his sleeve.

Woodcraft To Meet

The Ladies of Woodcraft will meet at the home of Mrs. J. B. Helgman Wednesday evening at 8.00.

If you boast for your home town it will boost for you.

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Pilot Harry Blunt, carrying appendicitis stricken David Looft, four-year-old son of Henry Looft, from Alitak, Kodiak island, Alaska, landed there Monday afternoon 35 hours after he took off, winning a mercy race during which the plane covered a round trip of over a thousand miles through heavy fog and rain since leaving Anchorage. The boy was operated upon at an Anchorage hospital immediately upon his arrival and was reported doing "splendidly." Besides David Blunt was carrying the boy's mother and an attending physician.

From a thick roll of currency, an uncashed check, and a receipt for stock in a brewing enterprise, police strove Monday to learn more about the strange slaying of Henry F. Sarnborn, son of a St. Paul jurist, whose bullet-pierced body was found in a shallow grave on Long Island. The Daily News says two women have come under investigation by police in the case. One was described as a Swedish stenographer, who, despite the objections of relatives, Sarnborn was reported to have planned to marry at a time two weeks after the day he disappeared last month.

Shotguns and rifles barked Tuesday as strikers and non-strikers clashed in the milk war in the Rochester area, marking the most serious outbreak since the opening of hostilities. One man was wounded and two women were assaulted. The acute turn of the strike in this section caused Governor Lehman to advise Sheriff William C. Stallknecht of Monroe county Monday night to exercise the authority vested in him to prevent further repetition of undue violence in the Rochester area.

John Sonnie, 24, of Greensburg, arrested and sentenced to prison in 1932 for attempting to extort money from Charles A. Lindbergh, was shot and killed by a constable early Friday. The officer, Ray Hertel, who charges the youth and his brother Carl with holding up couples in parked cars along lonely roads, said Sonnie tried to rob him.

National guardsmen, sheriff's deputies, motor vehicle inspectors and federal operatives guarded an exclusive girls' camp on the shores of Lake Kezar while the mystery of a reported threat to kidnap Betty Downs, young daughter of a wealthy Philadelphia, remained unsolved.

The airplane Joseph Le Brix, piloted by the Frenchmen Maurice Rossi and Paul Codos landed at the military airfield at Rayark, Syria at 5:10 p. m. E. S. T., with the proud claim of having shattered the world distance record by about 500 miles. The old mark was 5,340 miles. The airplane which left New York Saturday, crossing the Atlantic, passing over Paris and central and southeastern Europe, was in the air about 56 hours. The French airmen abandoned their plan to fly to India because of more rapid consumption of gas than anticipated, which was thought to be due to evaporation because of unusually hot weather. They still had considerable gasoline in their tanks when they landed.

Renewed pressure to end the bituminous coal strike in Pennsylvania was decided upon Monday by Hugh S. Johnson, the recovery administrator, while spokesmen for capital and labor began forging machinery for avoiding future trouble. Johnson ordered Edward F. McGrady, his assistant administrator for labor and former legislative representative of the American Federation of Labor to plead with the miners to accept terms of the agreement reached last week and go back to work.

First degree murder charges were filed against Dr. C. W. Costello, Leavenworth dentist, Monday. Costello was taken to the county jail at Watachee after Gus Newman, C. C. C. camp cook was shot and fatally wounded in the dentist's home Saturday night.

Wheat Coming Slowly

Despite the fact that many threshing rigs are now operating in this section Manager Keene of the Volmer-Clearwater Co. and Watts of the Rochdale Company both report that the wheat is coming in quite slowly, many farmers preferring to wait until the harvest rush is over and haul it themselves rather than to hire trucks to do the hauling as in years past.

THE Bull itin

WE NEED MORE CONTENTED COWS
HAROLD THOMAS, Editor VOL. 1—NO. 5

WHOOPS, MY DEAH! Up she goes, and down she comes. Thrown for a loss from its own 10-yard line. Battered, bruised and stiff from many ups and downs—That's the record of wheat the past few weeks. Now that the loss is limited by the day, the going may not be so hard, but as the loss is limited, so is the gain—But folks, don't forget that we still are paying the good old long green and hard round dollar for your cream—and we're only too glad to do it. You've never yet heard us say, "No market today."

The difference between Lot's wife and my wife," says Art. Perryman, "is this: The former looked back and turned into a pillar of salt. My wife looked back and turned into a telephone pole."

Balance of Power
Wade Keene (on opening his eyes).—"Well I had the right of way, didn't I?"
Ed. Deobald—"Yeh, but the other fellow had a truck!"

Keep posted—read the Bull-itin. Lots of news about this and that.

CAMERON NEWS ITEMS

Visit Relatives and Friends
Mr. and Mrs. Erle Smith, Mr. and Mrs. Lorin Westerman and Mrs. Jacob Schmidt of Spokane spent Saturday evening and Sunday with friends and relatives on the ridge.

Celebrate Birthday Anniversary

Mr. and Mrs. John Schwarz entertained with dinner Wednesday in honor of their son Herbert's birthday anniversary. Those making up the party were Mrs. Ida Stoneburner, Miss Emma Hartung, Miss Louise Schmidt, H. T. Mielke, G. F. Cridlebaugh and C. L. Jensen.

Short Bits of Gossip

C. L. Jensen of Berkeley, Calif. was a house guest of G. F. Cridlebaugh last week.

Rev. and Mrs. O. G. Ehlen, Mrs. Wm. McCoy and Mrs. Otto Schoefler were Lewiston visitors Friday.

Mr. and Mrs. C. J. Schultz went huckleberrying near Avon last week. Viola McCoy and Betty Thomas of Kendrick are visiting with friends and relatives on the ridge this week.

Overnight guests of Rev. and Mrs. O. G. Ehlen Sunday were Rev. Ket-

tle of Gifford and Rev. Jalire of Baker, Oregon.

Visitors at the Emma Hartung home Sunday were Mr. and Mrs. Fred Newman and children, Mr. and Mrs. John Schwarz and family, Mr. and Mrs. Fred Mielke and family, Mr. and Mrs. Louis Westerman, Mr. and Mrs. Erle Smith, Mrs. Jacob Schmidt and daughter, Viola Schaltz, G. F. Cridlebaugh and C. L. Jensen.

Mrs. Mm. McCoy called on Mrs. Ida Stoneburner and Miss Emma Hartung Thursday afternoon.

Mr. and Mrs. Jack Bechtol of Moscow spent Sunday with her mother, Mrs. Bleck, and brother Henry.

Finally Charavariad

Mr. and Mrs. Jay Stout (Minnie Craig) were charavariad last Saturday evening at the Claud Craig cabin in Leopold canyon. Mr. Stout and Miss Craig were married last fall, but until Saturday night no opportunity had presented itself to the young people to put on their entertainment. Forty or fifty were present and it is said that the "music" provided was of the first order.

Ask us an easy one. The consumer is the "last man." He pays it.

HARVEST SUPPLIES

We have a good line of harvest supplies and can fill your every need in the Hardware line—no matter what it may be.

If we haven't an article in stock, we will gladly order anything you may want.

Our supply of small articles, such as WATER BAGS, CANTEENS, OIL CANS, BUNDLE FORKS, BOLTS OF ALL SIZES, ROPE—in fact, almost anything you may need, is complete.

We have lanterns of various kinds in both oil and gasoline. We are agents for the famous Coleman gasoline lamps and lanterns—than which there are none better.

Come and see us, or give us a ring on the phone and we will take care of your order at once.

Our stock is new and our prices are right.

Mr. and Mrs. Oscar Torgerson and Mr. Torgerson's mother spent Sunday, July 23, with Mr. and Mrs. Stewart Wilson.

James Holt is visiting his grandparents, Mr. and Mrs. J. H. Hunt.

Lee Long, who has been visiting his cousin, Mrs. Clem Israel, has recently returned to his home in the east.

Mr. and Mrs. F. C. Lyons and family and Mr. and Mrs. Earnest Goodnight were Sunday dinner guests of Mrs. Longfellow.

17-year Locusts

The 17-year locusts, as the insect known to science as the cicada is called, appears in the North more often than every 17 years, but this is due to the fact that there are several cycles of them in existence. The cicadas actually require 17 years to mature from the egg stage to the final stage of the full-grown insect. In the South the period is about 4 years shorter.

The adults lay the eggs in slits in the bark of twigs of trees. When the eggs hatch, the young is a nymph with legs, but no wings. They drop from the tree to the ground and, burrowing beneath the soil, reach the roots, where they find their sustenance during the years they are progressing toward maturity.

When the 17 years have been accomplished they work to the surface, and their shell coating splits, permitting the full-grown insect to emerge.

Before the government guarantees all bank deposits it might be well for congress to pass a bill compelling all men to be honest.

BIG BEAR RIDGE

Mrs. Marvin Reddington returned to her at Lenore Saturday, after having visited at the home of her parents, Mr. and Mrs. A. W. Jones.

Mr. and Mrs. T. A. Nelson motored to Moscow Friday.

Miss Dorothy Holt spent Thursday at the A. W. Jones home.

Mr. and Mrs. Oscar Slind went to Lewiston Monday.

Dave Gentry of Kendrick spent Friday evening at the A. W. Jones home.

Miss Elma Jones spent Saturday night and Sunday in Kendrick visiting friends.

The Lutheran Ladies aid is sponsoring an outdoor service and basket dinner in the Slind grove Sunday. Everybody is invited to attend the services in the morning and the dinner afterwards.

Bernard Jones received a severe burn on his face last Sunday morning while up at Elk River on a fishing trip. He is in the St. Joseph's hospital in Lewiston.

The Ladies Guild will meet at the home of Mrs. Bob Clemenhagen Wednesday.

TEAKEAN GOSSIP

We have been having some waru weather, but the nights are cold.

Mrs. Charlie Brock has been helping Mrs. L. Clanin can beans and peas and cook for hay balers this week.

Mr. and Mrs. Orval Choate are entertaining a new little daughter, who was born Sunday morning. They have named her Agnes Jewell.

Mr. and Mrs. George Jones are visiting with Mrs. Jones' parents, Mr. and Mrs. L. Schlieber.

Mr. and Mrs. Edgar Carlson called at the John Glenn home Thursday afternoon.

Miss Ruby Heffel is helping Mrs. Cecil Fummett cook for threshers.

Mrs. Oney Walker spent Tuesday afternoon with her mother, Mrs. T. J. Flesman.

Mrs. Harold Parks was visiting in Leland Tuesday afternoon.

Important Announcement

The United States Government has announced a processing tax on cotton of 4.2c a pound. This tax will go into effect on August 1, 1933. Of course, this will materially increase the cost of anything made of cotton. Retailers are allowed thirty days to dispose of their present stocks, so we will not have to pay this tax on merchandise sold prior to September 1.

The price of raw cotton on March 1 was 5.9c per pound. It is now 10.5c per pound for October delivery.

Now is the time to purchase merchandise made of cotton, particularly such staples as Muslins, Sheetings, Overalls, Work Shirts, Hose, Etc.

Turning Power Into Purr

The automobile has gone a long way since Mr. Henry Ford made the experiments which, as he tells the tale, nearly "wrecked his kitchen sink." Thousands of drivers have vivid recollections of those early engines and their attempts to propel the vehicles in which they were inclosed.

The propelling plant of an early automobile was not to be denied a hearing. Consisting generally of but one or two cylinders, it aspired to hide its inferiority in the shouting of its exhaust. Happy days, nevertheless, were spent with the undependable contraptions which, however coy and deceptive, had an appeal that spread fresh hopes before their victims, even as each succeeding proof of their duplicity tended to urge an immediate desertion.

Many an automobilist, equipped with duster, goggles, gloves and other paraphernalia, has started forth on a day's outing with about as good prospects of arriving at his destination as an early aviator had of flying the Atlantic.

Those were the days when the driver figured on spending half the

time of his trip walking around his "bus" with a monkey wrench in one hand and part of the automobile in the other. And the sight of a pair of shoes sticking out from beneath a shiny but silent automobile was only a sign to rural residents for some such remarks as, "Giddap, there, Maud S.!" When I set out fer sumwhares, I wanten know I'm gettin' there."

Yes, the automobile engine has gone a long way since then. Instead of making enough noise to "scare Dobbin clean back to Barnstable," it now runs so silently that drivers sometimes feel inclined to get out and get under to see if they have brought the motor along.

Human Felicity

Human felicity is produced not so much by great pieces of good fortune that seldom happens, as by little advantages that occur every day. Thus, if you teach a poor young man to shave himself, and keep his razor in order, you may contribute more to the happiness of his life than in giving him a thousand guineas.—Franklin.

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, AUGUST 11, 1933

NO. 33

COMMERCIAL CLUB HOLDS ESPECIALLY FINE MEETING

Monday evening, August 7, the Kendrick Commercial club held an unusually interesting meeting in the Raby Hotel, following a sumptuous repast of fried chicken served by Mrs. Raby and her aides at 6:30 p. m.

Following the clearing of the tables the club settled down to business, the first on the program being N. E. Walker, chairman of the highway committee, who reported that the Bear Ridge highway construction was to be a winter job. Mr. Walker also stated that within 10 days the abstracts and deeds to the necessary right-of-way would be complete and the necessary records sent to Boise. The possibility of a C. C. C. camp was next taken up, Mr. Walker and H. C. Schupfer, committee of two, reporting that they had made a trip to Lewiston to investigate these possibilities, but that it was rather doubtful if a camp could be secured, as apparently arrangements had been made to transfer these men to camps in Arizona and California. However, they did say that they had not entirely given up hope and were still working on the proposition.

E. H. Dammarell, chairman of the relief committee, reported that no relief funds were forthcoming at this season, but that \$50.00 per month had been asked for for the succeeding two months. It is unknown, however, whether this money will be forthcoming or not. A general discussion of transient relief then took place, especially that of transients with a tendency to stay for several days and that of deserting C. C. C. boys, of whom quite a number have been seen recently. The consensus of opinion regarding the C. C. C. boys was that they were well fed, well clothed, employed at fair wages and when they deserted were unworthy of help. Discussion of the "box car hangout" of the transients was again discussed, some being of the opinion it would be well to remove it, others that it is better as it is. It was finally decided to take no action for this month, allowing the course of events in the next month or two to decide the problem.

E. H. Dammarell of the merchants committee reported on recent sharp price advances and stated that the matter of a Fall Festival was under careful consideration and would be reported on at a later date, everyone being too busy at this time to consider such a matter.

The N. R. A. committee, consisting of F. M. Long and M. O. Raby reported that instead of going to Lewiston to find out more about the workings of the code the long distance phone was used, over which they discovered that Lewiston itself was not too familiar with its workings but that the idea of it was to increase employment, this object to be accomplished by shortening the hours of present employees at no reduction in pay and hire additional help to run the business, rather than the shortening of business hours. They reported, however, that in their estimation it would be unwise for Kendrick to adopt the Lewiston code as our working conditions were different, but suggested that it would be better for us to formulate and adopt a code of our own. No action was taken at this time, however, due to the uncertainty of all provisions of the code and the committee was continued, to report in full detail at the next meeting.

Dr. Christensen of the hospital committee reported that no source of information had yet become available regarding R. F. C. funds for the construction of a hospital, but that he was trying in every way to contact the right parties and believed that something definite could be had by next meeting night.

Rev. Beckman made a few remarks regarding the N. R. A. and its meaning and asked that all cooperate. Rev. Beckman also stated that the library under the management of the Ladies Aid of the Community church was ready for use and asked that all feel free to use it whether they attended church or not. It is not in any sense of the word a religious library, but a general one for the use of the general public. He also thanked the Barnum Lumber and Hardware Co. for donating the lumber used in the shelving and the Kendrick Hardware Co. for donating the paint used in painting the library equipment, as well as numer-

Surprise On Mrs. F. W. Ellis

Mrs. F. W. Ellis was very pleasantly surprised Monday evening when a number of the Rebekahs; Mesdames E. H. Emery, Frank Boyd, B. F. Nesbit, C. A. Oppenborn, Edgar Long, Joe Davis, Thos. McDowell, Lester Hill and R. H. Ramey came in to spend the evening socially.

The visitors brought well-filled baskets with them and eats were served at a late hour.

Everyone present reported a very pleasant evening.

HOLDS UP STEPS IN REORGANIZING

Four major steps in the Roosevelt plan for reorganizing the government, a quartet which evoked tremendous howls from congress and postponed its adjournment a week, have been held up to permit further study.

Because of an executive order, transfers, abolitions and shifts in governmental lineups will not include creation of a consolidated purchasing agency, a unified disbursing office, combination of the bureaus of internal revenue and industrial alcohol; and slashes into funds for vocational education and agricultural extension work.

All these were proposed in the president's order submitted to congress on June 10 and were to become effective August 10 under original plans. But modifications were made last week by Mr. Roosevelt, postponing the day of their accomplishment.

The secretary of the treasury was given until December 31 to form a consolidated purchasing agency and create a disbursing office in place of the 2,200 federal units now functioning.

He was allowed the same time to work out consolidation of the bureaus of internal revenue and industrial alcohol into a new division of internal revenue.

All these proposals encountered objections in the senate from republicans.

Between 15,000 and 25,000 employees are involved in the plans. In accordance with a gentleman's agreement between Senators McNary of Oregon, the republican leader, and Robinson of Arkansas, the democratic chieftan, an order probably will be announced postponing a 25 per cent cut in educational and agricultural extension funds until March.

Irked by the submission of the executive order to the senate in the evening of June 10 as leaders sought desperately to wind up legislative work and go home, a week-end recess was forced by the quarreling over these four phases of the reorganization and congress stayed in session a week longer.

Canyon Ideal For Bees

After considerable investigation and experimenting in various localities, George T. Smith of Lewiston, former state bee inspector, has announced that the Potlatch country is almost ideal for bees. 500 hives were about this territory this year and next year it is expected that the total will come close to the 4,000 mark.

They are said to produce well here and the honey is exceptionally clear and of superlative quality.

Others for time and labor donated during its construction. A case of books are on the way from the state traveling library and the club decided to pay the freight on them. Mr. Beckman stating that in the future it was believed that the library would be entirely self-supporting.

H. B. Thompson asked for the moral support of the club in the formulating of a new Boy Scout organization with Rev. Beckman as its Scoutmaster. By unanimous vote it was decided that the organization was worthy of all the support possible and the club pledged itself 100 per cent behind the organization in moral support.

Such things as the above report lists are always being brought up at these meetings and the Commercial Club is an organization indeed worthy of your membership, moral and financial support. Get behind the organization, attend the meetings, help keep the old town alive and going. Think it over before you turn down the membership committee which will shortly call on you. We feel sure you'll find the club an organization which you may well be proud to belong to and to meet with.

THIS, THAT AND THE OTHER AT SOUTHWICK

Mr. and Mrs. Delbert Clear and the Tom Weatherby family were Sunday guests at the Milton Benjamin home. Mrs. Clear is spending the week there.

Mr. and Mrs. George Hayward and daughter Lottie enjoyed Sunday dinner with Mr. and Mrs. Wm. Henderson.

Miss Lola Jensen of Orofino is visiting at the Glen Betts home.

Mr. and Mrs. Elton McCoy, Mrs. Leona McCoy and daughter Eva, Ben Baker and Ralph Hanks were Sunday guests at the home of Mr. and Mrs. Tom King.

Mrs. Nick Demo and two daughters came up from Myrtle Sunday to spend a couple weeks with her daughter, Mrs. Oscar Laurence.

Ben Pressnal is assisting with the camp meetings at Cavendish.

Mr. and Mrs. Abner Cowger have moved to Orofino where Abner has employment.

Mrs. Emma Betts spent Sunday with Mrs. Nettie Trail.

The Alex Laurence and Mat Pecknada families drove to Craigmont Sunday to visit with Mr. and Mrs. Albert Mabry.

The Howard Southwick family had Sunday dinner with the Haag family at Lenore, taking Emma Haag to her home. She had been visiting at the Southwick home since Thursday.

Mr. and Mrs. Wilmer Hanks and two sons were Sunday visitors at the Claud King home.

Irene Martin is visiting this week with Mrs. Elwood Brock at Teakcan.

Mr. and Mrs. Tea Whitted and son left Monday for Orofino as Ted has employment at the Cardiff mill.

Mr. and Mrs. J. E. Hoppe entertained the members of the Young Peoples' Sunday school class at a sumptuous dinner Sunday. Those present were Josephine and Roxanna Stump, Elbertine and Irene Martin, Elaine and Irene Lettenmaier, Pearl and Ardis McIver, Edith and Doretha Bateman, Marie Smith, Clara Stalnaker, Margaret and Ray Whittinger, Neil Southwick, Bernard Bloom, Aaron Wells and Loyd Thornton. The Harvey Morris family were guests there also. In the afternoon they all attended the church services in Cavendish.

Math Kazda and daughter Helen, also Charlie and Sylvester Kazda attended the funeral of their aunt, Mrs. John Sobota, in Lewiston Tuesday.

Mr. and Mrs. John Stalnaker were Sunday guests of Mr. and Mrs. Gordon Harris.

Mr. and Mrs. C. W. Betts and two children, Mrs. Donna Berreman and Mr. and Mrs. Wm. Kauder visited Sunday at the Edgar Lincoln home at Gifford.

The Clarence Henderson family spent the day Sunday in Lewiston at the Ralph Wright home.

Attlee Mustoe visited Tuesday at the Given Mustoe home and left on Wednesday morning for his home in Kellogg. His wife is still in Lewiston with her sister, Mrs. Virgil Harris, who is reported as very little better.

Mrs. Leona McCoy and daughter Eva and Ben Baker drove to Lewiston Tuesday evening, returning home Wednesday afternoon.

Elaine Lettenmaier stayed Sunday night with Clara Stalnaker.

Lola Jensen and Adella Betts spent the day Monday at the W. A. Cowger home.

Mr. and Mrs. Herman Travis were Lewiston visitors Tuesday.

Mr. and Mrs. John Lettenmaier and daughter Ruth and the Delbert Morris family were Sunday guests of the Arnie Cuddy family.

Mr. and Mrs. Darwin Tarry went to Lewiston Monday for a load of freight.

Mr. and Mrs. Pete Spekler spent the day Friday with Mr. and Mrs. Given Mustoe.

Mrs. Ned Rosell of Spokane has been visiting her daughter, Mrs. Ben Pressnal.

Clara Stalnaker is in the Post Office while Mr. Schuessler is in Lewiston.

Mr. and Mrs. Given Mustoe and small son and Mr. and Mrs. Homer Betts were Sunday dinner guests of Mr. and Mrs. Roy Southwick. The men folks drove to Kendrick to meet the afternoon train, as Mr. and Mrs. Larson had spent the week-end in Lewiston.

KENDRICK PICNIC AT COEUR D'ALENE SUCCESS

Former residents of Kendrick, Idaho, were together Sunday, in the city park at Coeur d'Alene, Idaho, to enjoy the picnic they have each year. More than 200 attended.

The honors for the oldest settler went to John Roberts, who went to Kendrick in 1888. For the family who came the longest distance to take part in the picnic, the honors went to Ralph Knepper, editor of the Salmon (Idaho) Herald, former editor of the Kendrick Gazette.

The Coeur d'Alene band played in the city park and, also, for amusement, there was boating and swimming, besides boat trips on the lake in Ramsey Walker's speed boat, the fastest on Coeur d'Alene lake. Mr. Walker, a pioneer of Idaho, went to Kendrick in the early '80s.

New officers of the Kendrick club elected are Walter Thomas, president, and Mrs. J. E. Hoyt, secretary-treasurer. The second Sunday in July was chosen for the picnic in 1934. It will be held at Manito park, Spokane.

Game Licenses In Error

On the backs of the 1933 game licenses the statement is made that the season on ruffed grouse or native pheasant and blue or dusky grouse is from September 1 to 30 inclusive, while the game laws, as listed in the game law books says on Wednesdays, Friday, Sundays and national holidays from September 1 to 30 inclusive, all other days being closed days.

Frank Crocker was not satisfied with the results as he was in doubt which statement was correct so he wrote the State Fish and Game Department in regard to the matter and received the following answer:

August 7, 1933

Mr. Frank Crocker

Kendrick, Idaho

Dear Sir:

In reply to your inquiry of August 4 please be advised that the season dates on native pheasants and blue grouse are correct in the law book. This error occurred in the printing of the licenses and we have advertised it in the papers in the counties named.

Yours very truly,

Fish and Game Department.

Perhaps they have advertised this fact, but this is the first we have seen of it in cold print. It seems to us that a little more publicity would not hurt the affair.

Be On Your Guard

Inland Empire farmers are advised to be on the lookout for promoters who are reviving the old swindling game of "making out the papers."

These persons are offering to help farmers apply for benefits under the Government's adjustment program and are asking as high as ten per cent commission.

"No farmer has to pay anybody for help in making out his application," says M. L. Wilson, chief of the Wheat Production Department of the Agricultural Adjustment Administration at Washington, D. C.

"The organization of farmers in each county is in charge of the county agent or agent appointed temporarily. There will be ample time for the farmers to get full information from these men and every wheat man will also be given plenty of notice when the time comes for applying without charge of any kind," says W. J. Green, County agent of Spokane county.

Bean Market Steady

Manager Havens of the Kendrick Bean Growers Association reports the bean market as holding steady, the price now being \$2.95 per 100. He reports beans as moving quite steadily to market, the larger percentage of sales moving by rail at this time, smaller and semi-local shipments moving by truck.

Local Melons Arriving

Local melons are now on the market, the first reported to us being those of M. C. Halliday of Juliaetta, who brought a batch to Longs store. They are said to be of splendid flavor this year. They arrived in town last Thursday.

Church Progressing Nicely

Work on the Leland Methodist church is progressing nicely, all of the larger and heavier construction work being complete. When completed, it will be a credit to the community, and indeed, a credit to most any community.

Family Reunion At Kite Home

Sunday, August 6, a family reunion and birthday party in honor of Mrs. Jess Cox' birthday was held at the home of Mr. and Mrs. John Kite.

Those present were Mr. and Mrs. Jess Cox of Juliaetta, Mr. and Mrs. Geo. McClintic of Juliaetta, Mrs. D. J. Hammond of Spokane and Mrs. John Darby and daughters of Crescent.

Splendid eats were served and all present reported a good time.

WHEAT HARVEST BE GENERAL BY MONDAY

The local wheat harvest will be in full swing by Monday, with crop prospects only fair. The freezing and thawing weather of last winter, together with lack of snow protection and the cold, wet spring having contributed considerable to the low yields. Then, too, the low price of the grain induced many farmers to plant beans instead of wheat, some planting oats and barley in its place.

Some machines, both combine and stationary, were in the fields and grain reached town by last Tuesday, but these were the exception rather than the rule, and it is not expected that all rigs will be in the fields and in operation before next Monday.

Wheat this year is perhaps not up to standard, either in yield or in quality, considerable smut being reported, as well as low test weight. Oats and barley, however, are reported to be of excellent quality and the yield up to standard, and in some cases above that of last year.

On beans we have varying reports. Some say the crop will be good, some say it will be fair and some say poor, a lot of the opinion seemingly hanging on the time of planting and the district in which the field lies.

At any rate, all are agreed that this has been a good year for weeds, more bean hoppers being employed this year than in many seasons past and while rather expensive to the grower has provided many with work.

Be that as it may, we can only hope for the best in regard to our beans and we all want to see a good yield and good prices. Perhaps the NRA program will help the price, we can only say, "We hope so."

17 Killed in Accidents Sunday

At least 17 persons were killed in airplane or automobile crashes or were drowned in accidents Sunday.

At Moran, Wyoming, five drowned in Jackson lake when a fishing boat capsized. The dead were Mr. and Mrs. Ula Mallory, Denver, their daughter, Dolores, 4; Virgil R. Brown, Denver, and his daughter, 2.

Mrs. Ruth York, mother of two small children, died before a crowd of 10,000 when her parachute jump failed to land her safely at Aurora, Ill. airport.

A. O. Evers, Dayton, died instantly in Kentucky and a friend was injured when a plane nosedived.

Henry H. Landis, 29, and George Haines, 27, were killed when their plane crashed in Pennsylvania.

Ed. Gustafson, laborer, was fatally hurt at Spokane in an auto accident.

At San Bernardino, Cal., Vincent Goebel, Munice, Ind., C.C.C. worker, died as a result of being thrown from the truck the night before. The truck failed to make a turn and went over a bank.

Other victims were Radium Cook at Redlands, Cal., and Gus Peterson and Nick Marionoff, both of Seattle.

Trailer Lops Off His Arm

His right arm severed above the elbow in a freak automobile accident, Harry Wiemer, 23, of Klamath Falls, Ore., was driven 19 miles to a hospital, where his life was saved by a blood transfusion from the veins of a quick-thinking friend.

Wiemer and Axton Jones of Alameda were driving in an open car. As they passed a truck and trailer the trailer swung into the center of the highway, and a sharp projection struck Wiemer, cutting off his arm.

Jones raced to a hospital, where Wiemer walked to an operating table. When surgeons said an immediate blood transfusion was necessary, Jones rolled up his sleeve.

Woodcraft To Meet

The Ladies of Woodcraft will meet at the home of Mrs. J. B. Helgman Wednesday evening at 8:00.

If you boast for your home town it will boost for you.

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Pilot Harry Blunt, carrying appendicitis stricken David Looft, four-year-old son of Henry Looft, from Aitutak, Kodiak island, Alaska, landed there Monday afternoon 35 hours after he took off, winning a mercy race during which the plane covered a round trip of over a thousand miles through heavy fog and rain since leaving Anchorage. The boy was operated upon at an Anchorage hospital immediately upon his arrival and was reported doing "splendidly." Besides David Blunt was carrying the boy's mother and an attending physician.

From a thick roll of currency, an uncashed check, and a receipt for stock in a brewing enterprise, police strove Monday to learn more about the strange slaying of Henry F. Sanborn, son of a St. Paul jurist, whose bullet-pierced body was found in a shallow grave on Long Island. The Daily News says two women have come under investigation by police in the case. One was described as a Swedish stenographer, who, despite the objections of relatives, Sanborn was reported to have planned to marry at a time two weeks after the day he disappeared last month.

Shotguns and rifles barked Tuesday as strikers and non-strikers clashed in the milk war in the Rochester area, marking the most serious outbreak since the opening of hostilities. One man was wounded and two women were assaulted. The acute turn of the strike in this section caused Governor Lehman to advise Sheriff William C. Stalknecht of Monroe county Monday night to exercise the authority vested in him to prevent further repetition of undue violence in the Rochester area.

John Sonnie, 24, of Greensburg, arrested and sentenced to prison in 1932 for attempting to extort money from Charles A. Lindbergh, was shot and killed by a constable early Friday. The officer, Ray Hertel, who charges the youth and his brother Carl with holding up couples in parked cars along lonely roads, said Sonnie tried to rob him.

National guardsmen, sheriff's deputies, motor vehicle inspectors and federal operatives guarded an exclusive girls' camp on the shores of Lake Kezar while the mystery of a reported threat to kidnap Betty Downs, young daughter of a wealthy Philadelphia, remained unsolved.

The airplane Joseph L. Brix, piloted by the Frenchmen Maurice Rossi and Paul Codos landed at the military airfield at Rayark, Syria at 5:10 p. m. E. S. T., with the proud claim of having shattered the world distance record by about 500 miles. The old mark was 5,340 miles. The airplane which left New York Saturday, crossing the Atlantic, passing over Paris and central and southeastern Europe, was in the air about 56 hours. The French airmen abandoned their plan to fly to India because of more rapid consumption of gas than anticipated, which was thought to be due to evaporation because of unusually hot weather. They still had considerable gasoline in their tanks when they landed.

Renewed pressure to end the bituminous coal strike in Pennsylvania was decided upon Monday by Hugh S. Johnson, the recovery administrator, while spokesmen for capital and labor began forging machinery for avoiding future trouble. Johnson ordered Edward F. McGrady, his assistant administrator for labor and former legislative representative of the American Federation of Labor to plead with the miners to accept terms of the agreement reached last week and go back to work.

First degree murder charges were filed against Dr. C. W. Costello, Leavenworth dentist, Monday. Costello was taken to the county jail at Wenatchee after Gus Newman, C. C. C. camp cook was shot and fatally wounded in the dentist's home Saturday night.

Wheat Coming Slowly

Despite the fact that many threshing rigs are now operating in this section Manager Keene of the Volmer-Clearwater Co. and Watts of the Rochdale Company both report that the wheat is coming in quite slowly, many farmers preferring to wait until the harvest rush is over and haul it themselves rather than to hire trucks to do the hauling as in years past.

THINK OF IT!

Uncle Sam now collects 2 taxes on each gallon of gasoline!
 1¢ for the Budget
 1/2¢ for the Industrial Recovery Act

On June 1, 1933 - average gasoline tax was 1/2 as much as cost of the fuel itself!

The REVENUE from the FEDERAL GASOLINE TAX could build 10 roads across the continent EVERY YEAR!

Blending COBALT ALCOHOL with GASOLINE would cost motorists \$600,000,000 additional A YEAR!
 Added cost of fuel \$460,000,000
 Increased consumption \$140,000,000

Revenue from AUTOMOTIVE FREIGHT pays the railroads' entire TAX BILL

LINDEN NEWS ITEMS

Mr. and Mrs. Jim Smith and daughter Beatrice Ann from Spokane are spending a few days at the Chas. Keeler home.

Earl Harris visited friends in Kendrick over Sunday.

Mr. and Mrs. Clyde Nichols of Clarkston visited at the Ed. Kent home last week.

Clarence Jenks of Moscow spent several days last week visiting his grandparents, Mr. and Mrs. H. J. Starr.

 Notice is hereby given by the undersigned, administrator of the estate of Kittie M. Bailor, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers within six months after August 10th, 1933, the first publication of this notice, to the said administrator at his law office in Moscow, Idaho, the same being the place for the transaction of the business of said estate, in Latah County, State of Idaho.

J. H. FELTON, Administrator.
 Dated at Moscow, Idaho, August 5th, 1933.

PERSONALS

Geo. Brocke was a Spokane visitor Sunday, returning Tuesday.

Mrs. Theo. Hansen of Troy visited with Mrs. Jennie Plummer last weekend.

Miss Verla Thornton of Southwick spent a few days in Juliaetta last week visiting with friends.

Carl Emery and Bob Pearson went to Spokane Thursday afternoon, returning Sunday.

Mrs. E. H. Dammarell is a guest at the home of her daughter, Mrs. Philip Asplund and family near Troy.

Otto Schupfer returned Monday evening from a short business trip to Spokane.

H. C. Schupfer and N. E. Walker were Friday visitors in Lewiston looking after road matters.

Mrs. Jesse Collins of Lewiston was a visitor at the home of Mrs. Jennie Plummer this week.

Mr. and Mrs. Silvie Cook returned Saturday evening from a week's vacation trip. They report the fishing only fair.

Mr. and Mrs. Walter Bowman of Winchester spent Friday and Saturday with her parents, Mr. and Mrs. Ira Bolon, and family.

Miss Glenna Flaig of St. Maries is visiting at the home of her grandparents, Mr. and Mrs. Thos. McDowell.

Mr. and Mrs. Wade T. Keene and daughter Maxine drove to Peck on Monday, where Maxine will visit with her cousin, Miss Orrine Harde-man.

M. O. Raby was a Monday afternoon business visitor in Lewiston. A large part of the day was spent investigating the NRA code for report at Commercial Club meeting that evening.

Mr. and Mrs. A. K. Carlson and son Dick spent Sunday at Coeur d'Alene where they attended the old-friends picnic. They reported a wonderful time visiting with many people formerly of Kendrick.

Mrs. W. L. McCreary returned home Sunday after a week spent with her parents, Mr. and Mrs. F. E. Griffith of Spokane. Mr. and Mrs. Griffith brought her home and spent Sunday afternoon at the McCreary home.

Kenneth Brocke was a Tuesday passenger for Troy.

Ellen Woody spent a few days this past week at the R. H. Ramey home.

Mrs. R. H. Ramey and daughters, Rowena and Jeanne, went to Spokane Thursday morning to see Al. Pearce and his gang now playing at the Fox theatre and to visit for a day or so.

Mrs. Igniz Flaig and children returned to Orofino Sunday after spending several days here with her parents, Mr. and Mrs. Geo. Leith.

Dr. Gritman Passes

Dr. C. L. Gritman, among the best known practitioners in the northwest, a pioneer of the west and for 41 years a citizen of Moscow, 37 years of which were spent as head of the hospital bearing his name, died Tuesday night of a heart attack at his home, death ensuing as he slept. He had not been feeling well for 10 days, but was not confined to his bed.

Entertains At Dinner

Mr. and Mrs. C. W. Jessup and Miss Ruth Leland were Thursday dinner guests at the home of Mrs. M. A. Deobald. One of her justly famous fried chicken dinners was served.

See the home merchant first.

LIBERTY LOAN POSTERS BROUGHT TO MEMORY

The Liberty Loan posters of recent memory, have their successor now. It is a blue eagle against a white background, with the letters NRA at top and the motto "We Do Our Part" below. One of the eagle's claws clutches a cog-wheel—the other holds to what might be a modernist's idea of a handful of wheat, or bolts of lightning. It is the emblem of the National Recovery Administration, and represents one of the cleverest attempts yet made to produce an end through force of public opinion.

Contrary to many persons' belief, the President has no legal means of forcing wage and work agreements on business. He and his advisors became impatient at the way the codes were going—it took several weeks to produce one, that of the textile industry. The blanket appeal was the result. In effect, the Government is saying: "Of course, you don't have to do this, but—!" And that is a very important "but" indeed. Recalcitrant businesses are apt to find themselves faced with a boycott. Mr. Roosevelt has the great mass of the public with him; he is making the most of it.

Agreements are being signed by the thousands, and the idea is genuinely popular. Every business is made to feel that it has the President, personally, as a director and advisor. The press, irrespective of party, is behind the move, as are chambers of commerce and other organizations. If the plan doesn't work as expected, it won't be because there was lack of aggressiveness and speed at the top.

Editor's note—a few of the Blue Eagles have appeared about Kendrick, but due to existing confusion regarding the code asked and the classification of the town and business, all have not yet signed up. Don't as yet condemn the man who doesn't display the Blue Eagle in this locality. He will do so as soon as clarification of the code required is complete.

Economic Highlights

The month of March isn't the only thing that comes in like a lion and goes out like a lamb. The World Economic Conference bested it—welcomed with the bare of ten thousand bras bands, it adjourned to the wheeze of a mouth organ. Never was there a more definite failure—Mussolini's cynical observation that it is time for an embargo on conferences will find a lot of supporters after the London comic opera.

The subjects of principal international interest at this time are currency, war debts, tariffs and armaments. The delegates met the situation by eliminating armaments, tariffs, war debts and currency from the discussion calendar! Toward the end it began to look as if the only thing left to talk about was the English weather.

Sole achievement must be chalked to the record of Senator Pittman of Nevada, member of the American delegation. Silver stabilization has long been his principal mission in life. After weeks of effort, Mr. Pittman got a pact signed by the producing nations—Canada, Peru, Australia and the U. S.—by which they agree to annually withdraw 35,000,000 ounces from the market. The chief silver holding countries—India, China and Spain—agreed to restrict sales. If the agreements are kept, there will obviously be price strengthening.

The dismal failure of the Conference as a whole, can be laid, of course, to the vast disagreement in policy most of the nations present these days, but there is another less apparent factor. Before his election, Mr. Roosevelt displayed a somewhat sentimental notion of foreign relations—European chancelleries rubbed their hands and looked forward to the American government playing Santa Claus much in the same fashion as it did after the World War. Premier McDonald called the Conference as soon as possible after Mr. Roosevelt's victory. But the American delegation, even counting all its mistakes and occasional unconscious humor, was much more hard-headed than was expected. Gold standard nations found President Roosevelt an unrelenting foe of currency stabilization, principal goal of France.

Result of the Conference takes no seer to forecast—the wave of nationalism that has swept the world the past few years will be as a breeze compared to a typhoon, when related to the wave of nationalism that is coming.

Picnic at Keenes

The lawn at the Wade T. Keene home was the scene of a very pleasant Sunday "picnic" when the Geo. Leith, Frank H. Rider, Roy Ramey and D. A. Christensen families staged a no-host no-hostess Sunday dinner. Stacks of good cats were in evidence and everyone present reported a good time.

The Race Is On

Food and other commodities are going up. Wages are going up. The upward race is on. Oh, yes, there is a third person in this race for a goal that has not yet been designated, but it is to end at a station called Prosperity. This third racer, and he has proved himself to be a mighty slow starter, is Employment. All were supposed to start together and to remain abreast. But commodities got the jump and he's showing a clear pair of heels. Wages took in after him, but has had an army of unemployed swarming over the track and impeding his progress. These unemployed believe that they would make good in this race and want to take his place.
Employed, this laggard third, may pick up speed later on. He will if the old fan, Buying Power, comes down to cheer him on. Buying Power is a breezy sort of roofer. He carries everything with him, having that kind of captivating personality that takes the stage and holds it unless he should become ill, as he did four years ago. Usually, we hope to see one or another win in a race but this is a different kind. The success of the event depends largely on the racers running very nearly abreast. Something must be done to speed up the laggard or to hold back the leader.
This Olympic event is being sponsored directly by President Roosevelt and we may rest assured that he is deeply interested in the outcome. It is just possible that he will have to tie lines to the racers and operate them much in the same fashion as puppets are operated in an inanimate show. The rest of us are spectators to this race, but more than spectators. Our interest is one that involves the structure of industry and business and society. Should the racers get out of control, something is likely to happen but no one knows just what and all of us shudder a bit in contemplation.

FAIRVIEW ITEMS

Mr. and Mrs. Denzil Kuykendall called at the Roy Morgan home Saturday afternoon.
A family reunion was enjoyed at the T. J. Fleshman home Sunday. All the children and their families were present.
Mr. and Mrs. Herbert Wolff entertained the Albert Schultz and Wm. Wolff families and Mrs. Mae McCall of Culdesac at dinner Sunday.
Mrs. Ralph Smith of Leland visited this week with Mrs. R. E. Woody.
Mr. and Mrs. Oral Craig and children called at the Roy Morgan home Tuesday afternoon.
Mr. and Mrs. Virgil Fleshman and daughters visited Tuesday at the Herbert Wolff home.
Mr. and Mrs. Herbert Wolff called Tuesday evening at the Roy Morgan home.
The Floyd Fleshman and Milton Parson families and Glen Fleshman are visiting their parents, Mr. and Mrs. T. J. Fleshman.

If You Get Up Nights?

Make This 25c Test
Physic the bladder as you would the bowels. Drive out impurities and excessive acids that cause irritation, burning and frequent desire. Get a 25c test box of BU-KETS, the bladder physic, from any drug store. After four days if you are not relieved of getting up nights go back and get your money. BU-KETS, containing buchu leaves, juniper oil, etc., acts pleasantly and effectively on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains caused from bladder disorders, you are bound to feel better after this cleansing and you get your regular sleep. Sold by Red Cross Pharmacy.

Eula Huffman returned home Monday from Sandpoint where she has been working.
Mr. and Mrs. A. W. Jones and daughters Pauline and Erma spent Friday and Saturday in Lewiston with their son and brother Bernard who is in the hospital there.
Miss Margaret Lien is spending this week in Deary.

To Spend Half Million

During the next few months, Good-year will spend more than a half million dollars in purchase of new power plant equipment and in construction of a new power plant building, representing one of the largest major construction improvements in the Akron area since the depression.
The building itself, of conventional brick-steel construction, will cost approximately \$20,000 and will provide employment for 100 men during the course of erection. Award on the building contract will not be made for at least another month.
The new building will house a single large boiler, capable of generating 300,000 pounds of steam per hour at a pressure of 800 pounds per square inch and a temperature of 740 degrees F.
Water softening equipment, to remove any scale forming ingredients from water for boiler use will cost \$25,000.
Approximately \$30,000 is to be spent on control equipment for synchronizing the amount of water, fuel and air that is fed to the boiler. This synchronization is necessary to get the greatest efficiency from the boiler. Extremely heavy piping will be necessary for use with the boiler and the new turbine, and it is estimated the piping installation will amount to \$30,000.
Steam generated by the boiler will be conveyed to a new turbo-generating unit, costing \$140,000, contract for which was recently awarded. The unit has a capacity of 10,000 kilowatts, generating at 2,300 volts.
Additional electrical equipment, including switches, panels, controls, etc., will cost approximately \$250,000.

"Who Is the Anti-Christ of the Bible?"
Is it the Roman Pontiff?
HEAR THIS VITAL LECTURE BY EVANGELIST R. J. KEGLEY
SUNDAY, AUGUST 13
Bible Lecture Hall, Kendrick
8:00 P. M. ALL WELCOME SPECIAL MUSIC

Bible Lecture Interesting

A mighty shout that will be heard around the world, awakening saints who have been in their graves down through the ages, and causing the greatest works of man to crumble into unrecognizable masses, the mountains to move out of their places and islands to sink into the sea, will be the signal for the return of Christ, with no one able to escape, according to a thrilling Biblical lecture last Friday evening by Evangelist R. J. Kegley at the Bible Lecture Hall, which he emphasized, will occur in this generation.
"Accompanying the Son of God in His triumphant return will be a vast array of holy angels, more than one hundred million in number and every one of them clothed in white, shining raiment," he declared, "and as white as snow, with countenances as the lightning. This mighty host, each one of which Ezekiel tells us 'ran and returned as the appearance of a flash of lightning,' is sent by Christ to gather His elect; and as the trumpet of God is sounded, those who sleep in Jesus come forth from their graves. These myriads of celestial messengers, waving their rapid flight throughout the earth, gathering the risen saints and the righteous living. And what a wonderful and awe-inspiring scene

that will be—millions upon millions of bright angels, darting with lightning speed and appearance hither and thither through the whole world, catching up God's elect from the earth and taking them to meet their Saviour in the air, forever to be with the Lord.
"Such a scene could never be enacted in secret; nor will it: it will be as open as the day and every eye shall see it. And it is only thus that we can understand Christ's statement when he declares that, 'As the lightning cometh out of the east and shineth even unto the west, so shall also the coming of the Son of Man be.' Matt. 24:27.
The subject for tonight is, "Bible Reasons for Sunday Keeping. Are there any?" \$1,000 for one text.
Visit At Orofino
D. J. Ingle and family, Mr. and Mrs. Amos Moore and family and Mr. and Mrs. James Emmett were Orofino visitors Sunday. They visited with friends there and held a picnic dinner in the Orofino park.
Your home town merchant knows you, you know him. Why trade out of town when he can and does give you the same goods at the same prices or even less? Trade at home!

HERE'S MORE OF
EVERYTHING
YOU WANT IN
TIRES!

PRICES
you may never see again!
Everything's going up in price. Here are the attractively low prices at which you can still buy Goodyear Tires today.
GOODYEAR
PATHFINDER | ALL-WEATHER

MORE SAFETY
in the tread

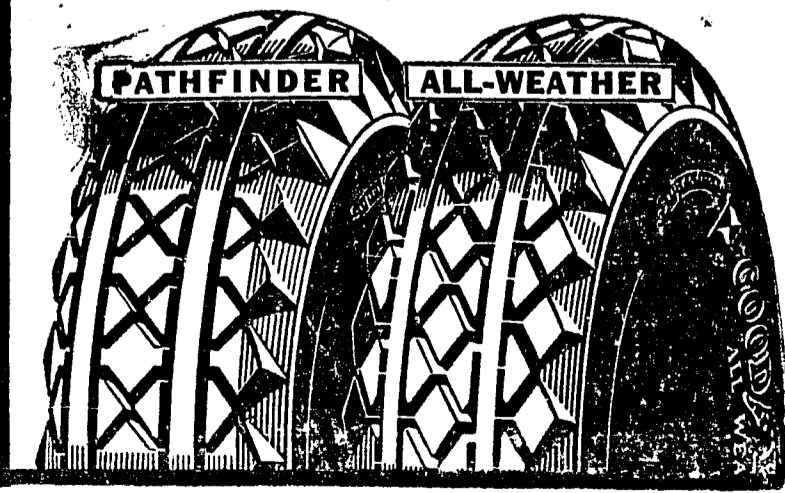

• The safest tread is the one that can stop your car the quickest. Goodyears stop quicker than any other tire. 10% quicker than the second best. Up to 77% quicker than others. Tests on wet pavements prove it. Why not buy the safest tire?

MORE SAFETY
in the plies

• Goodyears give you safety in every ply—because every ply is built with patented Superwist cord—and every ply runs from head to head. Ask to see a Superwist demonstration and see for yourself why it means more safety in every ply.

MORE MILEAGE

• Bus fleets know mileage. And bus fleets using Goodyear Tires report 97% more mileage than they got five years ago. Goodyears for your car have the same improvements that made this extra mileage possible.

EDITORIAL

Well, folks—Wheat sure did its stuff. Went up, then down and 'round and 'round and nobody knows where it will go next. Looks like we're going to have to depend on Old Bossy and the bean crop to pull us out. Ever stop to figure just what old Bossy had done for you in the way of a living? Ever stop to figure just what your cows had brought you in? If you have, we'll wager it astonished you. And if you've ever brought cream to us we'll wager you like our service and our cash. Try us and see it you don't.

"I wouldn't drink out of that cup," said little Willie to the well-dressed city visitor; "that's Lizzie's cup, and she's particular who uses it."

"Oh that's all right," said the man from the big city, as he drained the cup dry. "I feel honored to drink out of Lizzie's cup. Lizzie is your sister, isn't she?" ... "Not much! Lizzie is my pet pig."

For Editorials and Laughs, just try reading the Bullitin.

Try us with a can of cream.

CRESCENT CLIPPINGS

Musically Serenaded

Mr. and Mrs. Walter Dorendorf were "musically" serenaded at the Mike Forest home Saturday evening.

Although Miss Ida Forest and Walter Dorendorf had been married for two weeks (the ceremony taking place at Orofino on the evening of July 22 at 6:00) it was the first opportunity of their friends to wish them a happy life together. A good old-fashioned charavari was the system employed.

Mrs. Rose Farrington and children visited Monday evening at the Belt Kloster home.

Sunday dinner guests at the George Lockhart home were Mr. and Mrs. Bruce Lockhart and children and Mr. and Mrs. Stewart Wilson and sons. Other callers during the day were Mr. and Mrs. Denzil Hunt, Mr. and Mrs. Walter Dorendorf, Mrs. Mike Forest, Mrs. Mary Dorendorf and children and Mrs. Dick Winegardner.

Mrs. Jim Farrington and son Everett and Ruth and Gilbert Hunt were Sunday dinner guests of Mrs. Rose Farrington. Mrs. A. Dorendorf visited with them in the afternoon.

Mr. and Mrs. Frank Souders and

Mrs. Julia Ekman were Southwick visitors Saturday afternoon.

Mr. and Mrs. George Lockhart and children visited Sunday evening at the John Darby home.

Mrs. Rose Farrington and children called at the Frank Souders home Sunday evening.

Mr. and Mrs. John Darby and daughters returned Tuesday evening from visiting relatives in Coeur d'Alene, Idaho and Spokane and La Crosse, Wash. Mrs. D. J. Hammond, Mrs. Darby's mother, returned with them for a few weeks' visit.

Mrs. Rose Farrington completed arrangements last week for the purchase of her new home in Kendrick. The family expects to move soon.

Don't fail to see "King of the Jungles", Kendrick, Fri., Sat., Aug. 11-12. Adm. 10c-25c. Show 8:00. 33

New Arrivals

Mr. and Mrs. Ivan Whitcomb of Big Bear Ridge are the proud parents of a baby girl, weight 7½ pounds, born Wednesday morning.

Ever get "stung" on an out-of-town bargain? We'll wager that you have. Do you know how to avoid that sting again? — Buy from the Home Town merchant.

Kendrick Theatre

Fri.-Sat., Aug. 11-12

CHARGING HELL OF WILD BEASTS LOOSE IN THE CITY!

KARTOON AND COMEDY

10c Admission 25c Show Starts At 8:00

CAMERON NEWS' ITEMS

Rev. Ehlen and Rev. Fritz of Pullman went fishing near Elk River last week.

Mr. and Mrs. F. W. Newman, Henry Wendt and Walter Koepf were business visitors in Lewiston Saturday.

Mr. and Mrs. Weyne Weyens and sons and Mrs. Minnie McCoy and daughter were visitors of Mr. and Mrs. Wm. McCoy and family Sunday. Mr. and Mrs. Albert Schultz and family spent Sunday at the Herbert Wolff home at Leland.

Mrs. Ida Stoneburner, Emma Hartung and Louise Schmidt took dinner with Mr. and Mrs. John Schwarz and family Sunday. Mr. and Mrs. Fred Mielke spent the afternoon there.

Walter Meyer, employed in a C.C.C. camp, spent Saturday and Sunday with his parents, Mr. and Mrs. August Meyer.

Lewiston visitors Friday were Mr. and Mrs. Fred Mielke and sons, Mr. and Mrs. John Schwarz and sons, Mrs. Ida Siffow and F. W. Siffow and sons.

Mrs. Mary McCall of Lapwai visited with Mr. and Mrs. A. W. Schultz and Mr. and Mrs. Wm. Wolff Sunday.

Mr. and Mrs. John Davis of Kendrick were dinner guests of Mr. and Mrs. Gus Kruger Sunday.

Mr. and Mrs. George Wilken and family spent Sunday at Peck with Mr. and Mrs. Will Johnson.

The boy scouts, accompanied by Paul Siffow, Scoutmaster Criddlebaugh and Committeeman Fred Siffow, enjoyed an overnight outing at Three Bear Sunday. The boys making the trip were Harry Wegner, Emil Siffow, Willard Schoeffler, Wayne Wegner and Marvin Siffow.

Otto and Herman Siffow went fishing at Three Bear Sunday.

Louise Schmidt received word from Spokane of the marriage of her brother Joe to Miss Dorothy Olinger, Saturday evening. Joe is well known in this community.

You'll like "King of the Jungles", Kendrick Theatre, Fri., Sat., Aug. 11-12. Show starts at 8:00. 33

Too Much Alarm

There's entirely too much "viewing with alarm" and not enough "pointing with pride" in this country. Too many people running around with long faces and drooping mouths. Too many ready to believe that the republic is either going to die or blow up. The fact is, it is not going to do either. Here in our own community we have entirely too many gloom spreaders, and other towns are in the same fix. These prophets of gloom around who are still spreading their hands and making grim prophecies are doing more to forestall good times than any other class. One citizen who goes about his work with a hearty good will and who looks into the future with hope and confidence is worth all of the gloom spreaders who walk the face of the earth. But just one optimist in a community is not enough. The need right now is for more men and women who can and will "point with pride" instead of going around "viewing with alarm."

Community Church Notes

Plans are well under way for the daily Vacation Bible school. The Junior Department will meet in the Presbyterian church with Mrs. Walker in charge. Her staff of assistants and the program will be announced later. The school will begin August 21 and continue for two weeks. The Senior department will meet in the other church. The staff and program has not been completed as yet but Mrs. Arthur Janes, Mrs. Beckman and Mr. Beckman will each have classes. It is possible that Mr. Lyle will teach a class and Dr. Christensen has consented to teach first aid to the boys signing up for Scouting. This class will begin at 10:40 and last until 12:00 unless a hike or a treasure hunt or signaling should require more time, in which case the entire afternoon will be taken. New Scout games will receive their share of attention. A prize will be offered for the finest piece of wood carving done during the two weeks. Knot tying contests, secret signalling, reading the compass, making totems, fire building contests and others are only a few of the things planned for the two weeks if the time permits. The course is open to all boys attending the Senior department. If there is enough interest in this course during the two weeks, plans will be made to reorganize the Scouts at once for the winter.

Kendrick Couple Marry

The Rev. Dr. E. F. Harold performed the marriage ceremony yesterday for Roy Kent and Bernice Whisler, both of Kendrick. They were accompanied by Mr. and Mrs. Clyde Nichols.—Lewiston Tribune, Aug. 9.

Both Miss Whisler and Mr. Kent are well and favorably known in this community. Miss Whisler is a graduate of Kendrick High school with the class of 1931. Mr. Kent attended school in Juliaetta. He is associated with his father in farming near Cedar creek.

A deal of happiness and prosperity in life is the wish of all who know them.

King Of The Jungle

The Kendrick Theatre has announced another show for Friday and Saturday evening, August 11 and 12. It will feature Francis Dee and Buster Crabbe, both well-known and liked by all show fans.

The feature deals with (as the name implies) wild animals, and the climax is reached when a train-load of wild beasts get loose in a city.

The synopsis is a very interesting one and gives every indication of a good show.

In addition to the feature there will be a cartoon and comedy.

Returns From Spokane

Mrs. Lucy Thomas returned home Wednesday from Spokane after a month spent with her son Walter and family at that place. Walter Thomas and family brought her home.

Tonsils Removed

Miss Alcie Ingle underwent a tonsil operation at Kendrick Thursday morning. Dr. Christensen did the work.

The Other Half

Many automobile drivers who think they know all about the right-of-way law understand only the half of it. In answer to the question, "Who has the right-of-way?" the average driver would quickly reply, "The man on the right." The answer is partially correct but isn't complete.

The best statutes on the subject say, "The car on the right has the right-of-way provided it enters the intersection first, but if the car on the left happens to be first into the intersection, the car on the right must yield."

Maxwell Halsey, Traffic Engineer of the National Bureau of Casualty and Surety Underwriters, says the best way to eliminate confusion on this point is for all cars to slow down when approaching intersections. "In this way drivers will be able to gauge each other's distance and obey the law with greater convenience.

"The driver of a car approaching from the right has no justification to suppose that all traffic must stop to permit him to cross. This attitude has produced a high toll of accidents. More than twice as many accidents occur at intersections as between intersections. Last year, 2,430 persons were killed and 184,750 injured in 146,500 accidents resulting from misunderstandings over the right-of-way."

State laws should be clarified in order to coincide with common sense and the free flow of traffic. If this is done, another bad hazard will be eliminated. Meanwhile, motorists, slow down at intersections.

"King of the Jungles," Kendrick Theatre, Fri., Sat., Aug. 11-12. Adm. 10c-25c. You like it. Show at 8. 33

HARVEST SUPPLIES

We have a good line of harvest supplies and can fill your every need in the Hardware line—no matter what it may be.

If we haven't an article in stock, we will gladly order anything you may want.

Our supply of small articles, such as WATER BAGS, CANTEENS, OIL CANS, BUNDLE FORKS, BOLTS OF ALL SIZES, ROPE—in fact, almost anything you may need, is complete.

We have lanterns of various kinds in both oil and gasoline. We are agents for the famous Coleman gasoline lamps and lanterns—than which there are none better.

Come and see us, or give us a ring on the phone and we will take care of your order at once.

Our stock is new and our prices are right.
