

# KENDRICK GAZETTE

VOLUME XLV

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, JANUARY 11, 1935.

NO. 2

## HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

The treasury closed its books on the first half of the fiscal year, December 31, with the deficit rapidly pushing toward the \$2,000,000,000 mark. With figures for the last two days still to be made public, this excess of money spent over money received stood at \$1,696,286,861.00, in spite of an increase of nearly \$500,000,000 in revenues. Both general and emergency expenditures were greater than in the corresponding period of a year ago to produce a correspondingly greater deficit than that of \$1,152,972,595, which the books revealed December 28, 1933. Borrowing to finance the administration recovery drive over the last six months jumped the public debt by nearly \$1,500,000,000. When the fiscal year began it stood at \$27,053,141,414. December 28 it was \$28,480,663,124. And the \$1,427,521,709 borrowed has been spent and a little besides, for the treasury's cash balance is now about \$20,000,000 less than when the fiscal year started last July 1.

The contentious bonus and 30-hour work week issues surged onto the crest of a flood of more than 2,400 measures introduced in congress on the opening day, January 3. House resolution No. 1 was the label stamped on the bill by Representative Patman (D., Texas) providing for immediate payment of the bonus to veterans. Somewhere in a pile of bills in the house chamber was the measure by Chairman Conroy (D., Mass.) of the house labor committee which would establish a 30-hour week in industry. While close to the record of 2,800 measures were dumped into the house hopper, no bills were introduced in the senate. Bills ordinarily are not submitted there until about the third day of the session.

Generally favorable reaction, but some guarded criticism, sounded back from President Roosevelt's call before a joint session of congress for a "new order" of things under which 3,500,000 workless would be put to work on federal jobs. Applauded by a friend and foe alike as he spoke in a dramatic capital setting, the president made a keynote of "security"—for jobs, the aged, the home—but dwelt longest on the outline of a vast but singly-directed public works program.

Col. Charles A. Lindbergh, a firm witness under piercing cross-questioning, told a jury he believed Bruno Richard Hauptmann guilty of kidnaping and killing his first-born son. First the famous airman, his slightly graying hair ruffled boyishly, said it was the voice of Hauptmann, on trial for the crime, that he heard in the Bronx cemetery where he and Dr. John F. (Jafsie) Condon paid \$50,000 ransom for the dead baby. Then, Colonel Lindbergh, replying in crisp, unyielding tones to a maze of questions intended to portray the kidnaping as an "inside job," was asked by defense counsel Edward J. Reilly if he now believed the defendant guilty. "I do," he said.

Denouncing the proletarian government of Russia as "the fearful failure that it needs must be and definitely deserves to be," William Randolph Hearst Saturday declared there were "evidences of rising revolution against the new regime." The newspaper publisher reviewed recent events in Russia, including the assassination of a soviet official, and said: "In spite of military censorship, in spite of universal terrorism—the truth is slowly leaking out of Russia. "And the truth is that revolution is rife, starvation stalks starkly across the land, executions are commonplace, murder a routine of government; and that the national colors of communism are daily dipped in the blood of subject classes to keep them bright."

### Repairing Road

According to those who are compelled to travel the famous Ross highway between here and Arrow, word has been brought back that Nez Perce county has begun the elimination of the railroad crossings near the little Potlatch creek and the old Albright home and also doing some grading work where the road was washed out more than a year ago, near the Raleigh Albright place.

This will indeed be good news to all who may have occasion to go to Lewiston, for a new car would be a wreck and an old one worse after traveling over the boulders and ruts that have infested this piece of road for so, these many moons, and the patience of Job would have been worn to a frazzle on each successive trip. But we are thankful for small favors, and larger ones in proportion.

## 87 Apply For Pardons

Twelve of 87 applicants coming before the January session of the Idaho state pardon board have completed their minimum sentences or will have served them by that time, a study of board records showed. Sixty-five of the applicants seek release before completing minimum terms fixed by the courts.

Of the applicants, 33 were committed to the state prison after January 1, 1934.

## H. J. STARR, CEDAR CREEK PIONEER, DIES AT HOME

H. J. Starr, pioneer of the Cedar Creek country, passed away at his home last Saturday, January 5. He had been in failing health for some time—death coming to him peacefully. He celebrated his eighty-sixth birthday last October.

Mr. Starr came to the Cedar Creek country 35 years ago. During that time he has been interested primarily in farming, being one of the most progressive farmers in Latah county. He was a strong believer in diversified farming, being one of the first to introduce bean growing into the Potlatch country. At one time he operated a sawmill on the hill.

Before coming to the Cedar Creek country he was a carpenter. He followed his trade on the Pacific coast and at one time owned a furniture store in Kendrick.

Although only 14 year old, he twice ran away from home to join the Union army, only to be turned down by the recruiting officer.

Mr. Starr was one of the best citizens of Latah county. He was honest in his business dealings; a good neighbor and a true friend. He took an active part in civic affairs, being justice of the peace for his precinct until the office was abolished by the county commissioners a few years ago.

Harry Johnson Starr was born in Lycoming county, Pennsylvania on October 8, 1848, and where he grew to manhood. In 1874 he moved to Michigan, where in the following year he married Ellen Wheat. To this couple four daughters and two sons were born. In 1889 the family moved to the Pacific coast and came to Washington and on to Kendrick in 1898. He moved to the ridge at the close of the nineteenth century, where the family home has been established for 35 years.

Surviving Mr. Starr are his widow, Ellen Starr; Mrs. A. Owings, Pasadena, California; Mrs. Harry Thompson, Seneca, Oregon; Mrs. Andrew Siverson, Kamiah, Idaho; 12 grandchildren and eight great-grandchildren also survive.

Funeral services were held at the Gold Hill church, the Rev. Ben Pressnell in charge. He was assisted by the Rev. Ralph Bolick. "Sweet Bye and Bye," and "Nearer My God, To Thee," favorite hymns of Mr. Starr, "Home of the Soul," and "No Night There," were sung by a choir of neighbors, accompanied by Elsie Whybark. Pallbearers were H. S. Weaver, Walter Hunt, Addie Alexander, Arlie Allen, Ed. Fonberg and Lester Weaver. Interment was in the Gold Hill cemetery.

## Card of Thanks

We desire to thank the many kind friends and neighbors for their many acts of kindness and helpfulness during the illness and passing of our beloved husband and father.

Mrs. Ellen Starr.  
Mrs. A. Owings and family.  
Mrs. Harry Thompson and family.  
Mrs. Andrew Siverson and family.

**Have Leased Carlson Building**  
The Kendrick Bean Growers Association have leased the Carlson building and will, during the coming season, use it for a display and housing room for their line of International machinery.

L. S. LaHatt, who occupied a portion of the room, has moved to the building formerly occupied by the state engineers' office.

**Still Balm Weather**  
To date, winter weather in the Potlatch canyon has been more like blustery March in former years. The coldest to date has been 19 degrees above zero and little snow has fallen in the canyon.

It shouldn't be long now until the bananas begin to bloom.

**Think It Over**  
Every citizen of Kendrick can help it along by buying at home; this not only keeps money in circulation here but enables some business man to keep somebody employed.

## KENDRICK COMMERCIAL CLUB HOLDS MEETING

The regular monthly meeting of the Kendrick Commercial Club was held in the Raby Hotel Monday evening. Dinner was served at 6:30 to 20 interested people, which was thoroughly enjoyed, after which the minutes of the previous meeting were read and approved. A lengthy communication was received from the State Chamber of Commerce setting forth recommendations made by that body to the state legislature. A committee was named by President Keene to take the matter in hand and handle in such a manner as they might see fit.

During the report of the various committees N. E. Walker, chairman of the Highway committee, stated there was little to report regarding road work; that no results had been obtained thus far by communications addressed to the Governor. However, it seems that the governor, in a communication to M. O. Raby, had stated that he would do all he could to assist in any way during the next two years—and of course the assistance we need is better roads, not only from here to Arrow, but to Southwick, up Cedar-creek way, on American ridge, and several other places, but it will be useless to ask for all. It was intimated from outside sources that if we asked for the road from Arrow to Kendrick to be designated as a secondary highway; there might be a possibility of such designation, but that does not mean that the road will be built in the near future. However, a part of a loaf is better than no loaf at all, so a resolution was passed asking the secretary of the club to forward same to the governor, asking for such designation. It was stated (by this outside source) that if we could once get the road as far as Kendrick, it would not be so hard to get it extended to both Southwick and Harvard, although it was stated that Gov. Ross had designated a highway across to Helmer. Opinion differed as to whether the Clearwater Timber company really wanted this road now and would be willing to come across with a portion of the money to construct it. In other words, the road question is "up in the air" and no one knows which way to turn for the best results—but that we need roads in many directions is conceded by all, the most important of which, appears at present, to be the Southwick-Cedar Creek road (but we'll have to take what we can get, if any).

Marvin Long, chairman of the Fish and Game committee, reported that he had attended a meeting of the Izak Walton League at Moscow last week and had succeeded in talking the league into recommending the keeping of the present months and days for bird hunting.

Harold Thomas stated that he had received several communications from farmers, mostly in Iowa and Wisconsin, asking many questions regarding this section of the country, with a view of looking up new locations, since they had either dried out or their farms had been mostly blown away during the past summer; that he had replied to them as best he could, setting forth the advantages of this section as a farming center—than which there is no better in the U. S. A. No action was taken, but it is possible that in the not far distant future pamphlets will be printed for the Commercial Club for the purpose of mailing to those seeking information. There being no further business the club adjourned to meet next month.

## Texas Ridge Items

Lee Bailey spent last week-end with Bruce Wilson and wife.  
Orville Bucklew spent last Sunday at Kenneth Frasear's.  
Nolan and Roberta Weeks spent the week-end at home.  
Fred Bailey is visiting his parents this week at Lewiston Orchards.  
C. T. Lewis was a caller at Kenneth Frasear's Saturday.  
Harold Glenn spent the week-end with his brother, Roy Glenn.  
George Cavin was a caller at C. T. Lewis' Sunday.

## More Truth Than Poetry

A politician can't get elected without stating the reasons why he should expect to be elected to success, unless it tells the people the reasons why it should be patronized?

## Confined To Home

N. E. Ware has been confined to his home with illness for the past several days, but is somewhat improved at this time.

## CORN-HOG MEETINGS SOON SAYS L. V. BENJAMIN

Simplified form and procedure for the 1935 corn-hog program are expected to permit more rapid handling of contracts and payments during the coming year, says County Agent L. V. Benjamin. General procedure for producers whose status or location has not changed since last year will consist merely in transferring adjusted figures from the old contract to the new one and securing the signature of the producer.

This year the contracting producer will sign only once, as an official application giving his name, address, and farming location will be provided to replace the first signature papers used last year. On this form the producer will report any change from his 1934 status, and will state whether he signed a contract in 1934, whether the land to be covered by contract is exactly the same as in 1934, and whether he wishes to include a hog base which was not established under the 1934 contract.

In the case of 1934 signers who have moved to new farms or otherwise altered their farming units, or where changes have occurred which necessitate a re-determination of the corn or hog base, the applicant will also fill out a work sheet, giving full details of these changes. Complete information on the details of the 1935 program will be available at the community meetings to be held soon. All corn and hog producers are urged to attend.

## Members Of State Supreme Court

Raymond L. Givens, who will be the youngest member of the Supreme Court as constituted January 7, will enter upon his second term as Chief Justice of that court on that day, succeeding Chief Justice Alfred Budge, and will serve in such capacity for two years.

On the same day James F. Ailshie will be inducted into the office of Justice of the Supreme Court, having been elected to that position in November.

The court will then consist of the following members: Raymond L. Givens, chief justice, and Alfred Budge, William M. Morgan, Edwin S. Holden and James F. Ailshie, justices.

Justice Givens served four years as district judge of the Third Judicial District for Ada county and this year begins his eleventh year of service as a justice on the supreme bench.

The constitution and statutes of Idaho provide that the justice of the supreme court who has been elected at a regular election by the people and who has the shortest term to serve shall be Chief Justice, those appointed or elected to fill a vacancy not being eligible for that office.

In a legislative year, which this is, practically the first duty of the Chief Justice is the swearing in of the incoming state officials and members of the legislature in the house chambers.

## Eastern Star Installs

Canyon Chapter No. 67, of the Eastern Star, installed officers Tuesday night, the lodge session being followed by refreshments served at a late hour.

Mrs. Mary Nutt was installing officer, and Mrs. Mary Adams, marshal. The following past worthy matrons and past worthy patron assisted with the installation: Mrs. Nellie Dammarell, Mrs. Fannie Greene, Mrs. Bina Raby, Mrs. Mary Adams, Mrs. Anne Deobald and Marvin O. Raby.

Those installed were: Worthy Matron, Erie Thompson; Worthy Patron, H. B. Thompson; Associate Matron, Anna Long; Secretary, Anne Deobald; Treasurer, Ruby McKeever; Associate Conductress, Grace Thomas; Chaplain, Bina Raby; Marshal, Mabel Callison; Organist, Elve Solberg; Adah, Nellie Dammarell; Ruth, Mollie Spray; Esther, Elle Benscoter; Electa, Mary Nutt; Warner, Eva Keene; Sentinel, Fannie B. Greene; John L. Woody, associate patron elect, and Isabel Higley, conductress elect, not being able to be present, will be installed at a later meeting.

## 920,000 4-H Club Members

Asserting achievements of rural boys and girls in 4-H clubs reached a new peak in 1934. G. L. Noble, managing director of the organization, announced the membership topped 920,000. These members, he said, produced crops, raised live stock and executed handiwork worth \$20,240,000. Prizes, including educational trips and scholarships were worth more than \$1,000,000, he added.

## Double Eights Entertained

The Double Eight Bridge club met at the home of Mrs. E. H. Emery on Thursday night of last week, when four tables were in play. Honors were awarded to Mrs. Lester Crocker and Dr. D. A. Christensen. Guests included Mr. and Mrs. Roy Ramey and Mrs. Mary Adams. The hostesses were Mrs. Emery and Miss Edna Ferguson.

## IDAHO LEGISLATURE CONVENES MONDAY

The twenty-third session of the Idaho legislature convened Monday, January 7, with all members present with the exception of Senator William A. Peters of Jerome county, who was ill, there being 102 lawmakers present when the role was called, Perry W. Mitchell of Nezperce was chosen President of the Senate and Troy D. Smith of Mackey, Custer county farmer, was elected speaker of the House.

Members of the legislature were installed at noon on Tuesday, the legislators taking their oaths in a group after Gov. C. Ben Ross had been sworn in for the third time as governor.

Three hours after Gov. C. Ben Ross had read his message to the 23rd legislature controversies broke out among lawmakers over two of the points covered by his recommendations—a driver's license law and the liquor legislation.

After convening the law makers united to hear the executive recommendation of passage of laws permitting sale of liquor and providing for its control, urge ratification of the federal child labor law, passage of a delinquent tax relief measure, adoption of the uniform narcotic law, an automobile driver's license law, low license costs on lighter automobiles and farm trucks and create a state police force. The house reconvened immediately but the senate adjourned until 2:30 p. m.

After Barry (D., Twin Falls), the majority house leader, had introduced house bill No. 1, providing for expense, the lower chamber clashed over house concurrent resolution No. 2 which Barry presented.

"Be it resolved," it read, "that the house of representatives, the senate concurring, that the speaker of the house appoint a committee of five and that the president of the senate appoint a committee of five, which shall constitute a joint committee for the purpose of preparing and considering any liquor bills referred to them by the presiding officers of either house."

The house concurred on the resolution introduced by Barry, who suggested that the committee for which it called be appointed and operate secretly, because of the "activity of lobbyists."

A clash over the driver's license law, the subject of senate bill No. 1, introduced by Senator Yost (D., Ada) started when Senator Whitten, (R., Boise), jumped to his feet as soon as its title was read to ask the Ada colon if he knew such a bill, if enacted, would "cost drivers of Idaho \$500,000 every two years." The flareup was short-lived—a motion to adjourn at 3 o'clock ending the argument.

**Take In 52c For Each \$1 Paid Out**  
Washington—The government took in only 52 cents for every dollar it paid out in the first half of the present fiscal year.

This was revealed at the treasury today when a year-end statement disclosed expenditures of \$3,545,017,914 against collections of only \$1,845,082,517.

A six months' deficit of \$1,699,935,397 was incurred which swelled the public debt to \$28,478,663,925, an amount equivalent to about \$225 each for every man, woman and child in the country.

The statement held that had it not been for the administration's efforts in behalf of relief the budget for the six months' period would have balanced.

## Drunkenness On Increase

More crimes and misdemeanors were committed in Lewiston and elsewhere in Nez Perce county in 1934 than in 1933, according to tabulations at the office of the sheriff and chief of police, the totals for 1934 showing 665 arrests against 494 in 1933, said the Tribune.

The 1934 figures were raised by the many cases of drunkenness handled by the police and sheriff's force, approximately 350 being jailed for that offense in 1934. In December alone, the police of Lewiston arrested 32 persons for drunkenness.

## GRAIN MARKET SEASONALLY DULL—OFFERINGS LIGHT

Grain markets were seasonally dull during the week ended January 4, states the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. With light current offerings meeting a slow holiday demand, wheat held about unchanged despite small marketings with weakness in the foreign situation tending to hold price gains in checks. Corn futures were slightly lower but cash grain was firm to somewhat higher, reflecting short supplies and a steady inquiry from industries and feeders. Higher holding prices also contrived to strengthen the cash market. Oats were steady and the few cars available at the various markets were readily taken. Barley declined slightly in the futures and cash markets although choice malting barley was in good demand.

The general wheat situation did not change materially during the first week of the new year, with the firmness in domestic markets largely offset by weakness abroad, where increased offerings of new southern hemisphere grain and heavy remaining stocks in Canada were important factors. Over 5,000,000 bushels of new southern hemisphere wheat were shipped out during the week.

Canadian wheat markets, which are now a significant factor in the domestic situation, declined about 1/2c during the week, reflecting the large remaining stocks and limited export outlet because of sharp competition from southern hemisphere wheat. At the close of December, around 273,000,000 bushels of wheat remained for export or carry-over in Canada, compared with 272,000,000 bushels a year ago. At the close of the market January 4, No. 1 Manitoba northern was quoted at Winnipeg at 80c, No. 1 Canadian durum at 88 1/2c, and No. 5 and 6 Manitoba at 66c per bushel in U. S. money.

Domestic cash wheat markets were steady to firm, reflecting diminishing supplies, light market receipts and fairly active milling demand. Increased use of wheat for feed was also a strengthening influence. Receipts at the principal winter wheat markets totaled only 463 cars, compared with 714 cars for the corresponding week last year. Spring wheat arrivals totaling only 371 cars at Minneapolis and 5 cars at Duluth.

At the close of the market January 4, No. 2 hard winter was quoted at Kansas City at \$1.02 to \$1.03. Soft winter wheat held firm with current offerings below trade needs. No. 2 soft red winter was quoted at St. Louis at the close of the week at \$1.03, at Chicago at \$1.02 and at Kansas City at \$1.00 to \$1.03.

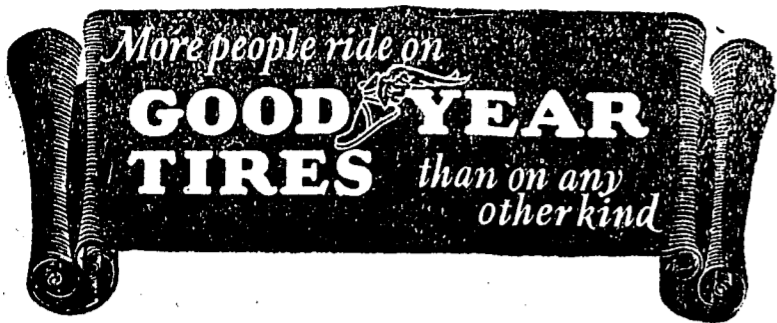

Offerings of spring wheat were very light and while premiums held unchanged, a larger percentage sold near the top of the quoted range. No. 1 dark northern spring sold at Minneapolis at the close of the week at 5c to 6c over the May price of \$1.06. Durum was independently firm, reflecting a steady milling demand and limited supplies. Additional quantities of Canadian durum will be available with the opening of navigation although only moderate stocks of milling durum are in store at Fort William and Port Arthur.

Intermountain and Pacific Coast markets were steady but about unchanged. No. 2 hard winter was quoted at Denver at 95c and No. 2 northern spring at 97c per bushel, basis Colorado common points. Marketings in the Pacific Northwest were only about one-third as large as a year ago, with receipts at Puget Sound and Columbia river terminals totaling only 316 cars. Domestic mills bought more freely as a result of some improvement in the flour trade and occasional cars of hard winter and soft white wheat moved to central western mills. Demand from California, however, continued dull and bids from Atlantic Coast buyers were mostly below current values. At the close of the week, No. 1 dark hard winter, 12 per cent protein, was quoted at Portland at \$1.00, bluestem hard white at 91 1/2c, soft white, northern spring, western red and ordinary hard winter at 84 1/2c and western white at 83c per bushel, basis No. 1, sacked. Trading at Seattle was also dull, with slow demand and light offerings. Western white was quoted at Seattle at 85c, western red at 86 1/2c, hard winter at 87 1/2c and baart hard white at 93c per bushel, basis No. 1, sacked.

Pacific Northwestern barley markets were quiet but prices held quite steady. Demand for malting barley

No services.

### PERSONALS

Mrs. Silvie Cook and daughter Margaret were Moscow visitors Saturday. Miss Edna Ferguson and Dale Miller made a trip to Moscow Saturday. Carl Hund was a Moscow visitor Friday.

Mrs. Thorvald Nelson was a passenger for Moscow Friday to spend a few days.

Jesse Heffel left Sunday for Pullman, where he will take a one-month course in tractor study.

Carl Hund left today (Friday) for Spokane, where he will join the navy. He will then go to Portland and perhaps to California, where he will probably be stationed.

Elbert Kuykendall was a Moscow visitor Wednesday.

Mr. and Mrs. Clarence Jenks returned to Moscow Tuesday after attending the funeral of the late H. J. Starr on Cedar creek. Mr. Jenks is a grandson of Mr. Starr.

All students attending the University of Idaho and other educational institutions, who spent the holidays with home folks, have returned to their various school duties.

Mr. and Mrs. O. W. Turnbaugh of Moscow were Sunday visitors of Mr. and Mrs. James Lyle. Mr. Turnbaugh is a teacher in the Moscow high school.

Mrs. Agatha Fast of Port Angeles, Wash., and sons Ralph and Carl, returned to their home Wednesday after a few days' visit at the E. A. Deobald home. Mrs. Fast and Mrs. Deobald are sisters.

**Neighbors Of Woodcraft**  
The Neighbors of Woodcraft met Wednesday evening at the home of Mrs. J. B. Helpman.

Advisor—Mrs. Brians.

The Kendrick Tigers, who warm up the first half and play basketball the second, came again to the lead Friday evening, Jan. 4, and won a smashing and decisive victory over the Genesee team in the first of the conference games, by a score of 39-22. The Tigers were unable to click in the first half and made only eight points to Genesee's 13. However, a five-point lead means nothing to Kendrick, and they came back to gain a long lead, which they easily held until the end of the game. Blevins was high point man with an individual score of 14 points.

Kendrick—  
Schoeffler RF Armstrong  
Hughes LF Yager  
Ramey C Foster  
Blevins RG Wishard  
Hartung LG DeMers  
Substitutions were: Dammarell for Kendrick; Holben, Burr and Dresher for Genesee.

In a game played with Juliaetta here Tuesday evening, Jan. 8, Kendrick easily held a huge lead all the way through the game which ended 54-5. Juliaetta deserves much credit as they have had only six weeks of practice and one game so far this year.

The Juliaetta girls made a much better showing and held the Kendrick girls down to a 30-17 victory.

Kendrick High school has been asked to participate in a "B" league championship play for Latah county. All schools in this county except Moscow are B League schools. A trophy is being presented by a Moscow newspaper. More details are lacking at this time. The Erb Hardware Co., Lewiston, is to present a trophy to the school in this sub-district winning first place in the district. We have our confidence placed with our own "Tigers" for this honor.

Plans are being made for conducting a testing program throughout the entire school. By doing this it will be possible to determine with reasonable accuracy whether or not students are placed at present, where they should be.

Friday of this week the Kendrick boys journey to Culesac for the second conference game.

Saturday night the Tigers meet the strong Troy 5 on the home floor. Kendrick and Troy each have one victory as a result of early season games. This promises to be a mighty hot contest.

The attendance at the games is much better than it was earlier in the season.

The Kendrick girls have a game scheduled to be played with Asotin at Asotin this Friday.

### Other News Items

Chemistry class is doing laboratory work, associating the metric system of measurement with the English system.

The algebra class is reviewing the different types of graphs, solving equations by graphs, etc. They will start a new unit of work shortly.

Mr. Lind has built us a new magazine rack for the assembly.

About half the desks in the assembly have been refinished up to this time, and work is progressing nicely on the remaining ones.

English I class have completed a study of the ballad. Some students have written original ballads comparable to the ones read.

English 2 class are writing and rewriting stories to improve sentences and expression.

English 3 class are studying ways to build and improve the vocabulary.

### Rogers In 'David Harum'

Nearly every picture fan has seen Bill Rogers in some one of his delightful plays—and all who have seen him, like him. At the Kendrick Theatre this Friday and Saturday nights he will be seen in "David Harum," erstwhile banker and horsetrader. He is a ruthless trader and nearly always manages to "skin" the other party, but he meets his match in the person of Noah Beery, "the deacon" during several transactions. But beneath his ruthless trading ideas lives a warm heart and he does much good in his homely way. You'll love the picture and think more of Bill after it is over.

Then, too, there is the third episode of "The Red Rider" entitled "The Night Attack"—and it's a hair-raiser, too. Other regular features will be shown.

Great Britain gave the Duke of Kent a raise of \$50,000 a year when he got married. We know of a number of folks in this county who would get married for much less.

### MOTORISTS PAY DIME A DAY FOR ROAD UPKEEP

G. E. McKelvey, state commissioner of public works, figures "a dime a day is little enough to pay to keep the rocks and ruts and snow away."

That, he says, is the average daily cost to the automobile and truck driver for the use of Idaho's highways.

So he wrote in his biennial report, and made public by Gov. C. Ben Ross.

The report advised the bureau of highways, aeronautics division, bureau of building construction, capital maintenance and Heyburn park.

During the years of 1926 to 1933, inclusive, the total state and county income from receipts from the gas tax and licenses for automobiles totaled \$30,299,669, the report showed.

In Idaho at the end of 1934 there were 5,000 miles of highway, nearly 1,900 miles is oiled or paved; more than 1,600 miles has crushed rock or gravel surface, another 1,000 miles is graded and 2,000 miles is in the rough (including the famous Ross Highway).

From federal grants and various federal emergency enactments the state highway bureau obtained \$6,893,386 for use during 1933 and 1934.

### More Than 20,000 Animals Killed

During 1933 and 1934, 20,523 deer, elk, goats and bear were reported killed in Idaho, Amos H. Eckert, warden of the state fish and game department stated. In addition he estimated an additional 4,180 were not reported. Of this total 18,153 were deer, 2143 elk, 207 goats and 30 bear. He expressed himself as "unalterably opposed to regulation whereby the secretary of agriculture seeks to turn over game administration to the United States forest service."

Operation costs of the Lapwai game farm were listed as \$8,872 for 1933 and \$9,608 for 1934.

Fish distribution from the various hatcheries were reported as Coeur d'Alene, 2,031,000; Grangeville, 788,000; Sandpoint, 14,070,000. The total state fish hatchery distribution was 26,409,380.

Total arrested were 484 and fines collected amounted to \$8,150.

### Consider The Cow

If your advertisement were in this space as many would read it as are reading this. But your advertisement isn't here and people don't know or care a rap whether you are selling real estate, gasoline, peanuts or popcorn.

Did you ever sit down in the pasture with a pail between your knees

### THE KENDRICK GAZETTE

Published every Friday at Kendrick Idaho, by P. C. McCreary

Independent in Politics  
Subscription \$1.50 per year

Entered at the postoffice at Kendrick, Idaho, as second-class mail matter.

National Editorial Association MEMBER • 1934

and wait for a cow to back up and be milked? Of course not. You know better than that.

Well, business is rather like a cow. You've got to go out after it and round it up. The fellow with the milk pail between his knees may get some milk, but the odds are all in favor of the fellow who rounds up the cow and feeds her.

A merchant may make a living by cussin' "the government" and waiting for something to happen, but the merchant who makes money is the fellow who goes after business through the columns of his local newspaper.

Try it—our space is for sale!

### Paper Clips

What are paper clips used for? A "special investigator" turns in this report: Of 100,000 paper clips these are used for—

**GRAIN MARKET SEASONALLY DULL—OFFERINGS LIGHT**

from middlewestern markets has slackened and remaining supplies are quoted at \$1.85 per 100, at both Portland and Seattle. Demand for feeding barley was limited. No. 2 bright western barley was quoted at Seattle at \$32 per ton and at Portland at \$32.50 per ton, sacked basis.

Oats markets were quiet but displayed independent firmness, influenced principally by the extremely light offerings. Pacific Northwestern markets held about steady under a fair demand for light current offerings. White oats were quoted at Seattle at \$1.60 to \$1.65 per 100 nominally, and Puget Sound or "flat" oats at \$1.55 per 100. No. 2 white oats were quoted at Portland at \$1.70 and No. 2 gray oats at \$1.62½ per 100, sacked basis. Oats receipts at Puget Sound and Columbia River terminals for the six months' period July through December this season totaled 1,982 cars, as compared with 910 cars received during the corresponding period a year ago.

WE NEED MORE CONTENTED COWS  
HAROLD THOMAS, Editor

### EDITORIAL

Hello, There Folks—Now that the New Year is upon us in real earnest, and January a third gone—let's settle down to business and think more about the farm income. That income can be increased by the selling of more cream—and we are just the folks who want to buy that cream. Take a little better care of old bossy—or get another cow or two—bring the cream to us—we'll see that you get your income. Just try our right-now service once and we're sure you'll come again. While we're on the cream subject—have you tried our butter? Made from pasteurized cream in

the most modern of equipment and under most sanitary conditions. One pound will make a user of you.

Nurse: "I think he's regaining consciousness, doctor; he tried to blow the foam off his medicine."

Flapper—I suppose you were in the navy so long that you're accustomed to sea legs.

Sailor Jones—Lady's I wasn't even looking.

There's no danger of revolution in a land where everybody meekly obeys a "no parking" sign without asking who put it there.

### BITS OF INTEREST FROM OUT CAMERON WAY

**Cameron Church Elects**  
The Cameron Lutheran Congregation held its annual meeting on the afternoon of January 3. The Constitution and Articles of Incorporation were read and ordered printed for distribution. The officers, with the pastor, are termed the Board of Directors of this Benevolent (church) corporation. The elected officers were

installed Sunday in connection with the morning services. Those elected for 1935 are: Carl L. Wegner, elder; A. H. Blum, German secretary and Henry Wendt, English secretary; Herman Meyer, treasurer; and August Brammer, Herman Siffow and A. W. Schultz, trustees. Mrs. H. E. Brammer will again serve as organist and A. H. Blum as janitor. The trustees were duly appointed as a Building committee to investigate the matter pertaining to the enlarging of the Parochial school building.

### Three Celebrate Birthdays

The following helped Gus Kruger celebrate his birthday anniversary: The Messrs. Herman Siffow, Fred Siffow, Carl Kruger and Mr. and Mrs. Walter Siffow.

Glenn Newman had as invited guests at his birthday party, January 6, the following boy friends: Robert and Edward Wegner, Harold Siffow, Kenneth Wilken and Burton Harrison. At 3:00 a delightful lunch of cake and ice cream was served.

"Grandma" Wegner celebrated her 82nd birthday anniversary at the home of her son, August O. Wegner, on January 2. Mr. and Mrs. Carl L. Wegner were also present.

**Mrs. A. F. Wegner Leads Aid**  
For the 14th consecutive time Mrs. A. F. Wegner was elected president of the Ladies Aid at its annual meeting, January 3. Mrs. Wegner was first elected president of the Aid in 1921, the year of its organization, and has held that position every year since that time. Other officers, all of whom were re-elected are: Mrs. Herman Meyer, vice-president; Mrs. F. W. Siffow, secretary and Mrs. Homer Parks, treasurer.

### Sleighting Party

The Luther League gave a sleighting party for its members on New Year's eve.

### New Year's Day Dinner

Mrs. Stoneburner and Emma Hartung entertained the following at a family dinner on New Year's Day: Mr. and Mrs. John Schwarz, Mr. and Mrs. Fred Newman and family, Mr. and Mrs. Fred Mielke, Mr. and Mrs. Edwin Mielke and the Messrs. Her-
