Athletics

Kendrick staged a flashy comeback in their final games, played here on Friday night, February 23, with Southwick. A very fine game was played throughout. During the last quarter of the boys' game Kendrick played their second string. Southwick, however, did not have a chance, and the final score was 48-16 in favor of Kendrick.

Kendrick		Southwick
Long	F	J. Cuddy
Hund	F	E. Cuddy
Kite	C	Kime
Blevins	G	Southwick
Ramey	G	R. King

Subs. were: Hill, Hartung, Carlson, Schoeffler, Bolon and Johnson for Kendrick. Shoemaker, T. King and Hayward for Southwick.

The girls also played fast ball. Southwick was unable to cope with the power and speed of our girls in spite of four of the first string fouling out. This game also ended in a one-sided score of 42-13. Leola LaHatt held high score.

On Monday evening, February 26, a game was played with the Troy girls here. This was by far the best game of the season. The score was 19-17 in favor of Kendrick. Leola LaHatt held high score.

Kendrick		Troy
L. LaHatt	F	J. McComb
M. Kite	F	L. Hagan
K. Emery	C	N. Strom
B. Ingle	G	E. Smith
M. Keene	G	I. Bohman
A. Davis	G	J. Banks

Subs. were: Joy Johnson for Kendrick. Ellis, Bohman, Strom for Troy.

The above games were the last home games for several of the Senior players. These people have worked hard to make their teams a success and deserve much credit. They are: Roy Long, Carl Hund, John Kite, Kenneth Brocke, Walter Koopp, Leola LaHatt, Annibel Davis, Jayne Plummer, Maxine Keene, Kathryn Emery and Betty Ingle.

The Other

Two young ladies were obliged to stand in a street car. One of them, to steady herself, took hold of what she supposed was her friend's hand. They stood thus for some time when, on looking down, she discovered that she was holding a boy's hand. Greatly embarrassed, she exclaimed, "Oh, I've got the wrong hand!" "Well, here's the other one," said he, putting forth his other hand.

GRAIN MARKET LOWER ON IMPROVED PROSPECTS

ties at 74-74½c per bushel, sacked, basis No. 1. Demand from California and Atlantic Coast markets was dull and very little wheat was sold to those areas. At Seattle, western white was quoted at 75½c, sacked, with 16% protein, dark northern spring from Montana at 96c per bushel.

California markets declined 2½c to 5c per 100, influenced principally by larger offerings and weakness in Eastern markets. Current marketings increased with growers inclined to dispose of remaining supplies before tax assessment day, March 5. With flour business up to normal, Bay Region mills were fairly active buyers of milling quality grain. Inquiry for feed wheat remained dull with competition from the lower feed barley and improved pasture conditions restricting demand. Prices of North-western and Intermountain wheat were generally too high to compete with local offerings at San Francisco.

Foreign markets were slightly lower reflecting the continued slow demand in importing areas. Canadian markets declined about 1c per bushel, with No. 1 Manitoba Northern quoted at Winnipeg February 23, at 64½c per bushel. No. 2 Manitoba from Vancouver was quoted at Liverpool at 75½c. Argentine Rosafe sold at Liverpool during the week at 56½c and Australian at 69c per bushel.

Oats markets were dull and prices declined with a moderate inquiry for current offerings. Pacific Northwest-ern markets weakened with a dull demand for both gray and white oats. Lack of available boat space for Atlantic seaboard shipment tended to lower values on white oats, for which there has been a consistent and steady demand during the current season from Atlantic Coast markets. Inquiry for gray oats for cereal milling has been extremely dull.

Pacific Northwestern barley markets developed a somewhat weaker tone with a slackening in demand for both feeding and malting types and slightly more liberal offerings from growers. Local demand for feeding grades was very dull and demand from Eastern markets for malting quality was mostly confined to scattered cars or special sample lots. At the close of the market February 21, No. 2 bright western barley, sacked, was quoted at Portland at 90c per 100, with malting barley from the Willamette Valley at \$1.12½ per 100.

WHY GET UP NIGHTS?
Lax the Bladder With Juniper Oil, Buchu, Etc.
Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder laxative, also containing Buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Red Cross Pharmacy says BUKETS are a best seller. 6-7-8-9-10-11.

New Chick Hatchery

For several years there has been a definite and often expressed need for an up-to-date, carefully handled and well-managed hatchery in the Lewiston area. This need has been realized this year through the efforts of people interested in the success of the poultry industry cooperating with the Poultry Committee of the Lewiston Chamber of Commerce.

The Lewiston-Clarkston hatchery, financed and supported by Lewiston and Clarkston men, is in operation and will begin hatching out baby chicks the 5th of March.

The hatchery is equipped with the latest improved Jamesway Incubator with a total capacity of almost 40,000 eggs. Capable operators are in charge and laying flocks furnishing eggs for the hatchery are under direct supervision of an expert with five years' mating and hatching experience, besides which he is a graduate of W. S. C.

This hatchery is putting forth every effort to provide high grade chicks at a very reasonable cost, and it is believed that the poultrymen generally throughout the territory, will benefit as a result of the establishment of this hatchery. 9-1

WESTERN GROWERS CANNOT ESCAPE TAX ON JUTE BAGS

Grain and potato growers of western states were given little hope of escaping the compensating tax on jute at a conference between western representatives and Lawrence Meyers of the cotton processing division of the agricultural adjustment administration. The tax added 2.29c to each burlap bag.

The tax on jute was levied to compensate for the cotton tax and western grain and potato growers have protested to the department that they are being forced to pay a competition tax when their products are in no way in competition with cotton.

Representatives attending the meeting held in the office of White (Dem., Idaho) in addition to White were Murdock (Dem., Utah), Greenway (Dem., Ariz.), Knute Hill (Dem., Wash), Pierce (Dem., Ore.), Scrugham (Dem., Nev.), and Governor C. Ben Ross of Idaho.

It has been estimated approximately \$550,000 will be added to the cost of wheat sacks by the tax in the Pacific Northwest.

White declared that potato growers suffer more than any other producers, being forced to pay \$6.30 tax for jute on every carload of potatoes leaving Idaho.

Both Murdock and Hill agreed that "the potato and grain growers have a real grievance against this tax but added they would prefer to see the tax levied for wheat rather than to jeopardize the approximately \$8,000,000 being paid to wheat farmers of the western states on the wheat being exported.

"We don't want to jeopardize what we are getting," Hill said.

The feature picture at the Kendrick Theatre for Friday and Saturday nights of this week will be "From Hell to Heaven" and concerns itself with the hopes and aspirations of eleven people of diversified backgrounds and circumstances who attend a Derby, each hoping to win a fortune and happiness through it. To one, for example, winning will mean keeping out of jail; to another, the chance to buy a partnership in his employer's business; to another, enough money to finance his wife's operation. Yet each of the eleven stakes his career on a different horse. The picture reaches a powerful climax during the running of the race, when it is determined upon which fortune is to smile.

Well, folks, we almost had a bit of winter—but it turned off nice and it seems like spring is here again, and with spring comes good pasture and lots of milk and cream—and remember—we want to buy that cream. Butterfat, in comparison with most other farm products, is a good price—so why not cash in on it.

We want to buy that butterfat and give right-now payment for it. No wondering if your cream can has 'come back or if your check has arrived—we give right-now payment. Bring us a can and test our service.

TRUCKMEN'S CODE BEEN SIGNED BY PRESIDENT

The Truckmen's Code was signed by President Roosevelt on February 10th and became effective Sunday, February 25th. Approximately 13,000 trucks in Idaho will come under the Code since it takes in the following classes of operators:

Everyone operating a truck for compensation; the one-truck operator, operating his own truck; every transfer operator; all coal haulers; all for-hire trucks not covered by another code; private trucks hauling their own produce, in-so-far as they are not covered by another code.

The code covers regulation of rates, hours of labor, overtime payments for excess hours over 48 per week, prohibits operating below cost, provides for natural grouping of all classifications of operators, regulates wages paid. In fact, takes up every side of the trucking industry and places under the regulations of the code. It prohibits operating of a truck after March 25, 1934, unless same has been registered with the proper Code authorities and bears the truckmen's insignia.

No Cause For Worry

Little Doris returned unusually early from school one day. She rang the door bell. There was no answer. She rang again, a littel longer. Still no answer. A third time she pushed the button, long and hard. Nobody came to the door. Then she pushed open the letter box, and in a shrill voice which carried to the ears of every neighbor in the block, shouted: "It's all right, mama. I ain't the col-lector man!"
