KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, AUGUST 25, 1933

NO. 35

## HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Indian lands, long a subject of controversy between the red and white races, are to be immediately protected from further sale under an order approved by Secretary Ickes of the interior department. Acting with the secretary's approval Commissioner John Collier of the Indian Bureau ordered all Indian superintendents to stop immediately the sale of Indian lands under the so-called allotment law, which affects property of a majority of the Indians in all parts of the country.

President Roosevelt has stamped his approval on the agriculture department's plan to kill two birds with one stone by slaughtering about 5,000,000 swine the farmers don't know how to feed and giving them to hungry unemployed. The program has been worked out by the department primarily to aid farmers who have more pigs than they can feed because of the drought in the farm belt.

More than one-third of the \$3,300,000,000 public works fund already has been allotted and many additional projects are to be approved soon in the administration's efforts to provide employment for the jobless. Allocations thus far aggregate \$1,196,721,389, Secretary Ickes, the public works administrator, has announced. He added that if the present rate is maintained the entire fund would be exhausted in less than six months. Most of the projects approved have been for government work but many of those to be announced at an early date are non-federal ones.

Fate reached out Sunday to snatch from delirious, desolate death Leopold Thomas, New Jersey C. C. worker, lost nearly seven days in the wilds of central Idaho forests. Hall dead from exposure and after virtually all hope had been exhausted of finding the youth alive, two men chanced upon him Sunday afternoon when but two hours more might have been fatal. Sunday night at the Orofino hospital, although he was only half conscious and deranged from his experiences, doctor's said he would probably make a slow recovery. Almost miraculously two found him within the space of an hour in an out-of-the-way place and after almost 200 men had searched a week, night and day, and tramped bloodhounds had been able to only establish he was not in Elkberry creek canyon.

The condition of the Mahatma Gandhi from his self-imposed ordeal of fasting has grown so bad he was removed from Yeroda jail to the civil hospital where facilities for medical attention are better. He is in a very weakened condition. A federal crime fighting unit—the powerful division of investigation of the United States department of justice—has become a new cause for fear among the gangsters, the kidnapers and the gunmen of Chicago and the Midwest. Headed by Melvin H. Purvis, brisk, 29-year-old southerner, the Chicago unit of the division of investigation has figured prominently in two recent coups against crime—the seizure of the alleged plotter of a Kansas City massacre that cost five lives and the charging of four members of the notorious Touhy gang with a \$100,000 kidnaping.

The quick-step repeal votes by 22 states in unbroken succession, topped by Missouri's 3 to 1 ballot, shows the possibility that the 18th amendment could be voted out of the constitution within the next 78 days. With only 14 more states needed to ratify the 21st or repealing amendment, there is a strong possibility that at least 17 states will ballot within that 11 week period. The national interest that attended voting in Missouri swung southwestward to Texas, which will ballot next Saturday. The following Tuesday the voters of Washington will step to the deciding line. In addition to the 15 states that have set no definite election dates before November 8, the legislatures of two more commonwealths now are in session to name voting laws. Idaho will vote on September 19.

The 13th and 14th deaths from "leaping sickness," were reported at St. Louis Monday as the epidemic showed no sign of abatement, and deaths were reported from two other cities, Kansas City, Kan., and Warrenton, Mo. Three cases were reported as "grave" by hospital attendants. A number of patients who

## Ted Davidson Operated On

Ted Davidson, son of Mr. and Mrs. George Davidson, was taken suddenly ill about 9 o'clock Sunday night. Dr. Christensen was called and an examination showed that he was suffering with acute appendicitis. He was immediately rushed to a Colfax, Wash., hospital and an operation was performed about 1 o'clock Monday morning. He was suffering with general peritonitis, caused by the appendix rupturing. Recent reports from the hospital stated that he is getting along nicely.

## ALL CLASSES IN SAME BOAT—NO DISCRIMINATION

We hear some unfavorable criticism, usually of an involved nature, of the fact that the consumer must pay the bill for the degree of reemployment that will produce industrial recovery. Occasionally a critic, who perhaps has not become adjusted to very materially changed conditions in our country, will leave the impression that this obvious fact constitutes some sort of unjust discrimination against a particular class of citizens.

Let us consider a moment: Just as many industrialists have come to a realization during the past few weeks that the workers they laid off cannot continue as their customers and that they in fact had been their customers; so also the man from whom we buy foodstuffs, furniture, automobiles, radios, clothing and anything else of the innumerable products we sorely need to buy, is also a consumer. He likewise must buy his supplies from others. The manufacturer is not only a consumer of raw materials in his plant, but he is a consumer of all that all of us consume away from his plant.

So a little deduction brings us to the realization that when we say the consumer pays the bill we actually mean that every American citizen and resident of American territory must carry his share of the increased costs incident to reemployment and business and industrial recovery.

Certainly no class is discriminated against. All are in the same boat.

## "CCC" Boy Leaps From Bridge

Walter Kaminski, 20, C. C. C. worker from near Clarkia, whose home is at Brooklyn, jumped 90 feet into Snake river from the Lewiston-Clarkston bridge Saturday afternoon and swam to shore.

Later in the day, however, after he had been examined by a local physician, he was rushed by Major A. W. Drew, district C. C. C. surgeon, to Spokane for observation by Fort George Wright physicians. His condition later was not learned but locally the verdict was that Kaminski had either sprained or broken his breastbone.

Kaminski made the leap "just to prove I could do it," claiming to have had experience in high jumps in the east. He admitted, however, that he had scarcely ever done anything quite so daring. He struck the water in a near sitting position but slightly bent forward, emerging at a point about 100 yards downstream. At the time he seemed none the worse for his experience.

At about 4 o'clock, some two hours after the leap, Kaminski with two fellow workers from Clarkia, went to the Clinic for advice and a superficial study was made. Kaminski was sent to the Spalding hall detachment of the local base and from there sent to Spokane by ambulance.

## School To Open September 4

The Kendrick school will open on Monday, September 4. It is expected Supt. J. M. Lyle will have a full announcement next week.

suffered lighter attacks of the strange malady were ready for discharge from the hospital but awaited the end of the three weeks isolation period. The epidemic which in addition to taking 14 victims, has sent 137 cases to St. Louis hospitals.

The corn belt's new customer—the federal government, Monday announced its big deal in pork will start on Wednesday. It will start buying six midwest stockyards—those at Chicago, Kansas City, Omaha, St. Paul, Sioux City and St. Joseph, Mo.—ready to take up to five million pigs and a million sows, about one out of every six now rooting in the corn belt's pens. Operation in other markets, it was announced at Chicago offices of the agricultural adjustment administration, will start by next Monday.

## BLUE EAGLE DANGEROUS BIRD SAYS H. S. JOHNSON

The blue eagle of the NRA was revealed by Hugh S. Johnson, the recovery administrator, as a high-pressure bird intended to bring within the scope of wage and hour agreements employers not reachable by the federal law.

He said: "The situation created by this blue eagle business is something else," leaving the inference that where the law could not prevail, public opinion against those not showing the NRA insignia would be effective.

This solution of the problem of reaching every employer in the land with the intent of forcing higher wages and greater employment by shortening working hours was pushed to the fore by the administrator as four additional industries were granted permission by him to qualify for the blue eagle under modified presidential reemployment agreements.

They were the drug, cheese, boot and shoe and cotton batting industries, employing scores of thousands of workers. More than 40 groups of employers providing jobs for millions of men now have been authorized to sign the blanket agreements with President Roosevelt, modified with their own wage and hour specifications.

Another indication of the heavy pressure which the administration expects to swing behind the blue eagle was given when Johnson told reporters withdrawal of the insignia from any window would be "an economic death sentence."

Asserting that for the present he intended to let local committees largely take care of violations of agreements to raise wages and decrease hours of work, the administrator added:

"But the time is coming when somebody is going to take one of those blue eagles off some one's window in a clear-cut case, and that is going to be the economic sentence of death."

Johnson reiterated to newspapermen that he did not intend to make the NRA a "policing" organization. He pointed out that each industry would be left as much as possible to govern itself, with the company which is abiding by the code depended upon to report those not fulfilling the obligations.

However, he said, when this was not successful, the federal trade commission would be asked to move in and finally, if necessary, the department of justice would act under the fine and jail sentence provisions of the recovery act.

## Bridge Club, To Orofino

Upon invitation of Mrs. L. J. Herres the Afternoon Bridge club motored to Orofino on Saturday of last week and were royally entertained by Mrs. Herres at a 1 o'clock luncheon, with bridge in the afternoon, also a swim at the Orofino beach along the Clearwater.

The luncheon was served on the porch, which had been converted into a bower with evergreens and large bouquets of flowers, making it indeed a delightful place for the occasion.

Place cards were made from snapshots of the guests, which had been cut from pictures of various vintage, the idea being original with Mrs. Herres and was indeed very unique.

Bridge was played at three tables and there were two prizes at each table, the two holding high score at a table at the close of play being winners of the prizes. This was also a very unique idea and something new in the way of awarding prizes.

Those making the trip from Kendrick were Mesdames Helen Boyd, Harold Thomas, Wade T. Keene, George Leith, R. H. Ramey, F. H. Rider, W. L. McCreary, A. K. Carlson, W. J. Carroll and E. A. Deobald.

## Frank R. Foster Transferred

Word has been received in Kendrick to the effect that Corporal Frank R. Foster, son of Mr. and Mrs. Ira Foster, has been transferred from Aircraft squadrons to the airplane carrier U. S. S. Saratoga as aviation carpenter for sea service. He has also qualified on the rifle range at the marine base, San Diego, as a marksmen, making a score of 26 out of a possible 350.

On June 30, 1932, Mr. Foster qualified as an expert rifleman making a score of 307 out of a possible 350.

## HITLER NAZI STAR IS DIMMING SAYS EDITOR

Six months in Germany have convinced Mark Ethridge, southern newspaper editor that the "luster of Hitlerism is rapidly wearing off."

"The German people are beginning to realize that their hopes through Hitler are pretty much of the will-o-the-wisp variety and that he can not, following the policy he has been holding to, give them a prosperous economy," said Ethridge, managing editor of the Macon, Ga., Telegraph and News, upon his arrival from Berlin.

The Hitler regime, said the editor, "has been in the nature of emotional fervor and nothing is more fickle whether it be a hell-fire damnation revival or the adoration of a political demagogue."

"The German people are beginning to feel the reaction to their emotional jag," Ethridge said, "and they are starting to laugh about the propaganda holidays. And a dictatorship can not bear up under the strains of laughter."

Liberal in his political and social views, Ethridge received a fellowship from the Karl Schurz foundation and went to Germany to study the cultural relationship between the German nation and the United States.

Ethridge declared the Hitler foreign policy has placed the German nation "right back where it was the day the World war ended."

"Hitler has alienated Great Britain and the United States, who were inclined favorably toward a better deal for Germany," he continued, "and he has driven Italy and France, traditional enemies, into a common policy against Hitlerism, and he has given the French people a powerful lever in their continual cry for security."

"There is no question but that Germany is suffering terrifically from the boycott against her by various peoples. The steamship companies, hotels and business generally are feeling the ill effects of Hitler's stupid political and economic policies."

## To Register Jobless

County Commissioner Walter Driscoll was in town Tuesday on several missions, one of which was making arrangements for the registration of the jobless of this locality.

E. H. Dammarell was appointed registrar and now has the necessary blanks for the proper registration of all who are out of work. Commissioner Driscoll said it will be absolutely necessary for all who may want to work on the proposed new road to be built up Bear Ridge to be registered, or if they wish to secure work on any other public project, it will be necessary that they be registered.

The names of those who are registered will be given to contractors on all federal-state projects coming under the national recovery act and they will select labor from this list. Preference will be given first to experienced men and men with families. Special attention will also be given to qualifications for the work which the contractors specify before starting construction. If you are wanting work, see Mr. Dammarell at the postoffice and he will see that you are properly registered.

## W. W. P. Co. Accepts Code

The Washington Water Power Company announces its acceptance of the code of fair competition governing the electric light and power industry of the United States, which code carries out the spirit and purpose of the National Industrial Recovery Act in which the minimum wage and spreading of employment are the characteristic features.

In announcing acceptance of the code J. E. E. Royer, vice-president and general manager of the local electric service company, stated that Certificates of Compliance covering the President's reemployment agreement was delivered to the postmaster of Spokane August 18, thereby making the code automatically effective insofar as the company's Spokane operations are concerned.

Certificate of Compliance covering the company's outside towns in eastern Washington and northern Idaho have been mailed to the company's division, district and local managers for delivery to their local postmasters. Upon acceptance of these Certificates of Compliance by local postmasters in those towns the code immediately becomes effective therein.

## Are You On Roll of Honor?

In compliance with the NRA program throughout the entire country, all merchants, employers of all kinds and even householders, will be asked to sign the NRA agreement to abide by the request of President Roosevelt and the national recovery program.

In each and every postoffice lobby in the United States will be posted the names of those of the city or community who have indicated their willingness to abide by the request by signing the agreement.

Mr. and Mrs. Homer Betts and Agnes and Helen Pavel visited Sunday at the R. S. Betts home.

There will be another wheat stabilization meeting at the Southwick gym on Friday evening, September 1. All wheat farmers will be given a chance to sign the wheat allotment contract under conditions described by the Nezperce County Agent, Joe Thometz.

Abner Cowger is delivering an order of lumber to Kendrick this week.

## Adding To Bean Warehouse

The Kendrick Bean Growers association is building a 40x60 foot addition to their warehouse to take care of the large yield of beans expected in this territory. The new addition is being built on the east end of their present warehouse. The cleaning machinery will be left in its present location, which will be near the center of the building when the addition is completed. This will materially increase the ease of handling.

## Has Many Wild Plants

Mrs. Leonard Davis returned the first of the week from a visit with her son, Carl Davis, at Golden, Idaho, bringing with her several species of wild flowers and mountain moss, the latter being of the evergreen nature and is indeed a very beautiful piece of greenery.

### Break Into Warehouse Office

The Vollmer-Clearwater warehouse office was broken into sometime last Monday night. The glass to the office door was broken and the lock released after an unsuccessful effort had been made to "jimmy" the lock by using some sort of flat instrument to slip the lock back.

The would-be burglars tried to open the safe and had tampered considerably with the knobs and handles, but were unsuccessful in their attempts to open it. The only thing missed by Manager Wade T. Keene, was a padlock and a keyring containing various keys to the warehouse.

Mr. Keene said he was of the opinion it was the work of locals. He has been sleeping at the office on various occasions, he said, but did not happen to be there at this particular time. Should any would-be burglars happen around when Mr. Keene happens to be on the job, they would undoubtedly get a warm reception.

### Surprise Picnic Party

On Thursday evening of last week Mrs. Edgar Long succeeded in putting one over on her husband when she invited a number of their friends to attend a surprise birthday party for him in the park—and Ed didn't know a thing about it until he was told it was in his honor. A very delightful evening was spent. A picnic lunch was served.

Those present were Mr. and Mrs. R. H. Ramey, Mr. and Mrs. Geo. Leith, Mr. and Mrs. Harold Thomas, Mr. and Mrs. Elmer Beckman, Mr. and Mrs. E. H. Emery, Mr. and Mrs. F. B. Higley, Mr. and Mrs. F. H. Rider and Silvie Cook.

### N. R. A. Meeting

Miss Maude Compton returned home Monday from Moscow where she has been attending summer school. She will leave for the southern part of the state about September 1, where she will teach school.

Mrs. Boyd Savage and son, Boyd, Jr., from Lewiston spent Tuesday afternoon at the R. H. Ramey home. They left Tuesday evening for Cedar Creek for a visit with friends. Mrs. Savage is a sister of Miss Doris Gilmore.

Mrs. Harold Thomas and children motored to Lewiston Monday, where they are spending a few days at the home of Mrs. Thomas' parents, Mr. and Mrs. J. H. Phillips. They were accompanied by Mrs. Lucy Thomas, who is spending the time with a sister, Mrs. Barnes.

**YOUNG PEOPLE MAKE MERRY IN CITY PARK**

The Kendrick "Commons" was the setting for a Young People's gathering of nearly a hundred last Sunday evening when Moscow, Lewiston and Kendrick combined their efforts in an attempt to get out a record crowd. Nona McAllister and Doris Emery were in charge of the recreational period which began at 6:00. Each person present was tagged so that every one would know everyone else. The boys tags bore the names of the states of the Union and the girls tags had the capitals of the same states. Those who knew their geography reached the tables first in pairs for supper, while those who had neglected the subject in school filled up on watermelon supplied by Mr. and Mrs. Reichman of Juliaetta. Dr. Harold, pastor of the Lewiston M. E. church gave a fine exhibition of the art of handling the juicy fruit. His technique can hardly be improved upon.

The Young People's meeting was held in the church because of threatening weather. The devotional service was led by the Lewiston group, after which a young man from Moscow led the group very ably in a discussion as to what qualities are needed in Christian leadership. Mr. Beckman then expressed the appreciation of the Kendrick Young People to the Moscow and Lewiston groups for their participation in the evening's service. He then introduced Dr. Purdy of Moscow, Dr. Harold of Lewiston, Mrs. Arthur Janes of Juliaetta, who is teaching in the Vacation church school, and Bill Ingle, who will lead the Young People's meeting next Sunday evening. After a hymn Dr. Harold led in prayer after which Dr. Purdy addressed the evening congregation on the subject of "Personality Plus." He said that man was something more than an animal which reacted in certain ways to a given stimuli as some psychologists would have us believe. He stressed the point that each one has been given certain materials with which to build something more than the personality with which the Creator endows all of His creatures. He closed his stirring address with a plea for all of his hearers to use the same architectural plans used by the Master Builder in the construction of their lives. A large congregation from Kendrick attended the services.

**Had Car Accident**

Mrs. C. A. Oppenborn and son Bobby left Wednesday afternoon by auto for South Dakota to join Mr. Oppenborn. While trying to negotiate the Bethel hill at a sharp turn Mrs. Oppenborn, who was driving, applied the brakes and it is supposed they grabbed on the front drum, causing the car to skid into the bank, damaging the top quite badly, although otherwise the car was apparently unhurt. Neither Mrs. Oppenborn nor Bobby were injured, receiving only slight scratches and bruises when the car struck the bank. The car was taken away under its own power.

Mrs. Oppenborn and son were brought back to Kendrick by Mr. and Mrs. M. O. Raby and will take the train from here to South Dakota.

**Ickes Frowns On Garner Scheme**

Plans for a large number of proposed new postoffices approved by the treasury department have been indefinitely postponed by the public works administration because Secretary Ickes, the administrator, objected to one being erected in his home town of Winnetka, Ill.

The secretary, glancing down the list submitted as prospective projects for public works funds, noted the recommendation for one in his home town to cost \$160,000.

"We could use that much money in Winnetka," the secretary said, "but not for that."

Commenting that it was probable that none of the other cities on the list needed postoffices any worse than Winnetka, he had the entire group held up for further study.

Public works officials declined to name the other cities.

**Are You Registered?**

If you did not vote at the last general election, it will be necessary for you to register in order to vote at the coming Constitutional Amendment election to be held on Tuesday, September 19, to help make a decision as to whether Idaho will sanction the repeal of the 18th amendment and add the 21st amendment to the constitution.

Mrs. E. L. Kuykendall has been appointed registrar, succeeding Mrs. C. A. Oppenborn, resigned.

**New Arrivals**

Mr. and Mrs. D. A. Custer of the lower Potlatch ridge are the proud parents of an 8½-pound son, who arrived at their home on Friday, August 18.

Mr. and Mrs. Robert Leavitt of Juliaetta are entertaining a little stranger in their home who arrived Monday, August 21. The little miss tipped the scales at 5½-pounds.

Mothers and babes in both cases are doing nicely.

Washington Water Power Winners of State Title

Winning first place in the annual state-wide first aid contest, the team of the Washington Water Power company has been awarded custody of the trophy of the department of labor and industries. The contest was held at Seattle, with 12 teams competing. L. M. Richard, safety supervisor for the department of labor and industries, was in charge of the contest. Shown above are: Claude Harris, team representative; J. D. Miner, Glenn Hays, Clark Miller, team captain; Harry Daniels, Leon Ford, James Winton, and John B. Fiskien, safety engineer for the electric service company. A company first aid team won the trophy in 1929.

Drys To Campaign

The motion picture, "Lest We Forget," and an address by the Hon. Charles Haffke, will feature the beginning of the campaign against the repeal of the 18th amendment, it is announced by the county organization of the Idaho Allied Drys. "Lest We Forget" is said to be the greatest prohibition movie yet produced — a five reel feature, with plenty of action, portraying the "old days" graphically and true to life. A first class portable moving picture outfit will be brought along. Mr. Haffke has an international reputation as a lawyer. He was the prosecuting attorney in Omaha for several years, later serving the Department of Justice in the Philippine Islands, and for the past three years has been attorney for the United States Bureau of Prohibition.

The motion picture and Mr. Haffke are announced to appear in Central Idaho, at 8:00, as follows: August 24, St. Maries Methodist church; August 25, Potlatch Union Church; August 26, Genesee Christian church; August 27, Southwick Methodist church, 11:00 a. m.; August 28, Moscow Methodist church, 8:00 p. m.; August 30, Kendrick Community church; August 31, Troy Methodist church; Sept. 1, Elk River Community church; Sept. 2, Deary Congregational church. There will be no admission charge the public is invited.

Harvest About Half Complete

The wheat harvest in this locality is approximately half complete, many farmers having finished as this paper goes to press, but there are still many machines in the field and it is thought that it will be approximately two weeks before all wheat operations are complete. There is generally a lull of a week to 10 days between wheat and bean harvests, but owing to rather freakish weather this past spring it has been reported that some machines will move from wheat work right into the beans, the yield of which

Maybe never again such VALUES!

THIS new Pathfinder is a bigger value than the old Pathfinder. It has the bigger safety margin of FULL CENTER TRACTION — bigger mileage from the 20 PER CENT THICKER TREAD — stouter body of heat-resisting Supertread Cord — and other improvements that make it a still better buy than the 17,000,000 Pathfinders that went before.

Look at the All-Weather values, also! This great thoroughbred — the finest tire that money can buy — waves an alluring price tag.

Whichever you want — Pathfinder or All-Weather — remember this: More people are saving money with Goodyears than with any other kind.

### EDITORIAL

Well, folks, the papers are full of this that and the other for and against prohibition and they're going to give us a chance to vote on it September 19. Can't say that we've seen anybody very excited about it except the agitators, so we say why not give us a chance to show you what we can do with a can of cream. We'd like very much to have you try our service, we like to give you our cash, and we like to return to you a completely sterilized, steam-cleaned can, one you aren't afraid to put

sweet cream right into. Come in and see us. We're always glad to see you.

Johnny asked. Mary refused. Johnny begged. Mary blushed. Johnny argued. Mary hesitated. Johnny insisted. Mary resisted. Johnny tried. Mary surrendered. So little Johnny carried Mary's books home from school.

Ever try us with a can of cream? We do our best to please.

Try our service, it's a pleasure to serve you.
