GRAIN MARKETS FIRMER WITH IMPROVED DEMAND

Domestic grain markets strengthened materially during the week ending September 15 and prices of most grains advanced with an improved demand, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Firmer security markets, further expansion in credit through Reconstruction Finance Corporation loans at low interest rates, the consideration of a marketing agreement for the disposition of Pacific northwestern wheat surplus and some improvement in demand for flour, were strengthening influences in the wheat market and prices advanced 6c to 7c per bushel. Feed grains were firmer with wheat, but a more active inquiry at most markets was also a contributing factor. Rye advanced about 5c per bushel at most markets with the light offerings in good demand.

Prospects at the first of September indicated a total wheat crop of 506,557,000 bushels in the U. S. and 282,771,000 bushels in Canada, or a total North American harvest of 789,328,000 bushels compared with 1,154,797,000 bushels in 1932. Taking into account total stocks of old wheat in the U. S. and Canada on July 1 and August 1, respectively, North American supplies this season totaled approximately 1,398,000,000 bushels or about 291,000,000 bushels less than last year.

Cash wheat markets gained with futures. Receipts were only moderate, with 1,117 cars received at central western markets and 2,500 cars at Minneapolis and Duluth. Milling wheat was in good demand, with a better inquiry for flour. No. 1 dark northern was quoted at 90c to 92c at that market. No. 2 hard winter was quoted at Chicago at 90c, at Kansas City at 87c to 88c and at Port Worth, delivered. Gulf ports at 98c per bushel. No. 2 soft red winter sold at St. Louis at 91c per bushel.

Pacific Northwestern wheat markets were firmer, but price gains were less than at eastern points. Export business in both wheat and flour was still lacking and local mills furnished about the only outlet, since inquiry from California was negligible. Trading was practically at a standstill, pending outcome of the formal hearing on the export agreement. Receipts totaled 800 cars at Puget Sound and Columbia river terminals, but were mostly consignments for storage. Milling wheat was in fair demand, but feed and export grades were dull. Big Bend bluestem or early Baart hard white was quoted at Portland on Sept. 15 at 81c to 82c, soft white, western white, hard winter and northern spring at 71c to 72c, with western red at 70c to 72c per bushel, sacked, basis No. 1.

California wheat markets were about unchanged, with prices of local wheat steady. Quotations on northern and intermountain wheats were advanced slightly but there was little trading in them, since offerings of local grain were sufficient for current needs of mills and feeders. Milling wheat was not being sold freely, however, and many growers were asking prices materially above current values. Some improvement was reported in the flour markets, but mills were generally working on previously accumulated wheat stocks.

NRA Canvass

The house-to-house canvass for the signing of the NRA consumers' pledge was completed this week by Mrs. Edgar Long (in charge) and her aides, Mrs. E. A. Deobald, Mrs. H. B. Thompson and Mrs. A. K. Carlson.

The ladies reported a ready response in most cases, all approached being willing to sign with the exception of four. There are only a very few to be contacted who could not be seen when the canvass was made.

This is indeed a good showing and the only regret is that it could not be made 100 per cent, as was the business district of our little city.

The ladies are to be congratulated on the splendid showing made.

Assisting At Warehouse Office

Mrs. Helen Boyd has been assisting at the Kendrick Rochdale office during the past week in getting out the necessary data to be used in making adjustments for farmers who wish to take advantage of the wheat adjustment plan.

Attending U. of I.

Following are the names of Kendrick people who will attend the University of Idaho this coming term: Elbert Long, who will take a post graduate course in botany; Doris Emery, Alcie Ingle, Nona McAllister and Elizabeth Carlson.

Students who have attended the Kendrick school, but who now reside elsewhere, registered at the "U" are: Dan and Raymond Lyons of Cedar creek; Edwin Mielke, Cameron; Robert and Ralph Smith and Dwight Hoffman, Leland; Eleanor Herres, Orofino.

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Theodore A. Walters of Idaho, first assistant secretary of the interior, was understood authoritatively to be very seriously considering handing his resignation to President Roosevelt and Secretary Ickes as a protest against the way the department is being run. Walters, in answer to a direct question, smilingly said, "I have no present intention of resigning." Coupled with the reports of the contemplated resignation, current in senatorial circles as well as among friends of the official, was the private statement of several legislators that E. K. Burlew, aide to former Secretary Wilbur, was directing the department. Such a situation was described as back of Walters' present attitude. Friends of the Idahoan said that Ickes instead of relying upon Walters to run the department, had turned to Burlew, his administrative assistant.

Belief that the emergency agency designed to export some 40,000,000 bushels of surplus wheat from the Pacific northwest may begin functioning within ten days was expressed at Portland Sunday night by A. E. Sutton, spokesman for the exporters. Getting the movement under way in that time, Sutton said, depends upon whether or not Secretary of Agriculture Wallace immediately approves the plan whose major features were agreed upon by wheat growers, exporters and millers of the Pacific Northwest.

A fighting defense declaration that "David A. Lamson will not hang" rang out at San Jose, Calif as Lamson, convicted of wife murder and facing the death penalty, reiterated his innocence. While plans went rapidly forward both to sentence the 31-year-old executive of the Stanford University Press, and appeal his conviction, E. M. Rea, chief of the defense council, emphatically asserted his client would not hang. "If he hangs, I hope I die before he does," the attorney said, "it would kill me anyway. But, I reiterate, he will not hang. The record of this case is full of errors."

Senator William E. Borah declared himself Sunday "thoroughly in sympathy" with a proposal of Senator Elmer Thomas of Oklahoma for inflation of the currency. His statement on the inflation question came only a few minutes after he had given his attention to the Cuban situation in an interview, during which he said he could not "imagine a condition under which I would consent to intervention" by the United States in the island nation's affairs. Arriving in Boise from north Idaho where he spent several days on his way from Washington, the senator declared he felt very well and was much improved since his recent operation.

P-T. A. Holds Session

The first meeting of the fall season of the Parent-Teachers association was held in the school building Monday evening, with a good-sized attendance.

For the most part the time was taken up with the outlining of plans for the coming year. A very interesting talk was made by Supt. J. M. Lyle, which was well received. He gave the parents and school patrons something to think about during the school year.

Carver Wheelchel, music instructor, gave a very interesting and instructive talk on music and Mr. Wheelchel rendered two violin solos, accompanied by Mrs. Wheelchel on the piano.

At the close of the meeting light refreshments were served in the basement.

Confined To Home

Mrs. Frank H. Rider was confined to her home the first part of this week with an aggravated case of tonsillitis.

ITEMS OF INTEREST FROM OUR KENDRICK SCHOOLS

General High School News

Eighty-eight students are now enrolled in high school. This is an increase from eighty-one the latter part of last week.

At a student body meeting held Tuesday morning Ted Davidson and Esther Aikin were elected to fill the vacancies occasioned by the resignation of Oscar Hartung and Leola LaHatt as yell kings. Walter Koepf was elected student body manager. The group voted to hold a dance on Friday, Sept. 29, to raise funds for the school. In order to prepare for the dance a dancing club was suggested to help those who have as yet learned the art only imperfectly.

Monday morning Wickliffe R. Smith addressed the general science class on the subject "The Stars and the Planets." He spoke to the class again on Wednesday on the subject "Tides and Their Relation to the Earth."

Mrs. Lyle and Mrs. Wheelchel are rearranging and recataloguing the books in the school library, which has been moved from the office into the assembly room.

Mr. Wheelchel, instructor of manual training, announces that the boys of the class have all their material and are commencing work on their projects. He also stated that if anyone would like to have something made for his home, the class would be glad to make it for him, if he will furnish the material.

The Girl's Glee club met Friday, Sept. 15, to elect officers for the year. Kathryn Emery was elected president and Betty Ingle was elected secretary-treasurer. The club plans to start a permanent music library for the school this year.

The Boys' Glee club elected the following officers: Thomas Blevins, president; Glen Wegner, vice-president; Harold Abrams, treasurer and George Kent, secretary.

Class meetings have been held this week with the following elected to office: Juniors—Glen Wegner, president; George Kent, vice-president; Rosebud Brown, secretary-treasurer; Mr. Wheelchel, advisor. Sophomores—James Holt, president; Flo Kent, vice-president; Archie Sloan, secretary; Elmer Emery, treasurer; Miss Spencer, advisor. Freshmen—James Henderson, president; Cleota Bolon, vice-president; Nona Mae Compton, secretary; Jean Bigelow, treasurer; Miss Swayne, advisor. The Seniors, awaiting the arrival of those who have not yet registered, have not as yet held their meeting.

The advanced orchestra students, under the direction of Mr. Wheelchel, are practicing on several pieces of new music. Practices are held twice a week — once in the seventh class period and once in conjunction with the town orchestra.

Initiation

Suspense. Thrills! Excitement! Wonder! The Sophomores are quite busily preparing for the initiation of the green little Shamrocks of Kendrick high, which is to be given on Friday, September 22, at the Kendrick Gym, with a party and refreshments afterward.

Let's all hope they don't go swimming in molasses and drown themselves. We would certainly miss them.

Orchestra

For the past week students vainly trying to study in the assembly have been delightfully entertained by various toots from horns in the lower part of the building. These peculiar noises range all the way from "B" to high "C", however, a most delightful orchestra has been promised in the very near future.

Mr. Wheelchel plans to combine both the town talent and that of the high school students, and there is no reason whatever why there should not be an orchestra to furnish all the music desired.

Beans Moving Slowly

The Kendrick Bean Growers association reports the shipment of 1,000 bags of beans during the past week, most of which were new crop.

Bean threshing started again Tuesday afternoon after a few days' shut-down on account of rain. It is estimated that it will take about three weeks to finish the harvest, should the weather hold favorable.

Many farmers who are not now threshing are taking no chances, they are stacking the beans.

Every church-goer should see "The Sign of the Cross"—Kendrick Theatre, Sept. 22-23. 25c-10c. 39-1

School Notes

The Juliaetta school shows a continued growth. The total enrollment at the end of the second week of school totaling 139 pupils.

The high school has a much larger attendance than ever before with a number yet to start after the bean harvest is finished. Enrollment now totals 57, or a gain of 13 over the previous year.

Mrs. Miller reports an enrollment of 26 in the primary.

Mrs. Cook has 41 pupils, an increase of six over last year in the intermediate grades.

Mr. Hunt reports but 16 in the seventh and eighth grades in comparison to 33 last year.

The Freshman class of 26 members is the largest in the history of the school.

Mrs. Leith Entertains

Mrs. George Leith entertained on Wednesday afternoon with a bridge party when the game was played at four tables. Mrs. W. A. Watts winning high score and Mrs. R. H. Ramey being awarded low score. A delicious lunch was served after play. The ladies in attendance were the Mesdames R. H. Ramey, A. K. Carlson, E. H. Emery, J. R. Helpman, Lester Crocker, W. L. McCreary, Wade Keene, Edgar Long, W. J. Carroll, W. B. Deobald, E. A. Deobald, F. B. Higley, H. B. Thompson, W. A. Watt, Harold Thomas and the hostess, Mrs. Leith.

County Agent To Visit Kendrick

County Agent L. V. Benjamin will be at the office of the Kendrick Rochdale company all day Monday, September 25, for the purpose of assisting the farmers who want to make application for remuneration on the agricultural adjustment act.

All who have not already done so are asked to see Mr. Benjamin on that date—Monday, next.

At first plans were made for Mr. Benjamin to be at the Raby Hotel, but owing to the fact that all records expected to be used will be at the Kendrick Rochdale office, Mr. Benjamin has changed his plans to conform to the above.

IDAHO GOES WET, LATAH COUNTY IN DRY COLUMN

The Sate of Idaho on Tuesday joined the wet column by a vote of 53,265 for repeal and 38,931 against. Eleven counties voted "dry," ten of which were in the southern part of the state—Latah county being the only dry county north of the Idaho "Mason-Dixon" line. The town of Kendrick voted dry, the vote standing 74 against repeal and 68 for repeal.

A news dispatch from Boise said "Idaho today wiped out an action of 15 years ago by voting to repeal the 18th amendment. Although the vote for ratification fell far short of the prediction of leaders of the anti-prohibition forces, nevertheless the majority precluded any doubt of a change by outstanding votes."

Regardless of the fact that Idaho voted to repeal the 18th amendment, Idaho will still be dry until after the session of the state legislature in 1934 as Idaho's state laws will prevent the sale of "hard liquor" within the confines of the state until after action is taken by the state legislature.

The vote in Lewiston stood 1698 wet and 432 dry. Troy's vote stood 176 dry and 108 wet, and Juliaetta joined the dry column by a vote of 70 to 38.

GOV. ROSS AND SECRETARY ICKES DISAGREE ON ROADS

Hot words regarding the allocation of government highway money have been passed between Gov. C. Ben Ross of Idaho and Secretary of the Interior Ickes, starting sometime last week, when Gov. Ross accused the secretary of withholding monies rightfully due Idaho under the government plan for highway construction. But be that as it may, it is evident from the following press dispatches that someone is "passing the buck." Ross says he isn't to blame for the delay and Ickes is equally emphatic in saying that he is not to blame.

After Gov. Ross had telegraphed Secretary Ickes to speed up the program and asking that the red tape be cut out, the following news dispatch was sent out from Washington, D. C.:

"Secretary Wallace is preparing a reply to Governor Ross's recent telegraphic complaint in which he will show that the bureau of roads has approved every road project submitted by Idaho, 26 projects in all, only five have been placed under contract by the state. Included in these are four municipal contracts."

Letters and telegrams from four western governors were received by Governor Ross agreeing with his complaint that the public works administration program was proceeding too slowly.

The Idaho chief executive said that Governor Meier of Oregon had telegraphed to President Roosevelt urging speeding up of the program to get men at work before winter weather sets in. From governors of three other states, Colorado, Wyoming and Washington, he said he received letters agreeing with him that the program was progressing slowly.

Boise, Idaho, Sept. 16—Replying to a Washington dispatch quoting agents of the department of agriculture as saying Governor C. Ben Ross was "talking through his hat" in protesting at delays in getting the market road program under way the Idaho chief executive declared today they were "attempting to evade the issue" by switching the talk to federal aid trunk roads.

"I telegraphed Secretary Wallace of agriculture," the governor said, "telling him the program for market roads had not been started in Idaho because there was too much red tape. They are requiring the same procedure back there that is required on standard federal roads and the result is that no men are yet at work. If the department had turned this money over to the state so we might begin work at once, we could have had the jobs going in July, or at latest by August."

Money Tied Up

"As it is, we have \$1,100,000 appropriated for market roads in Idaho and yet not one dollar of it has been made available."

"We don't want roads as costly and of as high standard as the bureau is demanding. The people want roads with a firm surface that will get them to the main trunk highways so they can get their produce to market and do their buying. They don't require highways such as are needed for through traffic."

"With the requirements of the department of agriculture, we can build only five or six miles of road where under other conditions we could build eight or ten miles."

Action Is Needed

"If the department would turn the money over to us we could have men at work by next week. If we don't get men at work at once it will be too late to help any of them this winter. There will be no market roads built until next spring if the department insists on all this red tape before we can begin building."

Ickes Resentful

Washington, Sept. 16—In biting language and closely clipped sentences Secretary Ickes asserted today neither red tape nor bureaucracy was involved in the distribution of public works money.

Unvarnished language marked his statement to newspapermen in a press conference in reply to what he called "political sharpshooting" and "sniping" reports that his public works administration was responsible for the slowness with which some of the job giving money, already allotted, was being put to work.

"Where is the red tape?" he asked. "We have taken it out by the hands-full."

"SIGN OF THE CROSS" IS A WONDERFUL PICTURE

Cecil B. DeMille's "The Sign of the Cross," one of the most magnificent pictures ever made, will be seen at the Kendrick Theatre this Friday and Saturday nights.

Out of the blazing pyre of Rome comes the love that has outlived 2,000 years—Christianity's martyrdom; the mightiest spectacle ever upon the screen. Stunning with its storied power, moving in its mystic romance; truly the greatest spectacle of our times! Christians sacrificed to entertain the hordes of barbarians. A spectacle on a monumental scale, including a whole panoramic picture of Rome under the reign of Nero; a dynamic story of elemental events crowded into the space of forty-eight hours; a series of performances of sheer brilliance.

"The Sign of the Cross" is first and foremost a spectacle of pagan Rome, reaching its fullest expression in a Roman holiday at the Circus Maximus, where the gladiatorial contests and all the brutal games that delighted Nero served as a prelude to the sacrifice of the Christians to the lions. But it is also a dramatic story of Christian persecution and a tenderly beautiful love story of a Christian girl and a Roman patrician, whose roles are played with rare beauty by Elissa Landi and Fredric March.

It is Charles Laughton's Nero, however, which is not only the outstanding characterization of the film, but one of the memorable characterizations of all times. Here is acting that approaches genius. Claudette Colbert, too, as the Empress Poppaea, gives a performance of remarkable depth and power.

Heigh-Ho — Come To The Fair

A handsome array of home made quilts, rugs, etc., will be on display in the Community church basement on Sept. 29, from 2 to 5 p. m.

The Ladies Aid is sponsoring this exhibition. A committee is at work canvassing the town for entries.

You are cordially invited to attend and we promise there will be creations of art which will be easy to look at.

We are beginning to believe that winter "is just around the corner"—the mornings feel very much like old Jack Frost will pay us an early visit.

Miss Virginia Lee Ward spent the week-end with her parents in Lewiston.

Mrs. Rose Frederick, John, Edna and Viola Frederick of Ferdinand spent Saturday evening and Sunday visiting relatives in the neighborhood.

Mr. Douglas and Sam Maxwell have gone to Oregon to work in the hop fields.

Quite a number of the people in the community have colds and a sort of "flu epidemic" prevails.

Mrs. R. W. Albright and Mrs. Mary Albright visited relatives in and around Reubens Friday and Saturday of last week.

The following helped Clay Albright celebrate his birthday anniversary Sunday evening: Mr. and Mrs. Blum, Miss Laura Blum, Miss Virginia Lee Ward, Wilbert Brunsiek, Mrs. Nell Clem and Mr. and Mrs. Fred Albright.

Mrs. Wayne Steele and children called on Miss Ward one evening last week.

Wayne Steele and his father are building a house for Les. Groseclose. We will be glad to have them in our little community.

Mrs. Barbara Oglesbe and sons George and Clarence of Lewiston and Mr. and Mrs. Bill Williams and family of Payette, Idaho, visited Mrs. Oglesbe's sister, Mrs. Mary Albright, one day last week.

The Staples family from Moscow visited the R. W. Albrights Sunday.

We are anxiously awaiting the outcome of the state road surveyors' work along the railroad track. They are surveying to do away with the two crossings at the school house.

Mr. and Mrs. Jack Denham and family of Clarkston called at the M. L. Albright home Wednesday. Mrs. Clem returned home with them after spending the summer months with her daughter, Mrs. Albright and family. Mrs. Clem is now going to Spokane to care for Mrs. George Clem, who recently underwent a major operation at a hospital there.

Mr. and Mrs. Abel McCarty are the proud parents of a baby son, born last week.

School Notes

The pupils of the Pilot Rock school are preparing for the annual corn show to be held at Culesac Septem-

ber 29 and 30. They have been working on several projects along with their regular work. A great deal of interest and creative ability has been shown in the work.

The fifth grade made health booklets entitled "Health Hints," to remind them of things to do daily in order to be healthy. The second grade will start to work on a "Peak Box" to be made in connection with their reading. They are very anxious to find out just what a "Peak Box" is and as soon as they can read their story they will make one. We were surprised to find out how many artists we have in our school.

We are hoping that everyone in our community will be able to attend the fair because there is going to be a prize given to the school having the largest attendance.

We learned two new songs last week: "On the Way to School" and "There Was a Man From Yourkshire."

We are going to have come new blackboards and some new book cases are to be made soon.

We organized a new club last Friday. James Albright was elected president for the year. A "clean-up" and "entertainment" committee was elected for this week. The club will meet once a week on Friday afternoon. School problems will be discussed and a way sought to remedy them. This will help us to be good citizens. After the regular meeting we will have an entertainment.

Margaret Groseclose received 100 in spelling all week and as a reward was given a gold star on her spelling blank. Some of us received silver stars.

Most of us found that our penmanship had improved this week

Hello, Everybody! Here we are again with our little "two-bits" worth, but we believe at that that what we have had to say has "durn" near always been the truth. Well, anyway, here we are with the wheat harvest over, bean harvest rapidly getting into full swing and frosty weather here again and folks, it's time to begin thinking about the income old bossy is capable of bringing you. Properly handled, that can be a pretty penny, and we're the one who can give you that pretty penny. We want your cream business, bring

in a can and give us a try.

Father—Hazel, I see you are going around with that young Flub-dub a lot. I hope you have no idea of marry such a spendthrift.

Hazel—Oh, I would never marry a spendthrift—but it's nice to go places with one.

Boss—There's two dollars missing from my desk drawer and no one but you and I have a key to it.

Office Boy—Well, let's each put a dollar back and say no more about it.

THIS, THAT AND THE OTHER AT SOUTHWICK

Mrs. Virgil Harris Passes
Elva Opal Southwick daughter of Mr. and Mrs. Harve Southwick of Lenore, was born July 6, 1907 and passed away Sept. 15, 1933, at the age of 26 years, 2 months and 9 days.

On Jan. 24, 1927, she was united in marriage to Virgil Harris, eldest son of Mr. and Mrs. Gordon Harris of Southwick. Two children were born to this union, Helen Lee, five years of age and Gerold Wayne, 14 months old. Her husband, both children, her father and mother, five sisters, Mrs. Atlee Mustoe, Kellogg; Mrs. Given Mustoe, Southwick; Mrs. Otto Schoeffler, Cameron; Mrs. Norman Koker and Miss Irene Southwick, Lenore; four brothers, LeRoy, Ray and Eugene Southwick of Lenore and Roland Southwick of Marshfield, Oregon, are left to mourn her untimely passing.

Funeral services were conducted by Rev. Beckman Sunday afternoon at 2 o'clock at the Southwick Methodist church. Pall bearers were Alex Lawrence, Delbert Hayward, Herman Travis, Harl Whittinger, Homer Betts and Ray King.

The mere announcement of the cold bare facts concerning the passing of a wife and mother, so young and ambitious, fails to satisfy the desire of our hearts, therefore we think it a deserving tribute to her memory to add some additional statements concerning her short but useful life. She was a natural home maker, a kind and patient little mother and a model housekeeper. She had a knack for cooking and serving meals that many of we older ones would love to possess.

She had been in ill health for a number of years, but she bore her suffering so uncomplainingly, that her nearest friends and relatives did not think of her condition as being serious until about six months ago, when she was persuaded to have a physical examination. From the first the six attending physicians gave very little hope for her recovery, but she, and those whom she was so dear, would not give up hope until compelled to do so.

The last 10 weeks of her life were

spent at the St. Joseph's hospital, where the entire corps of workers did all in their power to lessen her suffering. At all times her husband, mother, or one of her sisters was with her, besides the many visits which were made at various times by all members of her devoted family. She never lost interest in what was going on at home, encouraging her folks to can the usual amount of supplies for the coming winter. Her untimely departure from this life has cast a pall of sorrow over the community, but there will always linger in our hearts the memory of her having once been with us.

A loving one from us has gone,
A voice we loved is stilled,
A place is vacant in our midst,
Which never can be filled.
But still we cannot help but feel,
Our loss has been her gain,
As she is through with earthly trials,
Though her going gives us pain.
So lets not wish her back again
But each one live our best;
That when the Angels call us home
We'll join her in her rest.

Short Items of Interest

The largest crowd ever witnessed at a funeral in Southwick was present Sunday afternoon at the Methodist church, when they gathered to pay their last tribute to the late Mrs. Virgil Harris. The church was filled and as many more were obliged to stand outside. All of the brothers and sisters were present with their families. Other relatives present who resided other places were Mr. and Mrs. Wm. Harris, Charlie and Cecil Harris, brothers of Virgil Harris, from Pullman; Walter Harris and family from Lewiston; Mr. and Mrs. Charlie Crumacker and three daughters from Orofino and Mr. and Mrs. James Johnson of Peck. Among the many friends who came from other places were Mr. and Mrs. Albert Mabry of Craigmont; Mr. and Mrs. Harry Dent and daughter, Steve Douglas and three sons, Mr. and Mrs. Pete Spekker, Mrs. Florence Fairley, Miss Ardella Hartung, George and Warner Ziemann and C. Mustoe, all of Lewiston.

Charlie Smith, who is employed at Clarkia spent the week-end here with his family.

Mrs. Delbert Morris was taken ill last week and Mr. Morris took her to Pomeroy, to the home of her son. We hope she will soon be able to return home.

Ira Luce, who is helping with the harvest work at the Roy Southwick place, spent the day Sunday with his son Dean at the Russell Betts home.

The Ladies Aid served a chicken dinner to the election board Tuesday at the home of Mrs. Eva Wright.

Mrs. Darwin Tarry commenced her duties as teacher at the Welker school on Monday, Sept. 18.

Mr. and Mrs. George Christenson and two small daughters enjoyed supper at the Travis home Monday evening.

Elberteen and Irene Martin will stay at the Howard Southwick home while attending high school.

Mrs. J. B. Finnell and children, Rob Roy and Polly, visited Mr. and Mrs. Orville Turnbaugh over the week-end. Mrs. Finnell is a friend of Normal school days. Mr. Finnell recently received an appointment with the state traffic police of Washington and is in Olympia taking the requisite 60-day training course.

Mr. and Mrs. C. A. Betts and two

children and Mrs. Donna Bereman spent the day Sunday at the Fred Hassinger home at Gifford.

Lola Jensen spent the week-end at her home in Orofino.

Miss Hattie Abbott gave a chicken canning demonstration at the home of Mrs. G. H. Ziemann Tuesday.

School Notes

The first week of school at Southwick closed last Friday with an enrollment considerably larger than that of previous years. The added enrollment was chiefly in the high school with many new students coming from Teakean and Cavendish. Teakean school has offered some high school work in the past but this policy has been discontinued for the time being at least. At present there are 42 registred in the high school and 42 in the grades. A few more are expected to come in with the end of harvest work and among these, two seniors.

According to rooms and grades the enrollment is divided as follows: Primary room, 21, with nine beginners, Evelyn Thornton, Jack Ziemann, Bob Ziemann, Ray Betts, Phyllis Jean Morris, Ruth Lettenmaier, Mary Margaret Christensen, Phillip Southwick and Evon Morris. Intermediate room—21, with four fifth graders, eight sixth grades and nine seventh grades. New students in this department are Virgil Morris, Jerold Morris and Betty Benson. Each grade is working on a separate project to be presented at the county school exhibit at Culdesac on Sept. 29 and 30. The entire school will be represented at the exhibit. Southwick has for some time past won various prizes in the general school exhibits.

In the high school a fresh crop of freshmen predominate with a check-up showing 18. There are nine sophomores, ten juniors and seven seniors, who are expected to graduate. The course of study includes English I, II and III, Geometry, Algebra, American History, World History, Agriculture, Bookkeeping, Business Arithmetic and Biology. Typing will be added for a few irregular students. Students are gradually resuming the scholarly attitude and classes are settling down to a serious routine.

The Southwick Student association held its first meeting Tuesday during the last period to make plans for welcoming Freshmen on Friday night, Sept. 22. Committees were appointed and indications are for a "royal reception for the Emerald class."

Alvira and Jaunita Flesham are attending school from Leland and are "housekeeping" in rooms at the Elton McCoy residence. Waldo Smith also of Leland entered school Monday. He is staying with his grandmother, Mrs. Ben McCoy. Dorothy Miller, senior from Teakean, is assisting in the office and library. New magazines have been ordered and with a few new books of the fiction type the library will be in an improved condition.

On the whole indications are for a good school year at Southwick. T. J. Armitage and Milton Benjamin worked Tuesday morning installing a telephone and private line to the phone office. The telephone was put into immediate use, about the first message being a long distance call from the university at Moscow. It is a much needed feature and one which will save neighbors and patrons of the school a good deal of bother.
