VOLUME XLIII

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

The administration broadened and liberalized its winter unemployment relief program with an announcement from the White House that \$400,000,000 would be allotted for public works funds to a newly created civil works administration to give 4,000,000 men work. At the White House, it was said 2,000,000 of those now employed on a relief work basis by local and state relief agencies that are receiving federal aid would be put to work under the new plan on November 16 and 2,000,000 others, now out of employment and receiving relief, would be "put back to work as soon thereafter as possible."

A glancing blow of a plane wing against the top of a tall tree on a fog-covered hillside was blamed for the loss of four lives and the destruction of a huge air liner near Portland, Oregon, last Friday. A surgeon of international repute, Dr. Robert C. Coffey of Portland, and three other men met death in the plane when it spun around in the cloudy skies and crashed on its side on the wooded hill near Portland.

A threat by the far eastern sector of the Russian communist party to bomb Japanese centers of population from the air if Japan attempts aggression into the soviet union, is regarded as the most outspoken warning yet voiced against the possible violation of that country's far eastern frontier. The threat is contained in a communist party manifesto published in Vladivostok during recent celebrations of the October revolution anniversary. It charges Japanese imperialists with creating an armed base in Manchukuo in order to begin war, and declared that Japan lays itself open to "immeasurable catastrophe" if its military party should put into effect its adventurous policy.

While continuing to hike the price of gold in accordance with a previously announced effort to raise commodity prices, the administration has turned intensively to an endeavor to pump money into the hands of the unemployed. In line with the president's avowed determination to place 2,000,000 men now on work relief on "regular work at regular wages" by November 16, with another 2,000,000 unemployed to be absorbed as soon as possible, administration officials announced several new moves. The bureau of public roads invited state highway commissions to list immediately at least six projects for each of the 3,000 counties in the country on which maintenance expenditures of not more than \$5,000 each might be made immediately. The projects would be financed in the proportion of 65 per cent relief funds and 35 per cent federal aid funds to the states. It was said that \$90,000,000 would be spent for such work.

Miss Frances Hund a Bride
A very pretty wedding was solemnized at the home of Mrs. Jennie Hund of Leland, on Thursday, November 9, when her daughter, Frances, was united in marriage to Walter Crawford, with Rev. A. E. Janes officiating.

The bride was charmingly dressed in midnight blue crepe and carried a large bouquet of white and yellow pom-pom chrysanthemums, while the groom was attired in a suit of powder blue.

The couple were attended by Mr. and Mrs. Hugh Parks. Mrs. Parks, tastefully dressed in seal-brown satin, was matron of honor to the bride, while Mr. Parks, also dressed in brown, attended the groom.

The room was cleverly decorated in yellow and white crepe paper, bronze chrysanthemums and Oregon grape.

The party stood under a large and beautiful bridal bower composed of yellow and white crepe paper. Only immediate friends and relatives of the bride and groom were present.

Mr. and Mrs. Crawford will make their home in Leland.

Splinters Leg With Axe
Conrad Smith, while cutting wood for Albert Wegner, near Southwick, last Saturday struck his left leg with the blade of the axe he was using, badly shattering the leg between the knee and ankle. He was brought to Kendrick and placed under the care of Dr. Christensen and is said to be getting along as well as could be expected. He is at the home of Mrs. S. A. McAllister, who will care for him.

Mr. and Mrs. Whelchel Entertain
Rev. D. H. Hare, Rev. and Mrs. Elmer E. Beckman and Mr. and Mrs. H. B. Thompson were dinner guests of Mr. and Mrs. Carver Whelchel on Friday evening.

Gave Bridge Dinner
Mr. and Mrs. F. B. Higley gave a very delightful bridge-dinner at their home last Thursday evening, dinner being served at 6:30. Bridge was played at four tables, Mrs. George Leith making high score for the ladies and Wade Keene for the men.

Those present were Mr. and Mrs. E. H. Emery, Mr. and Mrs. Wade Keene, Mr. and Mrs. W. L. McCreary, Mr. and Mrs. George Leith, Mr. and Mrs. R. H. Ramey, Mr. and Mrs. Silvie Cook, Dr. and Mrs. D. A. Christensen, Mr. and Mrs. H. B. Thompson Mr. and Mrs. Edgar Long and the host and hostess.

THINGS OF INTEREST GOING ON AT SOUTHWICK
Mr. and Mrs. Gordon Harris and two grandchildren spent the day Sunday at the Leslie Triplett home.

Mr. and Mrs. Arthur Janes were Sunday guests at John Stalnaker's.

Miss Bertha Loeser of Crescent visited from Sunday till Tuesday at the Travis and Kauder homes.

Mrs. Leona McCoy and daughter Eva attended church at Lenore Sunday evening. Church is now being held in the new church at that place.

Word was received by Mr. and Mrs. Wm. Cowger that Mr. and Mrs. Abner Cowger and Mr. France had reached their destination in Arizona, without so much as a flat tire.

Mr. and Mrs. J. E. Hoppe were Sunday guests at the Harl Whittinger home.

Mrs. Frank Wilmot and daughter Doris of Marshfield, Oregon, arrived last week at the home of her parents, Mr. and Mrs. John Stalnaker for an indefinite stay.

County Agent Joe Thometz was spraying wild morning glory in this vicinity Tuesday.

Margaret Card is visiting friends in Cavendish this week.

New Creamery In Operation
Harold Thomas, who has been running a cream station here for the past year, has installed a pasteurizer and churn and in addition to receiving cream the same as in the past, will also make a small amount of pasteurized creamery butter. By this method Mr. Thomas will be enabled to pay the highest market price for cream, thereby giving farmers the benefit of higher prices.

Mr. Thomas has an entirely new equipment and it is well worth your time looking at, if you have never seen machines of this kind—and even then it is good to look at for it is all scrupulously clean.

Raised Big Carrot
Stanley Murphy brought to the Gazette office the other day a table carrot that would make a meal for a good-sized family. The vegetable weighed 2 3/4 pounds and measured 1 5/8 inches around. It is of the Oxheart variety and Stanley says they are very luscious.

Neighbors of Woodcraft Elect
The neighbors of Woodcraft met at the home of Mrs. A. K. Carlson on Wednesday of last week and the following officers were elected for the ensuing year: Guardian Neighbor, Anna Aiken; Past Guardian Neighbor, Violet LaHatt; Advisor, Mildred Rider; Clerk, Grace Helpman; Banker, Elizabeth Cook; Attendant, Lillie Bolon; Captain of Guards, Martha Woody; Flag Bearer, Millie Keeler; Inner Sentinel, Jennie Plummer; Outer Sentinel, Ertie Thompson; Musician, Helen Carlson; Correspondent, Violet LaHatt; Managers, Helen Carlson, Helen Boyd and Flora Davis.

Volstead Act Is History
The repeal of the 18th amendment and the adoption of the 21st amendment was accomplished in the United States last week when Utah, Pennsylvania and Ohio voted "wet". North and South Carolina are the only states to vote "dry" since the start of the obliteration of the 18th amendment from the constitution of the United States. However, of 37 states that have voted wet, only 19 have no prohibition laws of some kind. It is expected that "hard licker" will be on sale in the truly wet states by December 5.

Entertained At Dinner
Mrs. Mary Adams entertained at dinner last Thursday evening Mr. and Mrs. E. P. Wilcoxson of Juliaetta.

KENDRICK COMMERCIAL CLUB HOLDS OPEN MEET

As had been announced, the Kendrick Commercial club held an open meeting in the Fraternal Temple Monday night, when the farmers and their wives of the entire Kendrick community were invited to be the guests of the club at a musical program, given by the Harmony Busters of Lewiston, and between 100 and 125 people were in attendance, including members of the Commercial club and their wives, of course. More country folk would undoubtedly have been in attendance had it not been for the dense fog that enveloped the surrounding ridges. However, there was a nice attendance and the entertainment was evidently thoroughly enjoyed by everyone present, if giving them a "big hand" was any indication. In addition to the musical entertainment given by the Harmony Busters, Miss Shirley Wright did several numbers of tap dancing that went over in a big way. The "Hill Billy" orchestra was made up of seven pieces—three harmonicas, violin, mandolin, piano accordion and guitar.

H. B. Thompson, chairman of the entertainment committee, had charge of the entertainment and at the close asked that the assemblage indulge in a "community" sing and two pieces were sung: "Wild Irish Rose" and "Here We Have Idaho," both of which were entered into enthusiastically by the audience.

After the entertainment came to a close all were invited to file into the kitchen, where a lunch of coffee, sandwiches, doughnuts and pickles was served. This, too, we believe, was thoroughly enjoyed. Edgar Long was chief "K. P." with Elmer Emery as head waiter and Marvin Long and Frank Curtiss as assistants. All in all, it was a very pleasant evening.

Previous to the entertainment, a short session of the Commercial club was held at which E. G. Wagner, Nez Perce county engineer, and George Brammer, Nez Perce county commissioner, made short talks on road matters, stating that Nez Perce county was willing to surface that part of the Kendrick-Arrow road lying within their county, providing Latah county could be induced to meet them at the county line and resurface the road from the line to Kendrick, doing the work as a relief measure. One of the men stated that perhaps two Latah county people to one living in Nez Perce county traversed the canyon road. Few will agree with this, as Kendrick is situated right on the Nez Perce county line and the road traverses almost on the line all the way from Kendrick to a point below Juliaetta, where the road crosses the line and enters Nez Perce county. Practically all the Lewiston travel from the ridges to the south come through Kendrick on their way to Lewiston, traversing the Ross Highway to Arrow. However, it was stated that all possible will be done to have this work taken care of. N. E. Walker, chairman of the Highway committee and secretary of the Kendrick Highway district was absent from town and no first-hand information regarding road conditions was to be had.

These gentlemen stated that if Latah county could not or would not meet them at the line, they would change their relief project to take in the Myrtle-Arrow road.

It might be added here that the rebuilding of the road from Kendrick to Arrow would be more to the advantage of Lewiston than Kendrick—or any other section of Latah county.

Of course it is evident that something should be done right away to put this almost "impossible" road in condition and it would appear that relief work would be the proper method, as it does not seem likely that the state will do anything to better its condition this winter—as had been hoped.

Entertained At Bridge
Mrs. A. K. Carlson entertained a few of her lady friends last Friday afternoon at bridge in honor of her sister, Mrs. E. H. Trump, of Minneapolis, Minn., who is visiting at the Carlson home.

Bridge was played at three tables, Mrs. George Leith winning the honor prize for the afternoon and Mrs. Trump was given a guest prize. A dainty lunch was served at the close of play.

Those present were Mesdames R. H. Ramey, George Leith, Wade T. Keene, F. H. Rider, W. B. Deobald, E. H. Emery, W. A. Watts, H. B. Thompson, D. A. Christensen, Helen Boyd, Miss Rilla Davidson, and the guest of honor, Mrs. Trump.

INTERESTING NEWS BITS FROM OUR SCHOOL
Mr. Tanobe, a teacher in American schools in Japan, gave a very interesting talk before the assembly on Friday afternoon. He told of the customs and habits of the Japanese school people, in contrast with those of our schools.

Short pep rallies are being held each morning to stir up enthusiasm for the first game, which is to be held Friday night.

Students were excused at 2:30 last Friday afternoon in order that they might attend the educational film on New Guinea, which was shown at the Kendrick Theatre.

The Physics class is beginning this week a discussion of the unit of work in dealing with the Mechanics of Solids.

The Home Economics class is quite busily engaged in making muffins and biscuits.

The General Science class are handing in their reports on fire prevention in the home and on the farm.

Typing I class is concentrating on eliminating errors.

United States history outlined the campaign of the Civil War on Wednesday.

The door between the boys' shower and locker rooms will be finished this week.

The Typing II class is writing commercial letters.

The Bookkeeping class had a surprise test, but came out with exceptionally high grades.

The Sophomore English class had a "spell-down" Tuesday. Selma Wegner remained at the head for the longest time.

Dreams of the Hills
(By Robert Ratliffe)
O'er the trails, tramping the plains,
Away from the world, into the greens,
Smelling no smoke from the groaning trains,
Away from the glamour of milling street scenes,
Away to the free open air,
Away to the hills of pine—
Answering the faltering prayer
Of a wanderer whose footsteps decline,
Here may I die
Free from toil,
Oh! Let me lie
Beneath its soil.

Grade Notes
The First and Second grades are learning November poems.

The Fifth and Sixth grades are studying the lives of the Indians.

Nonsense
Mr. Lyle: "Carl, if you got into one of these new cars, slammed the door and sealed yourself in, what would you do?"
Carl Hund: "Get a can-opener."
Desperado: "Halt! If you move you're a dead man."
Cecil Spekker: "My man, you should be more careful of your English. If I should move it would be a positive sign that I was alive."
Miss Swayne: "George, what is one thing you noticed of the English writers of that time?"
George Kent: "They all wore whiskers."

GRAIN MARKETS MAKE MODERATE GAINS

Domestic grain markets gained moderately during the week ending November 10, influenced by lighter offerings and a steady but rather limited demand, according to the Weekly Grain Market Review of the United States Bureau of Agricultural Economics. Unfavorable crop reports from Australia, continued export sales of Northwestern wheat and further depreciation of the Dollar in terms of foreign currencies, were additional strengthening factors in the wheat market. Rye was independently firm following the affirmative vote of a sufficient number of states to assure the repeal of the 18th amendment. Corn strengthened under an improved demand from industries, with the lowering of the processing tax to 5c per bushel and the liberalization of the plans to make loans on corn.

The United States crop estimate remains unchanged at 514,816,000 bushels. The Canadian crop is now placed at 271,821,000 bushels against 428,514,000 bushels a year ago.

Information concerning the outturn of southern hemisphere crops is yet rather incomplete. Harvesting of Australian wheat is under way and the crop is officially forecast at 180,000,000 bushels compared with 216,000,000 bushels a year ago.

Domestic cash grain markets advanced 3c to 4c per bushel during the week, following largely the gain in futures. Demand was fairly active but limited in volume, while offerings were relatively light and passed quite readily into consuming channels.

Pacific Coast markets were firm and higher along with eastern points. Marketings in the Pacific Northwest were moderate, with receipts at Puget Sound and Columbia river terminals totaling 414 cars, compared with 538 cars a year ago. October shipments of wheat and flour from these terminals totaled approximately 3,000,000 bushels, bringing the season's total to about 11,490,000 bushels, compared with 10,216,000 bushels for the corresponding period last year. Demand at Portland was fairly active, but the buying was principally by the Emergency Export Association, since domestic mill demand was quiet and inquiry from California and eastern points was light. The Export Association was bidding 77c on Nov. 10, for No. 1 soft white wheat, sacked, delivered on track at tidewater terminals. In the cash markets, soft and western white, northern spring, hard winter and western red were quoted at 76c, bluestem hard white at 81c and dark hard winter at 84c per bushel, basis No. 1, sacked. Export Association sales for the week were reported at 930,000 bushels, bringing the total to 1,750,000 bushels.

California markets were firmer, reflecting the advance in northern and eastern markets, but trading was only moderate. Mills were supplying most of their needs from local offerings and feeders were using mostly local wheat. Bay region mills were generally working on previously purchased supplies. Stocks of wheat in California were larger than usual.

Pacific Northwest barley markets held practically steady. Relatively lower prices for mill feeds restricted demands for feeding barley and light offerings from growers were a good strengthening influence in the market situation. Malting grades were in only light demand and with Atlantic seaboard markets less active. No. 2 bright western at Portland was quoted at 92 1/2c per 100 on November 9, an advance of 50c per ton over a week ago. The same grade was quoted at Seattle on Nov. 6 at \$1.02 1/2 per 100. Oats markets largely followed the other grains. Prices at Portland continued unchanged from a week ago, with No. 2 white oats quoted at \$1.10 per 100, and No. 2 gray oats at \$1.19 while sales of Oregon oats to Atlantic seaboard markets continuing with several 500 ton lots reported sold during the past week or ten days. Growers, however, are displaying a holding tendency in expectation of higher prices.

Appendicitis Operation
Myra Lee Cox, eight-year-old daughter of Mr. and Mrs. Jess Cox of the lower Potlatch ridge, was operated on last week at St. Joseph's hospital, Lewiston, for ruptured appendix. Last report stated she is getting along nicely.

Telephone Men Arrive
A crew of Pacific States Telephone men arrived in town Thursday morning and have taken apartments in the Kendrick hotel building. The men taking apartments are C. L. Stier, foreman; D. C. Pfeiffer and O. L. Knutsen.

Ask Share of \$400,000,000
The commissioners of Nez Perce county have asked for a considerable share in the \$400,000,000 to be allocated from the public works fund for relief of the jobless man, among the requests being for the rebuilding of the Arrow-Juliaetta road for a distance of 6 1/2 miles.

The work contemplated consists of grading, rock work, construction of a short piece of new road to eliminate two dangerous railroad crossings, and graveling; 5,625 man days. "This particular piece of road is of benefit to the entire county," the committee noted.

Smart buyers ARE PUTTING ON NEW GOODYEARS Now!

FIRST for non-skid safety and protection against trouble on winter's slippery, darker, colder roads.

SECOND for greater mileage. New rubber wears longer on cool roads. Goodyears put on now will still be almost new next spring.

THIRD for low-cost economy. Most Goodyears today are still lower-priced than a year ago.

Good reasons, these, for buying now. Why not trade up your troubles before they happen?

Most sizes as low-priced as a year ago—yet you get a 25% thicker tread with Full Center Traction and greater mileage.

Zane Grey's "Mysterious Rider"
You have perhaps witnessed all kinds of "western" pictures, but for real thrills there are none that can outdo those produced from the famous books of Zane Grey. Grey knows the old west as well as he knows the present one, which always makes his pictures of more real interest. The "Mysterious Rider" will be seen at the Kendrick Theatre this Friday and Saturday nights, November 17 and 18.

"The Mysterious Rider" is the story of a young rancher who, at the risk of his own life, exposes and quells the attempt of a crooked lawyer and a powerful financier to seize a broad area of valuable land and evict the ranchers who own and live on it.

CRESCENT CLIPPINGS

Bert Kloster and family were surprised the first of the week by the arrival of his brother and two friends. They expect to visit for a time.

IT USED TO TAKE ME EIGHT HOURS TO DO MY IRONING, BY HAND. YOU'D THINK I'D COMMITTED A CRIME AND BEEN SENTENCED TO HARD LABOR. NOW, WITH MY THOR AUTOMATIC IRONER, I DO THAT SAME IRONING IN TWO SHORT, EASY HOURS.

Sentenced to 8 hours a week of hard labor!

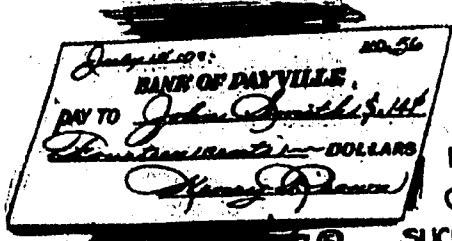

Tune in on the Electric Half-Hour, Station KHQ, 9:30 to 10 p. m. Every Sun. evening

Back-breaking hours over an ironingboard...eight hours a week of hard labor...52 days out of every year in sweat shop, shackled to an iron...was this the sentence pronounced on you while wedding bells rang?
Then here is your pardon, sentence suspended by the new Thor automatic ironer. It does your ironing in two short easy hours...instead of the eight it takes you to do it by hand. You actually sit down and rest while you feed the pieces through, everything from sheets to shirts!
In doing the average ironing by hand you lift over 12,000 pounds of dead weight and your arm travels over 6 1/2 miles. End this sentence at hard labor with a Thor pardon now.

In Appreciation

A telephone call came to the Gazette office Wednesday asking us to express the appreciation of the farming sections to the Kendrick Commercial club for the splendid entertainment furnished them last Monday evening. The lady who called said she felt the expression should be general and not personal, for she was sure that all enjoyed it, many having so expressed themselves.

SLEEPY EYES

...the cause is poor lighting!

"I'M SLEEPY, Mother. I'll do this home-work tomorrow morning."

Have you ever heard a child say this in the early evening? It may be a sign of eye strain.... caused by poor lighting. Oculists know how true this is.

It means a child is slipping instead of forging ahead. The tragedy occurs when a child goes on neglecting studies because of the fact that poor lighting makes him fall asleep at his work.

If your child has to hold the book he is reading closer than 14 inches, the chances are his eyes are being strained. The remedy is eye-glasses or better lighting, or both.

Hello, there—Everybody—Well, here we are with wheat again on the rise—but the question is will it get to first base? So far, it hasn't been able to—too much profit taking and this that and the other thing—but there's one nice thing about this business of selling cream to us—it provides a steady cash income and you can harvest it the year round—just bring the can to us—and we do the rest! — Even to thoroughly sterilizing it—ready for you to put more cream into. If you've never sold us cream just bring us a can on trial—we're sure you'll

SOUTHWICK SCHOOL NEWS

Commemorating the 15th anniversary of the signing of the Armistice, Rev. E. E. Beckman and Shigeo Tanabe appeared before the students of the high school in assembly last Friday morning.

Rev. Beckman of the Kendrick Community church spoke briefly of the tremendous cost of the war in human sacrifice and the utter folly of all wars as a means of settling human differences. He then introduced his friend and former college mate, Shigeo Tanabe, now in charge of the Methodist Mission at Spokane. Mr. Tanabe received a major part of his education in this country, attending the College of Puget Sound as a Freshman the year Mr. Beckman graduated from that institution.

Mr. Tanabe's thoughts on Armistice Day were very appropriate. He stated some of his observations from a recent visit to Tokio, dwelling on the growing spirit of nationalism, not alone in his homeland, but in the nations of Europe as well. He closed his talk with a plea for the indulgence of Americans toward Japanese and all foreigners and a call to young men and boys for the service of humanity.

The members of Mr. Cook's room were also included in the assembly.

The students of Mr. Cook's room held their party Friday night in the gymnasium. Active games, including a mixed boys' and girls' basketball game were played. Refreshments completed the evening's fun.

Fifty volumes from the Idaho State Traveling library have been received and are rapidly going into circulation.

The Southwick high school through the Junior-Senior English class is sponsoring a mimeographed newspaper called the Newsette (Little Journal). It appears the first week of each month, covering the happenings of the past month in brief sketches. Pearl McIver and Dorothy Miller are the editors and Johnnie Lettenmaier the manager. Regular members of the writing staff are students of English III. Mimeographing is by courtesy of Ziemann Bros.

Hazel Hall, sophomore, who has been out of school sometime on account of illness is in Lewiston this week for treatment and for a visit with her sister.

Students on the honor roll for the first period are: Naomi Armitage, Dorothy Miller, Alvira Flesherman, Hazel Hall, Wayne Pipping, Doris Armitage and Dorothy Bateman.

Basketball practice is seriously under way with nightly workouts. The first game is scheduled for December 16, with Genesee at home.

A meeting of the Southwick Student Association was called for Wednesday by President John Cuddy. Discussion on revision of the constitution was held and other routine business handled. A committee for revision was appointed.

A new low mark for the average domestic consumer was established in the twelve months ended on July 31, the country's public utilities received an average price of 5.55 cents a kilowatt hour for the period, comparing with 5.59 cents received in the preceding year. Average annual consumption for each customer rose to 600 kilowatt hours, close to the high record, and comparing with 595 units in the preceding twelve months. The average monthly bill declined 1 cent to \$2.78 a customer.

National Average Price

According to the above news item the national average price for domestic electric service was 5.55 cents per kilowatt hour — and the national average consumption for each customer was 600 kilowatt hours for the year ended July 31, 1933.

In the territory served by this company the average price for domestic electric service was 2.28 cents per kilowatt hour — and the average consumption for each customer was 1,727 kilowatt hours for the year ended July 31, 1933.

One of the reasons our customers use nearly three times as much electricity as the national average is BECAUSE OUR ELECTRIC SERVICE COSTS ARE SO VERY LOW!
