

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Japan walked out of the international naval conference last week and 13 years of limitation of sea armaments went by the boards. A naval race immediately loomed as a possibility, although all delegations, including the Japanese, said they wanted to avoid this competition. Japan's move, reminiscent of her withdrawal in 1933 from the league of nations, was because the four other powers refused to grant her naval parity with the United States and Great Britain. It marked a further severance of her ties with the western world.

Canada's six red-robed supreme court jurists last Thursday began to hear arguments on whether Canada's so-called "new deal"—consisting of eight statutes passed by parliament in 1934 and 1935—was within the jurisdiction of the dominion government. The federal government asked the court to decide whether the measures, designed to improve social and economic conditions, infringed the rights of the provinces. N. W. Rowell, one of the dominion counsel, began the arguments in one of the most important legal battles in the history of the dominion, contending that amendments to the criminal code to implement the findings of the commission on price spreads and mass buying were within the power of the dominion. Canada's written constitution, the British North American act, defines the jurisdiction of the dominion and the provinces along somewhat the same general lines as the constitution of the United States defines the rights of the federal and state governments.

The soviet union's answer to what it calls war threats from Japan and Germany was an announcement that the red army, already the largest in the world, has been increased during the last year to 1,300,000 men. In addition to this, the bolsheviks estimate they have a trained reserve as large as that under the czars, estimated at from ten to 12 million men. A wild ovation greeted the announcement of the army's huge size by the tall and handsome Mikhail Tukhachevsky, assistant commissar of war and one of five men recently appointed marshals, to the plenary meeting of the central executive committee of the communist party.

Bruno Richard Hauptmann, convicted Lindbergh baby killer, was saved temporarily from the electric chair last Thursday by a 30-day reprieve from Gov. Harold G. Hoffman. It came only 29 hours before the time of execution. "I am granting a reprieve," said the governor, "for divers reasons which I do not care to disclose at this time." The reprieve, though only for 30 days, actually assures Hauptmann of at least eight more weeks of life and perhaps three months due to the fact that it will be necessary to re-sentence him. Gov. Hoffman acted soon after the United States supreme court, in a one-sentence decision by Chief Justice Hughes, denied Hauptmann's appeal for a writ of habeas corpus and a stay of execution.

Adolph Hitler's minister of propaganda declared Friday night Germany has no intention of interfering in what he called the "English-Italian-Ethiopian conflict," but he warned that Germany eventually will demand colonies for itself. "The Italian people also must live," said Dr. Joseph Goebbels, one of the reichfuhrer's principal aides, in a speech before a mass meeting of 25,000 persons. "Whether in this particular case the methods employed are correct is a matter on which I reserve judgment. * * * What others possess we must also possess."

New Pastor To Be Installed

On Sunday afternoon, January 26, at 2 o'clock, Rev. Ervin E. Krebs of Lewiston will be installed as pastor of Zion Lutheran Church at Juliaetta. The installation service will be conducted by the Rev. Theodore Meske of Cameron.

Pastor Krebs is a graduate of St. Paul Luther College and Theological Seminary in St. Paul, Minnesota. He entered the ministry in 1928, serving as pastor of St. Paul Lutheran church in Castle Rock, Washington, for seven years.

Since November, 1935, he has been pastor of Trinity Lutheran church in Lewiston.

Services will be conducted at Juliaetta every second and fourth Sunday of the month. These services will be conducted in the English language unless otherwise announced.

The public is invited to attend the services.

Nez Perce County Have Nurse

At a meeting of the Nez Perce county commissioners last week the decision was reached to hire a full-time public health nurse in the rural districts. The nurse will work among the school children and incidentally in the homes. When employed the nurse will be under the direction of Health Officer Lyle. In the conference with the commissioners it was pointed out that epidemics of contagious diseases could be prevented by a trained nurse.

W. K. S. GREGORY DIES AT JULIAETTA HOME

W. K. Gregory, prominent cherry grower of this section passed away at his home near Juliaetta at 5:35 on the evening of January 18, from heart disease. Mr. Gregory was stricken very suddenly on the evening of January 17.

Mr. Gregory was born 69 years ago in Worcester, England. He came to this country in early manhood and settled in Wisconsin. He came west in 1901. For many years he has been engaged in cherry growing near Juliaetta, Idaho.

He leaves to mourn their loss, a wife, Rose Gregory; a daughter, Mrs. L. M. Dawald, of Athena, Oregon; a son, Vernon Gregory of Juliaetta, Idaho, and three sisters, who reside in England.

Beautiful and impressive services were conducted for Mr. Gregory, Monday at 2 o'clock from the Vassar-Shaughnessy-Rawls chapel in Lewiston, Idaho.

The Kendrick Masonic lodge conducted the services at the grave. Pallbearers were John Woody, Oscar Raby, E. A. Deobald, Lester Crocker, George Davidson and Lester Nelson. Burial was in a beautiful section of Normal Hill cemetery.

Mr. Gregory was a man of great learning and culture, who worked unceasingly for the better things in farm and community life. He was a man of sterling character, loved and respected by all.

We wish to take this opportunity to thank those who assisted us in any way during our recent bereavement caused by the passing of our beloved husband and father. Especially do we thank the Kendrick Masonic Lodge and all those sending the beautiful flowers.

Rose Gregory,
Mrs. L. M. Dawald,
Vernon Gregory.

Mrs. William Whybark Passes

Esther Eleanor Harris was born February 12, 1880, at Fort Ransom, North Dakota, and departed this life at her home in Deary, January 19, 1936, at 6:00 in the evening, aged 55 years, 11 months and seven days.

In the year 1893 she removed from North Dakota to the state of Oklahoma, and three years later she was united in marriage to William M. Whybark. To this union 13 children were born, eight of whom survive. They are: Mrs. George Ecker and Mrs. John Warner of Deary; also Mrs. Esther Madden of Oregon City, Oregon, and Tom, Jack, Joe, Ruby, and Dan Whybark of Deary. Thirteen grandchildren and two brothers, Jack Harris of Lewiston and George of Oklahoma, also survive.

In the year 1898, she, with her family, removed to Idaho and she lived the remainder of her life in this state, the last 35 years of which were spent on Bear Ridge. She was a faithful wife and devoted mother and she leaves to mourn her departure not only the members of the immediate family, but also a host of friends in the communities where she has lived.

Interment was in Wild Rose cemetery, Big Bear ridge, Tuesday, January 21, with Rev. T. E. Poindexter of Kendrick in charge.

Dear Mother

More homelike seems that vast unknown Since you have entered there: To follow you were not so hard Wherever you may fare You cannot be where God is not On any sea or shore Tho' darkness hide, they love abide Our God forevermore.

Card Of Thanks

We wish to thank those kind friends and neighbors who so willingly aided us in our hour of need. Especially do we thank those who gave the floral offerings and those who sang.

William Whybark and Family.

IDAHO STATE LIQUOR BOARD'S PROFITS FAT

The following article is by H. H. Miller, the Lewiston Tribune's Boise correspondent:

"The Idaho liquor control commission is in the paradoxical situation of having succeeded so well that the members are afraid:

In other words, the commission ended the first year of operation, which really was only about seven and a half months, with a net profit of \$450,000, or at the rate of considerably more than \$600,000 for a full year.

The reluctance of commission members, and particularly of Homer Moore, the business agent of the commission, to brag over the showing, arises from the fear that this profit will be used as an argument for prohibition.

Moore takes the title of the liquor act, "an act to promote temperance," rather more seriously than one might expect of a business man naturally proud of his volume of sales and margin of profits.

"We must," he remarked in a friendly talk the other day, "find some way of curtailing this flood of liquor, or the drys will be provided a powerful weapon to fight for repeal."

He makes no secret of the fact that he would prefer to see an increase in the consumption of wines, particularly the lighter wines, and a marked reduction in the consumption of the hard liquors.

He cannot, however, as he is the first to make plain, control the tastes and appetites of others.

Commission members themselves feel the business management of the liquor trade is their largest accomplishment to date; the failure to control private dispensers of liquor is generally regarded as their worst failure.

The commission at the start adopted the attitude that enforcement of the liquor act is entirely up to the county and city law enforcement officers, and that it would be improper for the commission to interfere with local officers in this matter.

Such a attitude was not only convenient at the time, but politic. It put the commission in the enviable position of not having to interfere with the speakies in towns where public opinion demanded them; and at the same time relieved the commission from any blame from the drys for the existence of such places.

The almost universal failure of local officials to enforce the law, however, and the spawning of a mushroom growth of speakies all over the state; the fact that because of high beer licenses the average beer dispenser is simply compelled to keep whiskey also; all have united to convince the more thoughtful of the commission personnel that the commission started on the wrong foot, and must turn around and start vigorous action if possible, to prevent such abuses as will lead to the growth of a strong prohibition movement.

Recognizing the difficulties inherent in any form of liquor control, the commission and most thoughtful observers believe that aside from this serious weakness the Idaho law has worked out much better than even its proponents had at first hoped for it.

Final Tabulation Digest Poll

Final tabulation of the Literary Digest poll last Friday, showed 62% of nearly 2,000,000 voters were opposed now to "the acts and policies of the Roosevelt new deal to date."

The Literary Digest reported a complete vote of 1,907,681, of which 1,195,313 votes, or 62.66%, were against Roosevelt policies, and 712,368 or 37.4 per cent, were in favor of them. Utah and 11 southern and border states gave a final verdict in favor of the new deal, while the other 36 states registered majorities against it.

The Literary Digest's editors said the current poll represented a 54 per cent increase in ballots over the number cast in 1934 from virtually the same list of names.

The "straw ballot" in Idaho was 2,267 yes and 3,789 no; Oregon 7,912 and 10,741; Washington 12,131 and 20,356.

Illustrated Lecture

Thursday, January 23, an illustrated lecture on soil erosion will be given at the Cameron school house at 7:30 p. m. The lecture will be the fourth meeting of the regular evening school now being held.

Soil erosion experts from Pullman will be in charge. Everyone is invited—there is no charge.

INTERESTING NEWS NOTES FROM OUR PUBLIC SCHOOLS

The boys' and girls' glee clubs are planning on presenting a musical program in February, with the title of "Tiger Melodies." The theme is centered around college life, and will feature popular and semi-popular music. The choruses will be made up of about 25 members under the direction of Mr. King.

Report cards were distributed on Wednesday of last week. Grades in general were higher than at either of the two former grading periods. Those receiving high honors for the semester were Arlene Deobald, Nolan Weeks and Mary Elizabeth Thompson. Those receiving honors for the semester were Elmer Emery, Roy Ramey, Joe Watts, Emil Siffow, Francis Locke, Jean Bigelow, Lorraine Woody, Leon Lind, John Wallace, Veva Berreman, Mary Davidson.

The student body was entertained on Friday afternoon by the boys' and girls' glee clubs. The program included numbers by the glee clubs as well as the boys' quartet and the girls' trio, and ended with the skit, "Elmer's Music Lesson," a bit of comedy based on "The Music Goes Round and Around."

The Tigers' Lair

By Spoo Pumpernickle

The last week was a disastrous one on the hill-top: disastrous in one way and pleasant in another. The Tigers lost a heart-breaking game to Culesac on Friday, but collected their abilities enough to down Southwick on Saturday. Both games were played without the services of Ramey and Schoeffler. Ramey being on the shelf from an attack of flu, and Willard on the bench as the result of a protest against his eligibility.

The game at Culesac saw the locals outplayed by a smart Culesac team. The opponents took advantage of the breaks to down the Tigers 21-14.

Saturday's games—both boys and girls—were thrillers! The Tigerettes broke the ice with a close last-minute victory over the Southwick girls by a 10-8 score. It was a real victory for the girls—as they have threatened to win several times but lacked punch. This time it was different. Then the boys put on a show, and a real show it was. Kendrick lead at the half by five points, only to see it vanish as the game drew to a close. The locals played their best ball the last three minutes when they executed a perfect stall game. The lineup:

Girls	
Kendrick (10)	(8) Southwick
Fry 3.....F	6 Armitage
Crocker 7.....F	2 Stump
Davidson.....C	Whitner
Halseth.....C	Choate
E. Hill.....G	Lettenmaier
Thompson.....G	Bateman

Boys	
Kendrick (21)	(18) Southwick
Hund.....F	2 Southwick
Johnson 2.....F	2 Smith
Wallace 2.....C	2 Jones
Hartung 8.....G	Mustoe
Emery 9.....G	6 T. King

Subs were: R. King (6) for Southwick.

HawkShaw On Duty

Some people thrive on sunshine; other people thrive on rain; HawkShaw thrives on dirt.

It is notable the way "Birds of a feather flock together"—take the Juniors for instance * * * Local boy makes good—Arnett makes successful debut as popcorn seller * * * The Seniors are about as fast making up their minds as an old maid trying to decide which frock to wear to a burlesque show * * * King suggests that Veva and Mary consolidate those two English relics and make One Good One * * * M. Halseth seems to be getting the fever rather early from all reports — I mean spring fever??? Then there was the country maiden who thought that a jewelry store was the place where watches are fixed!!!!

And that will be plenty until I see you in the funnies. Ever the supersnooper — HawkShaw?

Eight-Eight Bridge Club

Mr. and Mrs. H. B. Thompson entertained the Eight-Eight Bridge club Thursday evening of last week. High scores for the evening were awarded F. B. Higley and Ethel Emery.

Mr. and Mrs. E. T. Long were invited guests.

Potato Grading Contest

The Kendrick Ag. boys placed second in a potato judging contest held at Lewiston on January 17.

One hundred potatoes were graded. The boys were required to place and give reasons on a set of ten.

Bud Magee, Roy Fairfield, Roy Thomas and Frank Arnett made the trip.

Bud Magee was second high in individual score at the contest.

W. W. P. CO. TO IMPROVE TRANSMISSION LINES

A program of construction and renovation of 100 miles of transmission lines and three sub-stations, to provide for increased loads and to improve operating conditions and the continuity of service in the Palouse region has been started by the Washington Water Power company, according to an announcement by A. J. Turner, chief engineer.

As a result of this program the towns of Colfax, Pullman and Moscow will be placed on the 110,000 volt transmission system of the electric service company and more power will be available to the entire region. Crews already organized, and totaling 100 men, will be employed on the various projects which are expected to be completed by August 1.

Line crews will re-insulate 62 miles of line from Lind to Colfax, increasing the capacity of the line from 60,000 volts to 110,000 volts and will re-insulate and re-string 16 miles of line between Colfax and Pullman, increasing the capacity from 60,000 volts to 110,000 volts. Other crews will construct a new ten-mile 11,000 volt line between Pullman and Moscow and will replace the 15 mile transmission line between Moscow and Palouse with a new line insulated for 110,000 volts.

New 110,000 volt substations will be constructed at Colfax and Pullman. The present substation at Moscow will be completed and converted from 60,000 volts to 110,000 volt capacity.

If "Old Hickory" Could Speak

January 8 was Jackson Day all over the United States and in some quarters it was pretty generally observed. There can be no criticism of this. Old Hickory was a sturdy American and a strong constitutionalist. He opposed nullification and he was against governmental interference in the business of the individual when this could possibly be avoided.

This year, as is generally the case, the observation of Jackson Day was a partisan one. Why this should be true in these modern days of the New Deal is a little difficult to understand. It is easy to visualize Old Hickory's approving of some of the planks of the 1932 Democratic platform—now apparently forgotten—but it is a little hard to see how he would have given any great amount of approval to the theories of the New Deal, most of which are diametrically opposed to the working theories of Andy himself.

For example, in his second message delivered December 6, 1830, President Jackson said:

"It was a leading object with the framers of the Constitution to keep as separate as possible the action of the executive and legislature branches of the government. Experience abundantly demonstrates that every precaution in this respect is a valuable safe guard to liberty."

Relief Work Order Modified

Authorization for modification of the stringent federal regulation regarding the placing of workers on federal projects and the mandatory provision that they must have been on relief between May 1, 1935 and Nov. 1, 1935 before being certified for jobs, was received by Captain Arthur Ward, Nez Perce county administrator, from Peter H. Cohn, director in charge of the Idaho Co-operative Relief agency with headquarters at Boise. The telegram reads:

"You are authorized to certify to the works program persons who were on relief between Jan. 1, 1935 and Nov. 5, 1935 and who are now eligible for relief. This supersedes any previous instructions to the interpretation of the order, it is asserted that four additional months are accorded workers and that if they have been on relief during the specified time, they will now become eligible for employment. It is estimated that the order will affect about 200 in Nez Perce county.

Wouldn't you like to be as certain about any one thing as the average Brain Truster is about everything.

GRAIN MARKET SLIGHTLY WEAKER DEMAND SLOW

Domestic grain markets turned slightly weaker during the week ended Jan. 17, despite firmer foreign markets, according to the Weekly Grain Market Review of the United States Bureau of Agricultural Economics. Growers and country shippers appeared more inclined to sell grain and marketings increased. Demand, on the other hand, remained dull, with flour buyers, feed manufacturers and distributors mostly purchasing for current needs and reluctant to accumulate stocks pending determination of national policy affecting agriculture and industry. Wheat was slightly lower with declines greatest in Central Western winter wheat markets. Rye was barely steady, although a good inquiry prevailed for milling quality. Corn was down 1c to 2c per bushel, compared with a week ago, with larger market receipts and a slow feeder and industrial inquiry the principal weakening influence. Oats weakened with corn as offerings increased. Barley was somewhat unsettled while feeding types were slightly lower. Malting barley was somewhat firmer with an active inquiry.

While domestic wheat markets turned slightly weaker, the general situation remained firm, influenced principally by lighter offerings of Australian wheat and prospective short supply in Argentina. Preliminary official estimates indicate a total Southern Hemisphere supply, including crops and carryovers in Argentina and Australia, of around 322,000,000 bushels this season, as against 428,000,000 bushels a year ago.

Inquiry for cash wheat in domestic markets remained dull, reflecting continued slow demand for flour. Marketings of spring wheat were only moderate, with a total of 727 cars received at Minneapolis and 82 cars at Duluth. While bright, high protein lots sold at steady premiums at Minneapolis, poor color and light weight wheat sold slowly. Since mills were making flour contracts subject to another new tax which might be imposed, most flour buyers were purchasing for immediate needs only.

Winter wheat markets weakened with increased offerings and a continued slow milling inquiry. Receipts at the principal markets increased to 1,411 cars compared with 908 cars for the previous week. Shipping inquiry was slow at Kansas City and a storage interests limited purchases because of the smaller outlet.

Intermountain and Pacific Coast markets were generally quiet, with prices mostly lower compared with a week ago. Denver mills were bidding \$1.07 per bushel for No. 2 Northern Spring and No. 2 hard winter, 15% protein, FOB Colorado shipping points, while mills at Ogden were offering 79c for soft white, 97c for No. 2 hard white, and No. 2 northern spring, and 93c for No. 2 hard winter, FOB Utah-Idaho common points.

Prices were slightly lower at Portland, with local mills furnishing the principal outlet for current offerings, which totaled 436 cars at Puget Sound and Columbia River terminals. Some high protein wheat was sold to California but bids from Central Western and Atlantic Coast and Gulf markets were below current values. At the close of the week, 13% protein hard white wheat was quoted at Portland at \$1.25, ordinary protein hard white at \$1.23, with 12% protein dark hard winter at \$1.14, soft white, western white, hard winter and western red and hard winter were quoted at \$1.23 per bushel basis No. 1 sacked. 16 per cent protein dark Northern Spring from Montana was quoted at Seattle at \$1.43 per bushel.

California markets were quiet but prices were practically unchanged. The influence of the lower prices at Eastern points and more favorable prospects for the new crop were about offset by continued light marketings. Demand was slow for milling wheat. Inquiry for feed wheat slackened as a result of declines in egg prices and more active competition from feed barley. Stocks of wheat in California at the first of January were about 1,250,000 bushels larger than a year ago, according to trade estimates. Milling concerns and industries at Los Angeles were displaying little interest in current offerings and were mostly utilizing supplies purchased earlier in the season. At the close of the week, No. 1 hard white was quoted at San Francisco at \$1.60—\$1.62½ and No. 1 soft white at \$1.17½ per 100, sacked. At Los Angeles, both hard and soft white wheat were quoted at \$1.60 per 100 lbs.

"Black Sheep" at Theatre
The story of "Black Sheep" is made up of "black sheep" of several different characters who are aboard an ocean liner and each one is naturally trying to work his or her special "racket" upon unsuspecting people. The "black sheep" were made up of an international gambler, temporarily deserted by Lady Luck; a vivacious and nifty lady who calls herself an actress, the wasteful scion of a proud

Boston family; a vampish jewel thief and would-be smuggler; two middle-aged playboy amateur card sharps from the prairies; a genial perpetual drunk; and a Hawkshaw detective. The entire play is along the line of the "Grand Hotel" episode entertainment idea, so popular over the radio, and it combines romance, drama, comedy and adventure thrills and a vein of "believe it or not" human interest. It's a good yarn and you'll surely get a big kick out of the way different people try to work their pet racket.

GEORGE V. BELOVED KING
OF ENGLAND DIES MONDAY
King George V died Monday night
just before midnight after a sudden,
four-days' illness. He was 70 years
old.
The Prince of Wales, 41-year-old
bachelor who automatically became
ruler of the far-flung British Empire,
was present at the bedside, along
with Queen Mary, the Princess Royal,
the Duke of York and the Duke and
Duchess of Kent.
It was the 26th year of George's
reign through an eventful period of
world history during which he won
the love and respect of his 450,000,000
subjects.
At the moment of his death the
popular Price of Wales automatically
became King although many formal-
ities must be gone through with. He
is the first bachelor to ascend the
throne of Britain in 176 years.
His death came as a shock be-
cause the formation of a council of
state gave the British people, hope
that it would be merely a prolonged
illness and that recovery was possible.

Free Farm Record Books Available
The AAA farm record books are
now available for use in 1936. The
Latah county agent's office states
that there are enough of these free
record books to supply every farmer
who wishes to use one. The recent
Supreme court decision will not af-
fect the availability of these record
books as a full supply for the com-
ing year was received before the de-
cision was announced.
The record books are the same as
those used last year. According to the
county agent's office over 300 farm-
ers made use of these books last
year and found them well suited for
keeping a complete but simple record
of their farm business.
The county agent's office reports
that the experience of the farmers
with the adjustment programs during
the past two and one-half years has
proved definitely that a good farm
record is worth several times over
the time spent in keeping it. As the
nature of future agricultural programs
is still uncertain, it might be a wise
plan to start the new year off right
by getting a record book and be-
ginning a record of farm business.

LENORE NEWS NOTES

Harve Southwick and Irene South-
wick attended the funeral of Mrs.
Chester Lesser at Orofino Saturday.
Mrs. Lesser lived here for a time.
Henry Davis returned home after
spending the past week cutting wood
with Will Dygert.
The Lower Cream Ridge school
opened Monday, Jan. 20. It has been
closed two weeks because of measles.
There are only two cases in the com-
munity now.

CRESCENT CLIPPING
Mr. and Mrs. L. A. Watson and
son Dick and Mrs. Anna Kimbley
and daughters, Miss Irene and Edna,
were Sunday dinner guests of Mr.
and Mrs. Axel Swanson and family.
A mistake was made in the items
last week—Raymond Helm, but not
Robert, has the mumps. Both boys
missed school on Monday and we
understood both were sick.
C. E. Harris is doing some black-
smithing for John Darby this week.
We understand Mrs. Alfred Swan-
son has the mumps now.
Miss Frances Farrish spent the
week-end at her home near Asotin.
C. E. Craig shipped three carloads
of cattle Saturday.

Degree Team To Lewiston
The second degree team from Ken-
drick I. O. O. F. lodge went to Lew-
iston Tuesday evening where they
gave the work to ten candidates from
Kendrick, Lewiston and Moscow. A
splendid time was reported by those
in attendance—in addition to those
who took a turn at the goat and have
not as yet reported.

Relief Awaiting Needy Farmers
The Rural Rehabilitation Program
is able to make grants to needy farm-
ers and farm laborers. These grants
are repayable in work on such pro-
jects as the Resettlement Administra-
tion shall set up within the next six
months. All farmers and farm labor-
ers who are in need and have either
established their relief status with
federal or state relief agencies or
have recently made application for
relief, are urged to contact the Idaho
Cooperative Relief agency in the city
hall building at Moscow for the neces-
sary references. Other farmers and
farm laborers who are in need, con-
tact the Rural Resettlement Division
in the city hall building at Moscow.
Latah county was given a quota of
57 emergency grant applicants. To
date, 15 families have applied for aid
and have been taken care of. The
administration is desirous of filling
its quota before the first of February.

Still Balmly Weather
We were informed the other day
that a request had been made a re-
turned visitor from another section
of the country that readers there
would like to have us give a report
on the weather here each week. Well,
that is hardly necessary, as we have
nice weather here most of the time
and this winter, as well as the two
preceding, has been all that could be
asked in the way of climatic condi-
tions.
The coldest weather thus far this
winter was in October, when the
mercury reached six above zero (and
as far as we are concerned, that is
low enough). While there has been
considerable rain and a little snow
in the canyon, there has thus far been
no indication of a flood in the Pot-
latch. The upper sections of this
part of the country have had plenty
of moisture and most of it has gone
into the ground. For the most part,
the weather has been balmly and more
like early spring than "winter."

Doves Have Arrived
Newt Ware, who lives just across
the Bear creek bridge, east, reported
Wednesday morning that a flock of
turtle doves had arrived and lit in
a small grove near his place, where
each year many of them nest. He
was wondering if spring "is just around
the corner" sure enough, or had the
doves been fooled by some mislead-
ing report when they left their win-
ter quarters.
A couple of peewees were also heard
in the canyon Tuesday, which also
may have been deluded by the weath-
er man—but we hope not.

Water Works Job Progressing
We haven't the actual figures on
the job of laying pipe to the Stanton
spring, or from it, rather, to the Gal-
loway spring, but report is to the
effect that work is progressing in
good shape. When completed this
additional spring will give Kendrick
a much larger supply of pure spring
water at all times.

Business Houses Open
The Thomas Creamery cold storage
department opened for business on
Saturday, January 18, and Mr. Thom-
as reports a very satisfactory call for
these boxes—quite a number having
been rented to farmers and business
men. More will be taken out by the
farmers as the butchering season gets
farther under way.
The Perryman Confectionery opened
for business Friday, and Mr. Perry-
man reports a very satisfactory busi-
ness since that time. Opening day
the Clearwater Creamery, with L.
Houck as representative, presented
the establishment a huge basket of
beautiful cut flowers.

Death Of Richard Zell
Word was received last week of
the death of Richard, 16-months-old
son of Mr. and Mrs. A. F. Zell, of

Grover every Tuesday night on his
trip to Bear Ridge to the meetings
held at the Taney school.

P-T. A. Program
The regular monthly meeting of the
P-T. A. was held on Monday even-
ing, January 20. The program was
in charge of the ladies.
Based on the history of Idaho, the
program included: History—read by
Mrs. Helen Boyd, Mrs. Don Miller
and Mrs. Lester Crocker; The West,
by Mrs. Emery; solo by Miss Ross,
accompanied by Miss Allene Rider;
vocal duet by Mrs. Poindexter and
Mrs. Christensen, accompanied by
Mary Elizabeth Thompson; trio, Mrs.
Ramey, Mrs. Higley and Mrs. Thom-
as, accompanied by Mrs. Emery; and
several songs by the Idaho Wranglers.
The program closed with a musical
reading by Mrs. Tully (nee Miss Edith
Lennox).

Aid Well Attended
The regular social meeting of the
Ladies Aid of the Community church
was held at the home of Mrs. R. H.
Ramey on Friday, with Mrs. R. L.
Blewett, Mrs. Paul Lind, Mrs. Ira
Havens and Mrs. Wade T. Keene as
assistant hostesses.
There was a display of Indian
relics by Mrs. A. C. Deeter which
was notable for its variety and the
numerous pieces. Several antiques
were also displayed by Mrs. Deeter
and a number of other ladies dis-
played many keepsakes and relics
that were very interesting as well as
valuable.
A lovely lunch was served by the
hostess during the afternoon and two
numbers were rendered by the High
School quartet.
The attendance was large and there
was much interest shown in the ex-
hibits.

cousins.
Mrs. Elizabeth Keeler, who has
spent the past few months at the
home of her daughter, Mrs. Rose
Farrington and family, left Monday
for Kellogg, where she will spend
the remainder of the winter with her
daughter, Mrs. Dorendorf.
Gordon Peters returned Sunday
from a six-weeks visit with relatives
and friends at Dutton, Montana. He
reports fine weather there, but that
very little moisture had fallen this
winter. He said the farmers are
prospering and that many new homes
had been built and other farm im-
provements made.

Bridge Party
Mr. and Mrs. Geo. Leith entertain-
ed four tables at bridge Monday even-
ing. High score for the men was
awarded to Roy Ramey and high
score for the ladies went to Mrs. W.
L. McCreary. Delicious refreshments
were served by the hostess during
the evening.
Those present were Messrs. and

An Explanation and Appeal

We realize that for the past month our service has been very erratic. But as everyone knows, our plant is completely electrically equipped and when the power is off, as has been the case so often the past month, our equipment does not operate.

On inquiry the W. W. P. officials state there is considerable new line construction in progress and that this necessitates closing down for long periods. However, after making an exhaustive research, we find this is not the case, and are issuing an appeal to

all families who live along the power line to kindly keep their male dogs chained at home.

Frank Curtiss: "Does your wife believe all you tell her?"

Dick Blewett: "Does she? Why she believes lots of things I'd never dream of telling her."

Doc. Christensen: "Is the night nurse giving you proper attention?"

"Marvin Long: "Not exactly, but I'm perfectly satisfied."

"How is it that you can kiss so divinely?"

"Oh, I used to blow the bugle in the Boy Scouts!"

Mrs. Mary Kauble is visiting at the Clarence Henderson home.

Mr. Schussler was taken ill Friday and has been in Lewiston taking treatments since that time.

You will be surprised at the "drawing power" of a small ad. in the Gazette. They get results.

AMERICAN RIDGE

With the death of Mrs. Frank May on Tuesday afternoon the community loses one of its oldest and most respected pioneers. Mrs. May leaves three children: Warney, Archie and Dora, all residents of this section. Since Mrs. May has been making her home on the ridge with her daughter, Dora, she has become a friend of all who knew her. Funeral services were held at the Bethel church at 11:00 a. m. Thursday.

Mrs. George Davidson, who has been ill at a Moscow hospital, returned to her home on Saturday.

Mrs. Guy Foster came to the ridge on Wednesday to be a guest of Mrs. Walter Benscoter.

George Davidson and John Woody were pallbearers at the funeral of W. K. S. Gregory, of Juliaetta, at the Vassar-Shaughnessy-Rawls parlors in Lewiston on Monday.

William Cox and Mr. and Mrs. Warren Cox were in Lewiston on Tuesday.

Mr. and Mrs. Harry Benscoter and sons visited Mr. Benscoter's parents in Clarkston over the week-end.

Among those from the ridge attending the basketball game in Kendrick Saturday night were Walt Bigham, Mr. and Mrs. Norla Callison, Mr. and Mrs. Walter Benscoter and Mr. and Mrs. Frank Benscoter.

Claude Woody was referee at two basketball games this week—one at Juliaetta and one at Southwick. Chet Woody also attended the Southwick game. He received a broken nose while playing in the town game.

Callers at the George Havens home on Tuesday night were Mr. and Mrs. Andrew Cox, George and Ted Davidson and Barbara and Walt Bigham.

The Misses Alma and Merna Cox spent Sunday as guests of the Mattoon girls.

In celebration of their ninth birthday anniversary the Benscoter twins had as their over-night guests on Wednesday night Jackie and Ray Benscoter and Billy Davidson.

Mr. and Mrs. George Havens and son Ira were visitors at Mrs. Havens' parents at Southwick on Sunday. Other guests were Rev. Meske and Walter Koepp.

Charles Guy is visiting at the home of his sister, Mrs. Frank Benscoter.

Junior May was a guest at the Mattoon home on Monday night.

Mr. and Mrs. Walter May and Mr. and Mrs. Warney May were in Moscow on Wednesday. Mr. and Mrs. George Davidson were also in Moscow on that day.

Dr. Elliot was called to the Warney May home on Wednesday to attend a sick horse.

Road Work Start Next Monday

It has been learned from authoritative sources that work on the Cedar creek road will start next Monday, January 27. Work has been delayed because of the slow delivery of machinery and other equipment, but this having been overcome, there is every reason to believe that actual moving of dirt and rock will start as scheduled.

The number of men who will be employed at the start is not known at this time, but all who have been on relief between January 1 and November 5, 1935, will be accepted on the WPA work. This is considerably broader in scope than the first order and will give several more in this community a chance to get on the job.
