NO. 38

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

A news dispatch from London says Mussolini is sending low grade "C2" and "C3" soldiers to east Africa and "keeping his best men for Europe." Brig. Gen. Frank Percy Crozier, former inspector general of the Lithuanian army and military advisor to the Lithuanian government, told a peace meeting tonight at Walton-on-Thames. General Crozier, who said his information came from the "highest authority" called the Italian dictator the "mad dog of Europe."

The United States, through Secretary of State Cordell Hull, has called upon all signatories of the Kellogg-Briand peace pact—including Italy and Ethiopia—to keep their pledge to maintain world peace. State department officials at Washington explained the secretary was not formally invoking the pact, but was calling upon the signatories to exert further efforts to avoid war. Only a short time before, Sir Samuel Hoare, the British foreign secretary, appealed to Italy "in the words of a real friend" for a peaceful settlement of the Italo-Ethiopian dispute.

All plans for farm recovery "must ultimately break down" unless the American farmer is "protected in the enjoyment of the American market," United States Senator William E. Borah of Idaho declared in his speech at Nampa last Thursday, in which he criticized a national policy which he said permits huge imports of foreign agricultural products. "The American farmer to the full extent of his ability to supply it," Senator Borah told his audience of 2,000 farmers and businessmen gathered at Nampa to see an exhibition of farm implements. With him at the speaker's table was Governor Ross, who has hinted he will try to wrest the senatorial toga from the veteran Idaho statesman in the next election. The chief executive spoke briefly, praising manufacturers for the advances made in farm machinery since his "boyhood," which he spent on a ranch near Parma.

Louisiana is in a political whirl with politicians of every rank in a fever over the approaching January elections. A senator, all congressmen, a governor and state officials will be nominated in the democratic primary election, the equivalent to election in Louisiana as the republican party has a light following. Leaders of all factions were working on slates of candidates but they have produced squabbles among the conflicting groups. Huey Long ran his machine alone and took to his grave the secret of his future plans.

Adolf Hitler's reichstag, stung by the strictures of a New York magistrate against the Nazi emblem, Sunday pronounced the swastika to be the reich's sole flag, hurled defiance to Jews throughout the world and limited German citizenship to members of the Germanic race. The specially summoned lawmakers acted after the fehrer, in a fiery mood, had opened the reichstag session with a bitter attack on Lithuanians for their alleged treatment of Germans of the Memel territory, and had called up the solons to approve three new laws. Der Fuehrer and his legislators permitted Jews to continue as German subjects but forbade them to fly any flag save the blue and white Zionist emblem. Hitler and his reichstag also forbade inter-marriage between Aryans and non-Aryans. They also forbade Jews to engage Aryan domestic servants under the age of 45 years.

Young Italian soldiers wracked with tropical disease, being carried down troopship gangways to waiting ambulances in Italian ports were described by passengers arriving at Boston on the steamer Excambion. John Finn and Lewis Orgel, both assistant corporation counsels of New York City, said: "We saw troopships returning to Italy from Africa bearing hundreds of these soldiers who were taken ill from fevers and other tropical ailments, being brought back for hospitalization. At the docks scores of ambulances met those troopships to take the youngsters to hospitals."

Charged with combining to control retail meat prices from 1927 to 1933, ten major packing companies will be called upon to answer to Secretary Wallace. Officials said these final oral arguments on accusations Wallace made in 1934 had no connection with current high prices or with the tremendous increase in retail meat prices since 1933. But they hinted that the recent burden on the housewife's budget might be discussed.

Another Spider

Walter Siffow brought to the Gazette office last Saturday a new kind of spider, to add to our collection of "widows." Walter said he had found the "animal" in an old well and that as near as he could figure out it was a young Tarantula, while others who have viewed the insect say it is a species of what is known as the "trap-door" spider.

We are not sufficiently versed on spider lore to be able to classify the thing, but it is a "nasty looking" insect, to say the least.

SEC. ICKES MAY CUT PWA PROJECTS 50 PER CENT

Widespread repercussions based on fears that thousands of local public works projects might be scrapped today enveloped President Roosevelt's revision of the \$4,880,000,000 work relief program.

Inquiries by the score fell upon public works officials, who were unable to give definite assurances as to the fate of individual projects. There were indications, however, that Secretary Ickes would decide which projects would go forward immediately.

Whether this was involved in the president's settlement of basic differences in viewpoints of Ickes and Harry L. Hopkins, central figures in administering the expenditure of the billions, was not immediately ascertained.

Confronted with the task of scaling down their program around 50 per cent, PWA authorities agreed that changes of approval for the average project had been cut virtually in half.

Mr. Roosevelt's decision to let Hopkins works progress administration spend the remaining \$1,250,000,000 of the works relief fund to provide jobs until PWA projects swing into their peak employment period in the spring, left Ickes with only \$425,000,000 for public works. Congress had allocated \$900,000,000.

It seemed probable that Secretary Ickes would have exclusive powers in selecting the projects to be financed by the \$425,000,000.

An observer said political consequences adverse to the administration might result from displeasure of communities that have been encouraged to prepare for public works projects. One PWA spokesman said communities and states had spent around \$10,000,000 for special elections to authorize bond issues, for revising laws, and for special sessions of legislatures to work out statutes which the president requested to expedite PWA operations.

A Fifty-Six Pound Melon!

Last week we stated that B. C. Custer of Juliaetta had brought to the N. B. Long store a watermelon that weighed 35 pounds and we made the statement that it was the largest melon brought in thus far this season. Now, Joe Piper, who lives over Agatha-way is a good-natured, jovial fellow, but he went out in his melon patch and begun to look around. He said he didn't have time to look around for the big ones, but just picked out a fair-sized one and brought it to the Gazette office to show what they do over on the river. Joe said it was a good republican melon, although raised under the "new deal," only "Ickie" and some of those other fellows over at Washington, who have no idea whether watermelons grow on vines or trees, and spend their time counting peanuts and figuring peanut production, didn't know he had it or he might have had to pay a processing tax, or something of the sort, for it being over-size.

Anyway, Joe gave us the melon and we are deeply appreciative of the favor, regardless of what it's political "flavor" may be.

Hotel Dining Room Changes

Ray Jackson, who has been in charge of the Raby Hotel dining room for the past three months, with his assistant, Mrs. Selma Johnson, left Saturday afternoon for LaCrosse, Wash., for their home.

Mrs. Minnie McCoy, who has been keeping a boarding house in Kendrick for the past several years, has taken over the dining room and will be in charge in the future.

Sunday Visitors

Sunday visitors at the B. F. Fleshman home were J. E. Fleshman and family, L. L. Yenni and family, Oney Walker and family, D. E. Fleshman, wife and daughter Aileen of Dutton, Montana, Mr. and Mrs. G. O. Peters and daughter and Mr. and Mrs. Joe Piper of Agatha. Joe Piper furnished the melons for that part of the occasion.

INTERESTING NEWS NOTES FROM OUR PUBLIC SCHOOL

On Saturday morning, high school teachers reclassified the library books. They were divided into seven groups as follows: Science, Political Science, Social Science, Language Fiction and English. Old and out of date books were taken from circulation and those needing repairs or rebinding have been laid aside. This arrangement will make it much easier to keep the library neat. The school is attempting to establish a librarian for each period of the day, the object being to keep the books in good condition and to eliminate their loss.

R. V. Davis, of the Curtis Publishing Co., presented a plan to the student body whereby they would be enabled to replenish the funds in the student body treasury. His plan was for the members of the high school to sell magazines for a period of six days—the student body to get the benefit of all profits made on sales. Due to the fact that the members didn't have very much success with the undertaking, it was turned over to the Future Farmers, who have done very well in their sales.

Trial copies of the Junior play have arrived and the Juniors are planning on starting the play within the next week.

Books from the State Traveling library have been ordered and will be here soon. These books will be used for English book reports.

Grades for the former High school students, who attended the U. of I. during the last semester, have been received. There was an improvement over the grades of the first semester.

There are now 78 students enrolled in the High school.

Alumni of K. H. S. who visited school during the past week included Roy Long, Jeanne Ramey, Herbert McDowell, Roberta Weeks and Margaret Daugherty.

Hawk-Shaw On Duty

Flash-Flash! Bang-Bang! Hawk-Shaw scores again! Frosh girls prove to be a hindrance to upper-classman study habits—it pays to have a roadster with a pickup. Hurd practice vocal(?) at Joy house. Flash—I wonder if our girls want to do something on their own Hooks? Famous last words—sell all you can students—the school gets half.

HawkShaw's luck still holds. Friday, 13th, biggest day in history. Beware, he's always on duty, the Super-Snooper—Hawkshaw!

Grade Notes

The fourth grade has a new pupil, Scott Ross.

The fifth and sixth grades are having a health contest. The sixth grade being ahead. The sixth grade is making Egyptian pictures. The four best will be put on muslin to make tapestries.

He Likes 'Em Young

Senator William Gibbs McAdoo, 71, drove his 26-year-old bride to "Bealls' Pleasure" in Maryland Saturday in his own small coupe for a wedding like those in Washington's time.

The small, prettily-profiled Miss Doris I. Cross, a nurse in the public health service, and the tall senator made their vows in the intimacy of a quaint living room authentically colonial.

Senator McAdoo had kept his immediate plans secret. He made a statement that after a brief honeymoon, he and his bride, also a flying enthusiast, will fly to the Pacific coast "to be present during the forthcoming visit to California of President Roosevelt" and will "spend the interval before the reconvening of congress at their home in Los Angeles."

Motor Vehicle Receipts Grow

Receipts from motor vehicle registrations up to September 1 this year totaled \$1,635,521, or \$106,496 more than for the entire year of 1934. T. P. Graham of the state department of law enforcement announced.

There are now 89,668 passenger cars, 7,005 trucks, 9,355 farm trucks, 1,331 commercial trucks and 10,525 trailers licensed in Idaho for 1935. August receipts totaled \$85,440.

Woman Killed In Plane Crash

Mrs. Milfred Stanberry of Grangeville, was instantly killed last Friday afternoon at Elk City when the plane in which she was a passenger dived to the ground from a distance of some 200 feet. Dan Howard of Medford, Oregon, pilot, was critically injured.

THIS AND THAT ABOUT FRIENDS AND NEIGHBORS

Marvin Long was a Moscow business visitor Monday.

Dr. and Mrs. G. W. McKeever drove to Moscow Tuesday.

Mr. and Mrs. Siebert Hogarth moved to Lewiston Wednesday.

Mrs. Ann Kimbley of Crescent spent the week-end with Mrs. Rose Farrington.

Mr. and Mrs. N. H. Rhodes were dinner guests in the McCreary home Sunday.

Mr. and Mrs. Herman Schupfer went to Spokane Monday morning on business.

Miss Doris Emery of Boise is spending a two-weeks vacation with home folks.

Mr. and Mrs. W. J. Carroll and Lida Jane were in Lewiston Monday on business.

Mrs. Annie Eiohner of Clarkston visited over the week-end with Mrs. Gifford Candler.

Glen Larson and Al Jewell of Moscow spent the week-end visiting in the Ramey home.

Miss Rilla Davidson left Friday for Deary, where she will spend several days visiting relatives.

Mr. and Mrs. Roy Ramey took Jeanne to Lewiston Sunday, where she will attend the Normal this year.

Miss Annabel Davis was home Tuesday and Wednesday of this week visiting her parents and sister, Miss Josephine.

Mr. and Mrs. Mel Darius of Pocatello were here visiting her sister and family, Dr. and Mrs. D. A. Christensen, last week.

Lune V. Wood, a Woodcraft officer, met Wednesday night with the local members at the home of Mrs. J. B. Helfman.

Mr. and Mrs. B. W. Davidson and daughter of Pullman were here Friday visiting with Mr. and Mrs. W. A. Watts and family.

Jim Ball of Spokane is visiting this week with relatives here—Mrs. Rose Farrington and family and Mr. and Mrs. Jake Bereman and family.

The following left this week-end for the U. of I., Carl Emery, Glen Wallace, Roy Long, Rowena Ramey, Katherine Emery and Oscar Onstott.

Mr. and Mrs. J. M. Lyle, Jr., were in Moscow Saturday, where Mr. Lyle attended a meeting of the Second District Athletic association, of which he is an officer.

Mrs. Claud Craig and daughters, Mrs. Chet Harris and Neva Craig, motored to Kellogg over the week-end to visit relatives. Mrs. Craig and Mrs. Harris returned Monday, while Miss Neva stayed for a longer visit.

Mr. and Mrs. E. A. Deobald and sons Charles and Teddy, and Mr. and Mrs. Otto Schupfer and daughters, Marian and Maribel, motored to Pendleton Saturday morning, where they took in the Round-Up, returning home that night.

Maxine Keene left Saturday morning with Dr. and Mrs. D. A. Christensen. She stopped off at Pocatello, where she will attend the southern branch of the U. of I. this winter. The Christensens go on to Salt Lake City to visit relatives.

Mr. and Mrs. W. B. Deobald left Thursday morning for Nelson and Creston, B. C., for a few days visit. Mrs. Deobald's sister and husband, Mr. and Mrs. Allen Sather of Genesee will join them in Moscow and they will make the trip together.

Mrs. J. N. Diehl (nee Josephine Wilken) and children left Wednesday for Chicago. Mr. Diehl will accompany them from Chicago to St. Louis, to which place he has been transferred and promoted to assistant supervisor. Mrs. Diehl and children have been spending the past two months with her father, F. A. Wilken, on Texas ridge, before leaving for the east.

Potato Control System Under Fire

The potato control system at the recent session of congress continued to arouse discussion, with the American Liberty league attacking it as "another step toward socialism." The plan aims to control production by assigning quotas to farmers and levying a tax on potatoes produced in excess of these quotas. The Liberty league, in a statement, called it another step in a system leading to "methods of restriction of the private lives and business activities of our people wholly foreign to American institutions." The league said the "punitive tax" was of "questionable validity" and declared the system would boost prices "for a staple commodity on which the poorer people are absolutely dependent."

Wind And Dust Storm

There is just one thing that happens to the higher sections that Kendrick is glad not to be in on, and that is the dust storms that come up from the Snake river country. Saturday the upper country had a hard wind and plenty of dust. Kendrick had a light breeze and a small amount of dust—but plenty, at that, thank you.

We also had a fine shower that made the entire world—at least all that could be seen from here—look brighter.

P.-T. A. HOLDS FIRST MEETING OF SEASON

The first P.-T. A. meeting of the season was held at the school house in the music room, with a rather small attendance of parents, teachers and interested people present. The meeting was ably presided over by the president, Mrs. Ertie Thompson. The other officers are Mrs. Eula Miller, vice-president; Mrs. Elsie Deobald, secretary, and Mrs. Helen Boyd, treasurer. The dues for the year are 50c; half of this to be sent to the National P.-T. A., it being decided by the group to join, having been an independent order heretofore. The treasurer will be glad to receive memberships at any time.

M. C. Grover had charge of the program. He mentioned several projects which had been proposed by the program committee and these were discussed and committees appointed by the president to investigate and see what could be done with them. The financial and program committees were also instructed to consider ways of raising money to further the projects under consideration. Miss Lennox and Miss Hockaday each gave instructive and very interesting talks on kindergarten work.

Wyckliffe R. Smith gave an interesting and humorous talk on his first day of school and how schools were then carried on, and Mr. Lyle a splendid outline of the present day school.

John King led the group in an old-fashioned play, which was appropriate and a pleasing way of making each others' acquaintance, and also a trifling play, with plenty of action.

Refreshments were later served in the Domestic Science room with Mrs. E. T. Poindexter, Mrs. Anne Deobald and Mrs. Ethel Emery in charge.

It is hoped more parents will avail themselves of these splendid meetings and come out and keep in touch with the schools, teachers and neighbors.

L. R. Scott Heads Masons

Louis R. Scott of Moscow was elected grand master of the Idaho grand lodge, Ancient, Free & Accepted Masons, to succeed John T. Wood of Coeur d'Alene, at the 69th annual communication of the organization at Boise, Sept. 11.

Scott previously was deputy grand master and was succeeded in that position by William H. Thompson of Burley.

Everett W. Rising of Nampa was elected senior grand warden; Clyde L. Rush of Mesa, junior grand warden; Roy N. Gilbert of Nampa was reelected grand treasurer; Curtis F. Pike of Boise, was reelected grand secretary, and Frank Knox of Emmett was again elected grand lecturer.

Garden Contest Called Off

Mrs. W. J. Carroll, chairman of the "Better Homes" committee of the Kendrick Commercial club, has announced that it will be impossible to hold the garden display contest this fall owing to the lack of water in the city reservoir—that is, there are not enough for flower gardeners to use all they might need for the purpose of raising flowers. However, in case the public works project goes through, as planned, there will be another big spring added to the city water supply, which will give a sufficiency for all purposes, and next season it is hoped that the garden contest can be carried out.

Young Mother Is Killed

Mrs. Amanda Damman of Gifford, was so badly injured in an auto wreck Friday night about a quarter of a mile west of Spalding, when the car in which she was riding, with her family and driven by her brother, Ernest Munsterman, left the road and rolled over several times, landing near the edge of the Clearwater river, that she passed away some 12 hours later in St. Joseph's hospital, where she had been taken after the accident.

MARKET HOLDS FIRM TONE—OATS BARELY STEADY

Domestic grain markets maintained a firm tone during the week ending September 13, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Wheat advanced 2c to 3c per bushel despite larger offerings, with firmness in foreign markets, prospective short supplies of good milling wheat and an active flour trade, the principal strengthening factors. Oats were barely steady with continued heavy receipts and accumulated market stocks holding price gains in check despite early advances. Barley was lower for feed grades, but higher premiums advanced quotations on choice to good malting barley.

Active buying by European interests that had allowed stocks to run low and were now apparently inclined to replenish supplies because of the unsettled political situation was the dominant influence in world markets during the week under review. Confirmation of short crops of wheat of poor quality in North America and continued unfavorable prospects in the southern hemisphere, were further strengthening factors. Influenced by an active inquiry, prices of foreign wheat at Liverpool advanced 3c to 4c per bushel, with the greatest gains in nearby deliveries, which were limited because of light southern hemisphere shipments. At the close of the week, No. 2 Canadian Manitoba afloat from Vancouver was being quoted in Liverpool at \$1.00.

Official estimates at the first of September confirmed previous reports of short crops and poor quality wheat both in the United States and in Canada. Estimates of domestic spring wheat were lowered about 14,000 bushels with the total crop placed at 163,000,000 bushels. Adding winter wheat production as estimated Aug. 1, gives a total United States crop of 595,000,000 bushels, compared with 497,000,000 bushels in 1934.

Domestic cash wheat markets gained 2c to 3c per bushel, influenced by strength in foreign markets and an active milling inquiry. Marketings of spring wheat increased with approximately 4,000 cars received at Minneapolis and Duluth. Test weight remained the dominant factor, with the test weight of Minneapolis receipts averaging around 62 pounds per bushel. 56 pound wheat brought 2c to 8c over and 58 pound No. 1 dark northern sold at 9c to 12c over the September price of \$1.19 per bushel.

Marketings of winter wheat increased with the advance in prices and receipts at the principal markets totaling 4,336 cars compared with 2,635 cars a week ago and 1,928 cars a year ago. The relatively high premiums for heavy test wheat at Kansas City attracted shipments to that market from Washington, Oregon, Idaho and Wyoming. At Fort Worth No. 1 hard winter was quoted at \$1.25 per bushel delivered Texas common points, while at St. Louis No. 2 hard winter was quoted at \$1.10.

Intermountain and Pacific Coast markets advanced along with eastern markets. Denver mills advanced bids on No. 2 hard winter to \$1.01 and on No. 2 northern spring to \$1.06 per bushel, FOB Colorado shipping points. Ogden mills were bidding 73c at the close of the week for No. 2 soft white, 87c for No. 2 hard white, 81c for No. 2 hard winter and 88c for No. 2 northern spring.

The Portland market advanced 2c to 4c, influenced by a continued active demand from middlewestern buyers for hard winters and soft white wheats. Trade agencies estimate 8,000,000 to 10,000,000 bushel sales of northwestern wheat to central western markets this season to date. Marketings increased with 1,265 cars received at Puget Sound and Columbia River terminals. Sales to California were only moderate and confined to high protein hard white and hard winter wheats. At the close of the week No. 1 hard white (bluestem) was quoted at Portland at \$1.07, ordinary protein No. 1 hard white at \$1.02, dark hard winter at \$1.05, soft white and northern spring at 77c, western white at 76½c, hard winter at 80½c and western red at 76c per bushel, sacked. At Seattle, western white and western red were quoted at 79c, hard winter at 85c and hard white at \$1.10 per bushel, sacked.

Pacific Northwestern barley markets continued very light. Growers displayed a firm holding tendency but the light offerings were fully equal to current requirements. On Sept. 12, No. 2 bright western barley was quoted at Portland at \$1.00 per 100, sacked basis.

And Now, Shirley Temple Again

Every picture fan knows and loves Shirley Temple, and she is coming back to the Kendrick Theatre this Friday and Saturday nights in "Our Little Girl." She plays being happy when her heart is sad to make a golden dream of love come true. Her bundle of love steals into your heart in this, her most touching picture. It will leave a choke in your throat and joy in your heart as she bravely meets a crisis in the lives of those dearest to her. Her story could happen to any child in any home, when those she loves are groping in the shadows of misunderstanding. You'll love her in this story as you have loved and laughed with her in her other lovely pictures.

Then there's Chapter 2 of "The Call of the Savage," entitled "Captured by Cannibals," and the other usual features.

The Lewiston Round-Up

More than 200 top hands and cowpokes of the Pacific northwest whose names have been written in the records of rodeos and roundups of the west, have signified their intention of competing for the \$2,500 in prizes to be awarded at the colorful Lewiston roundup, to be staged at Recreation park, Sept. 26-27-28. Preparations for the show have been whipped into shape and the 55 box stalls at the arena have begun to receive their shipments of horses, speed animals, wild steers, cows and bulls. With the conclusion of the Pendleton roundup, additional consignments will arrive.

The seating capacity of the arena has been enlarged with the construction of additional bleachers until 6,500 seats have been provided in full view of the arena.

Beans Moving

The Kendrick Bean Growers association reports they have shipped some 1,000 bags of beans to various markets since the new crop began coming in.

EDITORIAL

WELL, FOLKS—Here it is almost the last week in September—and the weather is delightful, pastures show faint signs of greening up—and the milk supply should be increased with cooler weather—and that milk supply means money in your pocket when you sell the cream to us. Bring in a can—get the cash—take home a steam sterilized can—no rust-producing chemicals used—just good hot steam. Stay and watch us test your cream if you desire—visitors are always welcome.
Try our ice cream. You'll like it. Like the texture, like the flavor.

Work Relief Census Be Taken

The census bureau will begin putting the nucleus of 135,000 to work cataloging by age and name the nation's old people, and getting facts and figures on seven major lines of American business.

The old age census will provide a list of names for state and federal use in connection with the operation of the new social security act, while the business census will complete data showing conditions before the depression and up to recent months.

The business census will have headquarters in Philadelphia and will employ most of the 35,000 now on relief, the old age alphabet will be compiled in St. Louis from 1900 census records, requiring a staff of but 2,500. The business census will take \$8,000,000 of the \$10,000,000 allotted for the work relief projects.

Enumerators will begin next January 2 in every state and will complete their work in about four months.

Idaho Receive About \$700,000 Tax

Receipts from Idaho's income tax law as applied to 1934 earnings of individuals and corporations will total approximately \$700,000, or \$375,000 more than was collected for 1933, Commissioner of Finance Ben Dieffendorf estimated today.

He predicted that the increases in the tax voted by the last regular session of the legislature will increase the state's revenue to \$800,000 on 1935 earnings even "without any economic improvement."

"The increase for 1934 as compared with 1933," he said, "is a graphic indication of improvement in business conditions."

The commissioner linked his statement with a reminder that the second semi-annual installment on income tax payments due the state for 1934 should have been in his hands Sept. 16. The total of the final installment is approximately \$180,000, he said. So far \$522,234 has been collected on 1934 incomes.
