NO. 12

## HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Madrid—Mobs of extremists roamed the streets of the Spanish capital Sunday setting fire to churches and convents and shouting, "Burn all the pope's property." The latest outbreak of political disturbances was the signal for an emergency meeting of cabinet ministers after the roving rioters had set fire to a newspaper plant, three church buildings and engaged in numerous street encounters. The plant of La Nacion, rightist newspaper which criticized leftists for the recent campaign of terrorism, was gutted by fire. The rioters transferred their disorderly attentions to the San Luis church in the busy downtown section, set fire to the building and held off crowds of spectators with machine guns and pistols.

Boise—President Roosevelt gave assurance that the \$2,000,000 made available for white pine blister rust control in Idaho last year will not be withdrawn. Gov. C. Ben Ross said on his return from Washington, D. C. "This means," the governor observed, "that we shall be in a position the next three summers to provide work for approximately 6,000 men in our timber to preserve it and at the same time to protect our watersheds." Idaho will lose some of its civilian conservation corps camps, he added, "because the president insists that the enrollment nationally in the CCC must be reduced from 500,000 to 300,000."

Washington—The knotty problem of writing a \$792,000,000 tax bill for President Roosevelt virtually has scuttled congressional hopes for May 1 adjournment. Words to this effect circulated on Capitol hill even as the administration's relief program for the next fiscal year—another potential source of delay—began to take form with the president preparing his recommendations for submission to congress before heading for southern fishing grounds Thursday. Even Speaker Byrns conceded that adjournment by May 1 looked less promising than it did before a house ways and means committee ran into difficulties over the tax program. But he added that he was not yet ready to revise the goal fixed earlier.

Atlanta—Backed by a \$10,000,000 "war chest," Governor Eugene Talmadge defied a court ruling that state funds could not be withdrawn from four depositories under the financial dictatorship he set up January 1. "The steel had to hit the rock," he commented. "You are going to see some sparks fly." What course he planned to pursue was not disclosed. He conferred with Adj. Gen. Lindley Camp, head of the national guardsmen who patrol the treasury, but attorneys said a legal appeal, rather than martial law, probably was planned.

Los Angeles—A night surgeon at the city emergency hospital sewed six stitches in the heart of a man stabbed in a street brawl—and the patient lived. Dr. A. E. Savarien performed the operation, first in the 30-year history of the hospital upon Francisco Parra, 55-year-old Mexican laborer. The operation required two hours. The surgeon removed three-inch pieces from two of Parra's ribs, exposing the heart. Then he sewed the long gash in the pericardium or heart covering. Parra's left lung was also punctured by the same knife.

## McAllister-Smith

Miss Nona Beryl McAllister, daughter of Mrs. S. A. McAllister of Kendrick, and Raleigh Webster Smith, son of Mrs. Russell Smith of Leland, were married March 14 at the Corbin Park Methodist parsonage in Spokane by Rev. Howard Graybeal, formerly of Leland.

The bride wore a lovely gown of white satin, with a corsage of white gardenias, and was accompanied by Miss Burneda Cummings. The bridegroom was attended by Wilbur Corkill. Mrs. S. A. McAllister and Mr. and Mrs. Lyle Webster of Spokane were witnesses.

Mr. and Mrs. Smith are both graduates of Kendrick High school and both attended the University of Idaho, Mr. Smith graduating from that institution with the class of '35.

The newlyweds will make their home at Mullan, where Mr. Smith is engaged as electrical engineer for the Morning mine.

The best wishes of the friends of this estimable young couple go with them.

## Dora May To Hospital

Miss Dora May was taken to the Gritman hospital, Moscow, Sunday, for medical treatment.

## Road Graded

A badly-needed job has finally been done—the road between Kendrick and Juliaetta was "bladed" Monday and many remarks about the improvement have been heard. The road from Juliaetta to Arrow had already been graded some days before and now autos can make the trip all the way in a fairly comfortable way. Of course—the lower half is none too good—but much better than it has been for some weeks.

## PRIVATE UTILITIES DISCRIMINATED AGAINST

Calling attention to the tax discrimination against the private utilities, Frank T. Post, president of the Washington Water Power Company, in his current letter to stockholders points out that farmers, homeowners and all other taxpayers are penalized by the present taxation program, which excludes municipally-owned electric utilities.

In his letter Mr. Post says: "Doubtless you have been reading about the message of the President to Congress calling for an increase in Federal taxes to be paid mostly by corporations and that a Congressional committee is now at work upon such a bill. Whatever the form of the bill may be, we may expect in the immediate future the passage of some act of Congress which will cause your company to pay more taxes to the federal government than heretofore."

"An increase in the taxes paid by your company aggravates the unfairness of a legal situation whereby city-owned electric utilities pay almost no taxes, while privately-owned electric utilities pay very high taxes. This is not only unfair competition but is also unjust to the farmers, homeowners and all other taxpayers."

"Comparing the payroll and taxes of the electric business of your company, we find that for each \$1.00 of payroll we pay 83 cents in taxes. Making the same comparison for Seattle City Light we find that for each \$1.00 of payroll it pays only 9 cents in taxes. That tax is not a property tax but an excise tax paid to the state."

"Seattle City Light and Tacoma City Light and other properties of like nature in this state and in all other states pay no taxes whatever to the federal government. The amount of taxes paid by your company to the federal government is about \$1,400 per day, and will be more under the new tax bill. Recently we have called this discriminatory and unjust tax situation to the attention of the powers that be in Washington, but are not hopeful of getting any results during this session of Congress."

## Mrs. Josephine Travis Dies

The following item concerning the death and funeral of Mrs. Josephine Travis, sister of Mrs. O. C. Aiken, Kendrick, was taken from Saturday morning's Lewiston Tribune:

Mrs. Josephine C. Travis, 34, wife of W. W. Travis, 1402 Fifteenth avenue, passed away at her home Friday morning at 3 o'clock after an illness of several months. She had been a resident of Lewiston since infancy.

Mrs. Travis is survived by a husband, two daughters, Betty Dean and Phyllis Verline; her parents, Mr. and Mrs. J. H. Bolon, Prosser, Wash., three sisters, Mrs. Anna Aiken, Kendrick; Mrs. Earl Juzeler, Granger, Wash.; Myrtle Bolon, Long Beach, Calif.; eight brothers, Walter, residing in Minnesota; Louis, Walla Walla; Ernest, Prosser; Fred, Endicott, Wn.; Ira, Lewiston; Sam Orofino; Archie, Yakima, and Ray, Prosser.

Funeral services were held from the Brower-Wann chapel, Lewiston, Sunday afternoon at 2 o'clock with the Rev. T. M. Bureson officiating. Interment was made in the Kendrick cemetery.

Pallbearers were Earl Swanberg, Max Lipps, Ted Marks, Harold Gustafson, Jeroy Flores and Bill Brice. Music was furnished by G. T. Barton and Marie Carson.

## Has Returned To Portland

Word has been received from B. Assman, who has spent the past winter in Long Beach, Calif., to change his paper to Portland, Oregon, his home town.

Of the California winter Mr. Assman said: "On the whole we had a very nice winter here in southern California; very little rain or fog, but probably a little cooler, especially nights, than some winters."

Mr. Assman spent a portion of last summer in Kendrick and vicinity looking after ranch interests.

## KENDRICK SUFFERS CRIME WAVE MONDAY NIGHT

For the first time in several months Kendrick experienced a crime wave—Monday night or early Tuesday morning, when the Perryman Confectionery, Evergreen Service Garage and N. B. Long & Sons store were entered and the 1935 Chevrolet car of Everett Crocker stolen from his home.

From the evidence uncovered it would seem that the business houses were entered in the order named, the bar evidently used to force the back doors of the institutions being found abandoned at the N. B. Long & Sons store.

At the Perryman Confectionery the storeroom door was forced open, a long bar between the floor and ceiling broken out and even the wood on the door-jam torn out. Evidence in the form of an "exploded" mouse trap would seem to point to their having been scared away before full entrance to the store was forced. Nothing was missing as nearly as could be found at this place.

At the Evergreen Service Garage the rear double doors of the repair shop were forced, the hamp being torn from the door centers and entrance thus gained. All tools were under lock and key, and nothing was missed there. They gave up trying to force the repair shop doors, barred from the inside, and which separate the work shop from the garage proper.

At the N. B. Long & Sons store the back door to the meat department was entered by breaking out a panel in the door and then using the steel bar, found abandoned there, to pry the lock off. This gave access to the store proper, the other doors of which were then opened. As careful a check as possible showed a pair of shoes missing, but possibly other goods were removed which to date have not been discovered.

The car stolen from Everett Crocker was parked at his home near an open bedroom window, and tracks in the soft ground showed that the car had been pushed away from the house by two and possibly three men—and then evidently started when at a distance from the house. This loss was not discovered until about 6 o'clock Tuesday morning. Mr. Crocker immediately notified sheriffs of both Latah and Nez Perce counties and the search immediately started. The exact hour of this theft is strongly indicated by the fact that one party is stated to have seen the car moving at high speed on the road, but as it was at night, was unable to see the driver, and thought perhaps it was Mr. Crocker on a trip regarding one of his trucks or freight business.

The car belonging to Everett Crocker was recovered Wednesday from its hiding place on Little Bear ridge, near the A. C. Deeter home, where it had been hidden in the brush. As near as could be learned at the time of going to press the car was undamaged with the exception of a flat tire. According to information given the Gazette the car was discovered by Ben Westendahl, who notified the sheriff's office in Moscow. Finger prints were taken from the car, but more definite information is lacking at present.

## Bridge Party

Tuesday afternoon Mrs. J. B. Helpman and Mrs. Helen Boyd entertained a number of friends in honor of their daughter and sister, Mrs. Gregory Eaves of Lewiston, who has been visiting them for the past few days.

Delicious refreshments were served at the close of play. The color scheme was in green in honor of St. Patrick's Day. High score went to Mrs. Lester Crocker and low score to Mrs. George Leith.

The guests were Mesdames J. M. Lyle, Jr., W. L. McCreary, F. H. Rider, W. B. Deobald, E. A. Deobald, R. H. Ramey, Geo. Leith, W. T. Keene, J. H. Cairns, H. B. Thompson, L. Crocker, Ethel Emery, W. A. Watts, Gregory Eaves and the hostesses.

## Shovel Arrives

The big yard-and-a-quarter shovel to be used on the WPA Cedar creek road project arrived Monday morning. Was "walked" across the creek that day and will soon be making the dirt fly on the road. A few more details being yet to smooth out before actual road work commences.

## Install Big Window

The big west store window of the N. B. Long & Sons store, broken two weeks ago by a cock native pheasant, was replaced by a new one Tuesday, George Barnum and M. C. Halliday doing the installation.

## CARL E. CARLSON DIES AT MOSCOW HOME

Carl Edward Carlson, 80, retired farmer, died at his home in Moscow, Monday, March 16, aged 80 years, after a lingering illness.

Carl Edward Carlson was born at Brynglebyn, Sweden, October 12, 1855. He came to the United States in July, 1879, when 24 years of age. He was married to Miss Oleva Anderson August 2, 1884, in Minnesota. He was a resident of Minneapolis, where he worked as a cabinet maker for three years. He later moved to a farm in that section. In 1901 he moved his family west, coming to Idaho, buying a farm on Fix ridge, where he lived for a number of years, later moving to Moscow, where he had resided for the past 17 years. He had been a resident of Latah county for 35 years.

He leaves to mourn their loss, his widow, one daughter, Mrs. Oscar Malmstrom of Tekoa, Wash, and five sons: Agner K. and Carl of Spokane, Wash., Edgar of Juliaetta, George of Long Beach, Calif., and Clifford of Boise. One son was killed in the Akron disaster. He is also survived by one brother, Joseph, of Lewiston, and four sisters: Mrs. Maria Green of Florence, Minn., Mrs. Hannah Swanson and Mrs. Emma Nelson, both residing in Sweden, Mrs. Mina Reuter of International Falls, Minn., besides a host of friends.

Funeral services were held in the Short Funeral chapel, Moscow, Thursday morning at 10:30, with interment in the Moscow cemetery.

## Dinner-Bridge Party

Mr. and Mrs. Frank H. Rider and Mr. and Mrs. Wade T. Keene entertained a number of friends at a well-appointed dinner-bridge party Monday evening. After a delicious dinner had been served, bridge was played at six tables. P. C. McCreary was high for the men and Miss Caroline Roos won the ladies' honors. Mr. and Mrs. S. Cook were each awarded a consolation prize.

The guests were Mr. and Mrs. E. T. Long, Mr. and Mrs. Harold Thomas, Mr. and Mrs. Edgar Long, Mr. and Mrs. Arthur Dawald, Mr. and Mrs. Silvie Cook, Mr. and Mrs. Lester Crocker, Mr. and Mrs. J. M. Lyle, Jr., Mr. and Mrs. W. B. Deobald, Mrs. E. Tully, Mrs. Ethel Emery, Miss Caroline Roos, P. C. McCreary and the hosts and hostesses, Mr. and Mrs. Wade Keene and Mr. and Mrs. F. H. Rider.

## Are You Registered

Registration books for the coming primary election were opened last Monday at the various registrar's offices. Eligible voters who did not cast their ballots in the last general election will be required to register for the general election next November and will have until August 8 to do so before the primaries. After the primaries the books will again be opened for the general election from August 15 to October 31.

The registrars appointed by the county commissioners for this section of the country, are as follows:

Bear Creek, Mrs. James S. Nelson, Steel schoolhouse; Juliaetta, Mrs. Mary Nutt, Odd Fellows hall; Kendrick, Leatha Kuykendall, city hall; Linden, Eva Smith, Linden school house.

## In Kentucky

Dry forces in Kentucky claimed an important victory in passage by the General Assembly of a local option bill with strict bone-dry provisions for dry counties and precincts. The bill, modeled after the Volstead Act, and passed Feb. 15, now goes to Gov. Albert B. Chandler and he has intimated he would approve it.

As passed by the General Assembly, the bill contains provisions permitting search and seizure for illegal liquor and penalties for persons possessing intoxicating spirits in dry territories. It defines intoxicating liquor as any beverage containing 1 per cent or more alcohol by volume.

## March 31 Deadline

Autoists are reminded that March 31 is the deadline for the use of 1935 auto plates, after which time the operator is subject to arrest and fine. Better buy a new one—it's cheaper in the end.

## Sarcasm

"Can you let me have a fiver till tomorrow, old man?" "Better make it the day after. So many of my friends have promised to pay me tomorrow I'll be swamped with money."

## Spring Has "Come"

At last it may be stated that spring has surely arrived. The game of "barnyard golf" has been going on for several days on the Perryman links, just east of his place of business. This is a favorite sport with many and the Perryman links appear to be attracting the usual crowd. It is an almost sure sign of spring—and many afflicted with that dread "disease," spring fever, may be seen watching the players.

## INTERESTING NEWS NOTES FROM OUR PUBLIC SCHOOLS

The regular monthly meeting of the P.-T. A. was held on Monday evening of this week. The children of the grade school presented a very delightful program, which included girls' octette, a short play by the fourth grade, two selections by the high school girls' trio, pantomime by fifth and sixth grades, shadow play by first and second grades, two numbers by the rythm band, and a minstrel show by the seventh and eighth grades.

The program was followed by the regular business meeting. Everyone reported a most enjoyable evening.

## Grade News Notes

The third and fourth grades are starting a Lifebuoy Health contest that will last for some time.

Work for the spelling contest is to be started next Monday in all the grades.

The sixth graders are making ventilation charts and are learning the proper way to ventilate a room. They are also composing stories on an imaginary trip to Europe.

Mrs. Roos of Lewiston and Mrs. Langdon were visitors at school during the past week.

## Big Log Drive Be Filmed

Lewiston, as the commercial gateway for the largest stand of white pine timber remaining, has been selected as the scene for shooting a sound moving picture of magnitude, dramatizing Edna Ferber's novel, "Come and Get It," and within the next two months required in taking the pictures a mechanical and art staff of some 50 specialists will be transported from California to the location, according to information.

Arrangements have been completed by United Artists, Inc., of Hollywood to produce the picture, with the cooperation of Potlatch Forests, Inc., and the theme is expected to center around preparations for the annual log drive down the North Fork and the main Clearwater rivers.

For weeks preliminary preparations have been underway. Surveys of logging camps have been made with the expectations that those most typical would be chosen for locale background. A ghost village is required in the scenario and that has been arranged. Properties such as ox-teams, experienced rivermen capable of participating in the drive and other characters familiar to logging camps have been recruited and made ready. Much of the picture shooting must be done before the snow thaws on the high hills. The filming of the log drive will follow.

## U. S. No Easy Creditor

The Federal Housing administration has outlined a rigid policy toward persons who default on its insured loans.

Explaining that when a borrower under modernization credit plan defaults on a loan, his private lending institution files a claim for insurance and turns the problem of collecting over to the F.H.A. Administrator Stewart McDonald said:

"In such cases, it will be the policy of the federal housing administration to be just and rigid as the treasury department in the collection of taxes."

## L. B. Madden Passes

L. B. Madden, 82, a former old-time resident of Kendrick, died at Oregon City, Oregon, March 3, the infirmities of old age being the cause of death.

Mr. Madden was a carpenter by trade. He left here some 20 years ago, but will be remembered by the old-time residents.

## Grayson-Bailey

Maybelle G. Grayson, Juliaetta, and Jack E. Bailey, Kendrick, were married at the parsonage of the First Christian church, Lewiston, Monday afternoon at 2:30 o'clock by the Rev. Orval D. Peterson. They were accompanied by the groom's parents, Mr. and Mrs. Fred Bailey, Kendrick.

## MARKETS UNSETTLED—FOREIGN PRICES ADVANCE

Domestic grain markets were unsettled during the week ending March 15, according to the U. S. Bureau of Agricultural Economics. Wheat was stronger, influenced by high prices at Liverpool where the disturbed European political situation brought about an active inquiry for Canadian and other foreign grains. Canadian markets advanced as a result of the broadened demand and this gain was mostly reflected in the futures market in the United States. Oats remained weak with continued heavy marketings a depressing influence. Barley prices fluctuated broadly.

Strength at Liverpool as a result of the unstable political relations in Europe was the outstanding influence in the general wheat situation. Taking of foreign wheat, particularly Canadian, increased materially with importing countries buying grain to supplement diminishing local supplies. Belgium abolished the requirements for the use of 10 per cent domestic wheat in millings and most Continental European countries withdrew their offerings. Prices of No. 2 Manitoba for March shipment advanced at Liverpool to 99c and Australian wheat to 95c per bushel. The broader European demand was reflected in gains of 2½c in prices of Canadian wheat at Winnipeg despite continued liberal receipts, which amounted to 2,801 cars for the week.

No outstanding changes were reported in prospects for winter wheat. The crop was in fair condition in the Ohio valley with some improvement noted in southern sections where the growth was better than earlier expected. Wheat was greening in Missouri, eastern Kansas, and made fair progress in Texas and Oklahoma. Moisture was still needed in the latter state and also in Kansas from the central section westward. Mild weather favored growth and crops made favorable progress in most European countries.

Domestic cash wheat markets were stronger with futures but reductions in premiums for some classes nearly offset the advance in futures. Market receipts at the principal terminals were slightly larger than for the previous week. Arrivals at the leading winter wheat markets totaled 1,051 cars compared with 1,117 cars last week and 455 a year ago. At the close of the week, No. 2 hard winter was quoted at \$1.06 at Kansas City.

Offerings of spring wheat were liberal with 678 cars of all kinds received at Minneapolis and 85 cars at Duluth. Competition from Canadian shipments, together with only a fair demand from mills, weakened premiums for cash wheat and the decline placed local prices out of line for further imports of Canadian wheat. Heavy weight wheat declined more than other classes, reflecting the competition from this type of Canadian grain. Durum futures advanced only ½c but premiums held steady despite liberal receipts of Canadian durum on previous bookings. No. 2 amber was quoted at 6c to 24c over the Duluth May price of \$1.08 per bushel.

Intermountain and Pacific Coast markets strengthened slightly along with advances at eastern points. Denver mills advanced bids for No. 2 northern spring and No. 2 hard winter, 15 per cent protein, to 99c per bushel. Prices at Ogden were also advanced 1c with mills bidding 76c for No. 2 soft white, 94c for No. 2 hard white and No. 2 northern spring and 90c per bushel for No. 2 hard winter, FOB Utah-Idaho common points.

The Portland market advanced about 2c per bushel, reflecting a fairly active milling demand as a result of the improved flour business to the Philippine Islands with the indemnity payment which at the close of the week was \$1.00 per barrel. Around 32,000 barrels of flour had been sold to the Philippine Islands at the close of the week under the indemnity plan, according to trade reports. Marketings increased slightly with a total of 570 cars received at Puget Sound and Columbia river terminals. Sales were principally to local mills although increased quantities of high protein wheat moved to California. At the close of the week, 13 per cent protein hard white was being quoted at Portland at \$1.27, with 12 per cent protein hard white at \$1.24, and 12 per cent protein dark hard winter at \$1.14. Soft white and western white at 90c, northern spring and hard winter at 80c and western red at 89½c per bushel, all basis

**Borah's High Duty**  
Senator Borah's letter to The Spokesman-Review misses the point of National peril, or at least its gravity. The new deal is trying to destroy the very soil of America. Given four years more, with its spoilsman's grip on the national payroll, what will it do to the national credit, the good faith of our government, the spirit of our people, the American standard of living, the Constitution and the institutions built upon the Constitution? Against that peril the Spokesman-Review has feared that Senator Borah would weigh a relatively minor party imperfection, even if it be granted that his indictment of some leaders in the party is a true bill. The right of Senator Borah to enter the primaries in any state is not disputed. The right is not in jeopardy. If the people want Senator Borah, their verdict will be registered. No other public man has such free and commanding use of all agencies of appeal to the voters—the great forum of the senate, the first page of the newspapers, audiences awaiting him any where, and command of the national broadcasting agencies. The Spokesman-Review hopes that Senator Borah will tilt his piercing lance against the nation's real peril, not at a minor party difference. His country has urgent need of his inspiring championship.—Spokesman-Review.

**STRENGTHEN THE BLADDER**  
 MAKE THIS 25c TEST  
 Drink lots of boiled or distilled  
 water, if irritation causes getting up  
 nights, frequent desire, scanty flow,  
 burning or backache. You know what  
 hardwater does to a teakettle. Drive  
 out excess acids and deposits with  
 buchu leaves, juniper oil, etc., made  
 into green tablets called Buckets, the  
 bladder lax. Works on the bladder  
 similar to castor oil on the bowels.  
 In four days, if not pleased, any  
 druggist will refund your 25c. Red  
 Cross Pharmacy, Kendrick. 10-4

**LELAND NEWS NOTES**

The Ladies Missionary play was en-  
 joyed by a very good-sized crowd  
 despite the inclement weather. The  
 cast are to be congratulated on the  
 splendid way in which they carried  
 their parts. The play will be taken  
 to Juliaetta and presented in the High  
 School auditorium, Saturday, March  
 21.

 Lewiston visitors recently.  
 Mrs. Virgil Fleschman and Audrey  
 Daugherty visited the primary school  
 room Tuesday afternoon.  
 On Monday evening, at the home  
 of Mrs. Jennie Hund, a buffet supper  
 was given to the members of the  
 home talent cast which presented  
 "Here Comes Charley" on last Fri-  
 day evening to an appreciative audi-  
 ence. The table was attractive with  
 green and other decorations sugges-  
 tive of St. Patrick's Day. The affair  
 was sponsored by the Ladies Mis-  
 sionary society, the social service  
 committee in charge. Those present  
 were Messrs. and Mesdames Roy

**LENORE NEWS NOTES**  
 Victor Haag took Mrs. Anna Haag  
 to Lewiston to see a doctor on Tues-  
 day. Mrs. Haag has been quite poorly  
 for some time.  
 Earl Cates and family returned  
 home Tuesday. They have been visit-  
 ing in California for a month or two.  
 Some of the people on the river  
 are plowing their gardens. We still  
 have some snow on top of the hills.  
 Mr. and Mrs. LeRoy Southwick  
 and Mr. and Mrs. Harve Southwick  
 were Lewiston visitors Wednesday.  
 Mrs. Blanch Weaver has just re-  
 turned from a visit in the east.

 at the Myrt Lee home.  
 Myrt and Howard Lee called at  
 the Will Dygert home Friday.  
 The March Lion has been here in  
 all his fierceness the past week.  
 Sunday was quarterly meeting at  
 the little church at Lenore. Morning  
 and afternoon services were held and  
 a basket dinner served.  
 Irene and Eugene Southwick missed  
 school Monday, due to colds.

**LITTLE BEAR RIDGE**  
 Mr. and Mrs. Albert Westendahl  
 are the proud parents of a nine-pound  
 baby girl, born Wednesday, March 11.  
 Both mother and babe are getting  
 along nicely.  
 Mrs. John Thomas is still suffer-  
 ing from an infected hand. Although  
 it is improving, it will probably be  
 two months before she can use it  
 to an advantage. It has now been nine  
 weeks since it was first lanced.  
 Arthur Squire from Oklahama, a  
 brother of Mrs. George Wayland, is  
 now visiting at the Wayland home.  
 Mr. Squire spent the winter at the  
 home of a niece at Kerby, Oregon.  
 Mrs. Ben Westendahl is staying at  
 the Albert Westendahl home caring  
 for her sister and little niece.  
 Ronald Wolf had the misfortune to  
 hurt one of his hands quite badly  
 when fording Bear creek on a horse  
 Tuesday evening. Mr. Wolf had been  
 making posts across the creek from  
 his home that day and when he at-  
 tempted to cross with his equipment  
 he found that the creek had risen a  
 foot or more during the day. His  
 horse floundered, throwing him into  
 the creek. Part of the harness was  
 lost and tools which he had been  
 using.  
 The March lamb, who was res-  
 ponsible for so many cases of  
 spring fever the first day or two of  
 the month, was followed in close  
 pursuit by the roaring March lion.  
 Most of us recovered quickly from  
 spring fever and put our garden seed  
 back on the shelf, hoping the lamb  
 might reappear later in the month.

**Ladies Aid Social Meeting**  
 The Ladies Aid monthly social  
 meeting will be at the home of Mrs.  
 Wade Keene Friday afternoon of this  
 week.  
 It is four weeks until Easter—just  
 time enough to become accustomed to  
 attending worship, when the greatest  
 day in the church year comes.

**MARKETS UNSETTLED—**  
**FOREIGN PRICES ADVANCE**  
 No. 1, sacked. At Seattle, western  
 white was quoted at 89c, western red  
 and hard winter at 88c and hard  
 white (haart) at \$1.24 per bushel,  
 basis No. 1, sacked.  
 California wheat markets were very  
 quiet but prices advanced slightly, in-  
 fluenced by higher quotations in out-  
 side markets.  
 Pacific Northwest barley markets  
 continued extremely dull with trad-  
 ing and movement light and mixed  
 feed manufacturers providing about  
 the only outlet for feeding grades.  
 Some interest has recently been shown  
 in malting types and distributors in  
 the Willamette valley and Klamath  
 Falls area have sent occasional cars  
 to mid-west points. No. 2 bright  
 western barley was quoted at Port-  
 land March 12, at \$1.16½ per 100.

Oats markets fluctuated with corn  
 but also influenced by larger offer-  
 ings which were meeting only a fair  
 demand. Inquiry at Portland remained  
 extremely dull and despite light offer-  
 ings from growers prices declined  
 slightly. At the close of the market  
 March 12, No. 2 white oats were  
 quoted at Portland at \$1.12 to \$1.18  
 per 100, with No. 2 gray oats at  
 \$1.17 to \$1.20 per 100.  
**\$10,000 For Spalding Park**  
 G. E. McKelvey, state public  
 works commissioner said that about  
 \$45,000 in federal funds is available  
 for highway beautification projects in  
 Idaho.  
 So far places have been found for  
 only 25,000 of the amount, he said.  
 Approximately \$10,000 has been set  
 aside for the Spalding park near  
 Lapwai and another \$15,000 is ex-  
 pected to be used in Boise.

**EYE FOG PRODUCES  
 BRAIN FOG**

Through our eyes come 80 per cent of all our mental im-  
 pressions. When we cannot see clearly, our minds work  
 poorly, we progress slowly, tire easily, appear dull....and all  
 because we are needlessly and often unknowingly handi-  
 capped by eye faults or poor light.

**POOR LIGHT SAPS ENERGY**

Science tells us that "we see with  
 our bodies". Poor eyes, working  
 under poor light, sap strength  
 from our bodies...burn up excess-  
 ively nervous energy...cause mus-  
 cular fatigue, and even cause the  
 heart to beat faster.

The result....premature breaking  
 down of the eye, with a score  
 of resultant bodily ills. The rem-  
 edy....more and better light to  
 ease the strain of overworked  
 eyes.

To get the most out of your  
 life look to your eyes and your  
 light. Help protect your eyes

### Celebrates Birthday Anniversary

The home of Mrs. Emma Gladden, Deary, was the scene Sunday of a very pleasant affair, when several members of the family gathered to help her celebrate her eighty-fourth birthday anniversary. All members of her family were present with the exception of Mrs. McGillivray, Spokane; Mrs. Weaver, Princeton; Mrs. Totten, Coeur d'Alene, and a son, Otto Gladden, also of Coeur d'Alene.

Mrs. Gladden was one of the oldest settlers on Big Bear ridge. Leaving Pennsylvania in a covered wagon they migrated to Virginia. Later they went to Missouri, Oregon, Montana and finally to Idaho, settling on Big Bear ridge on a farm which is now occupied by her son, Fred Gladden.

Those present were Mr. and Mrs. Ira Altie, Deary; Mr. and Mrs. Fred Gladden and son LeRoy of Big Bear ridge; Mr. and Mrs. Chas. Schultz and daughter Viola of Cameron; Mr. and Mrs. Fred Crocker and granddaughter Dona of Kendrick, and Roy Phaen, who lives with his mother.

### Shipped Cattle

Dave Gentry shipped a car of fat cattle to the Spokane market Saturday night.

S. D. White shipped a car of cattle to Lewiston Saturday morning.

### BIG BEAR RIDGE

### Play Be Presented

A one-act play, "They All Fall For It" will be presented at the American Ridge school house on Saturday night.

The cast includes George Davidson, Minnie Cox, Martha Havens, Georgie Davidson and Alice Cox. The play is a comedy concerning a very sedate minister, who, in spite of his obvious dislike of the theatre, is completely won over when he meets the polished dramatic star, George Davidson, cast as the minister, is exceedingly funny, and Martha Havens as the poor but talkative church worker, does an excellent characterization.

The curtain will go up promptly at 8:15. Following the play will be a program of music and readings.

Another Theory Gone  
If as a university professor says, we reach our creative peak at age 35, what becomes of the theory that life begins at 40?  
"Owing to the overcrowded condition of our columns," says this week's Podunk News, "a number of births and deaths were unavoidably postponed this week."
