"Murder At The Vanities"

Everyone who has kept "tab" on the show business at all, knows the name of Earl Carroll always carries with it some of the most beautiful girls in America, and "Murder at the Vanities" is no exception. There are dozens of beautiful chorines, dancers, singers—and above all there is a mystery running through the entire show that will keep you guessing. It really is two shows in one—a gay, beautiful, tuneful spectacle and a mys-tery story that will keep you sitting on the edge of your seat all the time.
