NO. 43

## USES TO BE MADE OF ALLOTTED ACREAGE

It is the purpose of the wheat allotment Contract to improve wheat prices by reducing surplus wheat production through voluntary cooperation of wheat growers in reducing acreage in order to bring wheat production into balance with domestic and export demands. The grower who cooperates in signing the Wheat Allotment Contract is paid substantial benefits for the retirement of part of his wheat acreage in accordance with the accepted plan of the Agricultural Adjustment Administration. He enters into the following agreement in regard to the use of the contracted acres withdrawn from wheat production:

"The contracted acreage of 1934 and 1935 shall not be used for the production of any nationally-produced agricultural product for sale, but may be used as follows: summer fallowed; planted to soil improving or erosion preventing crops, or to food crops for home consumption on this farm, or to feed crops for the production of livestock (or livestock products) for home consumption or use on this farm." (Paragraph 6, Wheat Allotment Contract.)

The cooperating wheat grower also agrees that he

"Hereby contracts with the Secretary of Agriculture, upon the terms and conditions hereinafter set forth and subject to the regulations (which shall be deemed to be a part of the terms and conditions of this contract) heretofore or hereinafter prescribed by the Secretary pursuant to the above Act." (Page 1, Wheat Allotment Contract.)

In addition Section 506 "Wheat Regulations pertaining to the Administration of the Wheat Adjustment Plan made by the Secretary of Agriculture," says:

"It shall be deemed a violation of his contract for the producer who has executed a Contract to shift food crops grown for home consumption on the farm or feed crops grown for the production of livestock (or livestock products) for home consumption or use on the farm to the contracted acreage (as defined in the Contracts), thereby releasing other lands on the farm for the planting of crops for sale or for feed for the production of livestock or of livestock products for sale."

"The contracted acreage of 1934 and 1935 (as defined in the Contracts) shall not be used to feed or to produce feed for dairy cattle, beef cattle, hogs, sheep, or poultry kept for sale or kept for the sale of their products."

It is clearly the intent of the Agricultural Adjustment Administration that the contracted acreage retired from wheat growing shall not be used in contributing to surpluses of any agricultural product, reserving for the grower who may need the contracted acres, in addition to other acres on his farm, in producing "food crops for home consumption or feed crops for the production of livestock or livestock products for home use," the right to make such use of the contracted areas.

Using the contracted acres for producing for sale purposes such crops as corn, small grains, special crops, or feed crops used in producing dairy and livestock products or other crops now in surplus, or in the planned shifting of these crops, normally grown elsewhere on the farm, to the contracted acreage, thereby releasing other lands for general use in contributing toward production of surplus products, would be contrary to the purpose of the Agricultural Adjustment Administration.

Regulation No. 26 was therefore approved on August 31 by the Agricultural Adjustment Administration to prevent the misuse of the privilege of using contracted acres where needed for the production of products used on the farm, and thus to protect the interests of dairymen, livestock producers, and special crop growers from possible injury through the increased production of their products for sale. This regulation is quoted under Section 506:

"Use of Contracted Acreage—It shall be deemed a violation of his contract for a producer, who has executed a contract, to shift food crops grown for home consumption on the farm or feed crops grown for the production of livestock (or of livestock products) for home consumption or use on the farm to the contracted acreage, thereby releasing

## Weather Fall-Like

The weather the past week has been rather like fall, with rainy, windy and cool weather. Leaves are falling and the rapid shortening of the days certainly reminds us that winter is fast approaching.

Up until last Monday, however, we have had wonderful fall weather, and it has certainly been a boon, for it permitted the harvesting of beans and other odd-lot products that might otherwise have been lost.

## HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Butter has been selected as the first major farm product which the government will purchase in President Roosevelt's double-edged program of cutting down surpluses and feeding the needy. After a conference with Harry L. Hopkins, emergency relief director, George N. Peck, farm administrator, announced that plans had been completed for early purchase of "a substantial portion of the butter surplus" although some legal details remain. The cost will be borne by both the relief administration and the farm adjustment administration, which is preparing to levy a processing tax on butterfat at an early date.

Although the Grand coulee and the Bonneville dams across the Columbia river in Washington under present plans will produce approximately half a million horsepower of electric energy the engineers and federal officials agreed that the potential power of the mighty stream "will have scarcely been touched." The two projects, to cost close to \$100,000,000 as authorized at present, are expected to cost close to double that amount when completed to engineer's designs and to full electric generating capacity, which combined will total approximately 300,000 horsepower.

Prison "for the rest of your lives" was the government's firm answer to the arrogant George Kelly and Kathryn, his wife, last of the Urschel kidnaping principles to be branded guilty at Oklahoma City. Convicted after a three-day trial, the gum-chewing hoodlum and his 30-year-old wife heard Judge Edgar S. Vaughn pronounce the maximum sentence possible under the "Lindbergh" law. "My Pekinese dog would have got a life sentence in that court," muttered Kathryn, whisked away with Kelly to the county jail to await transfer to prison within a few days. She hinted of rebellion unless she is committed to the same prison where her mother, Mrs. R. G. Shannon, is sent for her part in the kidnaping of Charles F. Urschel, Oklahoma City oil millionaire.

Germany boldly announced her withdrawal Saturday from the league of nations and the world disarmament conference. This she did because she refused to be a nation of "second class rights," Chancellor Hitler declared, and wants "equality and honor." Hitler told the world the German government and people are "animated by no other wish than to help end the human epoch of tragic error, regrettable quarrel and fight."

## Bean Harvest Completed

With perhaps a very few exceptions, all beans in the Potlatch section have been threshed and are in the bags. It is stated that while the yield is not as heavy per acre as last year, the quality is good and the increased number of acres will make as many, if not more in quantity than last year.

The Kendrick Bean Growers Association has received in the neighborhood of 25,000 bags thus far and they still have some 17,000 in storage, with shipping at a low ebb.

At the Kendrick Rochdale company's warehouse a large quantity of beans have been stored and several hundreds of bags sold to the company. They report the shipment of two carloads of the "fruit" to coast points within the past week or ten days.

The Vollmer-Clearwater company reports the receipts of some 3,000 bags of beans this fall and the shipment of two carloads. Their warehouse is chock-a-block with wheat and they have no storage room for beans.

## Mrs. Carroll Doing Nicely

Latest word from the bedside of Mrs. W. J. Carroll, who underwent an operation in the Rockwood Clinic on Thursday of last week, is to the effect that she is getting along very satisfactorily.

Boost for Kendrick—your town and ours.

## KENDRICK SALES DAY SATURDAY, OCTOBER 28

Kendrick's Sales Day will be held on Saturday, October 28, for the auctioning of farmers' livestock, implements, household goods—in fact, anything they may have a surplus of that they may want to turn into cash or bankable note. The sale will start promptly at 10 o'clock in the morning. All goods will be auctioned off absolutely free of charge.

Farmers are asked to bring in their articles in sufficient time to have them listed either by George Buckkalew, at his shop in the old postoffice building, or by M. O. Raby, at the hotel. Livestock may be listed at any time with either of the above men.

Owing to the fact that weather conditions are somewhat uncertain at this season of the year, it was decided by the Committee not to have a sports program, but instead arrangements have been made with the Schupfer Brothers to run a matinee show in the Kendrick Theatre, for which a charge of 15 cents for adults will be made.

The program and prizes to be awarded during the afternoon are as follows: \$2.00 for the oldest settler in the Kendrick territory. \$2.00 for the couple married longest. \$2.00 for the youngest married couple. \$2.50 for the largest family present. \$2.00 for the oldest car running on its own power. \$1.00 for the largest table squash. \$1.00 for the largest cow pumpkin. \$1.00 for the largest potato. \$1.00 for the best hog caller—men. \$1.00 for the best hog caller—women. \$5.00 for the winner in Tug-Of-War—The Potlatch against the World! 1 Dozen chickens will be released and given to whoever catches them. Any person residing in the Kendrick trade territory is eligible to compete for any of the above prizes. The Auction Sale will take place in or near the Buckkalew carpenter shop at the old postoffice building. The Kendrick stores will make special prices for that day. All articles sold at the sale must be settled for before being removed. All articles put up at auction must positively be sold. N. E. Ware will act as auctioneer.

## ABOUT HIGHWAYS — LOCAL AND OTHERWISE

Not so many years ago there was built the splendid North and South highway—and almost everyone within the state was pleased—and rightly so. At that time much ado was made over the adoption of a suitable slogan befitting the "uniting" of the two ends of the state and surmounting the Idaho "Mason-Dixon" line—the Salmon river. Many efforts were made and finally a "slogan" of "No North, No South, Just Idaho," was concocted and really some people fell for it. Things went along serenely for a time. Then more road work came up, and north Idaho has been given the short end of the string ever since, about the only work having been done that really took money was the needless straightening out of curves on the upper half of the Lewiston Hill highway and the straightening of the North and South highway near Craigmont, using a total of between two and three hundred thousand dollars, which amount would have built many miles of good farm-to-market roads for the farmers, which should have been done instead of fixing up curve-less highways for tourists.

A little more than a year ago Kendrick began to get busy and asked Governor C. Ben Ross (who is a great road booster, theoretically) to come to Kendrick and talk over the local road situation. Well, he came, and the Kendrick Commercial club gave him a fine dinner at the Raby Hotel—and the Governor was seemingly much pleased and after dinner had been eaten was evidently in a very generous frame of mind for he promised to give us about all the roads we wanted in this part of the country and it was naturally supposed that the farmers adjacent to Kendrick would soon be riding high and dry on graveled farm-to-market roads. Well we still have those promises—but where in the heck are the roads. We have received oodles of promises and several surveys but no roads.

The Governor has made many trips to the north part of the state to make road promises to various committees, commercial clubs, individuals—in fact, almost anyone who wanted a road was promised one—no matter where it went—but few shovelfull of dirt have been moved in farm-to-market roads. And the soothing part of the whole thing is (to south Idaho) that while the Governor was up north making promises, dirt was being moved at a rapid rate in the southern part of the state. No one has heard of a complaint coming from the southern part of the state that the promised roads had not been forthcoming.

Only recently the Lewiston Chamber of Commerce took the Governor to task regarding the failure of the highway department to fulfill its promises (extended by the Governor) of

## Articles For Children's Home

The gathering of articles for the Children's Home at Lewiston has been begun and all those who have canned fruit, vegetables or clothing they can spare are asked to please leave it at the Morgan store within the next two weeks. Mr. Higley has kindly consented to receive and to transport all such articles to Lewiston free of charge.

This is indeed a worthy cause and all who can possibly do so, are asked to please give any surplus stuff they may have for which the committee in charge will be duly appreciative.

## THINGS OF INTEREST GOING ON AT SOUTHWICK

A farewell party was given Thursday evening at the Milton Benjamin home in honor of Mr. and Mrs. Theo Tuning, who left Friday for Washington, where Mr. Tuning has employment.

The W. A. Cowger family were Sunday guests at the Glen Betts home.

Mrs. Blewett and daughter Inez visited several days last week with Aletha Blewett, at the home of Mrs. Eva Wright. Aletha took them to their home at Kooskia Saturday morning, returning Sunday evening.

Those who enjoyed Sunday dinner at the home of Mrs. Leona McCoy were Leslie Thompson of Lewiston, Waldo Mudge of Clarkston, Mr. and Mrs. Harry Smith and family of Leland, Mr. and Mrs. Wilmer Hanks and two sons, May and Buster Grant and Ralph Hanks.

Virgil Harris was a Lewiston visitor Friday and Saturday of last week. Mrs. John Stalnaker and daughter Clara visited Sunday with Mrs. Conny Perry.

Mr. and Mrs. Ben Cook are rejoicing over the arrival of a baby girl, born Sunday morning.

G. H. Ziemann is home again from Spokane. He is much improved in health.

Mrs. Austin McCoy was in Lewiston last week with her mother, Mrs. Hays, during her last sickness and death. Funeral services were held on Friday.

Mr. and Mrs. Jack Travis, Mr. and Mrs. Herman Travis, Mrs. Ora Triplett and Chester McIver were Lewiston visitors Tuesday.

The Milton Benjamin family visited Saturday and Sunday with relatives in Palouse.

Mr. and Mrs. C. A. Betts and two children and May Zimmerman had Sunday dinner with Mrs. Donna Bereman.

A party composed of Mrs. Homer Hayward and two sons Delbert and Doyle, Mrs. G. H. Ziemann, Tom Weatherly and Virgil Dygert left the last of the week for the Selway country on a hunting trip.

The Arnie Cuddy family were Sunday guests at the Harl Whiting home.

Mrs. Leona McCoy and son Elton, Mrs. Clarence Henderson, Mrs. Wilmer Hanks and May Grant were Lewiston visitors Thursday. They enjoyed dinner with Mr. and Mrs. Ralph Wright.

Archie Betts visited from Monday till Wednesday with his brother Russell, at Elk Creek, where he is teaching school.

Henry Brammer and Dan Ziemann, who have been working diligently the past six weeks on the wheat allotment papers of this territory, finished them up Tuesday evening and spent Wednesday and Thursday in Lewiston putting them through the necessary requirements. There were 52 signers, which is about a 95 per cent sign up.

Mr. and Mrs. Clarence Henderson and daughter Vera visited Sunday at the Glen Daggett home at Lenore.

Oscar Holmes was called home Tuesday from his work in Montana by the illness of his wife. We wish her a speedy recovery.

Mr. and Mrs. Harvey Morris and children spent a few days last week in Pomeroy with relatives.

Wallard Hultz, who spent the summer and fall at the C. A. Betts home, left on Tuesday for Spokane.

Mr. and Mrs. J. E. Hoppe visited several days the first of the week in Pomeroy.

Mr. and Mrs. Harl Whiting were called to Kooskia Tuesday by the serious illness of her father, Ross Huffman. Soon after they left word arrived that he had passed away with heart trouble. He was an old resident of this section and the bereaved family has our sincere sympathy.

Mr. and Mrs. C. A. Betts were Genesee visitors one day last week.

## GRAIN MARKET LOWER WITH DEMAND DULL

Further sharp declines in domestic grain markets during the week ended October 13, reflected the continued dull inquiry both for wheat and other grains, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Some liquidation of speculative holdings, together with a slow demand for cash grain both in domestic and foreign markets, heavy offerings of southern hemisphere wheat, and lower securities markets, were weakening influences in wheat and the December delivery at Chicago declined about 7¢ per bushel for the week. Corn markets remained dull with continued heavy marketings, a limited outlet and further accumulation of market stocks. Oats, rye and barley declined with other grains, while flax markets reflected lower prices in Argentina as well as the dull domestic demand.

A feature in the domestic wheat situation during the week was the approval by the Secretary of Agriculture of the marketing agreement, which provides for the exportation of approximately 35,000,000 bushels of Pacific Northwest wheat. The movement of this wheat is scheduled to begin at once. The North Pacific Emergency Export Association with headquarters at Portland, will serve as a clearing house for arranging details of purchasing, shipping, handling and selling the wheat or flour. Sales may be made for export or to domestic relief agencies and by either the Association or its members. The purchase price will be based on No. 1 wheat, sacked, delivered on track at tidewater terminal warehouses, while the sales price will be based on No. 2 bulk, F. O. B. ship. The Association will be reimbursed by the Secretary of Agriculture for the difference between the purchase price and the net sales tax. If the total amount proposed in the agreement is exported, it will provide a large percentage of the export quota of 47,000,000 bushels allowed the United States under the London agreement.

Estimates on the United States wheat crop were raised slightly in the October release, with an increase of about 8,000,000 bushels in the spring wheat crop. The production of all wheat in 1933 is now placed at 515,000,000 bushels with 340,000,000 bushels of winter wheat, 17,000,000 bushels of durum and 157,000,000 of other spring wheat. Late estimates of world production remain about unchanged from earlier estimates, with present prospects indicating a world crop, exclusive of Russia and China, about 300,000,000 to 350,000,000 bushels less than in 1932 and 1933. About half of this decrease of production, however, is offset by increased stocks carried over from last season. Production in Europe as reported to date, is nearly 150,000,000 bushels larger than in 1932, while the crop in North America is nearly 360,000,000 bushels smaller.

Domestic cash wheat markets weakened with futures and declined 5¢ to 8¢ per bushel despite relatively light offerings. Receipts at the principal central and southwestern markets totaled only 994 cars, compared with 1,418 cars for the corresponding week last year. Current offerings were easily sufficient for the limited need of mills, which were discriminating in their selections in regard to protein and test weight. Choice milling wheat sold readily but the lower grade was slow in sale.

## Bring Out Much Game

Two hunting parties returned to Kendrick during the past week, bringing out near the limit.

The first party to return was that made up of Dr. C. E. Watts of Seattle; Wm. A. Watts and K. D. Ingle, Kendrick; Harry Thompson, Lewiston, and Bayard Davidson, of Pullman, they brought out six elk, five deer and four mountain goats. Walter Harris, game warden for Nez Perce county, went in with the party to do patrol duty in that section of the Selway national forest, where the party was camped.

The other party to return was made up of Wade Keene, Tom Long, Walt Bigham, Ed. Deobald and Bill McCreeary. They brought out four elk, four deer and two mountain goats. Only two goat tags were taken in by the party.

Dr. Lyle of Lewiston was encamped at the same spot and on Friday, Oct. 13 succeeded in getting a mountain goat with the 13th shot fired.

**It's Smart  
TO BUY TIRES  
NOW...**

**Now...**  
is the time to buy tires. Prices may go higher. If they do, it will actually cost you money to use up old tires. And with fall and winter weather and wet and slippery roads just around the corner, it's a good idea to have the protection of safe new tires all around. And remember this—tire wear is slower in winter than it is in summer—the tires you buy now will give you full protection all winter and you will still have good tires for next spring and summer to withstand the ravages of hot summer roads. We carry the complete line of Goodyear Tires—Speedway, Pathfinder and All-Weather. At the price you wish to pay we have a Goodyear Tire. Why not come in today and talk it over?

 (Delayed)

Mrs. Harry Emerson and daughter Mary spent Thursday, Friday and Saturday in Lewiston, attending the Teacher's Institute.

Mr. and Mrs. Neal Vaughn are the proud parents of a big nine-pound baby boy, born October 8. Mother and babe are doing fine.

Mrs. S. A. Vaughan is spending this week at the Neal Vaughan home, caring for her new grandson, Ronald Walter.

Mrs. Foster McFadden underwent a major operation at the St. Joseph's hospital, Lewiston, October 7.

(This Week)

Mr. and Mrs. C. Powell of Clarkston are visiting with relatives at Lenore and Cream Ridge.

Mrs. Anna Frost of Spokane spent last week visiting with relatives near Lenore.

**INTERESTING NEWS BITS FROM OUR SCHOOL**

The classes from the fifth to the twelfth grades held meetings this week to decide on what booth or concession they wish to provide for the Carnival to be held October 27. There is keen competition amongst the classes, as each class wants to be original, develop something different and attract the most nickles and dimes.

Mr. and Mrs. Whelchel are to give a recital of classical and popular music on Friday evening, October 20 at the Community church.

The most progressive students in Manual Training have almost completed their first projects, and are getting ready to start in on a second. They are also improving the athletic equipment room.

The Junior class met Monday to discuss matters concerning the Carnival. They will have a shooting gallery with rare imported arms and a "fan dancer" booth, with an imported dancer from Chicago.

Mr. Whelchel's shorthand class, due to its unwieldy size, has been divided into two groups for the benefit of the students who entered late and for those who want to take advantage of the extra help.

The girls' in Home Economics served light breakfasts as part of their laboratory work. Along with this they are studying "Why a High School Student Should Eat Breakfast."

The United States history class has started on their historical book reports.

The Boys' Glee club, having procured their music, really did some singing Monday.

The World History class held a contest Monday to see who could recognize the most historical people described by the students.

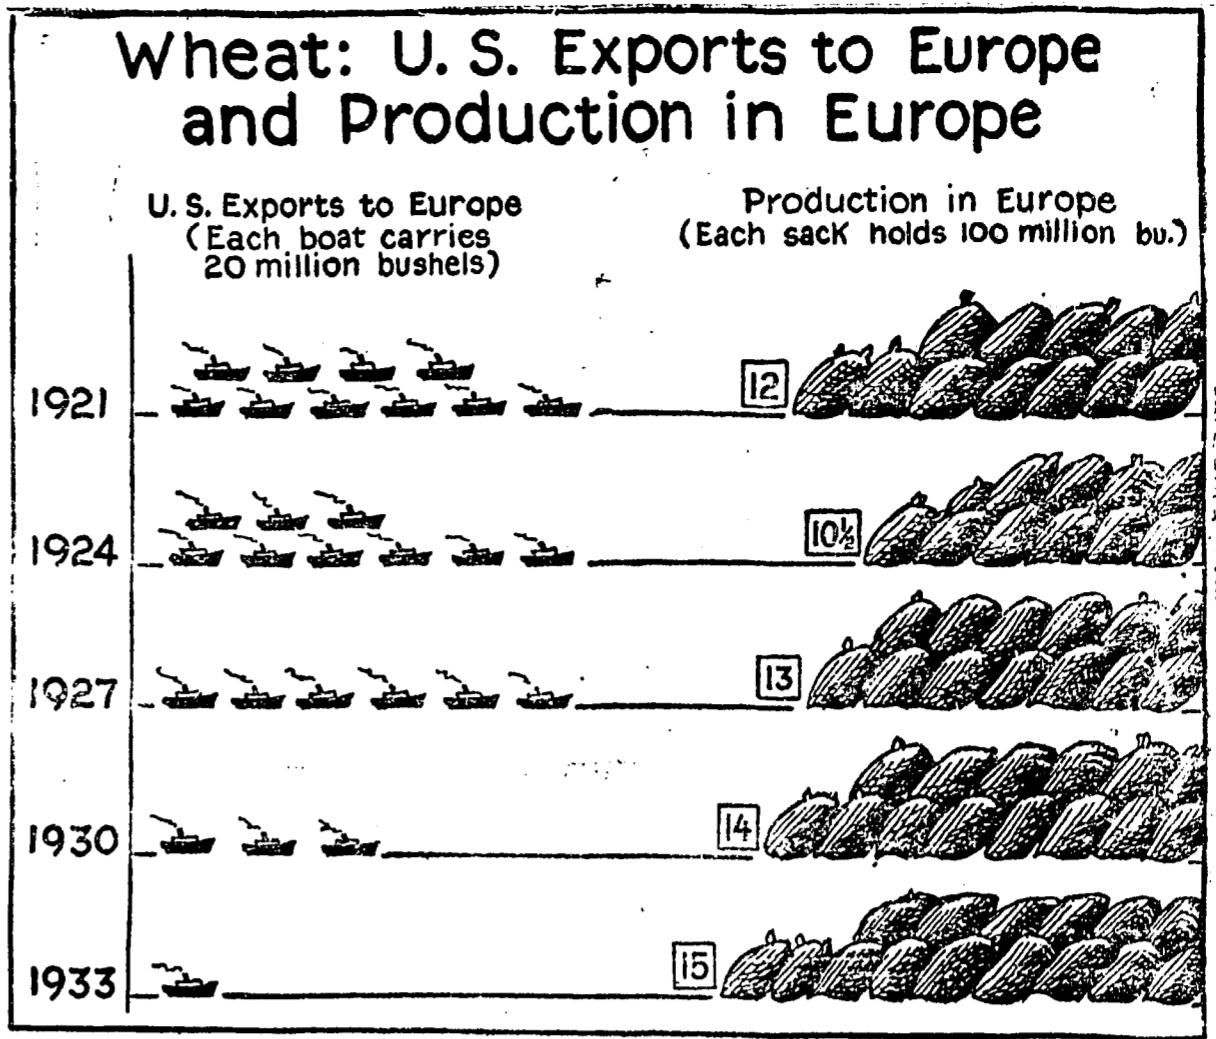

A group of boys in General Science are working on an experiment to make fire without matches.

The Typing I classes are keeping charts of their speed to try to eliminate their errors.

The Senior class met on Tuesday and decided to place an order for their rings and pins.

The tentative basketball schedule for Conference games is as follows: Jan. 5—Lapwai at Kendrick. Jan. 12—Southwick at Southwick. Jan. 19—Culdesac at Culdesac. Jan. 26—Genesee at Kendrick. Feb. 2—Lapwai at Lapwai. Feb. 9—Culdesac at Kendrick. Feb. 16—Genesee at Genesee. Feb. 23—Southwick at Kendrick.

Other conference games may be arranged. There are to be three or four practice games before the regular conference games.

WHEN Europe produces more wheat for herself she buys less from the United States. That is the feature of the world wheat problem that this chart shows. For instance, in 1921, when many wheat ships were busy carrying the bread grain to Europe, that continent produced only 1,200,000 bushels. Since 1927, European exports have been producing more and more of their own wheat and the wheat traffic across the Atlantic has slowed up. In fact, efforts of European countries to supply their needs, and their buying wheat from other countries has just about cut off our wheat exports, as the lone boat for 1933 represented in the chart indicates. The United States doesn't want to withdraw from the export trade, but rather than have grain pile up in the United States or be sold at less than cost, the Agricultural Adjustment Administration has begun a wheat plan which will reduce acreage in the United States and bring production down to the point where it can all be marketed at a profit to the farmer.

**Grade School News**

The Art class of the first and second grades are making paper models of Columbus's ships.

The third and fourth grades are memorizing Helen Hunt Jackson's poem, "October." This will be written in their poem books.

The sixth grade are making maps of western Europe for this week's unit in Geography.

**Carnival To Be Interesting**

Have you heard it? No? Well, the biggest frolic of the year is coming on October 27. The place? The school, of course. Who except them could think of so much fun, excitement, novelties and mystery to pack into one solid evening of good times. You can dance all the time, play part of the time, eat any time and leave sometime.

The Sophomore's "Century of Progress" will feature actual wonders.

Mysterious Professor Kkwylillir has created quite a furor in the school circle. There are many conjectures as to his identity and all are looking forward to seeing him at the carnival.

**IF YOU GET UP NIGHTS**  
 Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. For sale at Red Cross Pharmacy. 41-4

**USES TO BE MADE OF ALLOTTED ACREAGE**

- 1 Plant to permanent pasture. Land so planted is not eligible during the second year as contracted acreage.
  - 2 Plant to meadow crops. Land so planted is not eligible as contracted acreage during the second year, and other acres must be chosen.
  - 3 Practice weed control.
  - 4 Plant forest trees.
  - 5 Plant soil-improvement crops.
- "Under The Tonto Rim"
- The above caption is of another of those Zane Grey pictures that you like so well—a real Westerner—which will be at the Kendrick Theatre on Friday and Saturday nights, October 20 and 21.
- "In 'Under the Tonto Rim' love turns a bashful Romeo into the West's fiercest bad man and a rootin', shootin' he-man—and all for the love of a girl who scorns him for being a coward.
- His friends gave him a reputation that would make "Billy the Kid" blush with shame—and he had to live up to it. Of course you will want to know how he did it!
- It is the story of a cowboy who just couldn't do anything right—up until he lost his temper.
- Many Tags Sold
- Geo. P. Barnum reports the sale of tags for 25 elk, 27 deer and five mountain goats.
- F. S. Curtis of the Kendrick Hardware reports the sale of several tags.

**National Average Price**

According to the above news item the national average price for domestic electric service was 5.55 cents per kilowatt hour — and the national average consumption for each customer was 600 kilowatt hours for the year ended July 31, 1933.

In the territory served by this company the average price for domestic electric service was 2.28 cents per kilowatt hour — and the average consumption for each customer was 1,727 kilowatt hours for the year ended July 31, 1933.

One of the reasons our customers use nearly three times as much electricity as the national average is BECAUSE OUR ELECTRIC SERVICE COSTS ARE SO VERY LOW!

WE NEED MORE CONTENTED COWS  
HAROLD THOMAS, Editor

### EDITORIAL

Well, folks! Here it is fall in earnest, and harvest a matter of history. The fall rains are upon us and the many necessities of winter—underwear, boots, shoes, rubbers and many other winter necessities—are going to be needed mighty soon—but there is an easy way to get these things—bring us in your cream—we pay spot cash—the stores do the rest. You may be holding your wheat, beans, barley or other farm products—so why not cash in on your cows. We're always in the market for that cream.

June: "Do you ever get down on your knees?"  
May: "Yes, but I always shave it right off with Dad's razor!"

Sweet Young Thing: "Doctor, I have broken my glasses. Will I have to be examined all over?"  
Dr. Christensen: "No miss, just your eyes."

It's not what your best girl knows that bothers you—it's how she learned it.

She: "I'll tell you something if you promise to keep your mouth shut."

He: "Sure—what is it?"  
She: "You've got halitosis."

### ABOUT HIGHWAYS — LOCAL AND OTHERWISE

building the Myrtle-Spalding link and the construction of a farm-to-market road urged by the Chamber and promised by the state officials. So last week the Governor made one of his semi-occasional trips to this section of the country to consult on road problems.

At a breakfast given the Governor at Lewiston the road question for that county was taken up and discussed at length but the Governor was a little bit shy about making any absolute promises, one of his replies being: "I cannot promise that it will be built, but I agree with you that it ought to be and I will take the matter up at once on my return to Boise." Not so good.

"What if all the federal funds for Idaho already are allocated?" asked a Lewiston business man, to which the Governor replied: "I can't get blood out of a turnip. I'll do the best I can. If the money is there and not tied up, the road will be built," to which the Lewiston man replied, "Maybe if the money is tied up it might be untied. It was loose when we were promised the road last summer." And thus it goes, and has been going until most of the people are losing patience—and confidence in the Governor's promises.

This we know: That we have been given promises—and surveys—but that is as far as things have gone, and from all indications, it is as far as the road will be built this year—or next, if nothing more than promises and surveys can be obtained. Apropos to the North and South highway, slogans, etc., we would like to suggest that the "highway" from Arrow to Deary (stopping at Kendrick) be duly christened the "Ross Highway" and that the slogan adopted be: "No North, Just South Idaho."

Idaho has been allotted more than \$4,000,000 for road work by the federal government.

Are you ready for the question?

### PILOT ROCK NEWSLETTERS

Mrs. Clay Albright was called to Troy last Saturday to act as telephone operator in the absence of Mr. and Mrs. Solberg, who were called to Spokane by the death of their niece. Mrs. Albright returned home Monday evening. She was accompanied by Virginia Ward, who visited friends in Troy. Miss Ward returned home Sunday afternoon.

A number of people from Pilot Rock attended the Young People's meeting and illustrated lecture given by Rev. McKee at the Methodist church Sunday evening at Juliaetta. Those attending were Mr. and Mrs. R. W. Albright and children, Mr. and Mrs. Ed. Groseclose and children and Miss Virginia Ward.

Mr. Douglas and family left Sunday afternoon for Portland to visit his son, who is in a hospital there. Bobby and Sonny Albright spent several days with their grandmother, Mrs. Blum, while their mother was at Troy.

Mr. and Mrs. Doran Gillette and children, Mr. and Mrs. Hartzel Edwards and children, Mr. and Mrs. Johnson and children and Mr. and Mrs. Brackett called at the home of Mr. and Mrs. R. W. Albright Sunday evening. They had been dinner guests at the home of Mr. and Mrs. Hinkle Cox.

Miss Virginia Ward was the guest of Mr. and Mrs. R. W. Albright and children on Friday and Sunday.

Albert Oglesbe of Silcott, was a visitor at Marvin Albright's Monday. Mrs. Mary Albright has been visiting at the home of her son, Fred Albright, in Juliaetta, for several days. She returned Tuesday evening.

Mr. and Mrs. Bill Clem were visitors at the home of Mr. and Mrs. Marvin Albright on Tuesday evening.

Helen Clem and Ed. Gerke of Clarkston spent Saturday and Sunday at the home of Mr. and Mrs. Marvin Albright.

### School Notes

Mr. Douglas has been painting our schoolhouse inside and out. We find that it makes our schoolroom look much brighter.

We are preparing for our Halloween program to be given some evening near Halloween. The date has not yet been decided upon. We hope that a good crowd will turn out. You may be assured that there will be plenty of witches, bats and spooks about, so if you are the least bit timid—beware. We illustrated the story of "Teeny Tiny" with free hand water color and crayon drawings.

The fifth grade Geography class brought samples of the various kinds of soil and rocks. They made drawings showing the kinds of roots.

Bonnie Albright is practicing a song to be sung at the Halloween program. The name of it will be a secret until the night of the program.

We have a new health chart called "Our Health Garden." If each child has clean face, hands and fingernails, clean teeth, hair combed and a clean handkerchief, the bright side of their sunflower is turned out; but if they are dirty, the black side is turned out. We hope that our health garden will have only bright flowers in it every day.

### BIG BEAR RIDGE

Visitors at the Halvor Lien and Slind homes last were Mr. and Mrs. Ted Ronniger of Spokane. (Mrs. Ronniger was formerly Miss Georgia Slind).

Lester Nelson has a new car. Mr. and Mrs. Wallace Emmett and family made a trip to Greer Sunday. Miss Elma Jones is visiting in Lewiston with her cousins, Mr. and Mrs. Lester McCracken.

A large crowd attended and enjoyed the birthday dinner given by the Lutheran Ladies at the Taney school on October 8.

The home of Mr. and Mrs. A. Kleth at Big Bear ridge was the scene Sunday of a family gathering and at which a delicious three-course dinner was served. Besides those at the home there were present Mrs. Mabel Smith and children of Orofino; Mr. and Mrs. J. C. Bowers and Mr. and Mrs. Virgil Wampler of Lewiston; Mr. and Mrs. Reynold Carlson, Spokane; Mr. and Mrs. Ralph Kaye and children of Asotin; and Mr. and Mrs. Floyd McGraw of Kendrick.

A. W. Jones, Bernard Jones, Mrs. Jack Maynard and Mrs. O. W. Sherbon motored to Lewiston last Friday.

Moscow visitors on the ridge Saturday afternoon were Mr. and Mrs. Zack Aas, one time residents of this ridge.

Andrew Lien, who has been in Moscow for medical treatment, has returned home. Friends wish him a speedy recovery.

Mrs. Claude Jones and her mother, Mrs. Meyers, were Spokane visitors last week.

Mrs. Robert Clemenhagen and Mrs. Frank Whitcomb called at the Thorvald Nelson home Friday.

Mr. and Mrs. A. W. Jones were Sunday dinner guests at the E. H. Jones home.

Friday, October 13, George, Roland and John Jones, Wm. Huffman and John Kite attended the dance at Gold Hill. Upon their return Saturday they reported an enjoyable time but some car trouble.

Ruby Hecht, student at Deary High school spent the week-end with her parents, Mr. and Mrs. Wm. Hecht.

Miss Flameo visited Miss Dydvig and Eula Huffman on Friday evening.

Mr. and Mrs. Milo Slind left Tuesday for Grangeville, where Mr. Slind has employment for a time.

Mr. and Mrs. James Nelson left Sunday for Chicago for a visit with their son and to see the Century of Progress Exposition.

Mrs. Leslie Clark of Long Beach, Calif., who has been visiting with her mother, Mrs. Wm. Elliot, has returned to her home.

Mr. and Mrs. W. Bruseth of Clarkston spent last week-end at the Ole Lien home.

Ervin Halseth has entered the Deary high school.

Oscar Nelson and Arnold Moen of Moscow spent Sunday with their cousins, Mr. and Mrs. T. A. Nelson. Mr. and Mrs. Ole Lien and Miss Carrie Sollie were visitors at the Z. Aas home in Moscow last week.
