NO. 2

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

In sharp language, President Roosevelt made his annual message into a call upon congress to protect the nation against foreign autocrats bent upon war and against such autocrats here at home as seek to "gang up" on the people's liberties.

Flanked with microphones which carried his words far past the 1,200 of Washington's official and social elite, the executive demanded a "well-ordered neutrality" and an "adequate national defense." Then slashing out at critics of the new deal in a manner almost unprecedented for an annual message, the president denounced what he called determined groups—"entrenched greed"—which he said were seeking to regain domination of the national government. "I recommend to congress that we advance; that we do not retreat," he said. Although the president named no names in his attack on those he called foreign and domestic autocrats, there was no mistaking the sharpness of his attack on the new deal's critics. In one reference, some observers thought he made guarded reference to the American Liberty League, but this remained a matter of speculation. The president's audience, tense with the thought of a bitter political campaign ahead punctuated his address with applause.

Friends of Senator Borah (R., Ida.) said he views the Townsend old age pension plan as basically sound in some respects but "unworkable." The senator, whose supporters are booming him for the republican presidential nomination, promised a detailed statement of attitude toward the Townsend plan at some early date. Several recent published reports have had Borah "advocating" or "flirting with" the proposal of Dr. Francis E. Townsend to raise \$24,000,000 a year through a transactions tax to pay all persons over 60 a monthly pension of \$200 provided they spent it in 30 days. But some of those close to the Idahoan disclosed today he believed that this monthly grant is too high. He also believes, they said, that the plan would not work because 80 per cent of the taxes would fall upon persons with incomes of \$2,000 or less. Borah is known to have suggested to a group of Townsdenites several months ago, for purposes of discussion, that the proposed pension be reduced from \$200 to \$50 and that beneficiaries be permitted to do as they pleased with the money. The group immediately divided on the question, according to authoritative sources.

The Idaho state pardon board for the fourth time has formally declined to liberate Mrs. Lyda Southard, serving a 10-year-to-life term for poisoning her fourth husband. The board also denied the application of Jess Malloy, convicted of murder in Elmore county and continued the application of David Hoagland, Valley county murderer, until the next meeting. The board denied 24 applications, continued 36 and granted 23.

Italian bombs screamed death messages in Ethiopia Saturday while the statesmen of the world read President Roosevelt's words on peace and neutrality. An American hospital, the Ethiopian government announced, was among the targets of the fascist bombs. It was at Daggah Bur, on the southern front. A message to a Red Cross official in Addis Ababa indicated there were no fatalities. In another sector, northern, the government announced ten Ethiopians were killed and 15 wounded when the Italians dropped 3,000 bombs. A Swedish Red Cross worker in the unit which was bombed at Dolo last Monday died the next day, it was disclosed. A survivor, Dr. Fried Hylander, who was brought to Addis Ababa because of his wounds, said the raid was unjustified and that the Italians intentionally attacked the Red Cross camp.

The Supreme court splintered AAA—second cornerstone of the new deal—so completely Monday that previously planned patchwork was all but forgotten. An uncompromising 6-3 opinion not only wiped out President Roosevelt's cherished farm-aid program, but threw a shadow of doubt over the other recent major legislation. The treasury halted all processing tax collection under the law, and said "for the present, no checks will be issued for benefit or rental payments, or refunds, or for administrative purposes."

Neighbors Of Woodcraft

The Neighbors of Woodcraft met Wednesday evening in the home of Mrs. Elizabeth Cook.

Stars and Masons Install

There will be a joint installation of the Eastern Star and Masonic officers on Tuesday, January 14, at 8:30 o'clock. Mrs. Susan Needham, Senior Past Grand Matron of the State of Idaho, assisted by Mrs. Helen House, Grand Ruth, will install the officers of the Eastern Star. It is hoped that District Deputy Grand Master Dr. N. M. Leavitt of Genesee will install the Masonic officers.

ROSS SAYS ARROW ROAD TO BE BUILT "RIGHT AWAY"

Of course we mean, where our roads should be, but where there is at present only ruts and mud holes that are almost impossible to go through. Of course we have a few places that might be called roads, but some of them might easily be termed "bogs." However, a good democrat from Lewiston, and one who really has some influence, said he had a talk with Gov. C. Ben Ross the other day and that he asked Ross why nothing had been done with the road from Arrow to Kendrick. The talk was long and animated, but the Governor promised "by his chin-chin-chin" that something would be done—that seven miles of the road from Arrow would be built "right away" and the rest (to Kendrick) would be built before next November.

This same good democrat said that a quiz of the county commissioners of Nez Perce county disclosed the fact that very little right-of-way (if any) had been secured thus far, and that no effort whatever is being made to secure the right-of-way for the proposed building of the "air-line" from Arrow to Kendrick.

It is very evident that the county commissioners of Nez Perce county have no intention of doing anything toward the building of this road. It is up to them to secure the right-of-way before any building can be done, so it will not be necessary (for a time at least) to "cuss" Governor C. Ben Ross any further until the proper amount of cussing has been done where it rightfully belongs. And the county commissioners of Nez Perce county are not the only ones to blame for the condition of this, the worst road in the United States. The Lewiston Chamber of Commerce has turned "thumbs down" on this project and have done more to prevent its building (or even repair) than anyone else, for the reason they have bent every effort toward building roads in every direction from Lewiston except up the Potlatch canyon.

It is safe to say that this section of the country spends dollars with the Lewiston merchants, where the inhabitants of the road leading up some part of the Tammany section (the old Johnson railroad right-of-way, which Lewiston is causing to be made over into a highway) don't spend dimes. Yet they have completely ignored the pleas of the Kendrick Commercial club to help do something to this deplorable section of road.

Few Lewistonites travel this section of road, but many people of the entire Potlatch section do travel it. Lewiston doesn't seem to appreciate the fact that there is now a pretty good road to Moscow and that at this time, while the Arrow road is a bog, the Moscow road is in good condition and can be easily traveled—as a result of which more and more Kendrick dollars are going to Moscow.

Let's not "cuss" Gov. Ross any more, but place the blame where it properly belongs—on the shoulders of the Lewiston Commercial club and the Nez Perce County commissioners. While on the subject, may we suggest that a good old fashioned boycott might help a lot to bring Lewiston to its sense. Plans for this could be—and should be—worked out at once.

Idaho Income Tax Now Due

Blanks for reporting 1935 incomes are being mailed to all persons who reported for 1934. Blanks may also be secured from the County Auditor or your local bank.

All persons having a gross income of \$5,000.00 or whose net income amounted to: \$700.00 if single; \$1,500.00 if married and living with husband or wife. Nonresident individuals are allowed a personal exemption of \$700.00 whether married or single.

C. W. Palmer, Field Deputy for north Idaho, will assist taxpayers in the preparation of returns as follows: Jan. 14—Kendrick at Kendrick State Bank; Jan. 15—Kendrick at the Farmers Bank; Jan. 16—Genesee at First Bank; Jan. 17—Troy at Troy State Bank; Jan. 18—Troy, forenoon only on the 18th.

Applications for store licenses may also be made through Mr. Palmer.

Still Balmly Weather

The weather man is still on his good behavior and has been giving us weather comparable only to that of normally warmer climes. Considerable snow has fallen on the higher ridges, but none has fallen in the canyon thus far.

INTERESTING NEWS NOTES FROM OUR PUBLIC SCHOOLS

High School News

The Freshman class, stepping out of its usual role, was heard and not seen when it entertained the student body on Friday afternoon. Instrumental selections and readings were the main theme of the program, which was given in the form of a radio broadcast—the actors being hidden by a curtain. It was enjoyed by both the student body and the large group of alumni who were present. Semester exams are being given this week.

The Tigers Lair

By Spoof Pumpnickle
With their usual machine-like precision, the Kendrick Tigers took the measure of the Lapwai basketball team 31-14, in the first conference game of the season, played at Lapwai. Kendrick took the lead with a five-point spurt in the first quarter, but it was soon overcome and the half ended 7-8 in favor of the opponents.

The second half saw a terrific change. Kendrick launched a deadly passing attack which soon broke up Lapwai's five-man defense. They soon doubled the score on their opponents and Coach Dawald sent in subs for the few remaining minutes. Lapwai was unable to score and the game ended 31-14.

Ramey won honors for the evening with 13 points, while Petrie was high for Lapwai with 6.

Kendrick, 31	14 Lapwai
Johnson 6.....F	2 Taylor
Schoeffler 2.....F	March
Ramey 13.....C	4 Howerton
Hartung 6.....G	2 Webb
Wallace 2.....G	6 Petrie

Subs were: Hund (2), Emery, and Allen for Kendrick; Pearson for Lapwai.

The Lapwai girls defeated the Kendrick Tigerettes by a score of 35-8. Crocker was high for Kendrick with 8 while Cloude was high for Lapwai with 22.

Kendrick vs. Juliaetta

On Tuesday evening, Jan. 7, the Tigers met their new conference opponents, Juliaetta, on the home floor. Kendrick, with its usual fast-breaking style of play, was the winner by a score of 43-8. This is Juliaetta's first year in the conference, and they are to be congratulated upon the fine material and style of play that was shown.

Kendrick meets Lapwai on the home floor Friday evening, January 10. A large crowd is expected to be on hand for the third conference game of the season.

Hawkshaw On Duty

Well, here we are right in the middle of a bunch of semester exams. Everyone is going around with a blank look on his face as if he were trying to remember something.

The upperclassmen are wondering. Not wondering—but just plain wondering—wondering which is which and who is who. They can't tell those underclassmen apart. The Freshmen are looking more like Sophomores, and the Sophomores acting more like Freshmen each day. Analyze the above sentence closely and you will readily see that the difference lies in "looks" and "actions."

Now take Bartlett for example. He is letting his sideburns grow just like the sophs. Rider is getting that soph walk—you know—plod, plod. Riley has developed a coy side-glance with a "come-hither" slant. Wallace pushes his chest out like an athlete. Above all LaHatt his shortened her strides to a three-foot-nine and one-half average.

On the other hand we have Weeks and Abrams shying from the girls and Fairfield, who seems to be turning out for women's athletics. And last, but not least, Miss Schultz, who has overtaken the dashing Ross of the Frosh and is now leading the social whirl. Isn't that enough to cause the Seniors to worry?

That's plenty for this week, but remember, the human blood-hound is on your trail.

Eight-Eight Bridge Club

Mr. and Mrs. J. M. Lyle, Jr., entertained the Eight-Eight bridge club on Thursday evening. Delicious refreshments were served, after which bridge was played at four tables. Mrs. F. B. Higley was awarded high score for the ladies, while Mr. F. B. Higley took high honors for the men.

Mr. and Mrs. F. H. Rider and Rilla Davidson were invited guests.

Commercial Club Meeting

The regular monthly meeting of the Kendrick Commercial club will be held in the dining room of the Raby Hotel next Monday evening, January 13. Dinner will be served at 6:30 and all interested in the welfare of our little city and surrounding country are asked to be on hand. There are several things of importance to this community upon which reports will undoubtedly be made.

Remember the date and time—next Monday evening at 6:30.

WILL FILE BILL TO OPEN WPA TO WORTHY WORKERS

Washington—Senator Louis B. Schwellenbach, Seattle, democrat, said he would introduce a bill to "give every person an equal chance at relief employment sponsored by the federal government."

The senator said he "recognized" the position of the federal government in that it could not give work to more than 3,500,000 persons, but added he believed it "unfair to restrict such employment only to persons who have been receiving public aid."

"My bill," Schwellenbach explained, "will provide that persons who have been unemployed for six months or longer, but who have managed to keep off the relief rolls, will be given the same consideration as those who have been on relief."

"It is unfair to discriminate against persons who through their own initiative, and through the sale of everything they owned, have managed to exist throughout the depression, in favor of persons who have been receiving aid most of that past three years."

Rep. D. Worth Clark, Pocatello, Idaho, democrat, said he would support such legislation if the order of Harry L. Hopkins, federal emergency relief administrator, restricting works jobs to those who have a relief record, is not rescinded.

Death Of Lola Mary Fry

Loja Mary, 13-year-old daughter of Mr. and Mrs. Clarence Fry, died at her home in Kendrick at 8:45 o'clock Tuesday morning, January 7, 1935, the immediate cause of death being a disease of the spine, which had caused partial paralysis.

Lola was taken to Spokane about the first of October, where she remained for nine weeks, after having undergone an operation for relief, but she failed to respond to the treatment given and was brought to her home in Kendrick, where she passed away Tuesday morning.

She had just entered high school at the opening of the present term and had attended but two days when she was taken ill. Everything possible was done that could be done, but to no avail. While she suffered much pain she was always cheerful, and hopeful.

On the morning of her death she had eaten breakfast and had been turned back, when she asked to be turned back, at which time she passed away quickly.

Funeral services were held from the Gold Hill church Thursday morning at 11 o'clock, with Rev. T. E. Poindexter of Kendrick delivering the sermon. Pallbearers were her former schoolmates from the Gold Hill school. Funeral arrangements were in charge of J. E. Pickard and burial was made in the Gold Hill cemetery.

All Ready To Go

N. E. Walker and M. O. Raby returned last week from a trip to Coeur d'Alene, where they went in the interest of getting some of the promised WPA road money loosened up so that something might be done—but the entire situation harks back to Harry L. Hopkins, at Washington, D. C.

It was learned that some \$110,000 has been allocated for the rebuilding of the Cedar creek road, which has been in a deplorable condition for the past several years, owing to wash-out. However, nothing can be done until a different ruling is made on those eligible to work on WPA projects, such as the Cedar creek road. Pressure has been brought to bear upon Hopkins, but he cares little for what the people up here in the Potlatch canyon want. All he is interested in is looking after his political fences—and he is doing a good job of it.

It is sincerely hoped that something can be done to cause a change in the ruling, but thus far, it has been impossible and—no change, no road.

Laugh and the world laughs with you—snore and you sleep alone.

GRAIN MARKET FIRMER WITH BROADER DEMAND

Domestic grain markets turned firmer following the advent of the new year with material broadening in demand, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Wheat advanced, influenced by firmness in the foreign markets and improvement in the domestic flour trade. Corn strengthened with a sharp reduction in market receipts and a more active inquiry as a result of colder weather. Oats were firmer with corn, while barley gained as a result of the continued good demand for malting types increased buying of feed barley.

The general wheat situation at the first of January was materially stronger than a year ago. World stocks were substantially smaller, particularly in the important exporting countries. Supplies in the United States were generally adequate for local needs with the exception of hard red spring wheat, for which this country is on an import basis. During the period July through November, over 1,000,000 bushels, mostly Canadian wheat, were imported for milling purposes.

About 4,500,000 bushels additional were imported into this country during this period for feed. Canadian stocks available for export or carry-over at the first of January were around 20,000,000 bushels smaller than a year earlier, but were still relatively large and provided the principal source for European imports this season. Southern Hemisphere supplies, according to official estimates, are around 115,000,000 bushels under those of a year ago, with trade advices indicating further reduction as a result of crop damage since official estimates were made. Supplies afloat on ocean passage at the first of January totaled around 21,000,000 bushels but were only slightly lower than the post-war record at this date in 1933.

Russia harvested a good crop and steady offers of good Russian have been a feature in the market situation this season, in contrast to negligible offerings a year ago. Harvests in European importing countries, although below those of the past three years, were generally above any previous harvest prior to 1932. Stocks of local wheat however, on Jan. 1, were substantially smaller than a year earlier. Changes in location of surplus stocks have caused shifts in world trade with importing countries drawing supplies more largely from Canada and Australia, following the fixing of the minimum wheat price to growers in Argentina at around 90c per bushel, about the middle of December. World trade however, continued to be a limited maintenance of exceptionally high tariffs, difficulties of procuring sufficient foreign devices designed to stimulate use of domestic grain.

Marketings of winter wheat decreased moderately with receipts at the principal terminals totaling 685 cars. Only a part of the receipts were offered in the open market and competition for the limited offerings was keen, particularly at Kansas City. The protein of the week's receipts at that market averaged 12.35% while the six months average, July through December this season, was reported at 12.35% compared with 13.89% for the same months in 1934. Mills furnished the main outlet at St. Louis, where the moderate offerings were in good demand and readily taken at steady prices. Soft winter wheat advanced along with hard winter, with some independent firmness at Chicago early in the week as a result of purchases to fill December contracts.

At the close of the week, No. 2 soft red winter was quoted at St. Louis at \$1.11—1.11½, at Chicago at 01.06—1.07 and at Kansas City at \$1.10 per bushel.

Marketings in the Pacific Northwest were relatively light but sufficient for trade needs. Local mills at Portland were the principal buyers since demand from California continued to be confined to occasional lots of high protein wheat and inquiry from midwestern markets was negligible with bids several cents below current local values. At the close of the week, 13% protein hard white was quoted at Portland at \$1.28, ordinary protein hard white at \$1.26, soft white, northern spring and hard winter at 91½c, western white and western red at 90½c per bushel, basis No. 1 sacked. At Seattle western white, western red and hard winter were quoted at 90½c, hard white (baart) at \$1.27 per bushel, basis No. 1, sacked.

Intermountain and Pacific Coast markets strengthened, influenced principally by advances at central

Most motorists are blooming fools,
They trifle with the traffic rules.
I don't.
No man should try to get the drop

The community is holding a progressive pinocle party at the school house on Friday night. The tallies will be sold and the money used toward light fixtures for the school. The party will carry out the leap-year motif. Sandwiches, cake and coffee will be served. The public is cordially invited.

School was resumed last Thursday after a vacation of ten days. Mrs. George Davidson was taken to the Moscow hospital on Monday. Her many friends on the ridge are anxious for her speedy recovery and return home.

Mr. and Mrs. Chester Woody visited the Frank Benscoter family on Sunday evening.

Mr. and Mrs. George Havens and Mary Alice McIntosh visited Mrs. Havens' parents at Southwick on Sunday.

Butchering has been the order of the day on the ridge this week. Warney May, George Havens, Walter Bigham, Walter, Frank and Harry Benscoter butchered nine hogs at Harry Benscoter's on Monday. Messdames Walter Benscoter, Warney May and Frank Benscoter assisted Mrs. Benscoter in the kitchen.

Walter May and Bob Cain butchered four hogs on Monday at Cain's.

Walter May visited his father, Archie May, at Leland on Sunday.

Mary Alice McIntosh was a guest at the Carroll Cox home on Wednesday night.

Wendell McEwen of Lewiston called at the George Havens home Sunday night.

Archie May Again "No. 1"
Archie May of Leland has again secured auto license No. 1 in Nez Perce county—the same number he has carried on his cars for the past several years. Archie seems to have a hobby of being No. 1 in a good many things—not a bad trait. For the past two years he has been the first to receive a warrant on the corn-hog adjustment program and he has also been paid the first money under the AAA wheat adjustment program.
Being "No. 1" in anything is something to be proud of, just the same as a student is justly proud when he receives a "No. 1" or "A" grade at school. If more people were proud to be No. 1 in all their dealings there would be fewer dissensions and more friendly feeling between neighbors and business houses and their customers.

"Hard-Rock Harrigan"
"Hard Rock Harrigan," the feature film to be shown at the Kendrick Theatre this Friday and Saturday nights, has to do with the building of one of the great dams (Boulder) now in course of construction, and Harrigan and Riley are rivals, not only in the art of drilling rock, but for the heart of the commissary queen "Anderson." The rivalry progresses to a point that nothing but a fistic encounter can decide which is the better man, both as a drill boss and a lover. Hardrock gets a little the better of the deal. Hardrock is imprisoned by a cave-in of rock and is rescued by Riley, for no other reason, says Riley, than for the pleasure of "beating him up." If you are fond of real action pictures this one is one. It is not what might be termed a "rough and tumble" picture by any means, but has running through it that phase of

Income Taxes

Mr. C. W. Palmer, field deputy for the State Department of Income Tax, will be at this bank Tuesday, Jan. 14th, to assist any who may have to file an income tax report. If you must report on income for the year 1935, see Mr. Palmer at this bank on the 14th—or the Farmers Bank on the 15th. Be sure you have all your figures relating to your income and expenses, together with a copy of your last year's report if you made a report last year.

This is a service the bankers have been glad to assist in during the past, but we ask if it is at all possible and convenient, that you call and have Mr. Palmer assist you this year. This is a service Mr. Palmer renders free of charge.

Let This Be Your Policy In 1936

Only \$5 puts a \$1,000 Policy in Force

An Idaho Mutual Policy is a good policy, supplying the type of dependable Life Protection that the average man wishes for his family—at a price he can well afford to pay.

Make your family and home financially secure, and lift the burden of uncertainty from yourself by placing an Idaho Mutual life policy in force for your protection as early as possible in 1936.

This IS Protection! . . .

Idaho Mutual Life Policies range from \$500 to \$3,000. Each policy offers the following definite benefits:

Life Protection. Idaho Mutual policies are backed by over 12,000 members and \$20,500,000 of protection in force.

Accident Benefits. Each Idaho Mutual policy offers certain helpful accident benefits after the policy has been in force for one year.

Waiver of Dues. Each member's possession of policy is protected by a clause making possible waiver of all dues in the event permanent physical disability makes impossible further payment of dues.

Old Age Benefits. When a member attains the age of 70 and is unfit for useful work, he may receive a cash sum for his policy, the amount dependent upon number of years policy has been in force.

Low Cost. Last year Idaho Mutual Life Protection cost an average of only \$7 for each \$1,000 of protection in force.

Start the New Year right by arranging for YOUR Idaho Mutual Life Policy, Yes, it's a GOOD Policy.

IDAHO MUTUAL BENEFIT ASSOCIATION
BOISE, IDAHO

Gentlemen—I am desirous of starting the new year right. Please send further information on Idaho Mutual Life Policies. PROVEN protection, at such a moderate cost interests me.

Resigns Position

Miss Marie Schwarz has resigned her position as operator for the Potlatch Telephone company, effective January 11. She will be succeeded by Miss Erna Wegner of Cameron. Miss Schwarz did not disclose her plans for the future. She has been with the local telephone company for the past year or more and has been an efficient and accommodating operator and her many friends will be sorry to learn that she is giving up her position. However, there is every reason to believe that Miss Wegner will fill the place to the entire satisfaction of the patrons of the telephone company.

GRAIN MARKET FIRMER WITH BROADER DEMAND

western and eastern markets, since local demand was only moderate. Mills at Ogden were offering 80c for No. 2 soft white and 99c for No. 2 hard white and No. 2 northern spring and 95c for No. 2 hard winter, FOB Utah and Idaho common points.

California markets were firm, very largely as a result of strength in the northern and eastern markets, since local crop prospects were moderately improved by heavy, soaking rains, which relieved the prolonged drought.

Pacific Northwestern barley markets were very quiet, reflecting the usual holiday dullness and slack demand of the pre-inventory period. Feeding of barley in country districts was reported quite heavy due to the relatively low prices as compared with other feedstuffs. Most of the business reflected trade between country points rather than through terminal markets. Only occasional cars moved to local or nearby mixed feed manufacturers and interest in malting quality continued negligible. No. 2 bright western barley was quoted at Portland January 2, at \$1.15 per 100 pounds, sacked basis.

Oats markets were moderately active and prices were steady to slightly higher with light offerings the principal sustaining factor. The firm holding tendency of growers was a strengthening influence in Pacific Northwestern markets and tended to offset the light market demand. On January 2, No. 2 white oats were quoted at Portland at \$1.12½ and No. 2 gray oats at \$1.17½ per 100, sacked basis.

Nezperce Farmers Receive Cash

Farmers and hog raisers of Nez Perce county benefited to the extent of \$348,391 under contracts signed with the AAA in 1935, the hog raisers being paid \$22,509 and wheat farmers \$325,882, according to tabulations compiled at the office of County Agent J. W. Thometz yesterday for submission to the county commissioners at the January meeting.

The AAA, as pertains to wheat adjustment, was first launched in Nez Perce county July 8, 1933, and of the 1035 contracts signed at that time, 1022 are still in force, Thometz said.

The average seeded acreage for the base period of 1929 to 1932, inclusive was 73,825 acres and the average production 2,078,089 bushels of wheat; allotment bushels were placed at 1,123,733 by the county agent and contract acres 11,765 for the 1929-32 period.

Miss Lennox Married

Word has finally "leaked out" that Miss Edith Lennox, teacher in the Kendrick High school for the past two years, was married on December 24, at St. Helens, Oregon, to Maurice Tulley, now attending the U. of I., but whose home is at Worley, Idaho.
