KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, MAY 15, 1936

NO. 20

## HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Tacoma.—Surrounded by department of justice agents, William Mahan, under indictment for the kidnaping of George Weyerhaeuser, May 24, 1935, was returned to Tacoma, stepping off a specially chartered plane from San Francisco at 9:57 p. m., May 7. Mahan, also known under the alias of William Drainhard, was heavily shackled and walked between two department of justice operatives. At the time of his capture he had \$7,300 ransom money cash on his person. He pleaded guilty to the charge of kidnaping and was given a sentence of 60 years in McNeil's Island prison.

Italy's hard driving armies were reported in fascist dispatches Friday to have occupied Harar, "garden city" of Ethiopia, and its second largest town. This climaxed successfully the campaign in the south, which saw a fascist "hell on wheels" column drive northward hundreds of miles across desert terrain from Italian Somaliland. There were reports in both London and Djibouti that the city was looted and fired before the troops entered, the fate that befell Addis Ababa. Rome prepared for another big day Saturday. Premier Mussolini was expected to annex all of Ethiopia at meetings of his cabinet and of the fascist grand council. Sad and worn, Emperor Haile Selassie arrived at Jerusalem to take up his exile. He was landed at Haifa by a British cruiser along with his family and a large official party.

Passaic, N. J.—Quadruplets, three boys and a girl, were born at St. Mary's hospital Saturday and the father, never batting an eyelash, commented, "Oh, yeah!" While the hospital staff, wild with excitement, rushed out to borrow extra incubators, and the delivering physician sought to aid the mother, Mrs. Emil Kasper of Little Ferry, the babies started a wailing quartet which doctors said argued well for their chances of life. The largest, however, weighs only a fraction of an ounce more than three pounds and two of them only two pounds and fourteen ounces each.

Washington.—Thomas H. Robinson, Jr., last big quarry of federal agents, was arrested Monday at Glendale, Calif., for the alleged kidnaping of a Louisville, Ky., society woman. J. Edgar Hoover, director of the bureau of investigation, announced to reporters that Robinson had been captured after a two-year hunt for the man charged with the kidnaping of Mrs. Alice Speed Stoll. Hoover said Robinson was armed but that, as in recent arrests of others wanted as public enemies, he had been taken so quickly that his gun was not used. With Robinson's capture, the federal agents wiped clean their major "wanted list." In a week and a half, the last of the more notorious kidnap suspects have been captured. They are: Alvin Karpis, wanted for the kidnaping of Edward G. Bremer, and William A. Hamm, both of St. Paul, Minn., and the \$46,000 mail train robbery at Garrettsville, Ohio. Harry Campbell, limping pal of Karpis, wanted for the \$200,000 Bremer kidnaping and the Garrettsville robbery. William Mahan, alias Drainhard, wanted for the \$200,000 kidnaping of Geo. Weyerhaeuser, nine-year-old son of a Tacoma, Wash., lumberman. Mahan pleaded guilty and was sentenced.

Visitors At Bishop Home  
Mr. and Mrs. D. A. Bishop, living at Juliaetta, were agreeably surprised Thursday evening of last week when their grandson and family, Mr. and Mrs. C. B. Smoots and family of Coeur d'Alene came to make them a visit and attend the Spalding Centennial. They left Sunday for Moscow for a visit with relatives there.

The 13-year-old son of Mr. and Mrs. Smoots broke one of his legs just a short time before they started; the extremity was placed in a plaster cast and the lad accompanied them on their trip. He said it didn't hurt a bit (just like going to the dentist).

Putting In New Scales  
The Kendrick Rochdale company is putting in a new 10-ton scales at their elevator, which will handle anything that comes in on four wheels—or six for that matter, if properly placed. This gives the company two large scales, one at their west warehouse and the other at the elevator, which will be ready for business very shortly.

Doctor: "You have acute appendicitis."  
Girl—"Don't get fresh; I came here to be examined, not admired."

## Many Attend Celebration

Hundreds of people from all sections of the Potlatch country were in attendance at the Spalding centennial held three days in Lewiston and on Sunday at the Spalding Memorial park at Spalding, where the park was officially dedicated to the memory of those fine pioneers. There seemed to be just one blot on the entire affair at Spalding and that is alleged to have been the criticism of the Spaldings voiced by Dr. S. B. L. Penrose of Whitman college. Much sharp criticism was heard regarding the doctor's remarks by those returning to Kendrick from the celebration.

## PUT WRONG LABEL ON ALPHABETICAL SOUP

Last week we were "called down" twice by the state administrator, (or head cook) of FEAPW, with offices at Boise, because we happened to get the wrong label on a couple of batches of "alphabetical soup." In case the average layman doesn't know just what FEAPW stands for, it means Federal Emergency Administration of Public Works. One of our mis-labelings was a sure enough oversight. We made it say PWA when it should have been WPA, and the other article was furnished the office by some of the workers. Of course the two are separate organizations—they would have to be, because they have two sets of officers, but just what difference it makes to the average reader of the Gazette, or any other paper, we fail to see. But there is one thing we do see, and know, is that there are billions upon billions being spent where millions would answer the purpose.

Along with our "call-down" we received three stories of the PWA, all just alike, each containing six pages, making 18 pages of type-written explanation, besides a statement of three pages signed by Jekes, Hopkins and Walker, and approved by "Franklin D. Roosevelt, the White House, July 3, 1935." Of course we are sorry to have made mulligan of what should have been straight "soup," and therefore apologize to the honorable gentlemen who took all the trouble to write us two personal letters and send us a stack of used stationery.

## Form Baseball League

Representatives from Southwick, Gifford, Culdesac, Slickpoo and Kendrick met here Wednesday evening and formed a baseball league to start functioning next Sunday. It was expected Juliaetta would join to make a six-team league, but to date they have not decided. A schedule was formed to allow the teams to play until July 19.

The Kendrick team is composed of Cameron and Kendrick boys and the aim is to play all local boys in the league. R. H. Ramey was elected secretary and a few rules and regulations are being worked out. Sunday, May 17, Kendrick goes to Southwick for the opening game.

## Gave Birthday Luncheon

Mrs. Edgar Long gave a 1 o'clock luncheon last Friday afternoon at her home in honor of her niece, Eileen Benjamin, when a number of girls were invited in to help her celebrate her fourteenth birthday anniversary. A big birthday cake with the necessary candles, was very much enjoyed. The invited guests were Arlene Decabarid, Enid Hill, Marie Havens, Jewell Cummings, Lorraine Woody, Helen Farrington, Barbara Long and the guest of honor, Miss Benjamin.

## Davis Wins Third Place

In the old fiddlers' contest, held at Lewiston last week during the Centennial celebration, Burton J. Davis of Lenore, 86, won third place. Mr. Davis is one of the best-known old-time fiddlers in this entire section, having been a resident of the Lenore section for the past 30 years. In the not far distant past he was one of the top-notchers in the fiddle game and carried off first prize on more than one occasion.

## Nearly Severed Thumb

Fred Steadman is carrying his left hand attached to a "banjo" splint, he having nearly severed his left thumb last Friday while splitting wood. He says it will be about eight weeks before he will be able to use the digit again. We have always contended that a man is too awkward to split wood—that the women should be allowed that pleasure.

## COMMENCEMENT EXERCISES AT COMMUNITY CHURCH

The annual Commencement exercises will be held at the community church tonight (Thursday, May 14) and a large crowd is, as always, expected.

Eighteen seniors are to graduate. They are: Joseph Wm. Watts, Roy Ramey, Jr., Earl Hund, Elmer Emery, Jr., Oscar Hartung, Rodney Smith, Quentin Cole, Cecil Sepkker, Fred M. Reid, Ervin L. Halseth, Eulla Marjory Onstott, Mary Elizabeth Thompson, Lucille V. Lewis, Selma A. Wegner, Flo Lelia Kent, Betty F. Curtiss, Beatrice Curtiss and Doris J. Crocker.

This is one of the largest classes to graduate in recent years, and the scholarship record of these students is said to be a very good one.

At the exercises tonight the following program will be presented:

- Processional ..... Miss Allene Rider
- Order of Procession — Seniors, Rev. Poindexter, School Board, Dean Farmer, Supt. James M. Lyle, Jr.
- Invocation ..... Rev. Poindexter
- Salutatory ..... Joseph Wm. Watts

- Presentation of W. R. Smith Scholarship Awards
- Perfect Day ..... Mixed Chorus
- Presentation of Graduating Class to School Board ..... Supt. Lyle
- Presentation of Diplomas ..... H. C. Schupfer, Chm. of Board
- Benediction ..... Rev. T. E. Poindexter
- Recessional ..... Miss Allene Rider
- Greeting of Graduates by friends.

## Death of Dr. J. J. Herrington

Word was received here a few days ago of the death of Dr. J. J. Herrington in a Coeur d'Alene hospital on May 7, aged 67 years. Dr. Herrington had practiced medicine at Gifford for some 14 years, also at Juliaetta, Kendrick, Moscow and Worley, Idaho, and a short time in Canada. He had resided at Worley for the past few years.

He was born near Huston, Texas county, Missouri; he began the practice of medicine at 23 years of age. He came to Wardner, Idaho, in 1894 and was physician and surgeon for the Bunker Hill mine for a number of years; was a member of the Masonic lodge for 40 years and of the Odd Fellows for more than 30 years. He leaves, besides his widow, a brother, Henry Herrington, residing in Alabama.

Funeral services were held at Worley and were in charge of the Masonic and I. O. O. F. lodges, with burial at Coeur d'Alene.

## 6,876 Men For Blister Rust

Stephen Wyckoff, supervisor of white pine blister rust control in the west, said 6,876 men will be employed in Idaho, 500 in Montana and 165 on Mt. Spokane to battle the forest infestation.

Trucks are running to Idaho canisters daily with equipment and supplies. Wyckoff said the goal of the work will be to eliminate on 400,000 acres the wild gooseberry and currant bushes which harbor the rust spores and from which they spread to the white pines.

During the season 2,576 men will work in the St. Joe forest, with headquarters at Clarkia; 900 in the Kanisku, with headquarters at Coolin; 2,470 in the Clearwater, headquarters at Pierce; 930 in the Coeur d'Alene, headquarters at Prichard. Idaho will have 156 camps.

## Preparing Bean Ground

Farmers these days are busy preparing ground for beans, disking, harrowing and re-harrowing fall plowing seeming to be the order of the day.

Some few are reported to have planted and some now planting, but most are waiting until around the 20th of this month.

It is reported that many farmers are now sowing alfalfa and clover seed and on the higher ridges garden is just now being put in.

## Repairing Store

F. B. Higley is kalsomining and repairing the interior of his store, the walls being kalsomined a light brown and the trim a pale blue. New display racks are also being built and painted. When completed the effect should be a very pleasing one.

## COMMERCIAL CLUB HOLDS INTERESTING SESSION

The Kendrick Commercial club met in regular session Monday evening in the dining room of the Raby Hotel, where Mrs. Paul Lind served a splendid dinner, after which the business of the evening was taken up. There was one of the largest crowds that has ever attended the meetings.

Under the head of committee reports, N. E. Walker stated that a survey had been made between Kendrick and Troy; that work on the Cedar creek project was going forward nicely and that the contract had been let for nearly three miles of the Arrow-Deary highway, start at the end of the oil at Arrow.

F. M. Long of the Fish and Game committee presented a petition he is circulating to have the game department consist of five men instead of one state warden, the state to be divided into five districts.

Supt. Lyle reported that this week will finish school work for this year and that they have had a very successful term.

The High School Basketball team being present as guests of the club Coach Arthur Dawald was asked to introduce the boys, which he did, each one making a few appropriate remarks, and each one giving Mr. Dawald the lion's share of praise for the success the club had attained.

A girls' trio, known as the "Tiger Triads" and composed of Misses Mary Elizabeth Thompson, Margaret Halseth and Eilene Smith, all high school girls, were present and sang four selections which were much enjoyed, and they were given a big hand by the listeners. It is to be hoped that they will again appear before the club at no distant date.

Mr. Wiswall of Moscow was present and made a few remarks. He will have charge of the Smith-Hughes work in this section during the summer months, continuing the work during the summer that M. C. Grover has so successfully carried on during the past two years.

Coach Arthur Dawald of the Kendrick High School was asked at this time to say a few words. He gave all members of the basketball team due credit for the work they had done during the past season and exhibited two cups the players had brought home with them from the tournament, one of which bore the name of Roy Ramey, Jr., as the outstanding player on the Kendrick team, this choice having been made by the players on his own team and not picked by officials. The conference cup, donated by the Erb Hardware company of Lewiston, was also won by the local team. This cup has been won two years in succession and will have to be won again next year before it becomes the permanent possession of the local school.

Harold Thomas was of the opinion that the Girls' trio should also have a cup—and we agree with him very heartily—as did everyone present.

Supt. J. M. Lyle, Jr., stated that a communication had been addressed to radio station KWSC, Pullman, asking for a date for the Girls' trio to broadcast over that station, and there was every assurance that the date could be had in the near future. The broadcast over KRCL, Lewiston, recently was not satisfactory here as there are few radios that can pick up that station after nightfall on account of interference by some stronger station.

Supt. Lyle also brought up the subject of organizing a school band next year, with the aid of an outside teacher, who is instructing a band at Lapwai. There was considerable discussion but no action was taken.

On the whole, last Monday night's meeting was a very interesting and pleasant one and it is to be hoped that some such arrangements for entertainment can be made more often in the future than has been the case in the past.

## Installing New Transformer

The Washington Water Power Co. is busy at this time installing a new high voltage transformer at their substation here in town.

Last fall the transformer caught fire due to lines being struck by lightning, and two weeks ago last Thursday the lines were again struck by lightning and the transformer set afire again. This time a new one is being installed and the company has hopes that lightning will leave their lines alone.

It's no easy job to put out one of the big transformers when ablaze, as each one holds five barrels of oil, and combined with the insulation inside, makes a merry blaze.

## More Large Eggs Come In

Two new large egg contestants have brought in large "berries" to be entered in the contest, which will close May 29, the latest additions being those of Mrs. Clifford Davidson and from the Denner ranch on Fix ridge.

If you have a large egg, bring it in, it may be worth 75 cents—and that is a pretty good price for one egg when they are selling for 14 cents a dozen. Just bring in your eggs and we will measure them and you may then take them home if you like—but bring them in.

May 30 being Decoration day, the contest will close on Friday evening, May 29. Better hurry!

## THROW RUST CAMPS OPEN TO ALL MEN

Spokane, May 12—Work in the blister rust control fight in north Idaho has been thrown open to all men regardless of their relief status, Stephan Wyckoff, in charge of the fight, said he was advised today by J. L. Hood, Idaho WPA administrator.

The control program is being carried by the bureau of entomology of the U. S. Department of Agriculture, and will provide work for about 6,800 men during the summer season.

"Even with employment thrown open to all men irrespective of their relief status, we probably cannot find enough men in north Idaho to fill our quota," Wyckoff said. "Arrangements therefore have been made to employ properly certified men from relief rolls in Washington on the Idaho project."

"Requisitions for 700 such men were placed today by the bureau and probably shortly after June 1 at least 1,300 more men from Washington will be needed."

Hood said at Boise today 3,000 non-relief men will be added to the force of 2,000 who will be taken from WPA rolls and placed in the forests on a minimum wage of \$44 monthly.

## Dem. and Reps. Hold Meets

Just about everything is settled now—internationally, nationally, state and county, since the democrats held a powwow in Lewiston on Wednesday of last week, and the republicans held a similar "fest" in Moscow last Saturday. There wasn't anything but harmony in either of the gatherings for there were no opposition party members at either of the gatherings—that is, not enough to do any good, or harm, at any rate.

The democrats unanimously endorsed Franklin D., while the republicans did likewise for "our Bill." They always say a battle is never won until the last shot is fired, nor is any election won until the last ballot is counted. But it goes without saying that there will be a battle of ballots that will go down in history as one of the fiercest ever waged—and, from the start both sides now have—one of the dirtiest.

## 8-8 Bridge Club

Thursday evening the home of Mr. and Mrs. H. B. Thompson was the scene of a delightful 6:30 dinner party, after which bridge was played at four tables. This brought to a close the Eight-Eight bridge parties for the year.

High scores for the evening were awarded to Mrs. Lester Crocker and Dr. D. A. Christensen, while low scores went to Mr. and Mrs. J. M. Lyle.

The scores kept for the last half of the year showed H. B. Thompson high for the men and Mrs. H. B. Thompson high for the ladies.

The hosts for the evening were Dr. and Mrs. D. A. Christensen, Mr. and Mrs. H. B. Thompson, Mr. and Mrs. F. B. Higley and Mr. and Mrs. L. D. Crocker.

## Road Contract Let

Boise.—James Crick, Spokane, was low at \$83,663 for construction of roadbed and drainage structures and the crushed rock surfacing of 2,897 miles of the Arrow-Deary highway, north from Arrow.

The Morrison-Knudson company, Boise, was low at \$46,113 on similar work on 5,445 miles of the Reubens-Melrose road. Both are in Nez Perce county.

Bids were opened May 8.

## Remodeling Cold Room

N. B. Long & Sons store is quite busy these days remodeling their cold room. The old floor was torn out and is being replaced with a triple insulated one, and then topped with concrete. The whole is then to be rescaled and painted.

## MARKETS UNSETTLED—FEED GRAINS STEADY

Grain markets were unsettled during the week ended May 8, influenced by new crop developments, variable demand and the unsettled foreign exchange situation, according to the Weekly Grain Market Review of the United States Bureau of Agricultural Economics. Wheat declined sharply with improvement in new crop prospects and a further slackening in the demand for cash grain. Oats were about unchanged. Barley continued weak with further moderate declines in both cash and futures.

Crop prospects remained a leading influence in the general wheat situation. Showers and warm weather were helpful to winter wheat in the United States and especially Kansas. Improvement was rather general also in the Ohio and Mississippi valleys and in the eastern states the crop continued to make good progress. The condition of winter wheat remained mostly poor in Oklahoma and Texas but additional rains were helpful in the Pacific Northwest. Favorable conditions prevailed for seeding spring wheat and planting was practically completed in northern North Dakota and northeastern Montana. Early seeding were coming up well. Seeding became general in Canada with farmers planting intentions showing an increase of nearly a million acres over last season.

Present indications are that the new crop year will begin with the smallest carryover of old wheat in recent years, with world stocks again at nearly normal levels. Stocks of old wheat are roughly 300,000,000 bushels under those of a year ago, with the reduction about equally divided between exporting and importing countries. Stocks of old wheat in the United States the first of April totaled 276,169,000 bushels against 293,601,000 bushels a year ago, and only about half of the record high stocks of 1932 when wheat in all positions amounted to 547,201,000 bushels.

Wheat stocks in Canada at the first of April amounted to 246,023,000 bushels against 283,032,000 bushels a year earlier. In addition to the stocks in Canada, there were 16,435,000 bushels of Canadian wheat in bond in the United States, making total Canadian stocks in North America of 262,458,000 bushels compared with 300,000,000 bushels a year earlier.

Southern hemisphere exportable stocks at the first of April totaled 115,000,000 bushels against 193,000,000 bushels a year ago. Stocks of wheat and flour on ocean passage at the first of April were about 6,000,000 bushels larger than a year earlier and totaled 37,000,000 bushels.

Domestic cash wheat markets were relatively weaker than futures with mills and other users not inclined to accumulate stocks at present price levels. Marketings were only moderate with receipts at the principal winter wheat markets totaling 818 cars or about the same as a week ago. Demand for winter wheat was rather slow and premiums tended to weaken.

At Kansas City No. 2 hard winter was quoted May 8 at 91c to 93c. At Fort Worth No. 1 hard winter was quoted at \$1.10 delivered Texas common points. At Chicago most of the receipts came from southwestern markets and went direct to mills. Premiums were reduced 2c to 3c with No. 2 hard winter quoted at 95c to \$1.01 while No. 2 soft red was quoted at 95c to 97½c. No. 2 hard winter sold at St. Louis at 94½c and No. 2 soft red winter at \$1.00 per bushel. Offerings from outside markets fell off with the decline in prices.

Spring wheat markets declined more than winter wheats with adjustment in cash prices even greater than in futures. Market receipts were only moderate with 537 cars received in Duluth and 113 cars at Minneapolis. Milling inquiry was slow with mills reluctant to accumulate stocks at prevailing premiums. May wheat declined 8c and closed May 8 at 93c with September delivery at 85½c.

Intermountain and Pacific Coast markets were mostly lower, reflecting the weakness in the central west. Denver mills were bidding 86c per bushel for No. 2 northern spring and No. 2 hard winter, FOB Colorado common points.

The Portland market declined 2½c to 4c with local mills about the only outlet for the current offerings. Receipts at Puget Sound and Columbia river terminals totaled only 245 cars. Flour sales to the Philippines continued light with a total of only 68,000 barrels to date under the indemnity plan. At the close of the week No. 1 hard white (bluestem) was

Blackfeet Indians, who formerly roamed the northern Montana prairies with their household goods slung on poles tied to a horse's side, are buying "skunk wagons."

A "skunk wagon," said Fred Gerard, a native Blackfoot, is a rattle-trap car resembling a "one hoss shay."

Gerard, the first Indian ever elected to the board of county commissioners of Glacier county, Montana, explained that for the last two weeks the Blackfeet have been receiving payments for land leased through the government to stockmen—and they have been spending it for "skunk wagons."

"There has been a shimmying parade of old cars out of Browning since the payments have been coming in," Gerard said. "The brighter the paint job the better the Blackfeet like it. The condition of the car means nothing."

"In a few days this country will look as it did in 1883, when all that was left of the buffalo were bleaching bones," he continued mournfully, "only this time it will be skeletons of old cars that will spot deep canyon trails and benchlands."

"The Indian forgets the car isn't a horse that keeps to the trail. And most of these old cars won't stand being rolled over high banks or bumped into rocks."

### TEAKEAN GOSSIP

(Delayed)

After all our good resolutions and fair promises to turn over a new leaf, we were too late to get in the paper last week. Sorry.

Today (Tuesday) we are getting a "million dollar" rain.

Carroll Groseclose had an accident Monday while sawing wood. A small dry tree fell on his saw and on his hand, badly bruising it. It broke the magneto on the engine.

Mr. and Mrs. Glen Melcher of Weippe were week-end guests of Mrs. L. Schliefer. They came down to attend the Grange meeting Saturday evening and Mr. Melcher had his school contract signed up while here, so he will be our teacher again next term. Mrs. Coe will also teach in the South Teakean school again.

Elwood Brock spent Sunday at home but returned to his work that day.

Mr. and Mrs. Virgil Peterson of Cavendish attended church services at the school house Sunday afternoon. Mr. and Mrs. Edgar Weakley and son Everett visited Sunday at the Joe Choate home.

Rev. Roy Metcalf came over Sunday from Leland and preached for us in the afternoon. He plans to come regularly every first Sunday in the afternoon at 3:00. He will preach in the school house.

Mr. and Mrs. Clifford Benjamin were up from Culesac, where they are employed, and spent Sunday with Mrs. Benjamin's mother, Mrs. Carrie Herring.

Mrs. Eva Clanin and Mrs. Ida Lind returned last Saturday from Nampa, where they attended the district conference of the Church of the Bretheran. They report a splendid time.

Some of our people here were very much disappointed, as they had intended going to Leland to attend the conference of the M. E. South church, but on account of the rain could not go. Mrs. Joe Choate intended taking the truck full of folks.

Mrs. Avery Miller is taking care of her little granddaughter, while the child's mother is recovering from a serious illness.

Mr. and Mrs. Gifford Brown have moved onto the place known as the "Samuels Place."

### GOLDEN RULE

Denzil Hunt and family are living in the Far Nuf Inn on the Conner place. He is among those working at Brant's mill. John Mabry and John Starr are also working there now.

E. O. Franklin and Glen Betts were Orofino callers Monday.

Mr. and Mrs. John Starr ate dinner at the Roy Martin home Tuesday.

Mr. and Mrs. Tom Armitage and son were at the Ross Armitage home for dinner Wednesday evening.

Mrs. B. O. Ballard and children spent Thursday in Orofino.

Mrs. Oscar Lawrence and children visited with Mrs. Ross Armitage Thursday afternoon.

Mrs. Glen Betts and son spent Friday with Mrs. Bob Ballard and Mrs. Clive Foster.

The Martin children attended the oyster supper given by the Southwick Sunday school Friday evening.

Mr. and Mrs. W. A. Cowger had Sunday dinner with Mr. and Mrs. Abner Cowger.

Geo. Finke left Sunday for a week's stay in Moscow and Endicott.

Mr. and Mrs. Clive Foster and son called on her sister, Mrs. Homer Betts, Saturday afternoon.

Mr. and Mrs. J. Hoppe spent Sunday at the Roy Martin home.

Mr. and Mrs. Lloyd Ware and sons spent Saturday night with Mr. and Mrs. Carl Finke.

### Must Be Some Sensation

There was a fellow working in one of the camps who was very careless about his personal appearance. One Sunday several of the boys held him and put some clean clothes on him, they even put on a necktie. And the poor fellow stood there all day. He thought he was tied up.

### Kitchen Tragedy

The kitchen was entirely deserted. Through the western window the last ruddy rays of the setting sun poured into the room, making all the commonplace things crimson and fearful. There was a moment of suspense—a gasp—was it a moan? Great lurid stains lay on the otherwise spotless floor and splashed the window shade.

The whole scene was one of bloody and sickening tragedy—"encarnidied," as the poets might say, with gore. On a chair lay a hatchet—yet, with ominous red stains on it. The floor close by was vivid with a larger scarlet splotch. The very air seemed to quiver with horrid mystery and dramatic suspense. Certainly, something had just happened in this heretofore peaceful and humble kitchen, which will be hard to hush up. Slowly the door opened. A girl entered, sallow of face and stethy of tread. Her hair was gathered in a knot. It too was a bright red. How many times had that girl refused to have it bobbed! She stood awhile, bathed, as it were, in the lurid evening light from the window, her eyes fixed convulsively on the hideous hatchet and the tell-tale stains on the floor. Then, a shudder ran through her delicate but supple frame, and she despairingly threw her hands aloft.

"What—Oh, what will mother say?" she gasped. "Wont she be furious when she finds I tried to open that can of tomatoes with the hatchet? We haven't got another can in the house! And the minister is coming to supper!"

### Idaho Has Canyons

Salt Lake City—Dr. Philip J. Shenon (former Moscow man) returned to Salt Lake City from Idaho's "river of no return"—the Salmon—and pronounced the grand canyon of the Colorado nothing more than an over-sized ditch.

Dr. Shenon's boat trip down the scenic Salmon recently as co-leader of a scientific expedition enlarged the perspective of the U. S. geological survey considerably.

"The upper Salmon river canyon is the second deepest in the country, even deeper than the Grand canyon of the Colorado," he declared. "The deepest canyon in the country is the Snake river canyon along the west boundary of Idaho. There the mountains rise 7,900 feet above the stream bed. The Grand canyon is about 5,500 feet deep."

### Taken To Hospital

Leonard Wolff, son of Mr. and Mrs. Wm. Wolff, was taken to White's hospital, Lewiston, Sunday evening. He is a very sick boy, but the exact ailment is unknown.

Daughter: "I drank a cocktail last night. Father, did I do wrong?"  
Father: "Why, can't you remember?"

### Population Shifting To West

Population shifts that left 10 states with fewer residents in 1935 than in 1930 despite a gain of nearly 5,000,000 for the nation as a whole were reported by the census bureau.

The total population for the United States in 1935 was estimated at 127,531,000 several months ago. Today's figures broke the total down for the 48 states and the District of Columbia.

The 10 states which registered actual decreases were: Michigan, Wisconsin, South Dakota, Nebraska, Kansas, Mississippi, Montana, New Mexico, Arizona and California.

New York is still the most populous state with 12,889,000, while Pennsylvania continues to rank second with 10,066,000.

Among states gaining the most in

the first year period were South Carolina, Georgia, Florida and Tennessee.

The following table compares population in the Pacific northwest in 1930 and 1935:

Washington, 1,563,396; 1,633,000.

Oregon, 953,786; 1,008,000.

Idaho, 445,032; 479,000.

### Down Juliaetta Way

Mr. and Mrs. W. J. Cochran will soon start building their new home, to take the place of the one destroyed by fire a few months ago.

It is stated that gardens in that part of the valley are doing nicely and that all sorts of early stuff is on the market. It might be said that Kendrick gets a considerable quantity of the Juliaetta early garden vegetables and know they are tasty.

### SOME TERRITORY!

THE ORIGINAL VIRGINIA WAS ALL OF NORTH AMERICA BETWEEN THE 34<sup>TH</sup> AND 45<sup>TH</sup> PARALLELS.

THE ORIGINAL "BOOTLEGGER" WAS SO NAMED BECAUSE HE CARRIED HIS WARES IN HIS BOOTTOPS, TO ESCAPE DETECTION WHILE SELLING ILLICIT LIQUOR TO THE INDIANS.

Boise, Idaho, May 6, 1936

Farmers Bank  
Kendrick, Idaho  
Gentlemen:

In regard to your note of April 30.

We are forwarding you 25 blanks, under separate cover, of the affidavit claiming refund.

Inasmuch as a form is being returned to each claimant with each payment of refund, we feel that it is a duplication to forward these blanks to notaries and other agents.

Consequently, we are taking this opportunity of advising that we cannot furnish blanks to others than the actual claimants in the future.

Very truly yours,

EMMETT PFOST,

Commissioner of Law Enforcement.

**MARKETS UNSETTLED—**  
**FEED GRAINS STEADY**  
 quoted at Portland at \$1.14, and 12  
 per cent protein dark hard winter at  
 99½c, soft white and western white  
 at 81c. hard winter, northern spring  
 and western red at 80c per bushel,  
 all basis No. 1, sacked. Western  
 white was quoted at Seattle at 79c,  
 western red and hard winter at 78c  
 per bushel, No. 1 sacked.  
 Marketings of new wheat increased  
 in the Imperial valley of California  
 and this was a weakening influence  
 at Los Angeles, where No. 1 soft  
 and hard white were quoted at 75c  
 per bushel, sacked.  
 Foreign wheat markets were mostly  
 weak and lower. Prices at Winnipeg  
 declined 2c per bushel, with No. 1  
 Manitoba northern quoted at 76½c  
 and No. 6 Manitoba northern at 50c  
 per bushel.  
 Oats markets were quiet but prices  
 tended upward in sympathy with the  
 firmer situation in other feeding  
 grains. Inquiry at Portland both from  
 local and outside interests was ex-  
 tremely dull. No. 2 white oats were  
 quoted at Portland May 7 at \$1.12  
 to \$1.14 per 100, sacked basis.  
 Pacific Northwestern barley mar-  
 kets displayed a slightly firmer ten-  
 dency with a more active inquiry  
 from local and nearby mixed feed  
 manufacturers. Offerings from grow-  
 ers were only moderate, which was a  
 further steadying influence. At the  
 close of the market May 7, No. 2  
 bright western barley was quoted at  
 Portland at \$1.17 per 100 pounds,  
 sacked basis.

**5,390 Idahoans Receiving Pensions**  
 Boise, Idaho.—J. B. McLaughlin,  
 social security statistician, said there  
 are 5,390 aged persons receiving an  
 average of \$20.62 monthly in 44 Ida-  
 ho counties compared with 1,376 who  
 averaged \$8.58 in 31 counties in 1935.  
 Half of the present pension bur-  
 den is borne by the federal govern-  
 ment, two-sixths by the state and one-  
 sixth by the counties.  
 McLaughlin said the state peak  
 probably will be reached soon with  
 7,000 pensions averaging \$25 per  
 month.

"Darling," she cooed, "I've just read  
 that a man out west exchanged his  
 wife for a horse. You wouldn't ex-  
 change me for a horse, would you?"  
 "Never," he replied dutifully, then:  
 "But I'd hate to have anyone tempt  
 me with a good car."

**Trio Broadcasts Over KWSC**  
 The "Tiger Triads," Kendrick high  
 school girls trio, was heard over  
 station KWSC, Pullman, Wednesday  
 evening, commencing at 7:30. The  
 reception was good and there were  
 none in this section but who felt  
 proud of "our girls" when they sang.  
 John King, the girls' instructor, also  
 sang a solo, which came in well and  
 was undoubtedly enjoyed by all who  
 heard him.

**Personals**  
 Mr. and Mrs. Hood of Pullman,  
 were Sunday visitors at the J. H.

 Mrs. Elizabeth Keeler of Clarkston,  
 is visiting at the home of her daugh-  
 ter, Mrs. Rose Farrington.

**New Silk Stocking Colors**  
 The most exciting fashion news in  
 town concerns silk stockings. You'll  
 have to remember the mild shock you  
 had when the light-colored hose was  
 first introduced leaving the dead  
 blacks and browns completely in the  
 shade. Ankle, this spring, will be  
 so different that you won't recognize  
 them at first.  
 There are bright reds and greens  
 and violent pinks to make you wonder  
 what to wear with them. Purples and  
 violets are also in the hosiery "musts."  
 By this time you are used to navy  
 blue, so they won't cause a traffic jam.  
 But just wait until the others get out  
 on the streets.  
 They aren't as wild as they sound.  
 A white dress can be made interest-  
 ing with green hose and handbag to  
 match and perhaps gloves the same  
 shade. Or, at least a hat. Somebody  
 is blaming all the new colors on van  
 Gogh. (Maybe we'll go in for Whistler  
 next season.)

**Many Loans Authorized**  
 The Reconstruction Finance Cor-  
 poration has made the following loans  
 direct to private industry, according  
 to tabulations released by W. T.  
 Lockwood, state director for the  
 National Emergency Council:  
 In Latah county \$273,981 has been  
 authorized and \$262,762 disbursed.  
 In the state of Idaho loans in the  
 amount of \$13,584,627 have been  
 authorized and \$10,311,937 has been  
 actually disbursed.  
 Totals for the entire United States  
 (including territories and the District  
 of Columbia) show that R. F. C. has  
 authorized loans in the amount of  
 \$5,147,056,066 and disbursed \$3,948-  
 169,488 as of February 29, 1936.

**Many To "Take A Walk"**  
 Former Senator Fess of Ohio, in  
 defining what a republican presidential  
 candidate must stand for, has virtu-  
 ally read Senator Borah out of the  
 party, hinting very plainly that the  
 Idahoan does not qualify as a re-  
 publican. He is right about it, for  
 if Fess, Hoover and the old guard  
 standpatters are republicans, Borah,  
 Norris, Nye and the progressives are  
 not—and vice versa.  
 Similarly it can be said that if  
 John W. Davis, Al Smith, Raskob  
 and the liberty leaguers are demo-  
 crats, President Roosevelt, Farley,  
 and the new dealers are not, for they  
 are as far apart as the poles. There  
 is much more in common between  
 Borah and Roosevelt than there is  
 between Fess and Borah. And con-  
 sequently whoever is nominated,  
 there will be many "walks" taken  
 from both conventions.  
 These "walks" will hasten the  
 grouping of the liberals in one party  
 and the conservatives in the other  
 and the party labels really represent  
 different political and social philoso-  
 phies instead of coalitions and diver-  
 gent fractions held intact for political  
 spoils and privilege. All of which is  
 a consumation devoutly to be wished  
 for the people will know what they  
 are voting for besides labels.—Salem  
 Capital Journal.  
**Hunts Coyotes In Truck**  
 With his motorized "dog-house,"  
 Charles Gross, trapper, is warring on  
 coyotes, says a Colorado Spring, Colo.,  
 news dispatch.  
 The "doghouse" is a truck which  
 will travel 50 to 55 miles an hour. It  
 contains three dog compartments;  
 each carries three dogs. One dog in  
 each group is a "killer," the others  
 are "tacklers."  
 Gross roams the fields. When he  
 jumps a coyote, he opens one com-  
 partment by releasing an automatic  
 gate. If he jumps two coyotes, he  
 releases two sets of pursuers. If there  
 are more all dogs are freed.  
 Gross said his speedometer showed  
 most coyotes can run 45 miles an  
 hour.  
 In the past two months Gross, who  
 lives at Karval, Colo., has killed well  
 over 100 coyotes. He received from  
 \$4 to \$5 for each pelt.

HAROLD THOMAS, Editor

## EDITORIAL

Well, Folks—Now that the big Spalding Centennial is over, perhaps we can get down to the very serious business of milking the cows and caring for the cream—a year-round source of cash at this creamery. It's so easy too, just bring in the can and take home the "dough."

By the way—Have you tried our butter as yet? If not, you're sure to like it. You'll like its fine grain and sweet flavor. Its price will be found very reasonable, too.

Oh, Yes—How about ice cream? A home product, made under the

most sanitary of conditions. You'll like it, too.  
Made right—kept clean. Try it.

Relief Agent: "They tell me you have a model husband."

Woman: "Yes, but he ain't a working model. He's just a blue-print."

A "great statesman" is anybody who happens to be on the job when you are prospering.

Many a girl who is all run down winds up in some fellow's arms.

## HAPPENINGS AT CAMERON

Those who helped Emma Hartung celebrate her birthday anniversary on Tuesday afternoon were Mrs. Fred Mielke, Mrs. F. W. Newman, Mrs. John Schwarz and Miss Helen Mielke. Callers in the evening were Mr. and Mrs. G. F. Cridlebaugh, Herbert, Ernest and Lawrence Schwarz.

Following the services on Mothers' Day a basket dinner was held at the hall and was served by the daughters and sons. The afternoon was spent in visiting.

Miss Helen Mielke of San Francisco arrived last Monday for a visit with relatives.

Mrs. Ida Stoneburner and Emma Hartung were Sunday dinner guests of Mr. and Mrs. John Schwarz.

Rev. T. Meske and Henry Brammer left Tuesday morning for Endicott, Wash., to attend the annual Lutheran conference.

Mr. and Mrs. Edwin Mielke and baby and Ted and Helen Mielke were Orofino visitors Wednesday.

Many folks from here attended the Centennial at Lewiston last week.

## Can You Afford To Use An INFERIOR ITEM In Canned Goods? Without a Doubt You CAN'T!

YOU MAY ANSWER: "MY POCKET BOOK WON'T STAND THE HIGHER GRADE ITEM!"

BUT HERE'S THE CATCH — THE BEST COSTS NO MORE FOR IT GOES FURTHER PER CAN!

LET US CONSIDER PEACHES — IN THE LIBBY BRAND — A THICK, REAL SUGAR SYRUP OVER FINE BIG HALF PEACHES — JUST COMPARE IT WITH A CHEAPER BRAND — WEAKER SYRUP — SMALLER HALVES — NO REAL FRUIT FLAVOR — JUST STOP AND THINK WHICH ONE WENT THE FURTHERST — WHICH ONE COST THE MOST PER SATISFIED DINER. DID THE CAN COST MORE PER PERSON SERVING? — NO!!

OTHER ITEMS IN THE LIBBY AND HEINZ LINES WILL BE FOUND TO GIVE THE SAME SATISFACTION.

TRY THEM YOURSELF!
