NO. 3

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

The White House reception to the supreme court last Friday night turned out to be a six-to-three decision for a very good time. Six of the nine justices attended. Even Justice Cardozo was there—and he almost never goes out for social functions. "I thought at first I couldn't come," said Justice Cardozo. "This is late hours for me. (Then 9:30). But as between pleasure and duty, I chose pleasure!" And as for the AAA decision being a banned subject—Justice Roberts, who wrote the majority decision, was lionized by those who believed his way. And Justice Stone, who gave the minority decision, was being congratulated on all sides by those who thought as he did.

After a spirited and almost unprecedented "poker game," with the table stakes so high as to all but wipe out the party's deficit, the democratic national committee last week picked Philadelphia for its 1936 national convention. The Pennsylvania city, never before the scene of a democratic convention, presented a certified check for \$200,000. Then, to meet higher bids, Philadelphia concessions estimated to raise the total to between \$250,000 and \$300,000 were offered. Party Chairman James A. Farley announced the national conclave, intended to renominate President Roosevelt, would start June 23. The republican party will meet in Cleveland beginning June 9. Before the bidding started, Farley, in opening the national committee's meeting, predicted a "campaign of defamation" financed by the "largest slush fund on record."

Dean E. J. Iddings of the University of Idaho college of agriculture has announced that all activities of the university in connection with the dead AAA are "indefinitely suspended." He declined to comment on what will be done to replace the act invalidated by the United States supreme court. Some \$14,000,000 in cash benefits had been paid to Idaho farmers under the act. "The extension service of the university has been working with the U. S. department of agriculture projects, including the triple A," Dean Iddings said. "So far as the AAA is concerned, we have received notice to hold everything in abeyance and our activities in connection with it have been indefinitely suspended."

Declaring that a "revolution" is within the realm of possibility as a result of the supreme court decision killing the AAA, Senator Schwellenbach (D. Wash.), said he would "fight continuously" for submission of his amendment providing for a speedier change in the constitution by direct popular vote. It was introduced in the midst of a flood of AAA substitutes. It would permit a majority in each of 36 states to ratify a constitutional change either in the congressional election called by the president within four to six months. "To my mind," said Schwellenbach, "the most serious implication of the present impasse between the administration and the constitutional situation is the danger that from it will come a feeling of futility upon the part of the people."

Soviet Russia, one of the world's strongest military powers, frankly announced an even greater rearmament program because of the "aggressive intentions of Japan and Germany." Vyacheslav Molotov, who is premier through his office of president of the council of commissars, disclosed the far-reaching military plans in a bristling address to the all-union central executive committee, meeting in the Kremlin. Among his audience was Joseph Stalin. Russia now has an army 1,000,000 strong and thousands of airplanes and tanks, but Molotov said more must be done. Recent Russian press reports of a secret alliance between Japan and Germany, he asserted, "came as no surprise so far as we are concerned."

Parents Of Daughter

Word has been received in Kendrick to the effect that a fine baby daughter was born to Mr. and Mrs. Robert Dammarell at their home in Orofino on January 9, weight 7 1/2 pounds. The little miss has been named Carol Ann.

Mr. and Mrs. Dammarell will be remembered as former residents of Kendrick, they having removed to Orofino some months ago.

Streets Bladed

Kendrick streets were again treated to a "blading" Tuesday, which should make them nice and smooth again. Oil is badly needed, but it's expensive.

Fall Pig Crop Shows 89,000 Gain

The Federal Bureau of Agricultural Economics estimates the fall pig crop of Oregon, Washington, Idaho and Montana to be 33 per cent larger than in the fall of 1934.

This compares with a national increase of about 31 per cent. Pig production of the four Pacific Northwest states is estimated at 388,400 head compared with 299,000 head for the fall of 1934.

INTERESTING NEWS NOTES FROM OUR PUBLIC SCHOOLS

The girls' athletic association held a meeting on Monday and elected Jean Fry as volley ball manager. Many of the girls have been hiking and earning points in order to earn a letter by the end of the term.

The new subjects that are being introduced this semester include Sociology and Commercial Arithmetic. Economics, a one semester course, has been completed.

The monthly meeting of the P.-T. A. will be held on January 20 at 7:30 p. m. at the school. The program will be in charge of the women. Following the entertainment, a basket-social will be held in the gym. You are requested to bring a cup. Everyone is cordially invited to attend.

The Tigers' Lair

By Spool Pumpnickle

A record crowd jammed the high school gym Friday evening, January 10, to witness the Lapwai Indians go down to defeat at the hands of the Kendrick Tigers.

The game started with a bang and ended in the same manner. Lapwai hooped the first basket and Kendrick came back with two, to put the Tigers in the lead for the rest of the game. Both teams put up a good scrap, although Kendrick had the better edge, and the first half ended 16-9 in their favor.

The second half continued the clean, fast play on both sides with Kendrick jealously guarding that lead. The closing minutes showed both teams "over-anxious," with the ball in Kendrick's possession most of the time. The game ended 28-15 in favor of Kendrick. Ramey was high man for Kendrick with 10; Webb for Lapwai with 11.

Lapwai. This game was outstandingly marked by clean play on both sides.

Kendrick 28	15 Lapwai
Johnson 4.....F	1 Taylor
Emery 6.....F	11 Webb
Ramey 10.....C	2 Howerton
Hartung 8.....G	Pearson
Wallace 2.....G	1 Petrie

Substitutions were Cermak for Lapwai.

The Lapwai girls defeated the Kendrick Tigeresses in a preliminary game 43-18. The inexperienced Tigeresses showed a great improvement over their game with Lapwai the previous week. Crocker was high for Kendrick with 16; Cloude was high for Lapwai with 19.

Kendrick vs. Orofino

Showing their usual fast-moving style of play, the Tigers pulled out their tenth straight win Tuesday evening, when they won over Orofino 52-20. This, the opening game in the new Orofino gym, gave the Kendrick boys one of their first chills when the river lads chalked up six points just after the opening whistle. However, within a few minutes the Tigers found the hoop and from then on were never bested.

The second half merely continued the first in its one-sided score, although both sides made more points. The game ended 52-20. Ramey was high-point man for Kendrick with 20 points. B. Highland was high for Orofino with 8.

Kendrick 52	20 Orofino
Hund 6.....F	8 B. Highland
Johnson 8.....F	4 Shriner
Ramey 20.....C	2 Dickenson
Hartung 11.....G	3 D. Zell
Wallace 2.....G	3 Wilkenson

Subs were: Emery (5) for Kendrick; Hyland and Gardner for Orofino.

The second team put up a real scrap against the Orofino seconds. Led by Wallace, they held a lead throughout the game until the last few seconds, when the opponents succeeded in making the winning basket. They lost by the narrow margin of 27-28. Wallace was high with 11 points.

The Tigers take on Culdesac Friday evening at Culdesac; and Southwick Saturday night at the high school gym.

COMMERCIAL CLUB HAS VERY INTERESTING MEET

The regular monthly meeting of the Kendrick Commercial club was held in the dining room of the Raby Hotel Monday evening with 18 in attendance, part of whom were from out of town.

A splendid dinner was served by Mrs. Minnie McCoy and her assistants at 6:30 o'clock, after which the business of the meeting was taken up. After the reading of the minutes and their approval, committee reports were called for, the most important of which, naturally, was regarding the present road situation, which those in charge of that phase of the work are endeavoring to straighten out.

It was reported that N. E. Walker had been sent to Boise by the Commercial club, he leaving Monday morning in an effort to get further action on WPA work and to consult state authorities on other phases of the road situation as it affects this section.

Recently M. O. Raby and N. E. Walker went to Coeur d'Alene on a similar errand and the good news was brought back that \$110,000 had been allotted for the rebuilding of the Cedar Creek road and that \$25,000 of this money is ready for use just as soon as the proper authority can be obtained as to man-power and the state approves portions of the set-up. This, it is hoped, will be accomplished by Mr. Walker on his present trip to Boise. The statement was made by Mr. Raby to the effect that the proposed road work is sponsored by the State of Idaho, and not locally, the Kendrick Highway district, of course, having nothing to do with it only to see that it is built.

The statement was again made that the contract for some four miles of the Arrow-Kendrick road will be let on February 15 (and we hope there is no slip on the date), the work starting at Arrow and coming toward Juliatta.

Those present from out of town were called on for a few brief remarks, as well as some who reside in town who, it seems, had not been regular attendants at the club meetings. While the attendance was not large, the meeting was one of sociability and there are several more residing within the village limits whom we might name that should have been there. It is rather an up-hill job for a few to take care of the many needs of the community and surrounding territory and please everyone, so we would advise those interested in what is being done, whether they reside in town or in the country, to be on hand next month and learn first-hand what is being done.

Home Destroyed By Fire

The home of Mr. and Mrs. W. J. Cochran, at Juliatta, was completely destroyed by fire of unknown origin, Monday about midnight.

Mrs. Cochran was not at home and Mr. Cochran and Fay had retired rather late, in fact, it seemed they had just gone to bed when Mr. Cochran was awakened by the fire alarm, to find it was his home that was on fire. He escaped with but few clothes, rushing to the barn to secure a ladder to use as a fire escape for his daughter, Miss Fay, who was trapped upstairs. It is said that had Mr. Cochran been three minutes later she would have been forced to jump.

A few dishes and the clothing they grasped on leaving was all that was saved in the home. The cellar and barn were saved by quick work of the Juliatta fire department.

Spokane Will Be City Of Honor

Next Sunday (January 19) the city of Spokane will be the honor city of Major Bowes' amateur hour, when that city will be lauded and many nice things said about it over the air. KHQ will be the station over which it may be heard. An Orofino barber (whose name we do not remember) will be on the program and will give imitations of various wild animals and birds.

Major Bowes' amateur hour has become one of the most interesting programs on the air and it will be with much pleasure that all residents of the Inland Empire will hear all about their "home" town.

Bridge Party

Mrs. Richard Blewett entertained the afternoon bridge club Thursday afternoon. Bridge was played at three tables, after which a dainty lunch was served.

High score for the afternoon was awarded to Mrs. H. B. Thompson. Nina Bartlett was an invited guest.

STARS AND MASONS HAVE JOINT INSTALLATION

Kendrick Lodge No. 26, A. F. & A. M. and Canyon Chapter, No. 67, O. E. S., held a joint installation of officers Tuesday night, January 14. Mrs. Susan Needham of Lewiston, Senior Past Grand Matron of the State of Idaho, assisted by Mrs. Helen Hause, Grand Ruth, installed the following officers of the Eastern Star: Anna Long, worthy matron; John L. Woody, worthy patron; Isabel Higley, associate matron; George Davidson, associate patron; Anne Deobald, secretary; Ruby McKeever, treasurer; Grace Thomas, conductress; Eva Keene, associate conductress; Bina Raby, chaplain; Ella Benscoter, marshal; Hugh B. Thompson, sentinel; Fannie B. Greene, Adah; Ertie Thompson, Ruth; Mabel Callison, Esther; Martha Woody, Martha; Mary Nutt, Electa.

Mrs. Janice Jones, organist, and Mrs. Emma Davidson, warder, will be installed at a later date.

Masonic Installations

M. O. Raby installed the following officers of the Masonic lodge: Lester Nelson, W. M.; E. A. Deobald, S. W.; James Lyle, Jr., J. W.; Wm. Freytag, treasurer; Geo. W. McKeever, secretary; Frank Nesbit, chaplain; Geo. Davidson, S. D.; Thorvald Nelson, J. D.; Nick Brocke, Tyler; E. T. Long, marshal; Wade Keene, S. S.; John Woody, J. S.

Later all were served an enjoyable lunch by Frank Higley and Frank Rider.

Entertains Officers At Dinner

Mrs. H. B. Thompson, retiring Worthy Matron, Canyon Chapter No. 67, O. E. S., entertained her officers of the past year at a 6:00 o'clock dinner at her home Tuesday evening, January 14. Names of the guests were written on small desk calendars at each place on the four tables. Mrs. Thompson found at her place a remembrance of colorful handkerchiefs from her officers.

Bright spring flowers added to the pleasure of the occasion.

Perryman's Again Open

The newly-decorated Perryman confectionery and lunch room opened for business at the old stand on Thursday of this week, where things started off with a "bang."

Mr. Perryman has had his place of business completely redecorated and re-arranged and now has one of the most complete and up-to-date confectioneries to be found anywhere, regardless of those in towns very much larger than Kendrick. The lunch counter has been moved from the rear of the store to the front, where passers on the street can see just how things are done and how clean they are. The booths have been re-arranged and more added to take care of all trade. Other noticeable improvements have been made and Mr. Perryman invites everyone to call and look over his place of business.

Death Of Lulu M. McCoy

Lulu Marjorie McCoy passed away at the home of her mother, near Southwick, Friday morning, January 10, aged 45 years, three months and seven days, she having been born at Southwick, September 12, 1890. She had been an invalid nearly all her life.

She leaves to mourn their loss, her mother, four sisters and one brother: Elsa Grant of North Bend, B. C.; Nyde Smith, Leland; Nadine Hanks and Elton and Eva of Southwick. Her father preceded her in death by three years.

Funeral services were held from the Southwick United Brethren church on Saturday, January 11, at 10 a. m., with Rev. George Calvert of Juliatta delivering the sermon. Music was by the local choir. Interment was in the Southwick cemetery.

Gold Strike At Lucille

Much excitement was caused last week when a fruit jar filled with gold nuggets was brought to Grangeville by J. W. Eline. The nuggets were said to have been taken from 60 yards of gravel and were valued at \$1,185, or almost \$20 per yard. It was said to be the richest-per-yard find in many years.

Parents Of Son

Mr. and Mrs. M. L. Rathbun of Juliatta are the proud parents of a fine 7 1/2-pound baby son, who arrived at their home Tuesday, January 14.

Moved Into Apartment

Mrs. Hodgins and son Carl, have moved into an apartment at the home of Mrs. N. B. Long.

Tax Story Corrected

A story was published last week, emanating from Boise, to the effect that automobile, sales and personal taxes could not be deducted from the income tax report, but this was immediately followed by a corrected statement to the effect that such taxes could be deducted, Ben Diefendorf, state commissioner of finance, giving the authority to that effect, saying that sales, real and personal taxes, automobile licenses and various other taxes could be deducted.

COLD STORAGE PLANT TO OPEN SATURDAY

One of the most modern of cold storage plants in this section of the country—or in any section for that matter—will be opened for business here Saturday by Harold Thomas, owner and operator of the Thomas Creamery. This opening enables the farmers and residents of this section to store meat, fruit and other perishable items—and keep them indefinitely. The large cold storage compartment is powered with two compressors—a large one sufficient to care for all normal requirements—and a booster or smaller one, for use in case of an emergency—or as a booster for extremely hot weather, and to assist in the freezing of ice.

A large cooling room is provided, where warm meat may be hung to cool out before cutting and wrapping. A meat block and the services of a meat cutter are available at nominal rates. All meat is to be cut—wrapped and labeled as it is stored—as it is impossible to cut frozen meat and as such meat must be used immediately—it is advisable to have this work done before storage.

In addition to this cold storage system Mr. Thomas has added a large sharp-chest to the system for his own use.

This community has seen the Thomas Creamery grow from a small cream buying station to its present size in almost the space of months—and Mr. Thomas is indeed to be congratulated on the success he has made of his undertaking. Kendrick is lucky to have such a plant—and the farmers of this section have shown their appreciation of a quick cash market for their cream by their loyal support. It's another industry for this section and another step forward.

GOOD NEWS ABOUT OUR ROADS FROM BOISE

N. E. Walker returned Wednesday evening from Boise, where he had gone Sunday evening, accompanied by Bert Johnson of Lewiston, district engineer, and J. H. O'Rourke of Coeur d'Alene, W. P. A. administrator for this district.

They met with state highway officials and put their case before them and, we are pleased to announce, secured satisfactory statements from them and the W. P. A. officials, in that they were promised \$93,500 from the W. P. A. in labor and materials, and from the state the use of two state trucks, one gas shovel, compressor complete, also small tools necessary for the work.

In a conversation with Governor Ross and J. H. Stemmer, state director of highways, they were promised \$5,000, \$2,000 of which is ready for immediate use, the other to be furnished as needed for the work, and Mr. Johnson, district engineer, promised \$1,000 for the repair of the rock crusher now in this district.

A foreman for the work will be appointed within a few days and it is expected work will start on Monday, January 20, with about 30 men, and more will be added as fast as they are available. However, only men on actual relief can be used at present. The work must be completed within a year.

Mr. Walker also learned that bids will actually be called for the section of Arrow-Kendrick road just as soon as right-of-way can be completed through Indian land, through which the highway will pass. It was hoped this would be within the next 30 days.

The above is indeed good news, and while the work will be done on the Cedar creek road, it is hoped that other roads will be taken in turn and that eventually "all good roads will lead to Kendrick."

Annual Meeting At Moscow

"Idaho, Yesterday and Today" and "Planning for Idaho's Tomorrow" will be the principal topics for consideration at the Annual Meeting of the Idaho State Chamber of Commerce to be held at Moscow, January 31 and February 1, was the announcement made by L. F. Parsons, secretary.

The federal program for land use and resettlement and how it will affect Idaho will also receive consideration. The State Chamber has asked the National Administration to furnish a speaker on that subject, who can fully explain the federal program. The program for Social Security in Idaho as arranged by the State Administration will be presented by Gov. C. Ben Ross and others.

Beans Moving Slowly

The Kendrick Bean Growers association report that beans are moving rather slowly—which probably accounts for the fact that Senator Borah found no beans in the soup he ordered at Washington, D. C., not long ago, and about which the senator complained to the management.

At any rate the association has been shipping a car now and then, one having moved out on Wednesday of this week, in addition to several truck loads.

Dr. Christensen Honored

Dr. and Mrs. D. A. Christensen went to Lewiston Wednesday night where Dr. Christensen attended a meeting of the North Idaho Medical society. The doctor was elected vice-president of the association. Mrs. Christensen attended a meeting of the ladies auxiliary of the association.

Herman Schupfer Improving

Mrs. H. C. Schupfer returned Wednesday morning from a trip to Spokane to see Herman Schupfer, who is convalescing in a Spokane hospital from an operation. She reports him as improving rapidly.

Mrs. Flaig Brought Home

Mrs. Harry Flaig, who recently underwent a major operation at St. Joseph's hospital, Lewiston, was brought home Monday. She is getting along nicely.

Underwent Operation

Mrs. Harvey Morris of Southwick was taken to St. Joseph's hospital, Lewiston, where on Monday she underwent a major operation. At last report she was doing nicely.

The question that concerns us now: Why didn't Noah swat both flies while he had the chance.

PULL THRU WITHOUT CHAINS
Where the going is toughest—in deep snow and bad mud—this tire will pull you thru!—Just look at its features:
• Maximum grip for getting out—forward or backward
• Its rugged blocks grip, but there are no slots to fill up
• It pulls thru, throws the mud or snow and cleans itself
• Leads the field in going ahead, and just as powerful in backing up
• Under its "pull-thru" tread is the sinewy Supertwist Cord body which takes punishment long after other cords are exhausted from road shocks
Come in and get the price on your size.

RETROSPECTIVE
Pullman Thirty Years Ago
(From The Pullman Herald of December 23, 1905.)
To Sell Light Plant
The long drawn out discussion and agitation over electricity for light and power in the city of Pullman has at last reached a somewhat definite shape. The city council Thursday evening closed a deal with M. J. Shields of the Moscow Electric Light & Power Co. whereby the latter is to bring its current to Pullman, and to also purchase the municipal light and power plant if the voters at a special election authorize its sale. Under the terms of the contract the company represented by Mr. Shields is to purchase the present system of the city at the price of \$6,000 cash and is to have current rate for both light and power by July 1.
Section 5 of the agreement concerning residential rates, is as follows:
"That you will furnish current at not to exceed the following prices per k.w.h.: 13 cents for the first 50 k.w. hours; 11 cents for all over 50 k.w. hours; and 9 cents for each over 100 k.w. hours used each month. Minimum charge for current on meter basis, \$1.35 per month."
The company agrees to furnish power for pumping at one cent per k.w.h. and for street lighting at two and one-half cents.

A short 30 years ago homeowners were glad to pay 13c for their first 50 kilowatt-hours of electric current, because it was cheaper and more dependable than municipal electricity. The electric service furnished by the Washington Water Power Company is both cheap and dependable. See rate schedule shown at the right.

Another Will Rogers Picture
It is hardly necessary to give a further description of one of the late Will Rogers pictures than to say, "another Will Rogers picture," for every picture fan and those who read his homely philosophy in the papers revered and loved him.
His picture for this Friday and Saturday nights is titled "Mr. Skitch," and while we have no press book giving a text of the picture, there is every reason to believe that it will be fully up to the standard set by all his former pictures that have been shown here. And, too, there is with him that laugh-provoking comedienne, Zasu Pitts, whom everyone knows almost as well as they did Rogers.
There will also be the usual installment of the serial with Buck Jones in "The Roaring West," as well as other features.

On and after that date it will not be necessary to keep your frozen meat in Lewiston or Moscow — keep it right here at home where access will be easy—and small amounts taken at any time. We are completely equipped—a meat block and meat cutter are at your service. Your meat will be cut, wrapped and labeled for a very nominal sum. A cooling room is also provided—to cool out that warm meat for cutting, wrapping.

"And now," said Mr. Lyle, "will someone please give us a sentence using the word 'candor?'"
"Please," said John Brewster Thompson, "my papa had a very pretty stenographer, but after ma saw her he candor."
He: "Must you wear those dark glasses? You should never hide any of your attractions."
She: "Do you want me to get arrested?"
Ed. Long: "You've been doing sixty miles an hour. Don't you care anything about the law?"
Pretty girl: "Why officer, how can I tell? I've only just met you."

Funeral services for Mrs. Alma Olson, who died at a Moscow hospital New Year's day, were held at the Westdala Lutheran church in Troy, Sunday afternoon. She was buried beside her husband, Peter Olson, who passed away six years ago. She is survived by seven children: Wilfred, Eugene, Leonard, Raymond and Dorothy at home; Miss Florence in Moscow and Miss Norma, a nurse in a Portland, Oregon, hospital; also by her parents, Mr. and Mrs. Olaf Olson. The Olson family have lived on upper Big Bear ridge for a number of years.

Ole Lein and son Henry were Moscow visitors last week.

Miss Iva Lee of Deary, Idaho, is working at the Ole Lein home, because of the illness of Mrs. Lein, who is in bed.

There will be a telephone meeting at the Community hall, January 23, at 1 p. m.

M. C. Grover, who is instructor of the agricultural department of the Kendrick high school, is holding a night course at the Taney School on Big Bear ridge. There will be nine more night meetings. The subject taken up is "Soil Management." The meetings will be held on Tuesday evenings at 7:30 sharp. Everybody come and make it a success.

Card Of Thanks

We wish to express our sincere thanks and appreciation to our friends and neighbors for their many kindnesses extended us during the illness and after the death of our daughter, Lola. Especially do we wish to thank the singers and those who gave the many beautiful floral offerings.

Mr. and Mrs. C. H. Fry and family.

Price Doesn't Always Mean a Quality Item

AS A COOL ANALYSIS OF FACTS WILL PROVE TO YOUR OWN SATISFACTION.

Let us First Consider Coffee— You enter a store. A new brand— or perhaps a brand you have been using—greet's your eye. Put up in a very attractive package — and sold for a high price — but that coffee is not necessarily the best for the money. In all probability a standard brand—in a rather plain package—and selling for less — is really the best buy. It's the best buy because more real coffee goodness is offered for the same amount (or less money) and more real coffee flavor.

AT THIS STORE— Only standard brands of coffee as well as standard brands of canned goods will be found. Once you become a "Standard Goods" convert you too will realize that the most for your dollar lies in the standard brand item.
