

KENDRICK GAZETTE

VOLUME XXXV

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, MAY, 29, 1936

NO. 22

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Washington.—A house investigating committee heard Dr. F. E. Townsend testify that J. P. Morgan, Henry Ford and John D. Rockefeller as well as the Mellons, the DuPonts and William Randolph Hearst would be eligible for his proposed \$200 monthly pensions. The elderly leader of the Townsend old age pension movement reminded the committee, however, that all recipients of the pension must agree to spend it within 30 days, an important condition in his plan. "Do you mean the rich as well as the poor will receive the pension?" asked Representative Hoffman (R-Mich). "Certainly," answered Townsend. "Everybody 60 or over would receive the pension. The plan provides work for youth by taking the aged out of employment and leisure for the old folks."

Washington.—Postmaster General Farley predicted that "payment on a great majority" of the bonus "baby bonds" will be made within one week of June 15, the first date of payment. Farley announced final plans for delivering the bonds to veterans, and arrangements for veterans to cash in their bonds if they choose. The bonds will be mailed out to the 45,000 postoffices June 15 from Washington and from the 11 federal reserve centers at Boston, New York, Philadelphia, Cleveland, Atlanta, Chicago, St. Louis, Minneapolis, Kansas City, Dallas and San Francisco. Mail carriers have been given instructions to "go out of their way wherever necessary with a view to effecting delivery," Farley said. The bond packets must be delivered to the veteran in person, and not to another person or firm at the veteran's address. "If it is impossible to locate the veteran to whom the bonds are addressed," Farley continued, "they will be held for 30 days at the postoffice of destination before being returned to the respective federal reserve centers and thence to the treasury department."

Washington.—The senate finance committee has agreed on the fundamental framework of a drastic revision of the house tax bill, and then set out to fill in structural details speedily in an attempt to gain congressional adjournment in a fortnight. A new treasury estimate placed the yield of the "compromise" measure at \$560,000,000 of permanent revenue. The committee was considering very seriously the imposition of a half-cent-a-pound excise tax on sugar, intended to bring in \$66,000,000 and lift the total beyond the \$620,000,000 asked by the president to finance the farm program and cost of prepayment of the bonus. A subcommittee was named to study the sugar tax question, but Chairman Harrison (D., Miss.), indicated that for the sake of speed he was willing to report the bill out without the levy. If the committee accepted it, he said, it could be inserted on the floor. There was every indication that the measure would be ready for consideration on the senate floor by late next week. Senate leaders, bending every effort to finish legislating by June 6, arranged to move another key bill—the deficiency-relief appropriation—onto the floor ahead of taxes. Majority chiefs predicted it could be passed by next Thursday or Friday.

Rome.—Italy's armies now in training "will be invincible," Premier Mussolini told a cheering crowd in Venezia square Sunday on the 21st anniversary of the nation's entrance into the World war. Speaking at the conclusion of an imposing military parade which included a battalion of Arab youths from Tripoli, Il Duce asked: "Have we marched straight ahead up to this time?" The crowd shouted, "Yes!" The phrase "marching straight ahead" was a repetition of the one Mussolini used in a speech before the Ethiopian war began which was one of the first public indications that war was inevitable. Recalled to the balcony of the Venezia palace later by enthusiastic cheering, Il Duce told the crowd: "The spectacle of the force of youth exhibited this morning on the anniversary of our intervention in the World war, the first phase of the fascist revolution, has been magnified and is a warning at the same time. We are preparing the young armies of tomorrow for defense of the empire. Since they are animated by the fascist spirit they will be invincible. This is the law of the revolution. This is the supreme will of the whole Italian people."

Aberdeen, Wash.—Self-styled "left-wingers" stampeded the Washington state democratic convention at Aber-

New Spring Turned In

The new big Stanton spring has been connected up with the city water works and the water is now flowing into the reservoir at the rate of better than 25 gallons per minute, in addition to the other five springs that have been in use all these years. There will be little danger of running out of water in the future. What we need now is another 150,000 or 200,000-gallon reservoir. Work started this week on the laying of some three blocks of six-inch water main in the west part of town. When this work is completed, Kendrick will have a water and sewer system second to none in this section of the country.

IDAHO LIQUOR BOARD MAKING STATE SURVEY

The Idaho liquor control commission is making a state-wide survey to learn the effects of intoxicating liquor on the younger generation, particularly since the repeal of the Idaho prohibition amendment in the general election of 1934, followed by the passage of an act March 18, 1935, permitting the sale of intoxicants under state supervision at stores and dispensaries. The board has received many conflicting statements on arrests for drunkenness. M. B. Yeaman, member of the board, wrote Probate Judge J. L. Phillips of Lewiston, and to determine the situation the board requests that county officers join in the investigation.

The letter from Yeaman follows: "We are desirous of making a complete study of conditions as they prevail throughout Idaho since the repeal of the prohibition constitutional amendment, and we are asking that you assist us. "We should like to have information regarding the number of arrests because of intoxicating liquor which were made in your county since repeal, with a comparison of arrests made before repeal. We are particularly concerned in securing information as to what effect repeal of prohibition has had on the younger generation, and we should like to know as far as possible what the habits of the younger people are in the matter of the use of liquor and whether that use is on the increase or decrease."

Mrs. John Imthurn Dies

Wednesday morning's Lewiston Tribune carried an article announcing the death of Mrs. John Imthurn at her home in north Lewiston, death being due to a sunbath taken in her yard at her home, combined with a possible heart attack. Mr. and Mrs. Imthurn had resided in north Lewiston since 1928. Several years ago they resided up the Middle Potlatch creek, about a mile and a half, and are well known throughout this section.

Funeral services were held from the Vassar-Shaughnessy-Rawls chapel on Wednesday morning at 10 o'clock, after which the body was sent to Spokane for cremation.

Celebrate Birthday Anniversary

A few of Mrs. Wm. Freytag's friends gathered at her home Wednesday to help her celebrate her 64th birthday anniversary. Those present were Mrs. Thos. McDowell, Mrs. James Emmett, Mrs. J. F. Brown, Mrs. Jennie Plummer, Mrs. Bessie Brown, Mrs. Stella Plummer, Mrs. Theresa Schultz.

A delicious lunch was served by the hostess, Mrs. Freytag.

37 Elk Smothered By Slide

Retreating winter disclosed one of its tragedies in the mountains near Etna, Wyo.—the death of 37 elk in a snowslide. Boy Scout Executive D. L. Roberts discovered the carcasses in a deep ravine. The bodies had remained hidden beneath the snowbank until recent warm weather melted their frozen tomb.

Attends Bankers' Convention

H. B. Thompson and Mrs. Thompson, accompanied by their son, John Brewster, motored to Orofino Saturday afternoon, where Mr. Thompson attended a meeting of the Clearwater group of the Idaho State Bankers' association, with a banquet in the Helgeson hotel in the evening. There were 28 in all present at the meeting.

Be F. F. A. Meeting

There will be a meeting of the Future Farmers of America in the Ag. room of the school building on Saturday evening, June 6, at 6:30. All members are requested to be present. Mr. Grover will be there.

SOIL DEPLETING BASE SETS SOIL PLAN PAYMENTS

The "Soil-depleting crop base" will determine, in general, the payments cooperating farmers will receive in the 1936 Agricultural Conservation program, County Agent G. T. McAlexander says.

The soil-depleting crop base will be established for each farm by the County Agricultural Conservation committee from information furnished on the work sheets which each cooperating farmer fills out for his farm. This base will be the total acreage the farmer had in soil-depleting crops in 1935, with adjustments which may be necessary to allow for unusual conditions and to establish a fair relationship between farms within the community.

There are three types of adjustments which may be made of the figures furnished by the farmer. First is the adjustment for acreage taken out of crop production under the AAA program and put into soil-conserving crops. Farmers will receive credit for such acreage in their soil-depleting base. Second, adjustments will be made if plantings or harvestings were affected by severe weather conditions, such as drought, rust or insect infestation. In 1935, Third, the figures a farmer turns in on his work sheet may be adjusted if his base otherwise would be abnormally high or abnormally low. This will be done in order to make his base come into line with those of similar farms in the community. Soil depleting bases will be established for flax.

Copies of "The 1936 Agricultural Conservation Program in Brief," a leaflet on the new agricultural conservation program, have been received by County Agent McAlexander, and may be obtained by farmers upon request.

This leaflet explains briefly the procedure that will be followed by most farmers in the Western region who cooperate in the new program. It lists the specific steps the farmer takes, describes the two kinds of payments (the soil-conserving and the soil-depleting), lists the crops which are classified as soil-depleting or soil-conserving, and explains how the soil-depleting base is established. The leaflet also explains the limits on both types of payments, the minimum acreage requirements which farmers need in order to qualify for full payments on the acreage they divert from soil-depleting to soil-conserving crops, and the scale of deductions which are made if plantings are above or below certain points.

One part of the leaflet explains how a farmer can estimate approximately how much his payments will be if he cooperates in the program.

Personal Mention

Wade Keene drove to Spokane over the week-end on business.

Mrs. Wayne and Lorin Bartlett were Troy visitors Friday.

W. A. Perryman went to Spokane Saturday on a business trip.

Frank Curtis was a Spokane visitor the latter part of last week, on business.

Ben S. Nelson of Lewiston was a Kendrick visitor on Thursday of last week.

Mrs. Ethel Emery left Tuesday for Asotin, where she will spend several days visiting friends.

Jenne Ramey was home from Lewiston Normal for the week-end, having as her guest Miss Jennie Pierce.

Dr. and Mrs. G. W. McKeever and Paula and Chloe were Lewiston visitors Saturday afternoon and evening.

Howard Dammarell of Lewiston was in town Sunday visiting his brother, Edgar Dammarell and family and friends. Mr. and Mrs. Frank Nesbit and their son, James Nesbit and family of Moscow, motored to Spokane Sunday to take in the Sportsmen's show. Mr. and Mrs. John B. Davis left Thursday of last week for Concrete, Wash., where they went to witness the graduation of their son, Wayland, from the Concrete High school.

Mrs. Carl Kinzer of Miami, Fla., arrived Tuesday for an extended visit with her mother, Mrs. Dora Dougharty, and other relatives. She made the trip by stage, being on the road five days.

Tuesday Hottest Day in May

Old Sol seemed to be about the busiest person in the Inland Empire on Tuesday when the mercury shot past the 100 mark in several cities.

Pasco, Wash., seemed to be about the hottest place recorded—the mercury standing at 105; Pendleton, Oregon, and Lewiston coming next with 103 each; Walla Walla was 99 and Kendrick registered 96.

AAA SIGN-UP PROGRESSING MEETING HERE TUESDAY

Actual signing up of the "work sheets" for the new soil conservation program began in Latah county on Tuesday, County Agent G. T. McAlexander announced.

The signing of these work sheets does not obligate the operator to comply but it is necessary to have signed work sheets before they are eligible to claim payments for compliance, the agent explained. These scheduled meetings, to be attended by County Agent McAlexander, are the official sign-up sessions and all farmers should attend, he said. "All farm operators are urged to sign work sheets on all of their farming operations," he said. "With the present provisions of the program, nearly everyone has an opportunity to comply either in full or in part."

A meeting will be held in Kendrick at the City Hall on June 2, from 9 a. m. to 4:30 p. m. and all interested farmers are asked to please be on hand at this time and date.

Three Suffer Accidents

Roy Christensen of Southwick, while working at the Taber sawmill, had the misfortune to run a sliver about an inch long in his right thigh, which it was necessary to have surgical aid to remove. He was walking between two piles of lumber when the accident occurred.

Fred Silflow of Cameron suffered a very painful injury Tuesday evening while driving a wedge. Quite a sliver of the piece of steel broke off and penetrated his right bicep, making a very painful wound.

C. Johnson, of Juliaetta, while chopping wood at his home Monday, let the axe slip and cut a gash about an inch long in his right foot, severing an artery.

Entertain Husbands

The ladies of the Afternoon bridge club entertained their husbands at a birdie-dinner Monday evening of this week, with Mrs. F. H. Rider, Mrs. Geo. Leith, Mrs. Wade T. Keene and Mrs. W. L. McCreary as hostesses for the evening.

The evening started with a 6:30 picnic dinner in the park, following which adjournment was taken to the Geo. Leith home, where six tables of bridge were in play. Mr. and Mrs. F. H. Rider won high score for the evening and Mr. and Mrs. Wade T. Keene received low.

This was the last meeting of the club until fall.

Changes in Location

The Compton place, just west of town, having been sold last week, Mr. and Mrs. R. L. Blewett will move to the place just east of the Bear Creek bridge, on the right-hand side of the road. Mr. Blewett having purchased the property from Dr. D. A. Christensen.

Mr. and Mrs. Arthur Dawald have moved from the Kendrick hotel apartment to the lower apartment in the Frank W. Ellis house, on the schoolhouse hill.

Vacation Church School

The school opened with an enrollment of 59. There were 21 children of pre-school age.

After the normal amount of confusion in getting equipment and in getting organized the school has moved along exceptionally well. Even the teachers report having enjoyed the work.

It is expected that a report of progress will be made next week.

Bought Van Wert Farm

George Cavin, who formerly resided on Texas ridge, has purchased the Van Wert place, some 1½ miles east of town, and has taken possession and will make it his home. Dr. Van Wert and son Fred have gone to Grangeville, where they expect to make their home.

California Coming O. K.

In renewing his subscription to the Gazette for another year, A. W. Hartung, residing at Richmond, in the Golden state, says "That everything is on the up-grade now in California. Everything seems to be improving and building has gained quite a lot recently." He also says, "Idaho is hard to beat!"

Be Closed Decoration Day

Your attention is called to the fact that both the local banks, the post-office and the Kendrick Gazette Office, and perhaps others, will be closed all day on Saturday, May 30, it being Memorial Day.

Stamps Be Issued July 14

The Oregon territory three-cent stamp, issued in honor of the Spalding and Whitman centennial celebrations, will be released at Lewiston and in Walla Walla on July 14, it was announced by the postoffice department. The stamps will be released at these two cities prior to their general circulation throughout the country.

Authorization of the stamp by Postmaster General Farley culminated weeks of effort on the part of E. M. Brower, chairman, and members of the Idaho Spalding Centennial association.

IDAHO STATE HIGHWAY WORK GOING FORWARD

E. A. Johnston, district engineer, with headquarters in Lewiston, returned the latter part of last week from Boise, where in conference with J. H. Stemmer, director of state highways, he was informed that this section of the state would share in the \$2,500,000 to be spent in Idaho during the coming few months.

According to the Boise announcement by Mr. Stemmer, the vast fund will be expended for construction, traffic survey and beautification. The state is to provide \$1,020,000 and the remainder comes from the federal government. The traffic survey will entail the expenditure of \$38,000; beautification \$26,000; about 131 miles will be surfaced and oiled; 36 miles will be surfaced; 10 miles will be graded; five miles will be paved with concrete and 49 miles will be surfaced and graded.

Listed among projects in the Lewiston district which may be allotted assistance under the program announced are:

The resurvey of the highway between Spalding and Culdesac. Completion of the road between Thorn Creek and Moscow, about four miles.

Oiling and ditching between Orofino and Lenore, about 15 miles. Completion of the Weippe-Pierce road.

The road down Wauncher gulch from Potlatch ridge toward Kendrick. Five miles of grading and surfacing Deary north toward Harvard.

Connecting the overhead construction east of Cornwall with construction out of Moscow, about three miles. Resurfacing and reoiling on the North and South highway at the top of the Lewiston hill from the Washington line north 44.5 miles toward Genesee.

In the above it will be noted that the building of the grade up Wauncher gulch was mentioned as one of the projects and it will also be noted that machinery has been put on the ground for the building of some three miles of highway from Arrow toward Juliaetta and Kendrick. There is also mentioned five miles of grading and surfacing between Deary and Harvard, which it is hoped will eventually be linked onto the upper end of the Bear Ridge highway, thus giving those who so desire an opportunity to travel north within the state of Idaho without going into the state of Washington.

Streamlined Rexall Train

The drug store of tomorrow appears complete, including a soda fountain in operation and a window display, aboard the million-dollar convention train leased by the United Drug Co. for a 29,000 mile tour of the country.

Occupying all of one of the four exhibit cars, this first drug store on wheels is modern even to the extent of air conditioning and indirect lighting. The prescription room is of the latest open type that permits the customer to see his prescription being filled.

Store arrangement, display, general operation and even accounting for the modern drug store are demonstrated on board by a member of the survey department of the company.

These exhibits are primarily part of the conventions being held aboard the modern caravan of business in 109 cities in the United States and southern Canada for the owners and employees of 10,000 Rexall drug stores. Cards admittng to the exhibits may be obtained by the general public at any Rexall drug store.

This drug-store train will be in Spokane on Wednesday, June 3. Tickets for its inspection may be obtained from the Red Cross Pharmacy, Kendrick.

The Red Cross Pharmacy ad. this week carries more information about the train. Try trading in Kendrick. It's a good town and prices are right.

WHEAT MARKETS SLOW—FOREIGN MARKETS QUIET

Grain markets were unsettled during the week ended May 22, reflecting uncertainty as to the new crop outlook, variable local inquiry and weakness in foreign markets, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Wheat, led by the firmness in spring wheat markets, displayed a firmer tone, as strong dry winds in parts of the spring wheat area dissipated topsoil moisture, late planting season, poorly prepared seed beds, the general inadequate sub-soil moisture, and the low quality of seed wheat, caused considerable apprehension as to the new crop outturn. Foreign markets were lower, reflecting slackened demand for cash wheat and influenced by favorable seeding conditions for new southern hemisphere crops. Oats weakened and prices tended downward with a light demand for current offerings and favorable prospects for the new crop. Barley markets were somewhat weaker although malting types held about steady, influenced by a scarcity of supplies.

The domestic winter wheat crop made favorable progress in the principal producing areas. Conditions in the Ohio valley improved but more rain is needed. In the hard red winter wheat belt, crops benefited materially from widespread rains although in parts of Oklahoma and Texas conditions remained poor. The Kansas crop is headed in southeastern and south central sections with heads beginning to show in northeastern districts and eastward to the lower Ohio river valley. Spring wheat conditions are still satisfactory in the principal part of the spring wheat area and in the Pacific Northwest, but strong drying winds in some sections during the past week threatened crop damage. The crop was mostly up to a good stand with good color and early growth and while moisture supplies are adequate for current crop development, additional rains would be helpful in many areas.

Canadian seeding is nearing completion with early reports indicating strong even germination. About one-third of the Saskatchewan crop is showing green. British, German and other northwestern European countries are making favorable progress, following recent more reasonable weather.

Spring wheat reflected the uncertainty as to new crop outturns while an improved flour inquiry resulted in a more active demand from mills for bright colored good milling wheat. Arrivals at Minneapolis for the week totaled 544 cars with 238 cars arriving at Duluth. Inspections at Duluth showed 42 cars of winter wheat and 121 cars of durum.

Demand at Portland was very dull with trading and movement light, but prices held firm in sympathy with middlewestern markets. Receipts at Puget Sound and Columbia river terminals declined to the lowest figure in recent months, totaling only 193 cars against 413 cars for the same week last year. Soft white and western white were quoted at 8½¢, hard winter, northern spring and western red at 80¢ per bushel, all basis No. 1, sacked. At Seattle, western white was quoted at 80¢, western red and hard winter at 79¢, hard white (baart) at \$1.08 and dark northern spring from Montana at \$1.26 per bushel.

California markets were somewhat irregular. Weakness at San Francisco reflected the continued favorable progress of the local crop and increased selling pressure on old crop supplies with the slow demand from both milling and feeding trades limited to immediate requirements.

Pacific Northwestern barley markets held steady with some improvement in inquiry for the moderate offerings, together with strength in wheat millfeeds. Prices held within a narrow range and at the close of the week were unchanged from a week ago, with No. 2 bright western barley quoted at Portland at \$1.17½ per 100 pounds, sacked basis; and California feeding barley at about \$1.12 per 100 pounds.

Oats markets were unsettled with prices tending downward influenced by the light inquiry for current offerings. Pacific Northwestern markets were dull with inquiry from outside points negligible and local demand confined to occasional cars of white oats for mixed feed manufacture. At the close of the market May 21, No. 2 white oats were quoted at Portland at \$1.12½ per 100 pounds, sacked basis.

Potatoes Are Very Scarce

A Seattle news dispatch dated May 26, said there was a potato shortage there and that the market was likely to go over \$5.00 per 100 and that both old and new potatoes had reached the highest price in 10 years. The shortage was attributed to the early freeze last fall, when many growers lost their entire crop.

FIX RIDGE

Rev. and Mrs. Otto Ehlen and daughters of Douglas, Wn., visited at the home of Mrs. K. Dennler last week. Emma returned home with them for a visit.

A successful term of school was closed last Friday with a picnic in the canyon. Miss Dahl returned to

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

dean, Sunday, seized control and put through their own program after riding rough-shod over "organization" delegates in a wild all-night session. The convention was in such an uproar and the embattled democrats were so rattled that they forgot to specifically instruct their delegates to vote for President Franklin D. Roosevelt at the national convention next month. The preamble to its platform, however, dedicated the efforts of the Washington democrats to the reelection of President Roosevelt. Only a ruling by the chairman prevented the convention from adjournment sine die without even electing delegates or presidential electors. The convention was in session, with short recesses for meals, for 20 hours in the most protracted state party meeting since 1920. Three presiding officers in succession were exhausted by the frenzied delegates. The "permanent" chairman was so worn out by his duties as keynoter and temporary chairman that he was unable to speak above a whisper and therefore had to turn his post over to substitutes. As soon as his chairmanship was made permanent by vote of the militant left-wingers, he went to bed. Four roll-callers lost their voices, four gavels were broken and a sergeant-at-arms was sent out to cut a limb from a tree for a club big enough to enable the chairman to make himself heard.

her home in Deary Saturday.

Rex and Thelma Taber had perfect attendance records at the Juliaetta High school this year.

Mr. and Mrs. S. S. Taber were business visitors in Moscow and Lewiston Wednesday of last week.

Mr. and Mrs. Robert Hall and Mr. and Mrs. Paul Hall were Lewiston visitors Saturday.

Mr. and Mrs. Carl Cox and daughters of Bear ridge visited Sunday at the Caus Clark home.

Mr. and Mrs. Ralph Richardson and daughters went to Kendrick Saturday.

Visitors at the Ira Fix home Sunday were Mr. and Mrs. Frank Fix and daughter of Lewiston and Mr. and Mrs. Alvin Nye and children of Juliaetta.

George Dennler and son Ernest went to Kendrick Monday.

Mrs. Adolph Dennler and sister Stella Weaver are visiting for a few days at their home in Cedar Creek.

Boyd Knight visited Tuesday with Jack and Clinton Clark.

Mr. and Mrs. S. S. Taber went to Moscow and Kendrick Tuesday.

FAIRVIEW ITEMS

Mr. and Mrs. Walter Cochran spent the evening Friday with their daughters and families, Mr. and Mrs. Fred Glenn and Mr. and Mrs. Paul Hall.

Orval Walker was ill with flu and tonsillitis the latter part of last week.

J. M. Woodward was transacting business in Lewiston Saturday.

Mr. and Mrs. John Glenn and son Harold and Lester Slead visited Sunday at Sweetwater with Mrs. Glenn's brother, R. B. Woody.

Mr. and Mrs. Fred Glenn and daughter spent Sunday in Juliaetta.

Mr. and Mrs. Ralph Smith called at the J. M. Woodward home Saturday.

Nellie and Clifford Woodward of Moscow spent the week-end with their parents.

The Wm. Davies family called at the J. M. Woodward home Sunday.

Mr. and Mrs. Oney Walker and sons were dinner guests Sunday at the Virgil Fleshman home.

The Harold Parks family were fishing on Boulder creek Sunday, but report very poor luck as fishermen.

Melvin Fleshman called at the Oney Walker home Tuesday evening.

C. E. Wegner was a dinner guest Tuesday at the Oney Walker home.

Orval Walker was a Lewiston visitor Monday.

Mr. and Mrs. T. J. Fleshman returned to Lewiston Wednesday after several weeks visit with relatives.

Wayne Kuykendall was transacting business in Kendrick Monday.

CHURCH NOTICES

Kendrick Community Church
T. Earl Poindexter, Pastor

Kendrick:
Sunday School at 9:30.
Morning worship at 10:30.
Evening worship at 7:30.

American Ridge:
Sunday school at 10:30.
Morning worship at 11:30.
Plans are being made for a vacation in our plans for the next few Sundays we observe "Pentecost Sunday" this week and then continue a perusal of the Acts of the Apostles.

In the evening the study is "Revelation."

Why not come to worship before you begin your Sunday excursion. You may have a better day than though you took the entire day for pleasure.

Full Gospel Mission
Sunday school at 10:00 a. m.
Preaching at 11:00 a. m.
Young People's at 6:45.
Church Service at 7:45.
All are cordially invited.
Prayer meeting Wednesday evenings at 7:30.

United Brethren Churches
Geo. F. Calvert, Pastor

Juliaetta:
Sunday school at 10:00 a. m.
Preaching at 11 a. m. and 8 p. m. every first and third Sundays.
U. B. C. E. at 7 p. m. every Sunday.
Prayer meeting Wednesday at 7.

Gold Hill:
Sunday school at 10:30 a. m.
Preaching at 11:30 a. m. and 8 p. m. every second and fourth Sundays.
U. B. C. E. at 7 p. m. every Sunday.

The Lutheran Church
T. A. Meske, Pastor.

Cameron, Emanuel:
Sunday school at 9:30.
English service at 10:30. Theme: "Concerning The Testimony of The Holy Spirit."

Community M. E. Church—Juliaetta
Frederick O. Sapp, Pastor
Church School at 10:00 a. m.
Young People's at 7:00 p. m.
Preaching Services at 8:00 p. m.
Preaching will be at Arrow at 11:00 a. m. on each 2nd and 4th Sunday—At Sweetwater each 1st and 3rd Sunday.

Frank L. Stephen Candidate

I desire to announce to the people of Idaho my candidacy for the office of Governor, subject to the Republican primaries.

If elected I pledge to the people of Idaho the best type of government of which I may be capable. I believe in simplicity in government insofar as it is humanly possible and I believe also in such economy as is not inconsistent with sound administration of state affairs and a square deal for all.

One of the most serious problems facing the American people today is the rapidly mounting cost of government. Here in Idaho we have not lagged behind in seeking new sources of revenue, but each new tax has simply resulted in an increase in the cost of government and added to the tax burden of the people.

I am opposed to the idea of seeking ever fresh sources upon which to levy new taxes unless a corresponding reduction can be effected in existing taxes. I believe that Idaho's tax burden can be lightened by means of a reduction in the expenses of state government and this without in any manner subtracting from the plain duty of the state towards every element of Idaho's population.

I believe in honesty in government and the sanctity of the spoken word and I pledge a rigid adherence to every promise to the electorate when spoken or implied. I regard the office as a trust to be administered in the interests of Idaho and Idaho people without reference to party lines or party affiliations and I shall use my best endeavors to that end. 22-1x

"Steamboat Round The Bend"

There has never been a picture like Will Rogers' "Steamboat Round the Bend." Bill sinks his life's savings into an old Mississippi river steamboat, "The Claremore Queen," which he enters in a race against "The Pride of Paducah," captained by his life-long friend, Irvin S. Cobb. The race is hot, fast and furious.

With the making of this stirring picture of the old Mississippi, Will Rogers entered into a new phase of his glorious screen career, to win new popularity for him and to break more records in the show world. Always he has made you laugh—sometimes sob, but never have you seen him in a role so rich in human emotion—in a picture so sweeping in its power. Soon there will be no more Rogers pictures to make you laugh—or cry—so do not miss this one more chance to do both, if you feel that way. This picture is to be shown one extra night—Thursday, Friday and Saturday nights of this week.

There will also be another installment of the serial, "Tailsnip Tommy," and other interesting features.

Boost for Kendrick—Your town and mine—and for good roads to it.

OLDEST EMPLOYEE CHRISTENS REXALL 29,000-MILE TRAIN

When the Million-Dollar Streamlined Convention Train of the United Drug Company was dedicated in Boston at the start of its 29,000-mile Tour, it was christened by Miss Edith Minard, one of the 14 original employees of the Company. L. K. Liggett, President and founder of the Company (right) is an interested spectator as Miss Minard breaks the traditional bottle of champagne on the driving rod of the 350-ton locomotive.

The train will visit 147 cities and meetings of Rexall druggists will be held aboard the "Convention on Wheels" in 109 cities on the eight-month tour.

WELL, FOLKS—Hot weather is surely here with a vengeance. So much the better for your income. The grass grows green and the cows produce—that's income when you bring the cream to us. And speaking of hot weather—let us do your churning. Try our butter. You'll like it. Like its natural sweet flavor and odor. It's so much easier than churning at home. And ice cream—We're just mighty sure you'll like ours, with its delicious true fruit flavors and it certainly tastes like more. Take home a quart or more—it's good

French Maid (screaming in the night): "Help! Help! Madame! Madame (awakening): "Be brave, Mimi, I'll call my husband and send him in there."
French Maid: "But, Madame, that's just it, he's in here now!"

Chorus Gal: "What are you doing for a living now?"
Ditto: "Oh, I'm dancing in a night club with abandon."
First Chorine: "Yeah? I'm dancing without one."

Mrs. Morrison: "You used to say I was all the world to you."
Morrison: "Yeah, but I've learned some geography since."

LELAND NEWS NOTES

School News
A large crowd packed the I. O. O. F. hall last Wednesday evening to witness the program given by the Primary and Intermediate children. The program was presented in two parts. Part One was a closing day program and consisted of drills, songs and recitations given by all the grades. Part Two was the Commencement exercises given by the eighth grade graduation class of six—consisting of Betty Hoffman, Ervin Draper, Laurence Craig, Harvey Thornton, Lena Belle Hoffman and Adell Hoffman. The stage was appropriately decorated in red and white (the class colors) and blue and white (the

school colors). The front of the stage was banked on either side of the steps with flowers and ferns.

The graduation class followed the custom adopted by many schools of wearing caps and gowns of scarlet, the regulation color for eighth grade graduation.

A most inspiring and appropriate address entitled, "Contemplate, Concentrate and Consecrate," was delivered by Rev. Roy Metcalf, speaker for the evening.

A scholarship award was presented to Vivian Draper, fifth grade, who had made the most progress during the year. The Citizenship award was presented to Harvey Thornton, eighth grade. Certificates for perfect attendance were won by Lorraine Metcalf, Betty Hoffman and Cecil Flesman. Certificates for faithful attendance were given to Billy and Wesley Arnold, Linda Parks and Dorothy Meyers. In presenting the certificates Jesse Hoffman paid tribute to the mothers who made it possible for the children to earn these awards.

The complete commencement program follows:

Professional Miss Eileen Smith
Graduates, Board of Education, Rev. Metcalf, Supt. Salisbury.
Invocation Rev. Roy Metcalf
Salutatory Ervin Draper
Song Mixed Group
Parting Charge to Seventh Grade.....

Laurence Craig
Parting Tribute To The Eighth Grade Ernestine Kuykendall
